Nico teleported and opened his safe and in it was a bunch of weapons called the Destroyers of Ark and ThinkNet, they're a collection of massive greatswords with the Zero-One Kamen Riders symbol etched on the 7'0 massive, wide, double-edged blades, large angel wings for the crossguards, large gems embedded in the rainguards, longer black handles, and large gems surrounded by angel wings for the pommels. Once in hand, they'll get a massive power and energy increase, and there's also blasters included with the swords as well.

Nico teleported back with them.

Beast Morpher Rangers: IT'S MORPHIN TIME! ACTIVATE BEAST POWER!

They transformed and were ready!

All: UNLEASH THE BEAST!

Megaforce Rangers: LEGENDARY RANGER MODE! BEAST MORPHERS!

They turned into the Beast Morpher Rangers too!

Nico: YEAH! Lets do it!

All: BEAST X BLASTERS!

They summoned the Beast X Blasters.

Nico: FIRE!

They fired waves of energy and elements and the blasts all hit Bacchus Gill and he exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Devon: VIRUS ELIMINATED!

Nico: Bacchus Gill you have failed this city!

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped and cheered wildly.

Aruto: That was so awesome!

Me: It sure was awesome and fun.

Nico: Yeah it is!

RD Lincoln: Now, let's go after Ark.

Eli: He's over at an abandoned computer factor on the eastern edge of the city.

Me: Just his style.

Brain: When should be a good time to put the virus in?

Me: I'll tell you guys when.

Nico: Get ready Ark, (EYES GLOW RED) The Virus Exterminators are coming for you!

We were off!

---

We were flying towards the factory and Man Boy came.

Maria: Thanks for coming, Man Boy.

Man Boy: No problem guys. It's gonna be awesome.

Qin: I hope Ark signed his will.

We arrived and then went into the factory and hid. Then Man Boy went up to ARK! And Zemerik and Ultron was with him!

Ark: So, you must be Man Boy.

Man Boy: Damn straight! Zemerik and Ultron really are working for you.

Zemerik: Do you really think a mere organic like you can defeat us alone?

Man Boy: Who says I'm alone? A shame there aren't 6 of you. But oh well.

Then the spirits of the binary code appeared out of nowhere and they swirled around them and blasted them all over the place and then converged and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above them and blasted Ultron and Zemerik with fireballs and smashed them all over and a Phoenix Cry was heard and we landed.

Nico: Ark, Ultron and Zemerik, so we meet at last.

Me: This time we're going to exterminate all of you.

Iron Man: Still trying to kill humanity, huh, Ultron?

Ultron: Oh, get off your high horse, Stark. You and your friends' so called war against evil is pretty much bringing humanity to extinction every day. We're just speeding up the process.

Iron Man: First of all, how do you plan on exterminating humanity quickly? Ark's satellite blew up today.

Ultron: ARK'S satellite. I have my own way.

Me: We'll see about that!

Nico: You will pay for all your crimes against Humagears and Humans alike!

Zemerik: Battle Force 5. I could say that it's good to see you again. But I'd be lying.

Vert: You just never learn, do you, Zemerik?

Zemerik: On the contrary, ever since I betrayed Krytus all those years ago, I've learned to trust my fellow machine over humans.

Me: Krytus is dead now. I made sure he would never respawn. Soon you will join him.

Qin: Yeah you monster!

Ark: Bechats! Kuros!

An army of Kuros and Bechats appeared.

Ultron: Let's get some more faces here, shall we?

An army of Ultron Sentries and Sark appeared as well.

Me: Kuros and Bechats! Nice! And Ultron Sentries and Sark! Nice!

We fired waves of energy and elements and blasted them all over the place.

Then the footsoldiers, sentries and Sark jumped the team.

The Zero One team lay defeated at the hands of the Kuros, Bechats, Ultron Sentries, and Sark.

Ark: You and your friends will be the first to fall, Aruto Hiden. Then, the rest of humanity is next.

Sena: (punches a Bechat) What do we do?!

Flora got an idea.

Flora: Everyone in the audience! Lend the Zero One team your strength! They get stronger with your support! When I give the signal, share your energy with the Zero One Team! Okay?

Ready… go!

Everyone in the audience began sharing their energy with the Zero One. And soon, Aruto found the strength to get up.

Aruto: Sorry, Ark. But you shouldn't count me out yet!

Aruto grabbed a Kuros and threw it at a Bechat, knocking both of them down.

Ark: WHAT!?

Ultron: IMPOSSIBLE!

Qin fired waves of fire and blasted all the Sark all over!

Aruto: Thanks for the help, everyone.

Isamu: Didn't expect everyone to be cheering us on.

Gai: I didn't expect anyone to be cheering for me at all.

Horobi: Same with me.

Izu: Considering that you two have redeemed yourselves, it was not completely unexpected.

Lisa: And now, we have a few robotic monsters to get rid of.

Flora: I've had it with you to last an eternity, Ark.

Suddenly, Flora's jade eyes turned neon jade, and she was surrounded by a pink and green energy aura with flowers, plants, leaves, animals, fairies, and phoenixes, she unholstered her massive Destroyer of The Trix sword from her back, and as she approached Ark, she left pink and green energy, flowers, plants, leaves, animals, fairies, and phoenixes with every step.

Flora: You really make me sick, Ark, you're an unfeeling cold monster who seeks only to destroy all of mankind and anyone else who's crossed your path and in the name of ThinkNet, well, that ends here and now, and you will pay for your crimes infinite-fold.

Suddenly, Flora was surrounded by a massive vortex of pink and green energy with flowers, plants, leaves, and animals around and surrounding the vortex, there's a fairy and phoenix flying around the vortex, and in the vortex is a pink phoenix. Then, as the vortex faded, Flora emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Flora grew from 6'0" to 6'5" in height, she has the body of a goddess, she has green highlights in the bangs of her long brown hair, she has neon jade eyes and a pink and green energy aura with flowers, plants, leaves, animals, fairies, and phoenixes surrounding her, she has a phoenix with the Nature Kanji in its claws emblazoned on her forehead, she has on fairy earrings with green gems for eyes and the Nature Kanji in its hands and her Crystal Necklace of The Buddha with pink gems on the gold leaf-shaped links and pink crystal links and green fairy-shaped Element of Harmony and below it is a phoenix holding the Nature Kanji in its claws for the pendant, she has on a sleeveless pink dress with green phoenix on it, pink skirt, pink high heels, and a long sleeveless pink trenchcoat with plants, leaves, animals, fairies, and phoenixes on the coattails and on the back is a fairy with animals surrounding it. Flora has on pink weighted bands with silver phoenixes on her biceps and thighs. Suddenly, Flora felt a sharp pain on her back, and then, massive brown angel wings with green tips, grew and sprouted out above her fairy wings. Flora has on a Ring of The Phoenix with green gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Flora's massive Destroyer of The Trix sword began merging with all of the swords she'd gotten in the treasure battles, and they were surrounded in a kaleidoscope of green energy, magic, phoenixes, fairies, plants, and leaves, and when it emerged, it was transformed into Linphea's Guardian Fairy Broadsword of Animal Kingdom Love, it's a brand-new large broadsword with the symbol of Linphea and the anti-Trix symbol etched on the 7'0" massive, wide, double-edged pinkish purple blade, large green fairy wings for the crossguard, large pink gem embedded in the rainguard, longer purple handle, and large pink gem with surrounding angel wings for the pommel, she has on her new Bracelets of the Champions of The Universe with large green gems on her wrists, Belt of Elemental Bravery with gold phoenix head with pinkish-purple gems for eyes and large green gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a green kanji below the phoenix and fairies that said, "Flora, Guardian Fairy of Linphea, Member of The Winx Club, Destroyer of The Trix and Valtor, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Defender of Alfea College and the Magix Dimension, Loving Girlfriend of Helia, Loving Sister of the Zero-One Kamen Riders, Friend to Many, and Master of Nature, Fairies, and Angels"

フローラ、リンフェアの守護妖精、ウィンクス クラブのメンバー、トリックスとヴァルトールの破壊者、悪のスレイヤー、混乱した、殺人的、無慈悲、サディスティックなろくでなし、アルフェア カレッジとマジックス ディメンションのディフェンダー、ヘリアの愛するガールフレンド、愛するシスターゼロワン仮面ライダーの仲間であり、万人の友であり、自然と妖精と天使のマスター

Flora has transformed into SUPER ANGEL INFINITY WINX FAIRY NATURE FAIRY ANGEL OF MAGICAL NATURE JUSTICE AND DIVINE WINX LOVE!

We were amazed by Flora's Super Angel Infinity transformation, and when Helia saw her, he had an atomic red blush on his face when he saw her, but when Ark saw it, the malevolent monster fell into a rage and fired an energy blast to kill her, but Flora dodged it, and she fired a powerful pink and green energy blast at Ark and it exploded with incredible power as it hit him, and it pissed him off even more.

Right: Full Speed Ahead!

Aruto: There's only one team who can stop you, Ark! And that's us!

Me: AND US!

Tsukasa: Damn straight!

Kamen Ride: Zero One!

Kamen Ride: Vulcan!

Kamen Ride: Thouser!

Kamen Ride: Horobi!

Megaforce Rangers: LEGENDARY RIDER MODE! ANDROID FORCE CRUSADE!

They turned into the Zero One Riders!

Me: YEAH! And now this! Ochaco now!

She held Ark in place and I teleported and put in the flashdrive into him.

Me: Ark you will never claim humanity!

The virus was fully uploaded!

Ark: WHAT HAVE YOU DONE TO ME!?

Me: Oh I wouldn't want to spoil the surprise!

I punched him in the face and I went Eternal Celestial Xelnaga!

We went at the footsoldiers, Ark, Zemerik and Ultron and smashed and pulverized them all over.

Gordon ran over several Kuros.

He smashed and rammed them down!

Gordon: You guys are roadkill!

I punched and smashed Ark all over!

Agura had the Tangler's wheels smash several Sark. Meanwhile, Vert and Zemerik were clashing swords.

Zemerik: Krytus and Kalus' biggest mistakes were ever allowing you and the rest of Battle Force 5 to live!

Vert: Well our biggest mistake was letting YOU live!

KROW!

He smashed his foot into his chest and smashed him into the ground!

Haru used his Home Trigger to fire at several Kuros!

He blasted numerous Kuros down and they exploded all over the place.

Qin: Take this!

She fired waves of fire and blasted the Ultron Sentries all over the place.

Captain America helped smash them all over.

Saya: Time to use a Progrise Key!

Agura: (snickers) And Stanford misses his butler.

Stanford: (groans) Can we discuss this later?!

Qin: Focus everyone!

Qin activated Captain Cold's Progrise Key!

CAPTAIN COLD'S FREEZING HONOR!

She fired waves of ice and froze the Kuros and shattered them into a million pieces!

Aruto: Let's start things off!

Progrise! Let's rise! Le-Le-Let's rise!

Me: **HERE WE GO!**

HE TURNED INTO METALCLUSTER HOPPER!

Eli: YEAH!

The Saber and the Chopper fused to form the Skyknife.

Vert: Unite…

Zoom:… and Strike!

Zemerick: (weakly) Impossible! I never imagined you all would get so powerful!

Zoom: Dude, we took you down years ago. You're history!

He was slashed and destroyed and he exploded!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was destroyed! Then his spirit came and Vert gave Zemerick the Black Gates!

Ultron: There are no strings on me.

Hawkeye: Sometimes, I think you got that from Pinocchio.

Nico: And now I'm going to blast you into dust.

Nico fired waves of energy and blasted Ultron and his sentries all over.

Qin: Take that!

Ultron: Do you see? The beauty of it? The inevitability? You rise, only to fall. You, Team Loud Phoenix Storm, are my meteor. My swift and terrible sword and the Earth will crack with the weight of your failure. Purge me from your computers, turn my own flesh against me, it means nothing. When the dust settles, the only thing living in the world… will be metal.

Nico: You're wrong! Metal and flesh can co exist! You're too blinded by your hatred of humans to realize that!

Iron Man: And that is why you will be destroyed!

Nico fired a wave of energy and obliterated him in an instant and banished him to the Black Gates. Erasing all traces of his existence in computers everywhere.

We regrouped!

Aruto: Now, watch this!

Aruto quickly moves toward Ark and deflects his attack with an upward kick. He then delivers a horizontal flying kick and lands behind Ark before performing another upward kick, launching Ark into the air. Aruto follows them and performs a series of aerial high-speed punches and kicks. As Ark falls back to the ground, Aruto performs a final flying kick that produces red and green energy upon impact. The energy is then channeled into Aruto's foot before he breaks through Ark, causing the number "02" to appear before Ark is consumed by a large red and green explosion.

Isamu: I'm next! Rampage Power Blast!

The emblems of the Punching Kong, Breaking Mammoth, and Biting Shark Progrisekeys combine with Isamu's body. Isamu forms the Punching Kong Rider Model's fist around his arm and uses it to smash Ark's projectile. The Breaking Mammoth Rider Model's leg then forms around Isamu's own leg, which he uses to crush Ark. Finally, the Biting Shark Rider Model rushes toward Ark before Isamu emerges from it and grabs them between his legs, which are covered in blue energy, eventually causing Ark to be blasted backward.

We fired massive blasts of energy and elements and the blasts from the techniques, combos, final smashes and attacks all hit Ark and exploded with incredible power!

**EXTREMELY MASSIVE AND POWERFUL FIERY EXPLOSION!**

When the smoke cleared, Ark was down but not beaten.

Me: **It's over Ark!**

Qin: You're finished!

Ark: Humanity will be destroyed if it's the last thing I do!

Ark grew giant as the destroyed remains of the Sark and Ultron Sentries merged with him.

We were shocked!

Me: **OH MAN!**

I looked at the timer for the Virus to take effect.

Me: **4 minutes 12 seconds.**

Nico: Time to summon the zords!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ark was down and defeated!

Qin: TAKE THAT!

Lisa: Here you go. One reprogrammed Zug. I found him sleeping on the sidewalk.

Me: **Awesome!**

Nico: Good job Lisa.

We went over to Ark who was blown in half and ripped apart.

Me: **3… 2… 1… 0.**

Then he started sparking and shorting out all over.

Ark: (SPARKING AND SHORTING OUT) NO! WHAT DID!?

Me: **I put a virus of our own creation in you. It's programmed to destroy you Ark!**

He was shorting out all over and then we felt a huge rumble.

Qin: What's that!?

Ark: (Shorting out) If I go down, I'm taking you all with me!

Me: **Uh oh!**

Eli: (Senses something) EVERYONE TAKE COVER!

We went and ducked for cover in a pit and then the Ark Satellite in Paradise City exploded with incredible power!

**EXTREMELY MASSIVE AND UNBELIEVABLE EXPLOSION OF INTENSELY IMMENSE POWER!**

THE EXPLOSION WAS SO POWERFUL, SO INCREDIBLE AND SO DEVASTATING THAT IT SHOOK THE ENTIRE FOUNDATION OF THE COUNTRY AND THE WORLD TO THE CORE! IT WAS AS POWERFUL AS 5000 NUCLEAR BLASTS! When the smoke cleared all that was left of Ark was nothing but a massive and smoldering crater that filled up with water!

Me: **WHOA! That was massive!**

Nico: YEAH! That was intense!

Laney: Unbelievable!

Qin: Wow!

Good thing I had Japan protected in a force field when we took cover.

Aruto: Alright, we're finally rid of Ark and ThinkNet for good.

Nico: But, not quite yet, Aruto. We still have the matter of a vengeful 300-year-old witch from the time of The Salem Witch Trials to deal with, and she should be arriving… right now!

?: I shall have my revenge on thy foolish mortals who imprisoned me centuries ago!

Suddenly, the eight large planets and stars orbiting around my legs,

Me: I knew there was no mistaking that voice from anywhere. You can come out now, Sarah Ravencroft.

A figure came out, and it was none other than Sarah Ravencroft, the witch who unleashed terror on the village of Salem three centuries ago, but was imprisoned in her own spellbook by my ancestors, and now, restored to flesh and blood.

Me: Sarah Ravencroft, hated old enemy of my ancestors. I should've known that one day, you would return to get revenge.

Sarah Ravencroft: And now, I shall have my revenge on you for what your ancestors did to me, James Dean Knudson!

Sarah Ravencroft was about to fire a blast of dark magic at me, but she was attacked by the sudden arrival of The Sanderson Sisters and Ben Ravencroft. When Sarah Ravencroft saw The Sanderson Sisters here, along with Ben Ravencroft, she was even more infuriated even more.

Sarah Ravencroft: You!

Winnie Sanderson: It's been a few centuries since we last met, Sarah. But, it shall soon be your last.

Flora: My words exactly.

Suddenly, Flora's jade eyes turned neon jade, and she was surrounded by a pink and green energy aura with flowers, plants, leaves, animals, fairies, and phoenixes, she unholstered her massive massive Linphea's Guardian Fairy Broadsword of Animal Kingdom Love from her back, and as she approached Sarah Ravencroft, she left pink and green energy, flowers, plants, leaves, animals, fairies, and phoenixes with every step.

Flora: I will never forgive you for the crimes that you've committed three centuries ago, Sarah Ravencroft. You deserved your imprisonment inside your own spellbook by J.D.'s ancestors, but now, there's a special kind of punishment that's perfect for a witch like you, to mark your first and last day in this world.

Suddenly, Flora was surrounded by a massive vortex of pink and green energy with flowers, plants, leaves, and animals around and surrounding the vortex, there's a fairy and phoenix flying around the vortex, and in the vortex is a pink phoenix. Then, as the vortex faded, Flora emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Flora grew from 6'5" to 6'11" in height, she has the body of a goddess, she has green highlights in the bangs of her long brown hair, she has neon jade eyes and a pink and green energy aura with flowers, plants, leaves, animals, fairies, and phoenixes surrounding her, she has a phoenix with the Nature Kanji in its claws emblazoned on her forehead, she has on fairy earrings with green gems for eyes and holding the Nature and Eternity Kanji in its hands and her Crystal Necklace of The Buddha with pink gems on the gold leaf-shaped links and pink crystal links and green fairy-shaped Element of Harmony and below it is a phoenix holding the Nature and Eternity Kanjis in its claws for the pendant, she has on a sleeveless pink dress with green phoenix on it, pink skirt, pink high heels, and a long sleeveless pink trenchcoat with plants, leaves, animals, fairies, and phoenixes on the coattails and on the back is a fairy with animals surrounding it. Flora has on pink weighted bands with silver phoenixes on her biceps and thighs. Suddenly, Flora felt a sharp pain on her back, and then, massive brown angel wings with green tips, grew and sprouted out above her fairy wings. Flora has on a Ring of The Phoenix with green gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Flora's massive Linphea's Guardian Fairy Broadsword of Animal Kingdom Love was surrounded in a kaleidoscope of green energy, magic, phoenixes, fairies, plants, and leaves, and when it emerged, it was transformed into Linphea's Guardian Fairy Greatsword of Animal Kingdom Love, it's a brand-new large greatsword with the symbol of Linphea and the anti-Trix symbol etched on the 7'0" massive, wide, double-edged pinkish purple blade, large green fairy wings for the crossguard, large pink gem embedded in the rainguard, longer purple handle, and large pink gem with surrounding angel wings for the pommel, she has on her new Bracelets of the Champions of The Universe with large green gems on her wrists, Belt of Elemental Bravery with gold phoenix head with pinkish-purple gems for eyes and large green gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a green kanji below the phoenix and fairies that said, "Flora, Guardian Fairy of Linphea, Member of The Winx Club, Destroyer of The Trix and Valtor, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Defender of Alfea College and the Magix Dimension, Loving Girlfriend of Helia, Loving Sister of the Zero-One Kamen Riders, Friend to Many, and Master of Nature, Fairies, and Angels"

フローラ、リンフェアの守護妖精、ウィンクス クラブのメンバー、トリックスとヴァルトールの破壊者、悪のスレイヤー、混乱した、殺人的、無慈悲、サディスティックなろくでなし、アルフェア カレッジとマジックス ディメンションのディフェンダー、ヘリアの愛するガールフレンド、愛するシスターゼロワン仮面ライダーの仲間であり、万人の友であり、自然と妖精と天使のマスター

Flora has transformed into SUPER ANGEL ETERNITY INFINITY WINX FAIRY NATURE FAIRY ANGEL OF MAGICAL NATURE JUSTICE AND DIVINE WINX LOVE!

We were amazed by Flora's Super Angel Eternity Infinity transformation, and when Helia saw her, he had an atomic red blush on his face when he saw her, but when Sarah Ravencroft saw it, the witch fell into a black rage and summoned an army of demons to kill her, but they fell for a trap made by Lincoln as bright lights shined down and destroyed them, and Flora fired a powerful pink and green energy blast with leaves, plants, flowers, animals, fairies, and phoenixes, and it hits Sarah Ravencroft and sent her flying into a wall. She got out, but she's now enraged.

Nico: Wow, Flora's transformed, that's so awesome!

Me: And Sarah Ravencroft got hit by that energy blast fired by Flora, awesome. But, this battle's just starting.

Lincoln: Yeah, and Flora's going to make sure that Sarah Ravencroft pays dearly for her crimes of witchcraft three centuries ago.

Flora: (Divine Echoing Cosmic Voice of The Linphea Nature Fairy and Divine Nature Love) That's right, Lincoln. Now, to put an end to you for good, Sarah Ravencroft.

Flora went after Sarah Ravencroft, who continued firing blasts of dark magic at her, but Flora dodged them all, and she fired powerful blasts of pink and green energy, plants, leaves, animals, and magic at Sarah Ravencroft, and they exploded with incredible power as they hit her. Then, Flora attacked her with her massive large greatsword and left nasty scars on her. Then, Lincoln and Great-Grandma Harriet helped Flora out by creating a binding circle below Sarah Ravencroft's feet and bound the evil witch to the ground, and then, Lincoln fired a red energy blast and he sucked out and absorbed all of Sarah Ravencroft's magic and abilities, along with her knowledge of the Dark Arts, and he and the rest of us made them our own. Then, Flora formed a magic circle with crosses around the binding circle Lincoln and Great Grandma Harriet made, and Sarah Ravencroft was found guilty of her crimes by those she's tormented with her dark magic, and when the kanji formed on her forehead, she was eventually erased by The Black Gates forever and the circles faded. We cheered wildly for what Flora did as she holstered her massive greatsword on her back and powered down, and Flora's new body, clothes, weapons, jewelry, and massive brown angel wings and fairy wings are permanent.

Then, Helia went up to Flora, and they shared a passionate and romantic kiss and we cheered for them.

Nico: Now, that's what I call an awesome Terminator battle, Kamen Rider-style!

Me: You said it, and we destroyed Ark and ThinkNet and saved the world from another malevolent artificial intelligence.

Lincoln: You got that right, and we finally put an end to Sarah Ravencroft for good, and she'll never return to take her revenge on the world again.

Me: You said it, Linc, and that binding circle you and Harriet used was awesome.

Great Grandma Harriet: I'd seen just how skilled Lincoln's become with magic, and I knew the truth that he became a vampire thanks to Adriana's blood, and he's acquired powers, when the other fellow Guardian Angels offered their blood to save his life.

Nico: And you've seen just how much your great-grandchildren have grown and changed.

Great Grandma Harriet: That's right, Nico, and I'm indeed so proud of them, and everyone in the Loud Family.

Lincoln: And now that you're back, Great Grandma Harriet, you're now a part of the team. And now, tomorrow, we're going to meet the Saber Kamen Riders, and we're going to finish off Storius and his minions.

Megan McAllister: That's right, and I can't wait to meet them again. Maybe, we can also use our Wonder Ride Books for the usual battles there for tomorrow, and for the battle against Storius.

Nico: Not a bad idea, Megan, and what better way to write the final chapter of the end of Storius' life tomorrow than by using our Wonder Ride Books for this.

Me: And it'll be a painful and bloody end to the final chapter of the end of Storius' life indeed, Nico.

Woz: REJOICE! The reign of terror of Ark and his technological fury has been silenced forever and Team Loud Phoenix Storm now has the alliance of Zero One, Vulcan, Gai, Izu, Valkyrie and

Horobi! May it last till Technology Falls.

Goliath: That's one robotic menace that's dead now.

Atomic Skull: And we did it while giving Applejack the day off.

Me: And Ark almost did a kamikaze move on us.

Calamitous: It's still a shame she missed everything though.

Skinner: But it was for the best.

Electropede: We can still tell her all about it.

Me: Yeah but we had a lot of fun with this one.

Qin: We sure did!

Aruto: That was so awesome!

Isamu: At long last. The threat of Ark is over.

Nico: It sure is. Great job today everyone! We have one more day of Kamen Riders and then this awesome series of missions will be complete!

Qin: Yeah!

Megan McCallister: I'm really looking forward to seeing Touma again!

Lola: We all are!

Aruto: (To the viewers) This was an awesome adventure. Hope you guys all liked it and how it shook the foundations of technology.

Nico: We all did. Lets head home everyone.

We went back home and we checked on Applejack and she was eating apples covered in cheese ravioli and Brussels Sprouts!? YUCK! We took her to the doctor later on and we got her an ultrasound and she saw that she was expecting not 1, not 2, not 3 or 4 or 5 but 7 BABIES! 7 GIRLS TO BE SPECIFIC! WHOA! Applejack was gonna be be busy! And so was Big Mac, Lincoln, Apple Bloom, Granny Smith, Pear Butter and Bright Mac.

We later enjoyed the rest of the day and went to sleep.

Meanwhile in Japan, the Saber Kamen Riders were getting ready for our arrival and to deal with Storious once and for all.

Touma: This is gonna be so awesome and fun!

Kento: I'm really looking forward to when Team Loud Phoenix Storm comes.

So was all the Saber Team.

Touma: Yeah this is gonna be so awesome. Lets get ready everyone!

They got ready and activated their books.

Saber Riders: HENSHIN!

They transformed and went at the screen.

This one time, while reading comics in their underwear, she ended up kissing Lincoln on the lips, and she hates Scoots with a burning passion, along with a The Arrival Cyberse Ignister Gene-Slammer named Rei Vedovanera, who's not only Lincoln's Guardian Angel from Italy, but also his classmate in English, and she's also the cousin of Duncan (Total Drama), and her last name, Vedovanera means "Black Widow" in Italian. Rei might be a punk like her cousin, but Lincoln is one of the few who understood her. In fact, he made her a beautiful wine purple bikini plus a wine purple jacket. In addition, she outright hates bullies, in fact, when she noticed Chandler and his goons bullying Lincoln, she straight up beat the crap out of them, and when she was done, their arms and legs were broken and their teeth were smashed, and she even kicked them in the crotches for good measure. To show how grateful Lincoln is to Rei, he actually kissed her on the lips. Rei often called Lincoln "White Rabbit" because of his hair, and she really hates Chandler with a passion. Get ready as we close out the Kamen Rider Saga with a bang as we meet the Saber Team and we're going to take down the insane and completely screwed up monster Storious and we're also going to battle Kamen Rider Falchion! Nico: Wow! Everyone is here.

Laney: I haven't seen this many family members of the Apple Family here since the last Apple Family Reunion.

Nico: I know.

Me: Applejack we're so happy for you.

Applejack: Thanks sugarcube. I'm really really heavy now.

Lie Ren: We can see that but we're still happy for you.

Nico: Thanks for coming with me, Ren.

Lie Ren: Anytime Nico. And a baby shower is awesome for this.

Camie: It sure is. I think it's great that Applejack is having 7 girls.

Qin: It sure is.

Nico: Ren, I'm really sorry that your village and family got destroyed by Grimm.

Lie Ren: It's all right Nico. But thanks for your sympathy.

Me: I can't believe that happened to you. That was horrible.

Qin: Yeah.

Applejack: No kidding there.

I drank some cider.

Me: Mmm! Good cider.

Nico: It sure is.

The Vreedle Brothers came.

Octagon: Hey guys.

Me: You made it!

Rhomboid: Wouldn't miss Applejack's big day for anything.

Eli: Awesome!

Nico: (to Ren) But the important thing is, Nora survived with you.

Lie Ren: That's true. And thank goodness she did and I'm happy for that.

Qin: Yeah we all are.

Sunset Shimmer: Yeah we sure are.

Me: Megan has been really excited for her big mission today. She couldn't stop thinking about it and she was even calling all her friends to tell her about what she is doing.

Nico: Boy she is really full of excitement!

Laney: She sure is.

I pulled out my Eternal Wonder of Joy book.

Me: And I can't wait to kill Storious and banish his worthless butt to the Black Gates forever.

Nico: Don't forget Zemerick. We sent him to the Black Gates too.

Me: Right sorry.

Applejack: But to tell y'all the truth, I'm really excited for this too. I can't wait to help y'all take down Storious.

Camie: Boy we all can't wait.

Tsuyu: J.D. has really been looking forward to this one.

Me: So has Megan.

Nico: I can't wait to see what our Wonder Ride Books can do against Storious.

Sougo: It's gonna be cool to see them in action.

Me: You already saw one verse in action from Eternal Phoenix.

Sougo: That is so awesome that it turned all of Japan into a massive Eden Garden.

Lincoln: It was awesome.

Nico: You really missed out in the battle against Ark.

Applejack: I sure did but J.D. showed me the whole thing recorded.

Qin: It was awesome and the virus worked perfectly.

Me: It sure did and Lisa deserves most of the credit for helping to make it.

Lisa Loud: Indeed but much appreciated to help out with dealing with that monster for good.

Eli: We just did not expect him to blow himself up and try to take us with him.

Lola: Yeah it didn't work though.

Maria: (takes out MOE Cannon) Let me summon some backup for the inevitable fight.

Me: We're going to need all the help we can get.

Nico: We might as well finish this whole adventure with a bang.

Maria: Good idea. (TURNS DIAL) GLUTTON FORCE!

She summoned She summoned Fat Bastard, Po Kong, Metal Eating Family, Blob Homer, Chief Wiggum, Shiv, Meatman and Roquefort

Fat Bastard: Oh wow!

Po Kong: This is awesome and cool.

Blob Homer: (Laughs) That tickled.

Maria: I called you here to prepare for the next Another Omnitrix Alien.

Po Kong: Good idea.

Qin: We think it's going to be Another Gourmand.

Po Kong: Ah one that eats as much as me.

Shiv: Nice.

Applejack: Help yourselves to the food.

Shiv: Don't mind if I do.

Po Kong: Me neither.

Roquefort: Want some cheese Nico?

Nico: Like you even have to ask.

He gave Nico lots of awesome cheese.

May: We also promised to give Reika a Gene Slammed form.

Me: Yeah we sure did.

Qin: We'll have to think on that one.

Me: Should she be an animal, MTG, Digimon, Pokemon, Monster Rancher, Duel Monster, Omnitrix Alien or Fusion Omnitrix Alien?

Maria: Maybe a Mako Shark?

Me: Nah we got plenty of sharks with us.

Nico: Hmm.

Me: I know!

I pulled out a Duel Monster card and it was for Protector Spirit Loagaeth!

Nico: Protector Spirit Loagaeth! That's perfect!

Me: I've been wanting to try this one out for a long time.

Maria: I'll get a spare set of clothes for her.

Varie: Same here.

Nicole: And you know what I'll do.

Qin: Yep.

Applejack: That is amazing that y'all promised that.

Qin: Yeah.

Me: Also we owe the Saber team for helping us on Lego Ysmault.

Nico: We sure do.

Applejack: Yeah. J.D. think you can read a verse from Eternal Phoenix to show everypony what the Ridebooks can do?

Me: I would be happy to.

Everyone gathered and I pulled out Eternal Phoenix and read a verse.

Me: "The Immortal Phoenix saw people care for their young and knew that it was just as precious as all life in the universe and with a new breath of life it made new fruit trees grow in abundance for nourishment and eternal life crystals grew out of the ground to provide love and food forever and give to everyone that loved their young with purity and grace."

Then everything I said happened as massive numbers of zap apple trees and apple and pear trees grew instantly and then there was a rumble and then out came huge magic crystal clusters that made the trees bare fruit forever at it's full ripeness!

Nico: WOW!

Po Kong: That is amazing!

Braeburn: YEEHAW! That was so amazing!

Nico: (reading another verse) "The Element of Honesty was very excited for the birth of her children, knowing it would happen any moment. Little did she know that it would happen within an hour before the huge adventure ahead."

Me: Wow a verse that predicts the future.

Nico: Yep.

Qin: That is cool!

Nico: (reading another verse) "Meanwhile, the brave Saiyan was hoping that a certain alien would not bring a certain drug on the said huge adventure!"

Me: Huh?

Nico: Sorry. Not reading that. Got carried away.

Eli: (Senses something) But you are right! It's here.

We got ready and we saw a black version of Upchuck! It was ANOTHER UPCHUCK!

Me: Another Upchuck! Just like we suspected!

Qin: Yeah!

Po Kong: Now I see what you called us because this one is hungry all the time.

Lola: Yeah!

Me: Okay who are you?

Another Upchuck: (In a girls voice) Been a long time J.D.

Me: (Gasp) Selene Shaunbacher! Its been a long time.

Nico: You know her J.D.?

Me: I sure do. She's An antisocial girl who got better upon meeting me. She always hated everything and wanted to kill herself all the time. She slashed her wrists a lot and she even carved the word HATE into her belly.

Nico: WHOA MAN!

Qin: YIKES!

Me: But I helped her get better. Her mom was a drug addict. But I helped her. She needed a friend more than anything.

Another Upchuck: Yes and I will always be forever grateful to you J.D.

Me: I'm always happy to help.

Nico: Whatever Swartz promised you, we can grant it instead.

Me: Yeah what did he promise you?

Another Upchuck: He promised to help me get revenge on the people that poisoned my mother with drugs.

Me: Geez! Well that we can do. What happened to your mom?

Another Upchuck: She went insane because of the drugs and it was so bad that she was under the delusion that if she sewed her own eyes shut she would never have to see me again.

We gasped!

Nico: That is very familiar!

Lily: Poor woman!

Qin: What in the world was she taking that did that to her!?

Another Upchuck: Blue Sky Methamphetamine.

We gasped!

Me: Oh man! There's only one man I know that makes that kind of poisonous junk: Walter White and Jesse Pinkman.

Nico: WHOA MAN!

Me: Yeah!

Nico: I hate those guys and that stuff is dangerous.

Me: Yep.

Eli: What do you know about them bro?

Me: They are drug makers that should be on Death Row.

I went over their history.

**Walter "Walt" Hartwell White, Sr.**, also known by his alias **Heisenberg**, is the main protagonist of the television series *Breaking Bad* and a flashback character in *El Camino: A Breaking Bad Movie* . He's set to return in the sixth and final season of the prequel series *Better Call Saul* .

A brilliant but underachieving chemist working as a high school science teacher, Walt is diagnosed with terminal lung cancer, which spurs him on to use his chemistry knowledge to cook and sell crystal meth to provide for his family after his imminent death.

As the series progresses and he becomes more involved in the drug world, the formerly mild-mannered and unassuming teacher slowly changes and transforms into an increasingly sinister, dangerous and ruthless criminal driven more by ego and greed than his stated altruistic motives, this way becoming the main villain of the series.

He was portrayed by Bryan Cranston, who is previously best known for his role as Hal Wilkerson in *Malcolm in the Middle* . Cranston won four Emmy Awards for Outstanding Lead Actor in a Drama Series, tying him with Dennis Franz for the record in this category.

Walter White was born on September 7, 1958. When he was 6 years old, his father died of Huntington's disease - something that's left scars on him ever since. While not much is known about his mother, it's implied they most likely didn't have a good relationship given he never stays in touch with her. Walt grew up to be a talented chemist who, as a graduate student at the California Institute of Technology, contributed with the research that helped a team win a Nobel Prize in Chemistry. After graduating school, Walter founded the firm Gray Matter Technologies with Elliott Schwartz, his former classmate and close friend. Around this time, Walter dated his lab assistant, Gretchen. However, he abruptly left both Gretchen and Gray Matter Technologies due to feeling inferior to her wealthy family, retaining a financial interest in the company. Gretchen and Elliott later married and made a fortune using Walt's research; Walt remains friendly with them, but secretly harbours a great deal of resentment against them.

By the start of *Breaking Bad*, Walt has been forced to work as a high school chemistry teacher in Albuquerque, New Mexico, providing instruction to uninterested and disrespectful students. The job pays so poorly that he is forced to take a second job at a car wash, which proves particularly humiliating when he must clean the cars of his own students. Walter is married to Skyler White; they have a teenage son named Walter Jr., who has cerebral palsy. Skyler is also pregnant with their second child, Holly. His other family includes Skyler's sister, Marie Schrader, and her husband, Hank, who is an agent with the Drug Enforcement Administration.

The day after his 50th birthday, Walt passes out while working at the car wash. He is then rushed to the hospital via ambulance where he is eventually diagnosed with stage-three terminal lung cancer and given less than 2 years to live. Walt decides he must take extreme measures to provide for his family's long-term financial security. Feeling empowered by the diagnosis to express his true self, he unleashes long-suppressed anger on his boss Bogdan at the car wash after the latter requests he clean a car. He then quits the job, insulting the man and putting on a display of machismo as he leaves. After being invited by his DEA agent brother-in-law, Hank, to accompany him to a raid on a methamphetamine lab, Walt has a circumstantial encounter with one of his former students, Jesse Pinkman, whom he discovers is a meth dealer and manufacturer - also referred to as "cook" - who goes by the name "Captain Cook". With this information, Walt blackmails Jesse into helping him to enter the illegal drug trade on the production side, using his chemistry knowledge to cook remarkably potent and chemically pure "crystal" meth, with Jesse to help him distribute it.

Operating out of an RV in the desert, the two must defend themselves against two dealers, Emilio Koyamaand Krazy-8, formerly Jesse's distributors, who accuse Walter of being a DEA agent. Walt stalls for time by offering them his recipe, and then create phosphine gas and attacks the dealers with it, killing Emilio and gravely injuring Krazy-8. He then drives away with an injured Jesse in tow. Walter and Jesse soon discover that Krazy-8 is still alive, and restrain him in Jesse's basement. After a coin flip, Jesse is tasked with disposing of Emilio's corpse, and Walt with killing the other, a prospect that sickens him. Ignoring Walt's instructions on using a specific plastic container, Jesse dissolves the dead body in a bathtub of hydrofluoric acid, but the acid eats through the tub and the floor beneath it, spilling dissolved entrails in the hall.

Meanwhile, Walt has begun providing food and a latrine to Krazy-8, whom he also confides in, attempting to find any excuse to spare his life. Due to his illness, Walter passes out briefly while delivering food in one such instance, breaking a plate. Awakening later, Walter picks up the broken plate and goes to get the key to set Krazy-8 free. However, while upstairs, Walt has a sudden realization that there is a large sharp piece of the plate missing, which Krazy-8 picked up and hid on his person while Walt was passed out. Realizing that Krazy-8 intends to kill him the second he sets him free, Walt decides that he has no choice but to kill the dealer, which he does by pulling back on the bike lock around his neck holding him in place until he chokes to death. Following the disposal of the body, Walt severs ties with Jesse.

At a dinner party with his family, Walt finally reveals his cancer, having first told Skyler about his condition sometime before. Walt's behavior soon becomes more violent and unpredictable once he blows up an obnoxious stock broker's, Ken's, car for previously taking his parking spot. His family later implore Walt to visit specialist doctors and undergo chemotherapy. At first adamant to decide his own fate, to die honorably instead of suffering the indignities of chemotherapy side-effects, Walt finally agrees to treatment after his family pleads with him. He pretends to accept financial assistance from his wealthy friends Elliott and Gretchen as a cover story to explain the source of payment for his chemotherapy. In reality, he approaches Jesse to rebuild their business arrangement and so pay for the treatments himself as a matter of pride. Jesse, unable to replicate Walt's recipe, accepts his partnership and agrees to their clearly defined roles: Jesse the salesman and Walt the cook. Jesse learns that Walt has lung cancer and, realizing his goals of helping his family after his death, develops a newfound respect for him.

Walt sends Jesse to negotiate with Tuco Salamanca, a violent psychopath with links to the Mexican cartelswho have taken over local drug distribution after the death and disappearance of Krazy-8. During their first meeting, Tuco refuses to pay upfront for the product and savagely beats Jesse when he attempts to end the deal. With Jesse in the hospital, Walt confronts Tuco with the demand for up-front payment, using the pseudonym "Heisenberg." As Tuco prepares to assault him, Walt detonates a concealed explosive (Mercury(II) fulminate), blowing out the top floor of the hideout and intimidating Tuco into surrendering payment with a promise for future business. Jesse recovers from his wounds and the two resume cooking meth, this time circumventing the restrictions on over-the-counter drug pseudoephedrine products by stealing a large drum of methylamine from a chemical warehouse and using an alternate method of synthesis. Now able to produce four times as much crystal meth as before, and of higher quality, the two begin a steady business with Tuco. However, they become increasingly wary of him once he beats one of his men, No-Doze, to death for inadvertently insulting him-as well as being high on Walt's meth at the present moment.

After his eventful meeting with Tuco, Walt returns home, attempting to force himself onto an unwilling Skyler, but stops once she objects further. Fearing for their lives, Walt and Jesse devise a plan to kill Tuco. White creates a batch of ricin, a potent poison they hope will kill Tuco after they trick him into ingesting it under the pretense that it is a new batch of meth. As they devise a scheme to deliver the poison to Tuco, one of his men, Gonzo, dies in an accident and they immediately suspect Tuco - due to the fact that Gonzo, along with themselves, witnessed him murdering No-Doze. A DEA raid then shuts down Tuco's operation in Albuquerque.

Tuco kidnaps Walt and Jesse, planning to take them to a "superlab" in Mexico. He first takes them to a hideout, a shack in the desert just outside the Mexican border where he keeps the two captives-as well as his uncle, Hector Salamanca, hose paralyzed from a stroke. As it turns out, Tuco is unaware of Gonzo's death and tells them he suspects the man is currently betraying him, and he wants to make sure they don't have the same intention. He also tells them that he and his cousins plan on taking White to cook more meth in a Mexican lab. Tuco insinuates that he will kill Jesse, but White manages to convince Tuco that he needs his partner in order to cook.

Time is running out and fearing that the cousins will kill Jesse as soon as they arrive, the two discuss ways of killing Tuco. They realize that they have the ricin poison with them, and they tempt Tuco into taking a hit. Jesse convinces Tuco to snort a line but during the conversation, Tuco grows suspicious about the product. Jesse goes in to tell Tuco that it has a special ingredient, Pinkman's old trademark signature of adding chilli pepper to his meth. Tuco, upon hearing this, says he hates chilli powder and doesn't take the drug. After they try unsuccessfully to poison Tuco's food due to Hector catching them in the act, he figures out that they are trying to harm him, so he takes Jesse out back to kill him. Angry and desperate, Walt and Jesse manage to incapacitate Tuco and hide when they see a vehicle approaching the house. To their surprise, Hank emerges from the vehicle, having tracked them from the lowjack in Jesse's car. A shootout ensues, and Hank is forced to kill Tuco in self-defense. Walt and Jesse run off into the desert. Walt later goes to a supermarket naked to explain that his disappearance was a result of some mental breakdown from his chemotherapy. Things begin to strain more between him and Skyler when he lies about not having a second cell phone.

With Tuco out of the picture, Walt decides that it's time that he becomes the new meth kingpin, expanding into Tuco's old territory. Things seem to be on track until one of their dealers, Skinny Pete, is mugged by twojunkies. Walt then orders Jesse to confront the perpetrators. One of the junkies is killed when his wife drops a stolen ATM on his head, but Walt convinced Jesse to take credit for the killing, earning him a fearsome reputation and further solidifying "Heisenberg" in the area.

Meanwhile, Gretchen Schwartz discovers Walt has been lying to his family about her and Elliott paying for his cancer treatment. She is saddened when an angry and bitter Walt accuses them of getting rich off his research, but she continues to keep secret Walt's refusal of their financial assistance, for his family's sake. Skyler goes back to work for Ted Beneke, her former boss, who apparently once groped her while drunk. She increasingly relies on Ted for emotional support due to Walter's constant absence and strange behavior.

One of Jesse's dealers, Badger, is arrested by the DEA during a sting operation, forcing Walt to deal with a crooked lawyer named Saul Goodman who can offer only an expensive solution to keep Badger from snitching while also keeping him alive. They do so through kidnapping him, taking him to a desert right next to a mock grave, and intimidate him into doing his job with the false threat of death. Saul agrees, and after entering the RV and looking at their equipment, realises he's dealing with the legendary Heisenberg, the maker of the "blue stuff" he's heard about. After taking care of Badger through framing a different man as Heisenberg, Saul hires a man to find out Heisenberg's true identity. Entering the school Walt works in, Saul demands a cut of the meth profit in return for being his and Jesse's legal counsel and advisor in their drug operation, further eroding their income.

After Walt notices a large blotch on a scan of his chest, he believes cancer has spread. Having only $16,000 remaining of the meth money after the numerous setbacks, he and Jesse spend several days in the desert cooking 38 pounds of meth to sell off before Walt dies-an event that nearly gets them killed once Jesse leaves the key in the ignition, causing the RV to die. They spend days in the dessert, without water and trying unsuccessfully to jump start the battery before Walt builds his own, and they drive out to safety. Following this, they check into a hotel and eat at a salad bar. Walt seems worried as to whether or not his family will receive the amount of payment from the 38 pounds of meth, but Jesse assures him they'll get his share. Walt tries to talk Jesse into going to college after he's received his share. When he asks him what he would study, Jesse says "sports medicine". Walt tries to convince him to go into business, though the conversation falls short once Jesse is offended that Walt thinks he needs a GED to go into college, given he graduated from high school. Walt gazes upon the RV in the parking lot and tells Jesse how "lucky" he is because he didn't have to wait his entire life to do something "special", much to Jesse's confusion.

After consulting his doctor, Walt learns that the blotch is only a treatable side effect of the radiation and that his tumour has in fact shrunk 80%. He plans to quit his meth partnership once the 38 pounds are sold off, but he finds himself bored with the return to his mundane life, missing the thrill and power of being a drug dealer.

When one of Walt and Jesse's dealers, Combo, is killed by two rival dealers, Jesse is sent spiralling into heroin addiction, joined and enabled by his girlfriend Jane Margolis, a recovering addict. With their remaining dealers backing out, Saul uses his connections to introduce Walt and Jesse to a new meth distributor, Gustavo Fring, the owner of a fast-food franchise called Los Pollos Hermanos, which he uses as to launder his drug money. Gus reluctantly offers to buy Walter's products for $1.2 million, but offers him only a one-hour time frame to deliver. Walt attempts to contact Jesse to complete the exchange, but he and Jane are too stoned to help. As he tries to rush to the deal, Walt receives a text message from Skyler that she is giving birth. Walter is forced to complete the trade by himself just as Skyler goes into labour. He narrowly manages to complete the transaction, but he misses the birth of his daughter, Holly.

Walter loses trust in Jesse and promises to give him his share of the payout only if he agrees to quit using. Jane threatens to blackmail Walt, prompting him to turn over Jesse's share of the money. Jane's father, Donald, catches Jesse and Jane using. He demands she return to rehab immediately, but Jane manages to convince him that she will go first thing the next morning. Jesse and Walt agree to go their separate ways, but Walt feels obligated to help Jesse. Walter gives Jesse his money and Jesse and Jane plan on running away before her father can take her to rehab. With almost a half-million dollars, they decide to go to New Zealand and get clean. They plan to destroy their remaining supply of drugs, but they decide to use one last time.

After a coincidental meeting with Donald, Walt returns to Jesse, only to discover that he and Jane have taken heroin again. Walter attempts to wake Jesse by shaking him, knocking Jane from her side to her back. When Jane begins to cough and vomit, Walt does nothing to help her and watches as she dies. Jesse wakes up and realizes Jane is dead. Gus' right-hand man and Saul's private investigator Mike Ehrmantraut (the same one who helped Saul track down Walt) arrives to help him deal with the police and Jane's body. Later, Walt is confronted by Skyler, who has finally discovered his numerous lies. She leaves him, even when Walt offers to tell her everything, saying, "I'm too scared to know."

The next day, two airplanes collide in the sky right above Walt's house. Walt watches in horror, unaware that he is indirectly responsible for the tragedy; the crash occurred because Donald, an air traffic controller, had been too overcome with grief to pay attention to his job. Before any of the other wreckage reigns down, a pink teddy bear splashes directly into his swimming pool.

A week after the Wayfarer Flight 515 collision, Walt finally moves out of the house and into his own apartment. The next day, Skyler comes to visit him and hands over divorce papers and revealing her deduction that Walt is a drug dealer, and this is how he has paid for his treatment. Walt concedes and specifies that he is a crystal meth manufacturer, not a dealer, but Skyler still wants a divorce, saying she won't tell the police as long as he stays away from the family. After visiting and consoling Jesse about the plane crash, Walt meets with Gus, who makes Walt an offer of $3 million for three months of his time, but Walt turns him down as he wants to get his family back.

Walt confides in Saul that Skyler knows about his double life, leading Saul to ask Mike to bug the White House. Walter Jr. sides with Walt during the marital spat, even packing a bag and going to Walt's new apartment in an effort to live with him, which Walt puts a stop to. However, Walt does eventually break back into his house after Skyler changes the locks to forcibly move back in with the family-knowing that Syler won't tell the police out of fear of hurting Walt Jr. and uses this against her. Skyler responds by beginning an affair with Ted Beneke and informing Walt right away.

Walt reacts with furious anger at the realization that his wife is having an affair, and goes to Beneke Fabricators to talk to Ted. While waiting outside his office, Walt notices Ted peeking through the blinds and attempts to force his way into the office by throwing a large potted plant at the window. Security escorts him out and Mike picks him up and takes him straight to Saul's office, revealing they both knew about the affair because of the bugs.

Walt fires Saul for bugging his house and cancels the website money laundering. Walt tries to get back at Skyler by making a pass at his supervisor, Carmen, who suspends him indefinitely. Walt refuses to leave the house despite Skyler's affair. Gus eventually pulls him back into the meth-cooking business with a ploy pitting Jesse and Walt against one another and showing him the state-of-the-art super-lab he has just installed in one of his buildings. Once he has decided to go back in, he moves back out of the house and signs Skyler's divorce papers.

Hank informs Walt of his impending investigation into Jesse and the RV, prompting Walt to get involved in the destruction of the RV, barely managing to not be discovered by Hank after Walt had Saul fake an emergency phone call to Hank for Marie. After realising he's been tricked, Hank immediately suspects Jesse of this and beats him at his house, but calls the paramedics after realizing the errors of his ways. After Jesse lands in the hospital due to Hank's beating, Walt manipulates Gus into making Jesse his partner, replacing Gus' employee Gale Boetticher. At the same time, Gus has given Marco and Leonel Salamanca, two cartel assassins, the permission to kill Hank as a way to avenge their cousin Tuco. However, they only succeed in gravely injuring him, Hank killing Marco while Mike finishes off Leonel in the hospital. Skyler forces Walt to pay for Hank's medical care and tells Marie that he earned the money counting cards and gambling in backrooms.

When Hank recovers, he lets the family know he received a warning call one minute before the ambush informing him of it. Walt concludes that Gus has orchestrated this entire series of events: steering the assassins away from him and onto Hank while also saving Hank's life, creating a firefight that would put heat on the Cartel and allow him to corner the meth market in the Southwest. Walt meets with Gus at the Pollos Hermanos industrial plant, letting him know he has come to this conclusion and is grateful. Gus in return extends Walt's contract to $15 million for a year's work, along with a guarantee of safety for his family.

As Walt begins to write checks for Hank's medical bills, Skyler decides to become involved in the money laundering side of things, meeting with Walt and Saul and asserting her own demands. Walt also becomes friendlier with Gus, eating dinner with him on occasion. However, when Jesse discovers the truth about Combo's death - that he was killed by a preteen called Tomas, on orders from the rival dealers who work for Gus - he demands retribution. Gus agrees to stop using children in his organization, but Tomas then turns up dead in a playground. When Jesse seeks vengeance against the two dealers who murdered him, Walt intervenes and kills them both by running them over with his car and shooting the one that survived. He then tells Jesse to run, fearing Gus's wrath.

Walt meets with Gus and Mike in the desert, asserting that what he did was necessary and Jesse is in hiding, not to be given up by Walt. Gus rehires Gale as Walt's lab assistant, secretly planning to replace Walt with Gale as his skills at running the lab increase. Walt begins to suspect this and has Jesse give him Gale's address so he can kill him-ignoring Jesse's suggestion that he go to the DEA. However on the night Walt plans to go to Gail's apartment to kill him, Mike and Victor kidnap Walt, planning to kill him. He promises to give up Jesse but instead orders him to kill Gale, saving both their lives and keeping their jobs safe. Jesse goes to Gale's apartment and reluctantly shoots him dead.

After Jesse kills Gale, he and Walt are brought to the lab and held together until Gus arrives and slits his henchman Victor's throat for being seen at the murder scene. Walt fears he will be next, and begins plotting to get rid of Gus in order to ensure his safety and that of his family. He tries to persuade Mike, but all Mike does is beat him. Walt buys a .38 Snub Nose Revolver from a guns dealer and starts practising his draw. He also tries getting Mike to help him get an audience with Gus so he can assassinate the drug lord.

Walt worries that Gus is trying to set Jesse against him. Lately, Jesse has been tasked with helping Mike and has met with Gus, so Walt creates some ricin and gives it to Jesse hoping that he'll be able to get close enough to poison Gus. After giving him the ricin, Walt places a GPS tracker on Jesse's car, confirming that Jesse went to Gus's house yet didn't poison him. When Jesse seeks Walt's help regarding how to teach the cartel how to make meth, Walt confronts him about the ricin and they get into a fistfight.

While Jesse is in Mexico, Walt continues cooking meth in the super-lab under the supervision of Gus' lieutenant Tyrus Kitt. He also drives Hank out to Gus' farm and to the industrial laundry as part of Hank's investigation. Tyrus tasers Walt and brings him before Gus, who says that he's going to be taking care of Hank and that, if Walt interferes, he'll kill Walt's family. Immediately Walt goes to Saul to get the phone number of an associate who makes people disappear and instructs Saul to tip-off law enforcement about the threat against Hank. At home, Walt is horrified to discover that he doesn't actually have enough cash to pay the guy to make his family disappear.

After Saul make an anonymous tip to the DEA, saying that the Cartel was seeking to kill Hank in retaliation for killing Tuco and Marco, the DEA sends agents to Hank's house to guard him and Marie. Walt sends Skyler, Walter Jr., and Holly with them until he can figure out how to kill Gus. Finally, he reminds himself of Jesse's girlfriend Andrea and her son Brock. Coming up with a plan, Walt poisons Brock with Lily of the Valley, a poisonous flowering plant that has symptoms similar to ricin poisoning, as a way to convince Jesse that Gus is the culprit and trying to kill off his loved ones as a way to make him work for him.

Together, they plan to have Jesse refuse to cook and lure Gus to the hospital so Walt can use a radio-activated pipe-bomb to blow up his vehicle and kill him. The attempt fails, however, when Gus senses something is wrong and refuses to get into his car. Jesse is immediately taken in for questioning by federal agents for suspicion of possessing ricin.

Walt has Saul visit Jesse while he's under arrest and he tells Saul about Gus' archrival, Cartel patriarch Hector Salamanca (Tuco's uncle), who now lives in a retirement home. When Saul tells this to Walt, he goes to the home and suggests that while Hector might hate Walt for what happened to Tuco, Marco and Leonel, there has to be someone that he hates even more - that person being Gus. Walt convinces Hector to let him strap the pipe bomb under his wheelchair once he returns from a meeting with Hank, which succeeds in luring Gus to the retirement home. Hector later detonates the bomb Walt strapped to his wheelchair, killing himself, Gus and Tyrus.

Later that same day, Walt kidnaps one of Gus' henchman and forces him to escort them down the elevator to the meth lab under the laundry where Jesse has been taken a hostage and forced to cook the meth. Walt guns down both men and then rescues Jesse, who assists him in dumping all the chemicals and starting a huge fire before they evacuate all the immigrants working in the laundry.

Back on the rooftop of the hospital, Jesse reveals to Walt that Brock wasn't poisoned with ricin, but a plant called Lily of the Valley. Walt fakes relief at the fact Brock is okay and tells an uncertain and oblivious Jesse that, even though Gus did not poison Brock, he still "had to go". After Jesse leaves, Walt calls Skyler, who is curious about what happened to Gus. Walt simply tells her that he won and then drives off, pausing for a moment to gaze at Gus's Volvo, still in the parking garage.

After Gus' death, Walt returns home and disposes of all evidence from the pipe bomb and Lily of the Valley poison. Walt Jr. and Skyler return home and while Jr. is excited about Hank's return, Skyler tells Walt that she is afraid of him, especially after Saul's henchmen, Patrick Kuby and Huell Babineaux, have supposedly badly injured Ted. Walt enjoyed a glass of scotch in celebration when he suddenly remembered Gus' cameras in the superlab.

Walt and Jesse stop Mike in the desert and, after a heated argument, the three work to devise a plan to destroy Gus' laptop, which is being held in the local police evidence locker. They manage to destroy the laptop by powering up a giant magnet inside a moving truck outside the police station. They escape but have to leave the truck.

Walt visits Saul at his office, and Saul tries to fire him as his client. Unmoved, Walt tells him "we're done when I say we're done." Returning home, Walt tells Skyler he knows what happened to Ted, hugs her, and says "I forgive you".

Before helping Jesse search for the missing ricin cigarette, Walt hides the poison in his bedroom's electrical outlet and placed a dummy cigarette in Jesse's Roomba. Jesse is now convinced that Brock's poisoning was his fault, and bursts into tears of guilt over having wanted to kill Walt (having first believed it was Walt who did it, before being tricked into thinking it was Gus). Walt "forgives" him, and they go back into business together. Walt and Jesse extend an offer to Mike to form a new meth operation, which Mike reluctantly accepts after the DEA takes the money he had stashed away over the years.

Walt, Jesse, and Mike work with Saul to sort out a new front for the meth manufacturing. They agree on a mobile lab inside houses that are being bug bombed by their front company, Vamonos Pest Control. The mobile lab yields less meth per cook than they were making for Gus, but they each receive a larger cut. However, Mike takes "Legacy Funds" from each cook to recoup the cost savings of Gus' former employees. Walt doesn't take to this decision kindly but reluctantly accepts it.

Walt sells his Aztek to his mechanic for $50 and buys himself a new Chrysler 300 and Jr. another Dodge Challenger. He tells Skyler to launder another $20,000 and she tells him that she wants the children out of the house. He refuses. The next morning, Skyler reluctantly makes a "51" with bacon on Walt's eggs to celebrate his birthday and throws him a small party. As Walt gives a speech thanking his family for their support over the last year, Skyler walks into the pool and sinks to the bottom. However, Walt dives in to save her. Hank and Marie offer, on behalf of Skyler, to take Walter Jr. and Holly for a few days. Walt deduces that Skyler's "suicide attempt" was, in fact, a ruse designed to get the children away from him, and tells his frightened wife that he will have her committed to a mental hospital if she tries it again. Skyler replies that she will simply wait for Walt's cancer to return.

Walt finds a GPS tracker his car and suspects Lydia Rodarte-Quayle, the liaison between Pollos Hermanos' corporate office and Walt's meth operation. He has Mike kidnap her and plans to kill her, but she convinces him that she had nothing to do with the GPS tracker, and suggests they steal methylamine from a train that runs through New Mexico to increase their supply and profits tenfold.

Jesse comes up with a plan to siphon off 1,000 gallons of methylamine from the train and replace it with water. With help from Todd Alquist, they narrowly pull off the heist. However, a young boy, Drew Sharp, witnesses the theft, and Todd kills him as a horrified Jesse tries to stop him.

After disposing of the boy's bike and body, Walt, Jesse and Mike debate what to do with Todd. They vote to keep him close so he won't do anything rash. Walt tries to tell Jesse that their operation is now "smooth sailing", but the next day Jesse and Mike inform him they are selling their share of methylamine for $5 million each and bowing out of the meth trade. Walt refuses to join them, even when Mike's contact refuses to buy unless he gets all 1,000 gallons. Walt invites Jesse to dine with him and Skyler; when Skyler sullenly leaves the table, he tells Jesse that his family no longer loves him, and his drug empire is all he has left. Walt then heads to the Vamonos HQ where he is tied up by Mike so the methylamine can be sold without Walt's interruption. Walt escapes and hides the methylamine, promising - at gunpoint - that he has a solution where "everybody wins".

At a meeting with rival meth dealer Declan, Walt offers to sell Mike's 35% stake in the crew and responsibility for distribution for $5 million. After the deal is sealed, Walt and Jesse retrieve he methylamine from the car wash. Jesse reminds Walt that he is done with the meth trade too, but Walt tries to convince him that throwing his talent away is a mistake. Jesse willingly leaves Vamonos without a penny. Walt then begins training Todd on cooking meth. Walt removes the bugs from Hank's office and overhears that the DEA is going to arrest Mike. Walt tips off Mike and later meets him to hand off a "burn bag" of cash, a gun, and a passport. After handing over the bag, Walt demands Mike give him the names of the ten men in prison who would likely flip on Walt since their legacy funds stopped flowing. Mike refuses and points out how Walt killing Gus is the reason why they're in this mess right now. In a fit of rage, Walt shoots and mortally wounds him. Horrified by his actions, Walt drops the gun and staggers to Mike. He attempts to apologize, but shuts up on Mike's dying request.

Walt and Todd dispose of Mike's car and body. Walt makes an arrangement with Lydia to sell Blue Sky to the Czech Republic in exchange for the names of Gus' former ten henchmen. Walt pays Todd's uncle Jack Welker and his Neo-Nazi gang to murder the witnesses. The plan is executed perfectly and no one is able to squeal to the DEA. Walt and Todd continue to cook meth flawlessly and effortlessly for three months until Skyler shows Walt a giant pile of cash in a storage unit and asks him to get out of the meth business. After a visit to the doctor, Walt visits Jesse a visit and gives him two duffle bags of cash. He then tells Skyler "I'm out".

During a family cookout, Hank enters the bathroom in Walt's house to take a dump, and decides to read something as entertainment. He finds a copy of Walt Whitman's *Leaves of Grass* right next to the toilet and discovers that it is dedicated to W.W. by G.B. As Hank recalls a conversation with Walt regarding the initials from his earlier investigation, surmising that "G.B." is Gale Boetticher, he realizes that Walt is Heisenberg.

Hank begins to secretly investigate Walt. Walt discovers a tracking device on his car and realizes Hank knows he is Heisenberg. He confronts Walt, who reveals that his cancer is back and he will likely be dead in six months, making an arrest pointless. Hank offers to negotiate if Walt gives him and Marie custody of the children, but Walt refuses and tells him to "tread lightly".

Hank meets with Skyler and asks her to go on record with a confession, but she refuses. Marie learns the extent of Skyler's involvement with Walt's operation. With Skyler's approval, Walt records a "confession" in which he says that the meth operation was all Hank's idea, to use as insurance should Hank keep up the investigation. Walt buries his money in the desert. Jesse, overwhelmed with remorse over the blood on his hands, attempts to dispose of his money by throwing it in people's front lawns. Police bring him in for questioning, but Jesse refuses to inform on Walt.

Declan supplies methamphetamine for Lydia's Czech connections, but she is dissatisfied with the product's quality. Walt rebuffs her attempts to lure him out of retirement. She orders Jack and his gang to kill Declan and his associates killed in an ambush and reinstates Todd as a cook. She remains dissatisfied with Todd's product, but he promises to improve.

Walt meets Jesse and Saul in the desert and offers Jesse money to leave town and assume a new identity. Jesse agrees, but then realizes Walt poisoned Brock and framed Gus. Enraged at this, Jesse almost burns down Walt's house, but is stopped by Hank, causing the two to partner up against Heisenberg. Walt contracts with Todd's uncle Jack to order a hit on Jesse. The "price" is one more cook, to teach Todd how to improve his product. He later goes to Andrea for info on Jesse, letting their relationship to Jack and his gang be known to their advantage.

Jesse calls Walt to tell him he will get him "where [Walt] really lives". Walt receives a picture on his phone, staged by Jesse and Hank, showing an opened barrel of money, identical to the ones Walt buried in To'hajilee. Jesse calls Walt and offers him an ultimatum: meet Jesse at the site of the buried money, or Jesse will burn every barrel. Walt frantically drives to the reservation. Realizing he has been set up, Walt hides, calls Jack and tells him to bring his men as soon as possible. However, when Hank, his DEA partner Steven Gomez and Jesse arrive at the scene, Walt realises the danger they are in, and tells Jack not to come. Instead, he surrenders to Hank, choosing to spend his remaining months on Earth rather than risk the death of a family member. As Hank calls Marie and gloats to the phone about how he caught his target, a now-handcuffed Walt, sitting inside a SUV, sees a few cars pull up…

Despite Walt's instructions, Jack and his crew pull up to the site, where they have a standoff with Hank and Gomez. Despite Walt's protests that it's off and that Jack should leave, the Neo-Nazi doesn't move. Signalling his right hand man Kenny to attack, the crew opens fire at Hank and Gomez while Walt and Jesse hide. Once the dust settles, Gomez lies dead from a gunshot wound, but Hank remains alive. Walt steps out of the car and uses anything he can to convince Jack not to kill Hank; Even claiming he will give him all of his $80 million, buried right next to them, but Hank resigns himself to his fate. Jack kills him with a shot to the head before his gang steals almost all of Walt's money, leaving him with only one barrel that contains $9 million dollars inside. A spiteful Walt reveals Jesse's location to the Neo-Nazis, and Todd convinces Jack to let Jesse live so they could torture him and find out what did he tell the feds. Just before he's taken away, Walt reveals to Jesse he watched Jane die, and then spends several hours trying to return to Albuquerque.

Marie confronts Skyler and tells her Walt is in custody. She offers her and Hank's support, provided Skyler turns over all of Walt's false confession tapes implicating Hank and tells Walt Jr. the truth about his father. Skyler agrees and tells Walt Jr. everything about him, much to his rage, claiming that she is no better than his father if she was helping him. They return home to find Walt hastily packing their bags, claiming they need to free. Skyler realizes Hank has been killed, assumes Walt did it, and pulls a kitchen knife on him. They fight over the weapon, with Walt Jr. defending his mother and eventually calling the police on his father. Walt escapes, but takes Holly with him. The following night, Walt fakes a heated phone call to Skyler, which he knows is monitored by the police, and pretends that he forced her into everything so she won't be charged with any of his crimes, revealing Hank is dead along the way. He then leaves Holly at a fire station and calls Ed Galbraith, the man who could make him disappear. He's soon followed by Saul.

Walt and Saul spend the next few days hiding in Ed's bunker as the man prepares to give them new identities. Saul moves to Nebraska under the new alias of "Gene Takavic", while Walt moves to New Hampshire under the alias of "Mr. Lambert". While Saul still got to have a somewhat-normal life, Walt's status as America's most wanted man means he has to live in a small cabin in the wilderness with no access to a telephone, cable TV or the internet. Ed would come in once a month for groceries and updates on what's happening in Albuquerque, while warning him he would end up behind bars the second he leaves the cabin due to the manhunt on him.

Six months later, Walt goes to a local bar and calls Walt Jr., who changed his name to Flynn White. He tells him that he must pick up a package containing $100,000 so that the two years he spend dealing meth won't go to waste. Walt Jr. angrily rejects the gesture, points out he killed Hank, tells him to die, and hangs up. Feeling hopeless, Walt calls the Albuquerque DEA office in order to surrender, but moments later sees Elliott and Gretchen Schwartz on *Charlie Rose*, in which they both deny Walt made any major contribution to Gray Matter besides the name. With renewed purpose and a shattered ego, Walt leaves the bar, steals a car, and heads back to Albuquerque.

Back in Albuquerque, Walt uses Badger and Skinny Pete, claiming they are "two of the best hitmen west of the Mississipi" to coerce Elliott and Gretchen into giving his remaining 9 million dollars in drug money to Walt Jr. on his 18th birthday as a trust fund. On his 52th birthday, he proceeds to purchase an M60 machine gun and recover the vial of ricin from his now-abandoned and vandalized house, which has been left in ruins, with the name HEISENBERG spray-painted on his living room wall. Following this, he would construct a remote-activated machine that allows the M60 to fire unmanned.

He then visits Skyler and gives her the location of Hank and Gomez's bodies so she can get out of trouble with the police and give them proper burials. Admitting he did everything he did for himself and not for his family, Walt gets to see Holly and Walt Jr. one last time (the latter unaware of it, being spied on) and leaves.

He then meets Lydia and Todd at a coffee shop under the pretense of wishing to discuss a new business proposition. Lydia dismisses Walt and orders Todd to kill him once he leaves the scene, unaware he laced the only packet of stevia sweetener in the container on her table with ricin, causing her to add it to her tea.

Walt confronts Jack and his gang at the compound. They bring out a shackled Jesse, whom they have forced to cook meth for them by killing Andrea and threatening to kill Brock. Walt, feigning anger, tackles Jesse to the floor as he triggers the M60 mounted in the trunk of his car. The hail of gunfire rips through the wall, killing all of the gang members except Todd and Jack. When the gunfire stops, Jesse strangles Todd with the chain of his handcuffs, finally breaking Todd's neck. Jack tries to bargain for his life with Walt's remaining stolen money, but Walt shoots him dead as he already left more than enough for his family.

He asks Jesse to kill him, but Jesse refuses. Walt then sees that he has been mortally wounded by a ricocheting round from the machine gun and accepts his fate, as even if the bullets don't take his life, the cancer will. Moments later, Lydia calls from Todd's cell phone, which Walt answers. Walt coldly informs Lydia that he has poisoned her with ricin, and hangs up. As Jesse drives away from the compound, crying with relief, Walt walks to the lab and smiles nostalgically as he takes a final look around. As the police arrive, he collapses to the floor and dies, with a satisfied smile on his face.

Walter White is remembered as the biggest drug lord in American history, with the empire being the biggest meth operation the country has ever seen. Anyone that has ties to him is either dead, on the run, or having barely managed to live a semi-normal life. Jesse manages to escape to Alaska while tricking the public into thinking he ran off to Mexico, Skyler took a plea deal with the feds, all of Saul's assests were seized while he himself is stuck living a depressing life as a Cinnabon manager, Lydia was heavily implied to have died off-screen, Saul's secretary Francesca is a somewhat-free man that spends her life being spied on by cops, Huell went to New Orleans to start living a normal life, Skinny Pete was briefly arrested for helping Jesse (although presumably was released afterwards), while Patrick Kuby's fate remains unknown. That said, despite his infamous reputation, it's been agreed that, without Saul, he wouldn't get as far as he did.

Around a month or two after Walt's death, Saul aka "Gene" is recognized by a cab driver named Jeff. Realising the man wants to enter "the game" and do something exciting with his life, Gene trains him into a criminal to rob the mall that he works at. Alongside this, he mentions Walt several times, saying that a high-school chemistry teacher cooking meth became a millionaire within a year thanks to his hear, or asking if people with cancer aren't allowed to be bad people.

When I was finished everyone was shocked!

Qin: WHOA MAN!

Nico: (gets out Doc Ock's Ridewatch) As much as I enjoy Breaking Bad, those two really have to go to prison. But Jesse Pinkman should get a light sentence.

Me: I agree there. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

I was ready.

Nico activated Doc Ock's Ridewatch.

(CHILDREN OF THE SUN BY THOMAS BERGERSEN PLAYS)

Nico: (SINGING DIVINELY AS SUNS AND LIGHT SWIRLS AROUND HIM)

Fighting and running from turning from who we really are

Cannot suppress so let's find the one we have shaped so far

Flying too close to the sun as if we're invincible

Cannot dictate, dominate the earth that we're living on

We can't defy the laws, cut the loss that we consummate

Around the world, we grow weaker as we exterminate

The only thing that gives, thing that brings air and life to us

Wake up one day and find what we got is so serious

We are

The children of the sun

We are

The children of the sun

The human greed and our creed is all that we have to share

Knee deep in tragical, fabrical issues everywhere

Cannot replace the one, chase the one that we used to be

It isn't how we were, why we're here, what we're meant to be

Fighting and running from turning from who we really are

Cannot suppress so let's find the one we have shaped so far

Flying too close to the sun as if we're invincible

Cannot dictate our faith on this earth that we're living on

We are

The children of the sun

The love for everyone

Always on the run

The fire in our eyes

The passion never dies

We're the chosen ones

The children of the sun

We are

The children of the sun

The love for everyone

Always on the run

The fire in our eyes

The passion never dies

We're the chosen ones

The children of the sun

We are, we are

We are the children of the sun

We are, we are

The children of the sun

We are, we are

We are the children of the sun

Always on the run

Nico danced and fired waves of sunlight and suns and blasted Another Upchuck all over.

Me: Nice one Nico! Lets see here. How about this one. (ACTIVATE'S EVIL FALCHION'S RIDEWATCH) (Reading a verse from Eternal Phoenix) "Spreading beautiful wings of fire adorned with the colors of red, orange and yellow and ready to blast it's foes with the purifying flames of fire, The Immortal Phoenix unleashed a powerful blast of fire and made new life grow from the ashes and the foe was in awe of the majesty of the fire from which new life will begin anew."

Give me just one night

I grew wings of fire and flew into the air and turned into the Immortal Phoenix and fired waves of fire and smashed her down and then numerous new trees of fruit all grew!

Nico: THAT IS COOL!

Qin: WOW!

I landed.

Me: WOW!

Nico: Ridewatch and Wonder Ride Book combo! Really cool!

Kaito: (gets out Revice gear) Don"t forget us!

Zocks: (Gets out Saber gear) This is for Touma!

Kaito got a Revice Sword and Zocks got a Brave Dragon Sword!

Sougo: (takes out Revice Ridewatch) Save some for us!

Geiz: (takes out Blades' Ridewatch) Good thing you guys already faced Another Blades.

Sougo got ReviceArmor while Geiz got BladesArmor.

Me: That was so awesome though.

Qin: It sure was.

Sougo and Geiz blasted and smashed Another Upchuck all over.

Me: RIGHT ON!

But then my Sword of Harmony started glowing.

Me: Huh?

I unsheathed my sword.

Me: The Sword is glowing.

Then it fired a beam of light and then I got MY OWN KAMEN RIDER SABER HENSHIN BELT!

Qin: WHOA!

Me: My own Henshin Saber Belt!

Nico: Oh wow! Lets see what this can do.

Me: Here we go.

I activated my belt and Wonder Ride Book!

"Gaining the Power of the Ever Eternal Omni-Omega Sword, the mighty Hero Adorned the Ultimate Armor of the almighty Rider of all the Wonder Ride Books all together. Thus giving rise to the all powerful Kamen Rider Wonder!"

Me: HENSHIN!

I had the elemental forces swirl around me and all the Wonder Ride Books merged and I turned into a new Kamen Rider! I had Rainbow Armor and rainbow Angel Wings on my back and I had an awesome sword in my hands. I had become KAMEN RIDER WONDER!

We were amazed and in awe!

Qin: WHOA!

Eli: WOW! Bro is that you!?

Me: Whoa! This is amazing!

Maria: Wow! Touma is gonna be amazed to see this!

Another Upchuck ate some rocks.

Gaon: I think I know what she's gonna do now!

She fired waves of energy and I deflected the blasts and they went into the sky!

Qin: Wow!

Me: My turn!

I fired a fire dragon at her and it hit her and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Qin: WHOA! That was awesome!

Applejack: YEEHAW! That was amazing!

Ren: My turn.

He blasted Another Upchuck all over with his blasters.

Nico: YEAH!

Another Upchuck fired more energy blasts and then a Flameblade Angel swooped in and deflected the blasts back and they hit her all over.

Nico: WHOA!

Me: A Flameblade Angel! Wow!

Flameblade Angel: Looks like I got here just in time.

Nico: Trina Arbuckle!? Wow!

She reverted back and it was a girl with orange hair and orange clothes and she had wings made of pure lava and the heat coming from them was incredible!

Po Kong: WHOA That is awesome!

Nico: Yeah!

Trina Arbuckle: Awesome to see you again Nico.

Nico: You too Trina.

Trina Arbuckle: And J.D. you look so awesome as a Kamen Rider for Saber. That's my number one favorite series.

Me: I'm truly honored that you like that one. We got meet them in a couple of hours.

Trina Arbuckle: Cool.

She fired waves of lava and the blasts all hit Another Upchuck and knocked her down and I caught the Ridewatch and purified it. She was back to normal. Selene was a girl with black hair, black clothes with skulls on them and she had a scar over her right eye in the shape of a lightning bolt. But her eye wasn't damaged. She had the scars I told everyone about.

I picked her up.

Me: Selene? Are you okay?

Selene Shaunbacher: (Groans) Wow what a headache. (STOMACH GRUMBLES) Uh oh! (VOMITS ALL OVER THE GROUND)

All of us: EW.

Me: Eating rocks.

I reverted back.

Me: She's gonna be hurling her guts out for a while. She ate lots of rocks and stuff her body doesn't like.

Po Kong: Geez. Poor girl.

Shiv: But at least she's okay. But that was one of the most amazing battles and rescues ever.

Me: But Selene I don't know what the hell your mom was thinking getting that stuff Blue Sky.

Qin: Yeah she had no idea that stuff was dangerous.

Nico: Jesse Pinkman should be in therapy for all the shit he's been through.

Eli: I agree there.

Me: That was awful.

Selene vomited into a bucket that I got out for her.

Lola: Poor girl.

I was using my tail to hold it for her.

Trina Arbuckle: Man Swartz did a number on her.

Me: It's not Swartz. She was eating rocks and all that.

Trina Arbuckle: Oh.

Lie Ren: Gross. But what's your favorite memory of Nico?

Trina Arbuckle: I have a lot of them but most of them revolve around us battling bullies. One time me and Nico were walking to class and we saw a bully punching a kid's face in and I used my lava powers to give him a massive and nasty 3rd degree hotfoot. It was so bad that they amputated the kids feet.

Me: Ouch!

Qin: Yeah it was awesome.

Nico: Yeah and we got that kid expelled.

Me: Good.

Nicole: Good riddance.

Nico: Yeah.

Nico and Trina hugged.

Nico: I've missed you.

Trina Arbuckle: Me too Nico. Me too.

Applejack: But y'all made this the most amazing baby shower ever!

Me: We're happy you had a good time Applejack.

Coloratura: We sure are A.J.

We had a great time.

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, The Samurai Warriors, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, and The Demon Slayer Corps are heading to Alphea, and not only is Lincoln going to rescue the six girls here, but we got word that Lord Darkar has come back from the dead to get revenge on me yet again.

Lincoln also called Bloom and Sky here, as soon as he told them that Darkar has returned yet again, and Alfea was put on high alert of The Shadow Phoenix's return.

Lincoln: Wow, we're here in Alfea, and I know what we're going to do here, not only am I going to rescue the six girls here, but we got word that Lord Darkar has come back from the dead to get revenge on you yet again, J.D.

Me: I should've expected this, first Valtor escaped from The Omega Dimension, and now, Darkar has returned. Well, this is going to be the last time that monster dares to return.

Nico: Yeah, and this time, The Shadow Phoenix will fall for good, and when he sees you transform into your Eternal Celestial Xelnaga form, he'll be pissed.

Lincoln: And he'll be destroyed for good. And I want to thank you, Bloom, and Sky for joining us, Blake.

Blake: You're welcome, Linky.

Bloom: As soon as you told me that Darkar has returned, I had to come along. He's going to pay for turning me into a Dark Fairy.

Eli: Yeah, that monster deserves to die a horrible death.

Sky (Winx Club): You said it.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of six girls calling for help, along with the sounds of demonic laughter. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the six girls, but they've been cornered by Lord Darkar, and he's going to kill them.

Lincoln: Time to hightail it over there, guys, I found the six girls, but they've been cornered by Lord Darkar, and he's going to kill them.

?: (Girl's voice) (Chinese accent) That evil demonic monster!

?: (Girl's voice) (Italian accent) Let's get him!

Suddenly, we saw the Duel Monsters, Sunavalon Dryatrentiay and The Arrival Cyberse Ignister, appear before us.

Nico: Whoa, that's Sunavalon Dryatrentiay and The Arrival Cyberse Ignister, awesome.

Lincoln: And I'd recognize that Chinese accent from the Sunavalon Dryatrentiay, I knew it was you, Lara Xīnxiàngmù, and that Italian accent from The Arrival Cyberse Ignister, I knew it was you, Rei

Vedovanera, but we'll talk later, time to put an end to Darkar for good.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Lord Darkar, and that allowed the six girls to get away. When Lord Darkar saw us, especially me, he was beyond enraged.

Me: I should've known you'd show your ugly face again, Darkar.

Darkar: Laugh all you want, Knudson. I will have my revenge on you and every living thing in this pathetic world!

I transformed into my Eternal Celestial Xelnaga form, and it pissed him off even more.

Bloom: That's never going to happen, Darkar.

Suddenly, Bloom's blue eyes turned neon sky blue, and she was surrounded by an orange and blue energy aura with flames, dragons, and phoenixes, she unholstered her massive Domino's Guardian Fairy Sword of Love from her back, and as she approached Darkar, she left orange and blue energy, flames, dragons, and phoenixes with every step.

Bloom: I will never forgive you for the crimes that you'd committed against The Magic Dimension long ago, Darkar, and I will never forgive you for turning me into a Dark Fairy and brainwashing me into turning against my friends, and for that, you'll be reduced to ashes for good, and this time, you're never coming back.

Suddenly, Bloom was surrounded by a massive vortex of orange and blue energy with flames, dragons, and phoenixes surrounding it, there was a dragon flying around the vortex, and inside the vortex is an orange phoenix. Then, as the vortex faded, Bloom had emerged, but she was changed forever.

We were amazed by Bloom's Super Angel Eternity Infinity transformation, and when Sky saw her, he he had an atomic red blush on his face. But, when Darkar saw it, he fell into a rage and fired a blast of fire to kill her, but Bloom absorbed it and it made her stronger, and she fired a powerful orange and blue energy blast with flames, dragons, fairies, and magic, and it hit Darkar and injured him badly.

Nico: Wow, Bloom's transformed, and she really hurt that evil Shadow Phoenix, awesome.

Bloom: (Divine Echoing Cosmic Voice of The Draconic Domino Fairy and Divine Draconic Love) **Now, to put an end to this monster.**

Lincoln: Yeah, let's get him!

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and Ken, Nico, Nicole, and Eli also transformed, and we went after Lord Darkar, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him.

Lord Darkar continued throwing powerful blasts of fire at us, but we continued absorbing the blasts of fire and it made us even stronger than ever, then Lincoln grabbed Darkar by the neck and he sucked out and absorbed all of Darkar's powers and abilities and we made them our own, and all of us fired powerful energy beams at Darkar and it exploded with incredible power, killing him for good and he was erased by The Black Gates forever. We cheered wildly as we holster our weapons and powered down, and Bloom's new body, clothes, weapons, jewelry, and massive orange angel wings and blue fairy wings are permanent. Then, Sky went up to Bloom and they shared a kiss and we cheered for them.

Me: We did it, Darkar is finally gone for good.

Lincoln: Yeah, and The Shadow Phoenix will never rise again to torment anyone again. (To Lara Xīnxiàngmù and Rei Vedovanera) And it's so good to see you again, Lara Xīnxiàngmù and Rei Vedovanera.

Lara Xīnxiàngmù reverted back to normal, and she's a beautiful girl with long flowing pink hair, green eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful pink angel wings, and she reigned in the power of Sunavalon Dryatrentiay, and she's dressed in a sleeveless purple vest, sleeveless purple midriff top, purple skirt, purple pants, purple legwarmers, purple high heels, and long sleeveless purple trenchcoat with plants and trees on the coattails, and Sunavalon Dryatrentiay on the back, and holstered on her back a large Sunavalon Dryatrentiay-themed greatsword with Sunavalon Dryatrentiay etched on the 7'0" massive, wide, double-edged purple blade, purple angel wings for the crossguard, large pink gem embedded in the rainguard, longer black handle, and a large purple gem surrounded by angel wings for the pommel.

And Rei Vedovanera reverted back to normal, and she's a beautiful girl with long flowing black hair, red eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful black angel wings, and she reigned in the power of The Arrival Cyberse Ignister, and she's dressed in a sleeveless open blood red blouse, sleeveless black midriff top, black skirt with red hourglass on it, black pants with designs, black knee-high boots, and long sleeveless black trenchcoat with cyber warriors on the coattails, and The Arrival Cyberse Ignister on the back, and holstered on her back a large The Arrival Cyberse Ignister-themed greatsword with The Arrival Cyberse Ignister etched on the 7'0" massive, wide, double-edged black blade, black angel wings for the crossguard, large red gem embedded in the rainguard, longer black handle, and a large red gem surrounded by black angel wings for the pommel.

Lara Xīnxiàngmù: (Chinese Accent) You too, Lincoln.

Rei Vedovanera: (Italian Accent) Indeed, it's been a long time, White Rabbit.

Lincoln went up to Lara Xīnxiàngmù and Rei Vedovanera and they hugged, and Lara Xīnxiàngmù and Rei Vedovanera were very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since they last saw him, and they also felt just how strong he's really become, and they had an atomic red blush on her face, and the atomic red blush on their faces went even deeper when they saw his vampire fangs and his eight massive deep sapphire blue angel wings with stars in the feathers and rainbow tips on the feathers.

Lincoln: It sure has, I haven't seen you two when we were eleven, and as you can see, I really grew a lot since then.

Lara Xīnxiàngmù: (Chinese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and eight massive deep sapphire blue angel wings, that's so awesome.

Rei Vedovanera: (Italian Accent) You said it. Time really has passed since then.

Nico: Whoa, Lincoln, you know these two.

Lincoln: Indeed I do, Nico. The Sunavalon Dryatrentiay Gene-Slammer is Lara Xīnxiàngmù, she's not only my Guardian Angel from China, but also my classmate in English. Her last name Xīnxiàngmù means Heart Oak in Chinese, I was the one who introduced Lara to comics and we would often read comics together all the while in our underwear, and yet neither I nor Lara cared about that. We once planted several cucumber plants, and this one time, while reading comics in their underwear, she ended up kissing Lincoln on the lips.

Lara Xīnxiàngmù: (Chinese Accent) Oh man, I still remembered that day all too well, and thank goodness we had the door closed, otherwise, we'd be in massive trouble with your sisters and parents.

Lincoln: Yeah, that'd be really embarrassing.

Nico: Big time.

Lincoln: Plus, Lara hates Scoots with a burning passion, and I also found out from Lara that she's also the cousin of Sakura Haruno.

CLANG CLANG!

My jaw and Nico's dropped to the floor.

We had our jaws lifted up.

Nico: Whoa, so she's Sakura's cousin. Wait a second, of course, the pink hair and green eyes were a dead giveaway.

Lincoln: Yep. And The Arrival Cyberse Ignister Gene-Slammer is Rei Vedovanera, she's not only my Guardian Angel from Italy, but also my classmate in English. Her last name, Vedovanera, means "Black Widow" in Italian. Rei might look like a punk, but I was one of the few who understood her. In fact, I made her a beautiful wine purple bikini and whine purple jacket. Plus, she outright hates bullies, in fact, when she noticed Chandler and his goons bullying me, she straight up beat the crap out of them, and when she was done, their arms and legs were broken and their teeth were smashed out of their mouths, and she even kicked them in the crotches for good measure, and to show how grateful I was to Rei, I actually kissed her on the lips.

Rei Vedovanera: (Italian Accent) I had no idea of how good a kisser he was, but I accepted it and I returned it. Plus, I often called him "White Rabbit" because of his white hair, and I really hate Chandler with a passion, and I don't know if Lincoln told you this, but I'm the cousin of the Total Drama contestant, Duncan.

CLANG!

My jaw dropped even more.

I had it lifted up again.

Me: Whoa, I didn't know that Duncan's your cousin. But, that explains the punk look all too well.

Nico: Yep. Oh man, wait until Sakura and Duncan see you guys again.

Lincoln: That's right, Nico. It'll be one awesome family reunion.

Suddenly, two Elemental Thunderbird Necklaces of Eternal Love appeared around Lara Xīnxiàngmù and Rei Vedovanera's necks with pink gems for Lara and red gems for Rei on the gold thunderbolt links and pink crystal links for Lara and red gems for Rei from their brand-new Crystal Necklaces of the Buddha which merged with their Elemental Thunderbird Necklaces of Eternal Love, along with their Elemental Thunderbird Chokers of Eternal Love.

Lara Xīnxiàngmù: (Chinese Accent)(Surprised) Lincoln, are these…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love and Elemental Thunderbird Choker of Eternal Love, and that means you two are now part of my harem and one of my many future wives, Lara and Rei.

Lara Xīnxiàngmù and Rei Vedovanera had a smile on their faces and tears in their eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around the girls' waists and the girls wrap their left and right arms around Lincoln's thick muscular neck, and he leaned down to their faces and he kissed them passionately on the lips, and they also returned it, and we cheered for them. Then, we went up to the six girls, and when Lincoln saw them, he recognized them immediately. The six girls are Kobato Haneda, Naru Ootori, Hiyoko Tamaizumi, Asuka Watarai, Eriko Hino, and Kinako Mochizuki from We Without Wings.

Lincoln: Oh wow, it's Kobato Haneda, Naru Ootori, Hiyoko Tamaizumi, Asuka Watarai, Eriko Hino, and Kinako Mochizuki from We Without Wings.

Nico: Awesome.

Lincoln: Are you girls okay?

Kobato Haneda: Yes, we're okay, thanks to you.

Then, when Kobato Haneda and the other five girls saw who it was that saved them from Lord Darkar,their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Kobato Haneda: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Kobato Haneda: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared on the necks of Kobato Haneda, Naru Ootori, Hiyoko Tamaizumi, Asuka Watarai, Eriko Hino, and Kinako Mochizuki with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villain we went after was Lord Darkar, who returned from the dead seeking revenge on me yet again.

But, when Lincoln showed what happened with Bloom transforming and all of us putting a permanent end to Lord Darkar for good and sending him to The Black Gates, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln, Lara Xīnxiàngmù, and Rei Vedovanera have a lot of catching up to do, now that they're back in town, and when they saw their cousins again, it was an amazing family reunion.

Sakura Haruno: Wow, Lara, you've really grown from that little 11-year-old girl into a beautiful young woman.

Duncan (Total Drama): Same with you, Rei.

Lara Xīnxiàngmù: (Chinese Accent) And I could say the same to you, Sakura. And you already know that I'm Lincoln's Guardian Angel, same with Rei.

Sakura Haruno: Yeah, Lincoln told us, and I know he'll take good care of you and Rei, same way you two have protected and defended him from Scoots and Chandler.

Courtney (Total Drama): Oh no, Lincoln, if Rei catches Chandler here, she's going to kill him.

Lincoln: Don't worry, Courtney. I told her that J.D. removed Chandler's dark half, and that me and Lily the Mermaid sent Dark Chandler to The Black Gates after his rampage in Chang An.

Me: Yeah, he made sure of that.

Nico: Otherwise, it would've been really messy.

Eli: You got that right.

* * *

After finally putting a permanent end to Lord Darkar and this time for good, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Lara Xīnxiàngmù and Rei Vedovanera saw Lincoln working out like crazy, they had an atomic red blush on their faces, hearts in their eyes, and their noses were bleeding.

Lara Xīnxiàngmù: (Chinese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Rei Vedovanera: (Italian Accent) He sure has, but he's still the same person we all know and love.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, girls, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Lara Xīnxiàngmù: (Chinese Accent) That's incredible.

Nico: It sure is. So, Lara, Rei, do you have some stories to share with us?

Lara Xīnxiàngmù: (Chinese Accent) Of course. This one time, Lincoln and I were in the backyard of The Loud House planting some cucumber plants, but then, we heard the loud sounds of thundering footsteps and the sound of an electric scooter, and we saw who it was: it was Lori and she was in a really bad mood and she wanted to kill Lincoln, and to make matters worse, Lori also got help from that bitter, troublemaking old goat, Scoots. Then, Scoots ran over our cucumber plants and Lori threw a knife and cut me right on the cheek, and they were laughing cruelly at us. I was at the same level of rage as Sakura, and I ran over and punched Lori hard in the face and it actually sent her flying to Liam's farm and she landed in a pile of cow manure, and she let out a nasty banshee screech, but we weren't done yet since there was still the matter of Scoots. Lincoln fired a blast of darkness and had Scoots imprisoned inside it, and for good measure, he destroyed her scooter with another blast of darkness. We told Mr. and Mrs. Loud of what happened and what Scoots did in ruining the cucumber plants and Lori throwing a knife at me that cut me in the cheek, and they were horrified. When Lori came back, she smelled like cow manure and she was really really pissed off, and she was about to kill me, but Lincoln fired powerful jets of water at Lori and sent her flying into the fence, but she wasn't safe for long, Mr. and Mrs. Loud grounded Lori for eight weeks for not only hurting me and ruining our cucumber plants, but also, for getting help from Scoots, who was then sent straight back to Sunset Canyon, where Varie put her in a straitjacket and threw her in a padded room there, and when Lincoln told her that Lori was behind that, she came straight home and sprayed Lori with raw sewage.

Nico: EW! That stinks!

Me: Literally, and I had to spray her with water to get the cow manure out, but Lori had it coming for that one, Nico.

Rei Vedovanera: (Italian Accent) Big time, now it's my turn. One time, Lincoln and I were at The Loud House and we were playing video games in the living room. But, then, Lincoln got ambushed out of nowhere by Lynn, and she was beating him up like an animal, and she said it's for her "sparring", but I knew she was lying and she loves beating the crap out of Lincoln and seeing him cry for her own sick amusement. I was literally seeing red, and I got off the couch and I punched Lynn hard in the face and it got her off of Lincoln, who had a black eye and blood coming out of his mouth, along with a lot of bruises. Lynn saw it, and she was already mad that he's not crying like she wanted. But, his superhuman regeneration kicked in and his injuries healed, but then, I saw Lincoln's eyes turn from black to blood red, his vampire fangs grew longer, and his nails grew into claws, and I knew it was going to get ugly. But, before Lynn could attack, Luna came in and grabbed Lynn by her ponytail and dragged her straight to Mr. and Mrs. Loud's room, and when we told them of what Lynn did, she was in major trouble: she got grounded for nine weeks, and next week was the day of her big hockey tournament, but Lincoln called her coach and told her she was going to be grounded for nine weeks, and she wasn't allowed to go. This got Lynn so mad, she punched Luna in the nose and knocked her out, and she also pushed me out of the way, and she ran to kill

Lincoln, but Lincoln levitated her off the floor with telekinesis and he tossed her smelly butt in an isolation cube in her room, and Lucy bunked with Laney, since Lynn has an ugly temper.

We cheered wildly for what the girls and Lincoln did to Lori, Scoots, and Lynn.

Me: Wow, you girls sure are tough.

Duncan (Total Drama): You said it, dude. Rei outright hated bullies ever since she was a kid, and Linc was one of the few who understood her, see, when Rei was little, she was bullied big time, and that's what led to her turning into the girl you see now.

We gasped.

Lincoln: Rei told me all of that long ago, and she swore if she ever found the jerks who bullied her, she'd make them eat boot leather.

Nico: By that, she meant kick their asses all over the place, right?

Lincoln: Yep.

Sakura Haruno: And you saw that Lara had the same strength as me, right?

Lincoln: That's right, and I know what happens when someone dares to make Lara mad, and Lori and Scoots both got what they deserved for what they did.

Lori: I literally don't know what I was thinking with hiring Scoots, because I knew of what kind of person she really is, and that she's caused all of us trouble with her antics.

Lynn: When I found out about it, I wanted to go down there and kick yours and Scoots' butts for what you did, Lori, but Lara literally beat me to the punch when she sent you flying into a pile of manure at Liam's farm, and Lincoln put Scoots in a sphere of darkness and destroyed her scooter.

Lana: Scoots had it coming for a long time, and we didn't talk to Lori during her punishment, and what she did in hiring Scoots was a line that only Lynn crossed long ago, and now, Lori's crossed it big time.

Lincoln: And that's why Lara hates Scoots with a burning passion, and so do we.

We got a shower afterwards, and then, Lincoln and Delia Shannon got out their big treasure chest of Legos for a big surprise: they were going to make Lego versions of the girls in Lincoln's harem.

Lincoln: This is going to be so awesome, Delia, and I can't wait to see the look on your cousin's face when we make a Lego version of her.

Delia Shannon: (French Accent) Indeed, she'll love it.

Lincoln and Delia Shannon got straight to work with making the Lego versions of the girls in Lincoln's harem, and they also made Shadow Clones for this task. Hours later, Lincoln and Delia Shannon were done, and the Shadow Clones vanished. Then, they came out of the room and with awesome looking Lego versions of the girls in Lincoln's harem, and when the girls in Lincoln's harem saw them, they were really amazed.

Ronnie Anne: Wow, you guys made Lego versions of us, that's so awesome.

Girl Jordan: Really amazing.

Lincoln: Yep, and they're all for you.

The girls in Lincoln's harem piled on Lincoln and he was covered head to toe in kisses from his face to his massive and muscular body, and he had a lovestruck look on his face, steam whistling out of his ears, and hearts in his eyes.

Qin: We all can't wait.

Nico: Yep. All right everyone listen up! This is gonna be the most incredible battle we've had. We're going into battle against the evil insane nutjob, Storious. For those that just joined the team let me tell you all about him.

Nico went over his history.

---

Storious is the leader of the Megiddo and one of the two main antagonists of Kamen Rider Saber alongside Master Logos. He is the one that is responsible for summoning the Story Megid. He serves as the secondary antagonist of the first quarter, a major antagonist of the second quarter, a background antagonist in the third quarter and the main antagonist of the final quarter, thus serving as the final antagonist of the entire series.

He seeks to create the Alter Ride Books in order to bring forth the Great Book, in order to destroy both Earth and the Wonder World. To this end, he manipulated both Legeiel and Zooous in order to further his own plans. He has an alliance with Master Logos, so he could obtain all the other Wonder Ride Books and as well as use them to recreate the Great Book, so he could use its power in order to destroy both the Earth and the Wonder World, and as well as recreate them in his own image.

After gathering the five powers of the First People and obtaining the Grimoire Alter Ride Book, Storious becomes Kamen Rider Storious.

He is portrayed by Robin Furuya

Storious was originally one of the five followers of a mysterious woman who linked the Earth with the Wonder World, thus people could enter and exit the Wonder World. Once a poet and great writer, Storious loved nothing more than to create great epics, always being praised with how he can come up with great original stories. Upon setting foot in the Wonder World, Storious and his two comrades sought out the Great Book to use its knowledge for a better world. However, upon finding and reading it, Storious' ego and pride would forever be wounded; within the contents of the book, he learned everything that has happened and will ever happened is predestined, including his own writing. Seeing himself as nothing more than a puppet with no free will now, Storius came to the conclusion that his new purpose is to bring about the end of the world as it's written in the Great Book, and conspired with Legeiel and Zoous in secret, with the promise they can remake the world in their own image. The three tore pages from the Great Book, in which they used to become the Megid and began building up an army of monsters, thus resulting in their former ally, the first Master Logos, founding the Sword of Logos in order to fight against them and the monsters they have created.

Storious and his fellow Megid seek to use the said monsters in order to trap several people on Earth into the Wonder World, so they could be transformed into Alter Ride Books. The Megid seek to use these books in order to use the power of the Great Book to give them control over the current world, enabling them to use its power to remake the world into their own. However, Storious has his own plans, in which it involves gaining control of the Earth and the Wonder World, and to this end he plans to steal both of his companions' Alter Ride Books so he can merge them with his own. In addition, Storious also has an alliance with Isaac, the current Master Logos that betrayed the legacy of his predecessors, in order to collect the remaining Wonder Ride Books in order to recreate the Great Book, so he could succeed in his master plan.

After seeing to the deaths of his two comrades, Storious murdered Tassel, in order to obtain the last piece of the Great Book, in which he wanted to grab it in order to succeed in his plans. Storious then turned several people into books and fed them to the Charybdis Megid alongside a clone of Sophia that he created, before letting it devour all five books along with himself in order to merge them together in order to create the Grimoire Alter Ride Book, in which he uses its power in order to become Kamen Rider Storious. With his newfound power, Storious sought to merge both the Earth and Wonder World in order to destroy both of them, so he could see to the end of the story in his very own image.

2000 years prior to the present day, Storious was a poet who wrote numerous stories and delighted in reading them to others.

At some point, Storious became part of a group of five travelers alongside Victor, Legeiel, Zooous and the man who would become the first Master Logos. The five sought to find the Wonder World in the hopes that its power could be used to give humanity a better life. They eventually found a mysterious woman from the Wonder World with the power to link the worlds and became her followers, becoming the first humans to set foot in the Wonder World after she enabled them to pass over. There, the five bore witness to the source of the Wonder World's power, the Book of Omniscience.

While Victor wanted to use the vast array of knowledge stored inside to give humanity a better life, Storious soon discovered that every poem he had ever written was already in the Great Book and that what he had thought he had come up with on his own he had in fact received from the Wonder World, leading him to believe his work was meaningless as he nor the rest of humanity could create anything original that wasn't already written down in the Great Book. With that revelation, Storious sought to obtain the Great Book's power for himself, teaming up Legeiel and Zooous, who had also been corrupted by the Book's power, to do so. The three soon attempted to steal it and each tore a page from it, embedding the pages into themselves to become the very first Megid. The three were opposed by Viktor and his other companion, who founded the Sword of Logos to safeguard the Book of Omniscience and prevent the Megid or anyone else from abusing its power. The Megid would soon use the pages they had collected to create the Alter Ride Books and use them to build a vast army to fight against the Sword of Logos, triggering the War of the Wonder World. To ensure the

Book of Omniscience's power would be less concentrated should it ever fall into anyone's hands, the mysterious woman split it up into dozens of pages, forming the Wonder Ride Books that the swordsmen of the Sword of Logos used to transform into Kamen Riders. The three largest portions of the Book were given to Viktor and Master Logos, with Victor taking one portion to safeguard himself while the first Master Logos took two to place in Northern and Southern Base. Victor would also become the Wonder World's new guardian, taking up the name "Tassel".

The war between the two sides would rage for 2000 years. Eventually, the successor to Master Logos, bored of his duty to safeguard humanity when he saw them as a foolish and stagnant species, made a secret alliance with Storious to reassemble all the pages of the Book of Omniscience so they could use its power for their own ends. He would also at some point experiment with creating a hybrid of all three Megid classes, resulting in the birth of Desast. Unbeknownst to Legeiel and Zooous, who sought to use the Book to grant themselves unlimited power, Storious sought not to use the completed book to remake the world, but simply to end it, as he had grown to believe the world to be meaningless since all of human invention came from the Great Book.

As part of their conspiracy, the current Master Logos manipulated Hayato Fukamiya into kidnapping Luna, a mysterious girl from the Wonder World who had the power to bridge the worlds, and using her in a ritual to bridge the Earth and Wonder World. The other Riders of the Sword of Logos soon arrived to stop him, only for the Storious and the other Megid to appear to fight them. In the end, Hayato was defeated by his former comrade Daichi Kamijou and the ritual was left incomplete, though Luna was lost. Having learned that Hayato was coerced by a traitor within the Sword of Logos, Daichi took up the Kurayami blade to become the next Calibur and sided with the Megid in order to find the traitor, unaware of Storious' involvement with him.

At some point following the Golem Megid's destruction, Storious created both the Ari Megid and Kirigirisu Megid and sent them to entrap a portion of a city to rewrite reality. However, the two monsters were soon met by Kamen Riders Saber and Blades, who arrived to stop them. As the Riders fought against the Megiddo Mamono, Storious and the other Megiddo observed them from their base. The two Riders eventually triumphed over the Megiddo, destroying them both and returning the city to normal.

After Kamen Rider Calibur expressed a desire to travel to Avalon, Storious decided to help him get there. Posing a victim of a Megid attack, Storious was able to get close to Touma and steal his power to transform into Saber. After returning to the Megid's hideout, Storious and Calibur used the power taken from Touma to open a portal to Avalon.

Eventually, Storious and the other Majin put their plan into motion with help from Kamen Rider Calibur. They created giant books at six points in the city that formed a ring and used them to create a portal connecting Earth to the Wonder World, summoning the book that contained the Table of Revelation. While Calibur flew inside the portal to obtain the page, the three Majin assumed their Megid forms to hold off the Kamen Riders of the Sword of Logos. However, they were unable to stop Saber from entering the portal after Calibur.

Ultimately, Saber would thwart Calibur's attempt to obtain the Table of Revelation and Calibur would die after being stabbed through the back by Desast. Zooous was frustrated that all the Megid's work had been undone, but Storious assured him that it was not for nothing as there were now numerous humans who were linked to the Wonder World that could be used for creating Megid.

Sometime after Zooous created the Neko Megid from Mei Sudo, Storious met with Master Logos in his throne room to discuss their next move. Storious noted that Sophia had returned to Northern Base, though Master Logos was unconcerned and stated that she might even help with gathering all the Wonder Ride Books needed to recreate the Book of Ancients. He then declared that their next move would be to claim Northern Base's power and informed Storious that Northern Base had a portion of the Book of Ancients not unlike the one in his possession.

Storious then teleported away to check up on Zooous, leaving the scene just before Reika and Ryoga Shindai arrived in the throne room. Reika informed Master Logos that the traitor and the Megid had gotten away, but Master Logos told her not to touch them and instructed them to leave them alive before teleporting away himself. After Zooous was defeated by Touma and Rintaro, Storious swooped and retrieved the key Zooous had dropped before bringing Zooous back to their lair.

Right before the attack on Northern Base, Storious met with Master Logos to discuss their plan of attack. Storious noted that the base had a barrier around it to protect it from attack, but Master Logos declared that breaking it would be mere child's play. Storious then offered to provide support for the attack, noting that he had a "wild beast" ready to rampage.

After this, Storious departed, Master Logos went out to the balcony of Southern Base and fired a magical arrow all the way to Northern Base, shattering the barrier and allowing Storious and Zooous to break in alongside the Shindai siblings. While the Northern Base Riders were able to fend off the Shindai siblings and destroy Zooous, Storious was able to get away with the objective of his attack, a Wonder Book that would allow him to create artificial humans to connect the worlds. Returning to his lair, Storious was later seen using the book to create a new human resembling Sophia.

Storious watched from afar as Master Logos assembled all the Wonder Ride Books and Sacred Swords to recreate the Great Book. After Master Logos obtained the incomplete Omniforce book, Storious departed from the scene.

Storious would later meet with Isaac again in Southern Base, only for Touma and Rintaro to enter to confront the Master. After Isaac was defeated by Xross Saber, Storious swooped in and teleported them both to the Megid lair. Storious asked the Master what his next move would be, to which he responded it was to capture Luna again.

Isaac remarked that if they captured the girl, they could easily use her to recreate the Book of Omniscience. Storious, seemingly disinterested, remarked that Saber's new holy blade was a sight to behold, to which Isaac retorted by saying "his god" had not given him permission to speak. Later, after Isaac was badly defeated by

Xross Saber and had the Omniforce book broken, Storious, watching from his lair, let out an uncharacteristically maniacal laugh. He would then come across Isaac as the pieces of the book forged back together. As Isaac proclaimed his tale would continue, Storious told him that in fact his tale ended here, finishing him off after Isaac declared himself god one last time and claiming the Omniforce book for himself. With the Omniforce in his possession, Storious, addressing the audience, proclaimed that he would spin the tale from then on, and that the story was nearing its conclusion.

Returning to the Megid lair, Storious examined the Alter Ride Books of each of the Megid and noted that he had gathered the powers of four of the original five, with the only power he still needed to collect being that of his old companion Viktor/Tassel. Desast then appeared and took note of Storious' change in wardrobe, asking him what he was really planning. Storious simply answered that it was time for him to write an ending to the tale. The two then ventured out outside the lair, where Storious revealed to Desast he intended to claim his book next. Desast refused to hand his book over, saying he still hadn't had enough fun yet, and pulled out the Mumeiken Kyomu to transform into Kamen Rider Falchion as Storious assumed his Megid form to fight him. The two battled on even footing at first, until Storious summoned the Charybdis Megid to assist him. The Charybdis Megid bit off half off Desast's body, damaging his core Book and leading Desast to retreat to recuperate. After the Charydbis Megid absorbed Desast's power to become Charybdis Hercules, Storious had it begin eating away at the barrier between the Earth and Wonder World.

Storious would then make his move to claim Tassel's portion of the Book of All, approaching him while he was searching his cottage for Luna. Storious chased Tassel through the forest and attempted to seize his portion of the book, but Tassel could not bring himself to strike his old friend. Tassel asked Storious to remember why they sought the Wonder World in the first place in an attempt to reach him and stated that he did not wish to fight his old friend, commenting that the both of them were the only ones remaining out of the original five who had sought the Wonder World. Tassel then stated it was time for them to entrust the future to Touma and Luna, only for Storious to then stab Victor through the chest and proclaim that entrusting it to anyone else was foolish. A dying Tassel then apologized to Storious for how corrupted he had become, saying it was his fault for leading them all to seek the power of the Wonder World in the first place. Hearing this caused Storious to hesitate before pushing Victor's body to the ground and claiming his portion of the Great Book.

With the Wonder World's guardian gone it soon became corrupted and began to encroach on Earth. As Touma and the other swordsmen Riders went out to stop the Wonder World's encroach, Storious appeared to personally confront Touma. Touma demanded to know why Storious had killed Victor, his own friend, but Storious simply replied that his death was another crucial scene and that the story was nearing its conclusion. He would further say that he intended to write an ending to the story filled with despair, but Touma responded that the stories which were passed down through human history were ones that gave people hope. Desast would then interrupt their conversation and attempt to attack Touma, leading Storious to ask that Touma eliminate Desast as he wasn't necessary to his story. Touma however kept his attention focused on Storious. Storious would then say that he made Desast on a whim and that he had no true purpose for living, leading Desast to attempt to attack Storious only for Storious to summon Caladbolg and block the attack. Storious would then depart from the scene, leaving Touma and Desast to fight it out. He would then return to a secret location, where he was keeping the artificial clone of Sophia he had made.

With all five pieces of the Great Book in his possession, Storious made preparations to combine them. His lair was soon stormed by Touma, Reika and Ryoga, who found that Storious had turned hundreds of people into books, who could now do nothing but writhe and scream in agony. The three were then confronted by the Charybdis Megid and the clone of Sophia Storious had made, followed by Storious himself. Storious had Charydbis devour the Sophia clone along with all of the people books he had made to empower it before sending it to attack the three swordsmen. After Touma and the Shindai siblings beat it back however, Storious stepped into the field himself and had the Charybdis Megid devour him along with the five pieces of the Great Book. After a few seconds, Storious burst out of the Megid, with the five pieces of the

Great Book having now been forged into the singular Grimoire Alter Ride Book.

With the Grimoire Alter Ride Book in his position, Storious moved to the next phase of his plan. He traveled to the place containing the tombs of the four Lords of Wise, who had previously been killed off by Master Logos, and revived them as his undead puppets. Storious then broke the barriers the Sword of Logos had put in place to temporarily stop the Wonder World's encroachment and allowed the Wonder World to continue seeping onto Earth, with giant books being opened up all over the place that caused Shimito spawn and terrorize those caught in them. The Sword of Logos Riders soon arrived to confront Storious again and stop his evil plan, at which point Storious used the Grimoire Rider book and unveiled his Kamen Rider form. He then summoned the Lords of Wise and had them attack the Riders. With their knowledge of all the guild's fighting techniques, the four sages were able to easily outmatch the Riders and force them to retreat. Before Touma departed, Storious summoned a massive tower and instructed Touma that he would be waiting for him in it. With the Riders gone, Storious created a magical barrier all over the Earth and began building up a massive army of Shimi for the final stage of his plan.

While the Kamen Riders of the Sword of Logos fought their way through his army of Shimi, Storious was visited by the spirits of his two former comrades, Legeiel and Zooous. The two asked Storious how they had ended up as monsters when they had only wanted to create a world free of hunger and poverty. Storious plainly replied that their hopes had been twisted into a bottomless lust for power. Legeiel then asked Storious if the same was true of him, to which Storious answered that it was not and that he had lost his desire to help the world upon experiencing the truth they had learned 2000 years ago. Legeiel then asked Storious what had happened to his love for poetry, only for Storious to snap back and directly address Luna, who had conjured the spirits of his two former friends. Storious asked Luna what she was trying to do by summoning them and mocked her for thinking that doing so would change his mind. Storious then revealed he knew of Luna's true nature as not only the embodiment of the Wonder World but an aspect of the Omniscient Tome itself, and proclaimed that it was him learning the truth of the

Omniscient Tome, that it was the thing that had created everything in the world and that everything made by humans was really a manifestation of what was written in the Tome, that had caused his nihilism. Storious further stated that the world's conclusion was inevitable and had already been written in the Book, but Luna protested and told Storious that there were still people who wished to save it, only to suddenly find herself in pain. Storious then revealed that he knew of how Luna had linked Touma to the Wonder World and that the Riders would play an integral role in the "final chapter" of the story he intended to write, which would see their attempt to save the world crushed in order to bring about a despair-filled ending. However, Luna responded by calling Storious a pitiful person and proclaimed that Touma was capable of inventing new things which either of them knew nothing about, prompting Storious to cast Luna's apparition away.

While the Riders held back the remaining Lords of Wise, Touma rushed to the top of the tower to confront Storious. In their confrontation, Storious revealed to Touma that everything that had ever been invented was already in the Great Book, including the stories he had written, but his words did not sway Touma into giving up. Storious then explained his own past to Touma, how he was once a poet who became disillusioned upon reading the Great Book and finding out that everything he had written came from it, but Touma still remained committed in his mission to stopping him, saying that even if his own stories came from somewhere else, they had still brought joy to dozens of people. Storious then transformed into his Kamen Rider form as Touma became Xross Saber and the two did battle. Despite Touma trying his hardest to hold his own against Storious, Storious was able to knock him out of his transformation before kicking him down a hole in the center of the room.

However, Touma was saved and lifted out of the hole by the Primitive Dragon boy. Touma then transformed into Kamen Rider Saber Primitive Dragon and attacked Kamen Rider Storious, flinging him against a wall. Despite overpowering the evil Rider initially, Saber was beaten back by Storious and knocked out of his transformation. It was then that Rintaro arrived and clashed with Storious, followed by Kento. Luna then appeared and used her power to draw forth the Wonder Ride Books and Seiken. Storious attempted to stop her, but Touma blocked his attack from reaching her. Luna used the Wonder Ride Books to create a new Wonder Ride Book containing all of their power and passed it to Touma. Touma, Rintaro and Kento then assumed their Kamen Rider forms using the book and took on Storious together. The three battered Kamen Rider Storious with the powers of various Wonder Ride Books before flinging him in the air and taking turns slashing him. They then executed a combined slash on Storious and finished him off, knocking him out of his transformation. Defeated, Storious reflected on his time as a poet and how he had made people smile with his stories. He then looked up and saw Touma with his new Wonder Ride book, contemplating how he had created a new story only to solemnly say the world would end soon before disappearing with the rest of the world. Because of Storious' earlier machinations, the entire world faded into darkness, but Touma was able to undo Storious' plan and restore everything to as it was with the power of the world's stories.

After Storious' plan was averted, all of his victims reappeared perfectly normal. Storious' spirit later appeared in the Wonder World alongside the spirits of Tassel, the first Master Logos and his former Megid allies, having made peace with his former friends, to greet Touma after he became the Wonder World's guardian. While his friends wished Touma good luck as the Wonder World's guardian, Storious remarked that the world was made of stories and that Touma was the hero he needed.

When he was done everyone that hadn't heard about it was shocked and horrified that he was that evil!

Melanie Taiyou: He is a nightmare!

Qin: Yeah and that's why we're going to kill him and banish him to the Black Gates forever.

Me: When we faced him during the W Missions I banished him to the Warp. Twice. 1 in a dream where I got my Wonder Ride Book and the 2nd during Nuju's missions.

Nico: Yep.

Lola: And this time we banish him to the Black Gates.

Olivia Houou: This is gonna be so awesome.

Nico: Yep. Lets head out everyone!

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was in the vision: it was none other than Hibana's old enemy, Hiruko Ubusuna, a powerful dark sorcerer who desired to rule the world, and he's come back from the dead to get revenge on Hibana for killing him. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is there someone else coming after us today?

Lincoln: You got that right, Nico, and Hibana, you're not going to like it one bit: the dark energy signal that I sensed belongs to your old enemy, Hiruko Ubusuna, a powerful dark sorcerer who desired to rule the world, and he's come back from the dead to get revenge on you for killing him.

Hibana gasped in shock.

Hibana: That heretical sorcerer's back?! I thought I was rid of him long ago.

Megan McAllister: If he's back, then, I'm going to get rid of that dark sorcerer once and for all.

Lincoln: Don't underestimate him, Megan. Hiruko Ubusuna's a powerful dark sorcerer and he's skilled with dark magic, he can summon Hellspawn, dimensional barriers to restrict access to segments of space and time, manipulate real world objects, and he can resurrect and command the dead by using incantations and those black scroll-like talismans, along with an arsenal of elemental and mystical attacks upon his enemies, by using certain chants and phrases that summoned a number of element-based attacks.

Hibana: That's right, and when he absorbed Yatsurao's immense Yin energy, he reverted to a more youthful state and his powers dramatically increased. In his young form, Hiruko could unleash five incredibly powerful energy beams that were composed of souls by chanting the words, "Spirits of the netherworld, obey your master!" Additionally, he was able to teleport for short distances and use his war fans to deliver a series of magic imbued melee attacks that rip the target's flesh.

Me: That's not good, and this guy's one dangerous dark sorcerer, and just like Storious and Kamen Rider Falchion, he's going to get The Black Gates for good.

Nico: You got that right, any who uses The Dark Arts to try and conquer the world and mess with the dead deserves to die. Alright, gang, let's go, it's time to meet the Saber Kamen Riders and put an end to Storious for good.

Lincoln: That insane and screwed up monster's going to pay for his crimes against literature, and you better be ready for later on, Hiruko Ubusuna, and you will pay for everything you've done, you evil, selfish dark sorcerer.

We were off to Japan!

---

When we arrived we saw them fighting ARI MEGID!

Snake: There they are, dudes!

Megan: I'll use my Grand Zi O Ridewatch.

Me: And they are fighting Ari Megid!

Nico: Yeah!

Me: Maybe if we defeat Megids we can all get our own Wonder Ride Books.

Camie: Awesome idea. Many of us don't have one.

Qin: Yeah!

Tsuyu: But it's worth a shot.

Me: Here we go.

We went at them.

Ari Megid: This story ends my way!

Touma: Not gonna happen!

But then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above them and a phoenix cry was heard.

Zocks: (Singing) Yo-ho-hoy- yo-ho-hoy- yo-ho-hoy-hoy! Hey! I am a World Pirate. In pursuit of treasure, I go from sea to sea! I am a pirate. In pursuit of freedom, I travel from world to world! I'll get my hands on it no matter what! And then I'll get a feeling that's two good! Yo-ho-hoy!

Kento: Zocks!

Megan came out of the explosion!

Megan: HENSHIN!

She activated her Grand Saber Zi-O Ridewatch and then transformed and she was in her awesome Saber Grand Zi-O Form!

Touma: WHOA! IS THAT!?

Megan McCallister: Nice to see you bro. Like my new Saber Grand Zi-O form?

Touma: Wow! This is so amazing!

Rintaro: Wow! You look awesome Megan!

Kento: Yeah!

We came out with her.

Me: We too late to join the party?

Touma: You all arrived just in time.

Ari Megid: Well you all will end with my story!

Megan McCallister: I don't think so.

She tapped a statue and fired waves of fire and blasted Ari Megid down and he exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOO

He was dead and I caught his Ride Book and purified it and it turned into a new book.

Me: "Working Nature Ants." Wow! Tsuyu you would like this one.

I gave it to her.

Manterror: We want to thank you guys for helping us in Lego Ysmault.

Me: Yeah that was awesome.

Touma: It was no problem. But it was so awesome to help you guys. And when did Megan get this form?

Me: It's a long story. But we have been really busy these last 14 days. We have been meeting Kamen Rider Teams across the board these last few days.

Rintaro: I thought you guys were going to meet all of us later on in the year.

Me: Yeah there was a change of plans. The Dino Fury Rangers are not finished with their adventures. So we are taking a break from the ambassador missions till they finish up. So to kill some time we're going to meet you guys.

Nico: It's awesome though.

Touma: It sure is. We saw 2 huge and powerful explosions. Are you guys okay?

Me: That was us destroying Swartz and Ark.

Nico: Yep.

Me: Sorry to worry you. But these last two weeks have been really action packed for all of us.

Nico: Yeah.

Touma: Wow no kidding.

Reika looked at Eli with a smile but he hid behind LeGrange.

Reika: (sighs) I'm not even being scary towards him right now!

LeGrange: I dunno. Maybe he just finds you scary overall.

Me: Yeah. Bro it's all right. She's giving you a smile and not her death glare.

Eli: Oh.

Me: Also we have so much to tell you. Lets head to the library so we can talk.

Touma: You got it.

We teleported to the library.

Touma: We're here.

Yuri: Hey guys!

Me: Awesome to see you Yuri. All of you.

Ren Akamichi: It's awesome to have you guys all here.

Twilight Sparkle: Man I missed this place.

We laughed.

Twilight then zoomed around reading books.

RD Lisa: If there are any books about science, save them for me!

Me: There's MANY subjects here for everyone guys.

RD Lisa: Neat.

They zoomed around reading books.

Applejack went to a chair and took a small nap.

Touma: Applejack sure is tired.

Me: She had a very busy day. She gave birth to 7 baby girls before we came to see you.

Reika: (Squeals) We're so happy for her.

Qin: We all are Reika.

Lincoln: And they are so awesome too.

Sunset Shimmer: Yeah. And adorable.

Goliath: Touma, is Brave Dragon really your default form?

Touma: It sure is.

Sir George: It's a most magnificent story.

Touma: Wow are you?

Sir George: Yes Sir George.

Me: Sir George is a legend in the world. He lived for over 1700 years.

Touma: Wow.

Me: I know. I was shocked myself. Ben and his team helped him out and took down Dagon.

Reika: Dagon?

Me: A malevolent monster that is from H.P. Lovecraft's Cthulhu Mythos. Long story on that but it was a battle worth remembering. But we'll tell you all about that later. First this. You already saw our Core M.O.E. Wonder Ride Books. Well check these out.

I pulled out my bag and showed them the Non-Core Wonder Ride Books.

Me: We got these after we took down Another Rider version of you Rintaro. Swartz made Another Rider of you. But we destroyed Swartz.

Rintaro: (ANGRY) WHY THAT LITTLE..

I covered his mouth!

Me: Shh. Applejack is sleeping.

Rintaro: Oh sorry. But it's good you destroyed him.

Qin: It is.

Poromon got out 1 beer bottle.

Touma: Oh, don't tell me that's-

Poromon: One bottle of beer!

RD Lynn: One bottle of beer? For a team of 10 riders?

Nico: Not gonna be helpful.

Poromon: Oh it's for me.

Nico: Oh.

Me: But to show you that we destroyed Swartz and Ark, watch this.

I pulled out my laptop and showed the battles from chapters 1838 and 1839 and they watched it all.

Kento: Wow is that you J.D.?

Me: Yep. I gained a brand new transformation.

Reika: That is incredible.

Me: You'll see it in action soon when we face Storious.

Skinner: (to Reika) As promised, we have a Gene Slammer form for you.

I pulled out the Duel Monsters card for Protector Spirit Loagaeth.

Reika: Ooh! Protector Spirit Loagaeth! That's perfect. And I do love angels.

Qin: They are really beautiful aren't they?

Eli: They sure are.

Me: But just to let you know it's gonna be painful.

Reika: I'm ready.

RD Lori: (looks outside) Um, Reika? You literally might want to get started on that Gene Slammer transformation!

Reika: Why?

Eli: (Senses something) Uh oh we got company.

We went outside and Applejack was still sleeping.

We went outside and we saw KAMEN RIDER FALCHION!

Qin: Falchion!

Me: I always love this Kamen Rider.

Nico: The Phoenix is an awesome creature

Bahato: YOU WILL PAY FOR KILLING STORIOUS!

Me: We haven't killed him yet! But soon we will. We just banished him to the Warp. Soon he will return.

Electropede got some power from nearby power lines.

Electropede: Suck on this!

He fired lightning and it hit Bahato and smashed him all over.

Qin: WHOA!

Me: Time to unleash the fire!

I activated Phoenix's Ridewatch and I spread my wings of fire and went at him and punched him in the face and we then clashed powerfully!

Bahato: I will destroy all the Swords!

Me: Not on my watch!

Sparks flew all over the place and I absorbed all the fire.

Qin: WHOA!

Nico: (reads from his Ridebook) "As the Brave hero's best friend clashed with Falchion, suddenly, Falchion was trampled by a stampede of rabbits!

RD Luan: (laughs) Better HOP to it!

They laughed!

He got trampled by a stampede of rabbits!

Me: What the!? Rabbits?

I looked at Nico and he gave me the thumbs up.

Me: Oh that is awesome!

Touma: Wow! That was awesome Nico.

Nico: Nice huh.

Me: But Reika, this is for you. (SNAPS FINGERS)

I snapped my fingers and Reika grew 2 sets of wings and then her hair turned neon red and then she had armor appear and a symbol appeared in the middle of her forehead and she got an awesome sword. She turned into PROTECTOR SPIRIT LOAGAETH!

Reika: WOW!

Varie formed a mirror and she saw herself.

Reika: Wow! I look incredible!

She tried to get up.

Reika: (shakingly gets up) But did it really have to hurt?!

Calamitous: We DID give you fair warning.

Nico: J.D. did say it was gonna be painful.

Reika: Yeah but I look amazing.

Qin: You sure do.

I kicked Falchion in his face.

Lola: WHOA!

Reika: Time to go get him.

Reika flew at Falchion and slashed and blasted him all over with light and energy and smashed him all over.

Qin: WHOA!

I then grabbed his Henshin Belt and he reverted back and I got his sword too.

Me: YEAH!

Bahato: NO!

Me: Olivia you deserve this more than Bahato.

I gave it to Olivia Houou.

Olivia Houou: My own Kamen Rider Henshin Belt! Awesome!

He was down and weak.

Bahato: Go ahead! Kill me!

I then slapped the cuffs on him.

Me: For everything you did you are going to jail for a VERY long time. Besides we already have a Kamen Rider Falchion in the Masters of Evil and we don't need a second one.

I beamed him over to the Neptune Prison and he Bahato was sentenced to spend eternity in prison.

Me: But that was awesome.

Reika: Maria, can you go with me as I revert back inside the bathroom?

Maria: I sure can Reika.

Nicole: And I'll make sure no one looks Reika.

Qin: But you did great as your first time as a gene-slammer Reika.

Reika: Thanks Qin.

Maria took Reika to the bathroom and we waited in the lobby. Applejack was still sleeping.

Yuri: Was Applejack asleep during the whole battle?

Me: She sure was.

In the bathroom, Reika was reverting back.

Reika groaned as she reverted back.

Maria: You're doing to Reika.

Her wings went back into her back and her hair turned back and her armor fell off.

Reika screamed in pain as her bones were the last to revert back as she shrunk to her normal height.

OUCH!

Maria: OUCH!

Reika: OUCH! THAT HURT!

Maria: At least you're back to human again.

Reika: (covers her personal areas) Can you get me a towel?

Maria gave her one and she covered herself and then Maria gave her new clothes.

Maria: Rarity and I made these.

Reika: Wow.

Reika went into a stall and put them on and she came out dressed in an awesome pink crop top shirt with the symbol for Kamen Rider Sabela on it and she had a jeweled sequined skirt and pink leggings. She had a pink vest with the Sabela symbol on it and she got an amazing Wonder Ride Book Storage pouch on her right hip and she had pink Mary Jane shoes.

Reika: Wow this looks so awesome!

Maria: You look radiant in that outfit.

Reika: I sure do.

They came out.

Nico: Wow.

Rarity: Oh Reika that outfit is absolutely amazing on you darling.

Reika: Boy it sure is. It's amazing.

Me: And the sequined skirt is dazzling on you.

Ryoga: I am not complaining about my sister's new attire. There's nothing wrong with a change of appearance.

Megamind: Of course there isn't.

Nico: Not at all.

Nicole: And no boys looked inside the bathroom thank goodness.

Me: My daughter Nicole hates perverts with a vengeance and anyone that does a perverted act faces her wrath.

Touma: Oh boy.

Eli: Yeah it's not pretty.

Applejack yawned and she got up.

Applejack: (YAWNS) Howdy everyone. What did I miss?

Me: You were asleep during a battle we had with Bahato.

Grodd: Are you fully awake now?

Applejack: Yes. I needed a nap.

Me: Giving birth to your seven kids took it out of you.

Qin: Yeah it sure did.

Xenia: Yeah but you missed an awesome battle. But Qin got it all on her phone.

She showed it to her and it was cool.

Applejack: Wow!

Wood Man: Nico, which Ridewatch blueprints do you have for us?

Nico: These ones.

Nico got out bluepritns for the Ridewatches of Ultimate Spidermonkey, Ultimate Cannonbolt, Ultimate Wildmutt, Ultimate Gravattack, Ultimate Articguana, Ultimate Rath, Ultimate Grey Matter, Ultimate Way Big, Crabdozer, Buglizard, and their copies.

Me: And I know who's getting the copies.

I picked Aniya Florrentine, Yumi Korra, Tabitha Welkington, Gloria Andrukhovych, Amelia Waverley, Daniella King, Blind Maria Johnson, Stella Copernicus, Evelin Hatfield, and Irina Verokkova for the copies. Baihumon, Ash, Aang, Luster Dawn, Zhuqiaomon, Ant Man, Thetis, Scarlett, Hunter, and She Hulk will get the originals.

Mole Man: For you guys, lots of Zodiarts are appearing.

Me: We've been thinking this one over and we decided to give most of you guys some of the Zodiarts as Archenemies.

Rintaro: Wow!

Me: Touma we have someone special for you. And Brittney since Kamen Rider Caliber is in the Warp I took the Liberty of giving you this.

I gave her the Caliber Henshin belt and his Wonder Ride books.

Me: You are going to have a second archenemy as Kamen Rider Caliber.

Brittney: Wow!

Me: Yep. And Olivia the same thing applies to you too. El the Wind Lord from Kamen Rider Agito is not only your primary archenemy but I have a Zodiart for you as Kamen Rider Falchion.

Olivia Houou: Awesome!

Me: And Yuina you're going to love your archenemy too.

Yuina: I can't wait.

We then went outside and got ready and then Shendu, Selene, Spymaster, Amora, Stonedozer, Whirlin, Iceage, Magma, Comic Book Guy, and INSTIGATOR appeared.

Nico: Shendu, Selene, Spymaster, Amora, Stonedozer, Whirlin, Iceage, Magma, Comic Book Guy, and INSTIGATOR.

Shendu: We raided some of Walt's hideouts.

Maria: Did you find him and Jesse?

Selene: Sadly, no. But we did find lots of drugs.

American Dad Roger Smith: Can I have some?

Spymaster: No way, man. Use your own drugs!

BONK!

I bonked Roger on the head.

Me: Roger you are not having any of that Blue Sky stuff. It will destroy you.

American Dad Roger Smith: Okay okay! Sorry!

Amora: (to Nico) How was the Baby Shower?

Nico: It was so awesome!

Stonedozer: Was it exciting?

Nico: It sure was! We had a lot of fun.

Me: Everyone had an awesome time. And Applejack had the entire Apple Family there.

Laney: It was so awesome.

Goldar came out. But he was in his GOLDAR MAXIMUS FORM!

Nico: Goldar, why are you in your Goldar Maximus form?

Goldar: Yeah, funny thing that happened this morning. We were raiding Venjix's old hideout as Evox and I got the ability to turn into this.

Me: I remember that! That was so awesome!

Robo Roxy and Robo Blaze came too.

Me: And I remember you two teamed up with Goldar as well.

Robo Blaze: We sure did.

Robo Roxy: Yep.

Me: Awesome!

Konan: So me, Sora and Akiza will be joining in on the battle.

Goldar: Yep.

Me: Cool!

We got the usual battles underway.

Kendra Armstrong, Sunset Shimmer, Pipsqueak, Fire Skylanders, Overflow, Hayley Buckingham, Masker Mind and Koichi VS Shendu - Nico's rescue as Applejack's Baby Shower

Core Medals: Shendu, Technicolor Phantoms and Filch.

Fullbottles: Shendu and The Strawberry, Vanilla and Technicolor Phantoms

---

Shendu the Demon Sorcerer of Fire was first.

Shendu: (to Kendra) Nico's rescue was Applejack's baby shower. But it was still exciting anyway.

Kendra: It sure was and it was one of the most awesome baby showers we've had.

Sunset Shimmer: We're so happy for Applejack.

Pipsqueak: (British Accent) I agree there and it was amazing how the entire Apple Family turned out for it.

Sunburn: It sure was cool. I'm so happy for them.

Overflow: Boy we all are.

Hayley Buckingham: (British Accent) We all are so happy for Applejack.

Shendu: Me too. What are their names?

Kendra: They are Apple Sunrise, Orange Dawn, Lemon Morning, Lime Noon, Blueberry Afternoon, Boysenberry Dusk and Grape Evening. J.D. called that the Fruits of the Hours of the Day. They have hair colors and eyes that go with each of the 7 colors of the Rainbow.

Shendu: That is a great theme too. Lets do it!

Kendra: Hope you like this one.

Kendra used the Core Medals of Shendu, Technicolor Phantoms and Filch and she got a baked Alaska Sword and it was a cake sword that was on fire and she fired waves of cake on fire and pinned Shendu under a huge 1,000 pound Baked Alaska Cake.

They went over and had some and blew the flame out.

Kendra: (Eating) Mmm! Love baked Alaska.

Shendu had some.

Shendu: Delicious.

Pipsqueak: One of my favorites.

Sunset Shimmer: So good.

We all came over and ate it.

Me: MMM! So delicious.

We all ate it.

Me: MMM!

Nico: Yummy. That was filling.

We went back to watch.

Kendra: That was a delicious combo.

SHENDU! TECHNICOLOR PHANTOMS! BEST MATCH!

She fired a hot fudge and he got it all over his face and licked it off.

Shendu: (SLURPS) Yummy.

Kendra: Love hot fudge.

Kendra activated her ridewatch.

Sam Simpson: Nah. But it was a cool one to face Another Upchuck.

Fluttershy: It sure was but the story behind J.D.'s friend was sad too. Selene's mom became addicted to bad drugs.

Tornado Bolt: Yeah no kidding. It was horrible.

Stealth Elf: Blue Sky is bad stuff. We're trying to find Walter White and send him to prison forever.

Eris the Elf: Yeah he deserves to go to prison.

Selene: I agree there. That guy is bad news. Lets do it!

Sam used the core medals for Selene, Sellon and Heatseeker and she got a dark fire sword and fired waves of dark fire and smashed Selene all over.

Sam Simpson: Wow! That was cool!

SELENE! SELLON! BEST MATCH!

She fired waves of dark fire and smashed her all over.

(OUR FAREWELL BY WITHIN TEMPTATION PLAYS)

Sam Simpson: (SINGING DIVINELY AS LEAVES, GRASS, FLOWERS AND DARKNESS SWIRL AROUND HER)

In my hands a legacy of memories

I can hear you say my name

I can almost see your smile

Feel the warmth of your embrace

But there is nothing but silence now

Around the one I loved

Is this our farewell?

Sweet darling you worry too much

My child, see the sadness in your eyes

You are not alone in life

Although you might think that you are

Never thought this day would come so soon

We had no time to say goodbye

How can the world just carry on?

I feel so lost when you are not by my side

But there is nothing but silence now

Around the one I loved

Is this our farewell?

So sorry your world is tumbling down

I will watch you through these nights

Rest your head and go to sleep

Because my child this is not our farewell

This is not our farewell

They danced and fired waves of darkness, leaves, flowers and grass and smashed her down.

(THE BEST DAY EVER BY SPONGEBOB SQUAREPANTS PLAYS)

SpongeBob: (Singing Divinely as Water, Jewels, Ice and Energy swirls around him)

Mr. Sun came up and he smiled at me

Said it's gonna be a good one just wait and see

Jumped outta bed, and I ran outside

Feeling so extra ecstatified

It's the best day ever (best day ever)

It's the best day ever (best day ever)

I'm so busy got nothing to do

Spent the last two hours just tying my shoe

Every flower, every grain of sand

Is reaching out to shake my hand

It's the best day ever (best day ever)

It's the best day ever (best day ever)

Sometimes the little things

Start closing in on me

When I'm feeling down

I wanna lose that frown

I stick my head out the window

And I look around

Those clouds don't scare me

They can't disguise

This magic that's happening

Right before my eyes

Soon Mr. Moon will be shining bright

So the best day ever can last all night

Yeah, the best day ever's gonna last all night now

It's the best day ever (best day ever)

It's the best day ever (best day ever)

It's the best day ever (best day ever)

It's the best day ever (best day ever)

Sakura Avalon, Twilight Sparkle, Starshine Sparkle, Magic Skylanders, Whampire, Gloria Gillespie, RD Lisa Loud and Anastasia (Cinderella) VS Enchantress (Marvel) - Meeting Gene-Slammers for Sunavalon Dryatrentiay and The Arrival Cyberse Ignister

Core Medals: Amora the Enchantress, Dahlia Hawthorne and Cryotek Megatron

Fullbottles: Amora and Dahlia Hawthorne

* * *

Amora was next.

Amora (to Sakura): I heard you guys met Gene-Slammers for Sunavalon Dryatrentiay and The Arrival Cyberse Ignister. What are their names?

Sakura Avalon: Their names are Lara Xīnxiàngmù and she is Sakura Haruno's cousin and Rei Vedovanera and she is Duncan's Cousin.

Amora: Wow! I didn't know Lara and Rei were related to them.

Twilight Sparkle: It's a really awesome story.

Starshine Sparkle: Yeah and they have awesome powers as Lincoln's Guardian Angels.

Spyro: They sure do.

* * *

Nico: It sure is. So, Lara, Rei, do you have some stories to share with us?

Lara Xīnxiàngmù: (Chinese Accent) Of course. This one time, Lincoln and I were in the backyard of The Loud House planting some cucumber plants, but then, we heard the loud sounds of thundering footsteps and the sound of an electric scooter, and we saw who it was: it was Lori and she was in a really bad mood and she wanted to kill Lincoln, and to make matters worse, Lori also got help from that bitter, troublemaking old goat, Scoots. Then, Scoots ran over our cucumber plants and Lori threw a knife and cut me right on the cheek, and they were laughing cruelly at us. I was at the same level of rage as Sakura, and I ran over and punched Lori hard in the face and it actually sent her flying to Liam's farm and she landed in a pile of cow manure, and she let out a nasty banshee screech, but we weren't done yet since there was still the matter of Scoots. Lincoln fired a blast of darkness and had Scoots imprisoned inside it, and for good measure, he destroyed her scooter with another blast of darkness. We told Mr. and Mrs. Loud of what happened and what Scoots did in ruining the cucumber plants and Lori throwing a knife at me that cut me in the cheek, and they were horrified. When Lori came back, she smelled like cow manure and she was really really pissed off, and she was about to kill me, but Lincoln fired powerful jets of water at Lori and sent her flying into the fence, but she wasn't safe for long, Mr. and Mrs. Loud grounded Lori for eight weeks for not only hurting me and ruining our cucumber plants, but also, for getting help from Scoots, who was then sent straight back to Sunset Canyon, where Varie put her in a straitjacket and threw her in a padded room there, and when Lincoln told her that Lori was behind that, she came straight home and sprayed Lori with raw sewage.

Nico: EW! That stinks!

Me: Literally, and I had to spray her with water to get the cow manure out, but Lori had it coming for that one, Nico.

Rei Vedovanera: (Italian Accent) Big time, now it's my turn. One time, Lincoln and I were at The Loud House and we were playing video games in the living room. But, then, Lincoln got ambushed out of nowhere by Lynn, and she was beating him up like an animal, and she said it's for her "sparring", but I knew she was lying and she loves beating the crap out of Lincoln and seeing him cry for her own sick amusement. I was literally seeing red, and I got off the couch and I punched Lynn hard in the face and it got her off of Lincoln, who had a black eye and blood coming out of his mouth, along with a lot of bruises. Lynn saw it, and she was already mad that he's not crying like she wanted. But, his superhuman regeneration kicked in and his injuries healed, but then, I saw Lincoln's eyes turn from black to blood red, his vampire fangs grew longer, and his nails grew into claws, and I knew it was going to get ugly. But, before Lynn could attack, Luna came in and grabbed Lynn by her ponytail and dragged her straight to Mr. and Mrs. Loud's room, and when we told them of what Lynn did, she was in major trouble: she got grounded for nine weeks, and next week was the day of her big hockey tournament, but Lincoln called her coach and told her she was going to be grounded for nine weeks, and she wasn't allowed to go. This got Lynn so mad, she punched Luna in the nose and knocked her out, and she also pushed me out of the way, and she ran to kill Lincoln, but Lincoln levitated her off the floor with telekinesis and he tossed her smelly butt in an isolation cube in her room, and Lucy bunked with Laney, since Lynn has an ugly temper.

We cheered wildly for what the girls and Lincoln did to Lori, Scoots, and Lynn.

Me: Wow, you girls sure are tough.

Duncan (Total Drama): You said it, dude. Rei outright hated bullies ever since she was a kid, and Linc was one of the few who understood her, see, when Rei was little, she was bullied big time, and that's what led to her turning into the girl you see now.

We gasped.

Lincoln: Rei told me all of that long ago, and she swore if she ever found the jerks who bullied her, she'd make them eat boot leather.

Nico: By that, she meant kick their asses all over the place, right?

Lincoln: Yep.

Sakura Haruno: And you saw that Lara had the same strength as me, right?

Lincoln: That's right, and I know what happens when someone dares to make Lara mad, and Lori and Scoots both got what they deserved for what they did.

Lori: I literally don't know what I was thinking with hiring Scoots, because I knew of what kind of person she really is, and that she's caused all of us trouble with her antics.

Lynn: When I found out about it, I wanted to go down there and kick yours and Scoots' butts for what you did, Lori, but Lara literally beat me to the punch when she sent you flying into a pile of manure at Liam's farm, and Lincoln put Scoots in a sphere of darkness and destroyed her scooter.

Lana: Scoots had it coming for a long time, and we didn't talk to Lori during her punishment, and what she did in hiring Scoots was a line that only Lynn crossed long ago, and now, Lori's crossed it big time.

Lincoln: And that's why Lara hates Scoots with a burning passion, and so do we.

FLASHBACK ENDS

Amora: My goodness! Lara and Sakura have so much in common and Lara has her rage and strength.

Whampire: (Transylvanian Accent) They sure do.

Gloria Gillespie: (Transylvanian Accent) I think it's awesome too.

Amora: Me too. Lets do it!

Sakura Avalon used the core medals for Amora the Enchantress, Dahlia Hawthorne and Cryotek Megatron and she got a magical ice sword and fired waves of ice and smashed Amora all over.

Sakura Avalon: WOW!

AMORA! DAHLIA HAWTHORNE! BEST MATCH!

She fired waves of magic and blasted Amora all over.

(WHEN IT COMES TO LOVE BY FOREIGNER PLAYS)

Sakura Avalon: (SINGING DIVINELY AS MAGIC SWIRLS AROUND

HER)

I remember the day

Seems so far away

When I walked into your life

And the look in your eyes

How it took you by surprise

But it felt so right

Well, I drew you in

Told you anything

'Cause I wanted you so bad

Girl, I led you on

Said there's nothing wrong in giving your heart to me

When it comes to love, I should know better

When it comes to love, I take the blame

'Cause you are the one I should've held on to

Oh, it could've been you

I never realized

I thought time was on my side

Lost sight of my perfect world

And the man that I've become

From the damage that I've done

It's so clear to me now

Well, I wished that I never was the kind to steal a lonely heart

And I couldn't see how good you were for me

Now it's too late to go back

But when it comes to love, I should know better

When it comes to love, I take the blame

'Cause you are the one I should've held on to

Whoa, when it comes to love, girl, I can't help it

When it comes to love, I always lose my way

But you are the one I should've held on to

Ah, it coulda been you

Making a change in my heart

Finding a new place to start

Wondering what I can do

Will I ever get over you?

No, when it comes to love, I should know better

When it comes to love, I take the blame

'Cause you are the one I should've held on to, oh

When it comes to love, girl, I can't help it

When it comes to love, I always lose my way

And you are the one I should've held on to

Ah, it could've been you

Ah, it could've been you, oh whoa

They danced and fired waves of magic and smashed her down

(SUMMER OF 69 BY BRYAN ADAMS PLAYS)

Thing: (SINGING DIVINELY AS ROCKS, EARTH, CRYSTAL AND APPLES SWIRL AROUND HIM)

I got my first real six-string

Bought it at the five and dime

Played it 'til my fingers bled

Was the summer of '69

Me and some guys from school

Had a band and we tried real hard

Jimmy quit and Jody got married

I should've known we'd never get far
Oh, when I look back now
That summer seemed to last forever
And if I had the choice
Yeah, I'd always wanna be there
Those were the best days of my life
Ain't no use in complainin'
When you got a job to do
I spent my evenings down at the drive-in
And that's when I met you, yeah
Standin' on your mama's porch
You told me that you'd wait forever
Oh, and when you held my hand
I knew that it was now or never
Those were the best days of my life
Oh, yeah
Back in the summer of '69, oh
Man, we were killin' time
We were young and restless
We needed to unwind
I guess nothing can last forever
Forever, no

Yeah

And now the times are changin'

Look at everything that's come and gone

Sometimes when I play that old six-string

I think about you, wonder what went wrong

Standin' on your mama's porch

You told me that it'd last forever

Oh, and when you held my hand

I knew that it was now or never

Those were the best days of my life

Oh, yeah

Back in the summer of '69, uh-huh

It was the summer of '69, oh, yeah

Me and my baby in '69, oh, oh

It was the summer, summer, summer of '69

(Yeah)

They danced and fired waves of rock, crystal, earth, apples and energgy and smashed him down.

You've been hurt so before

Watch it now

The eagle in the sky

How he dancin' one and only

You, lose yourself

No not for pity's sake

There's no real reason to be lonely

Be yourself

Give your free will a chance

You've got to want to succeed

Whitney: (SINGING DIVINELY AS LEAVES, GRASS, FLOWERS AND DARKNESS SWIRLS AROUND HER)

Tell everybody, I'm on my way

New friends and new places to see
With blue skies ahead, yes
I'm on my way
And there's nowhere else that I'd rather be
Tell everybody, I'm on my way
And I'm loving every step I take
With the sun beating down, yes
I'm on my way
And I can't keep this smile off my face
'Cause there's nothing like seeing each other again
No matter what the distance between
And the stories that we tell will make you smile
Oh, it really lifts my heart
So tell 'em all I'm on my way
New friends and new places to see
And to sleep under the stars
Who could ask for more
With the moon keeping watch over me
Not the snow, not the rain
Can change my mind
The sun will come out, wait and see
And the feeling of the wind in your face

Can lift your heart

Oh, there's nowhere I would rather be

'Cause I'm on my way now

Well and truly

I'm on my way now

Tell everybody, I'm on my way

And I just can't wait to be there

With blue skies ahead yes

I'm on my way

And nothing but good times to share

So tell everybody, I'm on my way

And I just can't wait to be home

He rode through the fields, so handsome and strong

His eyes was his tools and his smile was his gun

But all he had come for was having some fun

If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
He brought disaster wherever he went
The hearts of the girls was to Hell, broken, sent
They all ran away so nobody would know
And left only men 'cause of Cotton-Eye Joe
If it hadn't been for Cotton-Eye Joe

Touma VS Road Kamelot

---

Touma was looking for his archenemy. Then a figure came out and it was ROAD KAMELOT from ay Man!

---

Road Kamelot is one of the main antagonists of the anime/manga series ay Man. She is the ninth disciple of the Noah Family, and her Noah name is Road. She represents the "Dreams" of Noah. She was the only member of the Noah Family other than the Earl to survive Nea's attack 35 years ago, and she seems to have had a fairly close relationship with Nea before he went rogue.

She is voiced by Ai Shimizu in the Japanese version of the anime and Cherami Leigh in the English version, the latter of whom also voices Sunako Kirishiki.

Much of Road's past remains a mystery, foremost being her true age. She became a Noah at least 35 years ago, the time during which she met the mysterious fourteenth Noah, Nea, as well as the current Bookman, who was allied to the Noah clan. When Nea betrayed the Noah clan and began to kill the other Noah in an attempt to become the next Millennium Earl, Road was the only one besides the current Millennium Earl to survive.

As the Noah began to be reborn into the current generation, one of the newly-awoken Noah, Sheril Kamelot adopted her as his daughter. Through this adoption, she also became the niece of another Noah, Tyki Mikk. As part of the attempt to maintain a normal facade, Road began to attend a local school, despite being the oldest of the Noah.

---

Touma: Road Kamelot!

Road Kamelot: Awesome to meet you Touma.

Touma: So you are my archenemy.

Road Kamelot: Yep. Brave Dragon VS Noah. Don't you think it has a nice ring to it?

Touma: It sure does. Lets do it!

Road Kamelot: You read my mind.

He activated his Elemental Dragon Ridebook!

"The Elemental Dragon got a brand new and powerful frenemy for the powers of darkness and it was gonna be an amazing and incredible battle that will be remembered for numerous years to come as they become friends in both sides."

Touma: HENSHIN!

He became KAMEN RIDER SABER!

Road Kamelot: Wow! So awesome!

Touma: Yep.

He fired waves of fire and blasted her all over with them and smashed her down.

Olivia Houou as Kamen Rider Falchion VS Sagittarius Zodiarts.

---

Olivia was looking for her archenemy and then a figure came out and it was MITSUAKI GAMOU THE SAGITTARIUS ZODIART!

---

Mitsuaki Gamou, also known as the Sagittarius Zodiarts, is the chairman of the Amanogawa High School School Board and the main antagonist of Kamen Rider Fourze. He is the leader of the Horoscopes and the one who is responsible for the distribution of the Zodiarts Switches in order to find users for all twelve Horoscope Switches. Once all twelve Horoscope Switches have users, Gamou will be able to complete the Day of the Awakening and make contact with the Presenters.

He was portrayed by Shingo Tsurumi.

During the summer of 1969, in conjunction with Apollo 11 beginning its exploration, Gamou made contact with a mysterious alien race called the Presenters and promised to meet them someday. Gamou later became an astronaut in OTSO and researched the powers of Cosmic Energy with his colleagues Rokuro Utahoshi and Kuniteru Emoto.

20 years prior to the series, Gamou and Rokuro discovered the Core Switch created by the Presenters and began working to reverse engineering the Core Switch. However, the two undertook very different routes from each other in this process, with Gamou creating the Cosmic Switch as the basis for a system that would forcefully evolve the human body in seconds to be able to withstand space

while Rokuro researched a safe transwarp system which would take years after he was dead to be complete. Their differing ideas would lead to their friendship withering and eventually, three years after finishing the Switches, Gamou had Emoto steal the Zodiarts Switches from Utahoshi before the OSTO Space Station exploded.

10years prior to the series, with funding from Foundation X, Gamou built Amanogawa High School directly under an atmospheric vortex known as The Hole, using the conditions to create the twelve Horoscopes switches so he could execute the Day of Awakening to reach the Presenters at the cost of the Earth's destruction.

## Kamen Rider Fourze

Gamou observed from the background as Libra Zodiarts, Kouhei Hayami and Scorpio Zodiarts distributed Zodiarts Switches to the students of AGHS. After Sarina Sonoda, the Scorpio Zodiarts, failed to defeat Fourze as Scorpio Nova, Gamou confiscated her Zodiarts Switch, but gave it back to her after she convinced him to give her a second chance. However, after Sonoda was defeated again by Kamen Rider Meteor and almost had her identity uncovered, Gamou tells her she is of no more use to him and has Virgo Zodiarts banish her to the Dark Nebula. Gamou later has her disappearance covered up saying she had to leave due to health problems.

After Kouhei Hayami/Libra Zodiarts was defeated by Fourze, Gamou was prepared to have Virgo banish him to the Dark Nebula, but stayed his hand when the principal manifested the Eye of Laplace ability. Gamou ordered him to seek out the remaining Horoscopes so the timetable for their further plans could be accelerated.

After Tomoko was sent into the Dark Nebula, Emoto told Gamou he would deal with the rest of the Kamen Rider Club once they had served their purpose. Gamou then transformed into the Sagittarius Zodiarts to the awe of his subordinates and proclaimed he would eliminate the group should they fail. After discovering that Emoto had been providing assistance to the Kamen Rider Club as Tachibana, Gamou transforms into Sagittarius and fatally wounds him as well as overpowering Fourze and Meteor. Returning to his lair, Gamou laments losing his last true friend.

Gamou later recruited Dark Yuki as the Gemini Zodiarts, sensing a kindred spirit within her as Yuki had also heard the Presenters calling to her. Following Dark Yuki's destruction, Gamou began to suspect that Kengo was the holder of the Core Switch.

After Ran Kuroki was identified by Hayami as the final Horoscope, Gamou revealed himself to the Kamen Rider Club and formulated a plan with Hayami to get Ran to use to Horoscopes Switch by having Hayami fake a defection. The plan succeeded and with all twelve Horoscopes found, Gamou prepares to execute the Day of Awakening. However, Gamou discovers that while it is happening he is open to attack. Fourze attempts to defeat Gamou with a Super Galaxy Finish, but Hayami blocks the attack and is killed instead.

However, Kengo's Core Child powers fully manifest and render Gamou unable to use the Horoscopes Switches. After having Leo to attack the Rabbit Hatch to lure out Kengo, Gamou destroys the Core Switch sustaining Kengo's life, resulting in the death of the Core Child.

After announcing the end to the entire school on the first day of the spring semester, Sagittarius Nova has a final confrontation with Kamen Rider Fourze. Sagittarius Nova fights Fourze in his various forms before their fight leads them to the school gym where the Kamen Rider Club members hold a "graduation ceremony". Sagittarius Nova is finally defeated by Fourze's Youthful Galaxy Great Great Great Drill Kick attack. As Gamou's body begins to dissolve into stardust, Gamou finally accepts Gentaro's friendship and asks Gentaro to take his place in meeting the Presenters. Gamou then uses the Aquarius Switch to recreate the Core Switch and revive Kengo. Gamou apologizes to the Presenters that he could not keep his promise but tells them that his students will come to them in his stead before evaporating in a plume of red Cosmic Energy.

---

Olivia Houou: Wow so my secondary archenemy is you Gamou?

Gamou: Yes it is. And it's gonna be an honor to face the former Another Phoenix.

Olivia Houou: And Sagittarius is perfect for me because my birthday is actually on December 21st. I was born on the first day of winter.

Gamou: That's perfect! Awesome. Lets do it!

He was enveloped in stars with the constellation of Sagittarius the Archer in it and he turned into SAGITTARIUS ZODIARTS!

Olivia activated her Eternal Phoenix Wonder Ride Book!

"The Eternal Phoenix burned with the Intense fury of fire as she rejoiced in getting an new frenemy from the power of the Stars and she was ready to battle with the powerful full force of the Immortal Fire."

Olivia Houou: HENSHIN!

In a massive blaze of fire she became a good version of KAMEN RIDER FALCHION and she had flaming fire wings on her back!

Sagittarius Zodiarts: WOW! You look awesome Olivia.

Olivia Houou: I sure do! This is awesome!

She flew and fired waves of fire and blasted him all over and smashed him all over.

Rintaro Shindo VS Canis Major Zodiarts

---

Rintaro was looking for his archenemy and then out came Teruhiko Satake the CANIS MAJOR ZODIARTS!

---

Though he is a student who scores good grades, he is unhappy with his life and adopts delinquent hobbies and mannerisms. At some point, he receives a Zodiarts Switch from the Scorpion Zodiarts in order to transform into the Hound Zodiarts (ハウンド・ゾディアー

ツ, Haundo Zodiātsu) and uses his newly gained abilities to be himself and go on a rampage, or "hunting" as he calls it, attacking anyone and anything nearby when he feels like it.

He fights with his powerful claws and the chain that hangs around his neck. The Hound Zodiarts can also fire a barrage of needle-like energy bullets from the dog's face on his chest. Eventually in his Last One state, the Hound Zodiarts gains a thickened hide and none of the usual attacks from the Kamen Rider work on him.

While the Scorpion Zodiarts supports the Hound Zodiarts in fighting Kamen Rider Fourze, Shun Daimonji pilots the Powerdizer to hold the former off so the Kamen Rider can fight the Hound Zodiarts one-on-one and destroy him with the Rider Lightning Drill Kick.

---

Rintaro: So you are Teruhiko Satake. I heard you became quite a jerk.

Teruhiko Satake: I did but it was a way to make a living. Now lets see how you like this.

He turned into CANIS MAJOR ZODIARTS!

Rintaro: All right then.

He activated his KING LION DAISENKI BOOK!

---

Ryo Ogami VS Taurus Zodiarts

---

Ryo Ogami was looking for his archenemy. Then out came a figure and it was Yuta Sugiura the TAURUS ZODIARTS!

---

While participating in the school's annual Astronaut Selection Exam, Sugiura is found by the Libra Zodiarts whose Eye of Laplace show him to have the potential to evolve into the Taurus Zodiarts. Prior to being given the switch, he argued with Sayaka over changing the school rules. Sugiura supported the students' freedoms, while Sayaka wanted stricter rules. Behind these arguments, however, Sugiura had strong feelings for Sayaka. When a quartet of students began to abuse their freedoms, Sayaka went to confront them alone, and they shoved her down a flight of stairs. After Sayaka was hospitalized when she fell down the stairs when confronting the four students, Sugiura was installed as acting student coucil president. Once given the Taurus Switch, Sugiura decides to make changes to the various rules around school based on his feelings for her, forcing everyone to stick to a strict dress code and limiting the individuality of the student body.

Gentaro and JK challenge Sugiura in order to free the school from his rules; Sugiura obliges, even allowing the two to choose the nature of the competition. In spite of the fact that they both choose their specialties (break-dancing for JK and Double Dutch for Gentaro), Taurus is able to beat them at their own games, forcing them to abide by his bylaws. Kamen Rider Meteor fights Taurus and is about to be defeated when the Virgo Zodiarts intervenes. Virgo explains that having Meteor under his control could be quite useful. Thus, Meteor agrees to a contest with the freedom of Amanogawa at stake; the challenge takes the form of a round of golf, Sugiura's favorite game.

While Yuta had the better experience, Meteor's hard work managed to have him win the match. Enraged at being beaten, Yuta went back on his word and attacked Meteor. However, Gentaro gets Sayaka to convince Sugiura to break his hold, finally admitting that it isn't right to manipulate others in order to get what you want. Gentaro befriends him, and Sugiura returns to himself just as Virgo arrives. Though the Virgo Zodiarts offers him a final chance to redeem himself, the change of heart was total. Sugiura transformed into the Taurus Zodiarts one final time and charged at the senior Horoscopes, only to be sent into the Dark Nebula while his Taurus Switch was taken and given to Gamou.

Though, Sugiura is revealed to be very much alive, but in a suspend animation in the M-BUS.

Living Laser: Oh, I think we're dead right!

Then the spirits of books appeared and they swirled around him and then converged as the area turned into the volcano planet Sangurahua and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above them and a phoenix cry was heard and we came out!

Me: Hello Storious!

Storious: YOU MOTHERFUCKER!

He went up to me and I punched him in the face and sent him crashing into a rock!

Storious: GIVE ME BACK MY BOOK!

Me: You can take it over my dead body!

Maria: It's over, Storious. You're the only member of Dai Shocker left.

The footsoldiers jumped the Saber Team.

The Saber team laid defeated at the hands of the X Borgs, Indavers, and Kudakks.

Storious: (laughs evilly) Now, I'm going to do what my other Dai Shocker friends couldn't. And put an end to your stories!

I punched him in the face!

Me: **I don't think so motherfucker!**

Juran: (punches a Kudakk) Crap! What do we do?!

Megan got an idea.

Megan: Everyone in the audience! Lend the Saber team your strength! They get stronger with your support! When I give the signal, share your energy with the Saber Team! Okay? Ready… go!

Everyone in the audience began sharing their energy with the Saber. And soon, Touma found the strength to get up.

Touma: Sorry, Storious! But our story's not done yet!

Touma then grabbed an X Borg and threw it at a Kudakk and Indaver, knocking all three to the ground.

Storious: WHAT!?

Touma: Thanks for the help, everyone.

Rintaro: I didn't expect to have so many fans.

Kento: You're not the only one.

Ryo: Everyone's cheering for us right now.

Ren Akamichi: They sure are.

Tetsuo Daishinshi: Let's make this last Rider mission of the year one to remember!

Nico: That is a promise!

Storious then looked at Touma with an insane look on his face.

Storious: (ENRAGED SCREAMING) Kamiyami, Kamiyama, KAMIYAMA! The first thorn in my sight was the Saber team, and now it's their meddling leader Touma! And all of Team Loud Phoenix Storm too!? Why? I hate you, Touma Kamiyama. I've never hated anyone or anything more than I hate you! Why is it always you? Why must you stand in the way of my plans time after time again and again! I am getting so sick of the Saber Riders always sticking their nose where it doesn't belong! If it hadn't been for the two of you; both the Team Loud Phoenix Storm and all of you, then I would have already been the one that rules over the planet!

All our auras flared up with intensely powerful fury!

Me: **SHUT YOUR FUCKING MOUTH YOU 2000-YEAR OLD FUCKUP!**

Marcus Damon: YEAH! You're giving us a headache!

Nico: You make us sick Storious!

Marcus: Who do you think's pathetic enough to follow your lead? No one from the Digital World or Earth, that's for sure. And certainly, not even Team Loud Phoenix Storm either.

Qin: Time for you to suffer Storious!

Megan McAllister: That's it, I've had it up to hear with you to last an eternity, Storious.

Suddenly, Megan McAllister's purple eyes turned neon purple, and she was surrounded by a purple energy aura with space, stars, angels, phoenixes, and fairies, she unholsters her massive Guardian of Kandrakar sword from her back, and as she approached Storious, she left purple energy, space, stars, angels, phoenixes, and fairies with every step.

Megan McAllister: You absolutely make me sick to no end, Storious, you committed so many crimes against the world of literature and mankind and all for your insane ambition to destroy the world, well, that ends here and now, as the Kandrakar Guardian of Space, your crimes can't go unpunished and this story will end… with you dying in a pool of your own blood!

Suddenly, Megan McAllister was surrounded by a massive vortex of purple energy with stars, space, and nebulae surrounding the vortex, there's a phoenix, angel, and fairy flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Megan McAllister emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Megan McAllister grew to 6'5" in height, she has the body of a goddess, she has purple highlights in the bangs of her long flowing brown hair, she has neon purple eyes and a purple energy aura with space, stars, angels, phoenixes, quintessence, and life energy surrounding her, she has a phoenix with the Space Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with purple gems for eyes and the Space Kanji in its claws and her Crystal Necklace of the Buddha with purple crystal links and a phoenix with bright red gems for eyes and holding the Space Kanji in its claws for the pendant, she has on a long-sleeved purple blouse with pink phoenix on it, black bellbottom pants with designs on the legs, purple boots, and a purple long sleeveless trenchcoat with phoenixes and stars and nebulae on the coattails and on the back is a phoenix with stars surrounding it. Megan McAllister has on a Ring of The Phoenix with purple gem and heart shaped gem embedded in it on her right ring finger and White Lantern ring on her left ring finger.

Suddenly, Megan McAllister's massive Sword of Kandrakar and the other swords she's got throughout the treasure battles began merging together, and they were surrounded by a kaleidoscope of purple energy, quintessence, life energy, stars, and angels, and when it emerged, it was transformed into Kandrakar's Quintessence Space Greatsword of Magical Justice, it's a brand-new greatsword with the symbol of Space and the symbol of Kandrakar etched on the 7'0" massive, wide, double-edged purple blade, large angel wings for the crossguard, large purple gem embedded in the rainguard, longer black handle, and large purple gem surrounded by angel wings for the pommel, she has on her new Bracelets of the Champions of The Universe with large purple gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with purple gems for eyes and large purple gem in its beak for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and her Eater of Sins revolver holstered on her left hip. There's a blue kanji below the phoenix that said, "Megan McAllister, Loving Sister of Kevin McAllister and Her Many Siblings, Pen Pal and Best Friend of Cornelia Hale, Friend of Will Vandom, Irma Lair, Taranee Cook, Hay Lin, Lilian Hale, Matt Olsen, and Many, Guardian of Space and Member of W.I.T.C.H.J.E.M.M.L., Humiliator and Destroyer of The Wet Bandits, Slayer of Dark Samus, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Amazing and Powerful Student of Amazing and Powerful Teachers, Amazing Member of Team Loud Phoenix Storm, and Master of Stars, Space, Life Energy, and

Megan McAllister has transformed into SUPER ANGEL INFINITY KANDRAKAR QUINTESSANCE STAR HEAVENLY PHOENIX ANGEL OF QUINTESSENCE SPACE LIFE AND KANDRAKAR SPACE JUSTICE!

We were amazed by Megan McAllister's Super Angel Infinity transformation, but when Storious saw it, he went insane, and he and Kamen Rider Falchion fired energy blasts to kill her, but Megan dodged it and she fired two purple energy blasts with stars, space, angels, phoenixes, quintessence, and life energy at them, and they exploded with incredible power as they hit them.

Suddenly, Megan McAllister felt a sharp pain on her back, and then, her massive brown angel wings with blue tips on the large brown feathers grew much bigger for her new body. Megan McAllister has on a Ring of The Phoenix with purple gem and heart shaped gem embedded in it on her right ring finger and White Lantern ring on her left ring finger.

Suddenly, Megan McAllister's massive Kandrakar's Quintessence Space Greatsword of Magical Justice was surrounded by a kaleidoscope of purple energy, quintessence, life energy, stars, and angels, and when it emerged, it was transformed into Kandrakar's Quintessence Space Broadsword of Magical Justice, it's a brand-new large broadsword with the symbol of Space and the symbol of Kandrakar etched on the 7'0" massive, wide, double-edged purple blade, large angel wings for the crossguard, large purple gem embedded in the rainguard, longer black handle, and large purple gem surrounded by angel wings for the pommel, she has on her new Bracelets of the Champions of The Universe with large purple gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with purple gems for eyes and large purple gem in its beak for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and her Eater of Sins revolver holstered on her left hip. There's a blue kanji below the phoenix that said, "Megan McAllister, Loving Sister of Kevin McAllister and Her Many Siblings, Pen Pal and Best Friend of Cornelia Hale, Friend of Will Vandom, Irma Lair, Taranee Cook, Hay Lin, Lilian Hale, Matt Olsen, and Many, Guardian of Space and Member of W.I.T.C.H.J.E.M.M.L., Humiliator and Destroyer of The Wet Bandits, Slayer of Dark Samus, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Amazing and Powerful Student of Amazing and Powerful Teachers, Amazing Member of Team Loud Phoenix Storm, and Master of Stars, Space, Life Energy, and Angels"

Megan McAllister's transformed into SUPER ANGEL ETERNITY INFINITY KANDRAKAR QUINTESSANCE STAR PHOENIX ANGEL OF QUINTESSENCE SPACE LIFE AND KANDRAKAR SPACE JUSTICE!

We were amazed by Megan McAllister's Super Angel Eternity Infinity transformation, but when Hiruko Ubusuna saw it, he summoned a ball of fire to burn her to ashes, but Megan absorbed it and it made her stronger than ever, and Megan McAllister fired a powerful purple energy blast with stars, space, angels, phoenixes, quintessence, and life energy, and it hits Hiruko Ubusuna and sent him flying into a wall. He teleported back to us, but this really annoyed him now.

Nico: Wow, now Megan's transformed into her Super Angel Eternity Infinity form, awesome.

Me: And now, the fight against that dark sorcerer is about to begin.

Megan McAllister: (Divine Echoing Cosmic Voice of The Quintessence Life Space Angel and Divine Star Justice) **That's right, J.D., and now, it's time for you to die, Hiruko Ubusuna.**

Megan McAllister went after Hiruko Ubusuna, who sent his black scroll-like talisman cards after her, but she cut them all down, and she fired powerful blasts of purple energy, quintessence, life energy, stars, space, angels, and phoenixes, and they exploded with incredible power as they hit him. Hiruko sent balls of ice, fire, and earth at her, but she dodged them all, and then, she attacked him with her massive large broadsword and left scars on him. Then, she fired a blast of purple energy with stars and it hit Hiruko on the chest leaving a gaping hole and exposing his black heart, which was then pierced by Megan McAllister's large broadsword, and he was dying.

Hiruko Ubusuna: You… you may have defeated me… , but your victory will be short-lived… Soon, the Doomsday 23… will return, and none of you… will survive! (Laughing Maniacally)

Hiruko Ubusuna eventually died in a pool of blood, and when his spirit appeared, Megan McAllister drew a kanji on his forehead, and he was confronted and found guilty by those he'd killed, and he was fading away.

Lincoln: That's where you're wrong, Hiruko. We've been preparing for that very day, and now that the Champions of Harmony have been recruited, we're more than ready for The Doomsday 23.

Nico: That's right, Lincoln. So, why don't you do us a favor and die already, Hiruko Ubusuna.

Hiruko Ubusuna: DAMN YOU ALL, TEAM LOUD PHOENIX STORM! (Fades Away)

Those would be Hiruko Ubusuna's last words as he was erased by The Black Gates. We cheered wildly for what Megan McAllister did to the dark sorcerer as she holstered her massive large broadsword on her back and powered down, and her new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Cornelia: Wow, Megan, you really did an awesome job!

Nico: Yeah, you sure did. Now, not only are we finally rid of Storious and Kamen Rider Falchion, but we're now rid of the dark sorcerer, Hiruko Ubusuna.

Lincoln: You said it, and that was one really awesome adventure, now we've recruited the Kamen Rider teams from Hibiki to Saber. But, there's bound to be more Kamen Rider teams in the future.

Nico: You're right, Lincoln, and we won't see them until 2023, so we have to wait until then, but it's going to be worth it.

Me: You said it.

Touma: And I heard Hiruko say that The Doomsday 23 are going to return soon, right?

Lincoln: You heard right, Touma, and it's the fault of our old enemies, The Church of Necrom. Before they bit the dust, Damian Alaister, the sadistic and insane leader of The Church of Necrom had a big contingency plan set in place to bring back The Doomsday 23. But, we'd recruited The Champions of Harmony, and we trained them in everything we know, and now, they'll be ready for the day when The Doomsday 23 come back from the dead, and we also stopped their other contingency plans as well.

Nico: Yep, now all we have to do is wipe out The Doomsday 23 and we'll have cleaned up the last of Damian Alaister's mess and their revenge will be foiled for good.

Me: Those fucked-up bastards crossed too many big lines on their little rampage and with their little schemes, but those contingency plans of theirs, now they've crossed one line too many.

Eli: Yeah.

Lori: We've made sure that Damian and his friends paid the price for their crimes, but they refuse to stay forgotten.

Luna: We'll make sure that The Doomsday 23 are destroyed forever, and they, along with The Church of Necrom, are a forgotten memory.

Nico: My thoughts exactly, Luna.

We were back on Earth.

Woz: REJOICE! The Dai Shocker Group is gone forever thanks to the combined alliance of Team Loud Phoenix Storm, The Masters of Evil and the Kamen Riders. Now they have the alliance of the Saber team with them. May their alliance last as long as Literature is popular.

Me: Yeah!

Whirlin: Storious is done for good!

Iceage: And with that, we end the big missions for Kamen Riders.

Magma: At least for this year.

Reika: I think my Gene Slammed form is going to be very useful.

Comic Book Guy: But try not to overdo it.

INSTIGATOR: And always have a change of clothes ready.

Me: Yeah that was awesome.

Nico: This was so awesome! Great job today everyone! This calls for a celebration!

Pinkie Pie: And a big party!

Me: Actually, (Tired) You want to know what I feel like doing right now?

I then fell to the ground.

FWOMP!

I was snoring.

Nico: He's really exhausted.

Nico picked me up.

Nico: He earned a huge rest.

Touma: (To the viewers) This was an awesome way to close out the saga. Now we are officially in the team and it's so awesome.

Nico: It sure is. Great job everyone. Lets head home.

We went back home and Nico put me in my bed and tucked me in. Everyone later enjoyed the rest of the day and went to sleep.

THE END

For Lincoln's rescue tomorrow, Lincoln and his group are heading to California and Lincoln and his group are going to meet the Charmed Ones and destroy Zankou, an ancient, ruthless, and extremely powerful upper-level demon who was feared, even by his own kind, and one of the biggest enemies of The Charmed Ones. Her last name, Giagōremu, means Gear Golem in Japanese. She has a passion for jewelry and she's also the cousin of Julie Makimoto. Juliana was the one who introduced Lincoln to My Little Pony when they were 6 years old and since then they watched my little pony even after Friendship Is Magic, and they often collect My Little Pony toys. Lincoln once made Juliana a pony version of her while Juliana made a pony version of him. Lincoln and Juliana also made pony versions of the girls in Lincoln's harem. One time during an episode of Friendship Is Magic, Juliana ended up kissing Lincoln all the while they hold the pony versions of themselves, and she outright hates Luan with a burning passion. The next chapter is gonna be a messy and silly one as we go to the world of the 2012 movie box office bomb, FOODFIGHT! We're going up against Brand X and we're going to make sure it will never be put on the market. We're going to team up with the iconic brands and destroy Brand X.

See you all tomorrow.

# FOODFIGHT!

I know this movie was a bomb so please don't criticize me for it.

In my bedroom I was waking up.

Me: (YAWNS)

I saw Eli and Spike.

Me: Oh morning guys.

Eli: Morning bro. You really fell asleep yesterday.

Me: Boy no kidding. Those 13 days were intense. I used up a lot of energy.

Spike: You sure did. But you were awesome there.

I got up and went and got dressed and went to breakfast.

All of us: CHEERS!

We clinked our glasses.

Nico: To an awesome victory and recruitment of the Kamen Riders for the year.

Lola: This was so awesome and amazing!

Rachel Stavenport: Yeah it sure was!

Camie: We all had so much fun.

Laney: Did we ever.

Whitney: It was so much fun and so awesome to have all those awesome Kamen Rider Adventures.

Rainbow Dash: Boy was it ever!

Nico: Thanks for coming with me, Whitney.

Whitney: No problem Nico. I think it's so much fun that I get to go with you on this adventure.

Qin: We're always excited to have more people with us.

Touma: Yeah and we've now seen the last of Storious forever.

Kento: Good riddance.

Nico: Whitney, outside of missions, what do you do for a living?

Whitney: Well I like playing Badminton with Lori and I also like sharing fashion trends with her on the phone.

Me: Cool cool.

Whitney: But I'm glad I put my hatred of Carol aside.

Me: That's right. 6 years ago when Carol was still controlled by Morgan, Whitney hated Carol. But not anymore thank goodness.

Whitney: That's because we had Carol all wrong and we didn't know she was going through some personality problems.

Qin: Wow.

Nico: I didn't know about that.

Lola: Yeah no kidding.

Me: But her so-called dad didn't give her a chance to explain herself.

Carol: Yeah and I can't believe I was like that.

Lana: It's all right Carol.

Nico: Well, as long as you earn money.

Whitney: I do. I got a good job as a waitress here.

Nico: That works.

Me: Awesome.

Qin: Yeah.

Whitney: But me and Lori and Carol have known each other for a long time.

Me: Yeah. Also Whitney you remember the time when Lori lost her voice?

Whitney: I sure do.

Nico: What happened?

Me: Lori and some of the Loud kids minus Laney, Lily and Lucy lost their voices while cheering for their grandpa at his shuffleboard match.

Varie: I remember that. Poor guys strained their voices too hard.

Nico: Yikes.

Eli: Ouch.

Lola: Yeah.

Maria: All of us have Ridebooks now.

Me: We sure do and it's awesome.

Touma: We've now seen the last of Storious too.

Reika: We sure have, I'm glad he's gone.

Yuri: All of us hated the guy.

Qin: So did J.D. and everyone on the team.

Vinyl Scratch: No kidding there.

Earth: That guy got what was coming to him times infinity.

Laney: Yeah he sure did.

Nico: We'll meet more Kamen Riders in 2023.

Me: Lets see, we have the Agito, Kuuga, Faiz, Ryuki, Blade and Revice. Revice finishes later this month.

Qin: Yep.

Camie: So we only have 6 series then.

Nico: We'll have to see.

Maria: Actually, there's Dragon Knight instead of Ryuki.

Me: Right sorry. I was talking about Japan. But yeah Dragon Knight is here in America.

Qin: Yeah.

Touma: It's just hard to imagine there are so many Riders.

Me: Its been over 50 years since Kamen Rider first came out in 1971.

Nico: He's right on that.

Qin: It's so awesome.

Aruto: That is amazing that there are so many of us.

Me: Yeah it sure is. But I'm sure that many more of your enemies that aren't affiliated with the M.O.E. are going to come after us to get revenge.

Eli: And if they do we'll be ready for them all.

Nico: But there's still Andy, Rodney, and the others.

Applejack: And I can't wait to see Andy and Rodney again.

Nico: That is going to be fun.

Me: It sure will. And we'll have his awesome mission at Phoenix Land.

Nico: Good idea.

We got to having our lunch and we were having our favorite meals.

Touma: (Eating Ultimeatum Burger) MMM!

Nico: Delicious as always.

Me: Yep. (Eating Inferno Wings) (BURPS FIRE) Oh scuse me.

Touma: You are one tough guy J.D.

Qin: He is the toughest ever.

Laney was having a bowl of Varya Visnapuu's chili and she was loving it.

Laney: (BELCHES FIRE) Oh! Pardon me.

Qin: (LAUGHS) You like Varya's chili as much as J.D. loves it and Chief Wiggum's chili.

May: Can I have some?

Laney: Think you can handle it?

May: Sure can.

May took a spoonful and then belched out a huge blast of blue fire and it hit Flip and burned off his hair and mustache!

May: WHEW! That is good!

Qin: Nice shot though May. You burned off Flip's Mustache and hair.

We laughed.

Kaito Kumon: For the things Flip's done, he's lucky he's not dead!

Me: You got that right. The Curses we put on them won't die. Scoots is the only one that is going to die. The Grim Reaper is going to claim her miserable soul in less than a year.

Nico: And the Gessius Floras Vengeance Curse is gonna keep her alive till then.

Qin: Yeah.

Go: Or we can accelerate her curse by beating her up a few times.

Lincoln: How much time does it say?

I looked at my timer and it said that Scoots has 45 days, 21 hours, 55 minutes and 47 seconds left.

Me: Whoa! Our humiliations really did speed it up. I wonder.

I went over and I pulled out a bowling ball bazooka and fired it and it smashed right into Scoots's face and to my surprise, she got 12 days taken away. She has 33 days left!

Me: Wow! That is amazing!

Takeru: Should we accelerate the timer some more?

Nico: Lets do it.

We fired waves of bowling balls and had raccoons maul her all over and she was down to 15 minutes left.

Kuroto Dan: Sorry. But God's judgement has been cast on you. And that means that it's GAME OVER. Permanently! (punches Scoots)

It was down to 10 seconds left.

Me: 10 seconds. It was fun while it lasted Scoots. 3..2..1..0.

FUNERAL BELL TOLL!

She then disintegrated into dust and was killed in an instant!

Qin: WHOA!

I put her ashes in a dust pan and then went to the boiler room and put them in the incinerator.

Me: Goodbye Scoots.

Nico: That's one pain in the ass out of our hair.

Me: Yep.

In the Afterlife, Scoots went up to Heaven but just as she was going into Heaven, St. Peter saw her name on a book and it said that she was a REALLY, BAD WOMAN!

St. Peter: We got a better place for the likes of you.

Then she fell and screamed and she went down to the fires of Hell to burn! She landed in a boiling pot of hot shellfish bisque and screamed in pain as she was being cooked and tortured by demons as she was cooked alive!

We were watching.

Banjo: Ha! She gets lucky. Better to be suffering in Hell than in the Black Gates!

Me: For someone like Scoots, she had it coming.

St. Peter: Indeed. Well back to work.

POOF!

He went back up to heaven.

Me: The Demons are going to love eating her.

Nico: Yep.

We laughed.

Albedo: Good riddance.

Negative Omnitrix: Corrupted Cerebrocrustacean DNA Detected!

Nico: Perfect timing too.

We got ready and then in came in a black version of Brainstorm!

Me: Another Brainstorm!

Nico: WHOA This one is smart.

Qin: Yeah.

Albedo turned into Negative Brainstorm.

Negative Brainstorm: I suggest you identify yourself immediately!

Another Brainstorm: (In a girls voice) I will be happy too.

Me: (Gasp) I know that voice. Jessica Cooper.

Another Brainstorm: I has been a long time J.D.

Nico: Wait Jessica Cooper as in the most notorious master thief ever?

Me: The very same one. Jessica Cooper, no relation to the Cooper Gang and she is a really skilled Master Thief. Like the Cooper Clan she comes from a long line of thieves herself and it stretches back to 15,000 years ago and she and her family weren't killed by someone of incredible jealousy. She also has a record of all her family's moves and secrets in a book.

Another Brainstorm: That is right. And never once has my family never been caught by the cops.

Me: It's true. She is that skilled and smart and only goes after the most dangerous of criminals.

I pulled out newspaper articles from all over the world. She stole priceless jewels and gold and more from all kinds of horrible people. Drug lords, mafia men, corrupt noblemen, gangsters, robbers, crime bosses, and so much more. She even beats them up and delivers them all to the cops but keeps all their loot all for herself.

Nico: WHOA! That is incredible!

Eli: Boy you and Sly and his entire family all have so much in common.

Another Brainstorm: We most certainly do.

Nico: Whatever Swartz promised you, we can grant it instead.

Maria: But please tell me you stole something from him!

Another Brainstorm: As a matter of fact I did. Aside from all his jewels, I got this.

She pulled out a journal and gave it to me. I read it and to our shock and surprise there ARE SO MANY MORE ANOTHERS THAN WHAT WE FIRST THOUGHT! There are Another Ridewatch people for MTG, Duel Monsters, Omnitrix Aliens, Monster Rancher, Fighting Foodons, Digimon, Pokemon, Power Rangers, Super Sentai, Kamen Riders, Kamen Rider Monsters, Power Rangers Monsters, Super Sentai Monsters and even Another Versions of The Masters of Evil themselves!

Me: WHOA MAN! Vypra and the Masters of Evil are all gonna have one helluva field day hearing about this.

Another Brainstorm: Yes they sure are. But you guys stopped him just in time. You stopped him from making the Another Versions of MTG, Duel Monsters, Monster Rancher, Fighting Foodons, Digimon, Pokemon, Power Rangers Monsters, Super Sentai Monsters and even Another Versions of The Masters of Evil themselves.

Me: Thank goodness!

Another Brainstorm: And to answer your question, I wasn't promised anything. I swiped this Another Watch and made myself this on purpose. But I wasn't expecting this to happen to me.

Me: But it's good we stopped his plans just in time. Otherwise MANY MORE people we knew would have been hurt. Nico remind me to call Vypra and Dark into the Briefing Room so we can tell them what we discovered.

Nico: Noted. (takes out Loki's Ridewatch) Well, the only way you'll ever be yourself again is if we defeat you in battle.

Another Brainstorm: I understand. Lets get it on.

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Whitney: This is gonna be fun.

Nico activated Loki's Ridewatch and fired lightning and it hit Another Brainstorm and electrocuted her all over.

Me: You would really love our teammate Sly Cooper. He has 12,000 years of family history and he comes from a long line of thieves too.

Another Brainstorm: I'm sure I would get along great with him and Lupin III.

Kaito: (gets out Kyoryuger gear) Good to be using Sentai Gears again!

Zocks: (Gets out ToQger gear) All aboard the pain train!

Chloe Bourgeois: (Gets out Den-O Gear) All aboard the Buttkicking Express!

Kaito got one of the Dino Charge blasters and Zocks got the ToQger's Sword and Chloe got a Sword for Den-O.

Nico: COOL!

Lola: YEAH!

Me: Watch this one Touma.

I activated my Wonder Ride Book.

Me: HENSHIN!

I turned into my KAMEN RIDER WONDER FORM and he was in absolute awe!

Touma: WHOA! That is amazing!

Nico: J.D. just got that form yesterday.

Me: I sure did. Watch.

I fired waves of leaves and flowers and enveloped Another Brainstorm in flowers and vines.

Sougo: (gets out Saber Ridewatch) If you think that's something, watch this!

Geiz: (gets out Kaixa Ridewatch) And this as well!

Armor Time! Rekka Battou! Saber

Armor Time! Standing by! Complete! Kaixa!

Sougo got SaberArmor and Geiz got KaixaArmor.

Me: OH YEAH!

Touma: WOW! That is awesome!

Nico: Yeah it is!

Laney: We all thought it was cool!

I fired waves of fire and blasted Another Brainstorm all over.

Qin: YEAH!

Whitney: My turn!

She activated Comic Book Guy's Ridewatch.

Whitney: Swartz was the Worst Monster Ever!

(DRUNKEN SAILOR BY IRISH ROVERS PLAYS)

Whitney: (SINGING AND DANCING DIVINELY TO SAILOR MUSIC AS LEAVES AND FLOWERS SWIRL AROUND HER)

What will we do with a drunken sailor?

She danced and fired waves of leaves, grass and flowers and smashed Another Brainstorm all over.

Rainbow Dash: That was AWESOME!

But then a light appeared in front of Rainbow Dash and it formed into a GRAND ZI-O RIDEWATCH! But this one was for Drive! It landed in her hands.

Rainbow Dash: AWESOME! My own Grand Zi-O Ridewatch! Now for my turn!

She activated it.

Rainbow Dash: HENSHIN!

She had the forms of Drive appear and she got an awesome rainbow armor with all the forms of Drive on it and she got all the powers of the shift cars merged into her and she had turned into KAMEN RIDER DRIVE GRAND ZI-O!

Sougo: WHOA!

Me: WOW! R.D. You look awesome!

Woz: REJOICE! The ultimate Knightess of the Road who reaches over Racing and Speed and reigns over the competition and acceleration. Her name is Grand Drive Zi-O! We are now reaching a new page of history!

Qin: WOW!

Shinnosuke: Nice!

Nico: YEAH!

Rainbow Dash: Lets see what this is like!

She tapped the Burn Gear and ran fast and formed into a fireball and she smashed Another Brainstorm all over.

Qin: AWESOME!

Nico: Wow that was fast!

Me: Nice one R.D.

Maria: Let's keep it up!

Me: YEAH!

I reverted back.

Me: Now for this one. (Activates Stinky Butt's Ridewatch)

I farted and then the Family Guy Fart Song Played and I fired farts and lit them on fire and blasted Another Brainstorm all over and smashed her down.

Nico: Okay that was funny!

May: Well… I didn't see that coming!

Me: I thought it was funny.

Qin: Yeah.

But then a beam of light hit Another Brainstorm and smashed her down and in flew a Protector Spirit Loagaeth!

Me: WHOA! Reika?

Reika: I'm right here.

We saw her.

Me: If you're here then who is that?

Protector Spirit Loagaeth: I'm someone Nico knows.

Nico: Lisloette Malkovich!? Wow!

She reverted back and was a girl with neon pink hair and purple eyes and red and purple clothes.

Lisloette: Looks like the fun started.

Nico: It sure has.

Lisloette: Awesome to see you Nico.

She fired waves of light and blasted Another Brainstorm down and I caught her Ridewatch and purified it.

Nico: That was awesome!

Me: And I love your 2 sets of wings. That is cool.

Lisloette: Thanks.

I went over to Jessica and picked her up.

Jessica Cooper: (Groans) What a headache.

Me: At least you're all right.

I pulled out a cane with a symbol in the shape of the letter C and gave it to her.

Jessica Cooper: My cane.

Me: I found it at the Pawn Shop and held onto it for you.

May: Next time, leave the Ridewatch stealing to us.

Jessica Cooper: I'll remember that for later.

Me: Yeah.

Lisloette: But that was awesome.

Nico: It sure was.

Whitney: What's your favorite memory of Nico?

Lisloette: I have so many of them. But my favorite was when me and Nico gave a bully girl who was punching a nerd a nasty atomic permanent wedgie and got her expelled.

Qin: I remember that. That was awesome.

Laney: Good riddance.

Nico: Yeah.

Nico and Lisloette hugged.

Nico: I've missed you.

Lisloette: Me too Nico.

Later we went back home after paying for the food.

---

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, The Samurai Warriors, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, The Demon Slayer Corps, and Fiona are heading to California, and not only is Lincoln going to rescue the four girls here, but we're also going to meet the Halliwell Sisters and destroy one of their biggest enemies ever, Zankou.

Lincoln: Wow, we're here in California, and I know what we're going to do here, not only am I going to rescue the four girls here, but we're also going to meet the Halliwell Sisters and destroy one of their biggest enemies ever, Zankou.

Me: That's right, big guy, and it'll be our first time meeting Phoebe, Piper, and Paige Halliwell, and I don't know if I told you guys this, but I met them long ago, and they're really awesome with using their magic powers to destroy demons.

Nico: Awesome, and I hate to ask, but…?

Me: Yeah, I have a bit of a nasty history with that demon, Zankou. Before I moved to Royal Woods, I helped The Charmed Ones stop Zankou, and I left my mark on him by using a branding iron on his stomach.

Eli: Brutal.

Me: And he's never forgiven me since, and he hates me to the depths of his black heart.

Lincoln: Yikes, but we're going to make sure that Zankou is dead and gone for good, J.D., and I've also got a spell that'll also kill him and the demons that The Charmed Ones have destroyed and they, along with Zankou, will be sent to The Black Gates forever. And thanks for joining us, Fiona.

Fiona: You're welcome, Lincoln. This is going to be one awesome fight against that demon, Zankou.

Lincoln: And we'll also be rid of the other demons The Halliwell Sisters have dealt with in the past.

?: Hey, you guys made it.

Suddenly, we saw who we were looking for, it was Phoebe, Piper, and Paige, The Charmed Ones, along with their allies, Leo Wyatt, his son, Wyatt Halliwell, and Detective Darryl Morris.

Me: Phoebe, Piper, Paige.

Phoebe Halliwell: J.D., it's been a long time, and you also brought the rest of Team Loud Phoenix Storm here, it's an honor to meet you.

Lincoln: You too, Phoebe, and we're here to help you guys kill Zankou.

Piper Halliwell: Awesome. I've just about had it with that miserable

demon.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of four girls calling for help, along with the sounds of demonic laughter. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the four girls, but they've been cornered by Zankou, and he's going to kill them.

Lincoln: Time to hightail it over there, guys, I found the four girls, but they've been cornered by Zankou, and he's going to kill them.

?: (Girl's voice) (Japanese Accent) That heartless, power-hungry demon, let's get him!

Suddenly, we saw the Duel Monster, Ultimate Ancient Gear Golem, appear before us.

Me: J.D., did you…?

Lincoln: Actually, he didn't, Nico, and I'd recognize that Japanese Accent from anywhere, I knew it was you, Juliana Giagōremu, but we'll talk later, let's go put Zankou out of his misery for good.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Zankou, and that allowed the four girls to get to safety in an energy barrier to protect them from Zankou's demons. When Zankou saw us, especially me, he was beyond enraged.

Me: I should've known we'd one day meet yet again, Zankou. So, how's the branding mark on you?

Zankou: Laugh all you want, Knudson. I will have my revenge on you and The Charmed Ones and all of mankind! Both Earth and The Underworld will soon be mine!

I transformed into my Eternal Celestial Xelnaga form, and it pissed him off even more.

Lincoln: I think it's time we put a stop to your delusional ambitions once and for all, Zankou. You've had this coming for a very long time.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Fiona, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and Ken, Nico, Nicole, and Eli also transformed, and we went after Zankou, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him.

Then, Lincoln made a binding circle below Zankou's feet, and it not only bound him, it also bound all of the demons and villains The Charmed Ones have dealt with in the past, and with one final strike from his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds infused with rainbow energy, Zankou was destroyed, along with all of the demons and villains The Charmed Ones have dealt with in the past, and they were all erased by The Black Gates forever. We cheered wildly as we holster our weapons and powered down.

Me: We did it, Zankou and the other demons The Charmed Ones have killed are finally no more.

Lincoln: You said it, J.D., now there'll be no more threats from any of them again. (To Juliana Giagōremu) And it's so good to see you again, Juliana Giagōremu.

Juliana Giagōremu reverted back to normal, and she's a beautiful girl with long flowing magenta hair tied in a bun, magenta eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful magenta angel wings, and she reigned in the power of Ultimate Ancient Gear Golem, and she's dressed in a short-sleeved purple blouse, sleeveless purple top, purple skirt, purple pants, purple legwarmers, purple shoes, and long sleeveless purple trenchcoat with gears and golems on the coattails, and Ultimate Ancient Gear Golem on the back, and holstered on her back a large Ultimate Ancient Gear Golem-themed greatsword with Ultimate Ancient Gear Golem etched on the 7'0" massive, wide, double-edged purple blade, purple angel wings for the crossguard, large purple gem embedded in the rainguard, longer black handle, and a large purple gem surrounded by angel wings for the pommel.

Juliana Giagōremu: (Japanese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Juliana Giagōremu and they hugged, and Juliana Giagōremu was very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his four sets of massive deep sapphire blue angel wings with stars in the feathers and rainbow tips on the feathers.

Lincoln: It sure has, I haven't seen you when we were six, and as you can see, I really grew a lot since then.

Juliana Giagōremu: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and four sets of massive deep sapphire blue angel wings, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Juliana Giagōremu, she's not only one of my Guardian Angels from Japan, but she's also my classmate in Woodshop, and her last name, Giagōremu, means Gear Golem in Japanese.

Me: Oh, that explains why she was Gene-Slammed into Ultimate Ancient Gear Golem.

Lincoln: Yep. Plus, Juliana has a passion for jewelry of all kinds, and she was the one who introduced me My Little Pony when we were 6 years old and since then we watched My Little Pony even after Friendship Is Magic, and they often collect My Little Pony toys. I once made Juliana a pony version of her while Juliana made a pony version of me.

Lincoln and Juliana took out the pony versions of themselves, and we were impressed, same with the Mane 9 in Lincoln's harem.

Twilight Sparkle: Why, that's really awesome.

Juliana Giagōremu: (Japanese Accent) Thank you, Twilight. Plus, I also made pony versions of the girls in Lincoln's harem.

Juliana got out pony versions of the girls in Lincoln's harem, including The Mane 9 themselves.

Trixie Lulamoon: Wow, that's so amazing. How did you know about all of the girls in Linky's harem?

Julie Makimoto: I should explain it, you see, Juliana's my cousin.

CLANG!

Our jaws dropped.

Me: Whoa!

Nico: Now, that's what I call one awesome revelation. But, we've met a lot of Lincoln's Guardian Angels who are relatives of those on the team.

Lincoln: That's right, oh and this one time during an episode of Friendship Is Magic, Juliana ended up kissing me while we held the pony versions of themselves.

Rarity: Now, that's really romantic and sweet.

Fluttershy: You said it.

Lincoln: And there's also a reason why Luan isn't here with us: it's because Juliana outright hates Luan with a burning passion.

Nico: Uh oh, I wonder what that prank crazy Dark Luan forced her to do that caused her to earn the burning hatred of Juliana?

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Juliana Giagōremu's neck with magenta gems on the gold thunderbolt links and purple crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Juliana Giagōremu: (Japanese Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love and Elemental Thunderbird Choker of Eternal Love, and that means just like your cousin, you're now part of my harem and one of my many future wives, Juliana.

Juliana Giagōremu had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Juliana's waist and Juliana wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the four girls, and when Lincoln saw them, he recognized them immediately. The four girls are Kaho Nikaidou from First Love Monster, and Yuzuka Hanami, Mafuyu Shinogi, and Chiya Sakagami from Mahou Shoujo Nante Mouiidesukara.

Lincoln: Oh wow, it's Kaho Nikaidou from First Love Monster, and Yuzuka Hanami, Mafuyu Shinogi, and Chiya Sakagami from Mahou Shoujo Nante Mouiidesukara.

Nico: Awesome.

Lincoln: Are you girls okay?

Kaho Nikaidou: Yes, we're okay, thanks to you.

Then, when Kaho Nikaidou and the other three girls saw who it was that saved them from Zankou and the other demonic foes of The Charmed Ones, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace, Talisman Cards of The Universe and Talisman Cards of Elemental Harmony on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation and embedded Jewel of Gelel on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, eight massive and indestructible deep sapphire blue angel wings with stars and rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and they had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, large blue pants with multicolored lightning bolts on the thighs with the orange kanji on the left leg that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos", and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had nine large multi-colored orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Kaho Nikaidou: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made three clones of himself, and he and the three clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with

equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Kaho Nikaidou: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, four Thunderbird Necklaces of Eternal Love appeared on the necks of Kaho Nikaidou, Yuzuka Hanami, Mafuyu Shinogi, and Chiya Sakagami with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villain we went after was Zankou, one of the biggest enemies of The Halliwell Sisters.

But, when Lincoln showed what we did in trouncing Zankou, and what he did in using his new spell to destroy Zankou and all the other demon villains from The Charmed Ones' past and sending them to The Black Gates forever, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Juliana Giagōremu have a lot of catching up to do, now that she's back in town, and Juliana also got the chance to meet all of the residents from Equestria and she was made aware of The Doomsday 23's return from the dead coming soon, thanks to The Church of Necrom's contingency plan.

Juliana Giagōremu: (Japanese Accent) I can't believe those demon goths had the nerve to set up that contingency plan to bring back The Doomsday 23.

Emily Magica: We were made aware of it by Princess Celestia, and that we've been chosen by The Elements of Harmony to be their champions.

Lincoln: Yep, and we'll finally put an end to The Doomsday 23 and the final showdown will end when Evil Starlight Glimmer makes her move, and we'll send her and all of The Doomsday 23 straight to The Black Gates, and we'll have cleaned up the last of Damian

Alaister's mess.

Then, Luan came in, and when Juliana Giagōremu saw her, she glared at Luan fiercely and Luan's face turned pale.

Juliana Giagōremu: (Japanese Accent) Luan, I can't forget about what you did years ago, but I'm going to look past it, since Lincoln told me that the prank-crazy, deranged psychopath in you is now gone forever.

Luan breathed a sigh of relief.

Nico: Uh oh. Something tells me the story she's going to tell us isn't going to be a good one.

Nicholette Torrington: That's why we've always hated it when Luan pulls lethal pranks on her own family and other people and all for a sick laugh, along with Lori acting like a power-abusing control freak, Lynn with her crazy superstitions along with smelling like an unwashed gym bag and her bad manners, Lola acting like she's the only one that matters along with her evil ways, and Lisa with her cold-hearted emotionless attitude towards people and her own family.

* * *

After putting an end to Zankou and the other enemies of The Charmed Ones for good, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Juliana Giagōremu saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Juliana Giagōremu: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Juliana, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Juliana Giagōremu: (Japanese Accent) That's incredible.

Nico: It sure is. So, Juliana, what's the story on why you outright hated Luan with a burning passion?

Juliana Giagōremu: (Japanese Accent) You're not going to like this one, Nico. One day, when we were 11, Lincoln and I were at The Loud House and we were having lunch in the kitchen, with me having a peanut butter and jelly sandwich and Lincoln with a peanut butter and sauerkraut sandwich. Then, Lincoln went to the fridge to get some drinks for us, but as he opened the fridge door opened, he was hit by a boxing glove and he was sent flying into a tub of gelatin, he was then catapulted to the oven and he was attacked by a pack of rabid racoons, then, he was sent flying into a pile of Lynn's dirty clothes, and he was catapulted outside into a pile of trash cans and he was covered in garbage. I ran outside and Lincoln was in pain, and the other sisters and the parents came outside with me as well, and we got Lincoln inside. I pieced together all of those traps and when we suddenly heard the sound of insane laughter in the air, there was only one person who set those traps up: Luan, and I was really furious. I marched up to her and Luna's room and kicked the door in, and I saw the prank demon sitting in her jester-themed chair and she had the look of an evil madwoman on her face, but I was already seeing red, and I pounced on her and I began to pulverize the living daylights out of her. The rest of The Louds ran in here, including Lincoln himself, who was healed up thanks to his superhuman regeneration, and they saw the beatdown that I was giving Luan. I saw Lincoln healed thanks to his superhuman regeneration and it made me stop and I ran up to him and hugged him. Luan saw it as an opening and she tried to attack me, but, Lincoln summoned a pair of shadow hands and he restrained Luan. Eventually, Mr. and Mrs. Loud had Luan grounded for nine weeks for her little prank on Lincoln, but she earned my outright hatred, and

I swore if she was still doing those sorts of pranks on Lincoln or anyone else, I would bury her.

We were shocked.

Me: Whoa, so Luan set up those wild pranks long ago, but it wasn't even April Fools Day, right?

Lincoln: That's right, it wasn't, it was just Luan on her little prank rampage again.

Nico: She had some nerve booby-trapping the kitchen. How did she even know about Juliana's visit?

Lincoln: Luan always had her cameras all over the place, and after she got grounded for nine weeks, she was ordered to take them all down and Luna made sure of that.

Luna: That's right, if she didn't take them all down, I'd smash my cymbals in her face and she'd be rendered tone-deaf for days, and Lincoln put a curse on her belongings again, and if she tried to get to Mr. Coconuts or her comedy props or jokebooks, she'd be subjected to getting a bucket of water dumped on her head, sitting on whoopee cushions placed on her chair in the dining room or on the couch, and all sorts of gags.

Eli: That'd teach her.

Bridget Brantley: See why we always hated it when Luan pulls those kinds of pranks, especially on her own family.

Bronte Elektra: And that's why we taught her, Lori, Lynn, Lola, and Lisa a painful lesson that day when they stabbed Linky all over his body.

We got a shower afterwards, and then, Clyde and his harem are heading to Casinopolis in Sonic's world. When they arrived there, it was an awesome casino-themed place filled with neon lights and casino games galore.

Syd Chang: Whoa, so this is Casinopolis.

Clyde: Yep. Lincoln and his harem have been to Casino Park, but not this place. Let's get going.

Clyde and his harem started winning big at some of the casino games there and they also loaded up the scrolls with tons of gold coins from their winnings, and they also had lunch there as well. Then, they shared a romantic kiss and they came back home.

Nico: Hey, Clyde, how was your date?

Clyde: It was awesome, Nico, we went to Casinopolis.

Sonic: Casinopolis, we haven't been there in a long time.

Syd Chang: And check it out.

Clyde and his harem got out the scrolls and in them were their winnings at the casino games there, tons and tons of gold coins.

Lincoln: Whoa, that's just like our date at Casino Park.

Paige: Yeah, and I think we found our next date location, Linky. So, when we get there, we'd better win big at those games.

Lincoln: Like we did at Casino Park, Paige, we'll win big at the casino games in Casinopolis.

We then put all the gold coins that Clyde and his harem won at Casinopolis into the vault.

* * *

We were then getting ready to watch a movie.

Veronica: What are we watching again?

Me: We're watching 2012's Footfight.

Nico: I love that movie! That's a darn shame it was a terrible bomb.

Laney: No kidding there.

Then Shendu, Selene, Spymaster, Amora, Stonedozer, Whirlin, Iceage, Magma, Comic Book Guy, and INSTIGATOR appeared.

Shendu: Can we watch with you guys?

Nico: Sure. The more the merrier.

Qin: Yeah.

We got to watching the movie and it was funny.

When night falls at the supermarket Marketropolis, the store products' mascots ("Ikes") come to life and interact with each other. Heroic cereal mascot Dex Dogtective is about to propose to his girlfriend Sunshine Goodness, a raisin mascot, but she goes missing just before he is able to do so.

Six months later, a Brand X representative called "Mr. Clipboard" arrives at Marketropolis and aggressively pushes Brand X's range of generic products to Leonard, the store's manager. In the world of the Ikes, the arrival of Lady X, the seductive Brand X detergent Ike, causes a commotion at Dex's club, the Copabanana.

Brand X products begin to replace previous products, which is mirrored in the Ikes' world with the deaths of several Ikes. After Dex's friend Daredevil Dan, a chocolate squirrel, disappears, Dex begins to investigate. After rebuffing Lady X's attempts to bring him to Brand X's side, Dex is locked in a dryer with Dan to be melted, but the two manage to escape. Dan and Dex find out that Brand X contains an addictive and toxic secret ingredient.

Dex and Dan attempt to initiate a product recall with Leonard's computer. A Brand X Ike cuts power just as they send the message. Dex then rallies the citizens of Marketropolis to fight the armies of Brand X in a massive food fight. The citizens win the battle by using the supermarket's electricity.

Dex rescues Sunshine, who had been held hostage in the Brand X tower, and escapes with the help of Dan. Mr. Clipboard then enters the Ikes' world, but he is taken down by Dex, who discovers that he is a robot controlled by Lady X. Lady X reveals that she had previously been the hideous Ike of an unsuccessful brand of prunes, and had been stealing Sunshine's essence to create a new brand. Dex and Sunshine defeat her, reverting her to her original form. With Brand X defeated and a cure found that revives the killed Ikes, Dex and Sunshine finally get married.

We were laughing really hard!

When the movie was done we cheered wildly!

Nico: That was great!

Me: Yeah I can't believe this movie was that bad!

Qin: How much did it take to make this movie?

Me: $45 to 65 million it took to make it and it only made $73,706.00 in the box office!

Camie: Geez! That was a failure!

Ruby Salazar: Yeah they called it the worst movie ever made.

Sapphire Salazar: We may be critics ourselves but we liked it and we both give it a great big TOES UP!

Layla Williams: It doesn't seem that bad to me.

Me: Yeah we liked it!

Nico: I can't believe those people hated it!

Qin: We loved it!

Zhuqiaomon: Shows how stupid some critics can be. (To the Salazar Twins) No offense girls.

Ruby Salazar: None taken. But yeah they abuse their power all the time.

Sapphire Salazar: Yeah no kidding. Ask Leene Hiskell and Coger

Eggbert. They hated Slappy remember?

Slappy Squirrel: Yeah they sure did.

Aligned Knock Out: I might not be human but I still think this movie was good!

Shendu: I liked it too.

Selene: I can't believe those critics abused their power like that.

Eli: Yeah. But we know who our main target is.

Me: Yep. Lady X.

Nico: What does it say about her?

Me: Lets see.

I pulled up her info.

---

Priscilla Pusly, better known as Lady X, is the main antagonist of the 2012 animated film Foodfight.

She is a washed up mascot who tries to take over the world along side Brand X and make herself look attractive out of frustration over her own lack of success.

In her normal form, she was voiced by Eva Longoria. When piloting Mr. Clipboard, she was voiced by Christopher Lloyd.

Originally, Lady X was named Priscilla, an ugly and unsuccessful icon (or Ike) for a prune brand. Tired of her failing brand, she kidnapped raisin Ike Sunshine Goodness and used her essence to create a new brand entitled Brand X. Some time around then, she managed to make herself look young and attractive.

Six months after Sunshine's disappearance, Lady X disguised herself as Mr. Clipboard, a mentally disabled man, and she went to the store owner so that she could persuade him into selling detergent and other items from the Brand X company. When she arrives to Marketropolis, the fictional town in which the story takes place in, she attempts to seduce Dex Dogtective, a private investigator and the main protagonist of the film, to bring him towards the side of Brand X (while also covering her identity as the one killing off Ikes to ensure Brand X's success).

At the end of the film, she uses Mr. Clipboard to attack the Ikes resisting Brand X's takeover, but the Ikes use a rope to cause him to trip, exposing him as a robot. Lady X attempts to kill Dex and engages Sunshine Goodness in mortal combat, where she is defeated and reverts to her original ugly form. Priscilla then whined saying that she wanted to be with Dex, though she also truthfully admitted that she wanted world domination more. She is then taken to the expiration site, possibly to be executed.

---

When it was done we were shocked.

Me: WHOA! Talk about bad to the bone. And her prunes were bad because they had a very dangerous ingredient in them.

Nico: No kidding. What is this ingredient?

Me: Poisonous Cancer Causing Drugs.

Qin: GEEZ!

Camie: That is crazy!

Nico: Yeah.

Skids: Who in their right mind would buy those?!

Me: People that are just that stupid!

Nico: Yeah no kidding!

Me: It said that the people that made the prunes had massive and huge lawsuits on them for billions of dollars and they were forced to declare bankruptcy and the products were recalled.

Nico: Good riddance. And Lady X is planning to make her products sold again. By destroying all other products.

Eli: Not on our watch.

Jack Spicer: Time we discontinue this brand!

Me: You got that right Jack!

Nico: Okay here's the plan. We go and meet Dex Dogtective and Sunshine and the brands and then get a sample of Brand X and come back here to run some tests. Then we contact the Consumer Product Safety Commission and then take down Lady X.

Comic Book Guy: I hope you don't mind that me, Shendu, Selene, Spymaster, Amora, Stonedozer, Whirlin, Iceage, Magma, and INSTIGATOR come with you all. Because that woman is the worst. Icon. Ever!

Me: My thoughts exactly Jeff!

Nico: And yes you guys can come with.

Qin: What Lady X is doing is gonna be worse than the Chicago Tylenol Murders from back in the 1980s.

Eli: That was terrible!

Me: And they still haven't found out who did it even after 4 decades had passed.

Nico: I know.

Sasha: Nico, which Gene Slammer do you think you'll meet next?

Nico: Hmm. I am hoping to go for a gene-slammer for Orca Mega Fortress of Darkness.

Me: Wow a water gene-slammer. Nice.

Qin: Cool.

Laney: Yeah!

Camie: Cool.

Shendu: Let's get going.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed thirteen dark energy signals with his eyes and the Force, and he saw who the two figures were in the vision: the thirteen figures are none other than Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra, the evil, stupid, and jealous older brothers of Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, and Stelara Astra.

They've broken out of prison and they want bloody and horrible revenge on Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, and Stelara Astra for ruining their plans to ruin their sisters' good names by causing elemental disasters that almost destroyed Royal Woods long ago. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and Bridget, Abeline, Brooke, Ashley, Bronte, Bianca, Leora, Abnus, Allira, Astrid, Aurora, Maya, and Stelara, you're so not going to like it one bit: the thirteen energy signals I sensed belong to your evil, rotten, stupid, and jealous older brothers, Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra. They've broken out of prison and they want bloody and horrible revenge on you girls for ruining their plans to ruin your good names by causing elemental disasters that almost destroyed Royal Woods long ago.

Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, and Stelara Astra gasped in shock.

Bridget Brantley: I can't believe that jealousy-driven pile of crap, Dimitri, has broken out of prison.

Abeline Demeter: Same with the rest of our evil, rotten, stupid, and jealousy-driven older brothers.

Nico: Uh oh, looks like you girls have a bit of a nasty history with them.

Lincoln: You have no idea, Nico. You see, Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, and Stelara Astra weren't the only ones born with immense cosmic powers over the elemental forces of Fire, Water, Earth, Lightning, Wind, Ice, Light, Darkness, Crystals, Nature, Gravity, Astral/Spiritual Energy, and Stars, their brothers, Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra were also born with immense cosmic powers over the elemental forces of Fire, Water, Earth, Lightning, Wind, Ice, Light, Darkness, Crystals, Nature, Gravity, Astral/Spiritual Energy, and Stars.

Bridget Brantley: But, instead of using their powers to protect others and achieve great things, they'd used their powers to cause havoc and destruction all over Royal Woods.

Brooke Hudson: And it was our job to put a stop to their mayhem. But, they were also jealous of our achievements and determination, and it drove them insane and they tried to ruin our good names by causing elemental disasters.

Bridget Brantley: Here's a list of them.

Bridget Brantley handed us a list of what they tried to do to ruin their sisters' good names, and we were horrified.

Dimitri Brantley - Tried to ruin his sister's good name by setting fire to Royal Woods, but, he was stopped by Bridget and got a burn scar on his stomach and he was sent to prison for life.

Alan Demeter - Tried to ruin his sister's good name by causing an earthquake that could destroy Royal Woods, but, he was stopped by Abeline and he was sent to prison for life.

Blake Hudson - Tried to ruin his sister's good name by causing a flood that could destroy Royal Woods, but, he was stopped by Brooke and he was sent to prison for life.

Frank Aella - Tried to ruin his sister's good name by causing an earthquake that could destroy Royal Woods, but, he was stopped by Ashley and he was sent to prison for life.

Peter Elektra - Tried to ruin his sister's good name by causing a powerful lightning storm to destroy Royal Woods, but, he was stopped by Bronte and he was sent to prison for life.

Caleb Frostine - Tried to ruin his sister's good name by causing a horrible blizzard to destroy Royal Woods, but, he was stopped by Bianca and he was sent to prison for life.

Henry Chiaro - Tried to ruin his sister's good name by sending a powerful beam of light to destroy Royal Woods, but, he was stopped by Leora and he was sent to prison for life.

Damien Abital - Tried to ruin his sister's good name by plunging all of Royal Woods into an age of eternal darkness, but, he was stopped by Abnus and he was sent to prison for life.

Zachary Crisant - Tried to ruin his sister's good name by creating an army of crystal monsters to destroy Royal Woods, but, he was stopped by Allira and he was sent to prison for life.

Joshua Brinkley - Tried to ruin his sister's good name by trying to destroy Royal Woods and turn it into an urban jungle, but, he was stopped by Astrid and he was sent to prison for life.

Harold Aurelia - Tried to ruin his sister's good name by trying to destroy Royal Woods by using gravity, but, he was stopped by

Aurora and he was sent to prison for life.

David Carina - Tried to ruin his sister's good name by causing a shower of stars that could destroy Royal Woods, but, he was stopped by Maya and he was sent to prison for life.

And Alex Astra - Tried to ruin his sister's good name by causing a chain reaction of cosmic radiation bombardments that could destroy Royal Woods, but, he was stopped by Stelara and he was sent to prison for life.

When we went through the whole list, we were extremely horrified.

Nico: Your brothers are a bunch of lowlives, and they broke the big rule: With Great Power Comes Great Responsibility.

Bridget Brantley: They sure did. But, we stopped their plans and we sent them all to prison for life after we'd testified in court of their wrongdoings, and our parents had cut their ties with them for good.

Abnus Abital: But, we didn't strip them of their powers, and now, years later, they've broken out of prison, damn it.

Lincoln: It's okay, Abnus. But, now, we have a chance to stop your rotten jealousy-driven brothers for good, strip them of their powers, and throw their hides in The Neptune Prison forever. No one dares to ruin the good names of my Guardian Angels and gets away with it, especially your rotten older brothers.

Nico: And since they also have powers, you guys are in for one big fight later on today. Alright, gang, let's go, it's time to destroy Brand X for good.

Lincoln: That kind of brand will never be put on any market again. And you better be ready for later on today, Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra.

Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, Stelara Astra, and Lincoln: The Elemental Angels are coming for you, and you will pay for every last one of your evil crimes.

With that we were off to Marketropolis which was located in a supermarket in the middle of the city.

---

We arrived.

Me: Here we are.

Nico: Marketropolis.

We went over to the doors and it was locked.

Me: Closed for the day. I got a key.

I used my key power to open the door and we saw that the market brands live in a city! WOW!

Qin: WHOA!

Lola: Wow! It's all a city for the great brands of our favorite stuff.

Nico: So awesome.

Me: Supermarket by day and city for our favorite stuff at night.

Paragus: Do they have oranges here?

Me: It's a supermarket Paragus.

Qin: They have tons of oranges.

Nico: Yep. Look.

We saw Dex Dogtective and Sunshine and they were battling Brand X Soldiers.

Nico: There they are! Lets go.

We went at the soldiers!

Dex Dogtective: This is getting big!

But then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOMMMM!

The soldiers exploded when powerful energy blasts hit them and they ran away and we showed up.

Me: Looks like we got here just in time.

Dex Dogtective: You sure did!

Sunshine Goodness: Wow! Team Loud Phoenix Storm what an honor.

Me: You too.

Qin: Those cancerous poison freaks are messing with the wrong people.

Spymaster: You guys alright?

Dex Dogtective: Thanks to you guys.

Me: We came to help you guys take down Lady X.

Sunshine Goodness: Good. She somehow returned from the Expiration Site.

Me: Well we're not going to let her get away with her crimes.

Nico: No we sure aren't.

Barbossa: There be a place we can talk safely?

Dex Dogtective: Follow me.

We followed them to his office and it had a good view of the Brand X tower and he closed the curtains to hide us.

Sunshine Goodness: We'll be safe here.

Me: Okay.

Eli: I have a feeling they will look for us though.

Me: Let them try.

Stonedozer: We got a good view of Brand X Tower from here.

Me: We sure did.

Qin: Yeah.

Nico: We got to get a sample of Brand X for us to analyze and then form a plan of attack.

Dex Dogtective: That won't be necessary.

He gave us a sample of Brand X.

Me: Oh that's perfect.

Lisa Loud: And I brought my portable laboratory with us.

Nico: Good thinking Lisa.

She took it and analyzed it down to the last molecule.

Blast Man: How'd you get that?

Sunshine Goodness: Took it from a soldier we beat.

Nico: Nice.

Lisa got the results.

Lisa Loud: Oh dear this is worse than we thought. Brand X is prunes that are all laced with the deadly poisonous carcinogenic chemical called *N* -Nitrosodimethylamine.

Nico: Oh man. That's a cancerous agent that is used to cause cancer in lab rats for testing.

Lisa Loud: Correct.

Magma: Who would want to cause cancer in lab rats?!

Me: It's for research purposes Magma.

Magma: Oh.

Me: Sorry Fluttershy.

Fluttershy: Oh no worries.

Me: But I know what Lady X is planning. She wants to sell Brand X so she can give cancer to EVERYONE.

Nico: That is insane!

Laney: No kidding there!

Dirge: In my vehicle form, I should be able to destroy several of them.

Nico: Good thinking Dirge. But after we get the entrance down.

Qin: We need to form a plan of a attack. Her tower is a heavily guarded fortress.

Eli: We need to be ready for her and what she is going to plan next.

INSTIGATOR: No telling how many people have that shit right now!

Me: And if that's the case then we got to stop it no matter what. I'll call the Consumer Product Safety Commission right now.

I did so.

Qin: This is terrible. We got to tell everyone to stop eating Brand X.

Bai Tza: Is it already too late?

I scanned for anyone buying them and to our relief no one bought any yet. But it's in manufacturing right now.

Me: No one bought Brand X now but it's in manufacture now.

Bai Tza: Then we better stop it pronto.

Iceage: Then we better get on it!

Nico: Right.

Me: I put the Consumer Product Safety Commission on full alert.

Nico: Good.

Qin: That poisonous prune witch is going down.

Top Man: Time to get rid of some prunes!

Me: We'll throw them into the sun.

Qin: Yeah!

Dirge fired at some of the soldiers and Prunes in his jet mode while Whirlin got a bunch of them in a tornado.

Whirlin: Sorry! These are being recalled!

They blasted them and hurled them into the sun.

Qin: Nice!

We were blasting and incinerating the soldiers and prunes all over the place.

Blitzwing: Nico, got any Ridewatch Blueprints for us?

Nico: (sadly) Unfortunately, these are the last ones.

Nico revealed Ridewatch Blueprints for Slamworm, Muciliator, Terroranchula, Tyrannopede, Hypnotick, Omnivoracious, Vicetopus, Panuncian, Ultimate Panuncian, and Overflow.

Lori: (pats Nico on the back) At least they were fun while they lasted.

Me: Yeah. But the gene-slammers for these aliens will get the copies.

Qin: Good idea.

Lila Slate, Bonnie Reggington, Selene Jomannovich, Gemini Richie, Erin Utakara, Athena Rollins, Nadine Tyrannus, Krystal Flemmington, Meadow Evans, and Hayley Buckingham will get the copies. And Ebonwumon, Courtney, Yae, Lightning, Tecna, Tristan, Flare Corona, Jenny Wakeman, War Machine, and Homer get the originals.

Amora: Forget the small fry. Let's go after their boss now!

We nodded.

We went for the Brand X tower.

Lady X was really pissed and then the spirits of food swirled around her and then they converged and then…

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

A massive fiery explosion blasted off above her and then a phoenix cry was heard and we came in.

Me: Lady X, your products have hereby been terminated.

Slobber Trap: Your products could kill lots of people!

Lady X: I don't care! As long as my product is a success I will soon be number 1!

Me: Not on our watch!

Laney: Yeah and we won't allow it!

Selene: I know lots of products better than yours!

Me: And they are non-cancerous!

Qin: Yeah you stupid bimbo!

Then Cantwell, Vreedle Brothers, Cargill, Private HIVE, Krusty, Electrocutioner, Hydro Man, Pyro, Grumblemon, and Hsi Wu appeared.

Krusty: Hey hey kiddies! (Goofy laughter)

Nico: Cantwell, Vreedle Brothers, Cargill, Private HIVE, Krusty, Electrocutioner, Hydro Man, Pyro, Grumblemon, and Hsi Wu.

Cantwell: Don't worry. Many of her Products were destroyed by us on the way here.

Maria: That's good.

Rhomboid: We blew them up real good!

Cargill: And threw them in the garbage.

Nico: Good.

Private HIVE: (to Nico) Heard you had that party.

Nico: Yep.

Krusty: How was it?

Me: It was really awesome and fun.

Eli: It sure was.

?: That's cool.

A figure came out and it was CLOCK SHADOW from the Kyoryuger VS ToQgers movie!

---

The Clock Shadow is a clock-themed Shadow monster appears in the ToQger's VS movie, Ressha Sentai ToQger vs. Kyoryuger: The Movie.

He is voiced by Masaya Onosaka who later voiced the Marshmallow Jamen in 2020 TV series called Mashin Sentai Kiramager.

The Clock Shadow made his first appearance at the same train station where Utchy was waiting for Daigo. He was about to eliminate the samurai until Akira showed up to battle the monster.

He then appeared somewhere in the forest as he used his ability as he reverted Utchy into a baby because he was the one that heard the Shadow Monster's song the longest, at the same time the five ToQgers are regressed to their childhood forms, forcing his successor Akira Nijino (ToQ 6gou) to take care of him. However the team and the unwilling Samurai has to make a hasty retreat, so the Clock Shadow sent the Combatant Kuros to follow them, but he was then attack by the ninjas. So he left one of the Kurainers to battle the team while he goes after train team and Utchy.

A while later he managed to catch up to the team as he sent the Kuros, Zorima and Cambrima to battle them. However they were all destroyed leaving the Clock Shadow to battle the team. After that he was then destroyed by the combined team finisher called ToQ Kyouryu Brave Rainbow Rush.

---

Eli: Clock Shadow! I remember you! You were changing people into kids to get darkness.

MeL That was so awesome! I remember seeing that.

Clock Shadow: That was awesome.

Brody: So, you had a run in with my team's Japanese counterpart before you got destroyed?

Clock Shadow: Sure did. They weren't pushovers!

Me: Coincidental there.

We got the battles underway.

Starlight Glimmer: I think it's so cute that they like us as ponies.

Cozy Glow: It sure is awesome. I think it's so adorable. And her story is cool too.

---

Juliana Giagōremu: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Juliana, and now, I can also defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Juliana Giagōremu: (Japanese Accent) That's incredible.

Nico: It sure is. So, Juliana, what's the story on why you outright hated Luan with a burning passion?

Juliana Giagōremu: (Japanese Accent) You're not going to like this one, Nico. One day, when we were 11, Lincoln and I were at The Loud House and we were having lunch in the kitchen, with me having a peanut butter and jelly sandwich and Lincoln with a peanut butter and sauerkraut sandwich. Then, Lincoln went to the fridge to get some drinks for us, but as he opened the fridge door opened, he was hit by a boxing glove and he was sent flying into a tub of gelatin, he was then catapulted to the oven and he was attacked by a pack of rabid racoons, then, he was sent flying into a pile of Lynn's dirty clothes, and he was catapulted outside into a pile of trash cans and he was covered in garbage. I ran outside and Lincoln was in pain, and the other sisters and the parents came outside with me as well, and we got Lincoln inside. I pieced together all of those traps and when we suddenly heard the sound of insane laughter in the air, there was only one person who set those traps up: Luan, and I was really furious. I marched up to her and Luna's room and kicked the door in, and I saw the prank demon sitting in her jester-themed chair and she had the look of an evil madwoman on her face, but I was already seeing red, and I pounced on her and I began to pulverize the living daylights out of her. The rest of The Louds ran in here, including Lincoln himself, who was healed up thanks to his superhuman regeneration, and they saw the beatdown that I was giving Luan. I saw Lincoln healed thanks to his superhuman regeneration and it made me stop and I ran up to him and hugged him. Luan saw it as an opening and she tried to attack me, but, Lincoln summoned a pair of shadow hands and he restrained Luan. Eventually, Mr. and Mrs. Loud had Luan grounded for nine weeks for her little prank on Lincoln, but she earned my outright hatred, and I swore if she was still doing those sorts of pranks on Lincoln or anyone else, I would bury her.

We were shocked.

Me: Whoa, so Luan set up those wild pranks long ago, but it wasn't even April Fools Day, right?

Lincoln: That's right, it wasn't, it was just Luan on her little prank rampage again.

Nico: She had some nerve booby-trapping the kitchen. How did she even know about Juliana's visit?

Lincoln: Luan always had her cameras all over the place, and after she got grounded for nine weeks, she was ordered to take them all down and Luna made sure of that.

Luna: That's right, if she didn't take them all down, I'd smash my cymbals in her face and she'd be rendered tone-deaf for days, and Lincoln put a curse on her belongings again, and if she tried to get to Mr. Coconuts or her comedy props or jokebooks, she'd be subjected to getting a bucket of water dumped on her head, sitting on whoopee cushions placed on her chair in the dining room or on the couch, and all sorts of gags.

Eli: That'd teach her.

Bridget Brantley: See why we always hated it when Luan pulls those kinds of pranks, especially on her own family.

Bronte Elektra: And that's why we taught her, Lori, Lynn, Lola, and Lisa a painful lesson that day when they stabbed Linky all over his body.

Bridget Brantley: I should've known there's no mistaking those thirteen voices from anywhere, along with the smell of an unwashed pig from anywhere. You and your stupid friends can come out now, Dimitri Brantley.

Then, thirteen boys came out and they had the same hair color and eyes as the thirteen Elemental Angels, but they had evil scowls on their faces and they were dressed in prison uniforms, they were none other than Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra, the former older brothers of Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, and Stelara Astra.

Lincoln: That's a load of bullshit and you know it, Dimitri! You forgot the most important lesson: With Great Power Comes Great Responsibility, something you stupid brutes would never understand, and I'm glad Bridget and the others put a stop to all of you, you all gave in to your stupid jealous hearts and you tried to ruin their good names and cause those elemental disasters in Royal Woods long ago. Stelara Astra has on a red kimono with flowers on it, green obi sash around her waist, getas, and long sleeveless red trenchcoat with stars, phoenixes, and dragons on the coattails, and on the back is a dragon, phoenix, and fire angel holding a small star. Suddenly, Stelara Astra felt a sharp pain on her back, and then, her massive red angel wings grew much bigger for her new body, and the large red feathers have pink tips on the feathers. Stelara Astra has on a Ring of The Phoenix with red gem and heart shaped gem embedded in it on her right ring finger which also merged with her Guardian Angel of Lincoln Loud ring and Star Sapphire ring on her left ring finger.

Suddenly, Stelara Astra's massive Cosmic Elemental-themed greatsword and all of the swords from the treasure battles began merging together, and they're surrounded by a kaleidoscope of red energy, star, phoenixes, and dragons, and when it emerged, it was transformed into Cosmic Angel's Draconic Phoenix Star Broadsword of Cosmic Storm Justice, it's a brand-new large broadsword with a Cosmic Angel, Dragon, and Phoenix etched on the 7'0" massive, wide, double-edged crimson red blade, red dragon heads for the crossguard, large pink gem embedded in the rainguard, longer black handle, and four large red dragon heads with pink gems for eyes and in their open mouths and on the bottom of the dragon heads is a large red gem for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with red gems on her wrists, new large gold Belt of Elemental Bravery with a golden dragon head with red gems for eyes and large pink gem in its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a pink kanji below the Cosmic Angel, Phoenix, and Dragon that said, "Stelara Astra, The Cosmic Elemental Angel, Member of The Elemental Angels, Thrasher and Humiliator of Ex-Brother Alex Astra, Loving Future Wife of Lincoln Loud, Despiser of Bullies, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Stars, Angels, Phoenixes, and Dragons"

ステララ・アストラ、コズミック・エレメンタル・エンジェル、エレメンタル・エンジェルのメンバー、元兄弟アレックス・アストラのスラッシャーと屈辱者、リンカーン・ラウドの愛する未来の妻、いじめっ子の軽蔑者、悪のスレイヤー、混乱した、殺人的、無慈悲、そしてサディスティックなろくでなし、素晴らしい優秀で強力な教師の強力な生徒であり、星、天使、鳳凰、およびドラゴンのマスター

Stelara Astra has transformed into SUPER ANGEL ETERNITY INFINITY COSMIC STORM DRACONIC PHOENIX ANGEL OF DIVINE COSMIC STAR JUSTICE AND DIVINE COSMIC ANGEL LOVE!

We were amazed by the Super Angel Eternity Infinity transformations of Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, and Stelara Astra, and when Lincoln saw them, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra saw them, they became beyond pissed off and continued firing blasts of elemental forces at them to kill them, but the girls absorbed the blasts and it made them even stronger than ever, and they fired powerful colored energy blasts with elemental forces and mythological animals at their soon-to-be ex-brothers and sent them flying into a wall, but they got out and they were even more beyond pissed.

Nico: Whoa, Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, and Stelara Astra have transformed, that's so awesome!

Me: This is going to be one awesome battle of the elements: Good Elemental Angels of Justice VS. Evil Elemental Angels of Destruction.

Lincoln: You said it, and Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, Stelara Astra, you girls look beautiful. How do you all feel?

Bridget Brantley: (Divine Echoing Cosmic Voice of The Draconic Phoenix Fire Angel and Divine Fire Angel Love) **We feel incredible, Linky.**

Brooke Hudson: (Divine Echoing Cosmic Voice of The Draconic Phoenix Water Angel and Divine Water Love) **We sure do. Now, shall we take down Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra for good?**

Lincoln: (Smiles) With pleasure, girls.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope,

and he joined the Elemental Angels.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **You and your friends' days of trying to ruin my Guardian Angels' good names and destroy Royal Woods are all over, Dimitri Brantley, and now, you will all pay for your crimes infinite-fold.**

Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, Stelara Astra, and Lincoln went after Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra, who continued firing blasts of Fire, Ice, Water, Wind, Lightning, Earth, Light, Darkness, Crystals, Stars, Nature, Astral/Spiritual, and Gravity at them, but they absorbed them and it made them even more powerful than ever.

Then, they fired powerful blasts of rainbow energy, colored energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, and Angels at Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra, and they exploded with incredible power as they hit them. Then, Lincoln and the Elemental Angels attacked them with their massive swords and they left tear marks on their prison uniforms and scars on them, and it really pissed them off.

Dimitri Brantley: I don't even care how powerful all of you are, we will kill every last one of you if it's the last thing we ever do!

Bridget Brantley: (Divine Echoing Cosmic Voice of The Draconic Phoenix Fire Angel and Divine Fire Angel Love) **You're right about one thing: it's going to be the last thing all of you will ever do.**

Suddenly, Lincoln and the Elemental Angels raised their massive large broadswords and greatsword at Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra, for abusing your powers and causing nothing but destruction and havoc, along with trying to ruin the good names of your soon-to-be ex-sisters, you hereby lose your elemental powers for eternity, and you will never hurt anyone ever again.

Suddenly, the large gems embedded in the swords of Lincoln and the Elemental Angels were glowing, and then, their swords began sucking out the elemental powers of Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra, and they were being absorbed and assimilated by Lincoln and the Elemental Angels as their energy auras flared up and they were getting stronger than ever. When Lincoln and the Elemental Angels were done, Dimitri and his friends were powerless, and it pissed him off greatly.

Dimitri Brantley: NO! WHAT DID YOU ALL DO TO US?!

Abnus Abital: (Divine Echoing Cosmic Voice of The Darkness Elemental Angel and Divine Darkness Angel Love) **We stripped you all of your powers, and now, you will never hurt anyone ever again.**

Damien Abital: You stupid goody-two-shoes heroes will pay for this, you hear me?!

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Not any time soon, stupid** .

Lincoln fired thirteen rainbow energy blasts, and they tied up Dimitri Brantley, Alan Demeter, Blake Hudson, Frank Aella, Peter Elektra, Caleb Frostine, Henry Chiaro, Damien Abital, Zachary Crisant, Joshua Brinkley, Harold Aurelia, David Carina, and Alex Astra in rainbow energy straitjackets and he beamed them to The Neptune Prison for Traitors' Maximum Security Solitary Confinement, where they are placed in separate cells and chained to the walls in rainbow energy chains for eternity. We cheered wildly for what Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, Stelara Astra, and Lincoln did as they holster their massive broadswords and greatsword on their backs and power down, and the new bodies, clothes, weapons, jewelry, and massive angel wings of Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, and Stelara Astra are permanent.

Just then, Bridget Brantley, Abeline Demeter, Brooke Hudson, Ashley Aella, Bronte Elektra, Bianca Frostine, Leora Chiaro, Abnus Abital, Allira Crisiant, Astrid Brinkley, Aurora Aurelia, Maya Carina, Stelara Astra glomped on Lincoln and they kissed him all over, and Lincoln had lipstick marks all over his massive muscular body and face, and he returned their kisses and hugs as well, and we all cheer wildly for them.

Nico: Whoa, now that's what I call one awesome battle of the elements, but in the end, good won over evil.

Bridget Brantley: And we kicked the asses of our ex-older brothers and sent them back to prison for good.

Lincoln: Yep, we brought down the Elemental Angels of Destruction, and now, they'll never come back to torment anyone again.

Me: You said it.

Lincoln: And tomorrow, we're going to meet Andy and Rodney for Applejack's special mission.

Applejack: It's going to be good to see them again, and wait until they meet our adorable newborn kids, Linky.

Lincoln: You said it, A.J.

Nico: Yeah, they'll be happy to meet them, plus, we're going to kick the tar out of Kyle and Salty Mike tomorrow big time.

Me: Yeah, those two are rotten bullies who need to be taught a lesson.

Electrocutioner: Looks like that's one brand off the market.

Hydro Man: You said it.

Pyro: Now, no one will get cancer from it ever again.

Grumblemon: And Lady X is done for.

Hsi Wu: (to Dex Dogtective) Know a good place where we can celebrate?

I looked at my watch.

Me: It's really late guys. It's 10:30 PM.

Nico: Whoa. We need to get to bed.

Qin: Yeah.

Nico: Yeah but great job guys.

Dex Dogtective: (To the viewers) Be careful what you eat and always look out with what you eat too.

Nico: Good advice. Lets go home.

We went home and went to sleep.

Meanwhile on the southwestern side of the city, Rodney the Squirrel and Andy were getting ready for bed as well as getting ready for our arrival.

Andy Johnson: I'm so excited for this.

Rodney: Me too Andy. Team Loud Phoenix Storm is gonna be so awesome to hang out with.

Andy Johnson: And it'll be awesome to see A.J. again.

Rodney: Yeah. Night Andy.

Andy Johnson: Night Rodney.

They went to sleep…

Qin: Never thought we would be here again.

Me: As long as Nico likes the cheese.

Nico: You know I do.

We laughed at that one.

Applejack: YEEHAW! I'm really excited about my big mission today.

Me: We all are Applejack.

Lola: We sure are and I can't wait to kick that Kyle Kid in the butt.

Me: Blitz said that he was looking forward to biting him on his butt with the force of a million bear traps.

John Bolton: You got that right.

Nico: Thanks for coming with me, John.

John Bolton: Not a problem Nico and it's gonna be so awesome to rip some bad guys apart while we're here.

Laney: It sure is gonna be cool.

Qin: Yeah it is!

Mara: And I love a good battle with monsters.

Nico: John, Paradigm pretty much started the whole Gene Slammers term.

John Bolton: Yeah he sure did and he stole so many people of their humanity.

Me: He was really playing with fire when he was doing all that. So were his brothers Roland and Arthur.

Qin: Yeah Roland turned me into a Komodo Dragon.

Mara: Did he really?

Qin: He sure did.

Me: But you don't have to worry about them anymore. We did banish them to the Warp forever.

Kora Lexxington: What they were doing was completely unforgivable.

John Bolton: You got that right.

Nico: Yeah but they will return one day and we'll be ready for them.

Eli: We sure will.

John Bolton: And if they do we'll definitely be ready for them.

Nico: And we gave you your humanity back.

Maria: And yet, you and Stacy are the only ones of your siblings with archenemies.

John Bolton: I know but someday we will give them archenemies.

Nico: Yeah we sure will.

Me: Yep.

My Wrist Computer went off.

Me: Uh oh.

Then a portal opened up over a vat of coconut curry sauce and then we heard a scream and we saw a girl fall through the portal and then…

KRASPLORRFFF!

She fell right into the vat with a huge splash and it splattered sauce all over the place.

Me: WHOA MAN!

May: Lets help her out of there!

Me and May went over and got the girl out of there and brought her over.

Girl: Oh man! I am a mess!

Me: (Licks Fingers) Yummy. Coconut Curry sauce.

May: (Licks fingers) Tasty.

Maria: Lets get you cleaned up.

Maria fired water and washed her off and it was Marion from High School DXD!

Me: Marion from Riser Phenex's Peerage!

Marion: That's right.

Maria gave her a towel and dried her off.

Marion: Thank you. Wow! You're Team Loud Phoenix Storm. What an honor.

May: You too Marion.

Nico: Then that must mean that Riser Phenex is coming.

Eli: Yeah.

Nico: Where are your friends?

Marion: I don't know. I somehow wound up here. (GASP) Riser! He did this! He sent us here.

Me: He will pay. That means they should be coming here. You wound up in a Condiment Factory here on Earth. You fell into a vat full of Coconut Curry Sauce.

Marion: Wow. But thank you for helping me.

Me: No problem.

Then my Wrist Computer beeped and another portal appeared over a vat full of horseradish sauce and then out came Xuelan and she fell right into it.

KRASPLORFFF!

She splattered sauce all over as she fell into it and me and Eli went over and helped her out and brought her over..

Xuelan: OH YUCK!

Me: I don't really like horseradish sauce.

Nico: You okay?

Xuelan: I'll be okay.

Maria washed her off and gave her a towel.

Xuelan: Thanks. Wow you're Team Loud Phoenix Storm! I heard a lot about you.

Me: Awesome to meet you Xuelan.

Marion: You are here on Earth now with them.

Xuelan: Riser! He betrayed us.

Me: And he will pay.

Then my wrist computer beeped and then a portal formed over a vat of relish and then out came Isabela and she landed into it!

KRASPLORFFF!

She splattered relish all over and me and Varie flew over and helped her out.

Me: You all right?

Isabela: Really covered in stuff.

Me: It's pickle relish. I don't like pickles that much.

Maria washed her off too.

Nico: How many is that so far?

Isabela: There's 14 of us.

Me: You're number 3.

Isabela: Thanks for saving me.

Me: Marion and Xuelan are here too.

Isabela: Wow.

Then my wrist computer beeped again and then a portal opened up over a vat of hot mustard! Out of it came Bülent and she landed right in it!

KRASPLORFFF!

She splattered hot mustard all over the place! Me and Laney got her out and she was in pain from the sauce burning her eyes!

Bülent: My eyes!

Me: (Licks the hot mustard) WHEW! Spicy!

Maria washed her off.

Maria: Hold still. It's in your eyes.

She got her eyes cleaned.

Maria: Are you okay?

Bülent: I think so. I can't see though. Who are you?

Varie: We're Team Loud Phoenix Storm.

Bülent: Wow it's an honor.

Me: Marion, Isabela and Xuelan are here too.

Bülent: Wow! But thank you.

?: HELP!

Nico: Uh oh!

We saw a giant beehive!?

Me: A Giant Beehive?

Qin: With no bees!

Me and Qin went over and inside it we saw Siris sinking in honey!

Me: Whoa!

Qin: A honey pit? Whoa!

Siris: Don't just stand there!

Me and Qin got her out and brought her over.

I licked the honey off my fingers.

Me: (Slurps) Mmm Goldenrod Honey. Best kind.

Nico: You okay?

Siris: Thanks to you guys. No thanks to Riser.

Me: He will pay for this. He gives Phoenixes everywhere a bad name.

John Bolton: That's for sure.

Siris: Team Loud Phoenix Storm! What an honor.

Qin: Same here.

Then numerous portals appeared and they were over several vats! They were filled with Mayonnaise, Nacho Cheese Sauce, Hot Sauce, Mustard, Ketchup, Barbecue Sauce and ranch dressing and out came Yubelluna, Mihae, Karlamine, Ile and Nel, Ni and Li, Shuriya and Mira and they all landed in said sauce vats!

MEGA KRASPLORFFF!

WHAT A MESS!

We all went and got them out of the vats and Mihae was in pain because her eyes were burning from the hot sauce and we washed them off.

Maria: Boy you girls are a mess.

Isabela: But we're safe thanks to you guys.

Yubelluna: Yeah thank you.

Mihae: Thank you guys.

Ile: Riser betrayed us. He said our usefulness has ended.

Qin: What a jerk!

Nico: Is that all of them?

Marion: Yeah it is.

Qin: Good.

Then I sensed a powerful energy and intense fire was burning in another room and then in came RISER PHENEX!

---

Riser Phenex is the main antagonist of the second volume of the light novel series High School DxD and the main antagonist of the second half of the first season of the anime adaptation.

He is the third son of the Phenex family and is the ex-fiancée of Rias Gremory in an attempt to restore the numbers of pure-blooded devils. He is also a formerly love rival of Issei Hyoudou. As a member of the House of Phenex, he has inherited the powers of the immortal bird, Phoenix, granting him immortality and instant regeneration. His all-female peerage consists of 14 members.

He was voiced by Takehito Koyasu in the Japanese version of the anime, and Christopher Corey Smith in the English dubbed version, the former of whom also voices Luke Valentine in Hellsing whilst the latter also voiced Thales in Fire Emblem: Three Houses and Malak in Dark Deception.

Riser is the third (and youngest) son of the Phenex Family and the second-youngest sibling in the family, behind his sister Ravel. At some point before the start of the series, his family set up an arranged marriage between him and Rias (with her family's approval, as well) in an attempt to unite the two families and to preserve the bloodline of Pure-Blooded Devils.

Riser made his first appearance in Volume 2 as Rias' fiancée. He came to the Occult Research Club, intending to take Rias back with him into the Underworld to get married with her which was refused by Rias. He then agrees to face Rias in a Rating Game under the condition if Riser wins, Rias has to marry him immediately while if Rias wins, their engagement will become invalid. During the Rating Game, Riser went to battle Rias while having his peerage deal with Rias' peerage. Riser manages to win his Rating Game against Rias after his Queen, Yubelluna, defeated all of her peerage except for Asia and Issei (the latter who has reached his body's limit), allowing Riser to beat Issei to near-death and forcing Rias to resign. During his engagement party with Rias in the Underworld, he faces Issei in a one-on-one fight with Rias' engagement on the line but loses due to Issei's strategy: namely using his new Dragon arm to splash Riser with a flask of boosted holy water.

Later, after his defeat by the hands of Issei, Riser fell into a slump following his defeat, not moving out of his house after the loss. It is also explained that Riser developed a fear of Dragons as a result of losing to Issei and he became traumatized, upon seeing Issei and Dragons he would quake in fear. Riser is also shown to be a pervert, not only purposely creating an all-female peerage, but also his desire to see Rias and Akeno's breast partially being what brings him out of his slump. After recovering from his trauma, Riser seems to have reformed from his old ways, showing a degree of respect for his former combatants, especially Issei. For example, in Volume 10, he gives Rias and her peerage advice on Rating Games prior to her match against Sairaorg, and in Volume 12, he gives his condolences to Ravel and Rias after Issei's supposed death.

---

Me: Riser Phenex I presume?

Riser Phenex: The famous J.D. Knudson. I see you met my girls.

Me: YOUR Girls? They are not your girls anymore! You betrayed them by trying to drown them in sauces here!

Nico: You don't deserve anything after you tried to kill them!

Me: They deserve someone better after you tried to kill them! Like me. Also you are not worthy of love! In all honesty I don't know what Rias Gremory ever saw in you when you were going to try and marry her! All you know is hatred!

Riser Phenex: Who do you think you are, Knudson? You're nothing compared to Riser, you understand?! Nothing! I am a Phenex nobleman. The flame of the immortal bird burns within me! The hellfire of my clan will scorch you to death!

Me: Shut your fucking mouth!

Riser then exploded into a massive wall of fire!

Then I turned the area into the desert mountain planet COUGAHARA!

Located in the Unknown Zone, Cougahara is a jagged mountain world home to mountains of incredible heights. The mountains are home to lots of mountain lions and other creatures.

Me: You are a monster Riser. Now it's time to extinguish your flames forever!

Kaito: (takes out Zyuogher gear) They never yours to begin with!

Zocks: (takes out Ninninger gear) Now, you're gonna pay.

Kaito got a Zyuohger Sword and Zocks got a Ninninger Sword.

Nico: Nice!

Me: I'll have some fun with him first.

I then went Super Angel Eternal Celestial Xelnaga!

Me: (Divine Echoing Cosmic Elemental Voice of Eternal Friendship, Hope, Love, Justice and Valor) **You give all phoenixes everywhere a really bad name! Now I'm going to extinguish you.**

I flew at him and punched him in the face with devastating force and he spread wings of fire and we flew into the air and I kicked him in the face and smashed him all over and then I fired waves of water and blasted him all over and steam came off him.

Massive fiery explosions were going off all over the place with incredible force and power.

I fired waves of energy and blasted him all over!

Sougo: (takes out Zero Two Ridewatch) You're nothing more then an abusive boyfriend!

Geiz: (takes out Ibuki Ridewatch One that needs to be taught a lesson!

Armor Time! (Orchestral fanfare mixed with Onteki whistling) Ibuki! (trumpet riff)

Sougo got Zero Two Armor while Geiz got Ibuki Armor.

They transformed and were ready.

I kicked him and slashed him on his face and kicked him in the face again.

Me: **That's for Rias!**

Twilight Sparkle: I have a feeling this is gonna be awesome.

Then na white light appeared in front of Twilight and it landed in her hands and it was a Wizard Grand Zi-O Ridewatch!

Nico: WHOA!

Twilight Sparkle: My own Grand Zi-O Ridewatch! Now it's my turn!

She activated it!

Twilight Sparkle: HENSHIN!

She had the forms of Wizard and the Wizard Rideres appear and she donned awesome new purple armor imbued with the powers of Wizard and she had 10 rings on each of her fingers. She had become KAMEN RIDER GRAND WIZARD ZI-O!

Nico: WHOA!

May: Twilight you look awesome!

Woz: REJOICE! The ultimate Knightess of Elemental Magic who reaches over the forces of Magic and Mana over the powers of nature and friendship. Her name is Grand Wizard Zi-O! We are now entering another new page of history itself!

Nico: WHOA!

Haruto: NICE!

Maria: You're screwed now, asshole!

Twilight flew up to Riser and she activated the rings of Infinity and Kaos and she fired waves of solar fire and obliterated Riser in an instant and destroyed him completely to the point were not even an atom is left!

Qin: WHOA!

Me: **WHOA! Twilight you were awesome!**

Twilight Sparkle: Thanks J.D. You like it?

Me: **Boy I sure do! You look awesome as a Grand Zi-O Rider.**

We landed and I powered down.

Nicole banished Riser to the Black Gates forever.

Qin: Good riddance.

We were back in the Condiment Factory.

Me: We're not done yet though.

Marion: But you saved us J.D.

They then jumped onto me and kissed me all over and when it was done I had lipstick marks all over my face and I laughed goofily as steam shot out of my ears.

Everyone laughed at that one.

Nico: (Laughs) So funny.

I got up and shook my head.

Me: So awesome.

Nico: Let's get back to the factory. We're not done yet.

Me: We're already in the factory.

Nico: Sorry.

Then Eli sensed something and then out came a black version of Kickin Hawk! It was ANOTHER KICKIN HAWK!

Me: Whoa! Another Kickin Hawk!

Nico: This one is gonna be awesome.

Another Kickin Hawk: (Southern Accent) Awesome to see y'all again J.D.

Me: Helen James! Awesome to see you too.

Nico: You know her?

Me: I do. Helen is a girl that is A human girl who's actually from another planet. Unfortunately she is the last of her kind

Everyone gasped.

Nico: What happened?

Me: Well believe it or not She is actually a Thalionian.

Nico: Whoa!

Me: But she is not like the rest of her people or Brightburn. She is one of the Black Sheep among them and she hates the way her people were, especially when Brightburn was terrorizing the world.

Another Kickin Hawk: That's right. I never liked my people because of their evil ways.

Nico: Thank goodness you are the exception. My race the Saiyans and the Thalionians were in constant wars with one another.

Another Kickin Hawk: I know and I heard.

Maria: If Swartz promised you anything, we can grant it instead.

Me: Did he promise you anything?

Another Kickin Hawk: Just to revive my people but I turned down that offer in second because of the terrible atrocities that they did.

Me: That's good you did. Nico here has a terrible history with the Thalionians, specifically with Brandon Breyer, A.K.A. Brightburn.

Another Kickin Hawk: Yes I've heard about that and that monster is a disgrace.

Nico: You'll get no argument from me on that one.

Me: Yeah. Lets get it on! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: (gets out David Cain's Ridewatch) But I'm guessing you turned into this anyway, right?

Another Kickin Hawk: I sure did.

Me: Well we're going to have to defeat you to get you back to normal.

Another Kickin Hawk: Yeah.

Nico: All right then. (Activate's David Cain's Ridewatch)

(CAN YOU HEAR ME BY MIKE AND THE MECHANICS PLAYS)

Nico: (SINGING DIVINELY AS ROCKS AND SHURIKEN SWIRL AROUND HIM)

Take the children and yourself

And hide out in the cellar

By now the fighting will be close at hand

Don't believe the church and state

And everything they tell you

Believe in me, I'm with the high command

Can you hear me, can you hear me running?

Can you hear me running, can you hear me calling you?

Can you hear me, can you hear me running?

Can you hear me running, can you hear me calling you?

There's a gun and ammunition

Just inside the doorway

Use it only in emergency

Better you should pray to God

The Father and the Spirit

Will guide you and protect from up here

Can you hear me, can you hear me running?

Can you hear me running, can you hear me calling you?

Can you hear me, can you hear me running?

Can you hear me running, can you hear me calling you?

Swear allegiance to the flag

Whatever flag they offer

Never hint at what you really feel

Teach the children quietly

For some day sons and daughters

Will rise up and fight while we stood still

Can you hear me, can you hear me running?

Can you hear me running, can you hear me calling you?

Can you hear me, can you hear me running?

Can you hear me running, can you hear me calling you?

Can you hear me, can you hear me running?

Can you hear me running, can you hear me calling you?

Can you hear me running (can you hear me calling you?)

(Can you hear me) hear me calling you?

(Can you hear me running) hear me running babe?

(Can you hear me running) hear me running?

Calling you, calling you

He danced and fired waves of rock and shuriken and smashed

Another Kickin Hawk all over.

Nico: YEAH!

Brittney: I got one. (Activates Rex Goodwin's Ridewatch)

(IT'S TERROR TIME AGAIN BY SKYCYCLE PLAYS)

Brittney: (SINGING DIVINELY AS PURPLE FLAMES SWIRL AROUND HER)

You hear the screeching of an owl

You hear the wind begin to howl

You know there's zombies on the prowl

And

It's terror time again

They got you running through the night

It's terror time again

And you just might die of fright

It's a terrifying time

You hear the beating of your heart

You know the screaming's gonna start

Here comes the really scary part

'Cause

It's terror time again

They got you running through the night

It's terror time again

And you just might die of fright

It's a terrifying time

All the trees begin to moan

And the monsters grunt and groan

Rotting faces full of slime

Don't you know it's terror time?

And…

It's terror time again

They got you running through the night

It's terror time again

And you just might die of fright

It's a terrifying time

She danced and fired waves of purple flames and they formed into condors and they hit Another Kickin Hawk all over.

Applejack: Hey I got one! (Activate's Vreedle Brothers Ridewatch)

(AIN'T GOING DOWN TILL THE SUN COMES UP BY GARTH BROOKS PLAYS)

Applejack: (SINDS DIVINELY AS EARTH, ROCK, CRYSTAL AND APPLES SWIRL AROUND HER)

Six o'clock on Friday evening

Momma doesn' t know she's leaving

'Til she hears the screen door slamming

Rubber squealin' gears a jamming

Local country station just a blaring on the radio

Pick him up at seven and they're headin' to the rodeo

Momma's on the front porch screamin' out her warning

Girl you better get your red head

Back in bed before the morning

Nine o'clock the show is ending

But the fun is just beginning

She knows he's anticipating

But she's gonna keep him waiting

Grab a bite to eat

And then they're heading to the honkey tonk

But loud crowds and line dancing

Just ain't what they really want

Drive out to the boondocks and park down by the creek

And where it's George Strait 'til real late

And dancing cheek to cheek

Ain't going down 'til the sun comes up

Ain't givin' in 'til they get enough

Going 'round the world in a pickup truck

Ain't goin' down 'til the sun comes up

Ten 'til twelve is wine and dancing

Midnight starts the hard romancing

One o'clock that truck is rocking

Two is coming, still no stopping

Break to check the clock at three

They're right on where they want to be

Four o'clock get up and going

Five o'clock that rooster's crowing

Ain't going down 'til the sun comes up

Ain't givin' in 'til they get enough

Going 'round the world in a pickup truck

Ain't goin' down 'til the sun comes up

Six o'clock on Saturday

Her folks don't know he's on his way

The stalls are clean, the horses fed

They say she's grounded 'til she's dead

Well here he comes around the bend

Slowing down, she's jumping in

Hey mom, you're daughter's gone

And there they go again

Ain't going down 'til the sun comes up

Ain't givin' in 'til they get enough

Going 'round the world in a pickup truck

Ain't goin' down 'til the sun comes up

She danced and fired waves of earth, rock, crystal and apples and smashed Another Kickin Hawk all over.

Applejack: YEEHAW!

Nico: Fitting since today is your mission.

Applejack: That is true there.

Another Kickin Hawk: And it was great. I love Garth Brooks.

Me: He made Country Western Music popular.

Qin: He sure did.

Me: Yeah that's true.

Lily: Now watch this one. Me and SpongeBob sang this one. (Activates Naked Krabs Ridewatch)

(SWEET VICTORY BY DAVID GLEN EISLEY AND BOB KULICK PLAYS)

Lily: (SINGING DIVINELY AS KRABBY PATTIES AND CHUM SWIRLS AROUND HER)

The winner takes all

It's the thrill of one more kill

The last one to fall

Will never sacrifice their will

Don't ever look back

On the world closing in

Be on the only attack

With your wings on the wind

Oh, the games will begin

And it's sweet, sweet, sweet victory, yeah

And it's ours for the taking

It's ours for the fight

In the sweet, sweet, sweet victory, yeah

And the one who's last to fall

The winner takes all, yeah

You don't win no silver

Oh, you only lose the gold

You push with a fever

For your time keeps tolling on

Against all the odds

Against all your pain

Your back's on the wall

With no one to blame

Wild hearts won't be tamed

And it's sweet, sweet, sweet victory, oh

It's ours for the taking

It's ours for the fight

And it's sweet, sweet, sweet victory

And the one who's last to fall

Oh, the winner takes all, yeah

Take it

And the one who's last to fall

Sweet, sweet, sweet victory, yeah

It's ours for the taking

It's ours for the fight

And it's sweet, sweet, sweet victory, yeah

And the one who's last to fall

The winner takes all

Lily danced and fired waves of Krabby Patties and Chum and smashed Another Kickin Hawk all over with them.

Qin: That was great Lily!

Mara: Way to go! Did you really sing that song with SpongeBob?

Lily: I sure did. It was actually here on Land where Luna had us come help out for her band because a rival had asked her and her band to volunteer at a huge superbowl style event.

Nico: Wow!

May: Were you there too, Maria?

Maria: You bet I was. In fact we all were.

Me: It was for an NFL Football Game Halftime Show.

Nico: COOL!

Qin: Wow!

Camie: That is cool!

John Bolton: Wow it sure is!

Me: Yep.

Maria: Except for Nico.

Me: Yeah you should have seen it Nico. It was awesome.

Nico: I'll have to hear about it later.

Another Kickin Hawk: I agree too. Watch this one.

She fired a huge egg from her butt and we dodged it and it splattered all over the wall!

Me: WHOA!

Eli: That is a powerful egg cannon!

Crag: It sure is!

Me: 2 can play that. (Activates Ovulator's Ridewatch) Nico hold me like a gun.

Nico: Oh I get it.

He picked me up and pointed my butt at her.

Me: Here we go! (Activate's the Ridewatch)

BANG BANG BANG BANG BANG!

I fired huge eggs and splattered them all over Another Kickin Hawk!

Maria: Just like Angry Birds!

Nico: Yeah it is!

Me: Except instead of a slingshot we are using my butt.

Qin: Yeah but that's cool!

But then a massive wave of water appeared out of nowhere and riding on it was an ORCA MEGA FORTRESS OF DARKNESS!

Nico: Whoa! An Orca Mega Fortress of Darkness!

Orca Mega Fortress of Darkness: (In a Girls Voice) I got this one!

Nico: Tabitha Sells!? Wow!

She landed on the Another Kickin Hawk and mashed her and knocked her down and I caught the Ridewatch and Purified it. Then Tabitha reverted back and she was a girl with blue hair and blue clothes and had the kanji for Whale in the middle of her forehead.

Nico: Awesome to see you again.

Tabitha Sells: Same to you Nico.

I went over and picked up Helen and she was a girl with black hair and had blue eyes and red clothes.

Me: Helen are you okay?

Helen James: (Groans) My head feels like it was run over by the Santa Fe railroad.

Me: At least you're back to normal.

Nico: That was so awesome though.

Ripster: What's your favorite memory of Nico?

Tabitha Sells: I have a lot of them but my favorite is when me and Nico went on a treasure hunt down to the bottom of the Atlantic and we found the treasure of the Ivory Web and brought it up to the surface for everyone to see.

Me: Whoa! The Ivory Web was one of the most notorious wrecks ever. Over 250 years ago, the infamous pirate Black Jack Lee stole treasure that rightfully belonged to England. And he vowed this: In life or death, no one shall have what is Black Jack Lee's.

Qin: Whoa! That is crazy!

Me: Big time. But Nico and Tabitha defied the impossible.

Nico: We sure did. Tabitha has the power to breathe underwater.

Eli: Wow!

Nico: And we got the treasure out of there before the ship was lost forever in the gorge.

Varie: That's incredible.

Nico and Tabitha then hugged.

Nico: I've missed you Tabitha.

Tabitha Sells: Me too Nico. Me too.

Me: That was so awesome.

Marion: Yeah it sure was.

Siris: I hope Helen doesn't smell like man-eggs.

We laughed at that one.

Me: (LAUGHS) That is funny. But yeah.

Nico: Out of all the things Swartz promised, reviving Helen's people is something I'm glad was a lie.

Helen James: Same here.

Qin: After everything that that the Thalionians did I'm glad they were destroyed.

Tsuyu: Good riddance.

Sirius: Yeah those monsters had it coming too.

Varie: No kidding there.

We later went back home.

Me: Whoa, this is one awesome looking planet.

Nico: Yeah, this planet is made of the elemental lands of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Astral/Spiritual, and Cosmic.

Lincoln: You said it. Hey, Ebonwu Me, do you know what this planet is?

Lincoln 2: (Through the Third Eye Rainbow Iris and Rainbow Thunderbird) Indeed I do, Lincoln, this is the planet Elementa, it's a planet that's located in the Omega Quadrant, and this planet is made of the elemental lands of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Astral/Spiritual, and Cosmic, and I've known this planet for eons. In fact, I came here and put an end to a war that's raged for eons, and I killed those responsible for starting this conflict.

Me: Whoa!

Lincoln: That's really awesome, and I know what we're going to do here, not only am I going to rescue the seventeen girls here, but we got word that Walter White and Jesse Pinkman are here.

Nico: That's right, big guy. So, that's why none of The Masters of

Evil couldn't find them, they fled from Earth and came here. Walter White's looking at getting Eternity in The Uranus Prison for this. You might call me crazy, but I feel bad for Jesse Pinkman.

Lincoln: You're not the only one, Nico. I looked at his history even more, and I found out he's been put through Hell. So, instead of prison, we'll sign him up for therapy sessions after he and Walter are defeated. And thanks for joining us, Thetis.

Thetis: You're welcome, Lincoln.

Just then, we saw people living there, and they had angel wings, hair, eyes, and clothes matching the elemental forces of Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Astral/Spiritual, and Cosmic, and we were amazed.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of seventeen girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the seventeen girls, but they've been cornered by Walter White and Jesse Pinkman, and that drug lord is going to kill them.

Lincoln: Let's get over there at once, guys, I found the seventeen girls, but they've been cornered by Walter White and Jesse Pinkman, and that drug lord is going to kill them.

?: (Girl's voice) (Chinese Accent) That heartless drug lord, let's get him!

Suddenly, we saw the Duel Monster, Paleozoic Anomalocaris, appear before us.

Nico: Whoa, that's the Duel Monster, Paleozoic Anomalocaris, awesome.

Lincoln: And I'd recognize that Chinese Accent from anywhere, I knew it was you, Ramona Kǒnglóngké, but we'll talk later, we got a drug lord to send to prison for good.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Walter White and Jesse Pinkman, and that allowed the seventeen girls to get to safety inside of an energy barrier, just in case Walter White gets out his gun to start shooting. When Walter White saw us, he was really enraged, but Jesse Pinkman had some hope when he saw us.

Walter White: Team Loud Phoenix Storm, here?! Just when we were safe from those stupid cops!

Lincoln: Even if the cops couldn't get you, we still did, Walter White. Your drug dealing and killing days are finally over.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Thetis, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their swords, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and Me, Ken, Nico, Nicole, and Eli also transformed, and we went after Walter White and Jesse Pinkman, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit them.

Then, we cuffed and tied Walter White up in a rainbow straitjacket and threw him in a police wagon, where he was taken away to prison, and as for Jesse Pinkman, we had him signed up for therapy sessions and he was going to need a lot of help after the hell he went through thanks to Walter White. We cheered wildly as we holster our weapons and powered down.

Lincoln: That's it for that miserable drug lord and he's never getting out of prison again. (To Ramona Kǒnglóngké) And it's so good to see you again, Ramona Kǒnglóngké.

Ramona Kǒnglóngké reverted back to normal, and she's a beautiful girl with long flowing deep blue hair tied in a ponytail, deep blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful deep blue angel wings, and she reigned in the power of Paleozoic Anomalocaris, and she's dressed in a sleeveless deep blue jersey top, deep blue gym shorts, black socks, deep blue sneakers, and long sleeveless deep blue trenchcoat with sea creatures and water waves on the coattails, and Paleozoic Anomalocaris on the back, and holstered on her back a large Paleozoic Anomalocaris-themed greatsword with Paleozoic Anomalocaris etched on the 7'0" massive, wide, double-edged deep blue blade, deep blue angel wings for the crossguard, large deep blue gem embedded in the rainguard, longer black handle, and a large deep blue gem surrounded by angel wings for the pommel.

Ramona Kǒnglóngké: (Chinese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Ramona Kǒnglóngké and they hugged, and

Ramona Kǒnglóngké was very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his four sets of massive deep sapphire blue angel wings with stars in the feathers and rainbow tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were thirteen, and as you can see, I really grew a lot since then.

Ramona Kǒnglóngké: (Chinese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and four sets of massive deep sapphire blue angel wings, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Ramona Kǒnglóngké, she's not only my Guardian Angel from China, but she's also my classmate in sports, she's one of the fastest swimmers and one of the strongest wrestlers ever. Her last name, Kǒnglóngké, means Dino Shell in Chinese.

Me: Whoa, now that's really awesome.

Lincoln: It sure is, and Ramona was the one who taught me how to wrestle and she taught me every wrestling move and she even taught me how to use the Kinniku Buster.

We gasped, including Jacqueline McMadd.

Nico: Whoa.

Lincoln: Yep, and I made a variation of The Kinniku Buster, and I dubbed it The Loud Buster, which in addition to landing critical hits on the arms and legs, it also deals a devastating blow to the spine.

Eli: That's brutal.

Lincoln: That's right. Plus, we would often swim in our wrestling outfits, and she also kissed me when we were underwater.

Me: Now, that's really romantic.

Lincoln: And there's a reason why Lynn's not here: Ramona really hates Lynn with a burning passion.

We gasped in shock.

Nico: Good thing she wasn't with us, because if Ramona saw her, it's going to get ugly.

Lincoln: Big time.

R. Mika: And there's also another little surprise, it turns out that Ramona happens to be my cousin.

Lincoln's jaw dropped to the floor at the revelation.

Lincoln: What?! You girls are cousins?! Wait a second, that explains the wrestling talent, but this is quite a revelation.

Ramona Kǒnglóngké: (Chinese Accent) Yep, and when I found out R. Mika is part of your harem, I was so surprised and happy for her.

Lincoln: She's not the only one, her tag team partner, Yamato Nadeshiko, is also part of my harem, and now, you are too, Ramona.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Ramona Kǒnglóngké's neck with deep blue gems on the gold thunderbolt links and deep blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

R. Mika: Alright, now you too are part of Linky's harem, cousin.

Yamato Nadeshiko: This is going to be awesome having you here again, Ramona.

Ramona Kǒnglóngké had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Ramona's waist and Ramona wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the seventeen girls, and when Lincoln saw them, he recognized them immediately. The seventeen girls are Lyn Blake, Charlotte Grace, Fram Berge, Lumie Miratisa, Zaira, Mei Ling Qiao, Lairei Yen, Solphi Lebenheit, Rosanna Devicci, Bianca Devicci, Helga Schmitt, Vanessa Thérèse Alderune, Alev Valkarios, Olivia Pavlichenko, Baretta, Astrid Remond, and Nine from Lord of Heroes.

Me: Awesome.

Lincoln: Are you girls okay?

Lyn Blake: Yes, we're okay, thanks to you.

Then, when Lyn Blake and the other sixteen girls saw who it was that saved them from Walter White and Jesse Pinkman, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Lyn Blake: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made sixteen clones of himself, and he and the sixteen clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Lyn Blake: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seventeen Thunderbird Necklaces of Eternal Love appeared on the necks of Lyn Blake, Charlotte Grace, Fram Berge, Lumie Miratisa, Zaira, Mei Ling Qiao, Lairei Yen, Solphi Lebenheit, Rosanna Devicci, Bianca Devicci, Helga Schmitt, Vanessa Thérèse Alderune, Alev Valkarios, Olivia Pavlichenko, Baretta, Astrid Remond, and Nine with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villains we went after were Walter White and Jesse Pinkman, who were on the Planet Elementa.

But, when Lincoln showed what we did in putting Walter White in cuffs and in a rainbow energy straitjacket and carted him off to prison and offering Jesse Pinkman some therapy sessions, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Ramona Kǒnglóngké have a lot of catching up to do, now that she's back in town.

As for Walter White, he was convicted and found guilty for his crimes relating to distributing his lethal drug and the murders of all those in his way, and he was then sentenced to Eternity In The Uranus Prison for Dangerous Offenders. But, his prison stay would soon be cut short, not long after he was thrown in prison, he was beaten to death by many of the prisoners there. It turns out that some of the prisoners there had some relatives that fell victim to his meth, his body was then incinerated and his ashes were tossed into the Sun, and his spirit was erased by The Black Gates forever.

Me: Good riddance to that drug lord.

Nico: Still, I didn't know Walter White had that many enemies.

Lincoln: And in the end, it finally got him killed. At least Jesse will have a fresh start now that Walter is now a forgotten memory.

Nico: You said it, big guy.

Later on, we're now planning on going on some recruiting missions, and Ets, Drakus, and Ed Cowart had handed us lists on who to recruit for Team Loud Phoenix Storm and The Masters of Evil.

Ets' List - Geiru Toneido from Ace Attorney, G-Lo, Miss Heed, Black Hat, Dr. Flug, Demencia, and 5.0.5. from Villainous, Verosika Mayday, Blitzo, Moxxie, Millie, and Loona from Helluva Boss. Drakus' List - Jim from Winx Club, Charlie Morningstar, Vaggie, Alastor, Angel Dust, Husk, and Nifty from Hazbin Hotel, Spear from Akame Ga Kill, Masaru Daimon, Jataro Kemuri, Kotoko Utsugi, Nagisa Shingetsu, and Monaca Towa from Danganronpa. Charlie Morningstar and her Hazbin Hotel staff, and Spear should join Team Loud Phoenix Storm. Jim and the Warriors of Hope should join the Masters of Evil.

Ed Cowart's List - Casshern, Luna Kozuki, and Friender the Robot Dog from Shinzō Ningen Casshern, Takeshi Yoroi A.K.A. Hurricane Polymar from Polymar, Barry Gallagher A.K.A Tekkaman from Tekkaman: The Space Knight, Gan Takada A.K.A. Yatterman-1 from Yatterman and Ai Kaminari A.K.A Yatterman-2 from Yatterman (1977) and Gold Lightan from Golden Warrior Gold Lightan. Casshern and his friends, Takeshi Yoroi, Barry Gallagher, Gan Takada and Ai Kaminari and also Gold Lightan should all join Team Loud Phoenix Storm.

We were stunned at the lists of recruits.

Me: Wow, that a lot of recruits you guys came up with.

Nico: You said it, this should be a good recruitment mission.

Ets: Thanks, guys. Now, we'll divide into groups. Sherlock Hound, you head to Pentagram City and recruit G-Lo, the I.M.P. Organization, Charlie Morningstar and her Hazbin Hotel staff to Team Loud Phoenix Storm. Ardyn Izunia and Muzan Kibutsuji are also coming with you to help recruit Verosika Mayday, Geiru Toneido, Miss Heed, and Black Hat and his crew to The Masters of Evil.

Sherlock Hound: (British Accent) Of course, and the reason why you also asked Ardyn Izunia and Muzan Kibutsuji to also join in to not only help in recruiting Verosika Mayday, Geiru Toneido, Miss Heed, and Black Hat and his crew to The Masters of Evil, you also want us to take down the other Overlords in Pentagram City there. Don't worry, none of them will be standing for much longer.

Ed Cowart: Alright. Lincoln, you and your sisters head to Japan and recruit Casshern and his friends, Takeshi Yoroi, Barry Gallagher, Gan Takada, Ai Kaminari and Gold Lightan into Team Loud Phoenix Storm.

Lincoln: On it, Ed. This is going to be awesome.

Drakus: J.D., Nico, Eli, you guys head down to Alfea and recruit Spear, Jim, and The Warriors of Hope into The Masters of Evil.

Nico: We're on it, Drakus.

We were then off on our recruiting assignments: Sherlock Hound, Ardyn Izunia, and Muzan Kibutsuji went through a portal that Sherlock Hound opened with his massive large broadsword and they arrive in Pentagram City, where it's inhabited by demons of all kinds.

Sherlock Hound: (British Accent) Strangely enough, this place seems like any other city. But, this place is inhabited by demons of all kinds.

Ardyn Izunia: And located here in the Ring of Pride in Hell, quite interesting.

Muzan Kibutsuji: Yes, and from what I heard, there's also the turf wars here. We better be on guard now.

Sherlock Hound still has his massive Sparda's Demon Fang of The Demon Hound unholstered from his wider and more muscular back, Ardyn Izunia has out his sword, and Muzan Kibutsuji has his claws out.

Sherlock Hound: (British Accent) Ah, here's our first stop: The Hazbin Hotel, and from what Ets had gathered, one of the staff members there is Alastor, The Radio Demon, and he's one of the most powerful Overlords of Hell.

Sparda: (Through The Red Jewel) Yes, he emerged decades ago and began toppling other Overlords, he's an extremely powerful demon, but unlike the other demons here, he stands out from many of the more chaotic residents of hell for his well maintained amiable persona and has good mannerisms and is a man of duality and he values good manners, affability and intelligence very highly in others. But, he doesn't hesitate to use physical violence if anyone crosses him.

Muzan Kibutsuji: This is quite interesting. Now then, shall we?

Sherlock Hound, Ardyn Izunia, and Muzan Kibutsuji head into The Hazbin Hotel, and they're met by Charlie Morningstar, Vaggie, Alastor, Angel Dust, Husk, and Nifty, along with Blitzo, Moxxie, Millie, and Loona.

Charlie Morningstar: Oh, hello, are you here for a reservation?

Sherlock Hound: (British Accent) Not exactly. Allow me to introduce myself, my name is Sherlock Hound, I'm a member of Team Loud Phoenix Storm.

Vaggie: What, you're from Team Loud Phoenix Storm?!

Sherlock Hound: (British Accent) Yes, I am. The man in dark clothing is Ardyn Izunia, and the other man with me is Muzan Kibutsuji, they're members of The Masters of Evil. We're here to recruit you all into Team Loud Phoenix Storm.

Alastor: Hmm, joining all of you and causing some delightful carnage to villains, this should be quite fun. Very well, you have a deal.

Loona: Word in Hell is you guys also have some advanced technology and weapons. Do you have a cure for…?

Sherlock Hound: (British Accent) Of course.

Sherlock Hound got out a syringe filled with the cure for her syphilis. She injected it into her, and it worked and cured her of her syphilis.

Ardyn Izunia: Now, we should head out and recruit Verosika Mayday, Geiru Toneido, Miss Heed, and Black Hat and his crew to The Masters of Evil.

Muzan Kibutsuji: And if any demon gets in our way, they won't last for long.

Sherlock Hound, Ardyn Izunia, Muzan Kibutsuji, Charlie Morningstar, Vaggie, Alastor, Angel Dust, Husk, Nifty, Blitzo, Moxxie, Millie, and Loona head out to where Verosika Mayday, Geiru Toneido, Miss Heed, and Black Hat and his crew are at, and they've been cornered by the other Overlords.

Sherlock Hound: (British Accent) How perfect, looks like we don't have to go after the other Overlords later. Now, to take care of them for good.

Sherlock Hound summoned a barrage of broadswords made of dark energy, and he sent them after the other Overlords and all of them were skewered and killed, and their souls were erased forever by The Black Gates. Verosika Mayday, Geiru Toneido, Miss Heed, and Black Hat and his crew saw who it was that saved them from the other Overlords, and Sherlock Hound offered them a deal to join The Masters of Evil, and they accepted.

Black Hat: Very well, you have a deal.

Muzan Kibutsuji and Ardyn Izunia beamed them to The Masters of Evil's HQ.

Sherlock Hound: (British Accent) Ets, it's done, we've recruited Charlie Morningstar, Vaggie, Alastor, Angel Dust, Husk, Nifty, Blitzo, Moxxie, Millie, and Loona into Team Loud Phoenix Storm and Verosika Mayday, Geiru Toneido, Miss Heed, and Black Hat and his crew have been recruited into The Masters of Evil.

Ets: Excellent job, Sherlock Hound, and you also killed the other Overlords of Hell as well, nice one.

Sherlock Hound, Ardyn Izunia, Muzan Kibutsuji, Charlie Morningstar, Vaggie, Alastor, Angel Dust, Husk, Nifty, Blitzo, Moxxie, Millie, and Loona head back to The World Tree Estate, and the new recruits are going to enjoy being with us.

Meanwhile, Lincoln and his sisters had arrived in Japan to recruit Casshern and his friends, Takeshi Yoroi, Barry Gallagher, Gan Takada, Ai Kaminari, and Gold Lightan.

Lincoln: Looks like we've made it to Japan. Now, to find Casshern and his friends, Takeshi Yoroi, Barry Gallagher, Gan Takada, Ai Kaminari, and Gold Lightan.

Lori: Luckily, Lynn's with us, I so don't want to find out if Ramona still wants Lynn's head on a pike for what she did to you years ago, Linc.

Lynn: Actually, Ramona found out from Lincoln that he personally got rid of Dark Lynn and sent her to The Black Gates, so we're good. But, she's still going to tell everyone of what I did years ago to Lincoln.

Luan: Yeah, J.D., Nico, and Eli better brace themselves, because when Ramona tells them of what you did, they're going to be shocked.

Luna: They've already been shocked by all of the other nasty things Lynn's done to our bro in the past, dude, but what Ramona's going to tell later, is going to take the cake.

Lincoln: We'll worry about that later, Luna. Now, where are Casshern and his friends, Takeshi Yoroi, Barry Gallagher, Gan Takada, Ai Kaminari, and Gold Lightan?

Lincoln scanned the area with his cyborg deep sapphire blue eyes and Third Eye, and he caught the energy signals in the north of Japan.

Lincoln: Aha, there they are due north. Let's go.

Lincoln and his sisters head north, and they're greeted by Casshern and his friends, Takeshi Yoroi, Barry Gallagher, Gan Takada, Ai Kaminari, and Gold Lightan.

Casshern: Team Loud Phoenix Storm, what brings you guys here?

Lincoln: We're here to recruit you guys into Team Loud Phoenix Storm.

Takeshi Yoroi: You don't even have to ask twice, we're in.

Lori: Wow, that was literally a quick response.

Lincoln contacted Ed Cowart.

Lincoln: Ed, we did it, we've recruited Casshern and his friends, Takeshi Yoroi, Barry Gallagher, Gan Takada, Ai Kaminari, and Gold Lightan.

Ed Cowart: Awesome job, Louds. Now, all that's left is for J.D., Nico, and Eli to recruit Jim and The Warriors of Hope into The Masters of Evil.

Lana: Those lists of recruits you, Drakus, and Ets did were really amazing.

Ed Cowart: We did our research quite well on them.

Lincoln and his sisters, along with Casshern and his friends, Takeshi Yoroi, Barry Gallagher, Gan Takada, Ai Kaminari, and Gold Lightan came back home to The World Tree Estate, and now, all that's left is for me, Nico, and Eli to recruit Jim and The Warriors of Hope into The Masters of Evil, and we'll be done.

Meanwhile, me, Nico, and Eli were heading to Alfea to recruit Jim (Winx Club), Spear(Akame ga Kill), Masaru Daimon, Jataro Kemuri, Kotoko Utsugi, Nagisa Shingetsu, and Monaca Towa into the Masters of Evil.

Me: Ah, we're here in Alfea once again.

Nico: We've already got word that Sherlock Hound, Ardyn Izunia, and Muzan Kibutsuji have already completed their recruitment mission, and Lincoln and his sisters have already completed their recruitment mission, now we're the only ones left.

Eli: Right. Now, where to find Jim (Winx Club), Spear (Akame ga Kill), Masaru Daimon, Jataro Kemuri, Kotoko Utsugi, Nagisa Shingetsu, and Monaca Towa.

Eli scanned the area with The Force, and he found seven energy signals, and they were heading right for us.

Eli: Oh boy, looks like we're in for a fight.

Nico: Well, Sherlock Hound did get rid of the other Overlords in Pentagram City and they were going to expect trouble there, especially with any demon wanting to start trouble. Let's do it.

Me: Yeah.

Me, Nico, and Eli got into a fight with Jim (Winx Club), Spear (Akame ga Kill), Masaru Daimon, Jataro Kemuri, Kotoko Utsugi, Nagisa Shingetsu, and Monaca Towa, and we won.

Jim (Winx Club): Alright, you got us. So, what are you going to do to us?

Nico: You're going to join The Masters of Evil, Jim. Besides, that's better than you lot causing trouble again.

Masaru Daimon: Very well, you got a deal.

Nico beamed them to The Masters of Evil, and we called Drakus.

Nico: Drakus, we did it, Jim (Winx Club), Spear (Akame ga Kill), Masaru Daimon, Jataro Kemuri, Kotoko Utsugi, Nagisa Shingetsu, and Monaca Towa have been recruited into The Masters of Evil, but we had to get into a fight with them, which we won.

Drakus: Should've known it wouldn't be that easy. Well done, guys. You can come back now.

Me, Eli, and Nico teleported back home to The World Tree Estate, and we did see the new recruits that Sherlock Hound, Ardyn Izunia, Muzan Kibutsuji, Lincoln, and his sisters had gotten into Team Loud Phoenix Storm.

Nico: Whoa, you guys sure were busy alright.

Lincoln: We sure were, Nico. But, we did it, now we have new recruits for Team Loud Phoenix Storm and The Masters of Evil, and Sherlock Hound got rid of the other Overlords in Pentagram City.

Sherlock Hound: (British Accent) The other Overlords have caused enough trouble for eons, and I had decided to end their reign forever in the cruelest way imaginable.

Ets: Take a look.

We saw what Sherlock Hound did in ending the lives of the other Overlords and we were stunned.

Nico: Whoa, now that's what I call cruel and bloody. But, a fitting end to them for good.

Me: You said it, unlike Alastor, those other Overlords are pure evil beyond anyone's belief.

---

After throwing Walter White in prison for good, getting Jesse Pinkman in therapy sessions after he had been through Hell because of Walter White, and recruiting members to Team Loud Phoenix Storm and The Masters of Evil, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when

Ramona Kŏnglóngké saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Ramona Kŏnglóngké: (Chinese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Ramona, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Ramona Kŏnglóngké: (Chinese Accent) That's incredible.

Nico: It sure is. So, Ramona, what's the story on why you really hate Lynn with a burning passion?

Ramona Kŏnglóngké: (Chinese Accent) You're so not going to like it, Nico. One day, I was training Lincoln in wrestling, and since he's been getting much taller and bigger in muscle and stronger, I'd decided to advance his training even more, I decided to teach him the advanced wrestling moves I learned in China and in wrestling class in school.

Nico: Whoa.

Ramona Kŏnglóngké: (Chinese Accent) At first, everything was going great and Lincoln was learning quick. But then, we heard the sound of stampeding feet accompanied by the foul stench of unwashed clothing and feet, and we saw who it was: it was Lynn, and she was pissed. She was mad that I was coaching Lincoln on how to wrestle, and she saw it as a threat to her dominance, and she was going to kill me in a fit of rage. She tackled me and started beating me up and the worst part, she had on brass knuckles and I was getting bruised all over. Lincoln was so furious, he used what he'd learned from our wrestling sessions and he got that stubborn jack-ass off me, and then, he clotheslined her and put her in a chokehold and she passed out, which gave him time to tie her up. He helped me up and he healed my wounds. I was really impressed by his bravery and strength, and I was blushing like crazy, but it went even deeper when he'd grabbed me by the waist in his arms and my body was pressed against his, and he kissed me on the lips and I was really stunned, but I also returned it with equal passion. Then, we called Mr. and Mrs. Loud and when Lincoln told them of what Lynn did to me, that stubborn jackass got grounded for ten weeks for this, and Lincoln personally threw her in the isolation cube in the basement. Ever since then, not only did Lincoln become an even stronger defender of his many Guardian Angels, but I also really hated Lynn with a burning passion.

We cheered wildly.

Nico: Whoa, you sure are an awesome wrestler, Ramona, and Linc, that was some awesome wrestling you did on Lynn.

Lincoln: Thanks, Nico, I wasn't going to let Lynn kill Ramona in cold blood, just because she saw me getting stronger and bigger as a threat to her. Lynn's just lucky I didn't go all vampire on her, or else.

Me: Remind me never to get you mad, Linc. But, that Dark Lynn is a Class-A stuck-up, superstitious, unfeeling brute who doesn't care about anyone except herself.

Lincoln: Makes me glad I sent her butt to The Black Gates not that long ago, and Evil Lynn's now in the Saturn Insane Asylum for life, but it won't be long, the same curse I put on Scoots is now on her, and she'll die in a year's time.

Nico: Awesome. (Smirks) Hey, why wait until it kills her. If she breaks out again, we could…

Lincoln: (Smirks) Nico, you mad genius, that's perfect. If Evil Lynn dares to break out, we could speed up the curse by brutally pulverizing her, just let me be the one to deal the final blow that'll send her straight to Hell for good.

Nico: You got it, Linc.

We got a shower afterwards, and then, Clyde and his harem are heading to Costa del Sol for a beach date, and they're in their swim clothes from their last beach date.

Clyde: Alright, everyone, are we ready?

Syd Chang: We're ready.

Clyde and his harem left the World Tree Estate and they arrived at Costa del Sol.

Clyde: Wow, so this is Costa del Sol, this place is really awesome.

Syd Chang: And it's a whole lot more peaceful now that the Shinra Company has been dealt with for good.

Clyde and his harem dived right into the waters and they were swimming, then, they played a game of volleyball, and then, they had lunch. Then, as the sun was about to set, Clyde made clones of himself and they went up to the girls in his harem, and they shared a romantic kiss as the sun turns orange. They came back home and were back in their original clothes.

Nico: Hey, Clyde, how was your date?

Clyde: It was awesome, Nico, we went to Costa del Sol.

Ed Cowart: We'd been there before last year, and things have been peaceful now that the Shinra Company has been dealt with for good.

Syd Chang: Yep, and we're also ready for when we meet Andy and Rodney, and pulverize those two jerks, Kyle and Salty Mike. That parrot's crimes make the crimes of Sergio seem tame at best.

Lincoln: You got that right, Syd, and maybe, this'll show Sergio what'll happen if we didn't put a stop to him a year ago.

Nico: Hmm, a little scare tactic, eh? Linc, I like where you're going with this idea.

Later we were over in the park for some awesome fun and it was time for some bonding time.

Nico: Hitoshi, you and Gali are up for bonding time.

Hitoshi: Aw sweet!

Gali: I hope no Another Aliens, Rangers or anything like that shows up.

Me: Don't worry Gali, only the Another Omnitrix Aliens are left.

Gali: Good.

They went over by the lake and we were at a picnic table.

Shaggy and Mary and Autumn Szymankowszczyzna cooked us an awesome New Orleans style buffet lunch and we were having Cajun Crawfish, Lamb Tagine, Grilled Lamb Sausage, Zucchini Bisque, Crab Meat Po' boy, Duck Po' boy, Chicken Sausage Po' boy, Crawfish Sausage Po' boy, Cochon de Lait Po' boy, Turkey Giardiniera Po' boy, Roast Beef Po' boy, Alligator Po' boy, Catfish Almondine, Crawfish Almondine, Crawfish Étouffée, Boiled Crawfish, Cajun Shrimp and Duck Pasta, Fried Crab Cake, Pecan Catfish, Blackened Red Fish, Seafood Mirliton Casserole, Fried Chicken, Fried Green Tomatoes, Stuffed Shrimp, Muffuleta, Barbecue Brisket Sandwich, Barbecue Chicken Sandwich, Smokey Bacon Greens, Seafood Au Gratin, Seafood Gumbo, Chicken Gumbo, Jambalaya, Spinach Artichoke, Creole Sweet Potato Pone, Red, Beans and Rice with Sausage, Veggie Red Beans and Rice, Pralines and Cookies, Oyster Pralines, Oyster Shots, Oyster Patties, Bananas Foster, King Cake, Dixie Cake, Pecan Pie, Asian Boudin, Boudin Balls, Crawfish Remoulade, Shrimp and Lump Crabmeat Ravigote, Au Croissant Crawfish Po' boy and Yaka mein!

Nico: Oh boy!

Varya Visnapuu: (Estonian Accent) And my variety of hot sauces to go with it.

Comic Book Guy was with us to join the feast.

Me: (Eating Cajun Crawfish) Mmm! Delicious.

Nico: (Eating Chicken Gumbo) It sure is.

I poured some of the Grim Reapepper sauce on Boudin Balls and ate them and man was it delicious.

Ken Ichijouji: Are you two glad you met each other?

Gali: Yes we are.

Hitoshi: One of the best days we've ever had.

Qin: Boy it sure is.

Laney: (Eating Muffuleta) That was fun.

Maria: And during Gali's ambassador missions, you took out the Man and Woman.

Gali: That was so awesome.

Hitoshi: It sure was.

Eli: I agree there. (Eating) Jambalaya) Mmm!

Qin: (Eating Barbecue Brisket Sandwich) Mmm!

Palmon: They were nothing compared to Hitotsumi and Orochi.

Hitoshi: No they sure weren't.

Nico and me put Moonscar Island Peppers on our Po-Boys and ate them and they were good. Shaggy and Scooby had some with Grim Reapepper sauce on their Po Boys and they ate it and then they glowed neon red and sweat dripped down their bodies and got them soaked and then steam and fire came out of their ears and they screamed as massive streams of fire exploded out of their mouths!

Shaggy and Scooby: (SCREAMING) WATER WATER WATER WATER!

They dove into the lake and cooled down.

Nico: GEEZ!

Qin: That was funny.

May: Good thing we got rid of the two of them before they got into Dai Shocker.

Me: Boy no kidding.

Qin: That was a close one.

Applejack: It sure was.

Hitoshi: No kidding there.

Qin: Yeah.

We finished eating and man were we full.

Me: Ahh! Man that was delicious!

Lynn Sr.: Boy you said it J.D.

Nico: Man I am stuffed!

Me: (BELCH) Oh pardon me.

Comic Book Guy: Ahh. Best meal ever.

Qin: Yes it was

Varie: It all was delicious.

Hitoshi: Thanks for giving some of that for us for our picnic.

Me: Anytime Hitoshi.

G1 Vortex: You and your team were the first Kamwn Riders we got to know in person.

Hitoshi: That is true.

Me: And many of them helped us before during the 20 Days of

Darkness.

Qin: They sure did. That was awesome.

Hitoshi: Shame we weren't in that. But all of us in general were cool.

Me: Yes you guys still are.

Laney: Yeah that was awesome.

Woz: Tomizo helped me a bunch back when my demon king and the rest of our teammates were still fighting the Time Jackers back in the day.

Me: I remember that. That was really cool.

Lisa Simpson: Yeah it sure was.

Xenia: I thought that was cool.

G1 Inferno: Don't blast me for this. But what do you guys think of Grand Zi O Ridewatches for the Ranger and Sentai teams as well?

Me: You know Inferno that's a very interesting and awesome idea.

Nico: Yeah! It sure is!

Qin: We'll have to get to work on those soon.

Varie: It sure is.

Nico: Especially since Power Rangers and Super Sentai cover motifs not included in Kamen Rider teams. Like dinosaurs.

Me: Yeah!

Qin: I agree there!

Lola: That is awesome.

Varie: I'll say!

Calvin: Guys, Moe hasn't been seen at my school at all ever since the day we recruited the OOO Riders.

Bugly: Okay. Either Moe decided to skip town. Or he's up to something bad.

Me: I have a feeling it's the second one.

Eli: Yeah. If that's the case then he is getting his butt kicked.

Lola: And we will deliver some pain on him.

Luan: Yeah.

Grumblemon, Cantwell, Cargill, Private HIVE, Krusty, Electrocutioner, Hydro Man, Pyro, Grumblemon, and Hsi Wu then appeared.

Krusty: Hey hey Kiddies! (Goofy Laughter)

Grumblemon: Can me, Cantwell, Cargill, Private HIVE, Krusty, Electrocutioner, Hydro Man, Pyro, Grumblemon, and Hsi Wu go with you guys?

Nico: You sure can. We're going on Applejack's mission next.

Applejack: I'm really looking forward to this y'all!

Qin: We all are.

Nico: Yeah! And when we meet Rodney and Andy and his friends we're going to Phoenix Land.

Teen Titans Lightning: Nico, which Gene Slammer do you think you'll meet next rescue?

Nico: Hmm. Lets see. How about one for Shinato King Of A Higher Plane?

Me: Ooh that's a good choice! Powerful one too.

Eli: Shinato is a good one.

Zhuqiaomon: Yeah it sure is.

Nico: Yep. Good thing we don't have to go far for this mission.

Applejack: No we sure don't. Lets saddle up!

Nico: You got it A.J.!

We were off to the Southwestern Side of the City.

---

We arrived and saw Andy and Rodney playing in the yard.

Cantwell: You're Andy, right?

Andy: Yep. And you are?

Octagon: Howdy, Andy! Remember me and Boid?

Andy: Hey guys!

Me: Been a while Andy.

Applejack: Happy to see y'all again bro.

Andy: You too sis.

Apple Bloom: And you as well bro.

Cargill: How have you two been?

Rodney: Really awesome!

Me: Cool cool. Is Kyle still causing you a lot of problems?

Andy: Yeah he keeps beating us up. He is still humiliated about the beatdown he got.

Me: Geez. You think he would learn his lesson. Oh yeah during that camping trip we had we found who our mysterious friend is.

Hibiki: That would be me. I'm Hibiki.

Uta: And I'm Uta.

Andy: Awesome to meet you both.

Andy's mom and dad came out.

Pam: Hi. You must be Andy's parents.

Bob Johnson: We sure are. I'm Bob and this is Lucille.

Lucille: Awesome and honor to meet you all in person.

Volcana: Same here to you both.

Laney: We came to help you guys take down Kyle and Salty Mike.

Eli: Yeah we can tell you've had enough of those 2 to last an eternity.

Camie: Yeah those two need to be taught a lesson.

Bitstream: Also, we got exicting news regarding Applejack!

Me: Really big news.

Lincoln showed his 7 new kids.

Lincoln: Applejack has 7 kids now and they are hers.

Thunderbird Apple: Meet my sisters.

We introduced them to them.

Andy: Oh they are so cute.

Rodney: Yeah they sure are.

Krusty: Since you're Applejack's little brother, that means you're an uncle. Congratulations!

Homer: Krusty, I think you probably just doomed Andy.

Andy was shocked and he made a croaking gasp.

I pushed his mouth closed.

Me: Don't want to draw flies.

He shook his head.

Andy: WOW! This is so awesome sis!

Apple Bloom: It sure is.

Poromon got out two beer bottles.

Andy: What are those?

Poromon: 2 bottles of beer!

Sideways: Um, you sure those are appropriate?

Poliwag: (points to each bottle with his tail) One's for Andy and one's for Rodney!

Me: Guys, Andy is like what 10?

Andy: Yeah.

Me: I have something better for them.

I pulled out 2 bottles of root beer.

Me: Root Beer.

I gave them Root Beer.

Andy: Thanks!

Rodney: Thanks.

Lucille: Poromon, thank you for the offer. But Andy will end up in jail if he drinks regular beer!

Poromon: Oh you're welcome.

Me: I gave him root beer. It's more appropriate for him.

Lucille: And thanks J.D.

Me: You're welcome.

Qin: Who doesn't like Root Beer.

Bob Johnson: I still can't believe I'm a grandpa already!

Me: Happens at anytime, anywhere.

Qin: Yeah it's crazy.

Lola: Yeah.

Nico: But lets calm down and tell you the reason why we're here. We're here to bring down that heartless bully and jerk Kyle.

Hydro Man: How about we take you to Phoenix Land?

Andy: Hey yeah! I love your awesome amusement park.

Rodney: Me too!

Nico: Lets head on over there.

We were off to Phoenix Land.

Power Girl: My bet is that Moe teamed up with Kyle and Salty Mike.

Rodney: I don't really know actually. I think I'm really an American Red Squirrel.

Nico: Awesome. Lets go have fun.

We went and had some fun. We went on the roller coaster and Applejack, Coloratura, Andy and Rodney were going around awesome loops and more.

Pyro: I'm gonna get some cotton candy.

He went and did so.

Rainbow Dash and Ish were bumping each other all over in the Bumper Cars.

Nico and me were at the Bell Towers.

Me: I always love coming to these Bell Towers.

Nico: Me too.

WHAM!

I smashed the button and sent the weight up and it smashed the bell right off and sent it flying and then it smashed into a missile that was heading to the Estate!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: BULLSEYE!

A figure came out and it was YOKAI WANYUDO from Episode 43 of Ninninger and the Ninnigers VS ToQgers Movie!

---

Yokai Wanyudo was foreshadowed when its likeness inexplicably appeared among a set of Yokai karuta cards assembled by Shurikenger for the Ninningers to analyze the Yokai they had defeated so far. His card was infected by a Sealing Shuriken, resulting in it being possessed by the Yokai Fudagaeshi. While the Ninningers voiced an unfamiliarity with this Wanyudo, Fudagaeshi suggested that the Ninningers might be destined to fight him someday.

Wanyūdō abducted six Ninningers boarding the Yokai Ressha. But, Fuuka,Tokashiki and Mio manage to escape except Takaharu who cannot escape from Yokai Ressha thus bringing him into Yami Ninja Land. In Kyuemon Izayoi's suggest to rule all the world Wanyudo was given to attack all civilians in the city, But, he saw the flying man with wings. But he calls him "bird", and the Zyuoh Eagle kicks him off. Finally, he was surrendered and was destroyed by the Zyuohgers using Zyuoh Buster Gun Mode.

---

Eli: Whoa! Yokai Wanyudo! I remember you! You kidnapped the Ninningers so that Kyuemon Izayoi can rule the world.

Yokai Wanyudo: Yep. Good memory Eli.

Eli: Thanks.

Yokai Wanyūdō: (to the Zyuoghers) I remember you guys! You were the ones who destroyed me instead of the Ninninger and ToQgers.

Yamato: That's right. We just appeared out of nowhere.

Me: That was awesome too.

Qin: Yeah it was!

We got the battles underway.

Pinkie Pie: She is really amazing!

Featherweight: Boy she sure is!

---

Ramona Kǒnglóngké: (Chinese Accent) You're so not going to like it, Nico. One day, I was training Lincoln in wrestling, and since he's been getting much taller and bigger in muscle and stronger, I'd decided to advance his training even more, I decided to teach him the advanced wrestling moves I learned in China and in wrestling class in school.

Nico: Whoa.

Ramona Kǒnglóngké: (Chinese Accent) At first, everything was going great and Lincoln was learning quick. But then, we heard the sound of stampeding feet accompanied by the foul stench of unwashed clothing and feet, and we saw who it was: it was Lynn, and she was pissed. She was mad that I was coaching Lincoln on how to wrestle, and she saw it as a threat to her dominance, and she was going to kill me in a fit of rage. She tackled me and started beating me up and the worst part, she had on brass knuckles and I was getting bruised all over. Lincoln was so furious, he used what he'd learned from our wrestling sessions and he got that stubborn jack-ass off me, and then, he clotheslined her and put her in a chokehold and she passed out, which gave him time to tie her up. He helped me up and he healed my wounds. I was really impressed by his bravery and strength, and I was blushing like crazy, but it went even deeper when he'd grabbed me by the waist in his arms and my body was pressed against his, and he kissed me on the lips and I was really stunned, but I also returned it with equal passion. Then, we called Mr. and Mrs. Loud and when Lincoln told them of what Lynn did to me, that stubborn jackass got grounded for ten weeks for this, and Lincoln personally threw her in the isolation cube in the basement. Ever since then, not only did Lincoln become an even stronger defender of his many Guardian Angels, but I also really hated Lynn with a burning passion.

We cheered wildly.

Nico: Whoa, you sure are an awesome wrestler, Ramona, and Linc, that was some awesome wrestling you did on Lynn.

Lincoln: Thanks, Nico, I wasn't going to let Lynn kill Ramona in cold blood, just because she saw me getting stronger and bigger as a threat to her. Lynn's just lucky I didn't go all vampire on her, or else.

Me: Remind me never to get you mad, Linc. But, that Dark Lynn is a Class-A stuck-up, superstitious, unfeeling brute who doesn't care about anyone except herself.

Lincoln: Makes me glad I sent her butt to The Black Gates not that long ago, and Evil Lynn's now in the Saturn Insane Asylum for life, but it won't be long, the same curse I put on Scoots is now on her, and she'll die in a year's time.

Nico: Awesome. (Smirks) Hey, why wait until it kills her. If she breaks out again, we could…

Lincoln: (Smirks) Nico, you mad genius, that's perfect. If Evil Lynn dares to break out, we could speed up the curse by brutally pulverizing her, just let me be the one to deal the final blow that'll send her straight to Hell for good.

Nico: You got it, Linc.

Salty Mike was then put in a cage.

Lincoln: I knew there's no mistaking that voice from anywhere. You can come out now, Twisted Silvermist.

A figure came out, and it was none other than Twisted Silvermist, but her arms and feet are covered in ice and her eyes are a solid ice blue, and there's hatred in her.

Silvermist: So, that's the twisted version of me?

Lincoln: It is, Silvermist, and Hook's to blame for this whole thing, what a monster.

Applejack: You said it, Linky. Sorry, Twisted Silvermist, but we got to snap you out of this mess and get you back to normal before you do something really bad.

Suddenly, Applejack's eyes turned neon green, and she was surrounded by an orange energy aura with Earth, Alicorns, and Apples, she unholstered her massive Sword of Honesty from her back, and as she approached Twisted Silvermist, she left orange energy, Earth, Alicorns, and Apples with every step.

Applejack: What happened to you because of that rotten, no good, ornery Captain Hook was indeed awful, but you're not going to die here, we're going to save you from the fate that befell you because of that sidewinding snake.

Suddenly, Applejack was surrounded by a massive vortex of orange energy with Earth and apples surrounding it, there's an Alicorn flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Applejack emerged, but she was changed forever.

Applejack has on her Ring of the Phoenix with large orange gem on her left ring finger and Green Lantern ring on her right ring finger.

Suddenly, Applejack's massive Applejack's Alicorn Greatsword of Honest Apple Bravery, Sword of the Knights of The Friendship Table, Destroyer of The Armageddon 23, Sword of Honesty, and all of the swords from her treasure battles suddenly began merging together, and they were surrounded by a kaleidoscope of orange energy, Earth, and apples, and when it emerged, it was transformed into Applejack's Alicorn Greatsword of Honest Apple Bravery, it's a brand-new greatsword with a 7'0" massive, wide, double-edged golden blade with her cutie mark and apples etched on the blade, large gold Alicorn heads for the crossguard, large red gem embedded in the rainguard, longer black handle, large gold Alicorn heads with orange gems for eyes and a large green gem on the bottom of the heads for the pommel, she has on her large gold cuff Bracelets of The Champions of The Universe with green gems on her wrists, her new Belt of Elemental Bravery with an Alicorn for the belt buckle and green gems for the eyes and a large green gem in its collar for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. Applejack's transformed into SUPER ANGEL-ALICORN ETERNITY INFINITY APPLE ORCHARD ALICORN ANGEL OF ETERNAL HONESTY AND ETERNAL APPLE LOVE!

We were amazed by Applejack's Super Angel-Alicorn Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Twisted Silvermist saw it, she fell into a rage and she fired blasts of ice at her, but Lincoln steps in and he absorbed them and it made him even stronger than ever, and that allowed Applejack to get the jump on her and fired a powerful orange energy blast with magic, earth, apples, and Alicorns at her, and it exploded and sent her flying into a wall, but she wasn't out yet.

Nico: Incredible, Applejack has transformed, that's so awesome!

Me: Yep, and now, the fight to save Twisted Silvermist from the fate that's befallen her is about to begin.

Lincoln: You said it, J.D., and Applejack, you look beautiful. How do you feel?

Applejack: (Divine Echoing Cosmic Voice of The Apple Earth Alicorn and Divine Honesty Love) **Why, I feel mighty incredible, Linky. Now then, shall we save Twisted Silvermist from the horrible fate that befell her because of Captain Hook?**

Lincoln: (Smiles) With pleasure, my Alicorn Princess of Honesty.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Applejack.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal

Justice and Elemental Hope) **Just hang on, Twisted Silvermist, we're coming to save you.**

Applejack and Lincoln went after Twisted Silvermist, who continued firing blasts of ice at them, but Lincoln kept on absorbing them and it made him even stronger than ever, and then, he and Applejack fired powerful blasts of rainbow energy, orange energy, apples, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at Twisted Silvermist, and they exploded with incredible power as they hit her. Then, Applejack and Lincoln hogtied her up in rainbow energy chains and they fired powerful blasts of purifying light, and it cured Twisted Silvermist, and it purified her, and the Pixie Hollow fairies caught her. We cheered wildly for what Applejack and Lincoln did as they holster their massive large greatswords on their backs and power down, and Applejack's new body, clothes, weapons, jewelry, and massive orange angel wings are permanent.

Applejack: YEEHAW! That's another Twisted Princess saved from their horrible fate. Thank you for helping me take down Twisted Silvermist, Linky.

Lincoln: (Smiles Warmly) You're welcome, Applejack.

Suddenly, Applejack wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Applejack's face, they kissed passionately as Applejack's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Alicorn, and Angel flying in the air, and we saw a herd of Buffalo running across the field, along with elemental forces and apple trees growing around them and we all cheered wildly.

Rodney: So, we just witnessed Applejack's Phase 2 transformation.

Nico: Yep, this sort of thing happens whenever an uninvited villain shows up, and it's also the perfect way to end the ambassador mission, Rodney.

Me: And we took down Kyle and Salty Mike for good.

Andy Johnson: Yeah, those two were rotten bullies and bad to the bone.

Sergio: (Squawks) And Salty Mike's stupid and ugly.

Lincoln: Hopefully, you've learned your lesson, right, Sergio?

Ronnie Anne: Don't worry, Lincoln, we'll make sure of that.

Ronnie Anne got out the Chancla and when Sergio saw it, it meant that he was warned.

Maria Santiago: Hopefully, Sergio has gotten it in his head, and I still can't forget the trouble that bird has caused with his wild parties. Bobby wasn't the only one who didn't get any sleep at all.

Lincoln: (Gasps) What?

Rosa Casagrande: (Spanish Accent) Ay, it's true, Sergio's wild partying has also woken up Maria a numerous amount of times, and she needs her rest for work.

Carlota Casagrande: The same went with me, that bird's partying also cost me some sleep as well, and I couldn't forget all of the other annoying things he's done in the apartment and all over Great Lakes City, and to all of us.

Lincoln: Sheesh. Alright, now that Applejack's special mission is done, tomorrow is Musa's special mission.

Musa: I can't wait to see Sunny and the others again, this is going to be one musical mission we'll never forget.

Me: None of us will, Musa, especially The Moon Goats, The Hex

Girls, The Rainbooms, and many of our singers and musicians.

Nico: Yep, when tomorrow comes, it'll be time to rock and roll!

D.J. Dalmatian: We'll bring the house down on the saps we'll be facing tomorrow. Mess with music, will they?! We'll teach them a lesson in music they'll never forget.

Kyle and Moe were taken to prison where they belong and Kyle's dad was mad that he gave birth to a disappointment son.

Me: He deserved to be thrown in prison for this.

Saix: I hope you two liked helping us out.

Andy: Are you kidding?! We loved it!

Spot: That's good.

Tchang Zu: Now, Kyle and Salty Mike won't bother you two again.

Fluttershy: I'm going to keep him as my prisoner in a sense. (Laughs)

Larxene: And you can spend some time with Applejack.

Electro: So, what do you guys wanna do now?

Rodney: How about we celebrate at our house?

Me: Good idea.

Qin: Yeah!

Andy: (To the viewers) We did it and we put Kyle and Moe in jail where they belong and those two will never torment anyone again.

Me: Good riddance.

Nico: Yep. Great job today everyone.

We went to Andy's house and had fun and then we went back to the estate and enjoyed the rest of the day and went to sleep.

Kyle and Moe were found guilty of their crimes and were sentenced to 10 years in the Charon Reform School and another 15 years of Community Service as well as ordered to pay $522,323,466,233,122,899,323.00 in restitution.

Meanwhile in Atlanta, the crew of the class of Sunny Bridges was getting ready for our arrival.

Sunny Bridges: You all ready for the arrival of Team Loud Phoenix Storm?

Tamika: You bet we are!

Lil'D: This is gonna be so awesome and cool!

Sunny Bridges: I'm excited too. Lets get ready to rock!

They got to rocking.

But, like her grandfather, she wants to use science of robotics for the benefit of mankind and she'd stuck with her grandfather's ideals that robots and humans can coexist. It was Emily who introduced Lincoln to robotics and it was Lincoln who introduced Emily to video games, and since then, Emily and Lincoln often play games together, and they even worked together when it came to difficult video games such as Ninja Gaiden. This one time, both Emily and Lincoln would cosplay, as Lincoln would cosplay as Cloud Strife and Emily would cosplay as Tifa Lockhart. She and Lincoln once made a robot named Gear Man, a robot designed to repair any machine. She even built Lincoln a bracelet made of gold and jewels of his favorite color. To show how grateful he is, Lincoln made Emily a beautiful jewel encrusted hairband and he kissed Emily on the lips. She hates Lisa with a burning passion, plus she outright hated Dr. Wily for all the terrible things he has done. The Phase 2 transformation for Musa will be against Tritannus, another old enemy of The Winx Club, and he wants revenge on The Winx Club for ruining his plans. Get ready to rock as we meet the crew of Class of 3000 and we're going to battle BIG! It's going to be a battle of music.

See you all tomorrow.

Nico: So we're over in the Gotham City of 1997's Batman and Robin.

Me: One of my all time favorites. I love that movie.

Qin: So we're going to help this worlds version of Mr. Freeze and cure him?

Me: Yep.

Varie: So what's the plan here?

Me: Our plan is to find his wife Nora so Lily can cure her of her disease and then we're going to head over to the Gotham Observatory to help stop his scheme.

Kaoruko: That's a good plan.

Nico: Thanks for coming with me, Pinkie.

Pinkie Pie: Ah no biggie wiggie. I love going on all these great rescues with you Nico!

Lincoln: You always have so much fun on them Pinkie.

Me: That's our awesome party planning master of Ponyville and Earth.

Camie: Yeah she is one of the best.

Rainbow Dash: Both she and Cheese Sandwich make awesome parties. They made my Birthday Anniversary party one of the best ever.

Twilight Sparkle: That was so unforgettable. Not only was that her birthday but it was also the 1 year anniversary when she moved to Ponyville.

Me: Wow! Talk about a double whammy event.

Nico: Pinkie, remember when you thought Twilight and the others were planning to send you a going away party?

Pinkie Pie: I do and it was all because I forgot my own birthday.

Me: Oops! (LAUGH) That happened to me too minus the Going Away Party part. I forgot it was my birthday when I was out fighting crime for the whole day.

Nico: WHOOPS!

We laughed.

Me: That stunk bad.

Qin: Whoops.

Pinkie Pie: Yeah that one hurt but I realized that it was all because I didn't know it was my birthday.

Lola: Oops.

Nico: But don't worry. I'd NEVER forget Gummy's birthday.

Pinkie Pie: Oh thanks Nico. That means a lot to me.

Me: And lets not forget that you make the most awesome desserts too. And you have just as big a sweet tooth as my daughter Mary.

Pinkie Pie: Yeah I sure do.

Vinyl Scratch: That's true and me and Octavia love them. Also I'm really excited about our mission today.

Me: Boy me too Vinyl. I can't wait to have a rockin good time with Sunny Bridges and his class.

Qin: Me too. We have a lot of good songs too.

Lola: Yeah we sure do and Musa is looking forward to this one!

Nico: Applejack, I hope you had a good time yesterday.

Applejack: Oh it was one of the most amazing times we've ever had! YEEHAW!

Me: I thought it was all so fun too.

Apple Bloom: My sis really put the Old Western Law down on Kyle and Moe.

Nico: You bet she did!

Me: Yeah she did! That was so awesome.

Laney: I thought it was so awesome too the way we kicked his butt in Phoenix Land.

Kaoruko: That was so awesome.

Sougo: How'd he get a giant robot though?

Geiz: Sougo, I think some questions are best left unanswered.

Me: I agree. But that giant robot was so cool though.

Lisa: Indeed it was 2nd Elder Brother. Me and our scientists are rebuilding it to use for good.

Qin: Awesome idea Lisa.

Nico: It sure is.

Then my birthmark started glowing.

Me: Huh?

I looked at my neck and saw my Phoenix Birthmark glowing.

Me: My birthmark is reacting to something.

Nico: Wonder what it is.

But then we heard an explosion and we saw the Observatory firing a massive and huge Freezing Ray! It was freezing everything all over Gotham instantly!

Me: WHOA! That is powerful!

Lola: Wow! But that is genius that Mr. Freeze was able to turn a huge telescope into a huge freeze ray.

May: Wow! No kidding! That is cool! Literally!

Maria: Not cool in our case.

Nico: Yeah! We haven't got a moment to lose! Lets go check out Mr. Freeze's hideout.

We went to Mr. Freeze's hideout which was the abandoned Snowy Cones Ice Cream factory.

Me: The Snowy Cones Ice Cream Factory. Fitting for him.

Qin: Yep.

We went in and it was cold.

Me: BRR! Cold.

Qin: Freezing!

Me: Good thing I brought these.

I had us put on our parkas.

Nico: Thanks.

Camie: Man it's cold in here.

We got to searching.

May: I got my ice gun from the original Freeze.

Me: I know that May. That was awesome.

Nico: We're looking for plans and Nora Freeze.

Lily: I think I found something.

We went over and found a bunch of diamonds.

Me: (Whistles) These diamonds are nice.

Eli: He needs them as energy for his suit to keep him cold.

Qin: Yeah.

We saw plans too and they were for a powerful Freezing Engine.

Me: Wow! This Freezing Engine is amazing.

Nico: Very well planned out too.

Qin: We can use these to make our own elemental engines too.

Nico: Good idea.

Lily: Now to find Nora.

We walked around and then we went into a freezer and opened a secret room and found her in a cryogenic tank.

Me: Wow!

Nico: Nora Fries.

Chloe: Just like Emile.

Camie: Adrien's mom?

Me: Yeah. This is amazing he was able to hold her in this state.

Nico: By the way Lily how did you find Emile?

Lily: That was awesome.

FLASHBACK - DURING THE BATTLE IN CHAPTER 901.

Lily: (Voiceover) **While the battle with Hawk Moth was raging, Nathalie went with me to find Emile and she took me to find a secret room. She showed me Emile inside a cryogenic tank just like Nora.**

Nathalie: Emile was locked in a coma because of a disease she has. She was cured but she didn't wake up.

Lily: That's bad. No wonder Gabriel wanted the Miraculous to cure her. He just wanted his life fixed. Poor guy. But I'll gladly give that to him.

Lily then spread her wings of water and they went into the tank and cured her of her disease and woke her up and she was better!

Emile Agreste: (Groans) What happened? Where am I?

Lily: Mrs. Agreste you're going to be all right.

Emile Agreste: Who are you?

Lily: I'm Lily Loud, Water Master of Coventina for Team Loud Phoenix Storm and your husband Gabriel is going through so much right now.

Emile Agreste: Where is he?

Lily: I'll explain while we get there.

Lily helped her up and she was telling her everything and Emile was shocked!

Emile: Oh Gabriel. I didn't know he was doing so much to try and help me.

Lily: He has a true love for you that is as strong as that of an angel.

Lily: (Voiceover) Emile was absolutely touched that Gabriel would do so much for her just so they can be together again.

FLASHBACK ENDS

Lily: And the rest you know about that.

Nico: That's right.

Me: Wow. That is awesome.

Camie: That's incredible!

Kaoruko: Lily you have a true heart of gold.

Lily: Thanks Kaoruko.

Nico: Lots of Akumatized villains were fought that day.

Me: I counted 46 of them. Including that bitch Lila Rossi.

Qin: Yeah that was intense! And Nico did a great job leading the team that day.

Nico: Thanks Qin.

Camie: Wow 46 of them!? That's incredible!

Varie: It was. But we saved Chloe's mom and also recruited Stormy Weather too. And Sabine and Chloe's dad made a full recovery.

Lola: I can't believe I almost got Akumatized.

Me: But your will was far too strong Lola.

Lola: It sure was.

Lana: Yeah.

Me: I wonder what you would look like as an Akumatized villain though? She would have made a great member of the Masters of Evil.

Albedo: I agree there on that one. Too bad they weren't in business back then.

Qin: Yeah but that would have been cool.

Nico: We'll worry about it later. Right now we got to thaw the city out.

Me: Right.

Camie: First what does it say about this version of Mr. Freeze?

Me: Let me show you.

I pulled up his info.

---

Mr. Freeze is the final antagonist of the Batman (Burton/Schumacherverse) film series. He is one of the two main antagonists (alongside Poison Ivy) of the critically panned 1997 superhero film Batman & Robin, the fourth and final installment of the Burton/Schumacher Batman film quadrilogy.

He is a mutated scientist whom seeks to find a cure for his wife's malady, no matter the costs, leading him to join forces with Poison Ivy and Bane. However, in this movie, he was greatly altered from almost every other incarnation to the point that many would consider this campy ala his first appearance as Mr. Zero.

He was portrayed by Arnold Schwarzenegger, who also played the T-800 in The Terminator and Carl Hauser in Total Recall.

Mr. Freeze is a completely different character both in design and personality; he was (in)famously played by Arnold Schwarzenegger, and had some of modern cinema's most memorable "camp" moments, which has made him a controversial figure in the Batman mythos, with some fans enjoying the camp humor (somewhat akin to the old 1960s show) while others panned it for making Batman far too childish in nature.

Mr. Freeze planned on destroying Gotham City and was more openly omnicidal in this movie, using his freeze-ray to callously freeze pretty much anything in his path, though he did have a connection to his frozen wife (just as many other incarnations would do) which prior to being lied to by ivy was the motive for using his freezing engine to hold Gotham for ransom and give him the billions he needed to complete his research in order to find a cure for Nora Fries illness MacGregors syndrome.

Mr. Freeze made an alliance with Poison Ivy and Bane despite the radically different philosophies of the two villains, though she would later proven to be a traitor who attempted to kill his wife and frame Batman for it. After Batman shows him that Ivy attempted the murder and Batman actually saved her, Mr. Freeze gave Batman the cure to stage 1 of MacGregor's Syndrome. Batman had Nora sent to Arkham Asylum so Freeze could continue his research there. He also becomes Ivy's cellmate and vows to make her life a living hell for her treachery.

---

When it was done we were shocked!

Nico: So Poison Ivy here is responsible for this!

Eli: Out of all the versions of Poison Ivy this one is the most evil of them all.

Lola: She's getting a Fireball in the heart for this!

Me: You got that right.

Lily: First let me work my magic.

She spread her wings of water and they went into the tank and cured Nora of her disease and she was pulled out and woken up.

1997 Nora: (Groans) What happened?

Me: Nora are you all right?

1997 Nora: Where am I? Who are you?

Me: My name is J.D. Knudson, 2nd in Command of Team Loud Phoenix Storm. You were in a cryogenic coma for 2 years because of MacGregor Syndrome.

Nico: But you're safe now.

Lily: And you're fully cured.

1997 Nora: What happened? Where's Victor?

Me: We'll explain on the way.

I picked her up and we went to the Observatory.

1997 Nora: What's happening!? The entire city is frozen in ice!

Me: It's something Victor is doing because he think's you're dead.

I told her everything and she was shocked!

1997 Nora: Oh Victor. What has happened to you?

Me: It was an accident Nora. But we'll cure him and save him.

We went to the Observatory.

Batman and Mr. Freeze were fighting. But then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the wall of the Observatory and fireballs rained down and melted all the ice and a phoenix cry was heard. We came in.

Me: Victor!

1997 Mr. Freeze: Team Loud Phoenix Storm!

Me: That's right. Victor stop this!

1997 Mr. Freeze: Nora is dead because of Batman!

1996 Nora: He didn't kill me Victor!

He saw Nora for the 1st time in 2 years and was shocked and he went down and saw her.

1997 Mr. Freeze: Nora? Is it really you?

1997 Nora: Yes my love.

She put her hand on his face.

1997 Nora: You're so cold Victor. I'm so sorry.

1997 Batman: Victor, stand down before I'm forced to cross a line I REALLY don't want to cross.

Me: Batman he's not going to do anything like that. I'm sure you know this but he did all this because he wanted to be reunited with his wife Nora. Believe me, out of all the villains you know Mr. Freeze is one of those that I feel sorry for.

Nora and 1997 Mr. Freeze hugged.

1997 Mr. Freeze: Oh Nora. I thought I would never see you again.

1997 Nora: I know my love.

1997 Mr. Freeze: But how did you get cured?

Lily: I did it. I used my healing water to cure her of her disease.

Me: Victor I'm so sorry you went through all this. But Batman didn't kill Nora. Poison Ivy did.

1997 Batman: It's true Victor.

He showed a video of her.

1997 Poison Ivy: (On a video) As I told Lady Fries when I pulled her plug, This is a One Woman Show.

BUSTED!

1997 Mr. Freeze growled.

Maria: Wait. Where's Robin?

Me: I'll go get them.

I teleported and saw 1997 Batgirl and Robin being strangled by 1997 Bane!

Me: 1 version of Bane is enough!

I fired a blast of energy and it hit him and blasted a hole in his back and blasted his heart out and killed him and destroyed him.

Me: Looks like I got here just in time.

1997 Robin: Thank you J.D.

1997 Batgirl: You saved us.

Me: We are here to save Gotham. But we have so much to tell you guys.

I teleported back with Robin and Batgirl.

Nico: There you guys are.

1997 Robin: Wow Team Loud Phoenix Storm!

1997 Batgirl: It's an honor.

Nico: You too.

1997 Robin: What's happening with Freeze?

Lily: Long story.

1997 Nora: I'm just glad to be back with Victor.

Me: We cured Nora and saved her.

I brought the body of 1997 Bane up.

Nico: And THIS version of Bane is also in our frenemies to begin with!

Me: 1 version of that Bane is enough.

Qin: Yeah.

Nico: True.

Me: But Victor please let us end this madness and kill the true cause of all this and that's this worlds version of Poison Ivy.

1997 Mr. Freeze: After you help cure me.

Lisa Loud: That can be arranged.

Lisa pulled out the antidote and an auto injector.

Me: Nico you better hold him. This is gonna be painful.

Nico: Okay.

Carol: We gave Victor this antidote on my birthday and cured him.

Nico: Will it work?

Me: Yes it will.

Nico held him.

Lisa gave him the antidote and then he screamed in pain as he was thrashing around and then his body temperature was rising and he was back to normal.

1997 Nora: Victor are you okay!?

1997 Victor: It's cold.

I gave him a fur parka.

Nico: Wow! It worked!

Nico: Where's Ivy?

1997 Robin: Good question. We were too busy with Bane to notice.

Me: I'll bring her here. Batman, you may have a problem with killing villains but there is no problem with us doing it.

1997 Batman: Not at all.

Maria: I got his freeze ray too.

Nico: Cool.

I snapped my fingers and then came 1997 POISON IVY

---

Poison Ivy is one of the two main antagonists (alongside Mr. Freeze) of the 1997 superhero film Batman & Robin, the fourth and final installment of the Burton/Schumacher Batman film quadrilogy.

She is an exceptionally seductive and nefarious half-woman, half-plant eco-terrorist seeking floral world domination. She used to work for Dr. Jason Woodrue before he tried to get her killed so she would not alert the authorities of his illegal operations. She also serves as Bane's boss.

She was portrayed by Uma Thurman, who also played Medusa in Percy Jackson and the Olympians: The Lightning Thief.

Ivy began her career as Dr. Pamela Isley working in the jungles of South America in an "Arboreal Preservation Project" funded by Wayne Enterprises. Like her villainous persona, she aspired to give plants and flowers the means to fight back against the "thoughtless ravages of men" but lacked the means to do so. After stumbling across her partner Dr. Jason Woodrue's plans for world domination, using her research materials to do so, she is quickly discovered by Woodrue and dragged back into her lab by him.

He tries to get her to join him in his conquest, saying that he owes it to her research and that they can rule together. Disgusted by what he has used her research for, she rejects him (by telling him he "won't be able to get a job teaching high school chemistry") and calls him a psycho, and he kills her in response by pushing her into venom samples, the chemicals cooking the ground and burying her into the soil.

Later, Woodrue talks on the phone in Isley's old work area and disturbs her natural grave, now growing with ivy over it. Suddenly, the ground rumbles and boils with supernatural force, glowing with eerie pink light. Upon inspecting it the ground erupts, expelling Isley, who had actually been in hibernation rather than dead. A far cry from her previous appearance, Isley now bloomed with irresistible beauty and beguiling charm. Easily seducing the smitten Woodrue, Isley lured him into sharing a long, passionate kiss with her. Upon finishing, she revealed the now-toxic nature of her lips, and within moments he died, choking to death on the natural venom corroding his organs. With a henchman of Woodrue's creation, Bane, in tow Isley declared the world belonged to the plants and herself, deeming herself "Mother Nature" thanks to the new form her former persona's death had given her. She burned her lab to the ground and left for Gotham City.

Leaving the lab and her former life burning in her wake, Ivy moves to Gotham City to seek support - legitimate or otherwise - for her war against mankind. At the airport, Bane hospitalized ten security guards; Ivy killed a business man with her kiss and stole his limousine (off-screen). Under the guise of her former persona Dr. Pamela Isley she ambushes her former boss Bruce Wayne, Wayne Enterprise's CEO, at a press event to have him help her in her plans by having him stop all projects that poison the environment. After brief consideration he rejects the proposal, reasoning the cost of human life would be too great to allow for it. Angered, Isley proclaims that the plants will reclaim the planet and that there would no one to protect them. Her mad proclamations are laughed off by the press and she is explained to that in Gotham City Batman and Robin are protecting them - even from plants and flowers. Attempting to soften the blow, Wayne gives Isley an invitation to an upcoming event (a "Save the Rainforest" themed ball) where the duo would appear if she wished to meet them. Leaving quietly, Isley decided to take him up on the invitation, declaring to rid herself of the pests and leaving Gotham hers for the greening.

True to her intentions, Isley makes her presence known to Batman and at the ball, gate-crashing the party with a literally show-stopping performance before a captive audience. On top of a tribal-themed "mouth" overlooking the crowd, adorned in a fluffy magenta gorilla costume, she performed a seductive strip-tease, revealing herself as the red-haired leafy poison-lipped goddess that killed Jason Woodrue. Dousing the crowd - and the Dynamic Duo, her intended targets - with concentrated pheromones (which she referred to as "love-dust"), Isley had the room thoroughly enraptured by her. Making her way down to the stage where Batman and Robin waited, Isley greeted the duo with a friendly "Hi there" and introduced herself to her adoring masses as "Poison Ivy".

Pleasantries over, Poison Ivy turned her attentions to Batman and Robin. She seduced them both in turn with her love-dust and her seductively poisonous charms, offering them sexual pleasures while whispering insults about them behind their back, making each think she preferred them. She then takes the Heart of Isis necklace and puts herself up for bidding, offering an evening of her company for the winner, saying that whoever won would be able to see her how she was at the moment, and later everything they didn't see. This causes the Dynamic Duo to both begin bidding for her, inciting them to fight one another for her affections. Pleased to see her plan to tear the duo apart was already working, Ivy attempted to drive the wedge between them even further by mockingly asking if they were going to start a fight over her. Before she can take matters further, however, her designs are thwarted with the untimely arrival of Mr.

Freezecausing the pair to combat him rather themselves. Freeze eventually approaches Ivy and demands the Heart of Isis from her, which she is forced to do after her love-dust has no effect on Freeze, who says that it "doesn't work on the cold-hearted." Watching Freeze, Ivy took note of his ruthless strength, intent on possibly using him to help further her own devices. With Batman and Robin in pursuit of an escaping Freeze, Ivy took her leave as well, but not before blowing a kiss to an enamored Robin, keeping her in his thoughts and planting a seed of desire for her, which she would capitalize on later.

Ivy and Bane made their way to the abandoned Turkish Bath House, where they confronted by the Golum Gang, Ivy challenges them to get her. Bane made them flee for their live after making them fly off a wooden plank they were all standing on. Redecorating the place, Ivy plants seeds then plants started to instantly grow. Ivy then planned to break Mr. Freeze out of Arkham Asylum. Ivy infiltrated Arkham Asylum in an effort to break out Freeze, who had recently been incarcerated there. While Bane recovered his equipment, Ivy lied her way into the prison, claiming to be his 'sister'. Gaining her entry into Freeze's cell under the pretense of visit Ivy went to work. Immediately upon seeing Ivy the stationed guards in his cell were smitten with her. Sheepishly, one of them told Ivy to not mind them and converse freely with Freeze.

Repulsed by him, Poison Ivy responded with a dose of her love-dust, further enamoring him. Flirting as she dosed the second guard too, Ivy claimed she "didn't mind him at all". With both guards under her spell she remarked to Freeze the absurdity of them as she led them away from the door deeper into the cell like lovesick puppies to Freeze's curiosity. Stopping under a light Ivy playfully basks in their deep affection for her for a brief moment as she seduces them both before turning her focus on one. Seductively remarking how she's "to die for" Ivy leans in towards one of the guards, with her lips puckered for a kiss. Eagerly he offers no resistance as Ivy plants her lips on his and steals his life away with a brief poison kiss.

Immediately upon removing her lips from his he begins to choke, succumbing to the poison rushing through his body. Before the other guard can even comprehend what happened Ivy grabs him by the face and pulls him forward, forcing a rough kiss on him and causing him to struggle as he feels the toxin permeate his body in her ferocity. The deed done, Poison Ivy ends the kiss and the hapless guard slumps down dead. Freeze expresses his admiration of her abilities. Ivy proposes a pairing between them, offering to set him free as an incentive. Cautiously he asks what she wants from him in return but she turns the conversation to other things. With little choice he accepts her offer and with their combined forces they break out of his cell. Freeze notes his suit is low on power though and says they must travel to his hideout and retrieve his power source and his wife. Ivy becomes enraged upon hearing that Freeze is married, but before they can discuss the topic any further the three escape into the Gotham River.

The trio made for Freeze's hideout to pick up some things of Freeze's, along with his terminally-ill wife, whom he had frozen in stasis until he could find a cure for her disease, MacGregor's Syndrome. Unfortunately, Freeze's escape had reached the Dynamic Duo and they were there along with the police. Both parties split-up with Poison Ivy and Bane distracting Batman and Robin, as well as rescuing his wife while Freeze recovered his much-needed power diamonds from the police. Luring them to the basement with the scent of her love-dust, Ivy seduced one of the pair, starting with Robin while Bane held off Batman. Now knowing of her evil nature, Robin tried to stop her and place her under arrest but Ivy was unfazed by the young hero's attempt to intimidate her, seducing him with her love-dust and silencing him into a love-struck stupor. Reinforcing her influence over the young hero, Ivy offered to kiss him, Robin offering no resistance to her. Without waiting for Robin to answer, Ivy held him by the chin and leaned in, with Robin slowly tilting his head forward to meet her approaching lips. Before they could get far, Bane knocked Batman to the floor nearby, snapping them out of their moment. Robin, momentarily breaking of Ivy's spell, picked himself up and faced off against Bane in his mentor's stead while Ivy's attentions turned to Batman. Slowly approaching him and blowing her dust in his face, she pinned him to the floor and flirted with him. Deciding to cut the sweet-talk short, Ivy slowly leaned in towards Batman and attempted to kiss him.

Unfortunately, Batman was a much more stronger-willed opponent than Robin and despite being pinned down by her he was wily to her charms and stopped her from trying to kiss him, pushing her off him and grabbing her by the arm. Before Batman could arrest Ivy however Bane saved her by attacking him from behind. As Bane held Batman in a headlock, Ivy gave Batman a quick hug, resting her head against his chest, and asked him to not make a mess when he died.

While they resumed their battle Ivy, sought out Robin, whom Bane had momentarily defeated. Waiting till he was on his feet she resumed her seduction of him, blowing yet another dose of her love-dust in his face and backed him against a nearby railing. Preying on his heroic ego and her past seductive efforts, Poison Ivy made him fall completely in love with her, disregarding her villainous identity and over-powering his better judgement. She spoke to him of moving out of Batman's shadow and being his own man with his own "Robin-signal". She convinced him that he no longer needed Batman, and she could help show him the way. At her mercy, Ivy wrapped her arms around Robin's neck, holding him in a hug, and after giving a soft whisper to let her kiss him moved in to kiss him with his defenses all but deteriorated.

Unfortunately for her Batman stopped them, shouting for Robin not to kiss her moments before their lips could meet. Knowing that Batman was onto her, Ivy slowly made moves to escape as Batman tried to explain why she was so dangerous, but thanks to her charms the spell on Robin was indefinite and he fought Batman over her "honor" to Ivy's amusement-not believing his claims of her "poison kiss". Because of this, Ivy and Bane escaped unchallenged with the distracted crime-fighters too busy with one another to pursue them, Ivy taking a moment to laugh at both of them in victory as she escaped. In his misplaced anger, Robin cuts his ties with Batman due to the villainess' manipulations of his now-fragile emotions, truly believing Poison Ivy loved him as he did her. Before she left however Ivy pulled the plug on Freeze's wife leaving her to die so that Freeze would be easily manipulated by her with no "competition" as she put it.

Returning to her now-blooming garden lair, Ivy told the waiting Freeze of his wife's death-claiming that Batman deactivated her.

Freeze angrily accused her of lying until Ivy gave him proof: a necklace she scavenged from the woman's corpse. As expected by her manipulation, Freeze flew into a rage proclaiming to kill Batman and Robin in revenge. Using his grief and anger, Ivy twisted him into turning his wrath to the entire world, in turn giving her free reign to rule the world with her mutated plants, a natural by-product of her own creation, leaving them the only two humans left in the world. Brimming with vengeance and evil Freeze agreed. With a plan already concocted, Freeze ordered Ivy to distract the Bat and Bird while he prepared to freeze Gotham City. Eager to help, Ivy set out with a plan of her own.

Under the guise of Pamela Isley one last time, she attended the unveiling of a new telescope Bruce Wayne had donated to the Gotham Observatory. Hidden amongst the crowd she singled out Commissioner Gordon. Inquiring about the whereabouts of the Bat-signal she seduced him with love-dust disguised in a ivy-leaf shaped compact make-up case. Effective on the older gentleman she pressed him regarding access to it. Falling for the bait, the smitten police officer produced the keys to it, offering to show it her. Languidly blowing more dust into his face she took the keys from him and left him reeling, briefly toying with the idea to kiss him but deciding against it (claiming him to be too old for her). With that she left the observatory and made for the Bat-signal's location. However, she was unaware that Bruce Wayne observed her actions from the crowd, and thus concluded that Pamela Isley was actually Poison Ivy. At her command, Bane ripped the light from it's point of origin and has it taken to her lair where she changes the signal from a bat to a bird. Once the signal is repaired, Ivy activates it and shines the light proudly in the sky, the Bat-signal now the Robin-signal. Smirking at her work, Ivy prepares for the next part of her plan, to lure Robin to her lair, in a final effort to seduce and murder him.

Robin responds to the call as she knew he would, having alluded sending a Robin-signal for him in her last seduction of him he mistakenly believes the signal to be a sign of her love for him. She waited deep inside her lair as her plants slowly lured Robin inside and blocked his path behind him as he went further. As he drew to the heart she revealed herself; a great bud opened where she lay voluptuously for him within a massive flower at the end of a lily-pad strewn pond. The mistress of all she surveyed, she looked more beautiful then ever, wearing a new seductive style of dress, a new hairstyle and removing her "mask" of ivy leaves all just for Robin. As Robin stared at her in silenced, stunned by her grand reveal and enhanced beauty, Ivy smiled at the young hero and greeted him with a seductive "Hi there", similar to how she did when they first met at the gala. Beckoning him to her, Robin made his way across the pond, carefully stepping on the giant lily-pads. As Robin approached her, the two traded flirtations with each other, with Robin telling Ivy he loved her and wanted them to be together. Finally reaching Ivy and laying down beside her, the two cuddled each other as Ivy began to seduce the sidekick once more.

Robin tries to pry information about Freeze from her in an effort to find out whether she can be trusted, while she flirts with him in an attempt to get him to kiss her. Laying a hand on Robin's back and leaning forward, Ivy tells Robin to kiss her and she'll tell him Freeze's plan. To her shock though, Robin refuses, and tells her he'll kiss her if she tells him first. Ivy raises an eyebrow at him for a moment before she gives in to his demand and tells him Freeze's plan, with belief that he won't live to make use of the knowledge. After she divulges the info, Robin tries to take leave, hurriedly reasoning that he has to stop him. But before he can escape, Ivy quickly grabs him and pulls him back to her and innocently strokes his chin with a finger, tenderly cooing "One kiss, my love. For luck…" curling a devilish, seductive smile on her lips. Alone and unable to resist her, Robin silently submits to her charms, nodding in agreement to her request. At her mercy at last, Poison Ivy gently lays a hand on the hero's face and languidly leans in for a kiss, Robin following suit and closing his eyes. As they slowly inched closer together, Ivy glances at Robin and smirks evilly to herself, pleased at her successful seduction of him, until their lips finally meet and drops morbidly as they share a passionate kiss.

As thanks for being her favorite victim, Poison Ivy gives Robin the most passionate, romantic kiss she has ever given anyone, with him kissing her back with equal loving force, putting all his feeling for her into one kiss as they share a passionate moment. After only a brief moment though, Ivy pulls away from their kiss and reveals with mock-"sadness" her true, deadly nature to him, stating that the kiss they just shared was actually for " *bad* luck" while rubbing noses with him and gently stroking his chin, and gleefully condemns him to his quickly-coming death, smirking at Robin in victory while leaning back in her throne. Unfortunately for her, Robin had been playing along with her from the very moment he stepped into her lair and was prepared for her. Wearing a protective film on his own lips rendered him immune from the deadly effects of her poison, allowing him to survive a kiss from her.

Momentarily stunned by the revelation, Ivy angrily glared at Robin, the romantic mood between the two of them destroyed by the two would-be "lovers" revealing their lies and mistrust. Ivy was humiliated that the Boy Wonder had not only outsmarted her, but had beaten her at her own game of seduction, and had successfully stolen a kiss from her. Snarling with rage, Ivy lunged forward, catching Robin off-guard, and shoved Robin away from her. Robin lost his balance and tumbled off her throne and into the lily pond, leaving him to the underwater vines to drown him. Ivy quickly jumped over the gap she shoved Robin into and walked away from her throne with a smirk. She turned to Robin as she passed him and mockingly waved goodbye to the drowning hero, taunting him "See ya!", as a final act of revenge against him, rubbing in that she was "breaking up with him" and ending their would-be relationship. Trying to escape Ivy is stopped in her tracks by Batman, whom had apparently came with Robin, but Ivy quickly incapacitated him the help of her plants.

After briefly taunting him, she made moves to leave once again before a third figure, an unknown Bat-costumed woman, Batgirl, broke through a skylight and confronted her, telling her that she was "about to become compost." Ivy tried to defeat her, but was unable to match her opponent's fighting prowess, ending up on her backside from a swift kick. While on the ground, Batgirl accused her of using feminine wiles and her looks to get what she wanted. Poison Ivy unabashedly agreed to this claim, with Batgirl retorting with disgust, "Chicks like you give women a bad name." Ivy then leaped to her feet and tried to tie her up with some vines and gloatingly revealed she killed Nora Fries, the wife of Freeze, saying, "As I told Lady Freeze when I pulled her plug, this is a one-woman show." But Batgirl snapped the vines from her hands and flipped her over on her back. Ivy then pulled out a switchblade and intended to stab Batgirl with it, but she was quickly disarmed and kicked multiple times, knocking her into her own flower-bed that she and Robin had flirted on. Ivy screamed as the petals of the flower bed closed over her, supposedly crushing the villainess. Ivy was left in this condition thereafter for the police until her eventual incarceration at Arkham Asylum.

Poison Ivy is last seen in a disheveled, maddened state, plucking the petals of a flower, sadly playing the old "he loves me, he loves me not" game, likely referring to Freeze as the "he." She is then interrupted by a "not" and witnesses the surprise emergence of Mr. Freeze within her cell as her new cell-mate. Originally pleased to see her "partner-in-crime," she quickly learns that he knows that it was she who had tried to kill his wife (thanks to Batgirl recording her admission and Batman playing it for Freeze). With that, he declares that he has come to make her life a living hell and to offer her an eternal winter, much to her stunned horror. What Freeze then did to her is unknown, but as anyone can imagine, it couldn't have been pleasant.

Me: Well well well. Dr. Pamela Lillian Isley A.K.A. Poison Ivy.

Lola: Time to burn!

Qin: Yeah!

1997 Nora: You will not kill me again!

1997 Poison Ivy: What!? Impossible! I pulled your plug!

Lily: Wrong! I healed her and cured her!

1997 Poison Ivy: You wouldn't hurt a lady, would you?

Kaito: (takes out Ryusoulger gear) A lady? No.

Zocks: (takes out Kiramager gear) You? Yes!

Kaito got a Dino Fury Sword and Zocks got a Kiramai Sword!

Qin: Time to burn!

Me: First this one.

I teleported and went onto the roof of the Observatory and formed a huge ball of fire and it looked like I was holding the sun in my hands and it melted all the ice all over the city and thawed everyone out!

1997 Batman: That did it!

The light vanished and I teleported back and Qin went at 1997 Poison Ivy and kicked her and knocked her down and punched her in the face and she sent her crashing into the wall. Zocks and Kaito slashed her all over.

Me: I got an idea!

I went over and took all the bombs that Victor planted. They were shaped like icicles.

I wrapped them all over 1997 Ivy.

Nico: Oh I get it!

Nico threw her far into the city.

Nico: NOW!

1997 Victor pressed a button!

1997 Victor: Bombs away Ivy!

Then 1997 Ivy screamed as she exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She exploded in a huge fiery explosion!

Nico: WHOA!

Me: YEAH!

Eli: I hope she doesn't regenerate.

Laney: But that is one version of Poison Ivy we DON'T WANT in the M.O.E.

Qin: No way.

Then her spirit appeared.

Nicole: I got a better place for her.

Nicole used her magic and locked 1997 Ivy's spirit in a Lava Lamp and she was now Laney's prisoner.

Sougo: (takes out Saber Ridewatch) I don't think it's over yet.

Geiz: (takes out Live Ridewatch) You're right. It's not.

Armor Time! Rekka Battou! Saber!

Sougo got SaberArmor while Geiz got LiveArmor.

Me: And you're right.

My Birthmark glowed brightly and then out came a new Zodiarts! It was for PHOENIX THE FIREBIRD! It was PHOENIX ZODIARTS!

Me: Whoa! Phoenix Zodiarts! For Phoenix the Firebird in the Southern Hemisphere.

Phoenix Zodiarts: (In a girls voice) That's right J.D.

Me: That voice!

She reverted back and it was a girl I remember all too well from my childhood. It was Valeria Logan!

Me: Valeria Logan!

Valeria Logan: Good to see you again J.D.

Me: You too Valeria. Wow! You are just as beautiful as ever.

Valeria Logan: I missed you a lot since I moved away.

Me: I can tell.

Nico: You know her?

Me: I sure do. Valeria Logan is one of my Kindergarten Classmates. She has these amazing fire powers and also was born under the Constellation of Phoenix The Firebird like I was. She and I did so much together until she moved away back when we were in Middle School.

Nico: Wow!

Valeria Logan: Yeah and just so you know Gamou is helping out in bringing some of your friends to you by turning us into Zodiarts.

Me: It makes finding you guys easier. And I do love astronomy.

Valeria Logan: Space has always been your favorite.

Me: Yes it has.

Maria: Who else is with you?

Valeria Logan: Just this one.

We saw a black version of Arctiguana come out and it was ANOTHER ARCTIGUANA!

Me: Whoa! Another Arctiguana!

1997 Batman: What's that?

Me: Long story.

Another Arctiguana: (In a girls voice) (Deadpan Voice) I see you are doing good J.D.

Me: I know one person that speaks in that voice. Denise Talbot.

Another Arctiguana: Good to see you again J.D.

Me: You too Denise. You are looking as dark, spooky and gloomy as ever.

Another Arctiguana: Thank you.

Brittney: So you're a goth girl.

Another Arctiguana: That's right and I've been a lover of vampires.

Lucy Loud: I think we'll get along great with you Denise.

Another Arctiguana: Thank you Lucy.

Maria: Whatever Swartz promised you, we can grant it instead.

Me: Yeah and he's dead.

Another Arctiguana: I know he's dead and I was promised to be a master of dark magic but I knew he was lying because the spirits told me he was so I left and turned into this.

Me: Smart thinking there.

Brittney: As a goth girl I can gladly teach you all about the powers of magic of light and darkness.

Another Arctiguana: Thank you Brittney.

Me: Sorry we have to fight like this girls.

Valeria Logan: No worries J.D.

Me: KIBAL LETS HOWL!

I'm just a step away

I'm just a breath away
Losin' my faith today

I am just a man
Not superhuman
(I'm not superhuman)
Someone save me from the hate
It's just another war
Just another family torn

A hero'll save me (just in time)

I need a hero to save my life

I need a hero just in time

Nico danced and fired waves of ice and they hit Phoenix Zodiarts and she exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was back to normal and I caught the Zodiart Switch and purified it and went over to Valeria and picked her up.

Valeria Logan: (GROAN) What a headache!

Me: At least you're okay now.

We went back to the group.

Nico: (activates Skinner's Ridewatch) We're still not done yet!

Nico pulled out a guitar.

Pinkie Pie: (SINGING DIVINELY AND DANCING CRAZILY AS COCONUTS AND TREES SWIRLED AROUND HER)

George, George, George of the Jungle

Strong as he can be

Watch out for that tree

George, George, George of the Jungle

Lives a life that's free

Watch out for that tree

When he gets in a scrape

He makes his escape with help from his friends

An Ape named Ape

And his elephant sheep can fetch a log

He's mans best friend, he's George's dog

George, George, George of the Jungle

Strong as he can be

Watch out for that tree

George, George, George of the Jungle

Friend to you and me

Watch out for that tree

Hear him holler swing and sing

All the animals come to the jungle king

So grab a vine and swing in time

If you smack a tree just pay no mind

Like…

George, George, George of the Jungle

George, George, George of the Jungle

George, George, George of the Jungle
George, George, George of the Jungle
George, George, George of the Jungle
George, George, George of the Jungle
George, George, George of the Jungle
George, George, George of the Jungle
George, George, George of the Jungle
George, George, George of the Jungle
George, George, George of the Jungle
George, George, George of the Jungle
George, George, George of the Jungle
Swing from tree to tree
Watch out for that tree
George, George, George of the Jungle
Lives a life that's free
Watch out for that tree
Lost in the wild was a baby with a smile Named George
Who stayed for quite a while
And George grew up in the trees above
When Ursula found him, they found love
She took him to the city, took him straight downtown
But the concrete bliss brought poor George down

So it's back to the jungle for a wedding in the green

For the king and queen of the animal scene

George, George, George of the Jungle

Strong as he can be

Watch out for that tree

Watch out for that!

Bang! Ooh! Tree!

George, George, George of the Jungle

Watch out for that tree!

She danced and trees smashed onto Another Arctiguana and coconuts pulverized her all over.

Nico: OUCH!

Qin: YIKES!

Maria: That's gotta hurt!

Nico: No kidding!

Another Arctiguana got up.

Me: That must've really hurt.

Another Arctiguana: Yeah it did.

Me: Sorry.

But then a figure came in and it was SHINATO, KING OF A HIGHER PLANE!

Me: WHOA! Shinato, King of A Higher Plane!

Nico: Wow!

Shinato: (In a girls voice) Looks like the fun has just started.

Nico: Sheena Ravencroft!? Wow!

Me: Ravencroft!?

Shannon: Whoa!

She landed and fired waves of light and it hit Another Arctiguana and smashed her down and I caught the Ridewatch and purified it.

Me: Got it.

She reverted back and was a girl with blond hair and blue clothes and had 3 sets of angel wings.

Nico: Awesome.

Sheena Ravencroft: Awesome to see you again Nico.

Nico: Same to you Sheena.

1997 Nora: That was amazing.

Me: It was. Sheena are you related to Ben Ravencroft?

Sheena Ravencroft: Yeah he's my cousin. He and I are both descended from Sarah Ravencroft.

Qin: Wow!

I went over to Denise and she was back to normal and was a girl with black hair and dressed in black clothes. I picked her up.

Denise Talbot: (Groans) What a headache.

Me: You're back to normal now Denise.

I picked her up.

Pinkie Pie: What's your favorite memory of Nico?

Sheena Ravencroft: I have a lot of them. But my favorite was when me and Nico did a report on the Salem Witch Trials and my report was on my ancestor Sarah Ravencroft and how she was one of the most evil witches ever known. We got an A+ on it.

Me: Wow! Sarah Ravencroft was no laughing matter.

Shannon: Yeah and my ancestors the Sanderson Sisters feared her too.

Sheena Ravencroft: Looks like we have a bunch of descendants of witches here.

Nico: We sure do.

Nico and Sheena hugged.

Nico: I've missed you Sheena.

Sheena Ravencroft: Me too Nico.

Pinkie Pie: BEST RESCUE EVER!

Qin: It sure was Pinkie!

1997 Robin: Just one question… how do me, Batman, and Batgirl get home?

Me: Easy. Teleportation.

I snapped my fingers and teleported them back to Wayne Manor.

Me: That was easy.

Qin: Yep.

We had 1997 Gotham City Merge with our Gotham and it was now part of our world. But if any of 1997 Batman's enemies ever come, we'll make sure they all die.

We later went back home.

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, The Samurai Warriors, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, The Demon Slayer Corps, and Piper Willowbrook are heading to Muskegon, Michigan, and not only is Lincoln going to rescue the six girls here, but we're going to destroy The Ancestral Witches and make them pay for all of their crimes against the Magical Dimension.

Lincoln: Wow, we're here in Muskegon, Michigan, and I know what we're going to do here, not only am I going to rescue the six girls here, but we're going to destroy The Ancestral Witches and make them pay for all of their crimes against the Magical Dimension.

Me: That's right, big guy. This is going to be awesome putting an end to those three hags.

Nico: And from what I heard, those three are also the mothers of Valtor and the servants of Lord Darkar. So, they're going to be really pissed now that they know their son and lord were erased by The Black Gates forever.

Lincoln: And they've never treated The Trix like their descendants, in other words, they've had no respect for them at all, so I'm looking forward to killing those three for good after I drain them of their powers. And thanks for joining us, Piper.

Piper: You're welcome, Lincoln, and I'm so looking forward to killing those three witches for good.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of four girls calling for help, along with the sound of cackling in the air. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the four girls, but they've been cornered by The Ancestral Witches, and they're going to kill them.

Lincoln: Let's get over there at once, guys, I found the four girls, but they've been cornered by The Ancestral Witches, and they're going to kill them.

?: (Girl's voice) (Japanese Accent) Those evil, no-good hags, let's get them.

Suddenly, we saw Genesect, the Legendary Paleozoic Pokémon, appear before us.

Nico: Whoa, that's Genesect, the Legendary Paleozoic Pokémon, awesome.

Lincoln: And I'd recognize that Japanese accent from anywhere, I knew it was you, Emily Giabagu, but we'll talk later, we've got three ancient witches to destroy.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at The Ancestral Witches, and that allowed the four girls to get to safety and in an energy field. When The Ancestral Witches saw us, they were really enraged.

Belladonna: So, the killers of that fool, Valtor, are here?

Liliss: And they're also the killers of our Lord Darkar!

Tharma: And now, we will have our revenge on them, sisters, and we will destroy this world!

Lincoln: That's not going to happen anytime soon, Ancestral Witches, and now, you three are going to pay with your miserable lives.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity

Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Piper Willowbrook, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their weapons, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went after The Ancestral Witches, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit them.

Then, Lincoln fired three red energy blasts and as they hit The Ancestral Witches, Lincoln sucked out and absorbed all of The Ancestral Witches' powers and dark magic, and we made them our own, and when Lincoln was done, The Ancestral Witches were completely powerless, and we fired powerful beams of black energy and we destroyed them and sent them to The Black Gates where they were all erased forever. We cheered wildly as we holster our weapons and powered down.

Lincoln: Alright, we did it, The Ancestral Witches are finally gone for good. (To Emily Giabagu) And it's so good to see you again, Emily Giabagu.

Emily Giabagu reverted back to normal, and she's a beautiful girl with long flowing magenta-colored hair, pink eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful purple angel wings, and she reigned in the power of Genesect, and she's dressed in a sleeveless purple vest, sleeveless dress top, purple skirt, purple pants, purple legwarmers, purple sneakers, and long sleeveless purple trenchcoat with robots and plants on the coattails, and Genesect on the back, and holstered on her back a large Genesect-themed greatsword with Genesect etched on the 7'0" massive, wide, double-edged purple blade, purple angel wings for the crossguard, large purple gem embedded in the rainguard, longer black handle, and a large purple gem surrounded by angel wings for the pommel.

Emily Giabagu: (Japanese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Emily Giabagu and they hugged, and Emily Giabagu was very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his four sets of massive deep sapphire blue angel wings with stars in the feathers and rainbow tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were eleven, and as you can see, I really grew a lot since then.

Emily Giabagu: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and four sets of massive deep sapphire blue angel wings, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Emily Giabagu, she's not only my Guardian Angel from Japan, but also Lincoln's classmate in science. Her last name, Giabagu, means Gear Bug in Japanese. And you're also in for a big surprise: she's the granddaughter of Dr. Light from Mega Man.

CLANG! FWOMP!

My jaw and Nico's hit the pavement when Lincoln told us that.

Nico: Whoa, now that's really awesome.

Me: WOW! I didn't know Dr. Light is your grandfather. That is cool.

Lincoln: You said it, and just like her grandfather, she wants to use science of robotics for the benefit of mankind and she'd stuck with her grandfather's ideals that robots and humans can coexist. It was Emily who introduced me to robotics and I introduced Emily to video games, and since then, Emily and I often play games together, and they even worked together when it came to difficult video games such as Ninja Gaiden.

Nicole: That was one of the most difficult video games ever.

Lincoln: That's right, and this one time, both Emily and I would cosplay, I would cosplay as Cloud Strife and Emily would cosplay as Tifa Lockhart.

Emily Giabagu: (Japanese Accent) Yep, and I still have the picture.

Emily Giabagu took out the photo and we saw Lincoln as Cloud Strife and Emily as Tifa Lockheart.

Nico: Whoa, Linc, you really got into character as Cloud Strife, and the same with Emily as Tifa.

Me: You said it, Nico.

Eli: That is so cool!

Lincoln: Thanks, guys, and this one time, she and I once made a robot named Gear Man, a robot designed to repair any machine, and she even built me a bracelet made of gold and jewels of my favorite color.

Lincoln showed us the bracelet and we saw it merged with his large right gold cuff Bracelet of The Champions of the Universe.

Nico: Awesome craftsmanship, and she knew your favorite color, orange.

Lincoln: She knew my favorite all too well, and to show how grateful I was, I made Emily a beautiful jewel encrusted hairband and I kissed Emily on the lips.

Luna: I saw the whole thing, and it was really sweet, dude.

Nico: That's really awesome.

Lincoln: And there's a reason why Lisa's not here: Emily really hates Lisa with a burning passion, plus she outright hated Dr. Wily for all the terrible things he has done.

Emily Giabagu: (Japanese Accent) That's right, I can never forgive Dr. Wily for the terrible things he's done long ago, and I hated Lisa for an incident she was involved in long ago.

We gasped.

Lori: We still remember that day all too well, and Emily will give you the full details about it later.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Emily Giabagu's neck with purple gems on the gold thunderbolt links and purple crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Emily Giabagu: (Japanese Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal

Love and an Elemental Thunderbird Choker of Eternal Love, which means you're part of my harem and one of my many future wives, Emily.

Emily Giabagu had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Emily Giabagu's waist and Emily Giabagu wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the five girls, and when Lincoln saw them, he recognized them immediately. The five girls are Ran Sagajo from Kunoichi Torimonochou, Neiru Aonuma, Rika Kawai, and Ai Ooto from Wonder Egg Priority, Rami Nana-Hikari from Keio Flying Squadron, and Himiko Yamatai from Keio Flying Squadron 2.

Lincoln: Oh wow, it's Ran Sagajo from Kunoichi Torimonochou, Neiru Aonuma, Rika Kawai, and Ai Ooto from Wonder Egg Priority, Rami Nana-Hikari from Keio Flying Squadron, and Himiko Yamatai from Keio Flying Squadron 2.

Nico: Awesome.

Lincoln: Are you girls okay?

Ran Sagajo: Yes, we're okay, thanks to you.

Then, when Ren Sagajo and the other four girls saw who it was that saved them from The Ancestral Witches, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Ran Sagajo: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones went up to the girls, and they hugged their waists in their

abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Ran Sagajo: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, five Thunderbird Necklaces of Eternal Love appeared on the necks of Ran Sagajo, Neiru Aonuma, Rika Kawai, Ai Ooto, Rami Nana-Hikari, and Himiko Yamatai with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villains we went after were The Ancestral Witches.

But, when Lincoln showed what we did to those hags, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Emily Giabagu have a lot of catching up to do, now that she's back in town. And at long last, The Ancestral Witches are gone for good and they're never coming back. Just then, we saw Icy, Darcy, and Stormy come in.

Lincoln: Icy, Darcy, Stormy.

Icy: Lincoln, was it all true that you said that The Ancestral Witches never treated us like their descendants?

Darcy: And they had absolutely no respect for us at all?

Lincoln: Yes, it's true. I saw what they did, they never treated you three with respect at all, even if you're their descendants, they used you, Darcy, and Stormy as nothing more than pawns, Icy, and once you've done their dirty work, they weren't going to let you three live any longer.

This reached The Trix: everything they've done for The Ancestral

Witches, Valtor, and Lord Darkar has been nothing more than for their own ends, and they've been treated as nothing more than pawns in their schemes. Eventually, the three witches went up to Lincoln and he hugged them and finally, tears fell from their eyes.

Bloom: So, they found out the real truth about The Ancestral Witches, and Lincoln did them a favor by ending The Ancestral Witches forever.

Me: Yep, and in the same way I did for Vypra when I sent Queen Bansheera to The Black Gates for all eternity.

Emily Giabagu: (Japanese Accent) Icy, Darcy, and Stormy were forgiven by you guys last year, and Lincoln did them a huge favor by getting rid of The Ancestral Witches.

Me: Don't forget we also sent Lord Darkar and Valtor to The Black Gates forever as well.

Just then, Lisa came in and when Emily Giabagu saw her, she glared at Lisa and Lisa's face turned very pale.

Emily Giabagu: (Japanese Accent) Lisa Loud, I can never forget what you did so long ago, but I'm going to look past it, now that Lincoln told me that the evil heartless monster in you was destroyed for good.

Lisa breathed a sigh of relief, but we were in for a big story later.

Nico: Uh oh.

Me: Yep, we're in for a huge story later.

---

After getting rid of The Ancestral Witches for good, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Emily Giabagu saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Emily Giabagu: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Emily, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Emily Giabagu: (Japanese Accent) That's incredible.

Nico: It sure is. So, Ramona, what's the story on why you really hate Lisa with a burning passion?

Emily Giabagu: (Japanese Accent) You're not going to like it one bit. One day, Lincoln and I were at my home and in my room's robotics laboratory, and we were doing some upgrades to our robot, Gear Man. But, then, Gear Man's security sensors activated and he found a microscopic spy bug. We then captured and analyzed it, and we found out who it was that sent the spy bug: it was Lisa Loud, she was trying to spy on us so she can get her hands on Gear Man and turn him into a weapon of mass destruction and she was also set on killing me and Lincoln as well once she's turned Gear Man into a weapon of mass destruction. That's when I saw Lincoln's eyes turn from deep sapphire blue to blood red, his vampire fangs grew longer, and his nails grew into claws: Lisa's heartless scheme has caused the vampire in him to emerge. We went down to The Loud House, and we were going to tell Lisa off for what she did. Lincoln broke the door down and Lisa saw us, and she sent her robots to kill us and capture Gear Man, but Lincoln used a virus that I created and it infected her robots and put them under our control, and they seized her. We told everyone of what Lisa did, and they were mad, and I told her that she was no different from Dr. Wily and her archenemy, Ophelia Shroud. This got her so mad, she swore up and down that she would kill me and Lincoln and she'd get her hands on Gear Man and turn him into a weapon of mass destruction and kill her pathetic family and everyone in the world, and before the Loud Parents could ground Lisa, I had her thrown in a mental hospital for two weeks.

We gasped.

Nico: Whoa. That's some punishment.

Me: Normally, that would be going too far, but Lisa deserved it.

Lincoln: You got that right, and ever since then, she'd hated Lisa with a burning passion, and Emily hit the mark when she compared her to Dr. Wily and our hated archenemy, Ophelia Shroud, and it'd take time for me to even forgive her.

Luan: And it's true, Lincoln was really mad at Lisa's heartlessness and that scheme of hers crossed it big time.

Me: Whoa! But Emily, Gear Man is amazing. Wow not even spy bugs can escape his sensors.

Emily Giabagu: (Japanese Accent) He sure is.

Dr. Light: And I must say Emily that you have learned so much from me and my work. I'm really proud of you.

Emily Giabagu: (Japanese Accent) Thanks grandpa.

We got a shower afterwards, and then, Lincoln, his harem, and his kids are heading to Night Carnival in Sonic's world.

Lincoln: Alright, everyone, are we ready?

Paige: We're ready, Linky.

Lincoln, his harem, and his kids left the World Tree Estate, and they arrived at Night Carnival, a neon-lit metropolis with a carnival taking place at the same time.

Ronnie Anne: Whoa, so this is Night Carnival, really awesome.

Lincoln: An awesome neon-lit metropolis with a carnival also taking place at the same time, perfect before Musa's special mission later on today.

Lincoln, his harem, and his kids head on in and they began going on the rides there at the carnival and they also played some games and won some prizes, and then, they had lunch there in the area. Then, Lincoln made clones of himself and they went up to the girls in his harem, and they wrapped their abnormally massive and powerful muscular arms around the girls and the girls wrapped their arms around the thick muscular necks of Lincoln and his clones, and then, they shared a romantic kiss and the kids cheered, and then, the gang came back home.

Nico: Hey, Lincoln, how was your family fun time?

Lincoln: It was awesome, Nico, we went to Night Carnival in Sonic's World and we had a ton of fun there.

Ronnie Anne: We sure did.

Mollie: And we're also ready for Musa's special mission today, and we're going to really rock the house down.

Me: You bet we are.

---

Later we were over in the park relaxing.

Me: Ahh this is awesome.

Daiki: Hey, Soji. You and Nokama are up for bonding time.

Soji: Awesome!

Nokama: Cool!

Sunny Starscout gave us all smoothies.

Me: Oh thanks Sunny.

We took them and slurped them.

Me: (Slurps) Ahh. So refreshing.

Camie: Boy you said it.

Nokama: Soji, I will never regret meeting you.

Soji: Me neither Nokama. It's so awesome.

Me: The Zecters you guys use are so cool.

Qin: Boy they sure are. I think it's really awesome that you guys fought Worms like those.

Aylene C.: Yeah it sure is.

Wendy Marvel: Some people might think of you as an asshole. But us? We know you're a good person.

Me: That's for sure Soji. And if anyone insults your grandmother then they just fucking dug their own grave.

Soji: You got that right.

Hiyori: And he is the most awesome big brother ever.

Lola: I'm glad you think that Hiyori.

Eli: Yeah and your wings make you look like an awesome fairy too.

Hiyori: That is awesome huh.

Maria: Rest assured that we didn't kill ALL the worms. Others are in the Masters of Evil.

Hiyori: I know that but it's good they are.

Me: Yeah that is still awesome though that they are.

Qin: But lets not forget that the battle with Worms and Insects has been going on ever since the Devonian Period. Insects were on the planet first since 479 million years ago and Worms came later at 209 million years ago.

Me: I know. Since the early Ordovician Period.

Nico: That is so awesome.

Soji: Wow so awesome.

Hiyori: It sure is. I can't believe that my former people were that evil.

Nico: No kidding there.

Cutthroat: (to Nico) Boss, on the day we fully recruited Soji and his team, you and the others were on the verge of making a really hard choice.

Nico: I know. That was nuts.

Qin: But like we said, sometimes there will be times where heroes have to make hard decisions we don't like.

Nico: Yep.

Me: I agree there.

Eli: Yeah. (Senses Something) Whoa we got company.

Then we saw a figure coming and out came CYGNUS ZODIARTS! But it was another one.

Me: Another Cygnus Zodiarts!?

Cygnus Zodiarts 2: (In a girls voice) Don't worry J.D. I'm not in the M.O.E.

Me: I know that voice.

It reverted back and it was a girl with black hair and had black clothes and white angel wings.

Me: Melanie Cygnus! I had a feeling you would be a Zodiarts.

Melanie Cygnus: Awesome to see you again J.D.

Me: You too Black Swan.

Nico: Black Swan?

Me: It's my nickname I gave her. She is a friend from school and I went to her ballet for Swan Lake by Tchaikovsky. She danced so gracefully and beautifully and she was also given the role of the Black Swan so I gave her that as her nickname. Plus she has the symbol for Cygnus the Swan on her arm so it's how I gave it to her.

Melanie Cygnus: That's right and I love it.

Me: It was so awesome.

Qin: That is awesome.

Nico: We'll let you handle this while Soji and Nokama talk.

Me: Okay. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON!

Melanie Cygnus: Wow that is cool!

Me: Learned lots of things from many adventures.

Melanie Cygnus: I can see that.

She turned into Cygnus Zodiarts 2!

We took the fight away from everyone as we danced.

Nico: Before anyone thinks that I enjoyed considering my original decision and that I had made it lightly, you're wrong. Letting Penelope die wouldn't have been the same as killing her.

And I was going to make it to keep us and everyone else safe from her.

Eli: You're right on that Nico. Even though Penelope did some horrible things in the past J.D. did go with his heart and get through to her and helped her realize what a monster she was and that she needed true friendship and not just with popularity and high class lifestyle.

Twilight Sparkle: J.D. made the right decision on that and I'm really proud of him.

Nico: He did make the right call there.

I dodged Cygnus Zodiart 2's strike and she danced around.

Me: Wow! You are still just as graceful as ever Melanie.

Cygnus Zodiart 2: So are you J.D. You dance with amazing grace too.

Me: Had lots of great practice.

I fired waves of blue fire and smashed her down and she exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down and I caught the Switch and purified it and I went and picked her up.

Melanie Cygnus: (Groans) What a headache.

Me: You're all right Melanie.

I took her over and Varie looked her over.

Tracks: Nico, I for one am glad you made the right choice in saving Penelope's life. Because letting someone redeemeable die isn't who you are.

Nico: Thanks Tracks. But J.D. deserves some of the credit for going with his heart on that one.

Me: You guys talking about that decision that saved Penelope's life?

Nico: Yep.

Me: I'm glad you gave me some of the credit.

Nico: You went with your heart J.D. So did Diamond Tiara. She knew the kind of things Penelope was going through too.

Diamond Tiara: It's true. I once thought just like her as well.

Pacifica Northwest: So did I.

Brittney: So did Brittany Wong.

Qin: Lots of rich people.

Me: Yep.

Melanie Cygnus: That's amazing that you guys went through all that.

Me: I know.

Lincoln: (sighs) Although Penelope DID have the nerve to compare Sarah to her father. And us threatening her was used as video footage by Albedo's former teammates to help them almost win against us.

Me: That was low but believe it or not I looked into Sarah's eyes as we were talking and I noticed a really dark past.

Nico: Really?

Me: Yeah. Penelope was brutally abused by her mother and her dad was powerless to stop her because he threatened him and abused him too. She was lashing out her hatred and superiority out on everyone because of her mother.

Spoiled Rich: My goodness! Just like how I was.

Qin: Wow! But J.D. why didn't you tell us this?

Me: I forgot about it until now.

Joe Swanson: I'll be sure to have her mother arrested for this after we get some info from Penelope.

Me: Thanks Joe.

William: And let's not forget about Albedo's former buddies using her being threatened by us as video footage to almost pull a win over us.

Me: Yeah no kidding.

Nico: But at least we destroyed that footage.

Eli: Good riddance.

Venom: (grumbles) We really wanted to have her as a snack!

Me: With that poison in her she wouldn't taste very good.

Venom: Good point. But we were referring to that time we threatened her.

Me: Sorry.

Nico: Yeah but at least Penelope is on the road to redemption.

Qin: That's true.

Hiyori: I'm glad she is.

Nico's watch then beeped!

Nico: Whoa man we got to get ready!

Musa: Time for my big mission.

We got our instruments ready.

Indigo Zap: We ready to go?

Luna Loud: (to Miko Nakadi) Got your guitar, dude?

Miko: Long as you got yours.

Luna: Always do dude.

We got our instruments.

Twilight Sparkle: Instruments, Check. Band Members?

Me, Rainbow Dash, Pinkie Pie, Fluttershy, Sunset Shimmer, Applejack, Rarity, Starlight Glimmer and Trixie Lulamoon: CHECK!

Nico: We're ready.

Me: Yep. It's gonna be so awesome for us to jam.

Roller Brawl: You got that right guys.

Then Tchang Zu, Firebrand, Man Boy, Femme Fetale, Trapster, Kangor, Saix, Spot, Larxene, and Electro appeared.

Tchang Zu: Can me, Firebrand, Man Boy, Femme Fetale, Trapster, Kangor, Saix, Spot, Larxene, and Electro go with you guys?

Nico: Yes you all sure can. It's gonna be a rip roaring concert for all of us.

Qin: Yeah it is!

Amethyst: WOOHOO! ROAD TRIP!

Nico: YEAH!

Tricloid: Nico, which Gene Slammer do you think you'll meet next?

Nico: This one I'm gonna be interested in but I'm hoping to do one for a Naljian next.

Me: Whoa! The interdimensional race.

Qin: Wow!

Camie: What is a Naljian?

Shanan: Naljian's are interdimensional aliens. Naljians are tall, thin, semi-humanoids made of bright-white light that appear to have an aura of fiery blue flames around them. Their bodies are a pure white outside of a pattern of blue lines on their torsos.

Shanan showed a picture of what one looks like and it was amazing.

Camie: Whoa! That is incredible.

Me: Yeah it sure is. And lets not forget that Ben and us encountered a device from one of them.

Nico: That was intense.

Me: Yeah and it was awesome seeing it too.

Kevin Levin: I'll never forget that.

Nico: Yep. Lets head on out.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was in the vision: the figure was none other than Tritannus, another old enemy of The Winx Club, and he wants revenge on The Winx Club for ruining his plans. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and Bloom, you and the others aren't going to like this one bit: the dark energy signal I sensed belongs to Tritannus, another old enemy of The Winx Club, and he wants revenge on you all for ruining his plans.

The Winx Club gasped in shock.

Layla (Winx Club): Tritannus is back, I thought we dealt with him long ago.

Nico: Bloom, what can you and the others tell us about Tritannus?

Bloom: Trust me, Nico, you're not going to like him one bit.

Bloom and The Winx Club decided to tell us about Tritannus, and we're not going to like him one bit.

# Tritannus

Tritannus is an antagonist in Winx Club. He is the main antagonist of Season 5 and a major antagonist in the Winx Club movie The Mystery of the Abyss, he was once a normal Triton. He is the son of King Neptune and Queen Ligea, the brother of Prince Nereus and Tressa and Cousin of Aisha.

## Appearance

Tritannus looks almost identical to his twin brother, having long hair, fair skin, a muscular body and a long snake-like tail. He he has yellow eyes, a green dorsal fin, scales, and dark purple hair. He wears a red crested gem and an arm bracelet on both his forearms. He has a symbol on his head composed of lines and dots. This symbol was the reason why Aisha recognized him in his monster form. Tritannus transforms into his monster form by feeding off pollutants like oil and trash. In his monster form, he is larger than in his Triton form. His upper body has a reptilian appearance with red eyes, purple lips, and green skin. His tail grows larger and he loses some hair. His teeth become very sharp.

## Personality

Tritannus is shown to be extremely envious of his brother Nereus, whom their father chose to be the crown prince, and the citizens of Andros, who liked Nereus more than him. In jail, he met the Trix and became good friends with Icy. Both of them seemed to understand each other, and developed a romantic interest in one another. Not to mention, Icy seems to be the only one so far whom Tritannus genuinely cares for. Tritannus is also willing to do anything to help Icy, and she would do the same.

Aisha described him as a "psycho". He is very obsessed with his thirst for revenge against his family. His thirst for revenge is so strong that he was even willing to turn his own family into mutant monsters who serve him. He also lacks remorse, stating his only regret is not destroying his family when he had his chance.

He is extremely cruel, since he turned his own family into mutants, and used Ligea and Nereus, who were turned into mutants, to attack

Neptune and Tressa before turning them into mutants as well. He even used his mutated family as a shield against the Winx, telling them that they will have to destroy his, and Aisha's, family before destroying him in their first battle in the Infinite Ocean. He appears to be somewhat naive toward Icy and is easily angered. He enjoyed absorbing toxins as they sustained his monster form. When he decided to become even more powerful, he became obsessed with finding more oil and toxic chemicals.

Biography

Season 5

In "The Spill", Tritannus is introduced as the cousin of Aisha and as the son of King Neptune and Queen Ligea as well as the brother of Tressa and Nereus. His father was going to choose Nereus to become the crown prince and the future king. Tritannus, who was absent from the coronation, "having made his choice" according to his father, tried to assassinate his brother during the ceremony, but was defeated by his father who sent him to the Prison of Andros. While he was in prison, he met the Trix who were also in captivity.

In "The Rise of Tritannus", an explosion occurred near Gardenia that caused an oil spill which reached the cell of Tritannus, turning him into a gigantic mutant monster and he, together with the Trix, escaped from prison and stole the powers of the Selkies of Andros and of Earth, vowing to hunt down all the gatekeepers and to steal the powers of each of them so as to be able to enter the Infinite Ocean. He then restored the powers of the Trix, which had been taken from them, but when he used up all the pollution he absorbed in restoring their powers, he lost his monster form and the powers he obtained from it.

He then went to Gardenia to absorb more toxins to become stronger and regain his monster form. The Trix then sensed magic and found out that the Winx had brought magic back to Earth. Tritannus ordered his mutants to destroy the Winx. The Winx defeated the mutants and followed them, resulting in Bloom, Stella, and Musa facing the Trix in an aerial battle above the sea, and Aisha, Flora, and Tecna facing Tritannus and his minions in an underwater battle, with Aisha fighting her cousin face-to-face.

In "Return to Alfea", after Icy told Tritannus they did not have enough power to defeat the Winx, Tritannus enhances the Trix' powers.

In " The Sirenix Book", Tritannus learned from Icy that the Winx were searching for Sirenix. He went along with his minions to his former home to learn more about Sirenix when he ran into his brother Nereus and his mother Ligea. Nereus tries to convince his brother that he was once a good person, but Tritannus transformed him into a mutant. He then forced his mother to disclose to him all she knew about Sirenix after threatening to kill his brother. When his mother did not completely satisfy Tritannus' thirst for information, only telling him that the last person to hold it was a fairy called "Daphne", he transforms her into a mutant as well. He later contacted Icy, telling her about his plan to hunt down Daphne, and she tells Tritannus where they can find Daphne.

In " The Power of Harmonix", he is seen polluting the Labyrinth of the Abysses in the waters of Andros.

In "The Shimmering Shells", Tritannus enters the Ocean Gate of Solaria by absorbing Illiris's powers. When he mutated a jellyfish, he returned to his original form, as he ran out of toxic pollution. He then returned to Earth in order to get more pollution. The Trix, with the power of Darcy, who had already arrived on Earth per Tritannus' request, hypnotized the workers and ordered them to drop oil cans into the water so that Tritannus could absorb it. When that amount of pollution did not fully satisfy Tritannus, Icy ordered one of them to open a pipe which released a huge amount of oil that into the ocean that Tritannus absorbed, which restored him to his full power. Satisfied, he returned to Andros.

In "Secret of the Ruby Reef", Tritannus reaches his father's palace and contacts Icy, telling her that he is going to invade the it. He succeeds in mutating King Neptune, his guards, and Tressa into mutants and takes Nissa's powers, which granted him the power to enter Magix' oceans. He also absorbed the power of King Neptune's Sword, which made him even stronger, giving him the ability to see the Royal Family of Andros wherever they may be. Upon seeing Aisha in Melody on the Sirenix Quest, he travels to Melody by taking Sonna's powers and tries to turn Aisha into a monster, but turns

Musa into one instead as she jumped in front of his spell. He then travels to Lake Roccaluce and kidnaps Daphne in order to learn more about Sirenix.

In "The Gem of Empathy", Tritannus travels to Zenith by absorbing the Gatekeeper Lithia's powers and turns the guards of Data Bridge Castle into mutants.

In "Trix Tricks", Tritannus is seen with the Trix interrogating Daphne, and orders the Trix to annihlate Bloom in order to get Daphne to talk. Tritannus absorbs Desiryee's the Gatekeeper of Linphea's Oceans, powers, entering the oceans of Linphea, and poisons the Flower of the Depths.

In "Test of Courage", Tritannus still tries to force Daphne into talking, unsuccessfully. Icy then remembers that it is the day of Domino's renewal ceremony and that Daphne's parents, Oritel and Marion, would be easy targets there. Daphne is shocked and Tritannus sends the Trix to imprison them while he goes to hunt down Serena, the Domino Gatekeeper, and the last Selkie he needs to enter the Infinite Ocean. He goes to Domino and absorbs Serena's powers. He also made a trip to the Yellow Reef of Domino to poison its corals. Upon Tritannus showing Daphne that Icy had frozen Oritel and Marion, he gets Daphne to tell him the secret of Sirenix.

In "Sirenix", upon learning from Daphne that her Sirenix powers are bound to the Source of Sirenix in Lake Roccaluce, Tritannus goes to Lake Roccaluce and weakens the source so to be able to strip Daphne of her Sirenix. Weakening the Source of Sirenix causes the lake to dry up. He leaves an oil monster to guard the underwater cave and tries to return to the Trix and Daphne, but the selkies stop him and they engage in battle, which Bloom, Stella, and Aisha soon take part in. Bloom demands to know where Daphne is being held captive, but she is then forced to leave Tritannus and save the lake, allowing Tritannus to flee. Back at his hideout, Tritannus absorbs Daphne's Sirenix, which he then enchants part of with his pollution and gives it to the Trix. Tritannus enters the Infinite Ocean along with the Trix, mutants, and the captive Daphne. There, he vows to destroy the Winx for good.

In "The Emperor's Throne", Tritannus tries to activate the Emperor's

Throne, but is unable to do so and tries to damage the Throne with his trident, but it attacks him and drains him of his powers, and he has to refuel on Earth, using the toxins from a garbage island. The Winx, investigating the garbage island, find Tritannus and the Trix who fled to the Infinite Ocean. After a short fight with the Winx, Tritannus shows his mutated family and tells the Winx that in order to destroy him they will have to destroy his, and Aisha's, family as well. He then swims away with the Trix and his mutated family.

In "The Pillar of Light", upon learning that a leg of the Throne is broken, Tritannus comes up with the idea to steal the seals from the Pillars of the Infinite Ocean to replace the leg. After stealing the seal from the Pillar of Light, the entire Magic Dimension grows dim due to a solar eclipse onset by the Pillar's destabilization. Stella becomes worried, for without the energy of the sun, her father, King Radius, would die. After a brief visit to Solaria, the Winx confront the Trix and Tritannus in the Infinite Ocean in an attempt to restore the Pillar of Light. Upon Icy taking a hit for Tritannus, he becomes angered and promises the Winx he would get them back for hurting her.

In "The Eclipse", Tritannus vows that he will not let anyone hurt Icy again, by bringing the entire Magic Dimension down one pillar at a time.

In the "Faraway Reflections", Tritannus and Icy talk about their dream to rule the Infinite Ocean together as Emperor and Empress, respectively. After placing the seal from the Pillar of Light onto the Throne, it shocks him, reverting him into his Triton form, forcing him to refuel on Earth, where people are cleaning up the garbage island. Tritannus refuels and creates a garbage monster to attack the people, who are saved due to the intervention of the Winx. The Selkies of Earth try to stop Tritannus from entering the Infinite Ocean, only to be subdued by a spell he casts on them. The Selkies are freed by the Winx as Tritannus and the Trix escape.

In "The Devourer", Tritannus possesses a Devourer that was attacking Icy. He commands it to attack the Selkies and flees with the Trix to the Pillar of Balance to steal the seal.

In "The Singing Whales", Tritannus steals the seal from the Pillar of Balance, throwing the entire Magic Dimension into chaos. The Winx ambush Tritannus but Darcy and Stormy, who left Tritannus and Icy earlier, had arrived in the Infinite Ocean with the newly possessed Singing Whales of Melody.

In "The Problems of Love", thanks to the distraction set by Darcy and Stormy, Tritannus escapes once again with a seal from the Pillar of Balance. Tritannus' powers are once again weakened by the Emperor's Throne after placing the second seal.

In "Listen to Your Heart", Tritannus and the Trix head to the Pillar of Control. Upon arriving to the Pillar, Tritannus becomes enraged, seeing as the Winx had destroyed the seal he was after. In a fit of anger. Tritannus stabs the Pillar, sending the Magic Dimension into chaos once again.

In "The Shark's Eye", Tritannus thinks that Politea, Daphne's old friend who was also a Sirenix fairy, holds enough power to activate the Emperor's Throne. He sends Icy to strip Politea of her powers, but she fails because Darcy and Stormy got to Politea's Lair before Icy and absorbed all of her powers.

In "Saving Paradise Bay", Trittanus attacks Earth again, using a factory to create polluted rain. He gets a lot more powerful, but the Specialists, Zenith's Techno Droids, and Tritons attack him, forcing him to return to the Emperor's Throne.

In "Battle for the Infinite Ocean", Trittanus sends his mutants to attack the Pillar of Light to draw the Winx out. Once the Winx arrive, Tressa uses the Breath of the Ocean to summon all the Selkies of the Magic Dimension to fight Tritannus' mutant army. Tritannus fights with Nereus and manages to fatally wound him, but Aisha ambushes him and Icy with a pile of rocks and restores Nereus with her Sirenix wish. Tritannus recovers and captures Aisha. In lieu of a third seal, he needed the power a fairy who had mastered Sirenix to power the Emperor's Throne, Aisha. Bloom and Nereus go after him, but Tritannus swims away too quickly. He places Aisha in the cell under the Throne with Daphne and finally takes control of the Emperor's Throne, powering himself up. However, the power of the Throne possesses him and attempts to attack Icy, who is protected by Darcy and Stormy who came in at the last minute. Icy breaks up with Tritannus, and after a failed attempt at defeating Tritannus, the

Trix are cast from the Infinite Ocean. Bloom and Nereus finally catch up with Tritannus and began fighting.

In "The End of Tritannus", Nereus manages to throw Tritannus' trident away from him and Bloom destroys it, causing Tritannus to lose the power given to him by the Emperor's Throne, reverting him to his Triton form. All of his mutants turn back to normal as well and the flood he sent to Andros reverts. Tritannus is brought to Andros for his trial, and as punishment for his crimes against the entire Magic Dimension is banished to Oblivion. The Winx watch as Tritannus enters the underwater portal to Oblivion.

The Mystery of the Abyss

Politea and the Trix free Tritannus from Oblivion so that they can get the Pearl of the Deep because only the Emperor of the Infinite Ocean (Tritannus) can touch it. In the end, Tritannus is betrayed by the Trix and defeated by Politea, who controlled him. After the defeat of Politea, Tritannus is once again banished to Oblivion.

When they were finished, we were shocked.

Nico: This guy's a monster, and he's even worse than The Mermaids of the Dark Side of The Legend.

Me: You said it. But, either way, he needs to be sent to The Black Gates.

Lincoln: From what you told us, Tritannus can transform into his monster form and get stronger by absorbing toxins from trash and pollution, so it makes sense that only clean water and fresh air can weaken him to an extreme degree.

Nico: Looks like you've got a plan in place for that monster, Linc.

Lincoln: Yep, but I'll figure out the rest from there.

Nico: You're right, alright, gang, let's go, it's time to meet the crew of Class of 3000.

Lincoln: We're in for one awesome musical adventure with them, and you better be ready for later on, Tritannus, because we're coming for you, and you're going to pay for all of your treacherous deeds, you monster!

Me: In your own blood!

We were off to Atlanta.

We arrived at Atlanta.

Man Boy: Here we are.

Me: Yep. This is gonna be so awesome.

We went into the school and we were walking to the class of Sunny Bridges.

Andy Johnson: Oh it was no problem guys.

Me: That's right. We forgot about that. That was cool.

Qin: Yep.

We arrived.

Me: Here we are.

Nico: Lets make this an awesome music themed entrance.

We got ready.

Sunny Bridges: All right lets take it from the…

We slid in on a rainbow with magic and darkness and we landed and elemental music notes and rainbow music swirled around us and an explosion went off and we bowed.

Me: WHAT'S UP CLASS OF SUNNY BRIDGES! TEAM LOUD PHOENIX STORM IS IN THE HOUSE!

Everyone cheered wildly for all of us!

Sunny Bridges: THAT WAS A GNARLY ENTRANCE!

Me: Rock on guys!

Trapster: Was that an entrance or what?!

Nico: Yeah!

Tamika: YEAH!

Musa: Awesome to see you all again!

Sunny Bridges: Same to you guys.

Qin: Yeah.

Laney: It's awesome that we're going to help you guys out.

Mushi: We want to thank you guys for helping us against Chef Skinner.

Tamika: It was nothing.

Kim Chin: That was so awesome.

Qin: It sure was. We owe you big time.

Nico: Yeah we sure do.

Rainbow Dash: That was so awesome and great.

Bloom: You bet it was!

Sunny Bridges: Really good guys.

Tamika: We were so excited for you all to come.

Musa: Boy we can see that.

Fi Philips: You guys are in for a great show.

Bonnie Terrez: And we have some great songs to put on for you guys.

Me: You're going to love them too.

Poromon got out 3 beer bottles.

Sunny Bridges: What are those?

Poromon: 3 bottles of beer!

Magma: That's still not enough for all of them.

Me: Some of them are not old enough for that Poromon.

I then pulled out a cooler and gave them root beer.

Sunny Bridges: Root Beer is much better.

Tamika: Hey thanks.

They took some and I opened the bottles for them.

Me: And Poromon you should know better than to give kids like Sunny Bridges class beer at their ages.

Poromon: Sorry.

Electro: Now, which song's first?

Nico: First will be We Are One by 12 Stones.

Sunny Bridges: Awesome choice!

Nico: And I'm going to sing that one first.

Me: Go for it.

Nico stood ready and then the song played.

(WE ARE ONE BY 12 STONES PLAYS)

Nico: (SINGING DIVINELY)

We walk alone

In the unknown

We live to win another victory

We are the young

Dying sons

We live to change the face of history, so be afraid

It's the price we pay

The only easy day was yesterday

So hear our voice

We have a choice

It's time to face it

We are one

We are one

We are one

We will stand together

Number one

Number one

The chosen ones

We are one

We are one

We will fight forever

We are one and we won't tire

We are the bold

United souls

We live to win another victory

Our sacred scars

Show who we are

And tell the story of our memories

Don't be afraid

It's the price we pay

The only easy day was yesterday

So hear our voice

We have a choice

It's time to face it

We are one

We are one

We are one
We will stand together
Number one
Number one
The chosen ones
We are one
We are one
We will fight forever
We are one and we won't tire
We walk alone
In the unknown
We live to win another victory
Our sacred scars
Show who we are
It's time to face it
Face it
It's time to face it

We are one
We are one
We will stand together
Number one

Number one

The chosen ones

We are one

We are one

We will fight forever

We are one and we won't tire

We are one

We are one

Yeah

Number one

Number one

And we won't tire

We are one

We are one

Yeah

Number one

Number one

And we won't tire

We saw the soldiers of battle going all over and then when it was done we cheered wildly!

Qin: YEAH!

Kairi Yano: Wow! That was awesome Eli!

Zillus Zox: Next song?

Natilee: I got one. It's a Celtic Song that I like called The Fields of Athenry.

Sunny Bridges: Good choice.

Me: Yeah.

Natilee got ready.

(THE FIELDS OF ATHENRY BY THE DUBLINERS PLAYS)

Natilee: (SINGING DIVINELY)

By a lonely prison wall

I heard a young girl calling

"Michael, they have taken you away

For you stole Trevelyan's corn

So the young might see the morn

Now a prison ship lies waiting in the bay"

Low lie the fields of Athenry

Where once we watched the small free birds fly

Our love was on the wing we had dreams and songs to sing

It's so lonely 'round the fields of Athenry

By a lonely prison wall

I heard a young man calling

"Nothing matters, Mary, when you're free

Against the famine and the crown

I rebelled, they cut me down

Now you must raise our child with dignity"

Low lie the fields of Athenry

Where once we watched the small free birds fly

Our love was on the wing we had dreams and songs to sing

It's so lonely 'round the fields of Athenry

By a lonely harbour wall

She watched the last star falling

As that prison ship sailed out against the sky

For she lived in hope and pray

For her love in Botany Bay

It's so lonely 'round the fields of Athenry

Low lie the fields of Athenry

Where once we watched the small free birds fly

Our love was on the wing we had dreams and songs to sing

It's so lonely 'round the fields of Athenry

The scenery of Ireland was shown and it was amazing and when it was done we cheered wildly for her.

Tamika: WOW! That was awesome!

Nico: Yeah it was!

Camie: Ooh! I got one. It's You'll See by Madonna.

Me: That's one of my favorites.

Nico: Nice choice.

Camie got ready.

(YOU'LL SEE BY MADONNA PLAYS)

Camie: (SINGING DIVINELY)

You think that I can't live without your love?

You'll see

You think I can't go on another day?

You think I have nothing

Without you by my side?

You'll see, somehow, someway

You think that I can never laugh again?

You'll see

You think that you've destroyed my faith in love?

You think after all you've done

I'll never find my way back home?

You'll see, somehow, someday

All by myself

I don't need anyone at all

I know I'll survive

I know I'll stay alive

All on my own

I don't need anyone this time

It will be mine

No one can take it from me

You'll see

You think that you are strong? But you are weak

You'll see

It takes more strength to cry, admit defeat

I have truth on my side

You only have deceit

You'll see, somehow, someday

All by myself

I don't need anyone at all

I know I'll survive

I know I'll stay alive

I'll stand on my own

I won't need anyone this time

Marinette: That's a great idea!

Me: Go for it Marinette.

Marinette and Adrien went up to the stage.

Marinette: (SINGING DIVINELY)

In the daytime, I'm Marinette

Just a normal girl with a normal life

But there's something about me that no one knows yet

Cause I have a secret

Another day, I'm back at school

I think about him, he's so cool

He looks at me, I look away

But does he see me anyway?

He´s got me spinning around

My feet are off the ground

And when the sun goes down
That's when I become
Miraculous! Simply the best!
Up to the test when things go wrong!
Miraculous, the luckiest!
The power of love, always so strong!
Adrien:
I am a cat, just chilling out
But in the night, she's all I think about
I feel so strong when she's around
She picks me up when I am down
Marinette and Adrien:

Oh no, you'll never know

My love can only grow

And when I see her smile

That's when she becomes

Marinette:

Miraculous, simply the best

Up to the test when things go wrong

Miraculous, the luckiest

The power of love, always so strong!

Marinette and Adrien:

Marinette and Adrien:

Nico: WOOHOO! Way to go you two!

Spot: Next should be Ben's theme song. But in rock version!

Qin: Awesome idea!

Rainbow Dash: Let the Rainbooms do that one.

Me: Lets do it!

We went up and got to playing.

(BEN 10 THEME SONG (ROCK AND ROLL VERSION PLAYS)

Me and the Rainbooms: (SINGING DIVINELY)

It started when an alien device did what it did

And stuck it's self upon his wrist with secrets that it hid

Now he's got super powers

He's no ordinary kid

He's Ben 10

(Ben 10)

So if you see him you might be in for a big surprise

He'll turn into an alien before your very eyes

He's slimy, creepy, fast, and strong

He's every shape and size

He's Ben 10

(Ben 10)

With all powers he's on the case

Fighting off evil from Earth or space

He'll never stop till he makes them pay

'Cause he's the baddest kid to ever save the day

Ben 10!

Allie went up.

(RAIN BY MADONNA PLAYS)

Allie Wilde: (SINGING DIVINELY)

I feel it…

It's coming…

Rain

Feel it on my finger tips

Hear it on my window pane

Your love's coming down like

Rain

Wash away my sorrow

Take away my pain

Your love's coming down like

Rain

When your lips are burning mine

And you take the time to tell me how you feel

When you listen to my words

And I know you've heard, I know it's real

Rain is what the thunder brings

For the first time I can hear my heart sing

Call me a fool but I know I'm not

I'm gonna stand out here on the mountain top

'Til I feel your

Rain

Feel it on my finger tips

Hear it on my window pane

Your love's coming down like

Rain

Wash away my sorrow

Take away my pain

Your love's coming down like

Rain

When you looked into my eyes

And you said goodbye could you see my tears?

When I turned the other way

Did you hear me say

I'd wait for all the dark clouds bursting in a perfect sky?

You promised me when you said goodbye

That you'd return when the storm was done

And now I'll wait for the light, I'll wait for the sun

'Til I feel your

Rain

Feel it on my finger tips

Hear it on my window pane

Your love's coming down like

Rain

Wash away my sorrow

Take away my pain

Your love's coming down like…

Here comes the sun! Here comes the sun

And I say, never go away

Waiting is the hardest thing

(It's strange)

I tell myself that if I believe in you

(I feel like I've known you before)

In dream of you

(And I want to understand you)

With all my heart and all my soul

(More and more and more)

That by sheer force of will

(When I'm with you)

I will raise you from the ground

(I feel like a magical child)

And without a sound, you'll appear

(Everything strange)

And surrender to me, to love

(Everything wild)

Rain is what the thunder brings

For the first time I can hear my heart sing

Call me a fool but I know I'm not

I'm gonna stand out here on the mountain top

'Til I feel your

Rain

I feel it, it's coming

Your love's coming down like

Rain

I feel it, it's coming

Your love's coming down like

Rain

Feel it on my finger tips

Hear it on my window pane

Your love's coming down like

Rain

Wash away my sorrow

Take away my pain

Your love's coming down like

Rain

I feel it, it's coming

Your love's coming down like

Rain

I feel it, it's coming

Your love's coming down like

Rain

I'll stand out on the mountain top

Until I hear you call

Nico: Ooh gothic and cool.

Lola: Yeah.

Brittney went up.

(IT'S THE FEAR BY WITHIN TEMPTATION PLAYS)

Brittney: (Singing Divinely as darkness swirls around her)

It waits for the day I will let it out.

To give it a reason, to give its might.

I fear who I am becoming,

I feel that I am losing the struggle within.

I can no longer restrain it,

my strength it is fading,

I have to give in.

It's the fear

Fear of the dark
It's growing inside of me,
that one day will come to life.
Have to save
To save my beloved,
there is no escape,
because my faith is horror and doom.
Hold down your head now,
just let me pass by.
Don't feed my fear,
if you don't want it out.
I fear who I am becoming,
I feel that I am losing all beauty within.
I can no longer restrain it,
my strength is fading.
I have to give in.
It's the fear
Fear of the dark
It's growing inside of me,
that one day will come to life.
Have to save
To save my beloved,

there is no escape,

because my faith is horror and doom.

Long ago it came to me

and ever since that day,

infected with its rage

but it ends today.

It's the fear

Fear of the dark

It's growing inside of me,

that one day will come to life.

Have to save

To save my beloved,

there is no escape,

because my faith is horror and doom.

Lily: Yeah we sure did. But he was freezing the entire city of Gotham.

Me: It was a really genius plan.

I told them everything and it was intense.

Po Kong: Wow!

?: Those were some really awesome songs.

A figure came out and it was Pocane Daniro from the Zyuohgers Movie!

---

Pocane Daniro is the enigmatic holder of the Dark Casino. In fact before inheriting that position he was part of Space Outlaws Deathgalien. Pocane Daniro serves as the main antagonist of Doubutsu Sentai Zyuohger Returns: Life Received! The Earth's Monarchs' Decisive Battle!.

He is portrayed by Hayashiya Taihei.

History

Pocane Daniro used to be a member of Space Outlaws Deathgalien under Ginis whom he later got tired of as Ginis only killed for thrill, while Daniro's interest leaned to money. Therefore he deserted and began holding an illegal gambling ring in a Dark Casino where shady figures could put bets on contestants who fought for their pleasure. All while not knowing the true nature of the matches they took place in.

The Zyuohgers soon arrive at his newest match sometime after they defeated Ginis and come to the initial fight between all players in the match. Pocane Daniro introduces himself and only allows the victorious contestants in for the large VS matches. Yamato (Zyuoh Eagle) is disqualified so he teams up with Bud who infiltrates the true nature of these games and they spot Pocane as he turns a petrified man who came to gamble that couldn't pay up into a jewel. With this he could make a hefty profit so when those two figure out he attempts to silence them. Only Bud is turned into a Jewel with Yamato escaping. Tusk (Zyuoh Elephant) and Amu (Zyuoh Tiger) also join Yamato as they formulate a plan to end Pocane's cruelty and bid for more money.

Meanwhile innocents are witnessing what they see as an innocent match while the shady figures are still gambling as Daniro wants. Using Cube Condor those three disguise themselves and our heroes arrive and start gambling to blend in with the rest of the crowd. Later they bet on the Jewels if Mondo Misao their sixth hero wins over

Lilian who Pocane bets their heavily accumulated money on. When Misao starts to beat Lilian fair and square, Pocane starts bending the rules by adjusting the borders and torturing the human. The two rivals still end up in the same place as how it would have with Lillian losing to Misao but the former does not trying to play any trick when this happened. Instead they honorably accept each other. Ultimately this exposes Pocane who runs away.

As a final plan he revives the Deathgalien generals whom are systematically defeated by the Zyuohgers as they also free the people that became Jewels. Together Bud and Yamato become Zyuoh Condor and together defeat Pocaine before they all finish him off with their robo.

---

Me: Whoa! Pocane Daniro! I remember you! Your Blood Game was to do an Illegal Opera and if people didn't pay up you would turn them into jewels!

Pocane Daniro: That's right J.D. Good memory.

Me: That was so awesome awesome that Bud and Yamato turned into Zyuoh Condor and they defeated you with it.

Qin: It sure was cool!

Laney: Yep.

Pocane Daniro: Unlike Ginis, I was never into the whole causing destruction for fun thing. I mostly did things for money.

Me: It still hurt a lot of people though when you turned them into jewels. And Rarity would not like you for doing that.

Rarity: Oh I sure wouldn't darlings.

Me: See?

We got the battles underway.

Tornado Bolt: He is really cool! And her story is awesome too.

---

Emily Giabagu: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Emily, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Emily Giabagu: (Japanese Accent) That's incredible.

Nico: It sure is. So, Ramona, what's the story on why you really hate Lisa with a burning passion?

Emily Giabagu: (Japanese Accent) You're not going to like it one bit. One day, Lincoln and I were at my home and in my room's robotics laboratory, and we were doing some upgrades to our robot, Gear Man. But, then, Gear Man's security sensors activated and he found a microscopic spy bug. We then captured and analyzed it, and we found out who it was that sent the spy bug: it was Lisa Loud, she was trying to spy on us so she can get her hands on Gear Man and turn him into a weapon of mass destruction and she was also set on killing me and Lincoln as well once she's turned Gear Man into a weapon of mass destruction. That's when I saw Lincoln's eyes turn from deep sapphire blue to blood red, his vampire fangs grew longer, and his nails grew into claws: Lisa's heartless scheme has caused the vampire in him to emerge. We went down to The Loud House, and we were going to tell Lisa off for what she did. Lincoln broke the door down and Lisa saw us, and she sent her robots to kill us and capture Gear Man, but Lincoln used a virus that I created and it infected her robots and put them under our control, and they seized her. We told everyone of what Lisa did, and they were mad, and I told her that she was no different from Dr. Wily and her archenemy, Ophelia Shroud. This got her so mad, she swore up and down that she would kill me and Lincoln and she'd get her hands on Gear Man and turn him into a weapon of mass destruction and kill her pathetic family and everyone in the world, and before the Loud Parents could ground Lisa, I had her thrown in a mental hospital for two weeks.

We gasped.

Nico: Whoa. That's some punishment.

Me: Normally, that would be going too far, but Lisa deserved it.

Lincoln: You got that right, and ever since then, she'd hated Lisa with a burning passion, and Emily hit the mark when she compared her to Dr. Wily and our hated archenemy, Ophelia Shroud, and it'd take time for me to even forgive her.

Luan: And it's true, Lincoln was really mad at Lisa's heartlessness and that scheme of hers crossed it big time.

Me: Whoa! But Emily, Gear Man is amazing. Wow not even spy bugs can escape his sensors.

Emily Giabagu: (Japanese Accent) He sure is.

Dr. Light: And I must say Emily that you have learned so much from me and my work. I'm really proud of you.

Emily Giabagu: (Japanese Accent) Thanks grandpa.

Sunny Bridges was looking for his archenemy and then out came Ayla's Akumatized Villain Persona, LADY WIFI!

Sunny Bridges: Lady WiFi! So the M.O.E. Made villain clones of you guys to be our archenemies?

Lady WiFi: That's right. And it's an honor to meet you Sunny.

Sunny Bridges: You too. Lets dance dog!

Sunny danced and fired waves of fire and smashed her all over the place.

---

## Sunny Bridges & Class VS Stoneheart

---

Sunny and his class were looking for their archenemy and then they heard huge footfalls and then out came Ivan Bruel's Akumatized Villain Persona, STONEHEART!

Tamika: WHOA! That is a big rock!

Stoneheart: The name is Stoneheart. I am Ivan Bruel's Akumatized self.

Sunny Bridges: Wow! So we all get a big golem as our archenemy.

Stoneheart: Good way to put it but yeah. Lets dance dogs!

They fired waves of elements and smashed him down.

---

## Zyuohgers, Megaforce Rangers, Nico, May, Eli, Nunnally, C.C., Laney, Lana, Lola, Lisa and Lily VS Pocane Daniro

---

Pocane Daniro was next.

Nico: This is gonna be good.

Nico teleported and opened his safe and in it was a bunch of weapons called the The Defenders of The World of Music, they're a collection of massive greatswords with a music note etched on the 7'0 massive, wide, double-edged blades, large angel wings for the crossguards, large gems embedded in the rainguards, longer black handles, and large gems surrounded by angel wings for the pommels. Once in hand, they'll get a massive power and energy increase, and there's also blasters included with the swords as well.

Nico teleported back with them.

Zyuohgers: WILD INSTINCT! AWAKEN!

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped and cheered wildly!

Tamika: Wow! You guys are great dancers too!

Sunny Bridges: You sure are.

Me: We've had a lot of practice in it all.

Ruckus: Now, let's go after Big D!

Nico: You read my mind Ruckus.

Firebrand: Where's he usually located?

Eli sensed for him and he found him in an abandoned and condemned radio station.

Eli: He's in an abandoned radio station on the north side of the city.

Sunny Bridges: That's the old Big Joe Studios. It was shut down

years ago.

Me: Well we better get over there and stop him.

Nico: You read my mind. Get ready Big D! (EYES GLOW RED) Team Loud Phoenix Storm is revoking your radio contract!

We were off!

---

We were flying and then Diabolico appeared.

Maria: Thanks for coming, Diabolico.

Diabolico: Not a problem guys. It's gonna be awesome giving Big D nightmares forever.

Me: You bet it will.

We arrived and then Diabolico went in as we hid.

Diabolico stood before BIG D!

Big D: You must be Diabolico. What's a demon like you doing all the way out here?

Diabolico: First of all, I'm only a demon on the outside.

Big D: Really? Well then what makes you on the inside?

Diabolico: A messenger for my friends.

Then the spirits of music appeared and then swirled around Big D and then converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above him and a phoenix cry was heard.

Zocks: (Singing) Yo-ho-hoy- yo-ho-hoy- yo-ho-hoy-hoy! Hey! I am a World Pirate. In pursuit of treasure, I go from sea to sea! I am a pirate. In pursuit of freedom, I travel from world to world! I'll get my hands on it no matter what! And then I'll get a feeling that's two good! Yo-ho-hoy!

We arrived and landed.

Me: Big D, you are under arrest!

Qin: You're going to prison for a long time.

Big D: Team Loud Phoenix Storm!?

Nico: That's right.

Lil D: And consider this my resignation!

Big D: C'mon, Lil D. Remember all the fun we had together?

Lil D: Fun? You tricked me into giving away my soul!

William: Good thing that wasn't literally.

Sunny Bridges: I actually was onto you from the very beginning!

Me: And your music contract is terminated forever Big D!

Qin: We're taking you in!

Volcana: And it's not going to be pretty!

Big D: Well, if you're not with me, Lil D, then you're against me. Oh, Tenga Warriors!

An army of Tengu Warriors appeared.

Me: Tengu Warriors! Now we're talking!

Nico: Who's hungry for fried chicken!?

Nico fired waves of fire and burned them into fried chickens!

Nico: YEAH!

Nico ate one and it was delicious!

Nico: (Slurps) Deliicious!

Me: That is a first. We'll have them saved for dinner later.

I fired waves of fire and blasted them into roast chickens!

The Tengu Warriors jumped Sunny and class.

Sunny Bridges and his class lay defeated at the hands of the Tenga Warriors.

Big D: (to Sunny Bridges) Everything would've gone smoothly the first time if it wasn't for you. I guess that means I'll have to kill you here and now!

POW!

I punched him down.

2003 Mikey: (punches a Tengu Warrior) Oh, man! What do we do?!

Musa got an idea.

Musa: Everyone in the audience! Lend Sunny and his class your strength! They get stronger with your support! When I give the signal, share your energy with Sunny and his class! Okay? Ready… go!

Everyone in the audience began sharing their energy with Sunny and his class. And soon, Sunny found the strength to get up.

Sunny Bridges: Sorry, Big D. But you're not killing me anytime soon!

Sunny Bridges then grabbed a Tengu Warrior and slammed it to the ground.

SMASH!

Big D: WHAT!? NO!

I leg swept Big D and kicked him in the back and kicked him into the wall with incredible force.

Sunny Bridges: Thanks for the help, everyone.

Lil D: I didn't know we'd be this popular.

Madison: Neither did I.

Tamika: Well, I'm not complaining.

Eddie: Neither am I.

Kim Chin: (to Kam) Ready to finish this, bro?

Kam Chin: You bet I am!

Suddenly, Musa's dark blue eyes turned neon dark blue, and she was surrounded by a pink energy aura with magic, soundwaves, fairies, and phoenixes, she then unholstered her massive Destroyer of The Trix sword from her back, and as she approached Big D, she left pink energy, fairies, magic, soundwaves, and phoenixes with every step.

Musa: You really make me sick, Big D, you're nothing but a total disgrace to the world of music, and now, it's time for me to put a stop to your schemes once and for all.

Suddenly, Musa was surrounded by a massive vortex of pink energy with soundwaves, magic, fairies, and phoenixes surrounding it, there's a fairy flying around the vortex, and inside the vortex is a dark blue phoenix. Then, as the vortex faded, Musa emerged, but she was changed forever.

Layla (Winx Club): Speak of The Devil, and The Devil shall appear. You can come out now, Tritannus, you psycho!

A figure in a pool of water came out, and it was none other than another old enemy of the Winx Club, Tritannus, and he was out for revenge.

Layla (Winx Club): Tritannus, I should've known you'd show up.

Tritannus: You made a big mistake in not killing me, you pathetic fairies, and now, I shall finally kill all of you, and then, I shall return to my former home and destroy my entire family!

Musa: Alright, that's it, I've had it up to hear with you to last an eternity, Tritannus.

Suddenly, Musa's dark blue eyes turned neon dark blue, and she was surrounded by a pink energy aura with magic, soundwaves, fairies, and phoenixes, she then unholstered her massive Melody's Guardian Fairy Broadsword of Soundwave Melodic Love from her back, and as she approached Tritannus, she left pink energy, fairies, magic, soundwaves, and phoenixes with every step.

Musa: You just don't even know when to quit, do you, Tritannus? You've caused nothing but trouble for both Layla's family, your own family, and all of us for the last time, and you're right, we made a big mistake of not finishing you off, but now, we're going to to correct that… by destroying you once and for all!

Suddenly, Musa was surrounded by a massive vortex of pink energy with soundwaves, magic, fairies, and phoenixes surrounding it, there's a fairy flying around the vortex, and inside the vortex is a dark blue phoenix. Then, as the vortex faded, Musa emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Musa grew from 6'5" to 6'11" in height, she has the body of a goddess, she has pink highlights in the bangs of her long dark blue hair, she has neon dark blue eyes and a pink energy aura with magic, soundwaves, fairies, and phoenixes surrounding her, she has a phoenix with the Sound Kanji in its claws emblazoned on her forehead, she has on fairy earrings with pink gems for eyes and the Sound and Eternity Kanjis in its hands and her Crystal Necklace of The Buddha with pink gems on the gold music note-shaped links and pink crystal links and pink fairy-shaped Element of Harmony and below it is a phoenix holding the Sound and Eternity Kanjis in its claws for the pendant, she has on a sleeveless pink blouse, pink midriff top with phoenix on it, pink skirt with soundwaves on them, pink pants, pink high heels, and a long sleeveless pink trenchcoat with soundwaves, fairies, and phoenixes on the coattails and on the back is a fairy with a music note above its head. Musa has on pink weighted bands with silver phoenixes on her biceps and thighs. Suddenly, Musa felt a sharp pain on her back, and then, her massive dark blue angel wings with pink tips above her fairy wings, grew much bigger for her new body. Musa has on a Ring of The Phoenix with pink gem and heart-shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Suddenly, Musa's massive Melody's Guardian Fairy Broadsword of Soundwave Melodic Love was surrounded in a kaleidoscope of pink energy, magic, phoenixes, fairies, and soundwaves, and when it emerged, it was transformed into Melody's Guardian Fairy Greatsword of Soundwave Melodic Love, it's a brand-new large greatsword with the symbol of Melody and the anti-Trix symbol etched on the 7'0" massive, wide, double-edged pink blade, large pink fairy wings for the crossguard, large pink gem embedded in the rainguard, longer purple handle, and large pink gem with surrounding angel wings for the pommel, she has on her new Bracelets of the Champions of The Universe with large pink gems on her wrists, Belt of Elemental Bravery with gold phoenix head with pink gems for eyes and large red gem in its mouth for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. Musa has transformed into SUPER ANGEL ETERNITY INFINITY WINX MELODIC MAGICAL SOUNDWAVE ANGEL OF DIVINE MELODIC SOUNDWAVE JUSTICE AND DIVINE MELODY FAIRY

LOVE!

We were amazed by Musa's Super Angel Eternity Infinity transformation, and when Riven saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Tritannus saw it, he fell into a vindictive and homicidal rage, and he transformed into his Monster Form and tried to kill Musa, but Musa dodged his attack and she fired a powerful pink energy blast with soundwaves, magic, fairies, and phoenixes, and it hits him and sent him flying into a wall, but he wasn't out, in fact, it made him even more madder than ever.

Nico: Wow, Musa's transformed, awesome!

Me: And now, the fight's about to begin, and it's one that'll be the end of Tritannus for good.

Musa: (Divine Echoing Cosmic Voice of The Melodious Soundwave Fairy and Divine Soundwave Love) **That's right. Now, to finally put an end to you for good, Tritannus.**

Musa went after Tritannus, and she fired powerful blasts of pink energy, magic, fairies, phoenixes, and soundwaves at Tritannus, and they exploded with incredible power as they hit him. Then, she attacked him with her massive new greatsword, and she left painful scars on him. Tritannus tried to attack yet again, but Musa kept on dodging his attacks, but this was part of Lincoln's plan. She fired a wave of sound so loud, it caused Tritannus to cover his ears in pain, and that allowed Lincoln to fire a powerful blast of water and wind, which cleansed Tritannus of the toxins and it caused him to revert to his normal form, but he wasn't safe for long as Musa fired a pink energy blade which pierced him in his black heart, and it exploded with incredible power killing him, and as his spirit appeared, Musa drew a kanji on his forehead and he was erased by The Black Gates forever. We cheered wildly for what Musa did as she holstered her massive new greatsword on her back and powered down, and Musa's new body, clothes, weapons, jewelry, and massive angel and fairy wings are permanent.

Just then, Riven went up to Musa and they hugged and they shared a kiss and we all cheered for them.

Nico: Alright, now that's what I call one awesome battle of music, and we put a stop to Big D and his name in the music industry is now mud.

Me: You got that right, and we also got rid of another enemy of The Winx Club.

Layla (Winx Club): That monster had it coming for a long time.

Lincoln: Yep, and now, tomorrow is Sunset Shimmer's special mission.

Sunset Shimmer: The day when we meet Ratchet and Clank, and take down Dr. Nefarious for good, it's going to be one awesome out-of-this-world adventure, and of course, after this, there's the day that we're also getting ready for.

Lincoln: Yeah, the return of The Doomsday 23.

Sunny Bridges: What? But, I thought you guys destroyed them last year.

Musa: We did, but according to an ancient prophecy from Equestria, The Champions of Harmony have been chosen, and of course, this also means that The Doomsday 23 are going to return.

Lincoln: And we can blame The Church of Necrom for that one. After we sent them to The Black Gates, they had a big contingency plan set: and that contingency plan is the resurrection of The Doomsday 23.

Nico: Yep, but we were made aware of their return, and we also recruited The Champions of Harmony and we trained them in everything we know.

Emily Magica: And we're now ready for the day of The Doomsday 23's return from the dead, and this will be the last time we ever have to deal with them.

Starlight Glimmer: And it'll end with the confrontation with Evil Starlight Glimmer, who's also been brought back by Damian Alaister.

Lincoln: Those 23 harbingers of disharmony are going to pay for their crimes infinite-fold, and we'll make sure that the last revenge of The Church of Necrom is foiled for good.

Me: You got that right, Lincoln.

Big O was taken away to prison.

Heat Wave: Big D's made his last song.

Anti Wanda: He'll have plenty of time to make more in jail!

Rex Goodwin: This was a very musical adventure.

Raven Branwen: Of course it was.

Me: One of the most awesome adventure.

Roxy Rocket: To close out this adventure, let's do the Final Countdown by Europe.

Me: Good idea.

(THE FINAL COUNTDOWN BY EUROPE PLAYS)

Me: (SINGING DIVINELY AS FIREWORKS SWIRL AROUND ME)

We're leavin' together

But still it's farewell

And maybe we'll come back

To Earth, who can tell?

I guess there is no one to blame

We're leaving ground (leaving ground)

Will things ever be the same again?

It's the final countdown

The final countdown

Oh

We're headin' for Venus (Venus)

And still we stand tall

'Cause maybe they've seen us

And welcome us all, yeah

With so many light years to go

And things to be found (to be found)

I'm sure that we all miss her so

It's the final countdown

The final countdown

Yeah

We danced all over and fireworks swirled around us and we cheered wildly.

Nico: YEAH! That was so awesome! Great job today everyone. Now it's time for Sunset Shimmer's Ambassador Mission tomorrow.

Sunset Shimmer: I'm so looking forward to all this.

Qin: Yeah we all are Sunset.

Twilight Sparkle: When your mission is done Sunset all the Mane 10 will have officially done their missions.

Lola: That is gonna be so awesome!

Nico: You bet it is! And it will be awesome to see Ratchet and Clank again.

Eli: It sure will.

Qin: I can't wait to see them.

Sunset Shimmer: Me too!

Sunny Bridges: (To the viewers) This was a musical adventure worth remembering. Hope you liked rocking out to this one.

Me: We all did.

Camie: Yep.

Nico: But great job today everyone. Lets head home and get ready for tomorrow.

We went back home and enjoyed ther est of the day and went to sleep.

Meanwhile on the distant planet of Veldin, Ratchet and Clank and his friends were getting ready for our arrival and we were in for a really awesome adventure.

Ratchet: It's going to be awesome helping out with Team Loud Phoenix Storm.

Rivet: And it'll be amazing as we have Sunset Shimmer with us helping out too.

Clank: It most sure will.

Ratchet: Yeah. All right it's time for some buttkicking!

They locked and loaded their weapons and were ready for action and they went at the screen.

TO BE CONTINUED!

Me: It'll be good to see Madam President Stasny again.

Sunset Shimmer: That is so awesome that you know the president of the Czech Republic J.D.

Me: So much has happened to me over the years Sunset.

Qin: It's gonna be awesome to help Jonny and Jessie out. I wonder what they called us for.

Rocket Raccoon: We'll find out when we get there. It must be something important.

Laney: Maybe.

Nataša Marečková: (Czech Accent) It's good to be going back home.

Nico: Thanks for coming with me, Rocket.

Rocket Raccoon: Hey no problem Nico. It's gonna be awesome to go after some bad guys on one of your rescues.

Lana: It's always fun.

Brittney: And the best part is that we're going to Prague, one of my favorite cities in the world.

Me: It's a Gothic Paradise.

Lucy Loud: I love Prague.

Nico: Rocket, I think you're the only one who can understand Groot.

Rocket Raccoon: Yeah but Groot is so cool.

Me: He sure is.

Camie: What kind of creature is Groot?

Me: He's what's called a Flora Colossi and they come from the Planet X.

Tsuyu: Planet X? I thought that planet was just a myth.

Me: That's what people say but many people think it's really real just like planet 9.

Nico: Yeah.

Rocket Raccoon: Yeah that's true.

Zocks: That is so cool.

Me: Groot is awesome. But he only says I am Groot. Rocket understands him really well though.

Rocket Raccoon: Yeah that is awesome. He and I have been very close before and after we became the Guardians of the Galaxy.

Lola: That is so awesome.

Nico: And despite you being a bit rough on others, you truly are a good friend.

Rocket Raccoon: That is true and awesome.

Nico: Yes it is.

Lily: And you are an awesome teammate for the Guardians.

Nico: That's for sure.

Brittney: We're here.

We arrived in Prague in the Czech Republic.

Me: Welcome to Prague.

Nico: As beautiful as ever.

Qin: Yep.

Camie: What an awesome city.

Me: And it has history that dates back to 8th Century A.D.

Nicole: Yep it sure does.

Nataša Marečková: Ah it's good to be back home after so long.

Sirius: It's beautiful.

We went into the palace and we found Jonny and Jessie and President Stasny.

President Stasny: (Czech Accent) Ah J.D. Knudson and Team Loud

Phoenix Storm welcome.

Me: Good to see you again Madam President.

Nico: And it's truly an honor.

President Stasny: You too everyone.

Jonny Quest: Glad you guys could make it.

Me: We wouldn't miss this for the world Jonny.

Nico: We sung lots of songs yesterday.

Jonny Quest: That's what I heard. That was awesome.

Jessie Bannon: Yeah.

Nico: It sure was.

Me: So what's been going on?

Jonny Quest: Would you believe we got a ghost running around?

Brittney: A Ghost? Wait I sense a spirit here.

Lucy Loud: Gasp. I feel it.

Haiku: I feel it.

Nataša Marečková: The Czech Republic has been known for being one of the big supernatural hotspots in the world.

Me: First tell us what went down.

Jonny told us that a ghost appeared and attacked Milos Duncek the Descendant of Franz Duncek and something involved it and Milos.

Qin: Whoa man. So we need to find out what this ghost wants with Milos.

Nicole: Whatever it is it can't be good.

Jessie Bannon: Did Jonny find anything?

Me: Lets find out.

Jonny Quest: Maybe.

He rolled up some plans and showed a hologram of some of the catacombs.

Jonny Quest: There's some old passageways under the ballroom floor. In fact the whole palace was built over ancient catacombs.

President Stasny: This place has been constantly remodeled over the centuries.

Nataša Marečková: The Czech Republic has tons of history that dates back to 1300 years ago.

Nicole: That is amazing though.

President Stasny pressed a button on a bookcase.

President Stasny: There are nooks and secret passages everywhere.

A bookcase opened and revealed a hidden staircase.

Me: Wow.

President Stasny: A hiding place in case of invasion by enemy armies.

Jonny Quest: Or monsters.

Jessie Bannon: Or ghosts.

Brittney: This is gonna be amazing.

Me: Wow. Thank goodness Shaggy and Scooby aren't here. They would be scared out of their minds.

Laney: Yeah those two chickens.

Nico: Yeah.

Jonny Quest: We better get some tools.

Jessie Bannon: And some heavy duty flashlights.

Me: Who needs flashlights when we got our powers.

President Stasny: Don't get lost down there. Benton would never forgive me.

Me: Don't worry Madam President we won't.

We went down and it was a creepy place.

Me: Wow.

Lucy Loud: This is amazing.

Brittney: It sure is.

Qin: Wow. Looks like no one has been here for centuries.

Camie: No kidding.

Nataša Marečková: These catacombs were made over 500 years ago.

Nico: Wow.

Jessie Bannon: Yeah. But this is where the Ghost disappeared.

Jonny Quest: I don't see a thing.

Me: Me neither.

Brittney: But I do sense a ghost here.

Jessie Bannon: Yeah there's no sign of anybody. We must be the first people to set foot down here in years.

Nico: Too bad we didn't get a Grand Zi O Ridewatch yesterday.

Me: I have a feeling we will shortly.

Bandit barked and he went to a door.

Me: What is it Bandit.

Jonny Quest: I think his sixth sense has gone into overdrive.

We followed him to a door.

Jonny turned on the Blueprints.

Jonny Quest: The Blueprints say that used to be a Music Conservatory.

Me: Hmm.

Eli: We better take a look.

Jessie tried to open the door but it was locked.

Jonny Quest: Locked.

Laney: I got this.

Laney used her plant powers and opened the door from the other side.

She opened the door and we went in.

We saw an ancient music conservatory.

Me: Wow!

Jessie Bannon: The blueprints were right. It is the Music Conservatory.

Me: Looks like no one has been in this room for centuries.

Jessie Bannon: Maybe Franz Duncek wrote some of his compositions in here.

Me: It's possible.

Nico: Yeah.

Brittney: I sense that the ghost is in here.

Nataša Marečková: This is amazing that this is down here.

Nico: We really should have more karaoke in the future.

Me: Good idea. But for now lets focus.

BONK!

Me: OW!

Something hit me on the head. I saw that it was a book.

Me: Huh?

I picked up the book and read it and it was all in Czech.

Nico: What is it?

Me: It's a diary and it belonged to Franz Duncek!

Jessie Bannon: Oh wow!

But then Lincoln's Ghost Sense went off and the Ghost appeared and took Jessie!

Me: Oh man!

Nico: Jessie!

Jessie Bannon: JONNY!

Me: HANG ON!

We went after her and we saw the Ghost Bring her to a wall.

Me: Jessie! Are you all right?

Jessie Bannon: Yeah I'm okay.

Jonny Quest: What was that all about?

Me: I think the ghost wanted to show you something.

Eli: I have that feeling too.

Bandit scratched the wall.

Jessie Bannon: Bandit's onto something.

Qin: What do you think it is?

Jessie Bannon: Maybe it's why the ghost brought me here.

We knocked down the wall and to our shock it was the skeletal remains of a dead woman that was hidden right inside the wall!

Eli: Oh dear god!

Me: Oh man.

Nico: She's been dead a long time.

Me: Looks like she was here for centuries.

Jonny Quest: Looks like she was buried alive.

Jessie Bannon: But who is she?

Nataša Marečková: (GASP) I don't believe it! That's the skeletal remains of Anna Kafka. We've been trying to find her for years but we were totally unsuccessful.

Varie: I wonder what happened to her.

Me: Hmm. I wonder.

I looked at the diary that fell onto my head and read it.

Me: (GASP) Guys you are not gonna believe what this diary says.

Jessie Bannon: What does it say?

Me: It says that Franz Duncek was a total fraud.

I revealed that Franz was rich because he took all the credit from the Kafka family. Back all those years ago in the 1700's Franz Duncek was a fraud and lost all his inspiration. Until he met Anna Kafka and she performed beautifully. A woman composer was completely unheard of back in those days and he gave her money and wanted to give her music to the world. Anna wanted her rightful recognition but in the end he murdered her in cold blood! Guilty conscience. Franz was afraid of a huge scandal and he buried Anna in the catacombs where we found her centuries later.

When I was done reading it everyone had mixed feelings of shock and anger!

Nico: I'll fucking put some dirt in his eye.

Me: (Cracks Knuckles) Save seconds for me! But now I see why Anna's spirit was running around. She will not rest until her family gets the rightful recognition that they were denied for after all these years. The Duncek family stole that from them!

Qin: This kind of injustice will not stand!

Nataša Marečková: No it won't.

Brittney: I'll make a coffin.

Brittney made the coffin and Twilight used her magic to lift the body out of the wall and into it.

Me: Sorry Anna but we need your body as evidence to show Franz's latest descendant some hard proof. He has a lot to answer for.

Nico: Yeah. Don't worry Anna. Justice will be swift.

Jessie Bannon: I know where his house is .

We locked and loaded our guns as they clicked.

Nico: Lets do it.

We went to Milos Duncek's home.

We arrived at Milos Duncek's house.

Me: Nice place. It should belong to the Kafka family.

Irina Kafka was with us.

Me: Lets do it.

We went up to the door.

Nico kicked the door down and we went in and Milos and Josef saw us!

GUNS CLICK!

We pointed out guns at him with our laser trackers at them.

Me: Don't even think about it Milos. Put your guns down and put your hands on your heads.

They did so.

Nico: You are under arrest Milos.

Milos: (Czech Accent) On what charges?

Me: Murder and fraud.

Milos Duncek: We haven't killed anyone!

Brittney: Explain this then!

We showed the body of Anna Kafka!

Nico: Things aren't looking good for you.

Jessie Bannon: We know the truth Milos and now we know the reason why Anna Kafka's spirit was out for you. Now I'm sorry I saved you.

President Stasny: But the question is why Milos?

Milos Duncek: Because none of my ancestors came forward to tell the truth. They could not face the shame.

Jonny Quest: You mean they couldn't face the music or give up the money.

Milos Duncek: Yes money is important. We Duncek's have gotten used to a certain lifestyle.

Jessie Bannon: And that Franz Duncek Scholarship was just another way to ease his guilty conscience.

Milos Duncek: We all do what we must.

Jonny Quest: Yeah! She probably kept it from him so that he couldn't rewrite it in his own handwriting. I guess hearing Irina play Anna's sonata and you Duncek's getting all the credit must've finally made her roll over in her grave.

Qin: And because of you and your family, Anna's spirit will not be at rest until the Kafka family gets their rightful recognition that you and your family stole from them over the years!

Me: If the love of all money is the root of all evil then you guys are fine examples of being evil incarnate.

Nataša Marečková: That is right.

Josef: (Czech Republic) Um.. I'm still here, you know.

Me: You are just as guilty Josef because you helped him.

Milos Duncek: What are you gonna do?

Me: What else? Do what we do best and that's arrest you.

We slapped the cuffs on him.

Milos Duncek: How did you guys found out?

Me: I found this when it hit me on my head.

I pulled out Franz's diary!

Milos Duncek: Franz's diary!

Me: Tell it to the judge Milos!

I gave the cops the diary.

Me: Hard evidence sirs. All in here.

They took him away.

Nico: Now to find out who gave you that diary.

Then a Bird of paradise was heard. We saw a beautiful Crescent-caped lophorina Bird of Paradise.

Me: Wow! A Crescent-caped lophorina.

Nataša Marečková: Beautiful bird.

Qin: But we don't get those in the Czech Republic. They are usually found in Western New Guinea, Indonesia.

But then it landed on the street and its eyes glowed and it was enveloped in a swirl of darkness with the constellation of Apus the Bird of Paradise and then it formed into a new Zodiarts. It was THE APUS ZODIARTS!

Nico: WHOA! The Zodiarts of Apus The Bird of Paradies!

Me: A Constellation in the Southern Hemisphere! Whoa!

Apus Zodiarts: (In a Girls voice) I'm glad I helped bring Anna's discrediting people to justice.

She reverted back and it was a girl with black hair and blue eyes and had a black shirt and an aqua blue dress and she had the symbol for Apus the Bird of Paradise on her arm and the constellation of Apus on her skirt. She also had a blue crescent moon in the middle of her forehead.

Me: Wow! Sonnya Polumesyats. It's great to see you.

Sonnya Polumesyats: It's great to see you too J.D.

Me: Wow you are as beautiful as ever.

Nico: How do you know her J.D.?

Me: She is one of my friends from nature class and she loves all nature so much. She loves all life great and small and she has the amazing power to talk to animals and can even sing to them in the most amazing voice. She went all over the world with me and we studied all about all the animals in every part of the world.

Sonnya Polumesyats: Yes those were fun times.

Rocket Raccoon: Um… did you have any part in getting justice for Anna?

Sonnya Polumesyats: Yes I did. I helped give J.D. the diary.

Me: So you dropped it on my head from the shadows.

Sonnya Polumesyats: Yes that's right. I read it because I'm fluent in Czech and know the language. When I read about it I knew it was a matter of time before J.D. and everyone came. So I decided to help him out.

Qin: Wow! We owe you big time for that one.

Rocket Raccoon: That was so awesome.

Sonnya Polumesyats: And you can purify this now J.D.

She held out her Zodiarts Switch and I put my hand on it and purified it and she got a great sword and it was a blue blade.

Sonnya Polumesyats: Wow! That is cool.

Me: Was there anyone else with you Sonnya?

Sonnya Polumesyats: Just her.

A figure came out and it was a Black version of LODESTAR! It was ANOTHER LODESTAR!

Me: WHOA! Another Lodestar!

Qin: Wow!

Another Lodestar: (In a Girls Voice) (Techno Talk) Its been a while J.D.

Me: Gina Calloway! It sure has been a while.

Nico: Wait Gina Calloway as in The Owner of a robotics company that disappeared a while back?

Me: That's her.

Maria: Did Swartz promise you anything?

Another Lodestar: Just that I can be the greatest Robotics Factory Owner ever. But I'm already good at that. I turned that offer down.

Me: That's good you did. Sorry we have to fight like this. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: YEAH!

President Stasny: That is amazing.

Me: Lots of things have happened to us over the years Madam President.

Eli: Yeah they sure have.

Me: Watch this. (ACTIVATE'S VOLPINA'S RIDEWATCH)

I got a flute and I played Fionnula's Tale on it and I danced to Celtic Music and fired waves of green fire and smashed her down.

Nico: That was awesome!

Qin: Yeah!

Sonnya Polumesyats: Wow that was awesome talent.

Nico: (takes out Magneto's Ridewatch) Time to fight magnets with magnets!

Nico activated it and got Magneto's powers and he fired waves of magnetic energy and Another Lodestar did the same and lightning struck all over from the magnetic energy. The blast repelled Another Lodestar!

Me: WHOA! That was powerful!

Eli: Wow! Erik would be proud of you Nico.

Qin: He sure would.

Aylene C.: That was incredible!

President Stasny: Unbelievable.

Me: Yeah that was awesome.

Albedo turned into Negative Lodestar.

Negative Lodestar: My turn!

He fired magnetic energy and held Another Lodestar in place.

But then a flash of light came and then out came a blast of sea foam green fire. Out came a Naljian!

Me: Whoa a Naljian!

Qin: I hope it's not the same Naljian we saw before.

Naljian: (In a Girls Voice) (Latvian Accent) No it's not.

Nico: Nathalia Evenmenshikova! Wow!

Me: Whoa!

She reverted back and she was a girl that had sea foam green hair and was wearing all sea foam green clothes.

Nathalia Evenmenshikova: Good to see you again Nico. I got this for

you.

She fired waves of neon green fire and they hit Another Lodestar and she was down and back to normal and I caught the Ridewatch and purified it and I went over to Gina and helped her. Gina was a blond hair girl with yellow clothes and she had blue eyes.

Gina Calloway: (GROANS) What a terrible headache.

Me: But you're back to normal Gina.

I picked her up.

Rocket Raccoon: Wow that was awesome!

Maria: Boy it sure was.

Nathalia Evenmenshikova: I've waited millions of years to do that with Nico and all of you.

Me: Millions of years?

Nathalia Evenmenshikova: I should explain.

She told us everything. A mad scientists experiment went wrong and when she was six, she was sent back in time to 479 million years ago during the Early Ordovician Period and she got exposed to a meteor that gave her powers like immortality, invincibility and fire powers and even flight and she has all kinds of amazing powers. She is also a Naljian Gene-slammer too. She lived for over 479 million years.

Everyone: WOW!

Me: That's incredible!

Qin: Wow!

Laney: No kidding!

Kaito: You guys couldn't wait for us to use our Gears and Ridewatches?

Nathalia Evenmenshikova: Sorry about that.

Me: I think we have much bigger fish to fry for those.

Nico: Yeah we sure do.

Sonnya Polumesyats: I have a feeling this is gonna be a good one.

Qin: Yeah.

Rocket: What's your favorite memory of Nico?

Nathalia Evenmenshikova: I have very few of them. But my favorite is when me and Nico found a huge pirate treasure cave in the Caribbean.

Qin: That was awesome. I heard about that one.

Nico: Yeah.

Nico and Nathalia hugged.

Nico: I've missed you so much Nathalia.

Nathalia Evenmenshikova: Me too Nico. I have 479 million years of catching up to do.

Nico: Boy that is a lot of catching up.

Me: Boy that is incredible that you were stuck in the past for that long.

Lola: Yeah no kidding.

We later went back home.

Me: You said it, wow.

Lincoln: And I know what we're going to do here, not only am I going to rescue the four girls here, but we're also going to destroy Olivia Voldaren, the vampire aristocrat and progenitor of the Voldaren bloodline of vampires from Magic The Gathering.

Luna: That's right, and I've heard about her all too well, she's a vampire aristocrat who's known for her taste for throwing parties and the nobility of Innistrad were some of her guests, but she's bad to the bone, in fact, one of her most nefarious actions take place when she tries to conquer the plane of Innistrad by uniting the vampire bloodlines under her control.

Me: Yeesh, she sure is bad to the bone.

Nico: And she also toys and tortures her human captives and is a reluctant ally of Sorin Markov.

Lincoln: Those actions are definitely why she needs to go, along with her entire bloodline. And thanks for joining us, Eddy.

Eddy: No problem, Lincoln, I'm looking forward to getting rid of that vampire for good.

Luan: Lincoln's especially going to enjoy killing her, especially if he drains her completely dry of every last drop of blood and absorbs her into his body, like he's done to so many vampires and many other powerful villains.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of four girls calling for help, along with the sound of cruel laughter in the air. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the four girls, but they've been cornered by Olivia Voldaren, and she's going to kill them.

Lincoln: Let's get over there at once, guys, I found the four girls, but they've been cornered by Olivia Voldaren, and she's going to kill them.

?: (Girl's voice) (Japanese Accent) That bloodthirsty, remorseless vampire, let's get her.

Suddenly, we saw the Duel Monster, Rosaria, the Stately Fallen Angel, appear before us.

Nico: Whoa, that's Rosaria, the Stately Fallen Angel, awesome.

Lincoln: And I'd recognize that Japanese accent from anywhere, I knew it was you, Elena Rōzuenjeru, but we'll talk later, we've got a vampire aristocrat to destroy.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Olivia Voldaren, and that allowed the four girls to get away and were in an energy field to protect them from Olivia Voldaren. When Olivia Voldaren saw us, she was surprised but also enraged.

Olivia Voldaren: Team Loud Phoenix Storm, to what do I owe the intrusion?

Lincoln: You know exactly why we're here, Voldaren: to put an end to you and the entire Voldaren bloodline of vampires for good.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity

Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Eddy, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their weapons, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went after Olivia Voldaren, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit her.

Then, Lincoln engaged in a powerful swordfight with Olivia Voldaren, and he kept up with her moves one by one, until he disarmed her and put her in a bear hug, so she couldn't escape. Then, he sank his fangs into her neck and he began sucking out and draining her dry of every last drop of blood, and at the same time, he was absorbing the vampire into his body and he was assimilating all of her powers. Then, as soon as Lincoln was done draining Olivia Voldaren dry of every last drop of blood and absorbing her into his body and assimilating her powers, an energy card with the imprisoned vampire's soul appeared in Lincoln's large left hand, and as soon as the kanji appeared, she was then sent to The Black Gates forever, but it's not just her, all those in the Voldaren bloodline of vampires were also sent to The Black Gates forever. We cheered wildly as we holster our weapons and powered down.

Lincoln: And that's the end of the Voldaren bloodline of vampires forever. (To Elena Rōzuenjeru) And it's so good to see you again, Elena Rōzuenjeru.

Elena Rōzuenjeru reverted back to normal, and she's a beautiful girl with long flowing rose red hair, rose red eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has two sets of massive beautiful black and red angel wings, and she reigned in the power of Rosaria, the Stately Fallen Angel, and she's dressed in a sleeveless open red blouse, short-sleeved red shirt, red skirt, red pants, red legwarmers, red sneakers, and long sleeveless red trenchcoat with fallen angels on the coattails, and Rosaria, the Stately Fallen Angel on the back, and holstered on her back a large Rosaria, the Stately Fallen Angel-themed greatsword with Genesect etched on the 7'0" massive, wide, double-edged red blade, Rosaria, the Stately Fallen Angel's wings for the crossguard, large red gem embedded in the rainguard, longer black handle, and a large red gem surrounded by angel wings for the pommel.

Elena Rōzuenjeru: (Japanese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Elena Rōzuenjeru and they hugged, and Elena Rōzuenjeru was very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his four sets of massive deep sapphire blue angel wings with stars in the feathers and rainbow tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were eleven, and as you can see, I really grew a lot since then.

Elena Rōzuenjeru: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and four sets of massive deep sapphire blue angel wings, that's so awesome.

Nico: Wow, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Elena Rōzuenjeru, she's not only my Guardian Angel from Japan, but she's also my classmate in home economics. Her last name, Rōzuenjeru, means Rose Angel in Japanese. She's a capable gardener, and it was Elena who introduced me to gardening. We planted various fruit trees, but mostly, cherry trees.

Nico: Good thing we sent the Millers to prison for good.

Lincoln: Cherry-hating peach-crazy monsters. Anyways, in addition to cherry trees, we also planted a massive garden of vegetables, and we even planted a massive garden of roses, and I made Elena a beautiful everlasting bouquet of roses, and to reward me for such a bouquet, she kissed me of the lips.

Me: Classic move in a relationship: give the girl a beautiful bouquet of roses, and get a kiss from her on the lips as a reward.

Yuna Kamihara: Yep, and there's also something else: in addition to being a capable gardener, she's also my cousin.

CLANG

My jaw and Nico's dropped.

Me and Nico: Wait, what?!

Yuna Kamihara: That's right, and it's so good to see you again, Elena.

Elena Rōzuenjeru: (Japanese Accent) You too, Yuna.

Lincoln: And it's true, not only that, but she's also a black belt in karate, just like Yuna. And it's also a good thing Lola's not here, because Elena hates Lola with a burning passion.

Nico: Uh oh.

Me: Lola did something to get Elena so mad, she probably used karate on her.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Elena Rōzuenjeru's neck with rose red gems on the gold thunderbolt links and rose red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Elena Rōzuenjeru: (Japanese Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, and just like your cousin, you're part of my harem and one of my many future wives, Elena.

Elena Rōzuenjeru had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Elena Rōzuenjeru's waist and Elena Rōzuenjeru wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the four girls, and when Lincoln saw them, he recognized them immediately. The four girls are Sayoko Tsukinomori, Boukyaku no Senritsu, and Koko Ninna-Nanna from Melody of Oblivion, and Kanbaru Suruga from Hanamonogatari: Suruga Devil.

Lincoln: Oh wow, it's Sayoko Tsukinomori, Boukyaku no Senritsu, and Koko Ninna-Nanna from Melody of Oblivion, and Kanbaru Suruga from Hanamonogatari: Suruga Devil.

Nico: Awesome.

Lincoln: Are you girls okay?

Sayoko Tsukinomori: Yes, we're okay, thanks to you.

Then, when Sayoko Tsukinomori and the other three girls saw who it was that saved them from Olivia Voldaren, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and

Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace, Talisman Cards of The Universe and Talisman Cards of Elemental Harmony on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation and embedded Jewel of Gelel on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, four sets of massive and indestructible deep sapphire blue angel wings with stars and rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long glowing neon orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them and they had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, large blue pants with multicolored lightning bolts on the thighs with the orange kanji on the left leg that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos", and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had nine large multi-colored orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Sayoko Tsukinomori: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made three clones of himself, and he and the three clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Sayoko Tsukinomori: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, four Thunderbird Necklaces of Eternal Love appeared on the necks of Sayoko Tsukinomori, Boukyaku no Senritsu, Koko Ninna-Nanna, and Kanbaru Suruga with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened in Linphea, and they were shocked when they found out the villain was Olivia Voldaren.

But, when Lincoln showed what he did in draining Olivia Voldaren dry of every last drop of blood and absorbing her into his body and sending her to The Black Gates, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Elena Rōzuenjeru have a lot of catching up to do, now that she's back in town.

Just then, Lola came inside, and when she saw Elena Rōzuenjeru, her blood then went cold and Elena Rōzuenjeru glared at her.

Elena Rōzuenjeru: (Japanese Accent) Lola Loud, I cannot forget what you almost did to Lincoln and I so long ago, but I'm going to look past that, now that Lincoln told me that the demonic monster in you is gone for good.

Lola breathed a sigh of relief, but we were in for a big story later on.

Yuna Kamihara: Uh oh, I hate to find out what Lola did to earn my cousin's wrath.

Nico: And we've heard a lot of stories from Lincoln's many Guardian Angels of what Lori, Lynn, Lola, Lisa, or Luan have done to them and Lincoln especially, and it caused them to earn their wrath.

Me: Yeesh, and that book Lincoln made of all the nasty things Lori, Lynn, Lola, Lisa, and Luan have done to him is evidence of that.

---

After getting rid of Olivia Voldaren for good, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Elena Rōzuenjeru saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Elena Rōzuenjeru: (Japanese Accent) (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Elena, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Elena Rōzuenjeru: (Japanese Accent) That's incredible.

Nico: It sure is. So, Elena, what's the story on why you hate Lola with a burning passion?

Elena Rōzuenjeru: (Japanese Accent) You're not going to like this story one bit. One day, Lincoln and I were at the backyard of my house, and we've been tending to the vegetable gardens and they were doing great. But, then, we heard the sound of a shrill scream in the air and we also saw something headed this way, and Lincoln saw just who it was: it was Lola, and she was on another destructive rampage again. She was really furious that Lincoln wasn't at home and forced to do her bidding, but Lincoln told her that he was busy, and he wasn't going to tolerate her blackmailing or forcing him to do her bidding anymore, and politely told her to go home. But, Lola just got extremely angry and she began destroying our vegetable gardens in a fit of extremely violent rage and she even chopped down the cherry trees we planted. This got me so enraged, I used my karate moves on Lola and I gave her the beatdown of her life. Lola got up, but she was now beyond enraged and she was about to kill me, but Lincoln trapped her in a ball of ice and stopped her cold. He called Mr. and Mrs. Loud and told them of what Lola did, and they were horrified and since they saw she had no remorse, Lola got grounded for two months and she was thrown in an isolation cube in the basement. All of our hard work was ruined by that little monster, and ever since that day, I hated Lola with a burning passion.

We were shocked.

Nico: Jeez, I knew Lola was extremely violent, but this, what she did in ruining yours and Lincoln's hard work in those cherry trees and vegetable gardens was going too far.

Me: And it led to Elena developing a burning hatred for Lola.

Lincoln: It would take a very long time for Lola to earn back my trust.

Lori: Lincoln was really mad at her big time for what she did, and he really did question if Lola's just a rotten monster who has no love for any of us at all, and just uses us as her playthings. It got to us badly to see Lincoln like this, and we've done a ton of atrocious things to him.

Lynn: But, we didn't want him to be depressed, so when night fell, we went to Lincoln's room and we decided to help him out by comforting him, and we told him that he was right to stand up to Lola. It was the first time we broke free from those Dark Sides of ours.

Luan: Yeah, and what Lola did, she crossed a big line and she almost got that close to losing Lincoln's trust in not only her, but also, me, Lori, Lynn, and Lisa, because of our Dark Sides. Eventually, Lincoln broke down and cried, but we continued to comfort him, and we spent the night with Lincoln. Here's the picture.

Luan showed us the picture of her, Lori, Lynn, and Lisa with Lincoln in bed, and he was hugging Lori, but we did see tear streaks in his eyes.

Me: Lola really did it this time.

Nico: Yeah, it's great that you, Lori, Lynn, and Lisa were there for Lincoln, but it really hurts to see him like that.

Lori: It literally did.

Lincoln: But, Lori, Lynn, Lisa, and Luan's plan did help, and I did get better.

Luna: It was nice to see those four get a break from those rotten Dark Sides of theirs, dude. But, I was still on the alert on those four and the pageant princess demon.

We then got a shower afterwards, and then, Clyde and his harem were going to head for Gloomy Galleon for a little exploration.

Clyde: Alright, are we ready?

Syd Chang: Ready.

Clyde and his harem left the World Tree Estate, and they arrived in Gloomy Galleon in the world of Donkey Kong.

Chloe (Loud House): Whoa, so this is Gloomy Galleon.

Clyde: Yep, Lincoln and his harem have been here before, and it sure is gloomy. But, the caverns are full of treasure, and if Lincoln and his harem have gotten it before, we can do the same.

Clyde and his harem began exploring Gloomy Galleon's many spooky caverns, and they also got the treasures that lie in the caverns and put them into scrolls, and then, they had lunch outside after they left the caverns. Then, Clyde made clones of himself and they went up to the girls in his harem, and they wrapped their abnormally massive and powerful muscular arms around the girls and the girls wrapped their arms around the thick muscular necks of Clyde and his clones, and then, the gang came back home.

Lincoln: Hey, Clyde, how was your date?

Clyde: It was awesome, we went to Gloomy Galleon.

Lincoln: And I'm going to guess that not only did you explore the caverns, but you also…

Clyde: You guessed it.

Clyde and his harem took out the scrolls, and we then saw the treasure that was inside the caverns.

Nico: Holy guacamole! That's the treasure from Gloomy Galleon. Linc, didn't you and your harem go there?

Lincoln: Yep, and we showed you guys the treasure as well.

Me: Yeah, I still remember that all too well.

Clyde and his harem donated the treasure to a museum and it was put under tight security, just like with Lincoln when he and his harem found the treasure at Gloomy Galleon.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was in the vision: the figure was Celia Fortner, the mystical priestess and main villainess of Castlevania: Dawn of Sorrow, and who tried to awaken "The King of The Night", as in turn Soma Cruz into the new Lord of Darkness and carry on Dracula's reign of terror, and she's coming to get revenge on Soma Cruz for stopping her plans to turn him into the new Dark Lord. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is someone else coming after us today?

Lincoln: You got that right, Nico, and Soma, you're not going to like this one bit: the dark energy signal I sensed belongs to your old enemy, Celia Fortner, the mystical priestess who tried to awaken "The King of The Night", as in turn you into the new Lord of Darkness and carry on Dracula's reign of terror, and she's coming to get revenge on you for stopping her plans to turn you into the new Dark Lord.

Soma Cruz: What, I thought I was rid of her long ago. (Sighs) But, it looks like she refuses to give up on her plan, even after you sent Dracula and his minions to The Black Gates forever, Lincoln.

Nicole: She always bragged about restoring "balance" between light and darkness, which I know is a total lie. Dracula has caused over a thousand years of terror the day that he became a vampire in the year 1094 A.D., and a struggle against evil also began because of it.

Sunset Shimmer: Yeah, if that evil mystic thinks she can get away with trying to turn Soma Cruz into another Dracula, she's going to get burned badly for this.

Lincoln: You said it, Sunset Shimmer.

Nico: Yeah, we destroyed Dracula forever and ended his thousand year hatred against humanity and God, and we're not going to let it be undone by her fanatical desire to turn Soma Cruz into another Dracula.

Me: She's going to get it big time.

Soma Cruz: You said it, Nico. But, how did Celia Fortner come back from the dead? She died when the castle collapsed.

Lincoln: Dark magic must've brought her back from the dead, but the only way to find out how is through her blood.

Nico: Good thinking, Lincoln, you can find out how she came back through sorting through her blood memories. Alright, gang, let's go, it's time to meet Ratchet and Clank. But first we got to recruit Clone Force 99.

Lincoln: And take the fight to Dr. Nefarious.

Sunset Shimmer: We'll send that evil bucket of bolts on his way to The Black Gates forever, and Celia Fortner, you better be ready, because you're going to pay for your crimes in full and for trying to turn Soma Cruz into another Dark Lord, you evil heretic.

* * *

We were later on the planet Yalbec Prime.

Jessie (Pokemon): So, who are these guys again?

Captain Rex: Clone Force 99. Hunter. Wrecker. Echo. And Tech. They'll be joining us on Sunset's big mission.

Me: They were one of the biggest Marauder teams ever to be in the war with the Sith.

Nico: I remember that. That was so awesome.

Eli: And we're also here to kill Savage Opress. I sense that he is here.

We then met Clone Force 99.

Hunter (99): General Skywalker. A pleasure to see you again.

Anakin: You too Hunter. Glad you all are okay and safe again.

Wrecker: Yeah but we are having problems.

Me: Savage Opress right?

Hunter (99): That's right. You're the famous J.D. Knudson and all of Team Loud Phoenix Storm.

Me: It's a pleasure to meet you all in person.

Eli: And it's awesome to see you again.

Echo (99): Little Eli. You've grown so much over the years and we did not expect you to be part of the team now.

Eli: Long story.

Me: Yeah.

Tech: (to Jack Spicer) Would you like to join our team? Especially since your dark side is 2nd in command of the Masters of Evil? We could use a sharpshooter.

Jack Spicer: Don't you have that Crosshair guy?

The expressions of Clone Force 99 turned solemn after hearing that.

Me: Uh oh.

Hunter: When Order 66 was carried out, Crosshair fell victim to it. So we had to put him out of his misery.

Nico: Oh man.

Echo: Please don't pry anymore into that matter. We don't exactly like to talk about it.

Me: I'm sorry guys.

Wrecker: But enough of the sad stuff! Let's welcome Jack into our team! What do you guys say?!

They cheered.

Me: Go on Jack.

Jack Spicer: Sure.

Nico: Now lets go find Opress.

Me: He is going to be wanting some serious revenge on us for destroying all of Dathomir and killing Maul.

Qin: Oh boy.

We went to find him and then we found him in the middle of an area.

Me: There he is.

We went and faced him and then ignited our lightsabers. We were facing SAVAGE OPRESS!

Mystery Incorporated, Rahzar in Teenage Mutant Ninja Turtles, Surtur in Thor: Ragnarok, Edgar Volgud in Atlantis: Milo's Return, General McGuffin in Wander Over Yonder, and Kojak in Recess: School's Out. Immersion in the Dark Side

Savage Opress is one of the tribal men of Dathomir, the Nightbrothers, who were subservient to the Nightsisters. He is an unpredictable warrior and a formidable opponent because of his reckless, impulsive nature and sheer brute force. He and his brother Feral were selected by Dark Jedi Asajj Ventress in a grueling process that pitted nine of the mightiest warriors against each other; Ventress ultimately planned to use them in her plot of revenge against her former master, Count Dooku.

Opress was brought to Mother Talzin, who served as the leader and shaman of the Nightsisters. After examining Opress and sensing the hate and power coursing through his veins, Talzin put him into an enchanted sleep and had him brought to the altar known as the Font. In an ancient ceremony heavily rooted in the dark side of the Force, Talzin and a full coven of her spellcasters bound together, channeling Opress' hatred to transform him into an avatar of primal anger. Subjected to the dark magicks of the Fanged God, Opress was granted greater height and size, a full crown of vestigial horns, and fearsome power: he gained even more brutality, an unmatched ferocity, and heightened physical potential and Force abilities.

In addition, the Nightsisters placed him under their control so that Ventress could dictate his actions via a spell of loyalty. Talzin secretly ensured that he would remain loyal only to her. Sure enough, as darkness entered his mind, he gave his life over to the Sisters.

Bigger and stronger than before, he killed Feral, his own brother, as part of his final test, and later became Count Dooku's apprentice. But in reality, Opress was only pretending to serve him, as he still assists Ventress. He proved himself to be a worthy warrior by killing clones and two Jedi on Devaron. Later on, Dooku trained Savage in the ways of the dark side, making his connection with his hatred stronger. With Savage's first stages of his training completed, Dooku sends him to Toydaria to bring King Katuunko alive, and to kill all who would interfere, Jedi included. The trainee arrived on Toydaria in Dooku's solar sailor, and murdered the Toydarian guards who got in his way. After rendering the Toydarian King unconscious, he turned to leave, but Anakin Skywalker and Obi-Wan Kenobi entered the throne room and fought the mutated Zabrak.

As Katuunko woke up and tried to escape, Savage force choked him and crushed the King's throat, killing him. Opress managed to get away from the two Jedi with the dead king in his hands, destroyed their Jedi shuttle with the Force, and returned to his master with Katuunko's dead body. However, Dooku was infuriated with Opress for killing Katuunko, since the king was of greater use to him alive. Dooku tortured his Sith apprentice with Force lightning, but Ventress persuaded him to let her fight Opress. Ventress reminded Savage of his true loyalties, and he sided with Ventress to kill Dooku. Savage and Ventress fought Dooku with all their might, but as Savage kept on getting struck by Dooku's lightning attacks, Ventress rebuked him as she fought Dooku. Angered at his skills being rejected by both of his "masters", Savage betrayed both Dooku and Ventress by force choking them into a brief submission, broken when the two fled through escape hatches in the floor to persist in their battle elsewhere.

Abruptly Opress was now confronted by Anakin and Obi-Wan once more, as the two had managed to follow him to the dreadnought. However, Dooku, after defeating Ventress and forcing her retreat, commanded his battle droids to kill Opress, deeming him a "traitor." However, Opress barely managed to escape the two Jedi and Dooku's battle droids, making his way to Dathomir in Dooku's stolen solar sailor. After Opress' attempt to kill Dooku, he headed back to Mother Talzin wounded and exhausted, claiming that Ventress had betrayed him. Mother Talzin told Savage to go to the Outer Rim and train with his surviving brother, Darth Maul. Mother Talzin gave Opress an artifact before he left, allowing him to search for his brother.

In the fourth season, Opress eventually found Maul, destitute and suffering from amnesia, on the junk planet Lotho Minor in the Outer Rim. He was told by an alien named Morley of a monster lurking on the planet. Soon Opress' artifact presence began to detect Maul and it became apparent that the monster he heard of was his brother who he finds after a while. At first, Maul is shown insane and has replaced his severed legs with droid legs. Opress' questions causes

Maul to remember all he had suffered under Emperor Palpatine' tutelage, including being cut in half by Kenobi, and he swears revenge on both the Jedi and the Sith.

Returning to Dathomir in the aftermath of the Nightsisters' slaughter by Dooku's forces, Savage takes Maul to have his sanity restored by Talzin's magic. Savage watched Talzin reconstruct Maul's droid legs to more humanoid form. After he awoke, Maul addressed Savage as his brother. Savage then helped Maul extract revenge on Kenobi by luring him into a trap by attacking a small village on Iridonia, knowing that the Jedi will come to assist. However, Ventress' unexpected appearance to collect a bounty placed on Opress thwarts Maul's plan.

Ventress and Kenobi duel Opress and Maul in the cargo bay of Savage's stolen ship but soon realize that they are outmatched and are forced to flee via the cockpit escape vessel.

Opress and Maul continue to appear in the fifth season, trying to create their own criminal syndicate. Needing followers, they travel to Florrum where they manage to convince Weequay pirate Jiro and his crew to join him and betray their leader Hondo Ohnaka. While Maul duels Kenobi, Opress fights Jedi Master Adi Gallia and eventually kills her. After Kenobi cuts Opress' arm off, their ship gets damaged and the brothers escape in an escape pod.

Opress and Maul are later found nearly dead by the Death Watch Mandalorians led by Pre Vizsla. After Vizsla gives Opress a new arm, the Sith Lord brothers set out to get revenge against Kenobi. When Maul offers Vizsla the chance to reclaim Mandalore by creating the criminal syndicate Shadow Collective, one of the unsavory methods to recruit the Black Sun with Savage kill off its previous chain of command. Maul challenged Vizsla to a duel and eventually killed him with the Death Watch leader's own darksaber and then kills Satine Kryze. Later, Emperor Palpatine arrived and fought the two Zabraks brothers in a lightsaber duel, mortally wounding Opress.

With his dying breath, Opress apologized to his brother, saying he was not worthy of being his apprentice. His legacy carries on as Anakin Skywalker manages to defeat Emperor Palpatine for good.

Me: You're not going to win this time Opress.

Savage Opress: You will pay for everything you did to me J.D. You destroyed my home planet and you killed my brother Maul. I will never forgive you for everything you did to me.

Me: Maul brought all that on himself. Especially to what he did to Qui Gon Jinn. Now you will pay for everything you did.

Savage Opress: You won't stop me this time Knudson. Soon the Republic Confederacy will be ashes and I will have my revenge on you for destroying everything I held dear!

He ignited his double bladed red lightsaber.

Anakin: You're deluded Opress. Your hate blinds you.

Savage Opress: We shall see.

Me: Come get some.

We clashed all over with incredible fury and power and more. And then the Clone Force 99 punched him all over and smashed him down.

Savage Opress (laughs evilly): You think you all can kill me with those defective clones?!

Wrecker: I'll show you defective! Time to show you what the Bad Batch can do!

Wrecker charged at Savage and started fighting him with nothing but his bare hands.

William: Bad Batch?

Hunter: (sighs) That's the nickname most of the other clones give us.

Qin: That's silly.

I teleported and kicked Opress and fired Force Lightning at Opress and electrocuted him all over!

Eli fired Force Lightning too and electrocuted him more.

Me: Dooku's not the only one that knows how to use Force Lightning!

Eli: Me and bro are masters of the Light and Dark Sides of the Force.

He was toasted all over the place.

Savage got up.

Savage Opress: You are strong!

As Wrecker and Savage kept duking it out, Tech placed a mine near Savage's position.

Tech: Wrecker! Get clear!

Wrecker jumped out of the way.

Savage: Coward! Come back and-

He was cut off by the mine exploding.

KRABBBBBBOOOOOOOOOOOOOOOOOOOMMMMMM!

Me: Wow!

Kaito: (Gets out Megaranger gear) That won't keep him down for long!

Zocks: (gets out Gingaman) I hope this gear gives me something besides the ability to tame bulls this time.

Kaito got an In Space Sword and Zocks got a Quasar Saber and they slashed him all over.

I fired waves of fire and blasted him all over.

Eli used the Force and blasted Opress all over and Obi Wan then threw numerous rocks at Opress and blasted him all over with them.

Patsy: NOW you guys can use Ridewatches!

Sougo: (takes out Wizard Ridewatch) Finally!

Armor Time! (Drumroll to upbeat music) Please! Wizard!

Geiz (take out Baron Ridewatch): This Ridewatch is perfect for this!

Armor Time! (Baron's Sengoku Driver standby music) Come On! Baron!

Sougo got WizardArmor while Geiz got BaronArmor.

Me: Awesome!

Eli fired Force Fire and blasted Opress down and burned him bad.

Qin: Take that!

Opress: Force Fire!? That's impossible!

Obi Wan: You don't know all about the power of the Dark Side.

Me: Dooku didn't teach you everything after all.

We continued clashing with our lightsabers and I slashed his Lightsaber in half and he threw one half aside and we clashed more.

Echo and Hunter fired at Savage.

They blasted him in the back and he didn't even saw it coming.

Qin: Thought you were aware of your surroundings.

I then kicked him in the face and sent him crashing into the wall.

Spicer fired his blaster at Savage.

The blast went all the way through him and left a huge hole in his chest.

Me: WHOA!

Captain Rex: Nice shot!

Qin: Yeah!

Anakin: That was perfectly executed.

Dirtbag: Let's keep it up!

Me: Time for this monster to join his brother in the fires of oblivion.

Savage Opress: (Weakly) Not if I have anything to say about it!

I then fired a massive and powerful blast of Force Lightning and it incinerated Opress in an instant! He was now charred ashes.

Qin: Take that!

Me: Yeah!

Nico: Savage Opress you have failed this galaxy.

Captain Rex: Yes he has!

Savage Opress appeared as a spirit.

Savage Opress: (chuckles) You fools aren't as bright as you are powerful. I was just a distraction.

Grapple: A distraction? I don't think I like the sound of that.

Me: What do you mean by that Opress?

Qin: Yeah!

Billy Gilbert (sees Sunset's eyes widen): What's wrong, Sunset?

Sunset Shimmer: Oh no.

Cycloid: What is it?

Sunset Shimmer: Ratchet! Clank!

Me: We better get over there fast!

Nico: Right! First this.

Nico gave Opress the black gates and we went to the ship and took off for Ratchet and Clank's home planet fast. We used Faster Than Light travel and we got to the planet Veldin in a heartbeat.

Me: We made it.

Then Po Kong, Stinky Butt, Melter, Touch & Go, Titanium Toenail, Heat Wave, Anti Wanda, Rex Goodwin, Raven Branwen, and Roxy Rocket appeared.

Nico: Whoa! You guys are fast even when we moved with Faster Than Light Travel.

Stinky Butt: we sure are.

Po Kong: Can me, Stinky Butt, Melter, Touch & Go, Titanium Toenail, Heat Wave, Anti Wanda, Rex Goodwin, Raven Branwen, and Roxy Rocket go with you guys?

Nico: You guy sure can. Lets engage the landing.

Glumshanks: Nico, which Gene Slammer do you think you'll meet next?

Nico: How about a gene-slammer for a Gem next?

Me: A Gem? You mean like the ones that Steven Universe knows?

Nico: Yep.

Mary Knudson: Wow that's interesting. We've never done something like that before.

Eli: A Gem Gene-slammer? Is that even possible?

Nico: No idea. But that will be interesting.

We landed on the planet and we saw a huge battle going on!

Stinky Butt: Is that them?

We saw Ratchet, Clank, Rivet and Captain Quark battling numerous robots and soldiers.

Me: That's them!

Qin: Lets go!

Nico: Right!

We went and helped them out.

I fired a massive wave of energy and blasted numerous robots and soldiers apart!

Ratchet: Whoa! You guys arrived just in time!

Sunset Shimmer: Thank goodness you're safe Ratchet!

Ratchet: Thanks sis.

Clang: At least you're all here.

Qin fired waves of fire and blew them apart.

Tengu Man: We never did get to thank you for helping out against the Worms.

Me: Yeah we owe you big for that.

We fired massive waves of energy and blasted the rest of the soldiers and their ships apart.

Ratchet: It was no problem and it was cool helping you guys face your main target.

Me: Well that was because we needed Sunset for the combos. But it was awesome having you help out too.

Clang: Yes it sure was.

We fired waves of fire and blasted the rest of the soldiers away.

Titanium Toenail: We should probably head to your ship.

Me: We'll have your ship brought on board our ship so you can tell us what has been happening.

Nico: That's a good idea.

Ratchet: Okay.

Ratchet, Clank and friends went to their ship and it went on board our ship and we went to space.

Me: That was a close one.

Ratchet: Yeah but thanks for helping us.

Me: Anytime.

Rivet: Yeah that was so awesome.

Air Man: That Omniwrench of yours is really cool.

Me: Boy it sure is.

Ratchet: Thanks. I think it's a really handy tool.

Sunset Shimmer: I was so worried about you Ratchet.

Ratchet: You were sis?

Sunset Shimmer: Yeah.

Me: We had an encounter with a Sith Lord on Yalbec Prime, Savage Opress and he said he was distracting us.

Qin: Yeah.

Ratchet: Wow!

Anti-Wanda: How have ya'll been?

Ratchet: Well we were busy trying to combat the forces of Dr. Nefarious.

Me: So Nefarious has made his move.

Nico: Talk about perfect timing.

Qin: Yeah.

Camie: But at least we got here just in time to help you guys.

Poromon got out 4 beer bottles.

Clank: What are those?

Poromon: 4 bottles of beer!

Thundercracker: You sure there are enough people here?

Me: Yeah also I don't think Clank and Kit can drink though.

Clank: No unfortunately we can't.

Kit: Yeah.

Me: Yeah and I don't think Ratchet likes beer.

Ratchet: No I don't because I don't drink.

Rivet: Yeah me neither.

Poromon: Oh. Darn.

Raven Branwen: Shanan, can you tell us exactly what a Lombax is?

Shanan: I sure can. Lombaxs's are one of the great heroes of the universe.

Shanan told us all about them.

---

Lombaxes are a recurring species in the Ratchet & Clank series, and the species of the main protagonist Ratchet. They are a humanoid, feline-like species of renowned engineers hailing from planet Fastoon in the Polaris Galaxy. They have developed some of the universe's most advanced technology in the form of powerful weaponry and fast spaceships, and have an innate affinity towards machinery. Notable lombax technologies include the half tool, half weapon OmniWrench and Hoverboots.

The lombaxes were once revered as heroes after defeating the cragmites in the Great War. However, a surviving cragmite, Emperor Tachyon, has since banished them from the universe. They are now thought to be a mostly extinct race, and the only lombaxes seen in the series are Ratchet, Angela Cross, and Alister Azimuth. Another lombax from another dimension named Rivet appears in Ratchet & Clank: Rift Apart.

## Pre-Ratchet & Clank

The lombaxes originated from Fastoon in the Polaris Galaxy, and many years ago fought a Great War against the cragmite empire. The Great War at first reached a stalemate, with the Center for Advanced Lombax Research later developing a weapon to break the stalemate and end the war: a powerful device known as the Dimensionator. This allowed the lombaxes to banish the cragmites to another dimension entirely, effectively winning the war by default. For this and many other acts of heroism, they were hailed as saviors by the peoples of Polaris.

Years later, the lombaxes found a single cragmite egg in their Trillium mines. Taking pity on this orphaned refugee, they would hatch and raise the young cragmite, Percival Tachyon, as one of their own on Fastoon. Tachyon grew up to be an inventor of considerable talent who proposed many ideas to lombaxes, light years beyond what they were currently using, including the blueprints for weapons that would be present in his own Drophyd armies later. Most lombaxes, including Kaden, were skeptical of Tachyon's ideas and motives, but Alister Azimuth trusted him, reasoning that Polaris was still a dangerous place and that they would need the help that his inventions could provide. Azimuth later granted him full access to hidden archives containing all the blueprints for some of the most advanced lombax technology; however, Tachyon, after learning about his true origins, became bitter towards the Lombaxes, and betrayed them so that he could build his own army and renew the Cragmite empire.

The lombaxes fought and lost against Tachyon's drophyd armies, eventually being driven back to Fastoon. Within the Court of Azimuth, they used the Dimensionator to flee to their own dimension. Alister Azimuth was exiled for his failures, while Kaden stayed behind with his son to guard the Dimensionator. Kaden then sent Ratchet to the Solana Galaxy, though Tachyon eventually caught up with and killed Kaden.

Ratchet grew up on planet Veldin in the Solana Galaxy, where he left the planet after he met Clank, a robot with a Zoni soul who allowed him to pursue many adventures throughout the universe. In the Bogon Galaxy, Ratchet and Clank met another lombax, Angela Cross, who had worked for Megacorp until it was hijacked by Captain Qwark for his own selfish needs. The three stopped Qwark, and the duo returned to Solana to defeat Dr. Nefarious. Sometime after, Angela Cross traveled with Max Apogee to escape Tachyon's persecution, fleeing to Polaris and later disappearing along with him after escaping the Cerullean Sector.[1]

As part of his plan to become the most intelligent being in the universe, Technomite Emperor Otto Destruct began the creation of an army of Ratchet clones. After his defeat these clones were repurposed as "Battle Ratchets".

Later, Tachyon found Ratchet on the planet Kerwan, destroying the planets capital until he believed Ratchet was killed. Ratchet instead followed Tachyon to the Polaris Galaxy, where he learned the history of his race and found the hidden Dimensionator, located on planet Jasindu. After the Dimensionator switched hands a few times, Tachyon took it for himself and brought the cragmites back into the universe. Ratchet defeated the cragmites, and finally caught up with Tachyon, who told Ratchet of the lombax dimension and offered to allow him to join his race. Ratchet refused, reasoning that Tachyon would not leave the galaxy alone, and instead defeated Tachyon and banished him into another dimension entirely.

Inmates of lombax descent are mentioned to be present in Zordoom Prison.

Ratchet later met Alister Azimuth, a friend of Ratchet's father, Kaden. Azimuth wished to find the Great Clock and use it to correct his own mistakes and bring the lombaxes back. Azimuth eventually fought Ratchet and Clank and attempted to use the Clock to rewind time; however, upon learning that the Clock could not be used as a time machine and that doing so risked destroying the universe, Azimuth stopped the Clock in its tracks, dying in the process. This left Ratchet as the last known lombax in the universe.

Ratchet had another chance to be reunited with his race after Vendra Prog and her brother Neftin Prog recreated a Dimensionator to bring the nethers into the universe. In the end, Ratchet left the Dimensionator broken, believing he had too much in his own dimension to leave it simply to join the lombaxes.

---

When she was done we were amazed and in awe.

Me: Whoa!

Laney: That's incredible!

Qin: It sure is!

Sunset Shimmer: Wow! I had no idea that Lombax's were that well known all over the galaxy but we also had no idea that Ratchet was the last of his kind.

Me: Oh man.

Ratchet: Although we met another Lombax who tried to change that.

Grenade Man: You did?

Nicole: I remember that. That was Alister Azimuth.

Ratchet: That's right.

Me: Wow he was trying to restore his kind.

Clank: He wanted to use the Great Clock.

Roxy Rocket: But I'm guessing it wasn't that simple, right?

Clank: No it wasn't.

Nicole: It was not a time machine. It was a device that was going to destroy the entire universe.

Roxy Rocket: Goodness!

Fluttershy: That's awful.

Lola: Yeah.

Ratchet: Alister realized the error of his ways and stopped the Great Clock. But at the cost of his own life.

Time Force Dash: Damn, that's rough.

Me: Yeah but he redeemed himself in the end.

Qin: Thank goodness. I don't even want to know what would have happened if he didn't realized his mistakes.

Nico: Yeah no kidding there.

Rex Goodwin: Superman and some of us know how you feel, Ratchet.

Nico: Yeah. My home planet was destroyed by a ruthless Galactic Tyrant.

Superman: My home planet was destroyed when its core became unstable.

Pirolilly: My home planet was destroyed by the Drej.

Helen James: My home planet was destroyed for their crimes.

Me: Many people we know went through the same thing you did Ratchet.

Ratchet: Wow. I had no idea there were others.

Me: Long story.

Heat Wave: Except Helen's people. They can burn in Hell.

Helen James: Yeah I'm what's called the Black Sheep of my entire race.

Qin: Yeah I never liked the Thalionians especially after what Nico told us about them and how Brightburn was terrorizing the area.

Nico: Yeah. My race the Saiyans and the Thalionians were constantly in battle with one another and it was brutal.

Ratchet: Wow. That is awful.

Me: Yeah it sure was.

Eli: What happened is awful.

Sandpit: Bottom line, Ratchet? Your people might be gone. But we're pretty much your family now.

Me: That's right Ratchet. You have Sunset Shimmer now as your sister and that makes you one of us now.

Ratchet: Thanks guys. That means a lot to me.

Rivet: I think that's so awesome.

Qin: It sure is.

Mr. Touch: Now, what can you tell us about Nefarious?

Mr. Go: Although we know he's a robot.

Ratchet: Yes he is a robot but he is not a nice guy at all.

Ratchet told us all about his history and it was not pretty.

---

Dr. Nefarious is the main antagonist of the Ratchet & Clank franchise.

He is a robotic mad scientist-turned-dictator who hated organic lifeforms despite formerly being one himself. He is the arch-nemesis of Captain Qwark and later Ratchet and Clank.

He was voiced by Armin Shimerman, who also played Letek in Star Trek: The Next Generation, Andrew Ryan in the BioShock series, and General Reginald Skarr in The Grim Adventures of Billy & Mandy and Evil Con Carne.

In high school Nefarious attended the same 9th grade biology class and later high school with Copernicus Qwark where they were taught by Mr. Bozell. He had been constantly bullied and humiliated at the hands of Qwark, who was three times Nefarious' size and 26 years old at the time. His treatment included Qwark giving him wedgies, pouring lab beaker liquids on his head, cleaning chalkboards with his pants while Nefarious was still wearing them and calling him **"that freak with the headgear"** . Because of this and his difficulty with biology, Nefarious would slowly come to despise anything biological. Later, he attempted a career as a scientist only to be shunned and called insane. (In the re-imagined series this is changed as his confirmed first name was **Steve** and he was originally the only member of the Galactic Rangers' support team before Elaris and Clank but ridicule and mockery by Qwark, poor working conditions and budget cuts, being called **"King of The Nerd Herd"** and left unacknowledged for his work drove him to pursue his career as a villain.) These experiences pushed Nefarious over the edge and he set out to get revenge on all who had mocked him, especially Qwark.

Dr. Nefarious eventually became a supervillainous mad scientist while at the same time *Captain* Qwark became a semi-fraudulent famous celebrity "superhero". The doctor started his campaign for revenge by creating the vicious Amoeboid creatures and launching an invasion on Blackwater City. After Qwark defeated his "pets" and troopers saving the burning city, Nefarious and his robotic servant Lawrence were forced to retreat in a rocket shuttle. Nefarious swore he would have his vengeance "even if it takes a thousand years!" as his ship took off. Qwark managed to grab onto the rocket and held his breath tight. He clung to the ship for six days and it arrived at the doctor's base on Magmos. Qwark used a disguise to sneak into the base, unaware Nefarious was watching him. The doctor commented on Qwark's poor disguise making him appear more stupid than ever and ignored a solemn insult from Lawrence that "Even drooling imbeciles can achieve success in certain fields, sir. Mad science, for example…".

Nefarious decided to wait as Qwark fought through his defences. The two soon confronted each other face-to-face on a narrow catwalk overlooking churning gears and machinery. Qwark seemed to have met Nefarious before but he claimed they hadn't, trying to hide the truth from his nemesis. Qwark soon recognized the doctor from "Mr. Bozell's 9th grade biology class", reminiscing on the "good times" of when he humiliated Nefarious, truly oblivious to just how much his treatment had affected the poor doctor. Qwark said he should give Nefarious a wedgie "for old time's sake." While trying to grab him he accidentally knocked him off the catwalk into the spinning gears below, prompting Nefarious to scream Qwark's name furiously as he fell. Turning away from his nemesis' grotesque fate, Qwark casually walked away confident his rival was gone for good. As he made his escape, Qwark failed to notice a robotic hand pushing itself out of the rubble…

Dr. Nefarious had been forever changed into an advanced robotic being. This fit along well with his already immense contempt toward biological entities due to his miserable classes. Nefarious, now much more powerful than before resolved to continue his attempts to have revenge on the Captain and destroy all organic life in the galaxy, referring to organic life forms with the contemptuous name of "squishies".

A short time later, after Qwark returned to his condo in Metropolis, Nefarious attacked the city with a massive horde of robotic locusts that consumed various forms of matter. He commanded his servants to bring him Qwark's head; despite the damage they inflicted on the city Qwark eliminated the threat they posed and once again confronted his nemesis. Qwark and Nefarious promptly battled in close-quarters one-on-one combat. Despite the vast array of superpowers he had been granted from his transformation Nefarious was defeated once again, greatly damaged and left as a disembodied head (which is ironic as he hoped to have Qwark's head). Qwark threw Nefarious' head in a trash can as he screamed bloody revenge. The Captain was suddenly attacked and knocked out from behind by Lawrence, who had returned to aid his master after picking out torture chamber curtains. Nefarious urged Lawrence to hurry them away from Kerwan with Qwark in tow.

They then imprisoned him on Nefarious' Ice World. Captain Qwark, still asleep had a brief dream but soon woke up shocked. He asked where he was, locked in a cage descending from the ceiling by a chain. Dr. Nefarious, still a mere head held by Lawrence on a silver platter explained "You're in my secret prison, awaiting the most ingenious and depraved punishment I can possibly imagine!" The doctor and butler then left for Nefarious' massage which Lawrence was less than cheerful about. Qwark managed to escape the prison, accidentally setting off the alarm and causing acid to rise from the floor. Making it out, he retreated to his hideout on the Thrann Asteroid where he hid until Nefarious allegedly disappeared. In reality, he was being repaired by Lawrence and was given a new body. However, Lawrence mistakenly attached Nefarious' head backwards. Nefarious could not see his arms and looked down, asking frantically "Whose butt is this?" The doctor angrily screamed at his apologizing butler causing himself to malfunction. The doctor was completely frozen as his brain began to pick up signals from a soap opera called *Lance and Janice* . Lawrence said he would need to repair the glitch, then chuckled and said that it would be done "one of these days." However, the glitch never got fixed because the only highlight of Lawrence's days at work was getting to slap him so he would unfreeze.

*Ratchet & Clank*

During the events of the first game Nefarious did not appear. However, his Amoeboids attacked Blackwater City but were driven back by Ratchet and the Rilgarians. Unfortunately, as it would happen many times over in the future Qwark successfully claimed full credit for this when in reality he simply executed "emergency response plan number two" in which he coordinated with the city's defenses from inside the women's restroom at the nearest local Galaxy Burger, something briefly noted in Episode Two of the Captain Qwark Vid-Comic Series called *Arriba Amoeba!* .

War on "the squishies" *(Ratchet & Clank: Up Your Arsenal)*

10 years later, Dr. Nefarious started an entire public campaign to rid the Solana Galaxy of organic life forms. Nefarious formed an alliance with the Tyhrranoid race, who served the doctor as his personal army, gullible and oblivious to the fact Dr. Nefarious was transmitting to all robots within the Solana Galaxy and they were organic life forms. The heroic duo Ratchet and Clank saw a news report detailing an attack on planet Veldin, Ratchet's foster home by Tyhrranoid soldiers. Dr. Nefarious was believed to be the attack's mastermind. Later on the Starship Phoenix this was confirmed; Captain Sasha, Ratchet and Clank were listening to a distorted distress call from the Galactic President, who was requesting assistance to stop a Tyhrranoid invasion force on the Capital City of Marcadia. The message was then completely cut off by a galaxy-wide broadcast from Nefarious, who made his introduction to his new enemies from his office on Aquatos.

## Warning to the "squishies" and Skirmish at Tyhrranosis

Dr. Nefarious the began broadcasting to the Solana Galaxy his message to all who opposed his dictatorship. In the message, the diabolical doctor dramatically announced his entire plot while Lawrence acted out his words so that the deaf and hard-of-hearing could understand. Ratchet and Clank then managed to stop his attack on Marcadia. Later on, Clank explored Nefarious' Office in his "impenetrable" secret base on Aquatos, and found out that he was a huge fan of the Secret Agent Clank Holo-Vision series, having the entire episode collection, which disturbed Clank. Lawrence informed Nefarious of the break-in on his ship, the Leviathan, while he was watching Secret Agent Clank, which the doctor referred to as his "work." This news outraged the doctor, and caused him to crash and pick up soap opera signals again. After being smacked back to normal, he ordered Qwark's Q-Force, which Ratchet and Clank were a part of, annihilated for opposing him. The team's next mission was an attack on the Tyhrranoid homeworld, Tyhrranosis, where Ratchet and Clank defeated the Momma Tyhrranoid.

## Biobliterator

As the Q-Force listened to Ratchet's recount of the fight on the Phoenix, Dr. Nefarious and Lawrence transmitted to them via hologram, mocking them. The doctor declared "I could obliterate the lot of you, and they wouldn't even mention it in Supervillain Weekly!" Nefarious was referring to a holo-vision show that he was often interviewed on about his evil schemes. He then said he had "far grander plans" for 'Agent' Clank. He then maniacally laughed, trying to end the transmission with a triumphant, intimidating appearance. The hologram remained on, followed only by awkward silence. Nefarious then had to whisper to his butler to turn off the transmission. Lawrence did so, having ruined his superior's moment with his spiteful sarcasm.

## Daxx

Ratchet had Big Al trace the signal of the message back to the source. He showed them that it came from a facility on planet Daxx. He also patched through a video from Supervillain Weekly of Nefarious and Lawrence at the facility. The doctor and butler were being interviewed about Dr. Nefarious' new top secret superweapon constructed on Daxx. The interviewer said "Dr. Nefarious, we've all enjoyed your past work, but how do you respond to critics who say your latest galactic schemes are just more of the same?" Nefarious responded with a loud "I will annihilate them!" Lawrence could not comment with any details of the superweapon, but changed the subject and said "We do, however, have a lovely view of the ocean at sunset." Nefarious happily nodded in agreement at this, taking a bit away from his evil image. The announcer finished the broadcast with "Is Dr. Nefarious poised on the brink of galactic domination, or is this 'superweapon' just the latest in a series of maniacal pipe dreams? Stay tuned for more, from Supervillain Weekly!" Ratchet and Clank then explored Daxx, and found out the device was the Biobliterator. Nefarious had removed all data on the device, but it was deciphered that it had been transported to the Obani Moon System.

It was also revealed, through the Anti-Squishy Music Video that robotic pop star Courtney Gears was in league with Dr. Nefarious. He used her music as propaganda to spread his vendetta against organics, being a big fan of hers. Gears was apparently in love with Nefarious, giving him the pet name "Snooky Wookums," though this annoyed him greatly, and he valued her as an ally, but kept their relationship professional.

## Holostar Studios

While at Holostar Studios, Clank needed to film a *Secret Agent Clank* scenario, with Gears as a character. After the shoot was over, he asked her what Nefarious was planning, and she was able to capture Clank by knocking him out. She then contacted Nefarious, who was greatly annoyed by her reference of "Snooky Wookums," and told her to bring him 'Agent' Clank. In a secret office supposedly at the studio, Nefarious had commandeered at the studio, he tried to turn Clank over to his side, as he was a fanatic of his series and believed it to be real, following his 'missions' from the beginning. The doctor even rejected Clank's assurance that the series was just an act, calling the statement "Lies! Squishy lies!" His anger caused him to freeze and pick up soap opera signals again. Gears had to smack him to get him back to normal. When Clank refused to join, Dr. Nefarious decided to replace Clank with a doppelgänger, Klunk. Posing as Clank, he told Ratchet that Nefarious was aboard the Leviathan.

Later on, Nefarious launched an attack on Blackwater City, which was also stopped by Ratchet. He and Klunk then went to Obani Draco, Gear's headquarters. Ratchet was shocked to witness a recording from the testing lab for the Biobliterator, which had since been transported away from the moon: Gears had used the machine to transform Skid McMarx into a robot. Ratchet thought this impossible, but Klunk said "Not for Dr. Nefarious…" The Lombax then defeated Courtney Gears in her studio, and received a transmission from Captain Sasha.

## Dr. Nefarious and the Leviathan Trap

Dr. Nefarious' starship, the Leviathan, had been tracked to the Zeldrin Starport, where it was refueling. Ratchet, Klunk and Qwark then met up to infiltrate the ship. As soon as they arrived on board, Klunk secretly received a message from the doctor to lure them to the bridge. They soon located Nefarious, greeted casually by Lawrence. Commenting that Qwark had gained weight since their last encounter, Nefarious was angered by Qwark saying that "Courtney Gears didn't seem to mind." He went into yet another crash sequence, prompting Lawrence to happily smack him across the face. Nefarious declared he would have the last laugh, as he lured Qwark and Ratchet so that he could witness their demise. He then activated the self-destruct for the ship and commanded Lawrence to teleport them away. Lawrence left himself, leaving Nefarious behind. The doctor was not amused by this, and was teleported out moments later after shouting to him. While Ratchet and Klunk escaped, Qwark seemed to go down with the ship, trying to grab something.

## Battle of Metropolis

After Captain Qwark's funeral, Ratchet deduced that Dr. Nefarious was planning on making good on his vow to destroy Metropolis, which was shown from years earlier in the Qwark Vid-Comic, Deja Q All Over Again. He traveled to Kerwan and took part in the large-scale battle, searching for Nefarious. Meanwhile, watching the battle from a Hover Train, Nefarious showed Clank Klunk's transmission of Ratchet's actions, meaning he could track the Lombax. Nefarious found the whole prospect delightfully amusing, laughing diabolically and trying to get his butler to go along with him. Lawrence merely said "You put the wit in 'twit', sir." Taking this as a compliment, Nefarious continued laughing happily. He declared that it would be the dawning of a new era, all thanks to his years of secret plotting and patience with many disappointments. The doctor arrogantly rebuffed Clank's confidence in Ratchet's abilities, claiming that Ratchet would be killed with Clank having a "front row seat." As Ratchet traversed through his forces, Dr. Nefarious revealed the Biobliterator itself.

He tried demonstrating its ability to transform any organics into robots, demanding the activation device from Lawrence. Proclaiming the new "Age of Robots," the doctor pressed the remote; however, it instead turned on a video recording of his first Galactic Idol audition. His butler had given him the wrong switch, angering him and causing him to furiously knock him over. 'Apologizing,' Lawrence gave his superior the correct remote and assured him he could continue. Looking away in case it was another error, Nefarious pressed the activation device, delighted to see it successfully activate the Biobliterator. As he laughed evilly, the machine rose up, transforming his remaining Tyhrannoid soldiers into Robonoids. Ratchet fought through these new metallic enemies and soon found out that the robot at his side was Klunk, Clank having been captured by Nefarious, who casually waved at Ratchet when he reached the Hover Train.

The doctor mocked Ratchet before leaving with Lawrence, laughing so hard that his sides began to ache from all his laughter throughout the day. However, he did admit that Ratchet was a far better adversary than the "imbecile" Qwark was. Ratchet fought Giant Klunk on the Hover Train and managed to defeat him and save Clank. Nefarious then launched a Robonoid attack on Aridia, which was again stopped by Ratchet and Clank. Meanwhile, Nefarious piloted the Biobliterator to different planets across Solana and turned many into robots, making it look like there was more than one due to the speed of the attacks. Ratchet and Clank went to the Crash Site of the Leviathan, thinking that whatever Captain Qwark had tried to grab as the ship exploded may have contained some sort of clue. They discovered that Qwark had gotten away from the ship's destruction in an escape pod and went into hiding for some reason. They also retrieved a data disc, which is what the captain had been trying to get. Back on the Phoenix, Ratchet gave Al the disc to decode, which would take him some time.

## Battle Plan

It was decided that they would defeat Nefarious without the now-alive Captain Qwark, though their words about the situation caused Qwark to rethink his position. Ratchet then received a distorted message from Captain Sasha on the Phoenix, which was under brutal assault from Dr. Nefarious' troops. She told them that whatever was on the disc Captain Qwark had found had Nefarious worried, and he was prepared to destroy the team to get it back. Ratchet hurried to the ship and fought past the doctor's attack force. He reunited with his comrades on the bridge, and thanks to Al successfully decoding the disc, they found Nefarious' entire battle plan to attack planet after planet all over the galaxy, creating an entire population of robots in Solana. The doctor was confident that the Q-Force would never be able to stop the Biobliterator. Sasha told Ratchet that the machine was recharging at a base on Koros. Ratchet was determined more than ever to stop Nefarious after he learned that his next target was Veldin. After the duo fought their way into the base, Clank used the Nefarious BFG ion cannon to destroy the Biobliterator while Nefarious was screaming furiously from a video screen. Captain Sasha then contacted the duo, informing them that Al had finished decoding the disk.

### Battle of Mylon (Final Battle)

It was discovered that Dr. Nefarious was preparing to use his second Biobliterator, more powerful than the first, and it was being fueled on Mylon, his master control center. Ratchet and Clank were able to defeat the last of Nefarious' Robonoids and approached him at the Biobliterator's fueling dock. As they got to him, Nefarious and Lawrence teleported into the Biobliterator, which flew away, done fueling at the last moment. Nefarious laughed maniacally as his machine flew away, confident his plans would succeed. They pursued him to the Launch Site, where the doctor had already initiated the launch sequence. Ratchet confronted Nefarious as he operated the take-off procedure from a console that had a green color scheme and dome reminiscent of the doctor's own. Nefarious was rather annoyed to see Ratchet interfering with his plans once more, expressing how the "miserable rodent" would pay for his "insolence."

As the doctor furiously monologued, Ratchet threw his wrench at him. Dr. Nefarious barely managed to dodge the wrench as it crashed into and destroyed the console. Ratchet declared that Nefarious' flight was canceled, and the enraged doctor called Lawrence to his side. Nefarious waited impatiently, continuing to shout his butler's name, as he would not appear. A hologram of Lawrence then answered, to which Nefarious ordered Ratchet's annihilation. The hologram revealed itself to truly be Lawrence's voicemail, asking for a name and brief message before vanishing. Nefarious then said, frustrated, "Fine. I'll do it myself."

Dr. Nefarious faced off against Ratchet and Clank in close-quarters combat, proving to be a formidable adversary thanks to his powers. He soon decided to fool Ratchet into believing he had won the fight in order to give himself time to escape. He knelt down on the ground, faking coughs and whimpering, and declared that he had no choice but to throw himself on Ratchet's mercy. The Lombax, initially shocked, then triumphantly stated that the doctor's reign of terror had ended and fell for the ruse. Ratchet did not expect Dr. Nefarious to rise from the ground, activate a forcefield around himself, and fly away. Nefarious shouted "Sucker!" to his foe as he escaped, laughing mockingly. Angered by this, Ratchet pursued Nefarious to the battlefield where his remaining troops and the floating Biobliterator waited. With help from the Galactic Rangers, the duo broke the doctor's final defenses and confronted Nefarious beneath the Biobliterator. Despite exhausting almost all of his abilities, Nefarious was bested in combat and knocked to the ground.

Dr. Nefarious again called Lawrence to his aid, who actually appeared this time, dressed in a rockstar costume. The butler was reluctant to follow Nefarious' orders, having been preoccupied with guitar practice, which he clearly saw as more important. Picking himself up and dusting off, the doctor ordered his butler to "Begin the transformation!" and shouted at him when he continued to be distracted by his guitar. At Lawrence's pressing of the activation device, the second Biobliterator changed into an immense mechanoid. Nefarious broke into a diabolical laugh as he and Lawrence teleported to the cockpit, ready to depart and bring about the mad scientist's Age of Robots; however, as he began firing at Ratchet and Clank on the ground, he was shot at by Captain Qwark, who arrived on the scene in his own shuttle. He had decided to come out of hiding to help defeat his nemesis, wanting to be a true hero. Distraught at this, Nefarious yelled in frustration "No! I don't believe it!", and Qwark replied with "Believe it, toasterhead!".

## The Asteroid

Ratchet, Clank and Qwark managed to defeat Dr. Nefarious in the air and destroyed the second Biobliterator. The head of the mechanoid landed on the battlefield, and Nefarious was greatly humiliated by being defeated at the hands of "squishies," believing he would never live it down. The cockpit's computer announced that the reactor would detonate in sixty seconds. Nefarious then bluntly told Lawrence to engage the teleporter. Lawrence asked him to specify a destination, and Nefarious said "Who cares? Just get us out of here.". The computer then said time was up, and he shouted "What!? That wasn't even close to sixty seconds!" The computer childishly responded with "Buh-bye!", prompting a terrified expression on the two. Right before the Biobliterator's head exploded, Lawrence teleported them away in a panic, having no time to pick a destination for them.

Dr. Nefarious and Lawrence were stuck far away on an asteroid in space, unable to teleport to another planet, as they were well out of range. According to Lawrence, it would be 5,000 or 1,000 years before something came for them to teleport to. Nefarious shouted angrily in disbelief, and then sat on the ground. He then said "Now what?" as his butler looked at him. Lawrence asked him "I don't suppose you can play drums?", wanting someone to go along with his guitar to pass the time. Infuriated by this ridiculous question, Nefarious screamed at his butler.

### *Ratchet: Deadlocked*

While Lawrence spent most of their drifting playing his guitar, Nefarious simply sat thinking over and over about his failure, which would continue to haunt him. While stranded, Lawrence told Nefarious that they were coming within range of a space station. Unfortunately, it exploded mere minutes before they passed it. Furious at Lawrence, Nefarious shouted his butlers name at the top of his lungs, only for another transmission of Lance and Janice to play in his head.

### *Secret Agent Clank*

During *Secret Agent Clank*, Klunk made a copy of Nefarious which had his abilities and was programmed to obey Klunk. He was destroyed by Clank in the final confrontation with Klunk.

### *Ratchet & Clank Future: Tools of Destruction* Zanifar

The two were still forced to aimlessly drift through space. After some time, the asteroid drifted to the Polaris Galaxy. In Polaris, the two seemed to briefly come upon planet Mukow, as the doctor's wallet was found and held at a concession pair also spent much time drifting through the Breegus System, even being spotted by space pirates in the Corvus Nebula while Dr. Nefarious was having one of his malfunctions and screaming at Lawrence, playing an episode of Lance and Janice. Despite Lawrence's claim of the time it would take for them to find refuge, the rock picked up speed and turned into a ball of fire after drifting to planet Zanifar. It crashed in the Tobalia village of a local Fongoid tribe, forming a crater, which was barricaded. Nefarious and Lawrence sought refuge with the tribe, arriving as they were in the middle of celebrating spring break.

While living with the Fongoids on Zanifar, Dr. Nefarious tried to decipher how he could have lost everything he had worked so hard to accomplish to his enemies. He even spent one night twitching and cradling himself in a darkened room after drawing several pictures of Ratchet and Clank on the wall, crayons clenched in his hand and mouth. Nefarious decided to go on a spiritual journey to find the answers he sought. He spent his time on Zanifar studying Fongoid meditation, attending numerous anger management classes, and dabbling in yoga. Eventually, he went on a spirit walk on planet Quantos. It was here that he learned of the mystical Zoni race, who were in charge of protecting the universe and keeping it in balance. He also discovered their ultimate creation: the Great Clock, a facility in the center of the universe (give or take 50 feet) which kept the flow of time and effectively acted as the cosmos' greatest contingency plan.

## The Zoni

Nefarious secretly plotted to gain control of the clock to rewrite history, making it so none of the villains would ever go through such a humiliating defeat as he did, and so that heroes would always fail in their righteous endeavors up to the present. With this plot, he temporarily put aside his organic life form vendetta, again working with "squishies" if it suited his plans. Dr. Nefarious fooled the Fongoids into believing that he was loving, kind being, and they came to worship him. Cancelling their spring break, he used them as a task force to help construct the Tombli Outpost in their Tobolia valley, which he used as his temporary base of operations. It would go on to be the primary manufacturing plant for his new army of starships and Nefarious troopers. He then made new allies with other villains who also wanted to use the clock for their own ends. He hired former Terraklon mercenary and assassin, Lord Flint Vorselon, to serve as the field enforcer of his troops. Vorselon had lost his body in a battle against the Drophyds on Zaurik, being confined to a cyborg suit. In addition to bolt payment, he was promised to have his original body and glory restored with the clock's power. The doctor also got into contact with Pollyx Industries and formed an alliance with the Terachnoid CEO, Pollyx, who signed his corporation and most Terachnoids in an exclusive contract to work for the doctor, now having access to valuable Zoni technology and knowledge. With assistance from the labor and resources of the Fongoids, Pollyx Industries worked toward building the Nefarious Space Station, which would be the doctor's headquarters.

As his station was under construction, Dr. Nefarious kept his evil activities in the Tombli Outpost secret from the Fongoids and waited to reveal his devious schemes to the rest of the Breegus System. Using Pollyx's holdings, he managed to contact the Zoni leader, Orvus, requesting an audience with the fellow scientist. A being of etiquette, Orvus honored the seemingly friendly robot's wishes and traveled to the outpost. He was then taken by surprise and imprisoned.

As Lawrence stood by with Pollyx and a Protomantis, Dr. Nefarious interrogated Orvus about getting inside the Orvus Chamber, the Great Clock's control room that commanded the flow of time. He tortured Orvus when he repeatedly refused, having his machine, the Hypersonic Brainwave Scrambler, blast him with sonic energies, a vulnerability of the Zoni. Nefarious failed to heed Orvus' insistence that time was not to be tampered with as he continued to grow weary of the torture. Nefarious shouted at Pollyx when the interrogation continued to fail, as Pollyx was scanning Orvus' brain for the key to the chamber but could not find it. Pollyx believed that the Zoni had erased his own memory, and Nefarious gave him one final chance to tell him how to access the chamber. Orvus again refused, and Nefarious furiously clenched his fists over his head before again signaling his device to blast him. Orvus held off the blast, saying that the only one who would enter his chamber was safe, far from the doctor.

The growing light of the held-out beam made Dr. Nefarious and all present cover their eyes. Orvus then dissipated in a flash, and Nefarious frantically asked where he went. Unable to deduce where

Orvus had gone, Pollyx still managed to pull up an image from his memory scanned before he vanished. The image was the schematics of Nefarious' old nemesis, Clank. It was revealed that he was in fact Orvus' heir and the key to entering the Orvus Chamber. The doctor planned to get a hold of Clank through the Zoni, who were still unaware that the doctor had kidnapped their leader. Nefarious contacted the Zoni and offered to help them find Orvus' heir so that they could bring him to fulfill his destiny. When Ratchet and Clank came to Polaris and defeated Emperor Tachyon and his empire, Nefarious led the Zoni to their new master. They aided Clank in the journey to vanquish the Cragmites, appearing before him on occasion.

*Ratchet & Clank Future: Quest for Booty*

Nefarious and the Zoni eventually brought Clank to the Great Clock to understand his purpose. Ratchet soon set out to find his dear friend, unaware of Dr. Nefarious' new schemes. After battling space pirates and learning a bit about the Zoni through the travel journals of Captain Darkwater, Ratchet retrieved a Fulcrum Star and used it to power an Obsidian Eye on planet Merdegraw. With it, he traced the Zoni and Clank's location to the Breegus System and managed to catch a brief glimpse of the Great Clock during a visit from Nefarious; Clank's logic and memory seemed to be dysfunctional, and the Zoni relied upon the doctor to repair him. He then appeared, slightly silhouetted in the doorway of the mnemonic station where Clank was being held. Ratchet watched as he walked down the stairs, being revealed in the light bit by bit, but then slipped on a feather duster left carelessly on the floor by his butler, which caused him to fall down the stairs screaming. Fully revealed, Nefarious was shown angrily shouting at Lawrence once again.

Ratchet and Talwyn Apogee were then given coordinates to the Breegus Nebula, the entrance to the system where Dr. Nefarious had resurfaced, as the signal was lost. Ratchet vowed to rescue his friend and defeat Nefarious once more as he and Talwyn departed from Hoolefar Island. While Ratchet took off in the Aphelion beside Captain Qwark, who was eager to get back into 'the hero business' after doing some film acting, Talwyn stayed behind, warning Ratchet that where he was headed was home to a great deal of mercenaries. It was these very guns-for-hire that would assist in Nefarious' new plot and prove to be a large obstacle for Ratchet.

*Ratchet & Clank Future: A Crack In Time*

When the Nefarious Space Station was eventually completed, Dr. Nefarious revealed his true villainous colors and imprisoned the Fongoids in work camps around the Tombli Outpost. The base was fitted with much security after the doctor went to his new station, a statue also being made of him before the entrance to the outpost in a triumphant stance in front of the asteroid he had drifted on for so long. It was at this point that the doctor's evil campaign was made fully public. He took control of the Bernilius Sector where his station was located, and further imposed his will on the Phylax Sector, Vela Sector and Corvus Sector thanks to the influence of Lord Vorselon and Pollyx Industries, sending fleets and satellites out to keep the system under secure watch. With Nefarious' army on the rise, an exiled Lombax freedom fighter General Alister Azimuth, began battling his forces to try and save Polaris. Through his fight with the elder general, Nefarious discovered the full history of the Lombaxes and Ratchet.

For over a year, as his henchmen enforced his will throughout the Breegus System, Dr. Nefarious and Lawrence continued to visit the Great Clock and keep a false alliance with the Zoni, using the pretense that he was repairing Clank as a facade to keep their trust. He was often opposed by the facility's Junior Caretaker, Sigmund, who tried to save Clank, knowing full well that all Nefarious wanted was the Orvus Chamber. Each time the doctor tried unlocking Clank's memory banks, the neural safeguard would lock him out. His constant failures, along with his overall annoyance of pretending to be friends with the Zoni, frustrated Nefarious greatly. During a visit, he mocked the unconscious Clank floating in the mnemonic station, saying "Ah, my arch nemesis… Not so smart now, are you?!" and banging his head. Lawrence then informed his superior that the Zoni had been inquiring about their progress once more, angering the doctor.

The Zoni then entered the room, reminding Nefarious that he must fix Clank. He assured them that he was doing his job and again entered the brain's system, trying to arrange Clank's memories correctly to see into his subconscious. He was once again locked out, nearly having a breakdown in his frustration. Nefarious then exclaimed "It's in here, Lawrence! Somewhere in this brain lies the key to the Orvus Chamber!" Upon hearing this, the Zoni firmly told Nefarious he was forbidden from accessing the chamber, as it was only meant for the Senior Caretaker of the Great Clock, which was Clank. His insistence going to no avail, Nefarious betrayed them and activated the Hypersonic Brainwave Scrambler. Its sonic wave attacks forced the Zoni out of the room. As Nefarious laughed maniacally, the room went completely dark; a black-out had occurred in the clock, as the equipment was also especially susceptible to sonic weaponry like the Zoni themselves, something which Lawrence apologized for not mentioning earlier.

The back-up generators restored power seconds later. When the lights came back on, Dr. Nefarious saw that Clank had managed to awaken from his slumber and escape in the darkness. Nefarious angrily ordered Lawrence to stop him as he fled. Over the loudspeakers and appearing on large projection screens beside Lawrence, Nefarious asked Clank to come back so they could discuss things "robot to robot." The doctor's troops, meanwhile, were firing at the fleeing Zoni and Clank, causing much damage to the clock in the process. Lawrence informed Nefarious, who frantically told his troops he wanted to Clank alive. The robot soldiers did not obey Nefarious' commands, as damage had been done to their hive mind in the ensuing chaos, and Lawrence needed to reboot them. They also detected that Sigmund was trying to aid Clank's escape. Nefarious ordered Lawrence to reset the locks and track the "meddlesome" caretaker's location.

All the while, Dr. Nefarious' troops were chasing after the Zoni, who continued to flee and evacuated the clock. Upon hearing the dropping number of Zoni from Lawrence, Nefarious told them to come back, exclaiming that he was just kidding, and joking about how they had kidnapped Clank thanks to him. When Clank knocked over a neatly stacked pile of crates belonging to the doctor at Sigmund's behest to get ahead in his escape, Nefarious threatened Sigmund, saying "When I get my hands on you, I'll rip that dome of yours off, and pull out your brain with my bare hands!" Lawrence sarcastically complimented the doctor's "tough talk," truly not finding it intimidating at all. While Clank escaped his troops, Nefarious told Clank he would not be able to fly to Polaris and that if he wanted to keep his brain, he should surrender. Sigmund's location was eventually discovered to be in a broom closet, and Nefarious had him locked off from Clank for the time being. Clank then stopped at a balcony, with no other escape. Nefarious and Lawrence confronted him on the platform, where Nefarious dared him to jump, and then laughed mockingly. Clank then asked where his old enemy had taken him. Nefarious showed Clank his home, the Great Clock, and described its location and history.

Clank wondered what lie Dr. Nefarious had told the Zoni and believed that the doctor had sought vengeance. Nefarious found it odd how Clank thought he went to all the trouble he did of taking over the clock for mere vengeance, and said "They say I'm ego-maniacal". He then said that "it's… all in the past." He had Lawrence use the orb of gratuitous immobilization to freeze Clank and knock him out. Lawrence suggested they use the Mnemonic Station again, but Nefarious said he had better plans. When Lawrence questioned this, he said "Patience, Lawrence. We have all the time in the universe…" Nefarious then returned to his space station and began rehearsing an original play he wrote: Night of the Living Squishies. He used his robot troops as actors to practice scenes, and gave out several script books. He had his soldiers line up at the door outside his personal chamber, where he was rehearsing scene four of act three. In the scene, Nefarious held Captain Qwark at gunpoint while the captain tried to capture him. However, Nefarious' rehearsal was repeatedly halted when he accidentally killed the troops playing Qwark with the pistol he was using, which was supposed to be unloaded.

The more troops went in to attempt the part, the more of them were killed, and the more the line outside shook with fear. Meanwhile, back in the Great Clock, Sigmund was teaching Clank things about traversing through the security systems and dealing with enemies. They encountered the Hypersonic Brainwave Scrambler, which had been left loose in the clock, crashing into and damaging much machinery even after the Zoni it was chasing had escaped. Upon destroying the sonic device, Clank and Sigmund continued onward through the clock, but were silently being watched by Lawrence, who had remained in the clock to keep an eye on them on Nefarious' orders. He contacted Nefarious via hologram, inadvertently interrupting yet another one of Nefarious' rehearsals, upsetting the doctor.

Lawrence reported to him that Clank was en route to the Orvus Chamber. Dr. Nefarious laughed with delight at this news, as he wanted Clank to lead him directly to the chamber. Nefarious prepared to go back to his play, but Lawrence informed him of another matter, showing him a video camera on Vorselon's warship of Ratchet and Qwark rescuing the locked up Fongoids they had come to the Breegus System and were fighting the doctor's forces to try and rescue Clank. This revelation greatly angered Nefarious, and again triggered his malfunction, causing him to pick up more radio signals of Lance and Janice. Lawrence had the robot troop in the room whack Nefarious over the head, and he went back to normal. Nefarious ordered Lawrence to kill them so they could not meddle in his plans. Proclaiming he would carry out his orders, Lawrence suggested Nefarious engage the safety on his gun so as not to kill any more troops.

Nefarious shouted at Lawrence that the blaster was not even loaded, and tried to demonstrate this by aiming it off to the side and pulling the trigger. A shot did fire, bouncing off the walls of the room until it hit the frightened robot trooper. Frustrated by killing another one, Nefarious went over to his desk and hit the red button to buzz the door open, shouting "Next!" to signal another trooper in. As the door opened, all of the shaking troops hesitated to enter, fearing they would end up like those auditioning before them. Through the rest of the Breegus System, Ratchet and Qwark continued their attempts to find Clank, and were eventually assisted by Azimuth, who wanted to rectify his mistakes and bring back the Lombaxes with Ratchet via the Great Clock. In Axiom City, Ratchet discovered a large amount of Nefarious' hold on Polaris, and confronted Pollyx himself. Tossing aside the weak alien, Ratchet and Azimuth discovered the location of another Obsidian Eye, which they planned to use to get in touch with Clank. After, they received a transmission from Dr. Nefarious. He was glad to see Ratchet would witness his greatest triumph, and that he had met the "shame" of the entire Lombax race.

Ratchet asked if Nefarious was still up to his old plans, such as "Trying to turn everyone into robots", or "good old-fashioned galactic domination" and the doctor pondered whether he should allow Ratchet to find out or just kill him. As Nefarious ended the transmission, an alarm went off in the Pollyx Industries building, alerting that a large destructive machine was tearing through the city: the VX-99. Nefarious had sent it in to annihilate Ratchet and Azimuth, and it was destroying the area to ensure they did not escape. Ratchet managed to defeat the monstrous machine, and continued to come after Clank. Back at the Nefarious Space Station, Lawrence again contacted the doctor via hologram. They were discussing the procedure to rewind time with clock. In order to reset everything according to Nefarious' needs, Lawrence said Pollyx had estimated that the procedure would take 183 temporal paradoxes, and 184 should the Blarg participate. Since Dr. Nefarious wanted to make it so every hero would lose their battles in the past, it seemed he would enter into an alliance with the Blarg, among Ratchet and Clank's other defeated enemies.

Lawrence advised that Pollyx's scientists examine the Orvus Chamber before testing the clock. Nefarious then leaped in front of Lawrence's holographic image and said "What's the matter, Lawrence? Chicken?" He then imitated a chicken to mock his butler, and at that moment, Lord Vorselon teleported into the room and loudly announced the doctor's name. The sudden announcement behind him caused Nefarious to let out a startled scream and jump high into the air. As he fell back down, Lawrence pretended to try and catch him, only for him to fall right through the hologram and hit the floor. Lawrence then sarcastically apologized as his superior picked himself up, and Nefarious simply scowled at him. Going back to his desk, Nefarious listened as Vorselon gave his report. He had discovered that the two Lombaxes had destroyed the VX-99, and he was tracking them. Nefarious angrily proclaimed "Unacceptable! I practically handed those squishies to you on a silver platter. How could you be so utterly incompetent?!".

Dr. Nefarious threw a small glass globe sitting on his desk at Vorselon in anger, but Vorselon avoided it by teleporting out of its way, leaving it to shatter against the wall, and then reappearing behind Lawrence's hologram, shivering with fear at Nefarious' rage.

As Lawrence left them alone, the doctor reminded Vorselon that if the Lombaxes found the clock, their plans would be ruined, and his body would never be recovered. Nefarious declared he would bring in "specialists", and pressed the button to buzz his office's door open. Three large female robots walked in: Cassiopeia, Carina and Libra, leaders of the Valkyrie mercenaries. Nefarious had requested an audience with them at his station. The doctor introduced them individually, referring to Libra with distaste compared to Carina and Cassy due to her masculine voice and behaviour. Nefarious reminded them of how their original colony had been lost decades ago in the tragic Erebus supernova. He requested their services in exchange for returning their lost colony.

The Valkyries accepted, and along with Vorselon, fought against Ratchet and his allies while Nefarious got closer to accomplishing his goal. Eventually, Ratchet managed to contact Clank, and Clank told him to confront Nefarious in the past on Zanifar so that he could save Orvus. Using a time portal projected by Sigmund, Ratchet went through a series of events both in the present and past Zanifar, and eventually got inside the Tombli Outpost in the past, right when Nefarious was interrogating and torturing Orvus. After Orvus vanished and Clank's image appeared, Ratchet exclaimed in confusion, alerting Nefarious to Ratchet's presence. However, Ratchet had taken out a Constructo Bomb Glove grenade, and threw it at Nefarious before fleeing. The bomb exploded inches away from the doctor's face, and as he yelled in agony, it was shown in slow motion that he was knocked back. His right eye was damaged, a crack forming up the side of his green dome, his red pupil knocking loose, and giving Nefarious a permanent scar on his face.

The Doctor angrily ordered his troops to annihilate Ratchet, but the Lombax escaped back to the present. Back at the Nefarious Space Station, in the present, he was sitting on his coach with Cassiopeia, laughing while he told her of how he mocked Clank as a prisoner. Cassy grew closer to the Doctor, saying "Dr. Nefarious, you have such a wonderful sense of humor, and you're so, so…" However, Nefarious suddenly realized what Ratchet had done. The bomb scarring his eye in the past took effect in the present, and Nefarious said "Uh oh…" as the scar formed and his eye fell limp. He then angrily screamed Ratchet's name. Much later, Ratchet fought Vorselon in combat, for the second time, and Vorselon revealed his new suit had been upgraded by Nefarious. He was still defeated, once again escaping, head intact, returning to the Doctor's station. In Nefarious' office, the two played against each other in a holo-vid game with Dr. Nefarious fighting Captain Qwark.

Lord Vorselon's Qwark character was at a disadvantage because Vorselon had no arms. Defeating him, Nefarious loudly gloated in Vorselon's face and sat back down. Lawrence then appeared in a hologram and reported that he had captured Clank and the Orvus Chamber, as Clank had unknowingly led them right into it just as Nefarious predicted. Pleased with this news, Nefarious told Lawrence to notify the Valkyries, and mobilized the next phase of his plans: Unnecessarily Evil Initiative Omega-91. Lawrence went to inform the Valkyries of the next step in their plot, and Nefarious' door bell rang the next moment. A light voice said that it was time for Nefarious' massage, but the annoyed Doctor pointed out he did not send for a massage. He told the person at the door to go away, but the voice briefly got deeper and again asked him to open the door. When it opened, a female nurse appeared, and Nefarious' loose eye fell limp again. It was Qwark in another poor disguise, and the Doctor recognized him, but played along with his ruse, making the Captain believe he was fooled.

When the Lombax hero and elder antihero arrived, Nefarious was complaining with Cassiopeia about trying to kill Ratchet as per Unnecessarily Evil Initiative Omega-91's procedure. Ratchet later successfully defeated and killed Cassiopeia on Vapedia and rescued Clank, the Valkyries finally beaten completely, although Lawrence did not know what happened on Vapedia. The reunited duo left the Valkyrie Citadel and headed toward the Nefarious Space Station, where the disguised Qwark aided them in getting inside their enemy's stronghold. Alister wanted to misuse the Great Clock to change history and bring back the Lombaxes, leaving the team when Ratchet and Clank refused to let this happen. Clank managed to sneak in an air duct and came to a vent above Nefarious' office. There, Nefarious told his computer to take his dictation: "Things to do once the clock is under my control. Number 1: Double-cross remaining Valkyries and retire Lord Vorselon. Number 2:

Reestablish vendetta against organic life forms! And number 3: Iron socks." This revealed that Nefarious intended not to keep the deals he made as his subordinates had failed him for too long. Clank successfully scanned the Doctor after he was done recording his to-do list. This allowed Ratchet to apply a holo-guise of the doctor and freely explore the station undetected. Despite this, Ratchet's height did not change, but Nefarious' minions still fell for the trick.

Getting updates in Dr. Nefarious' plot from Lawrence, the disguised Ratchet wanted him to order Nefarious' fleet to land at the station. This could not be done until Ratchet destroyed the nearby asteroids blocking the landing bay with the station's Hypernova Defense Laser with help from Pollyx who he sent to the brig. Ratchet made sure all the vessels that he could contact landed. After all the ships landed, Ratchet used the laser to destroy every ship as well, giving Nefarious no escape from his station. As Ratchet and Qwark made their escape, they were confronted at the bottom of an elevator by the real Nefarious, flanked by two guards. Qwark, still believing his facade was working, quickly said "You're not Dr. Nefarious!" to Ratchet and slapped him, accidentally deactivating his holo-guise. Ratchet told Nefarious that he could not use the clock, as nothing he could want was worth risking the entire universe. Nefarious said that there was, and he had his three greatest enemies to thank for it. He then had several flashbacks that showed everything he had been through since his first defeat at the hands of Ratchet and Clank, after which the Doctor explained his ultimate goal to the trio.

After capturing them following a futile escape attempt by Qwark, he attached Ratchet and Clank to an asteroid, prepared to launch from his Asteroid Flinger 5000, which he installed in case he ever needed a "super ironic death scenario." Ratchet said that the Doctor was making a mistake, and Nefarious said "Time will tell." Bidding farewell to his old nemeses, Nefarious laughed evilly as he prepared to press the launch button on the machine. However, while laughing, the Doctor again froze and picked up Lance and Janice signals. After an awkward pause, a nervous trooper standing by Nefarious took his hand and pressed the button. Ratchet and Clank were flung far away to Morklon, but eventually returned to the station. Lawrence had come from the clock in another ship, and the Doctor was preparing to return to the facility to finally complete his plans. He was distraught by the duo's return, thinking they were supposed to be dead, unaware that the Zoni had helped them in the crash.

Ratchet and Clank told Dr. Nefarious to shut down his transport and surrender on behalf of galactic authorities. He approached the duo and mocked Clank for "running right back to playing backpack to a squishy" rather than fulfilling his destiny. He told Clank "You're nothing but a pathetic sidekick," prompting Lawrence to sarcastically say "We should hang out some time" to Clank. Ratchet, angered by his mocking of Clank, stood up to the mad doctor, they then prepared to defeat Nefarious once and for all, and the Doctor rose into the air with booster jets in his feet and extending his stabilizer wings, saying that he would rewind time after killing the two so he could do it over and over again. Before attacking Ratchet and Clank, Nefarious ordered Lawrence to fall back to the outer perimeter, allowing no damage to befall their ship. A fierce battle immediately ensued, going around the ring of the platform near the station, which was eventually destroyed by the Hypernova Defense Laser after the Doctor ordered Lawrence to activate it. The battle then went onto Nefarious' ship as it flew away from the station, setting course for the clock.

Damage to the ship during the fight caused it to speed into an inevitable collision with the Nefarious Space Station, and Lawrence had no control over the autopilot. Despite getting assistance from his butler, Nefarious was defeated a second time, and fell screaming to his ship's surface. He then got up and began malfunctioning more than ever before due to the damage he sustained. He fell on his back with his mouth wide open as his brain picked up signals of opera music. He then sprang up as a lottery sound played, and fell forward. As the ship came closer to crashing into the station, Ratchet grabbed Nefarious and urged him to tell how to disengage the autopilot. The doctor would not respond, and his eyes continued to spin in circles while eccentric laughter was heard in his brain's signal. Ratchet smacked Nefarious to try and snap him out of it, but this merely caused the doctor to get up and dance to a yodeling tune in his brain. Nefarious then collapsed completely, his eyes popping out and the signals in his brain dying away. Lawrence then took the escape pod, leaving Ratchet, Clank and the crumpled body of Dr. Nefarious on the ship. However, Azimuth appeared and saved

Ratchet and Clank before it collided as they jumped off the saucer and into his ship. Unbeknownst to anyone at the moment, Lawrence teleported the Doctor's unconscious body away. After the ship crashed into the dome of the station, its head was given a scar and broken eye just like the original Nefarious. It then completely exploded, and the Doctor's villainous plot was finally ended.

During the credits, radio announcers Kip Darling and Pepper Fairbanks reported that the remains of neither Nefarious nor Lawrence were found anywhere in the station's rubble and that Polaris Defense Initiative 1887-Upsilon was mobilized to locate them; galactic authorities proceeded with a manhunt to find the missing Doctor and his partner, making the arrest of them their highest priority.

*Ratchet & Clank: All 4 One*

Nefarious appears again as the main antagonist at the very beginning and one of the four protagonists. At this point, the evil doctor and his butler's threat level had increased to from "unknown" to "alive and at large". With all the commotion, Galactic President Qwark acted on the situation, convinced that there was no danger, and assured the galaxy that everything was under control. Being interviewed by news reporters Kip Darling and Pepper Fairbanks via satellite, Ratchet and Clank gave their personal outlook on the predicament. They claimed they were retired and had full confidence that Qwark would be able to track down the enemy.

Meanwhile, in the depths of Planet Igliak, the doctor's new plan was already in motion. Dr. Nefarious set up a false award ceremony for the Galactic President, claiming Qwark was the world's greatest Intergalactic "tool" and that he would receive an Intergalactic Tool of Justice Award for defeating a Light-Eating Z'Grute in the past, which never occurred. Ratchet and Clank, suspicious of the award, went along with Qwark in receiving it. Out from behind, Dr. Nefarious and Lawrence on a miniature hovercraft appeared and the menacing doctor revealed his plan to the heroes, that which he would unleash the Light-Eating Z'Grute upon the city to kill them. However, in an unexpected turn of events, the Z'Grute raged uncontrollably, giving Nefarious no control over the creature. Reaching for Lawrence for help, Lawrence cowardly walked away, stating it was time for him to tender his resignation, leaving Nefarious forced to join forces with Ratchet, Clank and Galactic President Qwark to prevent the Z'Grute from causing more damage through the city of Luminopolis. The rare creature attracted the attention of a vast and powerful machine known as Ephemeris the Creature Collector. The heroes were accidentally transported to a marooned planet called Magnus by the machine, a planet containing a dark secret that not even its caretakers fully understand, and are forced to work together for their own survival in finding a way off the unknown planet. The foursome awake in a testing hub in an unknown location and are forced to participate in testing to disguise themselves as minions. The four soon encounter a little girl named Susie, who assists them in escaping the facility.

After escaping the creature collecting facility, the foursome encounter Cronk and Zephyr who report via hologram to inform them that they were traveling to Magnus to retrieve them but got stuck in an asteroid field and until they are assisted, there was no way for them to get them. Realizing they were trapped for good, the four gazed, stunned by the environment they were transported to. Susie then proceeded to direct the foursome to a small village inhabited by a race of creatures known as Tharpods, the natives of the planet. One of them informed the four of the background behind Ephemeris, claiming it to have been around for over 100 years, snatching the universes' most dangerous creatures and transporting them to their planet. The native referred them to the Creature Collector's emissary, Commander Spog, who had been attacking the Tharpods and protecting the machine for years. The Tharpod figured Ratchet and Clank for candidates to help protect the planet from the chaos caused by Ephemeris and Spog, but Ratchet, retired from heroics, was unenthusiastic about going on another adventure to help, but confirmed he would notify the Polaris Defense Force to assist them once he was off the planet. Ratchet had a change of heart, however, when he heard Susie's parents were killed during Ephemeris' raid on Totem Fi, she was an orphan, and agreed to help track down Commander Spog. After destroying a wigwump while using jetpacks on their trail to Spog, Clank came across a holo-journal narrated by Frumpus Croid explaining the attack of Uzo City orchestrated by Spog and his armies and that the controller of Ephemeris had a plan for the creatures the machine had been capturing all those years. After a fight, Nefarious jokingly and insultingly commented that he wasn't going to carry the exhausted Qwark if he passed out and the pair continued their search for Spog.

The pair eventually tracked down Spog and after a long chase, defeated him. Spog was near destruction, but agreed that if Nefarious repaired the damage they had caused him, he would, in return, tell them how to defeat Ephemeris. Once Spog was repaired, the commander told them that "only the architect who [lived] in the forest of the blue rocks" had the answers they were looking for. Qwark commended Nefarious' good actions, saying that "[he] did the right thing", to which Nefarious countered angrily, telling Qwark to "Get bent".

During the adventure, Nefarious constantly complained about Qwark and even tried to kill him at one point, though because Qwark moved Nefarious accidentally fell off the edge of a platform and was saved by Qwark, this filled Nefarious with uprise and gave him a change of heart.

Towards the end of the adventure, Nefarious started treating the others as if they were friends, and during the final battle against the Loki Master, Nefarious saved Qwark and dealt the finishing blow to the Loki ultimately saving the universe.

After Cronk and Zephyr landed Nefarious seemingly reasserted his supervillain attitude and escaped with Lawrence in their ship, but during the end credits Nefarious was seen looking at a picture of him with Ratchet, Clank and Qwark with a sad look on his face, as he was purely upset to have to leave his friends.

*Ratchet & Clank: Full Frontal Assault*

Nefarious did not appear in the story. Instead, he appeared as one of the multiplayer characters, he was available as part of the Villains Pack alongside Tachyon and Drek.

*The Ratchet & Clank Collection*

Nefarious met Clank on a planet and they began insulting each other after watching the events of *Up Your Arsenal* . Nefarious claimed that he should have killed Ratchet and Clank when he still had the chance.

*Ratchet & Clank: Rift Apart*

After many years in hiding, Nefarious (now with his face repaired) to hire mercenaries to finish off Ratchet and Clank during the parade in their honor. Once the mercenaries fail, Nefarious shows up in person while stealing the Dimensionator that Clank had repaired. A fight ensues between the two protagonists and the mad scientist using both his ship and the Dimensionator to gain the advantage but when his flying machine can no longer hold up, Nefarious attempts to use the Dimensionator to send the duo in a dimension where he was still winning, causing real dimensional chaos. Once the mishmash is over, the three individuals land in an unknown dimension and before Ratchet can beat him, the dimensionator explodes, scattering Nefarious, Ratchet, and Clank across the dimension.

Nefarious then wakes up in an office belonging to his alternate self where everyone foolishly takes him for the Emperor Nefarious. Realizing where he is, Nefarious begins to dance for joy and laugh devilishly as he attributes his counterpart's achievement to himself. He then sits at the desk and laughs again, this time accompanied by the Emperor's assistant.

Rainbow Dash: She knows so much about gardening and I think that's so awesome.

Scootaloo: Yeah and her story is incredible.

---

Elena Rōzuenjeru: (Japanese Accent) (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Elena, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Elena Rōzuenjeru: (Japanese Accent) That's incredible.

Nico: It sure is. So, Elena, what's the story on why you hate Lola with a burning passion?

Elena Rōzuenjeru: (Japanese Accent) You're not going to like this story one bit. One day, Lincoln and I were at the backyard of my house, and we've been tending to the vegetable gardens and they were doing great. But, then, we heard the sound of a shrill scream in the air and we also saw something headed this way, and Lincoln saw just who it was: it was Lola, and she was on another destructive rampage again. She was really furious that Lincoln wasn't at home and forced to do her bidding, but Lincoln told her that he was busy, and he wasn't going to tolerate her blackmailing or forcing him to do her bidding anymore, and politely told her to go home. But, Lola just got extremely angry and she began destroying our vegetable gardens in a fit of extremely violent rage and she even chopped down the cherry trees we planted. This got me so enraged, I used my karate moves on Lola and I gave her the beatdown of her life. Lola got up, but she was now beyond enraged and she was about to kill me, but Lincoln trapped her in a ball of ice and stopped her cold. He called Mr. and Mrs. Loud and told them of what Lola did, and they were horrified and since they saw she had no remorse, Lola got grounded for two months and she was thrown in an isolation cube in the basement. All of our hard work was ruined by that little monster, and ever since that day, I hated Lola with a burning passion.

We were shocked.

Nico: Jeez, I knew Lola was extremely violent, but this, what she did in ruining yours and Lincoln's hard work in those cherry trees and vegetable gardens was going too far.

Me: And it led to Elena developing a burning hatred for Lola.

Lincoln: It would take a very long time for Lola to earn back my trust.

Lori: Lincoln was really mad at her big time for what she did, and he really did question if Lola's just a rotten monster who has no love for any of us at all, and just uses us as her playthings. It got to us badly to see Lincoln like this, and we've done a ton of atrocious things to him.

Lynn: But, we didn't want him to be depressed, so when night fell, we went to Lincoln's room and we decided to help him out by comforting him, and we told him that he was right to stand up to Lola. It was the first time we broke free from those Dark Sides of ours.

Luan: Yeah, and what Lola did, she crossed a big line and she almost got that close to losing Lincoln's trust in not only her, but also, me, Lori, Lynn, and Lisa, because of our Dark Sides. Eventually, Lincoln broke down and cried, but we continued to comfort him, and we spent the night with Lincoln. Here's the picture.

Luan showed us the picture of her, Lori, Lynn, and Lisa with Lincoln in bed, and he was hugging Lori, but we did see tear streaks in his eyes.

Me: Lola really did it this time.

Nico: Yeah, it's great that you, Lori, Lynn, and Lisa were there for Lincoln, but it really hurts to see him like that.

Lori: It literally did.

Lincoln: But, Lori, Lynn, Lisa, and Luan's plan did help, and I did get better.

Luna: It was nice to see those four get a break from those rotten Dark Sides of theirs, dude. But, I was still on the alert on those four and the pageant princess demon.

FLASHBACK ENDS

Whirlwind: My goodness! But at least Elena forgave her and the dark sides are never gonna terrorize anyone ever again.

Marion was looking for her archenemy and then a figure came out and it was Chloe Bourgeois 4th Villain Persona, QUEEN BANANA!

She also has four mini bananas attached to a black circle on her chest and has yellow skin.

As Queen Banana, Chloé gets immensely vengeful towards her half-sister Zoé, searching to turn her into a banana and blaming everything on her, all while turning everyone that crosses her and her sentimonster's path. She also isn't afraid to show dishonesty, as she promised Zoé she wouldn't hurt anyone else if the latter gave herself up, but immediately turned a nearby bystander into a banana. Queen Banana is also very cunning and loves chaos as well. This is shown when she purposely lets Cat Noir use Cataclysm on her sentimonster causing it to go out of control and cause more chaos in Paris.

Queen Banana is armed with a banana gun that can shoot out bananas, causing any human it touches to turn into a banana. She also possesses a floating banana-themed car equipped with circular weapons, that can also shoot out bananas. She is given minimum control of her sentimonster, which has the same exact ability as her.

Nathalia Evenmenshikova VS Radu

---

Nathalia was looking for her archenemy. Then a figure came out and it was RADU BARVON!

---

Radu makes his initial appearance in "The Iblis I. Evening Visitors" episode 12 with Ion as an Imperial envoy charged with delivering a letter to Cardinal Sforza. When Ion was shot by Father Tres with a silver bullet, he comforts his comrade and treats Ion's injury, extracting the bullet and then gently licking Ion's wound.

Radu betrays Ion and attempts to arrange Ion's assassination in such a way that the Vatican will be framed for Ion's death. He ultimately fails in his endeavour, and dies after being exposed and burned by sunlight.

Later, under the direction of the Dietrich, Radu's body is resurrected with artificial blood and skin; Dietrich uses the reanimated Radu to allow the Rosenkruez order to assist the Duke of Tigris with the plot to assassinate Empress Augusta Vradica. Radu is sent before the nobles in court where he openly accuses Ion of plotting treason against the Empire. Despite being under Dietrich's control, enough of Radu's spirit remains that he displays reluctance to kill Ion while on the Island of Beloved Children. After the failure of the Duke of Tigris and his conspirators to kill the Empress, Radu is sent by Dietrich to locate a secret weapon buried within the borders of the Empire. Radu successfully acquires critical information on the machine, but is confronted by Abel Nightroad in his crusnik form before he can leave. Radu gains the upper hand in this battle after disabling Nightroad, at which point Seth arrives. Dietrich's attempt to overpower the Empress using Radu fails after Seth activates her Crusnik form, at which point Radu is finally finished off by Seth when she uses her Fire of Sound technique, which causes Radu's body to physically dissolve into salt.

Nathalia: And you are?

Radu Barvon: Permit me to introduce myself. Radu Barvon, Baron of Luxor and Flamberg of the Rosencreutz Orden and your archenemy.

Nathalia: Wow awesome to meet you. This is gonna be an interesting battle.

Radu Barvon: It sure is. Shall we see how powerful you are?

He then fired a massive blast of blue fire and then Nathalia fired a wave of green fire and the blasts collided and exploded and then Nathalia fired a wave of fire and smashed him down.

---

Sunny Flare was facing Volpina.

Volpina: Man it's awesome now that we have so many of my fellow Akuma in the M.O.E.

Sunny Flare: I think it's awesome too. As long as you don't have Lila Rossi in the group.

Volpina: I admit that Lila Rossi is a total bitch but she is not worthy of being with the M.O.E.

Sunny Flare: You got that right.

Volpina: Yeah. Lets do it!

Sunny fired waves of fire and smashed her down.

---

Bulent VS Tanya von Degurechaff

---

Bulent was looking for her archenemy. And then out came TANYA VON DEGURECHAFF!

---

Tanya von Degurechaff is the titular main protagonist of the light novel/anime series Youjo Senki: Saga of Tanya the Evil. Originally a salary man murdered in 2013, he was reborn as a girl living in an alternate universe version of Europe during World War I. At just nine years of age, Tanya enters the Empire's Mages Division and is promoted to Second Lieutenant. Her talents, efficiency, and ruthlessness makes her an asset for the Empire and a threat on the battlefield.

In her pre-reincarnation, he was voiced by Kosuke Toriumi in the Japanese version, and Josh Grelle in the English version, while as Tanya, she is voiced by Aoi Yūki in the Japanese version, and Monica Rial in the English version, the latter of whom also voiced Stocking.

Backstory

Not much is known about the protagonist in his original life, including his name. He was a salary man in 2013 Japan who gained a reputation for his ruthlessly utilitarian and career-minded personality. He was murdered by a former employee whom he had fired for valid reasons earlier that day. However, after his death he was confronted by an entity calling itself God. As an atheist, he denied God's existence, choosing to dub it as "Being X/Existence X" (variable by translation). When the two get into an argument about faith and modern humans, Being X became enraged. The salary man claimed that modern technology and convenience leads to a safe world where gods are not needed. As punishment for his lack of faith, Being X decided to reincarnate him in a world without these benefits in the hopes to crush the salary man's will and force him to accept Being X as God. He was sent to an alternate World War I Europe, were he was reincarnated as a orphaned baby girl. Before his reincarnation, the salary man was warned that if he did not die in a peaceful, natural way, or without faith, he will not be reincarnated again and sent to hell.

Youjo Senki: Saga of Tanya the Evil

The protagonist was reborn in an alternate reality of 1913, as an orphan girl named Tanya Degurechaff. Spending the first years of her life in a nunnery, her outlook for a good life initially looked slim. Even worse, she was living in the Empire (the equivalent of Imperial Germany), a nation beset on all sides by potential enemies. Luckily, Tanya had exceptional magic potential, a rare talent sought after in the Empire. Knowing that with this aptitude, she would eventually be conscripted, Tanya volunteered for the army at the age of 8 in order to receive officer training. She intended to rise in the ranks and then live a comfortable life in the rear lines away from danger, both for her sake and in order to spite "Being X". Yet even though Tanya was successful at impressing the leadership, it backfired, as her talents made her a necessary asset on the front lines.

She has a heartless, selfish, amoral, and terrifyingly ruthless personality. Yet at the time of the bloodiest war of this world, she might be described as the "ideal soldier". On the outset Tanya is viewed as either a patriotic, caring hero or a bloodthirsty, merciless monster.

---

Bulent: Tanya Von Degurechaff. I've heard about you.

Tanya Von Degurechaff: Yeah and I will make sure you suffer.

Bulent: Bring it on.

She fired a fireball and it hit her and burned her and smashed her down.

Dark Marinette: That's right. I am filled with revenge over Lila Rossi for ruining my life.

Sonnya Polumesyats: Lila is in the Saturn Nuthouse forever and she was turned into a solid gold statue from what I heard.

Dark Marinette: That's good. I'm glad she is gone. But I can never forgive her.

Sonnya Polumesyats: I don't blame you one bit. She has caused nothing but problems.

Dark Marinette: I agree. Lets do it!

Sonnya fired waves of energy and blasted her down.

Dr. Nefarious: Team Loud Phoenix Storm!?

Nico: That's right! You're going to pay for everything you did!

Me: Yeah!

Nico: So, you were the one who sent Savage Opress to distract us.

Turbo: (dodges a Chromite) Crap! What do we do?!

I punched and blasted numerous robots!

Sunset got an idea.

Sunset: Everyone in the audience! Lend Ratchet, Clank, and their friends your strength! They get stronger with your support! When I give the signal, share your energy with Ratchet, Clank, and their friends! Okay? Ready… go!

Everyone in the audience began sharing their energy with Ratchet, Clank, and their friends. And soon, Ratchet and Clank found the strength to get up.

Clank: Do you hear that, Ratchet?

Ratchet: I do, Clank. Everyone's rooting for us. We can't give up now!

Ratchet threw his Omniwrench at a Chromite and a robot, knocking both down.

Me: Take that!

Nefarious: NO! WHY WON'T YOU JUST DIE!

I fired waves of elements and blasted Nefarious all over.

Suddenly, Sunset Shimmer's jade green eyes turned neon jade green, and she was surrounded by a red and yellow energy aura with Alicorns, flames, suns, and phoenixes, she unholstered her massive Sword of Forgiveness from her back, and as she approached Kyle and Salty Mike, she left red and yellow energy, Alicorns, flames, suns, and phoenixes with every step.

Sunset Shimmer: You really make me sick, Dr. Nefarious, it's bad enough you not only antagonized Ratchet and Clank, but you've constantly threatened the galaxy and all the innocent people that live on their home worlds. As the Alicorn Princess of The Fire Skylanders and Forgiveness, I cannot forgive such a blatant disregard for innocent lives any longer, and for that, you will pay the ultimate price.

Suddenly, Sunset Shimmer was surrounded by a massive vortex of red and yellow energy with flames and suns surrounding it, there's an Alicorn flying around the vortex, and inside the vortex is an orange phoenix. Then, as the vortex faded, Sunset Shimmer emerged, but she was changed forever.

Sunset Shimmer has transformed into SUPER ANGEL-ALICORN INFINITY FIRESTORM SUN ALICORN ANGEL OF ETERNAL FORGIVENESS AND ETERNAL SUN LOVE!

We were amazed by Sunset Shimmer's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Dr. Nefarious saw it, he went ballistic and tried to blast her, but Sunset Shimmer dodged it, and she fired powerful red and yellow energy blasts with flames, Alicorns, suns, and phoenixes at him, and they exploded with incredible power as they hit him, but he's not out yet.

Nico: He sure did, Ratchet, but we're not done yet, we still got an evil mystic priestess from Soma Cruz' past and a fanatical supporter of Dracula to deal with, and she's about to arrive… right now!

?: Soma Cruz, you will pay for not only denying your destiny, but also, for killing me!

Soma Cruz: I should've known there's no mistaking that voice from anywhere. You can come out now, Celia Fortner.

A figure came out, and it was none other than Celia Fortner, the mystical priestess and leader of The With Light Cult who tried to bring Dracula back by pushing Soma Cruz into becoming the Dark Lord.

Soma Cruz: Celia Fortner, I should've known you'd come back, but try as you might, I've told you a million times, I'm never going to become The Dark Lord.

Celia Fortner: Without Lord Dracula, the balance is doomed, why do you all fight against it?

Sunset Shimmer: Because, what you're saying is nothing more than a pack of lies, Celia Fortner.

Lincoln: Yeah. Dracula has caused a thousand years of terror and destruction to all of Europe, and so many innocent people have suffered, and we made sure that he was dead and gone for good, and Soma Cruz is nothing like that monster, not anymore.

Celia Fortner: Then, you will all die for ruining our plans to bring Lord Dracula back.

Sunset Shimmer: No, the only one who's going to pay here is you, Celia Fortner.

Suddenly, Sunset Shimmer's jade green eyes turned neon jade green, and she was surrounded by a red and yellow energy aura with Alicorns, flames, suns, and phoenixes, she unholstered her massive Sword of Forgiveness from her back, and as she approached Celia Fortner, she left red and yellow energy, Alicorns, flames, suns, and phoenixes with every step.

Sunset Shimmer: Dracula paid for every last one of his crimes against humanity and God that he's committed for over a thousand years, and we made sure that he paid for it with his life, he and his minions both. But, you refuse to see that if Dracula returns, it would lead to the end of the world.

Celia Fortner: The balance between good and evil must be restored, and for that, Lord Dracula must return.

Sunset Shimmer: No, Celia, your fanatical devotion to bringing The Dark Lord of The Vampires back has blinded you to the truth that your lord is a monster who wants to destroy everything, and now, you will pay for trying to turn Soma Cruz into another Dark Lord of The Vampires.

Suddenly, Sunset Shimmer was surrounded by a massive vortex of red and yellow energy with flames and suns surrounding it, there's an Alicorn flying around the vortex, and inside the vortex is an orange phoenix. Then, as the vortex faded, Sunset Shimmer emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sunset Shimmer grew from 6'5" to 6'11" in height, she has the body of a goddess, she has red and yellow highlights in the bangs of her long red and yellow hair, she has neon light green eyes and a red and yellow energy aura with Alicorns, flames, suns, and phoenixes surrounding her, she has an Alicorn with the Fire Kanji and a Sun on its horn emblazoned on her forehead, she has on Alicorn earrings with red gems for eyes and holding the Fire and Eternity Kanjis in its hooves on her ears, her golden Amulet of Earth has red gems in the gold lightning bolts on her Thunderbird Necklace of Eternal Love and red crystals embedded in it because her Crystal Necklace of the Buddha merged with it, and in addition to the gold Thunderbird pendant, there's an Alicorn with red gems for eyes and they're holding the Fire and Eternity Kanjis. Sunset Shimmer is dressed in a sleeveless red blouse with yellow flames on it and a red and yellow phoenix, black pants, gold high-heeled boots, and a long red sleeveless trenchcoat with suns and yellow flames on the coattails, and on the back is an Alicorn surrounded by flames and right on top of its horn is the symbol of The Fire Skylanders. Suddenly, Sunset Shimmer felt a sharp pain on her back, and then, massive red and yellow angel wings with golden yellow tips on the feathers, sprouted out from her back, Sunset Shimmer has on her Ring of the Phoenix with large red and yellow gem on her left ring finger and Red Lantern ring on her right ring finger.

Suddenly, Sunset Shimmer's massive Sunset Shimmer's Alicorn Greatsword of The Sun's Firestorm Forgiveness, Sword of the Knights of The Friendship Table, Destroyer of The Armageddon 23, Sword of Forgiveness, and all the other swords from the treasure battles began merging together, and they were surrounded by a kaleidoscope of red and yellow energy, fire, and suns, and when it emerged, it was transformed into Sunset Shimmer's Firestorm Alicorn Greatsword of The Sun's Forgiveness, it's a brand-new greatsword with a 7'0" massive, wide, double-edged red and yellow blade with her cutie mark and suns etched on the blade, large gold Alicorn heads for the crossguard, large red gem embedded in the rainguard, longer black handle, large gold Alicorn heads with orange gems for eyes and a large orange gem on the bottom of the heads for the pommel, she has on her large gold cuff Bracelets of The Champions of The Universe with orange gems on her wrists, her new Belt of Elemental Bravery with an Alicorn for the belt buckle and orange gems for the eyes and a large orange gem in its collar for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. Sunset Shimmer has transformed into SUPER ANGEL-ALICORN ETERNITY INFINITY FIRESTORM SUN ALICORN ANGEL OF ETERNAL FORGIVENESS AND ETERNAL SUN LOVE!

We were amazed by Sunset Shimmer's Super Angel-Alicorn Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Celia Fortner saw it, she flew into a rage and ordered an army of demons to kill her, but Sunset Shimmer fired powerful red and yellow energy blasts with suns, Alicorns, flames, and phoenixes, and incinerated the demons, and another blast hits Celia Fortner and she was sent flying into a wall, but she wasn't out yet and she was enraged.

Ratchet: Whoa, Sunset Shimmer's transformed, so that's her…

Nico: Yep, that's her Phase 2 transformation, and she and Lincoln are going to close out her special mission with you guys by putting an end to Celia Fortner for trying to turn Soma Cruz into another Dark Lord of The Vampires.

Lincoln: That's right, Nico, and Sunset Shimmer, you look beautiful. How do you feel?

Sunset Shimmer: (Divine Echoing Cosmic Voice of The Firestorm Alicorn and Divine Forgiveness Love) **I feel incredible, Linky. Now, shall we deal with this priestess of darkness once and for all?**

Lincoln: (Smiles) With pleasure, my Alicorn Princess of Forgiveness.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Sunset Shimmer.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time for you to pay for everything you've done, Celia Fortner.**

Sunset Shimmer and Lincoln went after Celia Fortner, who continued to fire blasts of dark magic at them, but they dodged them all, and they fired fired powerful blasts of rainbow energy, red and yellow energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at Celia Fortner, and they exploded with incredible power as they hit her. Then, Sunset Shimmer and Lincoln attacked her with their massive large greatswords and they left scars on her. Sunset Shimmer fired a blast of fire which blindsided Celia Fortner, and it allows Lincoln an opening to ambush her and he bit her on the neck and began sucking out all of her blood and her powers and he made them his own.

Then, he saw who it was that brought her back from the dead: it was an old enemy of his from the past, Mia, she was a maid that the family of his Guardian Angel, Isabella Van Kessler, hired to help her out. Unfortunately, Mia was pure evil, she was a heartless witch that had an unbridled jealous towards Isabella, and she wanted her life and Isabella can have nothing. But Lincoln caught wind of her filthy lies, and she was fired by Isabella's parents, but Mia went bonkers and set Isabella's entire house on fire and burned it completely to the ground. She then developed a massive and relentlessly blazing hatred towards all rich people in general for treating poor people like trash and she vowed that if she couldn't have the rich lifestyle, then she was going to make sure that no one else ever would either! She made Isabella and her entire family homeless, and Mia was arrested for arson and she was laughing proudly for her deed. She was a heartless psychopath and she vowed that one day she would get out of jail and burn all rich people's homes to the ground and make them all suffer the way she felt for a long time.

When Lincoln was done, Celia Fortner was reduced to a desiccated corpse drained of all blood, and as soon as her spirit appeared, Sunset Shimmer drew a kanji on her forehead, and she was erased by The Black Gates forever. We cheered wildly for what Sunset Shimmer and Lincoln did as they holster their massive greatswords on their backs and power down, and Sunset Shimmer's new body, clothes, weapons, jewelry, and massive red and yellow angel wings are permanent.

Sunset Shimmer: That's another servant of Dracula put down for good. Thank you for helping me take down and destroy Celia Fortner, Linky.

Lincoln: (Smiles Warmly) You're welcome, Sunset Shimmer.

Suddenly, Sunset Shimmer wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Sunset Shimmer's face, they kissed passionately as Sunset Shimmer's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Alicorn, and Angel flying in the air, and we saw a herd of Buffalo running across the field, along with elemental forces and flames raging around them and we cheered wildly. Lincoln and Sunset Shimmer sucked in the flames and they came back to us.

Ratchet: Now, that's what I call one fiery display of love.

Nico: You said it, and Linc, did you see who it was that brought Celia Fortner back from the dead?

Lincoln: I'm afraid so, Nico, and it's someone that I hoped never to see again: the figure who brought Celia Fortner back from the dead is Mia, she was a maid the family of my Guardian Angel, Isabella Van Kessler, hired to help her out. But, Mia was pure evil, she was a heartless witch that had a nasty unbridled jealous towards Isabella, and she wanted her life and Isabella can have nothing. But I was the only one who caught wind of Mia's filthy lies, and Isabella's parents fired her, but then, Mia went bonkers, and she set Isabella's entire house on fire and burned it completely to the ground. She then developed a massive and relentlessly blazing hatred towards all rich people in general for treating poor people like trash and she vowed that if she couldn't have the rich lifestyle, then she was going to make sure that no one else ever would either!

We gasped in pure shock.

Me and Nico: That bitch!

Lincoln: My words exactly, J.D., she made Isabella and her entire family homeless, and Mia was then arrested for arson and she was laughing proudly for her deed. She was a heartless psychopath, and she vowed that one day she would get out of jail and burn all rich people's homes to the ground and make them all suffer the way she felt for a long time.

Rarity: My word, she's a monster.

Lincoln: She sure is, Rarity, and if that heartless monster breaks out of jail, I'm going to give her The Hellfire Vengeance Curse and condemn her straight to Hell for all eternity. That monster doesn't even deserve to live a single second further for making Isabella and her family homeless.

Nico: You got that right, Linc. Which means we'll run into Isabella on your rescue tomorrow.

Lincoln: I was just about to say, and if she was Gene-Slammed into any creature, I'd go with Gisela, Blade of Goldnight.

Lincoln took out the card with Gisela, Blade of Goldnight.

Nico: Now, that's a really good one, Linc.

Lincoln: Yeah, and it'll be perfect for her, because Isabella was born with incredible light powers and amazing strength, and she's a good rich girl.

Me: Awesome.

Suddenly, the Elements of Harmony embedded in my massive greatsword were glowing.

Nico: Uh oh, someone's about to ascend.

Ratchet: Ascend?

Nico: This sort of thing happened to Sunset's other friends, The Cutie Mark Crusaders, and even J.D., I wonder who it's going to be.

Suddenly, we saw Lincoln and his sisters glowing, and we found out who it was that's about to ascend and they were suddenly entombed in massive energy domes.

Twilight Sparkle: Oh man, it's Linky and his sisters!

Lincoln and his sisters were in a beautiful serene ethereal space full of stars and nebulae.

Lincoln: Whoa, where are we?

Lori: I have no idea.

Suddenly, Princess Celestia appeared.

Lincoln: Princess Celestia? (Realizes something) Wait, this means…?

Princess Celestia: (Smiles and Nods) Yes, that's correct, Lincoln. Just like J.D., you and your sisters have come a long way since you all first got your powers, and throughout your journeys, you each had to overcome many trials and dark moments in your lives. But, you persevered and triumphed, and now, you're all ready for the next part of your journey.

Lynn: Whoa.

Then, Princess Celestia began showing moments of Lincoln and his sisters from when they got their powers to many of our great achievements over the years.

Princess Celestia: (Singing) You've come such a long, long way

And I've watched you from that very first day

To see how you might grow

To see what you might do

To see what you've been through

And all the ways you've made me proud of you

It's time now for a new change to come

You've grown up and your new life has begun

To go where you will go

To see what you will see

To find what you will be

For it's time for you to fulfill your destiny

Outside, the energy domes then exploded and turned into massive and beautiful rainbow vortexes with elemental forces surrounding them. Then, the vortexes around Lincoln's sisters faded, and they emerged and changed forever.

The clothes that Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, and Lily had gotten when they transformed into their Super Angel Infinity and Eternity Infinity forms remained the same, but they now have on gold-armored knee-high boots and their sleeveless trenchcoats turned white, but the decorations, animals, and kanjis below them remain the same, along with all their weapons and spellbooks, jewelry, and massive angel wings. Their weighted colored bands on their thighs remained the same along with the eight large colored orbs orbiting around their legs, but their weighted colored bands on their biceps were covered by gold bands on their biceps and thighs

Nico: Now, that's really cool.

Then, we saw the massive rainbow energy vortex surrounding Lincoln fade, and he emerged and like his sisters, he was changed forever.

Me, Nico, and Eli: Whoa, now Lincoln's emerged, and he's gone through the same transformation as his sisters.

Ratchet: That's really incredible.

Clank: Indeed, Ratchet.

And when the girls in Lincoln's harem saw him, their faces turned atomic firetruck red, steam whistles out of their ears, their eyes turn to hearts, and their noses were all bleeding like crazy, and then, they also jumped into the air.

Lincoln's harem: (Wolf Whistles) (Howls like a wolf)

Then, we saw them perform the same kinds of wild takes as Tex Avery McWolf. But, we saw what they did and we shared a laugh, and then, the girls in Lincoln's harem jumped him and he was then covered in lipstick marks on his face and massive muscular upper body and eight pack abs, we also saw lipstick marks on his new massive white angel wings, and Lincoln was now laughing goofily with steam coming out of his ears, a red atomic blush on his face, and hearts in his eyes.

Nico: Dang, Lincoln's going to be in for one really wild time with his harem tonight!

We laughed.

Lincoln: (Snaps out of it) That was one wild reception I got. But, now, we got to get ready, tomorrow, we're going to meet Jak and Daxter.

Taranee: I can't wait to see them again. But, you also know what tomorrow is.

Lincoln: Yep, the return of The Doomsday 23. But, we're more than ready for them now, Taranee. We have stopped The Church of Necrom and The Blood Dragons, and we've recruited The 27 Champions of Harmony, and we've also stopped The Church of Necrom's other contingency plans.

Nico: And in doing so, we've prevented any unnecessary trouble from springing out of nowhere. Now, we rest, for tomorrow, the battle to bring a permanent end to The Doomsday 23 is on.

Ratchet: You said it, Nico. (To The Viewers) We've finally gotten rid of Dr. Nefarious and stopped his plans to destroy the galaxy. But, now, tomorrow we're in for an epic battle to put an end to The Doomsday 23 once and for all, and stop The Church of Necrom's revenge once and for all.

Me: Yes we are ready for them.

Qin: Yeah we sure are.

Nico: That's for sure. But great job today guys! The universe is saved from Nefarious. Lets head home.

We went back home to Earth and enjoyed the rest of the day with an awesome party. We then enjoyed the rest of the day and went to sleep.

Meanwhile on the world of Jak and Daxter, Jak, Daxter and friends were getting ready for our arrival.

JaK: I can't wait for Team Loud Phoenix Storm to come.

Daxter: It'll be awesome to see Taranee again.

Jak: It sure will be cool. Lets get to work!

They flared up their Ego and went at the screen.

Camie: Who is Barodius?

Me: You would hate this guy to the core with every fiber of your being Camie. I hate him times 500.

I went over his history.

---

Barodius, later known as Mag Mel is the main antagonist of Bakugan: Gundalian Invaders, and later the main antagonist of the first arc in Bakugan: Mechtanium Surge. He is the former Emperor of Gundalia until he betrayed his subjects when he used them as pawns for his obsession for the Sacred Orb as well as killing 4 Gundalians (Gill, Airzel, Stoica and Sid Arkale). His Bakugan partner is Dharak, Later they both get imprisoned into a Dark Reverse Dimension in Bakugan Interspace by Code Eve when they refused to accept defeat and were transformed into her armored forms called Mag Mel and Razenoid. Barodius is the arch-nemesis of Dan Kuso

He was voiced by by Ken Narita in the Japanese version, and by Shawn Meunier in the English version, the latter of whom also voiced Sesshomaru and Dr. Stylish. *Bakugan: Gundalian Invaders*

Barodius first appeared in Dan Kuso's vision, ordering the rest of the Twelve Orders Bakugan to destroy the Neathian Bakugan. Later, Barodius is seen on Gundalia asking the other Twelve Order members what they found out about the powerful Bakugan on Earth. Hearing about the unknown Bakugan's strength and power, he ordered Gill to make sure they came to their side instead of their enemies', the Neathians. It was then that he sent Sid Arkale and Lena Isis to learn more by visiting (and ultimately brawling) in Bakugan Interspace.

The next day, Barodius spoke to Gill briefly about how the recruitment of human battlers was coming along, and told Dharak that his services are not yet required. He watched the progress of the human recruits with the rest of the Twelve Orders. While Dharak noted that they weren't too bad, Barodius wasn't satisfied, ordering Ren Krawler to gather more brawlers by any means, having become more eager to obtain ultimate power and something he referred to only as "The Element".

Later, Barodius, Gill and Kazarina demanded to know why Ren had failed to bring the Battle Brawlers over to their side. Kazarina mentions a rumor going around that Ren has come to sympathize with their enemies to which Barodius warns Ren that if he finds out he has betrayed him, he will be punished severely. He also appeared in a flashback about Ren's past when Barodius chose him to lead his team to Earth. When Sid returns after failing to defeat Dan Kuso and losing the Element, Barodius was furious and punishes Sid and Rubanoid for their failure. He gave Ren one last chance to set things right, and warned him not to mess it up.

A few days later, Barodius and the rest of the Twelve Orders were furious with Ren's Team for their constant failures and ordered a preemptive strike on the Neathians. He and the other Twelve Orders fought the Battle Brawlers on Neathia in order to get the Sacred Orb. Barodius formed Dharak Colossus and used him to break down the Neathian's Second Shield. He then met Dan and Drago for the first time and battled against them. In the middle of Dharak and Drago's fight, the Sacred Orb sent Dharak and Barodius, along with all the other Gundalians, back to Gundalia. He wondered what powerful object could send all the Gundalians off of Neathia, and later suspected that the Element was responsible.

In a flashback, when Nurzak comes to visit Barodius and warns him again about why his father refused to possess the power of the Sacred Orb, but he responds by cruelly insulting his late father by calling him a "superstitious old fool" and they should embrace the Sacred Orb and gain the ultimate power for himself. Nurzak secretly gets disgusted by Barodius of always speaking ill of his late father and insulting his memory.

Barodius tortures Kazarina as punishment for letting Mason Brown escape and then failing to get him back, seemingly turning her against him. Gill informs Barodius of Nurzak and Kazarina's rebellion and he managed to stop Nurzak before he could make a peace treaty with Neathia and attempt to overthrow him. They argue over the views of Barodius' father who respected and feared the Sacred Orb's power, as does Nurzak, who offers Barodius one last chance to call off the war on Neathia or face the consequences, but he selfishly refuses, once again calling his father nothing more than a superstitious old fool. Nurzak has finally had enough of Barodius' tyranny and the way he always treated his father and not caring about him at all. However, Nurzak knew Barodius would refuse to stand down and orders Kazarina and the soldiers to capture Barodius, but they refuse. It was then revealed that Barodius sent Kazarina to spy on Nurzak to prevent his betrayal. Barodius battles Nurzak and defeated him with Dharak's AirKor (while killing the soldiers in the process) but he was thought to have killed Nurzak, but he was simply banished to the space in between dimensions. Afterwards, Barodius cruelly laughs at the destruction of his father's portrait.

Barodius reveals to Ren that he was only keeping him around because of the Forbidden Power that Linehaltpossesses. He promised Ren that he would have the life in the sun he always dreamed of after they defeated the Neathians. He then launches a campaign to permanently destroy the renewed Second Shield. He easily defeats Dan and Drago and then pierces a hole in the Second Shield. After ordering Ren to finish Dan and Drago off, by promising to reveal the secrets of Linehalt's Forbidden Power, Ren decides to switch sides and betrays Barodius.

He fights Ren and was winning until he taunted Ren for not being worthy enough to posses a Bakugan as powerful as Linehalt and admitting that he never intended to give them true freedom, causing Linehalt to unleash his Forbidden Power, which briefly takes out Dharak and threatens to destroy the planet. The Sacred Orb then summons it's last line of defence, Dragonoid Colossus, which defeated Linehalt and disappeared in Dan's BakuMeter. After seeing this, Barodius decided to retreat but swore to get his hands on Dragonoid Colossus.

Later back in Gundalia, Barodius sees that Dan is the one in possession of Dragonoid Colossus and ordered Gill and Airzel to separate him from the others so that he could battle him and take it personally. He later tells the hypnotised Jake Vallory that he is going to help him destroy the Battle Brawlers. Barodius later confronts Dan when he stumbles across the throne room.

Barodius challenges Dan for the power of Dragonoid Colossus, saying that Dharak was the only one worthy of possessing it's powers, and called Dan pathetic for putting his friends before himself. They then battled, but despite Drago's new powers, Dharak easily overpowered him. Just as he was about to win, Dan restored Drago's confidence and a brand new ability was unlocked which he used to defeat Barodius. Dan demanded Jake to be returned, to which he complied, but Jake is still under the effect of Gundalian hypnosis and he knocked Dan out. Barodius enjoys Dan's suffering and orders Jake to take Dan and Drago to Kazarina's lab.

In Kazarina's lab, Barodius watches Dharak evolve into Phantom Dharak alongside Kazarina and Gill, although Lumagrowl does attack when he spotted Shun, who does escape. and when Kazarina asked Barodius if he wanted to rename Dharak and he renamed him Phantom Dharak. After Dharak evolves, Barodius says to Kazarina that he is going to Neathia and promotes her as his new second-in-command and leaves her charge of Gundalia while he is gone, much to Gill's jealously and dismay.

When Barodius arrives on Neathia, he uses Phantom Dharak to destroy the 3rd Shield and he was successful. Barodius unleashes his massive army of Gundalian Soldiers and a brainwashed Lena, Jesse Glenn and Zenet Surrow to attack Neathia after Phantom Dharak destroyed the 3rd Shield. Barodius enjoys watching the Neathians suffer and many Castle Knights dying in his onslaught.

However, Dan and the other Battle Brawlers arrive just in time to help the Castle Knights. Dan warns Barodius it's the end for him. Stoica and Airzel arrive to help Barodius, but note the absence of Gill and Kazarina. Stoica reports that Kazarina is still brawling Princess Fabia, and that Gill's ship was damaged by the Brawlers and needs repair. Later after Kazarina's death, Barodius overhears Airzel and Stoica's conversation that Gill really stayed behind to get revenge on Kazarina and killed her out of jealously. Lena, Zenet and Jesse are free from Kazarina's mind control and join the Brawlers and Castle Knights in battling Barodius, Airzel and Stoica. When Dan tells Barodius to surrender as he is outnumbered, he and

Dharak are not bothered by this threat and with one attack, they defeat all of the Castle Knights and their Bakugans.

Fabia, Nurzak and Mason return to help, but Barodius easily defeats them and the rest of the Brawlers one by one; leaving only Dan and Drago. Just before entering the castle, Gill arrives to help Barodius in the battlefield, and claims Kazarina was taken down by Fabia in their battle. But Barodius reveals he had been listening to Stoica and Airzel's conversation and knows that Gill killed Kazarina. Barodius and Dharak attack Gill's ship and killed him along with Krakix, Airzel and Strikeflier in cold blood. Next Dharak sacrifices both Stoica and Lythirus to destroy Dragonoid Colossus. When Barodius reaches the castle, he wipes out the Neathian guards and goes to confront Queen Serena personally. In the throne room, when Dan is about to tackle Barodius and stop him from killing Queen Serena, the Sacred Orb teleports them (along with Drago and Dharak) to the space in between dimensions for them to face off in their final battle. The four of them are greeted by Code Eve, who is the Sacred Orb and the source of all Bakugan DNA.

Barodius and Dharak face Dan and Drago in their final battle for control over the Sacred Orb and the fate of the universe. At first, Barodius has the upper hand and plans to kill Dan and Drago while they are down, but Drago regains consciousness and defeats them and Code Eve returns back to Neathia. After Barodius loses his battle against Dan, he refuses to surrender and summons Dharak again to steal the Sacred Orb and take all of it's power for themselves. But they are both seemingly destroyed by an overload of vast energy and power from taking too much from Sacred Orb. Everyone celebrates Barodius' defeat and presumed death and peace is restored to both Neathia and Gundalia. Plus Gundalia is finally free from Barodius' tyrannical rule.

### *Bakugan: Mechtanium Surge*

In *Bakugan: Mechtanium Surge*, it is revealed that Barodius and Dharak are mutated into Mag Mel and Razenoid and imprisoned into the dark reverse dimension of Bakugan Interspace by Code Eve. They are restrained by some webbing that causes them to share their pain. Mag Mel creates Anubias and Sellon and send them to Bakugan Interspace to make generate amounts of Chaos Energy which would make him and Razenoid stronger. he also uses the Tri-Twisters and the Bash Brothers to give him more power. After he is freed from his prison, Mag Mel tries to conquer Gundalia by killing all Gundalians but Dan Shun Raife Paige and Marucho defeat him and his mechtogon Braxion, Smasheon, Rockfist, Deezall, Venexus, and Miserakwith help from Spectra Phantom and Helios. Once they outlived their usefullness Mag Mel kills Sellon and soon after Anubias when he do not need them after they give him the Key and the Gate's powers, and when him and Razenoid resurrect, he send out 96 Dreadeon Titan clones to the five corners of the Earth to destroy it and its destruction will destroy Vestal, Gundalia, Neathia and New Vestroia, (9 Titans Dreadeon in the first wave and 87 in the second wave). Whereas his mechtogan Dreadeon and Dreadeon Titan are killed along with Zenthon and Zenthon Titan, Razenoid is killed once and for all by Drago evolved as Fusion Dragonoid thanks to the gate and the key's power.

Mag Mel's body begins to perish, but not before saying to Dan that he is still doomed, then on Earth all the Chaos Bakugan, Razenoid Clones and Mechtogan Titans disappears as the Dark Moon explodes in a bright light caused by Mag Mel's self-destruction. Everyone else returned confused as shimmering dust falls from the sky. They then believe that Dan and Drago sacrificed themselves but a glowing orb with two magic circles surrounding them diagonally.

When I was done everyone that hadn't heard about it was shocked and horrified to the brink.

Tsuyu: What a monster!

Sirius: He was pure evil!

Camie: No kidding! I can't believe he was that awful!

Me: Yeah and I hate him with every single fiber of my very being.

Nico: Yeah no kidding.

Lincoln: He was a monster.

Nico: Barodius was also the target because he's the only main villain to return on two seperate occasions.

Me: That's true. One during the invasion of Gundalia and the second during the time when he was Mag Mel.

Fabia: That's right. But Dan and his friends all have come a long way ever since then.

Camie: Wow no kidding. That is amazing.

Lana: By the way Fabia we never saw what you truly look like. You're in disguise right?

Fabia: Yes I sure am.

Me: We don't really know what Neathians really look like.

Nico: Can you show us?

Fabia: I sure can. Here we go.

She was enveloped in a flash of light and then we saw her true form. Her skin is a shade of purple and has big green round eyes.

Nico: Wow so that's what you really look like.

Me: Wow your true form is absolutely amazing and beautiful.

Fabia: I'm glad you really think so J.D.

Nico: We all do. It's cool.

Fabia reverted back to human.

Fabia: Gundalians have their own true forms as well. But after what Ren did under Barodius' command, he prefers his human look.

Me: I don't blame him. I think Ren looks much cooler like that. And also Sellon told me she prefers to be in her human look. So does Lena Isis.

Qin: I agree there. I talk to Sellon every now and then. She feels so stupid for following a monster like Barodius. She feels absolute remorse for everything she did under him.

Fabia: I'm glad she does.

Nico: So she'll soon be a member of the Redemption Squad too.

Maria: I think that's a great idea Nico.

Fabia: I agree there. She deserves some form of redemption after what happened.

Qin: I agree there.

Varie: But what Barodius did was absolutely unforgivable.

Me: Naga and Zenoheld will join him soon in the Black Gates.

Nico: Now, all the Mane 10 have completed their big missions.

Me: Yes they sure have. Next year we do Vinyl Scratch and the Cutie Mark Crusaders.

Apple Bloom: All right! I hope we do just as good as all our friends and sisters do.

Vinyl Scratch: I'm really looking forward to that.

Nico: You girls will do great.

Me: We definitely know that the Rider Teams we haven't covered yet are part of those missions.

Fabia: I'm really interested to seeing what you have planned for those too.

Touma: And it'll be awesome to meet more Rider Teams.

Eiji: It sure will be cool.

Nico: And Clank will fit in with our robot friends.

Me: Yes he sure will.

Qin: It was so awesome that we got to help out Ratchet and Clank and friends.

Nicole: It sure was. Now later today we go help out Jak and Daxter. I'm really excited for that one too.

Me: Me too. And without a doubt, Errol is making his move even as we speak.

Laney: I have that feeling too.

Aranaut: Princess, I'm sensing an angry energy signature somewhere in the nearby area. This one seems… negative.

Fabia: What is it Aranaut?

Aranaut: It's a familiar foe that we took down before.

Eli: Oh no I didn't expect her to come! It's Eva!

We gasped!

Me: Eva's here!? Not good!

Bridgette: Good! I've had it with that monster! She has tormented me and my friends for the last time.

Varie: Are you going to do what I think you're going to do Bridgette?

Bridgette: Yep. Send her to the Black Gates.

Lola: That monster!

Me: She deserves it for everything she did.

Qin: That monster has a heart that is as black as night.

Twilight Sparkle: She has no love for anyone.

Emam Reynolds: She is a heartless freak.

Aranaut: Wait. I'm sensing another angry energy signature also in the said nearby area. But unlike Eva's, this one seems… positive.

Lincoln: That doesn't make sense! A positive angry energy signature?!

Lola: That's not impossible, Lincoln. It's like mine.

Me: Weird. I wonder what it is.

Nico: It might be Another Omnitrix Alien.

Eli: Well we should deal with Eva first.

Nico: Good idea. Okay people we got a fight on our hands! Lets get ready.

We got ready.

Tsukasa: Nico, me and Daiki got some new Rider Cards. And you'll see what they are soon.

Nico: I can't wait to see what they are.

Me: Me too.

Nico: I can't believe that rageaholic monster, Eva, is back, I thought the Hellfire Vengeance Curse you used on her and Jo made sure they'd never return.

Lincoln: That's right, but this isn't a contingency plan from The Church of Necrom, this is the work of dark magic more powerful than the black magic of those demon goths.

Me: You think one of The Doomsday 23 was behind this, Lincoln?

Lincoln: I do, but the only way to find out is to find Eva.

Bridgette: And we're going to make sure she never comes back again, she's getting The Black Gates for this.

Nico: Just like Heather and Scott.

Lincoln: And Alejandro and Jo, I put up a counter-curse in case someone tried to break the curses I put on them, and it sent those two to The Black Gates for good.

Me: Smart thinking, Lincoln. Now, to find that rageaholic monster.

Then we saw EVA! She was REALLY PISSED! SHE BUSTED IN THROUGH THE DOORS AND SAW US! SHE WAS RAGING MAD LIKE A MILLION BULLS!

Me: Eva. I'm sorry to inform you but your parole has been denied.

Eva: (ENRAGED SCREAMING) I DON'T CARE! ALL I WANT IS NOTHING MORE THAN TO KILL YOU ALL FOR ALL THE HUMILIATION YOU PUT ME THROUGH!

Evil Chris McLean: Now that is something I want to see. (Evil Laughter)

Eva: YOU!

Evil Chris McLean: (Whimpering) Mommy.

She jumped Evil Chris and MERCILESSLY THRASHED AND PULVERIZED AND MUTILATED HIM ALL OVER WITH INDISCRIMINATE FURY! SHE WAS TEARING HIM APART LIKE A PACK OF ANGRY WOLVES! Numerous bars of gold and jewels poured out of him like waterfalls.

Then she came back to face us and Evil Chris was a mess.

Vroon: (sheepishly) Um… any chance you could go back to beating up Evil Chris some more?

Me: Vroon now is not the time for that.

Suddenly, we saw Lincoln's massive white angel wings turn midnight blue, which was intriguing. But, then, we saw a mark on Eva's forehead, and when we looked at it real close, we were in for a shock: it was the cutie mark of Nightmare Moon.

Lincoln: (Gasps) So, that's how Eva came back. Guys, I know how

Eva came back, look at the mark on her forehead: it's the cutie mark of Nightmare Moon.

We gasped.

Eli: So, that's how your curse on her was broken, it was Nightmare Moon's doing, and your massive white angel wings turned from white to midnight blue.

Lincoln: This also warns us of the presence of The Doomsday 23, but either way, we need to get rid of Eva once and for all.

Bridgette: You're right, Lincoln, and I've had it up to hear with that monster girl's anger to last an infinite number of eternities.

Suddenly, something within Bridgette's mind snapped as memories of Eva's out-of-control anger and vengeful abusive nature came back to her in full force and her eyes turned neon aqua blue and she was surrounded by an aqua blue energy aura with ocean waves, sea creatures, and dolphins, and as she approached Eva, she left aqua blue energy, ocean waves, sea creatures, and dolphins with every step.

Bridgette: Eva, I've had it up to hear with your out-of-control anger. You've been nothing more than a nightmare not only to me, but to everyone that crossed your path. (Suddenly Getting Pissed Off) But, what you've tried to do in trying to kill me many times… , YOU'VE CROSSED ONE LINE TOO MANY, YOU HEARTLESS, OUT-OF-CONTROL, RAGE-CRAZY BITCH, AND NOW, I WILL SEE TO IT THAT YOU DIE HERE AND NOW, AND YOU WILL BE FOREVER FORGOTTEN!

We gasped at the extent of Bridgette's rage towards Eva.

Nico: Uh oh, I'm glad that Geoff wasn't here to hear this.

Lincoln: I wouldn't be too sure of that, Nico. But, either way, Bridgette's rage has been unleashed and Eva's days are numbered, and it's been a long time coming for that bitch. HIT THE DECK!

We ran for cover, as Bridgette screamed like a madwoman! And then…

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

There was an explosion of energy and she was surrounded by a massive vortex of aqua blue energy with ocean waves and swimming sea creatures surrounding it, there's a dolphin swimming around the vortex, and in the vortex is a yellow phoenix. Then, as the vortex, Bridgette emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Bridgette grew to 6'11" in height, she had the body of a goddess, she has aqua blue highlights in the bangs of her long blonde hair tied in a ponytail, she has neon aqua blue eyes and an aqua blue energy aura with ocean waves, sea creatures, and dolphins surrounding her, she has a dolphin holding the Water Kanji in its flippers emblazoned on her forehead, she has on dolphin earrings with aqua blue gems for eyes and the Water and Eternity Kanjis in its flippers and her Crystal Necklace of the Buddha with aqua blue gems on the water dropped-shaped gold links and aqua blue crystal links and an aqua blue dolphin-shaped Element of Harmony and on the bottom of the Element of Harmony is a dolphin with aqua blue gems for eyes and holding the Water and Eternity Kanjis in its flippers for the pendant, she has on an aqua blue long-sleeved shirt with aqua blue phoenix on it, aqua blue shorts, aqua blue leather knee-high combat boots with water drops for the buckles, and an aqua blue long sleeveless trenchcoat with ocean waves and sea creatures on the coattails, and on the back is a dolphin surrounded by ocean waves. Bridgette has transformed into SUPER ANGEL ETERNITY INFINITY SURFING OCEAN MAELSTROM ANGEL OF DIVINE SEASTORM LOVE AND DIVINE SEA CREATURE JUSTICE!

We were amazed by Bridgette's Super Angel Eternity Infinity transformation, but when Eva saw it, she went extremely ballistic and roared with extreme rage and ran after her to kill her, but Bridgette fired a powerful dark energy blast with shadows, dark fire, and dark angels and it hit Heather, and she crashed into a tree.

Nico: AW YEAH!

Me: Take that, bitch! You've had this coming for a long time!

Bridgette: (Divine Echoing Cosmic Voice of The Ocean Maelstrom Angel and Divine Ocean Love) **You're right about that, J.D., Eva's had this coming for a very long time, let me get rid of Eva for good.**

Nico: You got it.

Me: Eva you really are a selfish and angry, horrible woman and you don't know how to love anyone but yourself! KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Albedo looked in disbelief at the chili fries that Eva ruined.

Albedo: Those were my chili fries!

Nico: That was funny.

Eva got up and she was REALLY ENRAGED!

Negative Rath: STICKS AND STONES YOU FUCKED UP BITCH! I'M JUST GETTING WARMED UP YOU FUCKING BITCH!

I then grabbed Eva by her Ponytail and then SLASHED IT OFF!

I jumped back.

Eva: NO! NOT MY PONYTAIL! NO!

Then EVA WENT INCREDIBLY BALLISTIC! SHE ROARED IN A MASSIVE AMOUNT OF RAGE AND WENT AT ME!

I then kicked her in her stomach and slashed her all over with my scythe and bashed her all over the place.

POW BLAM BIFF CRACK! SMASH! WHAM BIFF! KROW!

I sent her flying and Negative Rath punched her in the back of the head and smashed her down!

Kaito: (gets out Lupinranger gear) Time to kick your ass!

Daiki: Lets give it a whirl.

SUPER SENTAI: KYURANGER!

He summoned Clones of the Kyurangers including the White Orion Kyuranger!

Nico: WHOA!

Qin: That is cool!

Varie: Awesome!

Nico: Lets get this witch!

Me: And lets see how she likes this one. (Activates Volpina's Ridewatch)

(DOWN WITH THE SICKNESS BY DISTURBED PLAYS)

Me: (SINGING DIVINELY AS NIGHTMARE GHOSTS SWIRL AROUND ME)

Can you feel that?

Ah, shit

Oh, ah, ah, ah, ah

Oh, ah, ah, ah, ah

oh, oh, oh, oh, oh, oh

Drowning deep in my sea of loathing

Broken your servant I kneel

(Will you give in to me?)

It seems what's left of my human side

Is slowly changing in me

(Will you give in to me?)

Looking at my own reflection

When suddenly it changes

Violently it changes (oh no)

There is no turning back now

You've woken up the demon in me

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Open up your hate, and let it flow into me

Get up, come on get down with the sickness

You mother get up come on get down with the sickness

You fucker get up come on get down with the sickness

Madness is the gift, that has been given to me

I can see inside you, the sickness is rising

Don't try to deny what you feel

(Will you give in to me?)

It seems that all that was good has died

And is decaying in me

(Will you give in to me?)

It seems you're having some trouble

In dealing with these changes

Living with these changes (oh no)

The world is a scary place

Now that you've woken up the demon in me

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Open up your hate, and let it flow into me

Get up, come on get down with the sickness

You mother get up come on get down with the sickness

You fucker get up come on get down with the sickness

Madness is the gift, that has been given to me

No mommy, don't do it again

Don't do it again

I'll be a good boy

I'll be a good boy, I promise

No mommy don't hit me

Why did you have to hit me like that, mommy?

Don't do it, you're hurting me

Why did you have to be such a bitch

Why don't you

Why don't you just fuck off and die

Why can't you just fuck off and die

Why can't you just leave here and die

Never stick your hand in my face again bitch

Fuck you

I don't need this shit

You stupid sadistic abusive fucking whore

How would you like to see how it feels mommy

Here it comes, get ready to die

Oh, ah, ah, ah, ah

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Get up, come on get down with the sickness

Open up your hate, and let it flow into me

Get up, come on get down with the sickness

You mother get up come on get down with the sickness

You fucker get up come on get down with the sickness

Madness has now come over me

I then went at her and punched her all over and smashed her all over with incredible brutality and kicked her in the face and really smashed her into pulp!

Kaito and Zocks slashed her all over the place with incredible force.

Kaito: (gets out Patranger gear) Now, it's time to take you down by force!

He got a PatRanger blaster!

He fired it at Eva's Legs and blasted her all over.

Rarity: You are an absolute fashion atrocity! (Activate's Daybreaker's Ridewatch)

(ENDLESS MIST OF NIGHTMARES BY GATOPAINT PLAYS)

Rarity: (SINGING DIVINELY AS DARKNESS AND JEWELS SWIRLS AROUND HER)

(There's no turning back)

(No escape from here)

(Whispers calling up to me)

(Someone, save me)

The soft melody of my beating heart

is fading through this darkness

surrounding me, cradling me

I can't find a way out.

My desire, my dream,

It's turning its back to me

Is this how it's supposed to be?

No. Somehow…

(I'm still here)

Trapped within these chains

Trying to hold on

While I hope you won't forget me

(It's useless) As I keep believing

(My fate has been sealed) I will see you again

To see your light shine through

This endless mist of nightmares.

I feel those eyes staring

Those voices calling up to me

They need me

I must stay

(GatoPaint Guitar Solo )

I'm still here

Trapped within these chains

Trying to hold on

While I hope you won't forget me

(It's useless) As I keep believing

(My fate has been sealed) I will see you again

To see your light shine through

This endless mist of nightmares.

(Please) The meaningful gift I've been given

(Let) "There's something you fear."

(Me) Means I should give something in return…

(Help) "Your kindness won't be forgotten"

She fired waves of jewels and smashed and blasted Eva all over and cut her all over the place with incredible savagery!

Qin: Take that you athletic disgrace!

Me: Mane 10, you know what this means right? IT'S HERO TIME!

I flared up my Rainbow Aura and the girls all went CRYSTAL GUARDIAN AND I DID TOO!

I activated my Ridewatch for Rainbow Raider!

Me: Hit it guys!

Flash Sentry and his band played their song!

We went at Eva and blasted and smashed her all over with incredible force and fired waves of rainbow magic and then tore her apart with the one thing she hates more than anything: THE POWER OF FRIENDSHIP! She was burned all over!

Juran: Geez, she's still standing?!

Me: She is really tough.

Qin: Yep. But soon she will be a forgotten memory like Heather and Scott.

Eva: (GROWLING FEROCIOUSLY) I WILL NOT DIE TODAY! UNTIL YOU DO FIRST!

But then a Dove landed on her and then pecked her eyes out and she screamed in excruciating pain!

Nico: Whoa!

Qin: OUCH!

The dove landed in my hands.

Me: Thank you little one.

Fluttershy: Oh the dove is so pretty.

Me: One of the most angelic of the birds.

But then its eyes glowed and it flew out of my hands and then it formed into a new ZODIART! It was the Zodiarts of Columba The Dove in the Southern Hemisphere! It looked like a white bird with angel wings.

Me: The Zodiarts of Columba the Dove!

Nico: Another Southern Hemisphere Constellation!

Columba Zodiarts: (In a girls voice) I think it's really fitting for me too.

She reverted back and it was a girl with blond hair and had pure white angel wings and had an aqua blue dress on and had the kanji for heaven in the middle of her forehead and had the symbol for the constellation of Columba the Dove on her arm.

Me: Cynthia Hato!

Cynthia Hato: Good to see you again J.D.

Me: You too. And your last name Hato is fitting for the Columba Constellation because it means Dove in Japanese.

Nico: That is so awesome. So you pecked out Eva's eyes.

Cynthia Hato: Yep. BLECH! I'm gonna taste that for a while.

Nico: That would taste bad.

Me: Yeah. But in case you're wondering, Cynthia is one of my church friends. While we lived in Colorado, me and Cynthia went to the same church and she was also in love with me because of how I made her feel so good inside and more.

Eli: Aww that's so sweet bro.

Me: It sure is. I told her as I left that I would always keep in touch with her. But she disappeared after the team was formed.

Cynthia Hato: Yes but we have a lot of catching up to do. But first this.

She held out the Zodiarts switch and I purified it and she got an awesome flute of Columba that can turn into a sword.

Maria: Time to finish her off!

Me: Lets do it!

Bridgette went after Eva, and she fired powerful blasts of aqua blue energy, water, ocean waves, and sea creatures, and they explode with incredible power as they hit Eva. Then, Bridgette attacked Eva with her massive large greatsword and she left painful scars on her, and Bridgette was smashing and beating Eva all over the place and she screamed in pure insane rage.

Me, Cynthia and Bridgette: COLUMBA RETRIBUTION BLAST!

We fired a wave of energy and it hit Eva and obliterated her in an instant!

Me: She is dead.

Bridgette painted a kanji on Eva's forehead, and she was confronted by the spirits of all those she's tormented or hurt badly, and she was finally erased from existence by The Black Gates forever. Bridgette holstered her massive new large greatsword on her back and powered down, and her new body, clothes, weapons, jewelry, and massive blonde angel wings are permanent.

Bridgette: Good riddance and don't you dare come back!

Then, Lincoln's massive midnight blue angel wings changed back to white.

Lincoln: Eva's gone for good, along with Nightmare Moon's presence, but we still got Nightmare Moon to deal with, which'll be for later on today. Lynn Sr: Look at this mess!

Me: Sorry about that Mr. Lynn.

Lynn Sr.: No worries. But I'm glad that witch Eva is gone.

Me: And as a consolation prize she beat up Evil Chris too.

Fabia: That is for sure.

I snapped my fingers and fixed everything up.

Lynn Sr.: Thanks guys. But wow you guys really put on an amazing show.

Me: Sorry about the mess Mr. Lynn. But the important thing is that we never have to see that anger mismanaged bitch Eva again.

Laney: You got that right J.D.

Nico: But we're not done yet.

Eli: Yeah I sense another force coming.

Fabia: What is it?

Then in came a black version of Rath! It was ANOTHER RATH!

Me: Whoa! Another Rath!

Nico: (GULPS)

The Another Rath looked ferocious.

Nico: Um… hi?

Another Rath: (In a Girls Voice) LEMME TELL YA SOMETHIN TEAM LOUD PHOENIX STORM… I CAME HERE TO FIGHT WITH YA AND I'M GONNA SMASH YOUR BRAINS OUT!

Me: I knew it was you Jenelle Torres.

Another Rath: It has been a while J.D. You're looking good.

Nico: You know her?

Me: Yep. Her name is Jenelle Torres. She is a former criminal that I saved from herself.

Nico: Wow what did she do?

Me: She was a street thug mostly. Did mostly things like vandalisms, loitering, graffiti, even a couple of burglaries but she didn't kill anyone or do anything violent. I visited her in prison from time to time and helped her become a better person and helped her relinquish her criminal tendencies.

Nico: Wow that is cool!

Lincoln: Wow that is awesome.

Brittney: It sure is.

Me: And Lincoln I know what you're thinking. You think she can't be trusted after what she did but I assure you she is not that person anymore.

Sougo: (takes out Revice Ridewatch) Our turn now!

Geiz: (takes out Blades Ridewatch) I hope this fight is even better then the one against Eva a few minutes ago.

Sougo got ReviceArmor while Geiz got BladesArmor.

Nico: YEAH!

Me: Sorry about this Jenelle. But what did Swartz Promise you

anyway?

Another Rath: That I would become a better criminal but after how you helped me I turned that down.

Me: Thank God you did.

Laney: Yeah.

Nico: Thank goodness.

Fabia: That's a relief on that one.

Me: Lets see how you like this one.

I activated Queen Banana's Ridewatch.

Me: That still was crazy how you had more than one villain persona Chloe.

Chloe Bourgeois: You're not kidding there. I became Antibug, Queen Wasp, Penalty, Miracle Queen and Queen Banana.

Me: Wow! So you have 5 Villain Personae.

Nico: Wow talk about a Split Personality.

Zocks: No kidding.

I danced and fired bananas and blasted Another Rath all over with them and everyone that heard me dance and sang laughed.

Me: Man that was a goofy one.

Nico: (takes out Dark Turtles Ridewatch) It's Ninja Time!

Me: HI-YAH!

Nico activated it.

(KUNG FU FIGHTING BY CARL DOUGLAS PLAYS)

Me: (SINGING DIVINELY AS LIGHTNING SWIRLS AROUND ME)

* * *

Everybody is kung fu fighting (hoo, huh)

Your mind becomes fast as lightning

Although the future is a little bit frightening (little bit frightening)

It's the book of your life that you're writing (life you're writing)

You're a diamond in the rough

A brilliant ball of clay

You could be a work of art (ha)

If you just go all the way (look out)

Now what would it take to break (she)

I believe that you can bend

Not only do you have to fight (hoo)

But you have got to win

Everybody is kung fu fighting

Your mind becomes fast as lightning

Although the future is a little bit frightening (little bit frightening)

It's the book of your life that you're writing (life you're writing)

You are a natural (ooh)

Why is it so hard to see? (Yeah)

Maybe it's just because (ooh)

You keep on looking at me (huh)

The journey's a lonely one (ooh)

So much more than we know (yeah)

But sometimes you've got to go (ooh)

Go on and be your own hero

Everybody is kung fu fighting (kung fu fighting)

Your mind becomes fast as lightning

Although the future is a little bit frightening (little bit frightening)

It's the book of your life that you're writing (life you're writing)

You're a diamond in the rough (ooh)

A brilliant ball of clay (yeah)

You could be a work of art (ow)

If you just go all the way (yeah)

Now what would it take to break (ooh)

I believe that you can bend (yeah)

Not only do you have to fight (ooh)

But you have got to win

Everybody is kung fu fighting (kung fu fighting)

Your mind becomes fast as lightning

Although the future is a little bit frightening

It's the book of your life that you're writing

I went at Another Rath faster than lightning and punched and smashed her all over the place with incredible force and smashed her down.

Me: HIYAH!

Fabia: My turn!

She activated Titania's Ridewatch.

(GO THE DISTANCE BY MICHAEL BOLTON PLAYS)

Fabia: (SINGING DIVINELY AS LIGHT SWIRLS AROUND HER)

I have often dreamed of a far off place

Where a hero's welcome would be waiting for me

Where the crowds would cheer, when they see my face

And a voice keeps saying this is where I'm meant to be

I'll be there someday, I can go the distance

I will find my way if I can be strong

I know every mile would be worth my while

When I go the distance, I'll be right where I belong

Down an unknown road to embrace my fate

Though that road may wander, it will lead me to you

And a thousand years would be worth the wait

It might take a lifetime but somehow I'll see it through

And I won't look back, I can go the distance

And I'll stay on track, no I won't accept defeat

It's an uphill slope

But I won't loose hope, 'till I go the distance

And my journey is complete, oh yeah

But to look beyond the glory is the hardest part

For a hero's strength is measured by his heart, oh

Like a shooting star, I will go the distance

I will search the world, I will face its harms

I don't care how far, I can go the distance

'Till I find my hero's welcome waiting in your arms

I will search the world, I will face its harms

'Till I find my hero's welcome waiting in your arms

She threw waves of light and blasted Another Rath all over the place.

Me: WOOHOO! Love that song Fabia!

Qin: Me too!

Hades was watching us.

Hades: Two thumbs way way up for Princess Fabia!

Fabia: Thanks Lord Hades.

Hades: And nice job taking Eva down.

Me: Thanks Hades. That rotten bitch had it coming for her crimes. What a stupid stick in the skull.

Hades: (LAUGHS) Yes she was. She had as much a bad temper as me.

Me: Watch this one. (Imitating Hades) Aren't we forgetting one teensy weensy but ever-so-crucial little tiny detail? (FIRE EXPLODES OUT) **I OWN YOU!**

Hades: (LAUGHS) Hey that was really good!

Nico: Very accurately done.

Qin: That is always funny.

Me: (Imitating Hades) I've got 24 hours to get rid of this BOZO or the entire scheme I've been setting up for 18 years goes up in smoke (FIRE FLARES UP) And YOU ARE WEARING **HIS MERCHANDISE!**

My fire aura flared up explosively!

Hades laughed.

Hades: (LAUGHS) Hey that was perfectly well done.

Nico: (LAUGHS) That was great!

Me: Those two lines always crack me up.

Nico: Me too.

Sougo: Why do I get the feeling that Swartz had one of those moments before we killed him?

Eli: Oh he did.

Hades: Oh it's true. He had one of those moments when you defeated his secret weapons.

Eli: Yep.

Another Rath: Wow! That is nuts.

Me: Yep.

Another Rath: But those imitations were awesome though.

Maria: Now, where were we?

Me: Got that out of our systems.

Another Rath: You were going to kick my butt.

?: Leave that one to me.

We saw a girl with blue hair, blue clothes and she had a blue gem in the middle of her upper chest and she had a blue scythe.

Nico: Wendy Sapphira!

Wendy Sapphira: Awesome to see you again Nico and no I'm not a gene-slammer. I'm what's called a Gemsona.

Me: A Hybrid of a Crystal Gem like Steven.

Wendy Sapphira: Exactly. This gem was given to me by Blue Diamond. It was a Previous Blue Diamond's gem.

Nico: Wow!

Me: That's cool! So you have a predecessor member of the Great Diamond Authority given to you.

Wendy Sapphira: That's right. It's a long story. Let me take care of this one first.

She took her scythe and slashed Another Rath and defeated her and then I caught the Ridewatch and purified it. Jenelle was down and she was a girl with blond hair and had a blue streak in her hair and had spiked punk clothes with the sleeves torn off her jacket.

I picked her up.

Jenelle: (Groans) What a headache.

Me: But you are safe now Jenelle. And back to normal.

I picked her up.

Jenelle: Sorry about that. But now, I can properly join you guys!

Lincoln: Sorry. No can do. We've had enough of strong angry girls to last an eternity. At least for today.

Jenelle: Oh, c'mon. (does puppy eyes) Please?

Me: (LAUGHS) Who can resist those puppy dog eyes?

Nico: Besides, I'm pretty sure that was as Another Rath.

Lincoln: Really?

Nico: Yeah.

Lincoln: Oh okay then.

Qin: Besides that was the Appoplexian form that made her do that.

Nico: Yeah.

May: That's true.

Fabia: Yeah.

Wendy Sapphira: But that was awesome that you guys were battling her like that.

Laney: It sure was.

Albedo: Stupid Eva ruining my chili fries!

I tapped his shoulder and gave him some chili fries.

Albedo: Oh boy!

He ate them.

Wendy Sapphira: He sure loves chili fries doesn't he?

Me: Can't get enough of them.

Fabia: Yeah. So Wendy what's your favorite memory of Nico?

Wendy Sapphira: Well I have a lot of them but my favorite is when we were in Jewelry Class and Nico showed me how to make a blue gold ring and he made an awesome ring with all the nine planets on it.

She showed the ring she had.

Wendy Sapphira: I still have that ring.

Nico: Awesome!

Me: That's beautiful.

Nico: Yeah it is.

Nico and Wendy hugged.

Nico: I've missed you Wendy.

Wendy Sapphira: Me too Nico. Me too.

We later went back home after paying for our food and told everyone everything that happened.

---

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, The Samurai Warriors, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, The Demon Slayer Corps, and Koji are heading to The Crystal Empire, and not only is Lincoln going to rescue the nine girls here, but we've also been getting word of numerous huge mansions all across the country were burned to the ground and destroyed and hundreds of rich people were made homeless and they lost everything, and there's only one person responsible for it: his old enemy from the past, Mia.

Lincoln: Wow, we're here in The Crystal Empire and I know what we're going to do here, not only am I going to rescue the nine girls here, but we've also been getting word of numerous huge mansions all across the country were burned to the ground and destroyed and hundreds of rich people were made homeless and they lost everything.

Me: That's exactly what we've heard on the news.

Nico: Just what kind of firebug would be responsible for such horrible acts of arson?!

Lincoln: (Pieces together the news) Wait a second, numerous huge mansions all across the country being burned to the ground and destroyed and hundreds of rich people made homeless and they'd lost everything?! (Gasps) Oh crud, there's only one person I know who's done this: Mia.

Nico: That bitch who burned down the mansion of your Guardian Angel, Isabella Van Kessler, and made her and her family homeless and they lost everything?!

Lincoln: That's her alright, Nico. So, she's escaped from prison and she's running amok burning the mansions of the rich to the ground?! And like I said, I'm going to give her The Hellfire Vengeance Curse, and I'm going to condemn her straight to Hell forever for her crimes.

Me: She sure made good on her threat to get out.

Lynn: And like you said, Lincoln, Mia doesn't deserve to live a single second further, not after what she did long ago.

Lincoln: You said it, Lynn, and thanks for joining us, Koji.

Koji: You're welcome, Lincoln, and after hearing of what you told us about Mia, we better get Princess Cadence, Shining Armor, and Flurry Heart out of the castle before that monster burns the castle down with them in it.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of nine girls calling for help, along with the sound of crazed and insane laughter in the air. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the nine girls, along with Princess Cadence, Shining Armor, and Flurry Heart, but they've been cornered by Mia, and she's going to kill them and burn the castle down.

Lincoln: Let's get over there at once, guys, I found the nine girls, along with Princess Cadence, Shining Armor, and Flurry Heart, but they've been cornered by Mia, and she's going to kill them and burn the castle down.

?: (Girl's voice) That miserable bitch, let's get her.

Suddenly, we saw Gisela, Blade of Goldnight, appear before us.

Nico: Whoa, that's Gisela, Blade of Goldnight, from Magic the Gathering, so awesome!

Lincoln: And I'd recognize that voice from anywhere, I knew it was you, Isabella Van Kessler, but we'll talk later, let's go stop that bitch, Mia, and send her straight to the grave.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Mia, and that allowed the nine girls to get away and were in an energy field put up by Shining Armor to protect them from Mia's wrath. When Mia saw us, especially Lincoln, she was beyond pissed off.

Lincoln: I should've known you'd one day show up here, Mia.

Mia: Shut up, Loud, because of you, you ruined everything for me! I could've had that bitch's life and I would've been living life as a rich girl and she'd be in the gutters! I told you if I ever got out, I would burn every last rich bastard's home to the ground and I would make them suffer as I have suffered! And now, I'm going to burn this castle to the ground and kill you and every last bitch in your harem along with your friends, your bratty kids, and your stupid sisters and family! (LAUGHING INSANELY)

Mia lit a match and threw it at the castle, but then, we saw a shield manifest around the castle, and it's protecting it and the match blew out and this pissed off Mia extremely bad as she screeched and shrieked like an insane banshee, and we saw it was Cadence and Shining Armor who did the deed.

Twilight Sparkle: Alright, way to go, Cadence and Shining Armor.

Lincoln: (Smirks) It appears your attempt to burn down the castle of the rulers of The Crystal Empire have gone up in smoke, Mia.

Gisele, Blade of Goldlight: And now, it's time for you to die!

Mia: (Gasps) Isabella Van Kessler!

Isabella Van Kessler reverted back to normal, and she's a beautiful girl with long flowing black hair, sky blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful black angel wings, and she reigned in the power of Gisele, Blade of Goldlight, and she's dressed in a sleeveless sky blue midriff top, sky blue skirt, sky blue pants, sky blue shoes, and long sleeveless sky blue trenchcoat with angels on the coattails, and Gisele, Blade of Goldlight on the back, and holstered on her back a large Gisele, Blade of Goldlight-themed greatsword with Gisele, Blade of Goldlight etched on the 7'0" massive, wide, double-edged sky blue blade, Gisele, Blade of Goldlight's wings for the crossguard, large sky blue gem embedded in the rainguard, longer black handle, and a large sky blue gem surrounded by angel wings for the pommel.

Isabella Van Kessler: That's right, Mia, and now, you're going to pay for burning our mansion down and making us homeless.

Mia: You deserve it you fucker bitch! If I can't have your lifestyle then I'll make sure no one else gets it either!

Lincoln: And you don't deserve to live even a single second further, you heartless, lying, pure evil, psychotic witch!

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal

Then, Lincoln attacked her with his massive large greatsword, leaving painful scars and drawing blood, and it was pissing her off even more. But, then, Lincoln fired red-hot energy beams from his massive white angel wings and he hit Mia with the Hellfire Vengeance Curse, and he forever condemned her to Hell for her crimes, and we also saw her body also fall into the depths of Hell forever. We cheered wildly as we holster our weapons and powered down.

Lincoln: That's for what you've done to Isabella, her family, and to every last rich person's mansions when you broke out of prison, you witch. (To Isabella Van Kessler) And it's so good to see you again, Isabella Van Kessler.

Isabella Van Kessler: You too, Lincoln, it's been a long time.

Lincoln went up to Isabella Van Kessler and they hugged, and Isabella Van Kessler was very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his massive white angel wings with stars on the feathers and orange and aurora-colored tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were fifteen, and as you can see, I really grew a lot since then.

Isabella Van Kessler: Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive white angel wings, that's so awesome.

Nico: And you were right that we'd run into Isabella here, Lincoln. But, why don't you do the intro?

Lincoln: Of course, Nico. Everyone, this is Isabella Van Kessler, she's my Guardian Angel from Tuscany, and she's a very smart and powerful rich girl that was born with incredible powers of light and her strength is amazing. She also hates Lori with an intense blazing passion, but there's one person that she hates above all else: Mia, the former maid her family hired to help her out, but was exposed as a pure evil, psychotic, heartless witch who had an unbridled jealousy towards Isabella who wanted her life, so that Isabella can have nothing. But, I caught wind of Mia's filthy lies and after I told Isabella's family, Mia was fired, but Mia went bonkers and set Isabella's entire house on fire and burned it completely to the ground.

Eli: Just as you told us yesterday after you and Sunset got rid of Celia Fortner, who was brought back by Mia yesterday.

Lincoln: Exactly, Eli, and after that, Mia developed a massive and relentlessly blazing hatred towards all rich people in general for treating poor people like trash and she vowed that if she couldn't have the rich lifestyle, she was going to make sure that no one else ever would either!

Isabella Van Kessler: I can never forgive her for what she'd done to me, and she made me and my family homeless. After that, Mia was arrested for arson and she was laughing proudly for her deed and she vowed that one day she'd get out of jail and burn all rich people's homes to the ground and make them all suffer the way she felt for a long time.

Lincoln: Which is exactly what she was doing after she busted out of jail, Isabella. After she busted out, she began running amok and burning down and destroying numerous huge mansions all across the country and hundreds of rich people were made homeless and they lost everything.

Isabella Van Kessler: Why that little… ! Well, at least, she's gone forever and she's in hell where she belongs.

Me: You said it. She caused billions of dollars in property damages.

Qin: Heartless shrew.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Isabella Van Kessler's neck with sky blue gems on the gold thunderbolt links and sky blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Isabella Van Kessler: (Surprised) Lincoln, is this…?

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means, you're part of my harem and one of my many future wives, Isabella.

Isabella Van Kessler had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Isabella Van Kessler's waist and Isabella Van Kessler wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the nine girls, and when Lincoln saw them, he recognized them immediately. The nine girls are Ayaka Sunohara, Yuri Kazami, Maiko Osonoi, Matsuri Shiina, Nana Sunohara, Mea Uchifuji, Sumire Yamanashi, Nishiki Yatsuho, and Yuzu Yukimoto from Sunohara-Sou no Kanrinin-San.

Nico: Awesome.

Lincoln: Are you girls okay?

Ayaka Sunohara: Yes, we're okay, thanks to you.

Then, when Ayaka Sunohara and the other eight girls saw who it was that saved them from that evil heartless witch Mia, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace, Talisman Cards of The Universe and Talisman Cards of Elemental Harmony on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation and embedded Jewel of Gelel on the back of his massive left hand, large weighted gold bands on his massive biceps and thighs with

Ayaka Sunohara: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Ayaka Sunohara: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love appeared on the necks of Ayaka Sunohara, Yuri Kazami, Maiko Osonoi, Matsuri Shiina, Nana Sunohara, Mea Uchifuji, Sumire Yamanashi, Nishiki Yatsuho, and Yuzu Yukimoto with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened at The Crystal Empire, and they were shocked when they found out the villain was an old enemy from Lincoln and Isabella Van Kessler's past, Mia, the heartless witch who was burning rich peoples' mansions down and making them suffer like she had.

But, when Lincoln showed what he did in brutally thrashing her and sending that heartless bitch to Hell forever with The Hellfire Vengeance Curse, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Isabella Van Kessler have a lot of catching up to do, now that she's back in town.

Maria: That bitch got what she deserved for what she's done.

Lincoln: She sure did, plus, The World Tree Estate also has many defenses and we also have Gear Man on guard and nothing can get past his sensors, not even Mia, and besides, if she dared to get inside, she'll be killed on sight.

Me: I can't forgive what that monster has done.

Lincoln: Yeah, what Mia did has crossed a severe line, but I've already got a plan in place.

Lincoln set up a massive fundraiser to help out the hundreds of rich people who were made homeless and lost everything, because of Mia's rampage, and the money will be used to build them some new homes and help them with a fresh start, and it was really awesome.

Nico: Awesome idea with that massive fundraiser, Lincoln.

Lincoln: After what happened to Isabella and her family, I'm not going to let another rich person and their families suffer because of what Mia did.

Just then, Lori came inside, and when Lori saw Isabella Van Kessler here, her face turned pale and her blood ran cold, and when Isabella Van Kessler saw Lori, she glared at her.

Isabella Van Kessler: Lori Loud, I cannot forget what you almost did to Lincoln and I so long ago, but I'm going to look past that, now that Lincoln told me that the control freak monster in you is gone for good.

Lori breathed a sigh of relief, but we were in for a big story later on.

Nico: Uh oh.

Lincoln: Yep, we're in for a big story later on.

Me: Lori, what did you do?

Eli: Whatever it is, it's probably a thousand times worse than all of the times she's hurt Lincoln.

---

After putting a stop to Mia's mansion burning rampage and getting rid of Mia and this time for good, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Isabella Van Kessler saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Isabella Van Kessler: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Isabella, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Isabella Van Kessler: That's incredible.

Nico: It sure is. So, Isabella, we know from Lincoln why you've hated Mia so much for what she's done to you, but what's the story on you hating Lori with a burning passion?

Isabella Van Kessler: Oh, you're going to wish you'd hit Lori hard on the head with a club, Nico. One day, Lincoln was bringing me and my family some of his Dad's Lynn-Sagna to eat while we were living in the shelter in Michigan, and he stayed with us and told us of his day. But, then, me and my family heard the sound of stampeding feet in the air, and then, the doors burst open and some people were pushed away, and we saw who it was: it was Lori and she was really enraged. She then went on a wild rant on why Lincoln was giving food to losers and she said it with ice in her veins, and that cold-hearted bitch stabbed me in the arm with a knife she had and she was about to kill Lincoln with that knife, and that's when I lost it, I fired a blast of light and it hit Lori and it blinded her, then, Lincoln entombed Lori in a sphere of darkness. We then went to The Loud House, and Lincoln told Mr. and Mrs. Loud of what Lori did in stabbing me in the arm with a knife and she tried to kill Lincoln with it. The parents were enraged and they were just about to disown Lori and throw her in jail forever, but I decided on a better punishment: I had Lori thrown in a nuthouse for three months and she'd be put through Hell in there. Lincoln cleaned my wound and bandaged it up, and I hugged him, and I was the one who started shedding tears, and he kept on hugging me.

We were really shocked at what Lori did.

Me: I can't believe what Lori did to her, that was just cold-blooded and evil.

Nico made a dummy of Dark Lori, and he also got out his club.

Nico: Why, you!

Nico pounced on the Dark Lori dummy and he started bashing and hitting Dark Lori all over the place and he even conked her five times on the head, and when he was done, the Dark Lori dummy was in a pretty nasty daze and beaten up all over the place, and then, he fired a ball of fire and incinerated her.

Nico: Glad I got that out of my system. But, Lincoln, that was a really nice thing you did for Isabella and her family, bringing them some Lynn-Sagna to eat.

Lincoln: Thanks, Nico. What I saw what Isabella and her family went through because of Mia, that was just horrible, they lost their home and everything because of that heartless witch.

Isabella Van Kessler: You were the only one who saw through her lies and told my parents of what she'd done, Lincoln, and you stopped her plan for good. But, that day, when she went insane and burned down our home and we lost everything, I wanted nothing more than to mount her head on a pike.

Me: Us too after Lincoln told us about her.

Nico: But, in the end, Lincoln got rid of her for good, and now, she's in Hell where she rightfully belongs.

Lincoln: Amen.

We got a shower afterwards, but then, the alarm sounded and Lincoln checked the computer, and when he checked to see, he saw who it was that sounded the alarm: it was Rustal Elion, the head of the Elion family, one of the Seven Stars of Gjallarhorn, and the commander of the Arianrhod Fleet.

Lincoln: It's Rustal Elion and that monster's causing havoc.

Amalthea: We need to put a stop to him once and for all.

Lincoln: You're right, Amalthea, let's go.

We flew out of the World Tree Estate, and Lincoln fired rainbow energy balls and elemental forces at Rustal Elion, and when he saw us, he maintained his composure.

Rustal Elion: The famous Team Loud Phoenix Storm, so at last, we meet.

Lincoln: For you, it's about to be your last.

Amalthea: That's correct, Lincoln, and I will not allow a tyrant like you to live any longer.

Suddenly, Amalthea's violet eyes turned neon violet, and she was surrounded by a violet energy aura with magic and unicorns, and as she approached Rustal Elion, she left violet energy, magic, and unicorns with every step.

Amalthea: Rustal Elion, I will never forgive you for the crimes that you've committed against so many innocent people, you may proclaim you want peace and order, but you've committed so many dark deeds in the past, and now, you shall face the consequences of your misdeeds.

Suddenly, Amalthea was surrounded by a massive vortex of violet energy with magic surrounding the vortex, there's a unicorn flying around the vortex, and in the vortex is a violet phoenix. Then, as the vortex faded, Amalthea emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 2:14)

Amalthea grew to 6'11" in height, she has the body of a goddess, she has violet highlights in the bangs of her long flowing white hair and a unicorn horn on top of her head, she has neon violet eyes and a violet energy aura with magic and unicorns surrounding her, she has a unicorn with a magic sparkle on its horn emblazoned on her forehead, she has on unicorn earrings with violet gems for eyes and holding the Magic and Eternity Kanjis in its horn, she also has a unicorn with violet gems for eyes and the Magic and Eternity Kanjis in its horn for the second pendant on the bottom of her violet unicorn-shaped Element of Harmony, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with violet crystal links from her merged Crystal Necklace of the Buddha and violet gems on the gold lightning bolts, and she also has on her new Elemental Thunderbird Choker Necklace of Eternal Love. Amalthea has on a long flowing deep blue medieval gown with unicorns on it, purple medieval shoes, and long sleeveless violet trenchcoat with unicorns and magic on the coattails, and on the back is a unicorn with magic surrounding it. Suddenly, Amalthea felt a sharp pain on her back, and then, massive white angel wings with violet tips on the feathers, grew and sprouted out from her back, Amalthea has on a Ring of The Phoenix with violet gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Amalthea has a brand-new massive greatsword in her hand called Unicorn's Magical Greatsword of Eternal Magic Justice, it's a brand-new massive greatsword with a unicorn etched on the 7'0" massive, wide, double-edged white blade, white unicorn heads for the crossguard, large violet gem embedded in the rainguard, longer black handle, four large white unicorn heads and on the bottom of the heads is a large violet gem for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with violet gems on her wrists, new large gold Belt of Elemental Bravery with a gold unicorn's head with violet gems for eyes and large purple gem in its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the unicorn that said, "Amalthea, The Last of The Unicorns, Defender of The Unicorns and Humanity, Loving Future Wife of Lincoln Loud, Despiser of The Red Bull and King Haggard, Friend of Many, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Magic and Unicorns"

アマルテア、最後のユニコーン、ユニコーンと人類の擁護者、愛するリンカーン ラウドの未来の妻、レッドブルとハガード王の軽蔑者、多くの友人、悪のスレイヤー、混乱した、殺人的、無慈悲、そしてサディスティックなろくでなし、素晴らしい驚くべき強力な教師の強力な学生、そして魔法とユニコーンの達人

Amalthea has transformed into SUPER ANGEL ETERNITY INFINITY MAGICSTORM UNICORN ANGEL OF DIVINE MAGICAL JUSTICE AND DIVINE UNICORN LOVE!

We were amazed by Amalthea's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Rustal Elion saw it, he still maintained his calm, but all talks of his so-called peace were out the window already.

Nico: Whoa, Amalthea's transformed.

Twilight Sparkle: Incredible, and we knew she was a Unicorn, but now, it's like she's transformed into an Alicorn.

Rarity: Indeed, and those massive white angel wings of hers are truly amazing, darling.

Lincoln: They sure are, and Amalthea, you look beautiful. How do you feel?

Amalthea: (Divine Echoing Voice of The Magical Storm Unicorn and Divine Magic Love) **I feel incredible, Lincoln. Now, shall we put an end to this tyrant once and for all?**

Lincoln: (Smiles) With pleasure, Amalthea.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope,

and he joined Amalthea.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to pay for everything you've done, Rustal Elion.**

Amalthea and Lincoln went after Rustal Elion, and they fired powerful blasts of rainbow energy, violet energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at Rustal Elion, and they exploded with incredible power as they hit him. Then, they attacked him with their massive greatswords and left painful scars on him, and then, they fired powerful beams of energy, killing him and they sent him to The Black Gates forever. We cheered wildly for what Amalthea and Lincoln did as they holstered their massive greatswords on their backs and powered down, and Amalthea's new body, clothes, weapons, jewelry, and massive white angel wings are permanent.

Amalthea: We did it, we've destroyed Rustal Elion for good. Thank you for helping me take down that despicable villain, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Amalthea.

Suddenly, Amalthea wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Amalthea's face, they kissed passionately as Amalthea's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Alicorn, and Angel flying in the air, and we saw a herd of Buffalo and unicorns running across the field, along with elemental forces and we cheered wildly and they came back to us.

Nico: Alright, we got rid of that tyrant, Rustal Elion, for good.

Lincoln: Yep, and now, it's time to get ready for Taranee's special mission with Jak and Daxter, and we're going to destroy all of The Dark Ego and take down one of their big enemies.

Taranee: You said it, and later on today, we'll also be dealing with Nightmare Moon.

Lincoln: That nightmare-causing Alicorn of darkness will pay for the crimes that she's committed in Equestria for a thousand years.

Princess Luna: That's right, and Lincoln, I was surprised when J.D. told me that your massive white angel wings changed colors from white to midnight blue when you saw that Eva had the mark of Nightmare Moon on her forehead.

Lincoln: Not only do my massive white angel wings change colors when I'm going to use the powers of the Alicorn Princesses, but this also warns us of the presence of The Doomsday 23.

Nico: So, we have another extra warning when someone from The Doomsday 23 shows up, nice one.

We returned home and we finally got rid of Rustal Elion, and now, we're getting ready for Taranee's special mission later on today.

---

At the park we were by our favorite spot and it was a beautiful day today.

Princess Celestia: Ryotaro, you and Takanuva are next for bonding time.

Ryotaro: Awesome!

Takanuva: Can't wait to have some awesome time together.

Qin: This is gonna be so awesome.

Steven Universe and the Crystal Gems were all with us.

Amethyst: I think it's awesome that we have a Diamond Hybrid with us.

Wendy Sapphira: It sure is Amethyst and my I say that it's an honor to be part of the Crystal Brigade.

Garnet: It is gonna be so awesome having you with us Wendy.

Pearl: I agree there.

Cuprosklodowskite: It sure is gonna be awesome.

Takanuva: Ryotaro, meeting you and the other Imagins was the best day of my life.

Ryotaro: It sure was. That was so much awesome fun.

Me: And your Time Traveling Train was so cool.

Nico: Yeah it sure is. It's amazing that it can travel in time like that.

Ryotaro: It sure is.

Princess Luna: I liked how in the battle, the Imagins on our team possessed your clones.

Me: They sure did and that was so awesome. I'm really impressed you were able to use the Shadow Clones. That's a High Level Jutsu.

Qin: Yeah it sure is.

Lola: That is so awesome that you know a technique like that though.

Aylene C.: I agree there too.

Rainbow Dash: But it was really awesome.

Ryotaro: Thanks guys but don't give me a swollen head.

Me: Sorry. But it was still cool.

Lincoln: (growls) I still can't believe we even bothered to save Young

Crocker though!

Me: Lincoln you're still upset over that? Come on dude we couldn't kill him. I know we wanted to do that but it goes against our code.

Nico: Yeah Crocker may have done some horrible things in the past but killing him as a kid would make us monsters.

Qin: That's right.

Me: So Lincoln let it go. I know he did all sorts of terrible things in the past but he is gone for good. You have to let it go. You are not responsible for what Crocker did in the past and neither are all of us.

KRABOOOOOOOOM!

Jorgen appeared in his explosion entrance.

Me: Nice entrance as always Jorgen.

Jorgen: (Arnold Schwarzenegger Accent) Thanks. If you want to blame someone for how Crocker turned out, blame me!

Wildrider: Why? Because you erased his memory?

Jorgen: (sighs) No. Because I didn't bother to make sure the memory eraser was fully functional.

Lisa Loud: That's because you had it set on just 50% of the erasing process. There wasn't just a wire broken.

Jorgen: Oh.

Me: Yeah sorry about that.

Maria: Jorgen, you're not to blame for how Crocker turned out. No one is.

Me: Yeah this all happened almost 50 years ago. 49 years to be exact.

Wendy Sapphira: What happened?

Me: On March 15th, 1973 Denzel Crocker blabbed about Cosmo and Wanda here who shockingly were his Fairy Godparents. But when the Memory Erasing Protocol on this magic neurolizer device backfired it made Crocker into the most fucked up monster we've ever known.

I went over everything that happened with us because of Crocker. When I was done everyone that hadn't heard about it was shocked and horrified!

Wendy Sapphira: Oh man! J.D. that's horrible!

Olivia Houou: Yeah we had no idea!

Camie: Yeah that was awful.

Smokescreen: Hang on. I think I see some people. I think they're pirates.

We then saw a bunch of female pirates and they were the KUJA PIRATES! It was the rest of Boa Hancock's crew and friends. Boa Sandersonja, Marguerite, Kikyo, Nerine, Aphelandra, Rindo and Rebecca.

Boa Hancock: Hey girls!

Marguerite: Empress!

They went and hugged.

Nerine: We all thought you were a goner.

Boa Hancock: I was with friends. But it's awesome to see you all here.

We went over.

Me: So you all are Boa's friends and crew?

Aphelandra: We sure are.

Me: Wow! You're a tall one.

Aphelandra: I get that a lot. But it's an awesome honor to meet you all. I'm Aphelandra.

Boa Sandersonja: Boa Sandersonja.

Marguerite: Marguerite.

Kikyo: Kikyo.

Nerine: Nerine.

Rebecca: Rebecca.

Rindo: Rindo.

Me: An honor to meet you all.

Nico: Same here.

Me: Luffy told us so much about you all.

Rindo: How do you know Luffy?

William: Two words. Zombie. Invasion!

Me: Long story on that but it was before we went into a huge war.

Qin: Yeah it was crazy. It happened on Fishman Island.

Me: Not the war but the Zombie Invasion did.

Ruby Rose: It was a strange story.

Aphelandra: But thank goodness Empress was in good hands with all of you.

Me: Luffy and all his crew are really awesome.

Nico: Yeah they sure are.

Eli: What is your home island like?

Rindo: We live on an island of Women Pirates. We're Amazon

Pirates.

Me: Wow!

Wonder Woman: An Amazon Pirate Island. I like the sound of that one.

Shizuka (Naruto): I know the ways of the Amazon all too well too.

Me: It's really amazing.

---

Later at the estate we were getting ready for Taranee's big mission.

Kickback: We're about to fully meet another duo of heroes

Me: Yep we're going to Haven City to help Jak and Daxter.

Taranee: I can't wait to kick Errol's butt.

Me: We all can't wait. We're going to make that monster pay for his crimes.

Lola: Yeah we are! He will burn big time.

Sunset Shimmer: He sure will.

Volcana: This is gonna be so awesome.

Then Titanium Titan, Batroc, Titania, Whirlwind, Katnappe, Abis Mal, Wiggum, Springfield Mafia, Kalin, and Pete appeared.

Titanium Titan: (Spanish Accent) Can me, Batroc, Titania, Whirlwind, Katnappe, Abis Mal, Wiggum, Springfield Mafia, Kalin, and Pete go with you guys?

Legs: And it looks like you guys have new recruits.

Boa Hancock: We sure did. Girls meet our frenemies.

The Kuja pirates introduced themselves.

Whirlwind: Wow awesome to meet you all ladies.

Wiggum: Yeah same here.

Aphelandra: It's an honor to meet you all.

Titania: Same here to all of you.

Taranee: This is gonna be so awesome.

Itachi: Nico, which Gene Slammer do you think you'll meet next?

Nico: Hmm. OOH! This is a very interesting idea. Lets do a Digimon Gene-slammer for all the 10 Legendary Warriors and their spirits all together.

Me: WHOA! That is an incredible combo.

Qin: Wow! That would be an awesome fusion.

Me: It sure would.

AncientMermaidmon: Wow! A Gene-slammer for all 10 of us and our spirits combined. That is a really interesting one.

Laney: It sure is.

Nico: Yeah. Lets head out people.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was in the vision: the figure was none other than Nightmare Moon, and after she'd seen what we did to Eva, she's furious, and now, she's coming here to get revenge on us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is Nightmare Moon on the move?

Lincoln: You guessed it, Nico, and she's furious that her plan to get rid of us when she brought back Eva was foiled, and now, she's coming here herself to get her revenge on us.

Rebecca Yuminorika: So, the first of the Doomsday 23 is none other than Nightmare Moon, the evil villain persona of Princess Luna and the one responsible for terrorizing Equestria a thousand years ago and seeking to plunge the world into eternal darkness. We'll make sure that she never returns and threatens to plunge the world into eternal darkness ever again.

Taranee Cook: Yeah, she'll pay for everything she's done to Princess Luna.

Nico: You got that right, girls. Alright, gang, let's go, it's time to meet Jak and Daxter, and destroy all of the Dark Ego once and for all.

Lincoln: Along with taking down one of their main enemies, and Nightmare Moon, you better be ready for later, because we're coming for you and we're putting a permanent end to your reign of terror and eternal darkness once and for all.

With that we went to the ship and we were off to Hazel City.

---

We arrived in Hazel City.

Me: Here we are.

We then saw Jak and Daxter.

Batroc: Is that them?

Nico: Yep.

We saw them fighting a bunch of Dark Eco monsters.

Me: Lets go help them out!

We went and helped out.

Jak: There are so many of them.

But then a massive blast of fire hit the Dark Eco monsters and incinerated them.

Taranee: Looks like we got here just in time.

Jak: You sure did sis! Awesome to see you here!

Daxter: Yeah thanks.

Sonata: We want to thank you guys for helping us on Lego Zamaron.

Louie: We owe you big time.

Jak: It was no problem.

Daxter: Yeah and the new mansion we got along with all the money really helped the city.

Me: Glad it was able to do something good for you all.

Qin: It sure is.

Jak: Let us show you all around.

We followed Jak and Daxter and we arrived at their awesome and amazingly beautiful tower mansion. It was a huge domed tower mansion.

Me: WHOA!

Shaggy: Like what a pad!

Daphne: Wow! Jak and Daxter your new house is awesome!

Jak: Thanks.

Me: It reminds me of a tower design I saw on the internet.

Daxter: Cool.

Katnappe: Kind of an upgrade to how you guys usually lived, huh?

Jak: Yeah but it's an awesome base with a great view of the land.

We were seeing everything from over 2,000 feet up.

Me: Wow! The view is amazing. It's as amazing as the view of the Burj Khalifa in Dubai.

Daxter: That is cool.

Lincoln: This is so awesome and cool.

Wind Man: How have you guys been?

Jak: Busy then ever. Errol has made his move.

Me: I had a feeling that he made his move already.

Qin: I knew it was a matter of time before that happened.

Rarity: Yes indeed darlings.

Sunny Starscout came out with some smoothies.

Sunny Starscout: Smoothies?

Me: Oh sure.

We took some smoothies.

Jak: (Slurps) Mmm! Delicious.

Me: Sunny makes some of the best smoothies in all of Equestria.

Nico: They sure are delicious.

Fat Tony: Jak, your Scatter Gun looks very impressive.

Jak: Thanks. It sure is cool.

Qin: We all think it's awesome.

Laney: All your weapons are.

Me: Also the way we learned Eco use from Taranee is so awesome.

Lana: It sure is awesome. But that Dark Eco is terrible stuff.

Poromon got out 1 beer bottle.

Jak: Um… what's that?

Poromon: 1 bottle of beer!

Jak: No thanks. I don't drink.

Daxter: Can I try that?

Slugslinger: (in disbelief) You've gotta be kidding me…

He gave him the bottle.

Jamesdean5842: Oh boy. It's gonna be one of those days.

Daxter drank down the whole bottle.

Qin: Oh boy.

Barney Gumble: Welcome to the drunk club. (BELCH)

Daxter drank it and then to he got drunk!

Daxter: (Slurred Speech) Hey baby you ready for a good time in (Hic) Bed? (BARNEY GUMBLE BELCH)

Nico: Okay that is funny.

Jak: That is strange!

Abis Mal: Why am I not surprised to see Daxter drinking?

Jak: Me neither.

Me: Yeah.

Taranee: I think he had enough.

Nico snapped his fingers and Daxter was back to normal.

Qin: Whew.

Nico: That was funny though.

Poromon: Yay! I got a drunk buddy!

Terrorsaur: Proud of yourself?

Nico: Oh boy. But anyway we should get ready for the battle with Errol.

Lola: Yeah. We got a lot of work.

Jak: Yeah. Errol picked the wrong day to make his move.

Camie: What he is doing to your world is really evil.

Pete: Sorry about your dad by the way. I'm speaking from being a dad myself.

Jak: I'll be okay. But thank you.

Me: Errol has gone too far this time.

Qin: Yes he sure has.

Nico: Soon he will pay for everything he did.

Xenia: That is for sure.

Varie: No way are we ever going to let him get away with this.

Guts Man: Before telling us about Errol, how about you tell us about your dad?

Jak: I would be glad to.

He told us all about his dad, Damas.

---

Damas (pronounced "dā'-məs" and, more rarely, "dā'-mōs") was a supporting character in Jak 3. He was the king of Spargus and later revealed to be the long-lost father of Jak, whom he knew by his birth name, Mar. He was once the ruler of Haven City while in the House of Mar before he was betrayed and usurped by Baron Praxis and subsequently banished to the Wasteland, where he either founded or joined Spargus and eventually became its ruler.

Damas appeared in the prologue of Jak 3 when he, Kleiver, and one Wastelander found an unconscious Jak, Daxter, and Pecker in the desert. He brought them to Spargus, where he made Pecker his adviser, and has Jak and Daxter prove themselves worthy to stay in Spargus. After passing the initial test, the two gradually proved themselves to Damas, who grew fond of them, calling Jak "one of my finest warriors". Their relationship is strained slightly when the duo refused to fight Sig (defiling the Arena of Death) but eventually the two gained three war amulet parts to complete a single amulet and became true citizens of Spargus.

During this time, Jak discovered many aspects of Damas' past, such as the loss of his child, and his former position as Haven's leader. The two do not recognize the familial relationship that they share: little Mar was too young and separated for too long to remember his father, and Damas did not recognize his grown son. It is not until after Damas' death that Jak learns the truth.

Damas died after the mission "Break through ruins" when a Dark Maker harbinger blast overturned the Slam Dozer Jak drove while Damas was in the passenger seat. Jak had summoned Damas using the battle amulet he earned while in Spargus, and Damas returned his call for help by saving him from dark satellites. In Damas' final moments, he requests that Jak finds his son, Mar, and says that he would be wearing a Seal of Mar amulet, indicating royalty in Haven City. Jak then realizes that the kid they sent back in time during Jak II was Damas' son, and recalled that the kid was younger Jak. Jak then utters "Father…" as Damas dies in his arms. Veger then mocks Jak for not realizing this sooner, and also reveals that it was him who separated the two upon Damas' banishment. After Damas' death, Sig succeeded him as the monarch on the throne of Spargus.

When Jak was done we were shocked.

Me: Whoa. Your father was a true hero.

Qin: Yeah he sure was.

Jak: That's my dad. Now for Errol.

He told us about Errol's history and it was not a good one.

---

Erol, alternatively spelled Errol, is the central antagonist of the Jak & Daxter video games series, serving as a major antagonist in Jak 2 and Daxter and later one of the two main antagonists of Jak 3 as Cyber Erol and the archenemy of Jak. He is designed to be what Jak would be like if he was evil.

He was voiced by David Herman, who also played Nudar in Futurama.

Erol is an arrogant, cruel, callous and outright treacherous megalomaniac who is in Jak's face constantly from the moment he arrives in the future. He hopes to win Keira's affections and eventually kill Jak. Erol is the champion racer in Haven but during the final race against Erol race in Jak 2, Erol crashes into a stash of Eco barrels and explodes while attempting to run Jak over out of hate for him.

In the third game, he is resurrected as a cyborg and commands the Metal Heads, KG Death Bots in a war against the Freedom League and eventually managaes to form an alliance with the all-powerful Dark Makers. In the climactic showdown, Jak and Daxter manage to defeat him before he can destroy the world with the powers given to him by the Dark Makers.

---

When he was done we were shocked and horrified!

Me: What a monster!

Qin: He wants to destroy the world with Dark Eco!? That's insane!

Nico: He is pure evil.

Aligned Megatron: Reminds me of Dark Energon.

Jak: (to Kalin) And whatever substance turned you into a Dark Signer.

Kalin: Oh, no substance made me into a Dark Signer, actually.

Me: His rebirth was all done supernaturally. The powers of the Netherworld.

Kalin: That's right.

Me: All the Dark Signers were made through the darkness of the Netherworld.

Laney: Yeah.

Carly Atlas: I think it's scary but amazing though.

Qin: It sure is.

Apeface: Still, in the wrong hands, Dark Eco is deadly.

Me: That's right.

Qin: And it's dangerously deadly.

Taranee: Yeah it sure is.

Varie: And we have to make sure it's all destroyed forever.

Laney: No way are we going to let Dark Eco destroy this world.

Eli: That's for sure.

Wiggum: First, we gotta take Errol down.

Me: Yep. That's first.

Wendy Sapphira: But Nico can we demonstrate our power with the usual battles first?

Nico: Good idea Wendy.

Eli: You guys are gonna be in for an awesome show

Airi: First, is anyone spying on us?

We looked around.

Eli was sensing for anything.

Me: I don't see anything.

Eli: I don't sense anything.

Qin: Me neither.

Twilight Sparkle: I don't see anything either.

Whirlwind: Jak, you'll love who we picked out for you.

Jak: Can't wait. And I have a gym in here we can all use.

Qin: Cool!

We went to his gym and it was massive! It was big enough for having 30 Pokemon Battles in it.

Me: Whoa!

Nico: Wow! This is perfect!

Varie: It's huge!

Then Condiment King, Brass Knuckles, Firepower, Puff, Wrecking Crew, Dark Turtles, Number 7, Kitty, Baron Mordo, and Abra Kadabra appeared.

Nico: Condiment King, Brass Knuckles, Firepower, Puff, Wrecking Crew, Dark Turtles, Number 7, Kitty, Baron Mordo, and Abra Kadabra.

Condiment King: When you said the mansion was big, you weren't bluffing.

Brass Knuckles: This place is huge!

Firepower: You can say that again.

Me: It sure is and the bounty from the Another Rider they took down was worth it.

Nico: Yep.

Puff: (to Nico) Heard you took down Eva.

Nico: Yep.

Wrecker: Never did like that bitch.

Thunderball: She was a loose cannon.

Me: And a ticking nuclear time bomb. Now she was given the Black Gates.

Piledriver: Good riddance.

?: That was crazy.

Then a figure came out and it was RIRUS LIPPIG from the LupinRangers and PatRangers VS Kyurangers movie!

---

Rirus Lippig appears at the docks right underneath the hostage exchange for the legendary guitar, and since he gotten it, he was about to deliver it to the Jark Matter's new shogun and remnant, Don Arkage. However, thanks to Noël for bringing the Patranger's gear, they transformed battle Rirus, who used one of the treasure's ability to fire a barrage of logs at them, causing them difficulty due to their new suits. After that, he used all three of the guitar's abilities to make a clean get away with it

A while later, he appeared at his hideout, waiting for the arrival of

Don Arkage so he can deliver the stolen guitar to him. After Don Arkage arrived a bit late, he tells his plan to Rirus Lippig because the guitar contains Hyper Planetium and with that power will allow them to conquer Earth. However, unknown to the two, they were being eavesdropped by Stinger, Hammie, and Spada. Before Don Arkage and Rirus leave with the stolen guitar, they were stopped by the three Kyurangers and the arrivals of the Lupinrangers, Balance and Naga Ray.

With that, Don Arkage asked Rirus and the Pordermen to deal them while he makes his leave with the guitar. He managed to deflect the Kyurangers attack and abilities, but he was then shot by the Lupinrangers. A while later during the fight, now with the proper gear, they manage to dodge Rirus' attacks and they manage to gain access to his three safes (which all three of his safes contains the same password and it is 8-2-1) and got three cellphones and they are Le bois norvègien (which translate as "Norwegian Wood"), Le feu inoubliable (which translate as "The Unforgettable Fire") and Une autre brique dans le mur (which translate as "Another Brick in the Wall"). After that, he was then destroyed by the combined attack of both the Lupinrangers and the Kyurangers.

---

Eli: Rirus Lippig! I Remember you! You helped the Jark Matter by doing a hostage exchange with a Legendary Guitar.

Rirus Lippig: That's right Eli. Good memory.

Eli: Yep.

Rirus Lippig: (to Spada, Balance, Naga, Hammie, and Stinger) Didn't you guys help the Thieves take me down before?

Stinger: Yes we sure did.

Me: That is so cool.

Qin: It sure is.

We got the battles underway.

PufF: Oh wow! I've heard about that one. That is crazy she lost her home. Poor girl.

Fluttershy: Yeah Mia burned down her entire mansion. She lost everything.

Tornado Bolt: Including all her money! Mia deserved to be killed.

Stealth Elf: Good riddance to bad rubbish.

Lunar Queen Elzaim: I agree there too.

Fluttershy: But Isabella's story is really amazing too.

Tornado Bolt: Oh yeah it sure is.

---

Isabella Van Kessler: Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Isabella, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Isabella Van Kessler: That's incredible.

Nico: It sure is. So, Isabella, we know from Lincoln why you've hated Mia so much for what she's done to you, but what's the story on you hating Lori with a burning passion?

Isabella Van Kessler: Oh, you're going to wish you'd hit Lori hard on the head with a club, Nico. One day, Lincoln was bringing me and my family some of his Dad's Lynn-Sagna to eat while we were living in the shelter in Michigan, and he stayed with us and told us of his day. But, then, me and my family heard the sound of stampeding feet in the air, and then, the doors burst open and some people were pushed away, and we saw who it was: it was Lori and she was really enraged. She then went on a wild rant on why Lincoln was giving food to losers and she said it with ice in her veins, and that cold-hearted bitch stabbed me in the arm with a knife she had and she was about to kill Lincoln with that knife, and that's when I lost it, I fired a blast of light and it hit Lori and it blinded her, then, Lincoln entombed Lori in a sphere of darkness. We then went to The Loud House, and Lincoln told Mr. and Mrs. Loud of what Lori did in stabbing me in the arm with a knife and she tried to kill Lincoln with it. The parents were enraged and they were just about to disown Lori and throw her in jail forever, but I decided on a better punishment: I had Lori thrown in a nuthouse for three months and she'd be put through Hell in there. Lincoln cleaned my wound and bandaged it up, and I hugged him, and I was the one who started shedding tears, and he kept on hugging me.

We were really shocked at what Lori did.

Me: I can't believe what Lori did to her, that was just cold-blooded and evil.

Nico made a dummy of Dark Lori, and he also got out his club.

Nico: Why, you!

Nico pounced on the Dark Lori dummy and he started bashing and hitting Dark Lori all over the place and he even conked her five times on the head, and when he was done, the Dark Lori dummy was in a pretty nasty daze and beaten up all over the place, and then, he fired a ball of fire and incinerated her.

Nico: Glad I got that out of my system. But, Lincoln, that was a really nice thing you did for Isabella and her family, bringing them some Lynn-Sagna to eat.

Lincoln: Thanks, Nico. What I saw what Isabella and her family went through because of Mia, that was just horrible, they lost their home and everything because of that heartless witch.

Isabella Van Kessler: You were the only one who saw through her lies and told my parents of what she'd done, Lincoln, and you stopped her plan for good. But, that day, when she went insane and burned down our home and we lost everything, I wanted nothing more than to mount her head on a pike.

Me: Us too after Lincoln told us about her.

Nico: But, in the end, Lincoln got rid of her for good, and now, she's in Hell where she rightfully belongs.

Lincoln: Amen.

FLASHBACK ENDS

Puff: Oh my God! That is crazy! But I can't believe Lori did all that! But thank goodness Mia is gone.

Taranee Cook: That's it, I've had it up to hear with you to last an eternity, Erol.

Suddenly, Taranee's brown eyes turned neon brown, and she was surrounded by a pink energy aura with fire, quintessence, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached Erol, she left pink energy, fire, quintessence, life energy, and angels with every step.

Taranee: You really make me sick, Erol, you've not only caused more than enough problems for Jak and Daxter, but you've also been causing nothing but mayhem and chaos with all of the Dark Ego. As The Kandrakar Guardian of Fire and member of Team Loud Phoenix Storm, I will make you pay for the suffering that you've caused.

Suddenly, Taranee was surrounded by a massive vortex of pink energy with fire, quintessence, life energy, and angels surrounding it, there's an angel flying around the vortex, and in the vortex is an orange phoenix. Then, as the vortex faded, Taranee emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Taranee Cook grew to 6'5" in height, she has the body of a goddess, she has orange highlights in the bangs of her long black-blue hair, she has neon brown eyes and a pink energy aura with fire, quintessence, life energy, and angels surrounding her, she has a phoenix with the Fire Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with bright red gems for eyes and the Fire Kanji in its claws and her Crystal Necklace of the Buddha with red crystal links and a phoenix with bright red gems for eyes and holding the Fire Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with bright red phoenix on it, pink skirt with life energy on them, pink pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and flames on the coattails and on the back is a phoenix with flames surrounding it. Suddenly, Taranee felt a sharp pain on her back, and then, massive black-blue angel wings with orange tips on the large black-blue feathers, grew and sprouted out from her back. Taranee has on a Ring of The Phoenix with black-blue gem and heart shaped gem embedded in it on her right ring finger and White Lantern ring on her left ring finger.

Suddenly, Taranee Cook's massive Sword of Kandrakar and the other swords she's gotten throughout the treasure battles began merging together, and they were surrounded by a kaleidoscope of pink energy, quintessence, fire, life energy, and angels, and when it emerged, it was transformed into Kandrakar's Fire Quintessence Greatsword of Fiery Magical Justice, it's a brand-new greatsword with the symbol of Fire and the symbol of Kandrakar etched on the 7'0" massive, wide, double-edged pink blade, large fairy wings for the crossguard, large bright red gem embedded in the rainguard, longer black handle, and large black-blue gem surrounded by angel wings for the pommel, she has on her new Bracelets of the Champions of The Universe with large black-blue gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with black-blue red gems for eyes and large orange gem in its beak for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and her Eater of Sins revolver holstered on her left hip. There's an orange kanji below the phoenix that said, "Taranee Cook, Guardian of Fire, Loving Daughter of Theresa and Lionel Cook, Friend of Hay Lin, Irma Lair, Will Vandom, and Cornelia Hale, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Amazing and Powerful Student of Amazing and Powerful Teachers, Amazing Member of Team Loud Phoenix Storm, Guardian of the Heart of Kandrakar, and Master of Fire, Quintessence, and Life Energy"

タラニー・クック、火の守護者、テレサとライオネル・クックの愛する娘、ヘイ・リン、イルマ・レア、ウィル・ヴァンドム、コーネリア・ヘイルの友人、ダーク・ネリッサとフォボスの破壊者、悪のスレイヤー、混乱した、殺人的、無慈悲、そしてサディスティックなろくでなし、多くの友人、驚くほど強力な教師の驚くべき強力な学生、チーム ラウド フェニックス ストームの素晴らしいメンバー、カンドラカールの心の守護者、そして火、真髄、生命エネルギーのマスター

Taranee Cook has transformed into SUPER ANGEL INFINITY FIRESTORM KANDRAKAR QUINTESSANCE HEAVENLY PHOENIX ANGEL OF FIRESTORM QUINTESSENCE LIFE AND FIERY KANDRAKAR JUSTICE!

We were amazed by Taranee Cook's Super Angel Infinity transformation, but when Erol saw it, he fell into a rage and was about to fire a blast of Dark Ego to kill her, but Taranee fired a pink energy blast with fire, quintessence, life energy, angels, and phoenixes at him, and it exploded with incredible power as it hits him.

Daxter: Whoa, what the…?

Nico: That's Taranee's Phase 1 transformation, but her Phase 2 transformation is for later when Nightmare Moon comes for us.

Lincoln explains to him and Jak that The Doomsday 23 have returned, because of the big contingency plan of The Church of Necrom, and they were shocked.

Jak: I can't believe they'd do something that evil and horrible.

Will Vandom: Lincoln and The Dark World Goth Girls have seen what they were capable of, along with hearing of the dark deeds they've committed, but we've been ready for them, because we recruited the 27 Champions of Harmony to combat them.

Me: That's right, and we'll make sure The Doomsday 23 are a forgotten memory for good, and The Church of Necrom's final attempt at revenge is foiled for good.

Then, a figure descended right in front of us, and it was none other than our old enemy, Nightmare Moon, the evil villain persona of Princess Luna.

Me: Nightmare Moon, I should've guessed you'd be the first one of the Doomsday 23 we'd face later on today.

Nightmare Moon: You fools have ruined my plans to plunge the world into eternal darkness, and now, I will make you all pay with your lives!

Nightmare Moon fired a blast of magic from her horn, but Rebecca Yuminorika blocked it with her gold Elemental Shield of Harmony.

Nightmare Moon: Who do you think you are, mortal, to stand in my way?!

Rebecca Yuminorika: Someone who refuses to stand here and let you hurt my friends. (Midnight blue energy aura flares up) I am Rebecca Yuminorika, The Champion of Princess Luna, the Princess of the Night and one of the 27 girls chosen by The Elements of Harmony to be The Master of The Powers of the Night.

This horrified Nightmare Moon greatly.

Nightmare Moon: Impossible, The Champions of Harmony?!

Taranee Cook: That's right, The Champions of Harmony have returned, and I've had it up to hear with you to last an eternity, Nightmare Moon.

Suddenly, Taranee's brown eyes turned neon brown, and she was surrounded by a pink energy aura with fire, quintessence, life energy, and angels, she unholstered her massive Kandrakar's Fire Quintessence Greatsword of Fiery Magical Justice from her back, and as she approached Nightmare Moon, she left pink energy, fire, quintessence, life energy, and angels with every step.

Taranee: You've caused us more than enough trouble for the last time, Nightmare Moon, and I will never forgive you for the terror and havoc that you've caused Equestria for a thousand years, along with the pain and anguish you've caused Princess Luna, and for that, you shall be reduced to nothing more than a pile of ashes and you will never rise again.

Suddenly, Taranee was surrounded by a massive vortex of pink energy with fire, quintessence, life energy, and angels surrounding it, there's an angel flying around the vortex, and in the vortex is an orange phoenix. Then, as the vortex faded, Taranee emerged, but she was changed forever.

Taranee Cook has transformed into SUPER ANGEL ETERNITY INFINITY FIRESTORM KANDRAKAR QUINTESSANCE HEAVENLY PHOENIX ANGEL OF FIRESTORM QUINTESSENCE LIFE AND FIERY KANDRAKAR JUSTICE!

We were amazed by Taranee Cook's Super Angel Infinity transformation, but when Nightmare Moon saw it, the dark Alicorn of Nightmares fell into a rage and tried to fire another blast of darkness from her horn to kill her, but Taranee fired a pink energy blast with fire, quintessence, life energy, angels, and phoenixes, and it hit her and burned her, but she wasn't out yet.

Nico: Whoa, Taranee's transformed, this is going to be one awesome fiery battle between light and eternal darkness.

Rebecca Yuminorika: Especially with me joining in as well.

Suddenly, Rebecca Yuminorika's midnight blue eyes turn neon midnight blue and she was surrounded by a midnight blue energy aura with crescent moons, stars, moonlight, and magic, she unholstered her massive Sword of The Champion of Harmony, and as she approached Nightmare Moon, she left behind midnight blue energy aura with crescent moons, stars, moonlight, and magic with every step.

Rebecca Yuminorika: Nightmare Moon, I will never forgive you for the terror and havoc you've caused to Equestria for over a thousand years, and what you did to Princess Luna, that's crossed a serious line, and as The Champion of The Night, I hereby sentence you to death!

Suddenly, Rebecca Yuminorika was surrounded by a massive vortex of midnight blue energy with crescent moons, stars, moonlight, and magic surrounding it, there's an Alicorn flying around the vortex, and the moon was shining down, and in the vortex is a blue phoenix. Then, as the vortex faded, Rebecca Yuminorika emerged, but she was changed forever.

(END OF ALL HOPE BY NIGHTWISH PLAYS)

Rebecca Yuminorika grew to 6'11" in height, she has the body of a goddess, she has beautiful blue highlights in the bangs of her midnight blue hair, she has neon midnight blue eyes and a midnight blue energy aura with crescent moons, stars, moonlight, and magic surrounding her, she has an Alicorn with the Full Moon on its horn emblazoned on her forehead along with Princess Luna's cutie mark, she has on Alicorn earrings with midnight blue gems for eyes and the Moon and Eternity Kanji in its hooves on her ears, she has on her Crystal Necklace of The Buddha with midnight blue gems on the gold crescent moon links and midnight blue crystal links and a midnight blue Alicorn-shaped Element of Harmony and on the bottom of The Element of Harmony is an Alicorn holding the Moon and Eternity Kanjis in its horn for the pendant. Rebecca Yuminorika has transformed into SUPER ANGEL-ALICORN ETERNITY INFINITY DARKNESS DREAM ALICORN ANGEL OF DARK NIGHT JUSTICE AND DIVINE DARK DREAM LOVE!

We were amazed by Rebecca Yuminorika's Super Angel-Alicorn Eternity Infinity transformation, but when Nightmare Moon saw it, she flew further into a rage, but before she could attack, Rebecca fired a powerful midnight blue energy blast with stars, magic, moonlight, and Alicorns, and it hit her and she hit back first into a wall.

Nico: HOLY GUACAMOLE!

Me: Whoa, Rebecca Yuminorika's transformed, awesome!

Ken Knudson: That's really awesome.

Rebecca Yuminorika: (Divine Echoing Cosmic Voice of The Midnight Dream Alicorn and Lunar Dream Justice) **You said it, Ken. Taranee, you ready to fry that dark Alicorn of nightmares?**

Taranee Cook: (Divine Echoing Cosmic Voice of The Fire Quintessence Life Angel and Divine Firestorm Quintessence Love) **You got it, Rebecca. Let's get her.**

Taranee Cook and Rebecca Yuminorika went after Nightmare Moon, who continued firing blasts of dark magic at them with her horn, but they dodged them all, and they fired powerful blasts of pink and midnight blue energy, darkness, fire, stars, phoenixes, angels, and Alicorns, and they exploded with incredible power as they hit her. Then, they attacked her with their massive greatswords, and they left painful scars on her, and because of the purity of the attacks, it burned her badly, and the wounds she suffered would never heal. Then, they slashed off Nightmare Moon's wings and Lincoln helped out by binding her with a binding circle so she couldn't escape, and Lincoln grabbed her horn and he sucked out and absorbed all of her powers and he and the rest of us made them our own, and when Lincoln was done, Nightmare Moon was weakened to such a degree she couldn't even stand.

This allowed Rebecca and Taranee to finish Nightmare Moon off by firing powerful energy beams and they overwhelmed Nightmare Moon and they exploded with incredible power, killing her for good. We cheered wildly for what Taranee and Rebecca Yuminorika did to Nightmare Moon as they holster their massive greatswords on their backs and power down, and their new bodies, clothes, weapons, jewelry, and massive angel wings are permanent.

Then, as Nightmare Moon's spirit appeared, the cutie marks of The

Mane 9 on the massive Celtic Cross cutie mark tattoo on Lincoln's wider and more muscular back glowed, along with the cutie marks of The Mane 12 and the Elements of Harmony on my sword, and Nightmare Moon's spirit was surrounded by a magic circle with the cutie marks of The Mane 12 that formed on the ground, and she was chained up by chains of magic and rainbow energy, and the energy images of The Mane 12 appeared from the cutie marks on the circle, and they found her guilty of her crimes, and the energy images of The Mane 12 aimed their horns at Nightmare Moon and Lincoln aimed his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds at Nightmare Moon.

Lincoln: Nightmare Moon, for the multitude of crimes that you've committed against Equestria for a thousand years, you have been found guilty, and the punishment for your multitude of crimes is death.

This horrified Nightmare Moon, as she soon saw her days of havoc and chaos are about to end.

Lincoln: MANE 12 HARMONIOUS CUTIE MARK FINAL JUDGEMENT!

Lincoln fires a very powerful barrage of rainbow energy beams with Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels from his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds and the energy images of The Mane 12 fired colored magic energy beams from their horns, and as they hit Nightmare Moon's spirit, they exploded with incredible power and her spirit was then condemned to The Black Gates, and her spirit was erased from existence by the spirits of those she's hurt a thousand years ago.

Rebecca Yuminorika: Aw yeah, Nightmare Moon, you have failed all of Equestria!

Taranee: She's had it coming for over a thousand years.

Nico: Wow, Taranee, Rebecca, you girls did awesome taking down Nightmare Moon.

Taranee: Thanks, Nico, and Lincoln also helped us out as well.

Ken Knudson: And I've been meaning to ask: what was that attack you used on Nightmare Moon, Lincoln?

Lincoln: That attack you saw, Ken, is The Mane 12 Harmonious Cutie Mark Final Judgement, it's the special technique I created which works against The Doomsday 23, and it's also a combo technique with Twilight Sparkle and her friends who are in my harem. You saw the cutie marks of The Mane 9 on the Celtic Cross cutie mark tattoo on my wider and more muscular back glowing, along with the cutie marks of The Mane 12 and the Elements of Harmony on J.D.'s massive greatsword and your Sword of Harmony.

Ken Knudson: Yeah, I did.

Lincoln: That was only the beginning, you then saw the target surrounded by a magic circle with the cutie marks of The Mane 12 that formed on the ground, and they're bound by chains of magic and rainbow energy, and the energy images of The Mane 12 appeared from the cutie marks on the circle, and if they're found guilty of their crimes, the energy images of The Mane 12 aimed their horns at them, and we aim our massive swords right at the target, and then, we fire massive energy beams from our swords and the energy images of The Mane 9 fire magic blasts from their horns, and once they hit the target, they'll be destroyed and sent to The Black Gates forever.

Starlight Glimmer: We used that special technique on Evil Starlight Glimmer, and we thought it would banish her to The Black Gates, but thanks to Damian Alaister sabotaging it with his black magic, it'd Super Hakaied her.

Nico: He really crossed a big line on that day.

Lincoln: He sure did. Well, now that The Church of Necrom and their other contingency plans are now gone for good, I'm free to use The Mane 12 Harmonious Cutie Mark Final Judgement technique on the members of The Doomsday 23 and it'll send them straight to The Black Gates for good this time.

Ken Knudson: Whoa, that's incredible.

Me: That special technique Lincoln made is perfect, especially for The Doomsday 23, Ken, and it's really awesome.

Suddenly, we saw Lincoln's massive angel wings change from midnight blue back to white.

Princess Luna: And now that Nightmare Moon is gone for good, that caused your massive angel wings to change from midnight blue back to white.

Lincoln: That's right, Princess Luna, and we got another means to warn us of The Doomsday 23.

Jak: You said it, Lincoln. (To the viewers) Erol and all of the Dark Ego are gone for good, and they're never coming back to plague the world.

Daxter: (To the viewers) And we also got rid of Nightmare Moon, the first of The Doomsday 23, but the other 22 members are still out there, and the battle's just begun.

Nico: You got that right, Daxter. Great job today everyone! Lets head home.

We went back home and celebrated at Lynn's Table and then we went back home and enjoyed the rest of the day and went to sleep.

Meanwhile in the world of Ness it was going to be awesome for Ness and Lucas as we head to their world to help out.

Ness: This is gonna be so awesome Lucas.

Lucas: You bet it is Ness.

Ness: Yep. Lets get ready to help our friends.

They went at the screen.

In the early morning hours at 2:53 AM, Lincoln had a dream, and he saw three figures who was hiding out and living in the streets of Transylvania, Romanian. But, they were no ordinary three figures, their were The Glamrock Popustars; Sashay Shine, Platinum Pallet, and Regg adopted daughters of Lincoln Loud. Lincoln woke up from the dream, but he wasn't the only one, Nyx Midnight, Phyllis the Florauna, Caitlyn Loud, Zach Loud, Buffy Shellhammer-Loud, Katrina Roberts-Loud, Sharksharper, Viola Loud, Presta Loud, Dotty Loud, Cinnamon Roll Loud, Piper Panflute Loud, Lori Loud, Nico, and I also had the same dream.

Lincoln: Nyx, Phyllis, Caitlyn, Zach, Buffy, Katrina, Sharksharper, Viola, Presta, Dotty, Cinnamon, Piper, Lori, J.D., Nico, did you guys have that same dream as me?

Lori: We sure did, bro.

Nyx Midnight: And it also means that we found out where my adopted sisters are at.

Phyllis the Florauna: But the question is, Where?

Me: they're at Transylvania, Romanian.

Nico: Oh man, that's not good. It's the same place when we found Viola, Presta, Dotty, Cinnamon Roll, Piper Panflute, Sour Punch, Buzzer-Beak, and Snarl the Skull-Headed Dog, And it is not a safe place for little kids.

Lincoln: That's right, Nico. Come on, we're going to rescue them, and bring them to the Estate.

Lori: You got that right, bro.

Lincoln, Lori Loud, Nyx Midnight, Phyllis the Florauna, Caitlyn Loud, Zach Loud, Buffy Shellhammer-Loud, Katrina Roberts-Loud, Sharksharper, Viola Loud, Presta Loud, Dotty Loud, Cinnamon Roll Loud and Piper Panflute Loud, Me, and Nico were heading to Transylvania, Romanian. Then, Lincoln saw a 12-year-old girl who has pale white skin, waist-length ginger hair with yellow streaks and has a pair of sunglasses on her head, and dark blue eyes. She wears a blue blazer with a picture of Roxanna Wolf on the back, with a purple with a red circle t-shirt underneath, light purple pants, and purple slip-on sneakers. A 11-year-old girl who has light blue skin, dark blue and teal hair that she tied into small pigtails, and teal eyes. She wears a dark blue short sleeve blazer with a picture of Glamrock Chica on the back, with a blue short sleeve shirt underneath, dark blue skirt, white socks with blue line, and blue flats. And a 12-year-old girl who has blue skin, purple and black short hair, and amber eyes. Lincoln saw who they was, it was The Glamrock Popustars; Sashay Shine, Platinum Pallet, and Regg.

Lincoln: Excuse me, are you the Glamrock Popustars?

Sashay Shine: Yes we are. And who are you?

Lincoln: I'm Lincoln Loud of Team Loud Phoenix Storm, and this is my older sister, Lori Loud, my older brother and leader of Team Loud Phoenix Storm, J.D. Knudson, and my second brother and second leader of Team Loud Phoenix Storm, Nico Chan.

Sashay Shine, Platinum Pallet, and Regg were stunned.

Regg: Really?

Lincoln: Yes.

Sashay Shine, Platinum Pallet, and Regg ran up to Lincoln, and they hugged, and they cried tears of happiness, and we looked on at the scene. Platinum Pallet: Adopted?! Does that means… you're our father now.

Lincoln smiled, and that filled Sashay Shine, Platinum Pallet, and Regg with joy, as he picked them up and they hugged, and we had a smile on our faces and tears in our eyes.

Lincoln: Alright, everyone, let's go home. I can't wait until we tell everyone in the morning about this.

We went back home to the Estate, and Lincoln told everyone what happened, and he then introduced Sashay Shine, Platinum Pallet, and Regg to the rest of his siblings, who are now their aunts. We were proud of what Lincoln did, and Sashay Shine, Platinum Pallet, and Regg now has a loving, strong, brave, and caring father in their life.

Walking through the streets of Ponyville was Nico, The Ripping Friends, Captain America, Woz, Bai Tza, Sabrina Lorelai the Despair from The Dark Gene-Slammer, Albedo, The 1983 D&D Gang, Irina Krafla the Granity Gene-slammer, Kora Lexxington, Olivia Houou, Nataša Marečková, Nalanie Nanthavong The Vorash Gene-Slammer, Daring Do, Lizzie Strong the Great Blue Windrunner Gene-slammer, Emam Reynolds the Living Tsunami Gene-slammer, Wendy Sapphira, Rin Nohara, Reggie Hjorleifsstræti the Five Headed Dragon Gene-Slammer, Qin, Miku Yuuki, Granity, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Hibiki Riders, Kabuto Riders, Den-O, Kiva, Decade, W, OOO, Fourze, Wizard Riders, Gaim Riders, Drive Riders, Ghost Riders, Ex-Aid Riders, Build Riders, Zi-O Riders, Zero-One Riders, Granity, Changeman, Jetman, Dairangers, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Zarya Moonwolf, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol

Me: I wonder what it is that Sunny Starscout and her friends wanted us to see in Ponyville?

Rarity: Whatever it is darlings it must be amazing.

Nico: I have a feeling it's going to be really awesome.

Carol Pusateri: I have that same feeling myself.

Captain America: I hope it's really cool.

Me: I hope so too Steve.

Nico: Thanks for coming with me, Cap.

Captain America: No problem Nico. It's gonna be awesome helping you guys out on this awesome rescue.

Laney: But it's good to be back in Ponyville.

Twilight Sparkle: It sure is. I always like coming to Ponyville.

Me: It is your home away from home in a sense. I always come here to relax at the castle of harmony next to your castle Twilight. It's so awesome and soothing.

Nico: It sure is.

Qin: Yeah it's relaxing.

Nico: Cap, I personally feel like you're the real leader of the Avengers.

Captain America: (Chuckles) That is true. I do feel like sort of the real leader of the Avangers.

Me: You are the most experienced out of the whole team Steve.

Captain America: That is true. But J.D. I'll never forget how you managed to defeat Red Skull.

Me: That was so epic. And that was back when we first met you Steve and we had him executed by firing squad.

Nico: Whoa you defeated Red Skull?

Me: Yep. That was so awesome.

I went over what happened during the events of that fight in chapter 415.

FLASHBACK - Chapter 415.

The next day Me, Varie, Rachel, Vince, Lori, Luna, Sam, Lincoln, Laney, Lucy, Lana, Lila, Danny, Spiderman, Hulk, Gwem (TD), Eion, Bleez, Inque, Ace, and Panda King went with Captain America in the Avengers Jet.

Me: This is so cool being in the Avenger's Jet.

Lincoln: It sure is. This is awesome.

Captain America: Here comes the Red Skull's ship.

We look out front and saw a huge flying fortress. It was the Valkyrie.

Me: Whoa!

Lincoln: Look at that ship.

Lori: That is literally the largest ship I've ever seen.

Me: It's looks like an oversized B-2 Stealth Bomber.

Hulk: Hulk ready to smash Nazi filth!

Lincoln: So how are we gonna fight him?

Me: We burst in through the main room of the body of the plane.

Sam: That's perfect.

Me: Lets do it.

We hovered over the Valkyrie and busted in and Lincoln blasted them with lightning and numbed them and Laney tied them all up with bramble vines. We had them all tied up until Red Skull was left.

Me: Johann Schmidt A.K.A. Red Skull. So we meet at last.

Red Skull: (German Accent) Yes so we do. Ze world will belong to us in the name of HYDRA.

Captain America: Not gonna happen Red Skull.

Me: Yeah! You know this is really interesting. My grandfathers on my parents sides of the family both fought in World War II and they fought against the Nazis. My grandpa on my dads side fought against General Rommel.

Red Skull: That's interesting. Lets see if you can live up to your relatives legacies.

Me: As you wish.

Red Skull: You could have the power of the gods! Yet you wear a flag on your chest and think you fight a battle of nations! I have seen the future, Captain! There are no flags!

Me: You can take your offer and shove it up your butt! It's time to end this!

I go Super Angel and we engage in an extremely savage and brutal fight. I punch him in the face and kick him in the face. Red Skull punched me in the face and I kick him in the stomach and he punched me in the stomach and I kick him in the face and punch him in the chest and kick him in the mouth and knock out some of his teeth. But he was getting madder by the second and he kicked me in the mouth and punched me in the face and stomach and kicked me in the face and I belched up a huge amount of blood and I dealt him an uppercut and teleport as he was flying and kick him in the back and he got up and I elbow him in the face and punch him in the face again. He grabbed me and threw me to the floor and he jumped and pile drived me in the face and chest several times and I belched up even more blood. I kick him in the face and get up and elbow him in the head and leg sweep him and kick him in the back and jump up and dealt him a spinning axe kick that severed his spinal cord from his legs.

He landed on the ground and was in a lot of pain.

Me: (Groans) What a fight.

But thanks to my accelerated healing I was fully restored.

Red Skull: What have you done to me!? I can't feel my legs!

Me: You're about to get more than that Red Skull.

Red Skull was arrested.

Later at the White House we were conducting an extremely rare moment never seen before. Red Skull was found guilty of his crimes and sentenced to Death by Firing Squad. We were standing ready with 1903 Springfield Rifles.

Me: (To the Viewers) This is an extremely rare moment for all of us here in the United States. We're going to be executing Red Skull by Firing Squad. There's only one state in the country that has this method of Capital Punishment still active and that's Utah. The last time we had an execution like this was back in 2010 and this execution is totally different. It's a worldwide public execution. Something that has never been done before in the history of mankind. We've done public executions over the centuries but none have ever been done like this. This is something that's only reserved for the most dangerous criminals in the world. It's also being broadcasted around the planet and 7.4 Billion people are watching.

Lincoln: That's right guys. So lets get it on.

President: Are you all ready?

Me: Yes sir, Mr. President. We're ready.

President: You may fire when ready.

Me: Yes sir. [to Red Skull] Johann Schmidt, before you die do you have any last words to say?

Red Skull: Hail HYDRA!

Me: Is that it?

Red Skull: Yes.

Me: All right. Guns ready!

We load our guns and aim them at him.

Me: See you in Hell, Red Skull. FIRE!

---

We fired and pumped him full of lead and killed him instantly.

Me: Great job guys.

Everyone around the world cheered wildly knowing that the Nazis of World War II will never terrorize the world again. We then had a great dinner at the White House.

Me: Thanks for helping us Cap.

Captain America: No problem J.D.

Bruce: It was awesome taking down Red Skull.

Rachel: It sure was.

Lincoln: This was so awesome!

Linka: You said it bro.

We later cremated Red Skull and threw his ashes into the Sun.

FLASHBACK ENDS

Nico: WHOA! I remember seeing that! That was all over the news all over the world. That was so awesome you guys did that.

Eli: No kidding bro! That was so awesome.

Rin Nohara: That was so cool. I thought it was so cool how you guys took him down.

Lola: One of the most action packed adventures we've had.

Captain America: I wiill always be forever grateful to you for destroying Red Skull.

Me: Think nothing of it Steve.

Nico: Back then, you were one of the first Avengers we recruited.

Captain America: That's right and that's also because I was the first of the Avengers back in 2016's Civil War.

Me: That was a really awesome moive.

Laney: It sure was.

Me: Yeah it sure was. And the Avengers have all done so much for many people all over the world in many universes. But I'm so sorry that your Marvel Zombie self turned into such a terrible monster.

Captain America: It's all right J.D. But the important thing is that you all saved the Marvel Zombies from themselves.

Me: That's true.

Camie: The Avengers were zombies?

Me: Yeah because of a virus from another planet. It was one terrifying Halloween that we will never forget.

I went over what happened during the events of chapter 1558 and it was scary and a nightmare. When I was finished everyone that hadn't heard about it was shocked and horrified!

Tsuyu: Oh man! That's bad!

Sirius: That's horrible! I can't believe they went through all that.

Camie: No kidding! Steve we're so sorry about what happened to your counterparts.

Captain America: It'll be okay. That virus really did a number on them though.

Me: No kidding there. But that was a Halloween worth remembering though.

Qin: It sure was. But so was yesterday's mission.

Nico: I'm glad Jak's dad was avenged

Me: I am too. Irma and Cornelia have their missions left and then all of W.I.T.C.H. will be fully covered. But Cornelia's mission is not gonna happen till later on.

Nico: Yep. Also Layla's big mission is today and we'll have the Winx Club fully covered after that.

Me: I'm really excited for that one.

Eli: Me too and so are all the stars of Nintendo.

Lincoln: Me too. And I'm also now part of the Super Smash Brothers Roster.

Qin: Yep.

Nico: I got a feeling that Giygas can't talk.

Me: I got that same feeling too.

Qin: Yeah.

Eli: Me too. But it'll be much easier to face him if he kept his ugly mouth shut.

Me: Yeah.

Qin: I agree.

Sunset Shimmer: (LAUGHS) That's true. Also we're here.

We saw Sunny and friends and they had something under a huge tarp.

Sunny Starscout: Hey guys! Glad you all could make it.

Izzy Moonbow: We have something really awesome to show you guys.

Nico: I also got a feeling that Giygas doesn't even have a mouth. Or even look like a person.

Nicole: The info says that it's a formless and shapeless mass of darkness.

Nico: Oh that helps.

Qin: Geez.

Me: So what is it you wanted to show us guys?

Hitch Trailblazer: It's a piece of Equestria History that was thought to have been lost in our world.

Pipp Petals: Ready to see it?

Me: You bet we are.

Zipp Storm: This is gonna be awesome guys.

Sunny Starscout: Here we go!

They pulled off the tarp and to our amazement it was a STATUE OF TWILIGHT AND FRIENDS!

Me: WHOA!

Eli: Whoa is that a statue of Twilight Sparkle and Friends!?

Sunny Starscout: It sure is.

Me: Wow!

Twilight Sparkle: That is really amazing!

Maria: Nice!

Me: Where did you find this statue?

Sunny Starscout: We found it in the Everfree Forest.

Hitch Trailblazer: After the tribes were divided in our world Ponyville was in ruins. So we went to the Everfree Forest and brought the statue to Maritime Bay and cleaned it up. Then when Maritime Bay appeared on this world we brought the statue here to Ponyville.

Me: That is amazing!

I saw a plaque on it.

Me: There's a plaque.

I looked at it and read it.

Me: "Dedicated to the amazing and unforgettable achievements of Friendship given to all ponydom by the great Guardians of Harmony. In honor of Princess Twilight Sparkle - Princess of Friendship and Element of Magic, Applejack - Element of Honesty and Great Farmer of Sweet Apple Acres, Fluttershy - Element of Kindness and Great Friend of all Creatures Great and Small, Rarity - Element of Generosity and Great Fashionista of Equestria, Pinkie Pie - Element of Laughter and Great Party Planner, Rainbow Dash - Element of Loyalty and General of The Wonderbolts, Sunset Shimmer - Element of Forgiveness and Ambassador of The Human World, Starlight Glimmer - Element of Empathy, Savior of The Changelings and Teacher of Twilight's School of Friendship and Trixie Lulamoon - Element of Humility and Great and Powerful Magician. Their deeds of friendship and love have given them the title of The Protectors of All Friendship and Harmony." WHOA! That is so cool!

Qin: Wow!

Nico: That is so awesome!

Eli: Wow!

Twilight Sparkle: This is so amazing!

Sunset Shimmer: It's amazing that we've all had such a tremendous impact on all creatures in Equestria.

Sunny Starscout: It sure is awesome.

Zipp Storm: You better believe it is.

Me: Wow.

Nico: I promise Trixie will get her own set of Ambassador missions next year.

Me: Well first we got to figure out who will get what mission for that year.

Eli: Yeah.

Rainbow Dash: Me as General of the Wonderbolts!? That is so AWESOME!

Me: You definitely are worthy of being called a General R.D.

Nico: I like the sound of that Rainbow Dash.

Lincoln: But girls this is so cool!

Pinkie Pie: But this is really AMAZING!

Varie: Wow it sure is!

Himiko: This statue is truly an amazing find for all of us.

Nico: It sure is.

Camie: I think it's cool.

Me: Yeah.

Princess Luna: It sure is an awesome find.

Princess Celestia: I agree there too sister.

Nico: And Nightmare Moon is gone for good.

Princess Luna: Thank goodness.

Me: But we're just getting started. Next up on the list is Queen Chrysalis.

Eli: Yep and that means that Cassie Excelsior is up to face her.

Starlight Glimmer: The Champion of Kindness VS The Changeling Queen. That is gonna be awesome.

Fluttershy: I think it's so amazing.

Me: But we also have 28 days left before The Great Equalist War on September 16th.

Nico: That day is just fast approaching.

Princess Celestia: It sure is.

Me: Yeah. I had Lady Tsunade send some of the ANBU to keep an eye on Starlight's old village and much of Equestria to let us know when Evil Starlight is gonna appear.

Princess Celestia: Good thinking J.D.

Sunset Shimmer: Me being Ambassador of the human world is a long stretch.

Me: You do represent Equestria for Earth.

Nico: Yeah.

Sunset Shimmer. That's true.

Nico: Should we have this statue moved?

Me: We can place it in our garden. I do have something awesome in its place.

I pulled out a special disk and put it on the ground and then turned it on and then out came a holographic replica of the statue!

Qin: WHOA!

Nico: A Holographic Replica! Awesome and ingenious.

Me: Thank Lisa for inventing it.

Princess Cadance: That is really amazing.

Xenia: It sure is.

Albedo turned into Negative Spitter.

Negative Spitter: This is just a safety precaution.

Me: Oh. Okay then.

But then…

SPLASH!

I got hit with a massive stream of water from out of nowhere and it knocked me down and got me soaked!

Me: (SPITS) YUCK! That is gross! Okay who is the wise guy that got me wet!?

Maria: It wasn't me!

Himiko: Not me!

Eli: (Senses Something) Up there!

We looked and saw a figure on a house and then it jumped down and landed in front of us and it was a black version of Spitter!

Me: Another Spitter!

Nico: Boy that one drenched you good J.D.

Me: No kidding!

I flew into the air and spun around and dried off.

POOF!

My clothes and me were dried off.

Me: Much better.

I landed.

Nico: Who are you?!

Another Spitter: (In a girls voice) J.D. knows about that.

Me: (GASP) Zinnia Evergreen! I thought I would never see you again.

Another Spitter: It's good to see you again J.D.

Me: Same here.

Nico: You know her?

Me: I sure do. But let me tell you guys, her story is dark. She ran away from her home. Her mom and dad always fought a lot and never even gave her an ounce of love. Her father was a massive alcoholic and her mother was a Cocaine and Heroin Addict and the would always fight constantly. Always to the point where they want to kill each other. She ran miles away from her home into the forest and I found her crying and we took her in and gave her some awesome food. We were in the process of letting her live with us permanently before we moved to Michigan but she suddenly disappeared.

Nico: OH MAN! That's terrible!

Eli: Yeah no kidding there!

Another Spitter: My mom and dad are dead to me.

Me: But you don't have to worry about those douchebags ever again. I had your mom and dad arrested after you disappeared. They were sentenced to life in prison without parole for their crimes.

Another Spitter: Good riddance.

Me: Now we see why you disappeared. You were turned into Another Spitter. You're what's called a Spheroid from the planet Scalpasc.

Another Spitter: Wow so that's what I am now.

Qin: Yep.

Me: Yeah. Your Parents were put in 2 different prisons in 2 different states.

Another Spitter: Good riddance.

Nico: Swartz is dead now. So, we can grant whatever he promised you.

Another Spitter: Revenge on my parents.

Me: Well it's no longer needed because of your so-called parents being in jail now.

Another Spitter: I can tell he lied to me. But I'm more alone now than ever.

Me: That's not true Zinnia. You still have me.

Another Spitter: I'm glad. But please help me.

Me: Oh we will. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: (gets out Trap Jaw's Ridewatch) Did Swartz simply have no clue as to what happened to your parents?

Another Spitter: I don't think he knew anything about it.

Me: But he did see into the darkness that was plaguing you.

Qin: Yeah.

Nico: But lets get it on. (Activate's Trap Jaw's Ridewatch)

(THE MYSTICS DREAM BY LORENNA MCKENNITT PLAYS)

Nico: (FLOATS IN THE AIR AND SINGING DIVINELY)

A clouded dream on an earthly night

Hangs upon the crescent moon

A voiceless song in an ageless light

Sings at the coming dawn

Birds in flight are calling there

Where the heart moves the stones

It's there that my heart is calling

All for the love of you

A painting hangs on an ivy wall

Nestled in the emerald moss

The eyes declare a truce of trust

And then it draws me far away

Where deep in the desert twilight

Sand melts in pools of the sky

When darkness lays her crimson cloak

Your lamps will call me home

And so it's there my homage's due

Clutched by the still of the night

And now I feel you move

Every breath is full

So it's there my homage's due

Clutched by the still of the night

Even the distance feels so near

All for the love of you

A clouded dream on an earthly night

Hangs upon the crescent moon

A voiceless song in an ageless light

Sings at the coming dawn

Birds in flight are calling there

Where the heart moves the stones

It's there that my heart is calling

All for the love of you

Nico had waves of light swirl around him and then he fired it all and it formed into angels and they hit Another Spitter and smashed her down.

Me: Nice one Nico! How about this one?

I pulled out Zen-Aku's flute.

Me: You'll like this one.

I used the Animal Crystal for the Eurasian Nuthatch.

Me: EURASIAN NUTHATCH OF LEFOU! ARISE!

I blew a tune and then out came a Grey bird and it was the Eurasian Nuthatch Zord!

Nico: WHOA! The Eurasian Nuthatch!

Nicole: Beautiful Bird.

Qin: Yeah!

Himiko: Wow that must have been LeFou's Animal Crystal.

Me: It is.

The Eurasian Nuthatch Zord fired energy beams at Another Spitter and blasted her all over.

Eli: WOW! Awesome bro! May I do one?

Me: Sure Eli.

Eli activated Zen-Aku's Ridewatch and got his flute too and put in the Mermaid Animal Crystal. It was the Black Mermaid of Marina Del Ray.

Eli: This is for Ariel.

Eli played a tune and out came the Black Mermaid Zord and she fired waves of magic and blasted Another Spitter all over.

Me: Wow! Nice one bro!

Eli: That's just the beginning. Watch this. (Activates Biowulf's Ridewatch)

(THE WOLF SONG VARGSANGEN PLAYS)

Eli: (SINGING DIVINELY IN SWEDISH AS MOONS SWIRL AROUND HIM AND WOLVES HOWLING WAS HEARD)

Vargen ylar i nattens skog

Han vill men kan inte sova

Hungern river i hans varga buk

Och det är kallt i hans stova

Du varg du varg, kom inte hit

Ungen min får du aldrig

Vargen ylar i nattens skog

Ylar av hunger o klagar

Men jag ska ge'n en grisa svans

Sånt passar i varga magar

Du varg du varg, kom inte hit

Ungen min får du aldrig

He fired waves of moons and blasted Another Spitter all over the place.

Me: WHOA! That was awesome bro!

Nico: Yeah it was!

Varie: That was great!

Kaito: (takes out Build gear) Let's get in there!

Zocks: (takes out Ex Aid gear) Considering the next heroes we're recruiting are from video games, this gear seems appropriate.

Kaito got a Build Sword and Zocks got an Ex-Aid blaster.

Me: Zinnia, you need to understand what your spirit is telling you about who you are and what you represent.

Another Zinnia: What do you mean?

Me: Let me shed some light on you where darkness lies. RAVEN SPIRIT POWER!

I flared up a pitch black aura of the Raven Spirit of Inuit Myth in Alaska and then the Aurora Borealis appeared with the spirits of the animals.

Me: When every creature in the world is born, a Spirit stands beside them.

Another Spitter: Why?

Me: To light their way through the long dark night and sing them songs to guide them.

Another Spitter: Why?

Me: Because each of us has a destiny that sets us all apart. The path is different for you and me, but the Journey begins in the heart. (SINGING DIVINELY AS THE SPIRITS OF THE ANIMALS APPEARED)

You must go to the east, go to the west

The road is rocky and the way is far

It's a dangerous trail, a difficult quest

If you want know who you really are?

There are voices all around you

To comfort and to guide you

Fathers and teachers

Powerful creatures

And a voice that sings inside you

Or you can turn back around

Run along home

Back to the place where your friends are

Perhaps that is best

You need the rest

Who wants to go on a ridiculous quest?

Unless you want to know

You truly want to know

Unless you want to know

Who you really are?

Who are you?

Who are you?

Who are you?

Who are you?

Who are you?

Who are you?

Who are you?

Who are you?

Another Spitter: That was amazing.

Me: It sure is. And the Raven Spirit is telling me that your spirit animal is not the frog but it's that of the Owl. The owl spirit animal reminds us to tap into our intuition. This is where true wisdom lies. As a personal totem, the owl provides the inspiration and guidance necessary to explore the unknown, to change, transform, and experience the mystery and magic of life.

Another Spitter: Wow. That is amazing.

Nico: It sure is.

Geiz: (takes out Kiramager Ridewatch) And no. Your Spirit Animal isn't Spitter's kind either.

Sougo: (takes out American Turbo Ridewatch) This is my first time using a Ranger Ridewatch.

Sougo got American TurboArmor while Geiz got KiramagerArmor.

It was awesome.

Nico: That is so awesome.

Rarity: Oh indeed it is darlings. Lets see here. I know! CORVUS POWER!

She flared up an aura for Corvus the Crow and fired waves of darkness and blasted Another Spitter down with the power of Corvus the Crow from the Southern Hemisphere.

Nico: Awesome!

Captain America: My turn. LUDWIG THE BLOODSUCKER!

He flared up the power of the legendary Ludwig the Bloodsucker from New York City in American Folklore and it formed into a red leprechaun and he fired waves of red energy and blasted her down.

Me: WHOA! That was Ludwig the Bloodsucker from New York City.

Nico: The first vampire of America Folklore?

Me: The very same one.

Qin: Scary.

Laney: Yeah.

?: That was a scary one.

A figure appeared and it was a red hair girl and she had red eyes, red clothes and didn't have shoes and she was floating.

Nico: Whoa Elaine Sustrai?

Elaine Sustrai: Awesome to see you again Nico. And yes I am the gene-slammer of the powers and spirits of the 10 Legendary Warriors.

Twilight Sparkle: Wow!

Me: Incredible! Your power is amazing.

Elaine Sustrai: It sure is J.D. And no I am not related to Emerald Sustrai. Even though we do share the same last name.

Nico: Very coincidental.

Qin: Yeah.

Elaine Sustrai: I got this. (Echoing) GREAT MAELSTROM!

She fired a huge wave of water with AncientMermaidmon's power and smashed Another Spitter down and defeated her. I caught the ridewatch and purified it. I went over to Zinnia and she was a purple hair girl that was in tattered clothes. Her shirt and coat and pants were torn up and she had no shoes.

Zinnia: (GROANS) What a huge headache.

Me: Are you all right Zinnia?

Zinnia: J.D.!

She hugged me and cried hard.

Zinnia: (CRYING HARD) OH J.D.!

Me: I know Zinnia. I know. It's over now.

She was crying hard into my chest and wailing hard and I comforted her.

I picked her up as she was crying.

Nico: Oh poor girl.

Qin: She went through hell.

Sunset Shimmer: No kidding.

Eli: Yeah.

Elaine Sustrai: Poor girl .

Captain America: What's your favorite memory of Nico?

Elaine Sustrai: I have a lot of them. Me and Nico were in history class and our project was on Meenakshi Temple in Madurai.

Sunset Shimmer: Wow that's an amazing temple.

Laney: It sure is. That temple was built in 1190 A.D.

Qin: Yeah.

Elaine Sustrai: That's right and we built it as a diagram and got an A + on it.

Nico: That was cool.

Zinnia then fell asleep in my arms and then she got a purple spirit ring on her finger for the Owl.

Nico: Awesome.

Nico and Elaine hugged.

Nico: I've missed you so much Elaine.

Elaine Sustrai: Me too Nico.

Maria: Anyone up for paying Zinnia's parents a little… visit?!

Me: They're in prisons in 2 different states Maria.

Maria: Oh. Well then lets give Zinnia a bath and some new clothes. She needs it too.

Qin: Good idea.

Elaine Sustrai: Yeah no kidding.

Nico: Poor girl.

Twilight Sparkle: But this rescue was really cool.

Nico: Yes it was. We got to see an awesome statue and battle Another Spitter.

Later we went back home and got Zinnia a bath and new clothes. She had a purple crop top, purple pants, purple skirt and purple gloves. She looked awesome. We gave her an awesome room too.

---

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, The Samurai Warriors, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, The Demon Slayer Corps, and Chris Taylor are heading to Cloudsdale in Equestria, and not only is Lincoln going to rescue the six girls here, but we got word that Countess Cassandra and Chimera have escaped from The Omega Dimension and they want revenge.

Lincoln: Whoa, we're here in Cloudsdale, and I know what we're going to do here, not only am I going to rescue the six girls here, but we got word that Countess Cassandra and Chimera have escaped from The Omega Dimension and they want revenge.

Rainbow Dash: You said it, Linky. Those two dare to come here to Cloudsdale to cause havoc, will they? They're both going to pay.

Me: You got that right. But, how did Countess Cassandra and Chimera escape from The Omega Dimension?!

Nico: Yeah, we made sure they would never escape from there again. Unless…

Suddenly, Lincoln's massive white angel wings turn yellow, but the stars and orange and aurora-colored tips on the feathers remain the same.

Fluttershy: Wow, now your angel wings have turned yellow, Linky.

Lincoln: You represent the Element of Kindness, Fluttershy, which means the opposite of Kindness is Cruelty. (Gasps) Oh man, guys, I know who it was that freed Countess Cassandra and Chimera from The Omega Dimension: Queen Chrysalis.

Lori: That evil sadistic Changeling with a heart of hatred?! That's literally not good.

Nico: Should've known this was her handiwork.

Lincoln: That Changeling's going to get her just desserts later on today for what she's done. And thanks for joining us, Chris.

Chris Taylor: You're welcome, Lincoln.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of six girls calling for help, along with the sound of cruel laughter in the air. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the six girls, but they've been cornered by Countess Cassandra and Chimera, and they're going to kill them.

Lincoln: Let's get over there at once, guys, I found the six girls, but they've been cornered by Countess Cassandra and Chimera, and they're going to kill them.

?: (Girl's voice) (Arabic Accent) Those cruel, remorseless egotists, let's get them!

Suddenly, we saw Pikachu appear before us.

Nico: Pikachu, but how?! Ash isn't here with us, and Lincoln, you still have your Pikachu in your Pokeball.

Lincoln: That's right, but I know that Arabic Accent from anywhere, I knew it was you, Zoey Faralbarq, but we'll talk later, time to put a stop to some old enemies of ours.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Countess Cassandra and Chimera, and that allowed the six girls to get to safety and were in an energy field put up by Lincoln to protect them from Countess Cassandra and Chimera's wrath. When they both saw us, they were enraged, and we saw the mark of Queen Chrysalis on their foreheads, which was proof that the evil Changeling was the one who busted them out of The Omega Dimension.

Lincoln: Countess Cassandra and Chimera, I should've known you two wouldn't stay gone for good.

Countess Cassandra: I hate all of you for everything that you've done, Team Loud Phoenix Storm, you ruined my chances of getting my hands on the throne of Solaria!

Chimera: And you've ruined my chance to ruin Stella's life, she doesn't deserve anything, I wanted her life and everything, it should be all mine! I HATE ALL OF YOU SO MUCH!

Our rainbow energy auras flared up extremely thanks to Countess Cassandra and Chimera's hatred. Then, Lincoln fired a strong web at Chimera and it tied her up in a spider silk straitjacket and he also fired a web at her mouth to shut her up and we put her in a containment chamber, and this infuriated Countess Cassandra.

Lincoln: Your daughter's getting off easy, she's heading straight to jail, but you, there's only one punishment for you: death!

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and

Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Chris Taylor, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their weapons, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went after Countess Cassandra, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit her.

Then, Lincoln fired a powerful sunlight yellow energy beam, which hits Countess Cassandra, and the blast incinerated her to ashes, and when her spirit appeared, Lincoln drew a kanji on her forehead and she was erased by The Black Gates forever. We cheered wildly as we holster our weapons and powered down and Lincoln's massive angel wings changed back to white.

Me: Countess Cassandra's gotten The Black Gates, but what do we do with Chimera?

Lincoln: Let's send her straight to jail, and I think I know just the prison to throw her in.

Lincoln beamed Chimera to The Neptune Prison for Traitors, and she was sentenced to Eternity In Prison Without The Possibility of Parole, and she was chained to the wall of her cell with rainbow energy chains.

Lincoln: We did it, we finally put a stop to Solaria's most dangerous enemies once and for all. (To Zoey Faralbarq) And it's so good to see you again, Zoey Faralbarq.

Zoey Faralbarq reverted back to normal, and she's a beautiful girl with long flowing yellow hair, sky blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful yellow angel wings, and she reigned in the power of Pikachu, and she's dressed in a sleeveless yellow vest, sleeveless yellow dress top, yellow skirt, sandals, and long sleeveless yellow trenchcoat with lightning bolts on the coattails, and Pikachu on the back, and holstered on her back a large Pikachu-themed greatsword with Pikachu etched on the 7'0" massive, wide, double-edged yellow blade, yellow angel wings for the crossguard, large red gem embedded in the rainguard, longer black handle, and a large red gem surrounded by angel wings for the pommel.

Zoey Faralbarq: (Arabian Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Zoey Faralbarq and they hugged, and Zoey Faralbarq was very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his massive white angel wings with stars on the feathers and orange and aurora-colored tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were fifteen, and as you can see, I really grew a lot since then.

Zoey Faralbarq: (Arabian Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive white angel wings, that's so awesome.

Nico: Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Zoey Faralbarq, she's not only my Guardian Angel from Egypt, but she's also my classmate in science and one of the fastest runners in gym. Her last name, Faralbarq, means Lightning Mouse in Arabic.

Nico: That explains why she was Gene-Slammed into Pikachu, because of her last name and that you said she's one of the fastest runners in Gym.

Lincoln: Yep, and it was Zoey who taught me how to run fast for long periods of time, and we would run all the way from Michigan to Illinois.

My jaw and Nico's dropped to the cloud floor when Lincoln told us that.

Me: What?! You guys ran all the way from Michigan to Illinois?! That's impossible!

Nico: Yeah, by running, it would take five days to get from Michigan to Illinois, and that's via White Pine Trail for 397.5 miles.

Lincoln: Yeah, that's right, but we made it there in about 25 minutes.

Our jaws dropped even more to the floor.

Nico: Whoa, you guys sure are really fast runners!

Lincoln: We sure are, and this one time, we once ran a couples edition marathon and we won.

Me: Hey, wait a second, that was you two in the couples edition marathon?! I remembered seeing it on TV.

Lincoln: That was us alright.

Zoey Faralbarq: (Arabic Accent) And I made Lincoln a thunderbolt-shaped bracelet with gems in his favorite color, and to show how grateful he was, he kissed me on the lips.

Lincoln: Zoey's right, and look.

We saw the thunderbolt-shaped bracelet and it merged with his left large gold cuff Bracelet of The Champion of the Universe with orange gems.

Eli: Wow.

Menat (Street Fighter): And there's also something else: Zoey's also my cousin.

Nico: Wait, what?! Oh, of course, you two happen to be from Egypt.

Lincoln: And I didn't know about that, but this is really awesome. And Zoey really hates Scoots with a burning passion, but you don't have to worry about her, Scoots died from the curse I gave her, and now, she's in Hell for good.

Zoey Faralbarq: (Arabic Accent) Good riddance.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Zoey Faralbarq's neck with red gems on the gold thunderbolt links and yellow crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Zoey Faralbarq: (Arabic Accent)(Surprised) Lincoln, is this…?

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means that just like your cousin, you're part of my harem and one of my many future wives, Zoey.

Zoey Faralbarq had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Zoey Faralbarq's waist and Zoey Faralbarq wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the six girls, and when Lincoln saw them, he recognized them immediately. The six girls are Morte Ashera and Ria Dragonell from World Destruction and Michelle Cheung, Maggie Mui, Anita King, and Nenene Sumiregawa from R.O.D -THE TV.

Lincoln: Oh wow, it's Morte Ashera and Ria Dragonell from World Destruction and Michelle Cheung, Maggie Mui, Anita King, and Nenene Sumiregawa from R.O.D -THE TV.

Nico: Awesome.

Lincoln: Are you girls okay?

Morte Ashera: Yes, we're okay, thanks to you.

Then, when Morte Ashera and the other five girls saw who it was that saved them from Countess Cassandra and Chimera, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of

Morte Ashera: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made five clones of himself, and he and the five clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Morte Ashera: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared on the necks of Morte Ashera, Ria Dragonell, Michelle Cheung, Maggie Mui, Anita King, and Nenene Sumiregawa with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened at Cloudsdale, and they were shocked when they found out the villains we went after were Countess Cassandra and Chimera who escaped from The Omega Dimension and wanted revenge, and even worse, the one who helped them escape was Queen Chrysalis, the Evil Queen of The Changelings.

But, when Lincoln showed what we did in sending Countess Cassandra to The Black Gates and tying up Chimera and throwing her in The Neptune Prison for Traitors, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Zoey Faralbarq have a lot of catching up to do, now that she's back in town.

Qin: I can't believe Countess Cassandra and Chimera came back, and it's because of Queen Chrysalis, that evil Queen of The Changelings.

Me: That sadistic Changeling's going to pay for this.

Lincoln: You bet she will, J.D., and just to make sure.

We then saw our rainbow energy auras with elemental forces and mythological animals flare up.

Lincoln: Since we know Queen Chrysalis can change into anyone, the only way to tell the real one from her is our rainbow energy auras with elemental forces.

Nico: And her aura is pitch black and filled with hatred and all sorts of negative emotions.

Lincoln: That's right.

---

After getting rid of Countess Cassandra and throwing Chimera in The Neptune Prison for Traitors, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Zoey Faralbarq saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Zoey Faralbarq: (Arabic Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Zoey, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Zoey Faralbarq: (Arabic Accent) That's incredible.

Nico: It sure is. So, Zoey, what other memories did you have with Lincoln?

Zoey Faralbarq: (Arabic Accent) Oh, I remembered this one time we were playing Dodgeball in Gym, me, Girl Jordan, Lincoln, Mollie, Clyde, Liam, Stella, and Zach were on one team, and our opponents were none other than Chandler and his goons. But, knowing that Chandler and his goons are known cheats and they hated Lincoln and all of us with all their black hearts and want to kill us, we then saw they had acquired some bombs from Chandler's low-life dad, Anthony McCann, and they painted the bombs red to fool Coach Pacowski, but when I saw Chandler, Artie, and Trent light the fuses, I then warned, Girl Jordan, Lincoln, Mollie, Clyde, Liam, Stella, and Zach about the bombs, and we had to do something to stop them. Chandler, Trent, and Artie threw the bombs right at us hoping to kill us, but Lincoln fired three spheres of darkness and trapped the bombs inside them, and the bombs exploded and everyone saw the explosions, and I told Coach Pacowski and when he found out Chandler, Artie, and Trent were the ones who threw those bombs at us, he was going to drag them to his office. But, Lincoln then saw Chandler, Trent, and Artie trying to get away, and we ran after them at full speed and we grabbed them and brought the stinkers straight to Coach Pacowski, who dragged their butts to Principal Huggins, and when he saw the footage of what they did, he called the cops on Chandler, Artie, and Trent, and those three got arrested and put in jail for five weeks.

We cheered wildly.

Nico: Whoa, what started out as a dodgeball match in gym turned into attempted murder from those three.

Me: That makes me glad Dark Chandler bit the dust and Trent and Artie got sent to a military school after we stopped them and the dodgeball goons of that unibrow bully brat, Becky, and Lincoln gave them a horrible curse.

Lincoln: Yeah, and when the Dark World Goth Girls and the other Guardian Angels found out, they were extremely furious at those three and Anthony McCann, and this one time, they put ten skunks in Chandler, Trent, and Artie's lockers and when they opened their lockers, they got sprayed big time and they stunk really bad.

FOGHORN SOUND!

Nico: P.U.!

Nicholette Torrington: Yeah, it was gross, and they were kept out of school for three weeks to get the skunk smell off them.

Crash Bandicoot: But, those three had it coming, and what did you do to Anthony McCann after your skunk prank on Chandler and his goons?

Giselle Harrington: We didn't resort to pranks for him, instead we just told the cops, and he also got another Life Sentence added to his many other Life Sentences.

Nico: Asshole's lucky we didn't kill him long ago.

We got a shower afterwards, and then, Nico and his harem were heading to Pokitaru. They were in their swimsuits and had their weapons holstered in case Queen Chrysalis tried anything.

May: Wow, so this is Pokitaru.

Nico: Yep, Ratchet and Clank have been here more than once, and I can see why it's an awesome place to go to. Shall we?

Nico and his harem dived right into the waters and they began swimming in the waters, and they also found some Raritanium to show to us later on, then, they had lunch, and then, Nico made clones of himself and he and the clones went up to the girls in his harem and they wrapped their abnormally massive and powerful muscular arms around the girls' waists, and the girls wrapped their arms around the thick muscular necks of Nico and his harem, and they shared a passionate kiss. But, before they were about to head back, they saw an army of evil Changelings heading for them, and Nico and his harem sucked out every last bit of their hatred and negative energy, killing them all, and it pissed off Queen Chrysalis badly who was watching from the shadows. Then, Nico and his harem came back home.

Lincoln: Nico, what happened?

Nico: Sorry for coming home with our weapons still out, Linc. But, we went to Pokitaru for our date and we had some fun there. Plus, look what we also found.

Nico and his harem took out the Raritanium, and it was awesome.

Sunset Shimmer: (Gasps) That's Raritanium, Ratchet, you told me that Pokitaru was one of the planets that's rich with Raritanium.

Ratchet: Yep, and it's good for crafting weapons.

Nico: I've got some new weapon ideas in my journal, and we can use Raritanium for them. Anyways, before we were about to leave, an army of evil Changelings came to attack us, no doubt sent by that monster, Queen Chrysalis.

We gasped.

May: But, don't worry, we killed them all and sucked out all of their hatred.

Me: Phew, that's a relief.

Lincoln: Seems as though Queen Chrysalis is still enraged at what happened this morning during my rescue at Cloudsdale, and now, she's resorted to try and get revenge by sending her army of evil Changelings to attack. If that bug thinks she's going to get away with this, she's dead wrong.

Me: Yeah.

Nico: This time, that malevolent and sadistic monster's gone too far, and she's going to die later on today.

---

Later we were relaxing at the park and it was time for another Bonding session.

Maria: Stella, you and Wataru are up for bonding time.

Stella: All right!

Wataru: Looking forward to this one.

Me: Yeah this is gonna be awesome. Especially after killing so many Fangires on Stella's mission.

Nico: Yeah that was really cool.

Wataru: Stella, I will never regret meeting you.

Stella: Me neither Wataru. And us battling Fangires was so much fun.

Nico: Boy it sure was. Blade even got a kick out of that like he does when he's killing vampires.

Blade: Yeah those Fangires were awesome to destroy. Those motherfuckers didn't know what they were up against.

Qin: No they sure didn't.

Wataru: Also, I heard those two bitches who gave you a hard time before have been dealt with.

Stella: Yeah they were.

Me: You mean Countess Cassandra and her daughter Chimera. Yeah they sure were. They escaped from the Omega Dimension.

Camie: I can't believe they were that evil and wanted the power of the Solarian Throne all for themselves.

Eli: Well now they are with countless other villains in the Black Gates forever.

Wataru: Good riddance.

Qin: Yeah.

Stella: Those traitors had it coming for their crimes against Solaria.

Maria: Actually, Chimera is a kid. So, we had her placed in prison. Cassandra didn't get lucky.

Nico: Yeah.

Me: Well still they deserved it nonetheless.

Qin: Yeah.

Wataru: I'm glad those monsters had it coming though.

Rainbow Dash: And it all happened in Cloudsdale too! What a bad spot!

Qin: I know.

Sunny came with some smoothies.

Sunny Starscout: Smoothies guys?

Me: Hey sure. Thanks.

We got to drinking Smoothies.

Me: (SLURPS) Ahh! Delicious as always.

Qin: (SLURPS) It sure is.

Cestro: Wataru, do you think you can give Ed violin lessons?

Wataru: I'm already doing that and Ed's playing was atrocious at first but I helped him and he was learning everything I taught him fast.

Qin: That's good.

Sarah (EENE): At least my brother is learning better than he did before.

Me: I'm glad about that.

Nico: Me too.

Lola: Yeah.

Leni: I like totes think Ed is great at the violin now.

Crankcase: Trust us. That was the first thing that came to my mind after Stella's ambassador missions came to a close.

Nico: Yeah no kidding.

Stella: It's true.

Then I saw two figures and I saw that it was 2 new Zodiarts! One was for Grus the Crane and the second one was for Corvus the Crow!

Me: Corvus the Crow and Grus the Crane! 2 more Southern Hemisphere Constellations.

Grus Zodiarts: (In a Girls Voice) That's right.

Corvus Zodiarts: (In a girls voice) But it's good to see you again J.D.

Me: Hailey and Bonnie Lunala. Wow!

They reverted back and Hailey and Bonnie were both blue hair girls with blue eyes and they had clothes that were blue and purple. Hailey had blue and purple clothes - her shirt was purple and vest was blue and Bonnie's shirt was blue and her vest was purple.

Nico: You know them J.D.?

Me: I sure do. They are girls that I met in Space Camp. They know so much about the nebulae of the galaxy.

Nico: Cool!

Hailey Lunala: That's right.

Nico: Your last name is Lunala.

Hailey Lunala: Yes and we do have the powers of the legendary Moonlight Pokemon, Lunala.

Nico: Cool!

Qin: Yeah!

Hailey Lunala: But we'll gladly let you purify our switches.

They held out their switches and I purified them and they got moonlight swords of Lunala.

Nico: Cool!

Qin: That is awesome.

Hoist: No fight was needed.

Nico: Nope.

Me: That's true.

Bonnie Lunala: Yeah that is true.

Stimpy: No kidding.

Me: Hey Stimpy do you think this upcoming battle with Starlight

Glimmer's evil self is gonna be awesome?

Stimpy: That's a very good question. I'd better put on my patented Stupomitron Helmet.

He did so.

Stimpy: Prepare to activate.

BEEP!

He activated it.

ZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAPPPPPPPPPPP!

It zapped him all over and he drooled.

Then he got back to normal.

Stimpy: Well the answer is simple really. I know for a fact that we will win! Because Evil Starlight has one thing that she will never have: Friends and love.

Me: That's true!

Poromon: I wanna try that!

Nico: Poromon no. It's only for Stimpy.

Poromon: Oh.

Me: Thank you Dr. Stupid.

Stimpy: You're welcome.

Bonnie Lunala: So funny.

Nico: Yeah.

Brawlrus: I wonder how Ness and the others have been.

Me: We're going to find out shortly.

Nico: Yep and Layla's big day mission is today.

Layla: Oh yeah! This is gonna be awesome.

Lola: You bet it will be.

Samus: I can't wait to see how Ness is doing.

Kirby: Me too. This will be awesome.

Then Firepower, Condiment King, Brass Knuckles, Puff, Wrecking Crew, Dark Turtles, Number 7, Kitty, Baron Mordo, and Abra Kadabra appeared.

Firepower: Can me, Condiment King, Brass Knuckles, Puff, Wrecking Crew, Dark Turtles, Number 7, Kitty, Baron Mordo, and Abra Kadabra go with you guys?

Dark Mikey: I hope we get to take care of that Porky kid before the battles!

Nico: Don't worry we will and yes you all can come with.

Condiment King: Awesome and Cynthia you are going to like your new archenemy. She has a bit of an explosive temper though.

Cynthia Hato: I'm always ready for anything though.

Condiment King: Love that spirit. Also when I said Explosive Temper, I meant she literally blows stuff up.

Cynthia Hato: Wow.

Nadira: Nico, which Gene Slammer do you think you'll meet next time?

Nico: Hmm. How about a Pokemon Gene-slammer next. And it will be Miraidon.

Me: Miraidon? We never saw that one.

Nico: It's a brand new Pokemon.

Qin: Cool! I heard rumors flying around that it can turn into a cool Motorcycle.

Nico: Yep.

Qin: Sweet!

Rarity: Oh that one is gonna be so awesome.

Nico: It sure will. Lets head out!

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was in the vision: the figure was none other than Queen Chrysalis, and after she'd seen what we did to Countess Contessa and Chimera, she's furious, and now, she's coming here to get revenge on us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is Queen Chrysalis on the move?

Lincoln: You guessed it, Nico, and she's furious that her plan to get rid of us when she freed Chimera and Countess Cassandra was foiled, and now, she's coming here herself to get her revenge on us.

Cassie Excelsion: So, the second of the Doomsday 23 to come is none other than Queen Chrysalis, the Evil Queen of The Changelings and Queen of Cruelty. We'll make her pay for all of her crimes against all ponies everywhere and we'll make sure that the malevolent and sadistic queen of the Changelings is dethroned once and for all.

Layla (Winx Club): You got that right, Cassie.

Fluttershy: And is it okay if I also join in?

Lincoln: Wait, Fluttershy, are you about to…?

Fluttershy: Yes, Linky, I'm about to transform as well.

Nico: Whoa, three transformations at once, this is going to be really awesome. Alright, guys, let's go, it's time to meet Ness, Lucas, and their friends.

Lincoln: And destroy the evil Giygas once and for all, and Queen Chrysalis, you better be ready for later, because we're coming for you and we're putting a permanent end to your malevolent reign over the Changelings once and for all.

With that we were off for the world of Earthbound.

---

We arrived in the world of Earthbound.

Me: Here we are.

We saw Ness and friends fighting someone.

Condiment King: There they are!

Dark Don: They don't seem to be fighting Porky.

Piledriver: But they ARE fighting someone anyway!

Me: They are fighting Electro Swooshes.

Nicole: I remember those ugly disembodied eyeballs.

Lincoln: Lets get them.

We went at them and Layla fired waves of water and destroyed the eyeballs into nothing.

Ness: Whoa! Hey guys!

Layla: We got here just in time.

Lucas: Boy you sure did.

Lucca: Yeah that was great.

Poo: Thanks for helping us destroy those guys.

Me: Not a problem. Awesome to see you again Ness.

Samus: And it's awesome to see you guys.

Kirby: Yeah same here.

Ness: Wow awesome to see you all here.

Fox McCloud: Wouldn't miss this for the world.

Ness: I take it you guys have faced this creature before?

Me: Many times actually. We should explain. The Changelings are formerly the insect henchmen of the evil Queen Chrysalis.

I told them everything she did and how horrible she is and how she is a love-sucking parasitic freak and she wants to destroy all the love in the world with her hatred and take over everything. When I was done they were shocked.

Ness: She's a monster!

Lucas: No kidding.

Me: Yeah what Chrysalis is doing is pure evil.

Dark Leo: Ness, is it okay if we ask a question?

Ness: What is it?

Bulldozer: Is healing one of your powers?

Ness: It sure is.

Me: Neat.

Nico: I sense that Chrysalis didn't erase this Pony's free will totally.

Nico went over to the Changeling and then placed his hand on its head and then it glowed in a huge flash of light and then it was really a Pony with beautiful Butterfly Wings! It was a blue pony with blue, yellow and green butterfly wings!

Qin: WHOA!

Megan Williams: Wow! Its been a long time since I saw a Flutter Pony.

Firefly: Wow! It sure has been a while.

Crocus: You freed me! Thank you Nico! Sorry I'm Crocus. Crocus Sapphire.

Nico: Pleasure to meet you Crocus.

Shockwave: Interesting. You must be a Changeling who thought Chrysalis' ways were too much.

Crocus: No. I was stripped of my free will because of her.

Me: Soon Chrysalis will pay for everything she did.

Twilight Sparkle: Yeah she sure will.

Eli: (Senses something) Lots of company incoming!

We then saw THOUSANDS OF CHANGELINGS!

Nico: WHOA!

Me: Reform one and thousands will take its place!

I got this!

Nico then fired a massive wave of purifying light and it hit the Changelings and then they became FLUTTER PONIES! They were all freed from Chrysalis!

Qin: WHOA!

Megan Williams: Wow! They were ALL FLUTTERPONIES!

Thorax: That's incredible!

Nico: Incredible!

Ness: Wow! That was amazing!

Nico: Yeah it was.

Princess Celestia: At least the Flutterponies are all back with us.

Me: Thank goodness.

Sunset Shimmer: Nice job Nico!

Number 7: It was foolish of Chrysalis to send hordes of them out at once.

Nico: At least she isn't very smart.

Princess Luna: I have something funny to say for Chrysalis.

Nico: Okay.

Princess Luna looked on in the horizon.

Princess Luna: (IN CANTERLOT VOICE) CHRYSALIS'S MOTHER IS A BIG FAT UGLY AND STUPID STINKBUG!

Chrysalis roared in explosive fury as she was REALLY INSULTED!

We laughed hysterically!

Me: (LAUGHS) THAT WAS SO FUNNY!

Qin: (LAUGHS) THAT REALLY WAS HILARIOUS!

Nico: That was really awesome Princess Luna. But awesome job.

Princess Luna: Thanks Nico.

Number 7: That was really funny.

Cassie Excelsion: It'll make me taking her down much easier while she is blinded with rage.

Nico: Yes it will Cassie.

Poromon got out 2 beer bottles.

Ness: What are those?

Poromon: 2 bottles of beer!

Headstrong: I'm guessing they're for Ness and Lucas?

Poromon: Yep.

Me: Poromon they are still kids. They can't drink. But I do have something for them.

I pulled out my cooler and gave them strawberry soda.

Ness: Strawberry soda! Thanks J.D.

Me: You're welcome Ness.

They got to drinking it and it was good.

Ness: We still need to take Porky out before going after Giygas.

Baron Mordo: Can we have info on those 2?

Ness: Sure.

He told us all about them.

Porky Minch

Porky Minch (also known as "Pokey" due in part to a translation error) is the secondary antagonist of the Mother/EarthBound series, serving as the secondary antagonist of Mother 2/EarthBound and the main antagonist of Mother 3.

He made his debut in EarthBound, which displays him as the cowardly, yet, incredibly obnoxious next-door neighbor to Ness, the protagonist of the story, who he later confronts from time to time throughout the whole game, constantly being a thorn on his side. As the story progresses, so does Porky in power, extending from a high priest of Mr. Carpainter's Happy Happyist cult, to Monotoli's adviser, then to become Giygas' right-hand man, and quite possibly even be the more superior during the final boss battle. In Mother 3, he becomes the nefarious king of the vast Pigmask Army and the Nowhere Islands.

After a meteor strikes on a hilltop in the small town of Onett in the middle of the night, Porky investigates the site, only coming up short as the police will not let him. After telling Ness to stop "rubbernecking", he returns home, only to be woken up by Porky's desperate knocking. After confessing that he had lost his younger brother, Picky, near the site, he pleads for help from Ness to find him before his parents come home.

Once they find him, an insect named Buzz Buzz appears from the meteor and tells them that a great evil is coming, and that a group of heroes will save the world, Porky convincing himself that he is not one of them. After fighting a Starman, Ness returns Porky and Picky home and he is not seen for a while.

Porky is next seen as the high priest of the Happy Happyist Cult led by Carpainter, kidnapping Paula for a human sacrifice. When the cult is disbanded, he and his father become business consultants for Geldegarde Monotoli in Fourside, causing even more trouble for the heroes. When confronted by Ness, Porky escapes in Monotoli's helicopter and crashes in Deep Darkness, again disappearing for a while. He is finally seen in the Cave of the Past alongside Giygas itself, fighting inside a spider-mecha (identified as "Heavily Armed Pokey").

In the final moments, he releases Giygas from the Devil's Machine, but Paula's prayers destroy the evil force once and for all, forcing Porky to escape through time. His last message in the epilogue of the game came as a taunting letter to Ness from Picky saying "Come and get me, loser! Spankety, spankety, spankety!".

In Mother 3, Porky returns as the king of the vast Pigmask Army, a whole army of brainwashed soldiers with pig-shaped masks and the undeniable tyrant of the Nowhere Islands. While he is not introduced in name until the final chapter of the game, Chapter 8, his presence is noticeable in the first chapter by the introduction of the Pigmasks, terrorizing Sunshine Forest of Tazmily Village, the home of the main protagonist, Lucas. Throughout the whole game, the Pigmasks have spread their influence across the Nowhere Islands, modernizing the land to the point in Chapter 7 where it is most ubiquitous.

In addition to kidnapping the soldiers from various time periods, he kidnapped Dr. Andonuts, from the time of EarthBound, to construct his machines and weaponry in the Chimera Labs, creating the grotesque animals called "chimeras" that are found all throughout the game, and also tricking the Tazmilly Villagers into becoming new soldiers for his army and new citizens of New Pork City while also loving him unconditionally as their rightful ruler with the usage of Happy Boxes and the "Nice Person Hot Spring", brainwashing devices that come into play later in the game.

After Lucas' mother Hinawa dies from a Mecha Drago, a chimera made by the Pigmasks, his brother, Claus, goes missing, attempting to avenge his mother, failing miserably. The Pigmasks would later find his body and brainwash him into becoming their general, in pursuit to pull the Seven Needles to awake the Dark Dragon and destroy the world (or rather, reset it to Porky's image). In Chapter 8, it is revealed that Porky was the mastermind behind all of these incidents, and the race to pull the Seven Needles would be directed to his city, New Pork City for the heroes.

Up to this point, all of the Tazmily Villagers have moved into New Pork City, while Porky awaits Lucas and company in the Empire Porky Building for the grand finale to pull the last and final needle. After repeatedly taunting the heroes to proceed to the 100th and final floor in the building, they finally meet the unseen dictator. Descending down the vines of the final floor, it is clearly evident he has changed a considerable amount from his last appearance in EarthBound.

He is expressed in-game as coughing, wheezing, and gasping throughout his whole speech to the heroes, possibly due to of his extreme amounts of time-travel. His body aged into a fragile, old man, while still keeping his twisted childhood mentality, albeit warped due to the extreme amount of year spent time traveling, back from EarthBound. He confesses that all of the actions laid out to Tazmily Village, and to the Nowhere Islands, were all out of sheer boredom and also due in part to it would "be more thrilling". He then transports the heroes to the final showdown, under the Empire Porky Building via a trap door.

Lucas and company continued their journey underground until Porky appeared and blocked the way, resulting in a final showdown. during the battle, he professed his goal is to remove all life from the world, leaving only the Dark Dragon and himself. Porky then assured his foes that even if the Dark Dragon were to destroy everything else, his immortality would allow him to see it all through. After his mech ran out of power, Porky decided to isolate himself inside the Absolutely Safe Capsule; a giant capsule specifically designed to be absolutely safe. However, he forgot that the capsule's creator, Dr. Andonuts, told him not to use it yet, as once the capsule is sealed shut it can never be opened again, thus forever trapping Porky inside it, unable to leave, unable to die, and unable to accept defeat.

According to Dr. Andonuts, the eternally sealed aspect of the capsule is to not only protect the occupant from the world but to protect the world from the occupants.

## Giygas

Giygas (in Japanese: ギーグ Gyiyg), also called Giegue (in Japanese: ギーグ, Gīgu), is the main antagonist of the Mother/EarthBound series.

He is the main antagonist of both Mother/EarthBound Beginnings and Mother 2/EarthBound, and the posthumous overarching antagonist of Mother 3. Known as the "Universal Cosmic Destroyer" or the "Embodiment of Evil", he is an alien conqueror who wields an incredible psychic power, which would later be called PSI.

Giygas' portrayal vastly differs between both games. He is a galactic conqueror in the first, but an unfathomable monstrosity in the second. Due to the far bigger impact it made on gamers, Giygas' depiction in the second is much more well-known than his previous self, which has been almost totally eclipsed. Past

In 1909, when Giygas was an infant, aliens of his kind abducted many people including a human couple, George and Maria, who took a liking for him and raised him as their son. During captivity, George studied the aliens' PSI or PK (Psionics or Psycho Kinesis) powers without permission, culminating with his escape back to Earth.

In the eighty following years, George shut himself in seclusion, inventing machines and developing PSI to prepare for the alien invasion. In his latest years, PSI inexplicably spread over Earth, against the Aliens' wishes. Due to his incredibly powerful PSI, a now matured Giygas was tasked to invade Earth to take back PSI from humans before it could be used against them. To do so, he was forced to detach himself from Maria, shedding his fondness for her.

During the course of the game, Giygas (known as Giegue in English) uses his army, war-robots, and enormous PSI powers to spread his influence, swarming the world with mind-controlling henchmen before invading with his forces. George's and Maria's great-grandson Ninten develops PSI powers and investigates strange phenomenon, first in his fictional hometown of Podunk, then all across the world. Animals become hostile, objects animate themselves, and undeads start rising, due to the aliens' PSI.

Ninten befriends Pippi, a powerful tomboyish girl, Lloyd, a nerdy yet highly intelligent boy, Anna, a PSI-wielding girl, and Teddy, a teenage gang leader. They learn about the alien invasion, and reach the spiritual Magicant Kingdom. They heal Queen Mary's amnesia, learning that she is none other than Maria, kept youthful (or having her spirit preserved, it is not very clear). She tells them about Giygas and the Eight Melodies song she used as his lullaby before dying, reuniting with George at last at the cost of Magicant, that was only her mental projection.

On Mount Itoi, the party is crushed by the powerful R7038 war-robot, only owing their lives to Lloyd who barged in with a tank (having been ironically kicked-out by Teddy for not being tough enough). They later discover George's secret laboratory and EVE, the highly powerful female robot built to protect Ninten. Alas, EVE has no choice but to safe-destruct to save the party from the monstrous R7038XX robot.

After discovering all the aliens' captive, the party meets with Giygas at last He offers to spare Ninten, asking to come with him on his mothership, but the boy refuses for he enjoys his life and his friends too much. So begins the Final Battle.

Giygas unleashes powerful yet undefinable PSI attacks and shrugs off anything the party throws at him, until Maria's spirit tells them that raw might is useless and that her former ward can only be defeated by singing the Eight Melodies. This triggers memories of his happy childhood in Giygas, who admits defeat and leaves, telling Ninten that they will meet again when he returns to take his revenge.

What happened after the first game, or whether both games are from the same continuity in the first place, remains unexplained. It can be guessed that Giygas was left to grieve his foster parents and his failure. His conflicting love for them and loyalty to his people later unexplainably turning him into the abomination of the second game.

Giygas returns decades later (or in a different timeline), planning to invade Earth in a more stealthy way to prevent the same resistance as last time. He learns of the Apple of Enlightenment, a prophetic machine that foretold his defeat at the end of a boy named Ness, thus decides to invade twenty years earlier than he initially planned.

What happened after is not explained, but in an apocalyptic future he has been reduced to an eldritch, horrifying, mindless entity who dominates what remains of the universe, which he engulfed in absolute darkness and reduced to ruins, nearly wiping out all life, including earthlings and his kind. Hopefully, an insectoid alien named Buzz Buzz travels back ten years into the past, in search of the prophesied heroes who could avert the impending apocalypse.

### *Mother 2 / EarthBound*

Ness, perhaps of Ninten's kin, finds the meteor that brought Buzz Buzz in his era, near his fictional hometown of Onett. He is told about Giygas' threat and his role as one of the four heroes. After fighting one of Giygas' monsters who followed Buzz Buzz through time, Ness is given the Sound Stone and instructed to record the Eight Melodies, to gain the Power of the Earth and become mighty enough to face Giygas.

Giygas starts spreading his evil influence through time, all over the present-day Earth, corrupting both living beings and objects, just like in the first game albeit more sinister. As such, Ness' bratty and obnoxious neighbour Porky Minch is turned into a vicious tyrant-in-the-making.

Ness travels through his country of Eagleland, and saves the PSI-wielding girl Paula from being sacrificed by the evil Happy Happyist Cult, of which Porky is now the High Priest. They are captured in the town of Threed, but they are saved by Jeff, the nerdy yet genius son of the famous Dr. Andonuts, whom Paula telepathically called for help. In the city of Fourside, they find a Mani Mani Statue spreading Giygas' evil, having corrupted the mayor and real-estate mogul Geldegarde Montoli. Facing Porky again, they break the statue and its illusions, freeing Montoli, and are joined by Poo, martial artist prince of the far away, Eastern-inspired kingdom of Dalaam.

After learning the last of the Eight Melodies, Ness falls unconscious and enters the Magicant Kingdom, formed from his thoughts, where he defeats his evil side, fully breaking away from Giygas' power. Unfortunately, darkness starts spreading as Giygas' influence keeps increasing. Since the Universal Cosmic Destroyer is out of reach in another era, the party has no other choice than to travel through time with Dr. Andonuts' invention. Not in the future when their enemy is fully invincible, but in the past when they still stand a chance.

The party must transfer their minds into robotic bodies to survive time travel, not minding the high risk of remaining like this forever.

They reach a dark cave looking like a womb where a machine is staring at them with a face like Ness' (or Ninten'), ready to face Giygas with the Power of the Earth, though without expecting what awaits them.

Porky appears, now horribly twisted and piloting a spider-like machine, having sworn fealty to Giygas and having been brought to the past to serve as his right-hand and minder. Giygas is contained inside the Devil Machine, that keeps his power and mind under control, with Porky gleefully describing what monstrosity their enemy has become.

The party fights Porky and a Machine-contained Giygas, but only Porky is vulnerable, for Giygas reflects back all attacks, even those reflected back at him. Porky can disrupt PSI and inflict status, while his liege can hit many targets with PSI Flash, PSI Thunder, PSI Freeze and the deadly PSI Rockin.

The party wins the battle, but the nasty brat shuts the machine off in retaliation, unleashing Giygas in all his might (before hastily getting out of reach, but still taunting the party about what is happening).The party must then engage the extremely nerve-wracking final battle of the game, one of the most disturbing in gaming history.

You cannot grasp the nature of Giygas' attacks, let alone his aspect.

The battle against Giygas is very long and difficult. He uses random and unintelligible attacks, which the party cannot grasp, while babbling incoherent, meaningless speeches. His repeating Ness' name and "I'm happy" being a creepy echo to his offer of friendship to Ninten in the first game. No attack can harm him, and he overwhelms the party, until Paula calls out to everyone in the Earth to pray.

The combined prayers of every character reach Giygas to exploit his weakness, which quite similarly to the first game turns out to be human emotions. Every time they do, the abomination further distorts itself, increasing his creepiness with every passing second. Alas, this is not enough to fully defeat him, until Paula can eventually reach out to a mysterious stranger (heavily implied to be the player), which finishes him off once and for all.

What Giygas has become is destroyed for good and fades to nothingness, forever erasing his apocalyptic future and his influence on the present. Ness and his friends can now return to the present and to their human bodies, free to enjoy newfound peace.

However, Porky is still around, having traveled through time until he became immortal, and bore some trace of Giygas power, becoming the primary villain for the next game. (Though Giygas was considered as the final boss yet again, either resurrected or as his essence.)

---

When he was done we were all shocked and horrified!

Qin: WHOA MAN!

Nico: Yeah these guys are both pure evil.

Qin: Yeah.

Sonic: I remember that Porky moves around in a mech.

Protoboy: If we destroy the mech, Porky goes as well.

Me: And then we can banish him to the black gates.

Qin: Yeah no kidding. He and Gigyas both deserve the black gates.

Camie: You got that right.

Crocus: And so does Chrysalis.

Dimitri LouSteau: Now, we just have to find Porky.

Eli: (Senses Something) We won't have to look far.

He fired an energy blast and it hit a rock and exploded and out came a figure and it was PORKY!

Me: Porky!

Qin: Just the freak we were looking for!

Kitty: No Primids to save you this time!

Porky: I don't need them! (to the Super Smash Bros) Since you guys can't turn into trophies right now, if you die, you die for good!

Thunderball: You're gonna cry to your mama when we're done with you!

Me: Yeah you overgrown slab of rotten haggis!

Qin: Time to burn!

Qin fired a blast of fire and it hit Porky and incinerated him in an instant!

Nico: YEAH!

Qin: Take that you overgrown porkchop!

Chaor: That takes care of him!

Ness: Wait for it…

Porky then emerged from the flames in his mech!

Lucas: Follow me and Ness' lead! We know how to beat him when he's like this!

Me: Okay then!

Layla: Lets do it then!

Layla, Ness, Lucas and me: PK STARSTORM!

We summoned a huge and powerful starstorm and blasted him into oblivion! Now he was destroyed!

Nico: AWESOME!

His spirit appeared and Layla used the Black Gates on Porky and he was gone for good.

Wrecker: Aww, no stickers or trophies as a reward?

BONK!

He got an awesome trophy for it that landed on his head.

Wrecker: OW! Oh. Cool!

Nico: Perfect.

We all got Trophies for it.

Nico: Sweet.

RD Girl Jordan: That was too easy!

Bowser: Oh, it was. He wasn't that powerful compared to Galleom and Duon.

Me: Nope. And he was no match for the most powerful force in the entire universe.

Qin: That is for sure.

Zhuqiaomon: Yep.

Puff: Ness, you'll love who we picked out for you.

Me: Yep.

Ness: Awesome! Can't wait to see who it is.

Qin: It's gonna be awesome. Now lets call in the battles.

Maria: You got it.

Maria did so.

Then Johnny 13, Zexion, Biowulf, Zs'Skayr, Mojo, Hydros, Seadramon, Fireor, Count Nocturne, and Oculous appeared.

Nico: Johnny 13, Zexion, Biowulf, Zs'Skayr, Mojo, Hydros, Seadramon, Fireor, Count Nocturne, and Oculous.

Johnny 13 (sees Porky's destroyed mech): Well, he's dead.

Zexion: Sure is.

Me: And given the Black Gates.

Biowulf: Too bad you guys didn't get stickers as a reward.

Maria: I think these trophies are good enough.

Me: Yep.

Zs'Skayr: (to Nico) We heard about the new statue.

Nico: Yeah it was awesome.

Mojo: Too bad Celestia and Luna weren't on it.

Me: Well it was a statue from Sunny's time and it was really awesome. Also it was to honor the Mane 9. I thought it was so awesome.

Nico: We all did.

?: That statue is awesome.

Then a figure came and it was MOVIE JAMEN from the Kiramager VS Ryusoulger Movie!

* * *

Seeing him as a fellow artist, Carantula created him and gave him the opportunity to bring Yodoheim to Earth with whatever means he wants. To that degree, he decided to create a dark movie that would premiere around the world via a projection in the sky. However, as Yodonna made herself producer of his film, she kept rushing and pushing him to finish the movie way ahead of his schedule. Feeling dejected that his artistic visions aren't understood by her, he soon shortly met Kleon. Kleon sympathized with the Jamen and even try to get him to turn over a new leaf when he mentioned how he used to create Minosaurs with his ooze to terrorize everyone, but not anymore. Overhearing their conversation, Yodonna suddenly attacks Kleon, forcing him to spill his ooze and show this ability. Movie Jamen accidentally swallow some and immediately after, a Director Minosaur is born. Impressed by the results, Yodonna forces Kleon to produce more ooze until a total of 4 Minosaurs are created. She let Movie Jamen use them if it means having better results.

Because of his Minosaurs directing a different scene for his movie, Yodonna wanted Movie Jamen on the editing floor in order to finish his movie with whatever footage they filmed. However, Movie Jamen felt the movie was incomplete and wanted to film important scenes, despite Yodonna caring more about the results than the artistic vision behind it. Due to interference by Takami and Canalo, Movie Jamen fled to film his High School Musical scene by himself. During the audition for a song and dance number, Juru was able able to wow him and made him drop his Clapperboard Axe, the key needed to enter and leave the set. Furious at the outcome, he kidnaps Mabushina in order to film the climax of the movie, but during the final battle against the Kiramagers and Ryusoulgers, Yodonna went behind his back and finished the movie. Despite his pleads that the movie was incomplete, Yodonna projected it anyways. Seeing the results of his incomplete movie being projected filled him with so much sadness, anger, and destressed, a powerful wave of darkness spew forth from him. Not only did it end the projection, but it also absorbed the four Minosaurs into his being and transformed him into a single, giant, mindless Minosaur. Despite this form, he was quickly defeated by the combined powers of Kiramaizin and KishiRyuOh Five Knights.

---

Nico: Whoa Movie Jamen!

Eli: I remember you! You were going to make a movie that would bring Yodonheim to Earth.

Movie Jamen: Yep. Good memory and I brought another.

GOLF JAMEN APPEARED.

Me: Whoa! Golf Jamen.

Movie Jamen: Sorry that you're fighting the two of us. But Golf Jamen was begging me to bring him.

Me: I can tell.

Golf Jamen: But that was a great shot you did J.D. You are a good golfer.

Me: Well I learned all I could from my dad. He taught me how to golf and it was so awesome

Golf Jamen: That was awesome though.

Rarity: Oh it was a great shot.

Nico: It sure was. Not a bad way to start Rarity's missions with a bang.

Golf Jamen: That was so awesome.

We got the usual battles underway.

Edd: Indeed it was. Her name is Zoey Faralbarq and she is from Egypt. She is really most amazing.

Starlight Glimmer: And she and Ash and his Pikachu get along great.

Cozy Glow: Her story is awesome too.

Zoey Faralbarq: (Arabic Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Zoey, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Zoey Faralbarq: (Arabic Accent) That's incredible.

Nico: It sure is. So, Zoey, what other memories did you have with Lincoln?

Zoey Faralbarq: (Arabic Accent) Oh, I remembered this one time we were playing Dodgeball in Gym, me, Girl Jordan, Lincoln, Mollie, Clyde, Liam, Stella, and Zach were on one team, and our opponents were none other than Chandler and his goons. But, knowing that Chandler and his goons are known cheats and they hated Lincoln and all of us with all their black hearts and want to kill us, we then saw they had acquired some bombs from Chandler's low-life dad, Anthony McCann, and they painted the bombs red to fool Coach Pacowski, but when I saw Chandler, Artie, and Trent light the fuses, I then warned, Girl Jordan, Lincoln, Mollie, Clyde, Liam, Stella, and Zach about the bombs, and we had to do something to stop them. Chandler, Trent, and Artie threw the bombs right at us hoping to kill us, but Lincoln fired three spheres of darkness and trapped the bombs inside them, and the bombs exploded and everyone saw the explosions, and I told Coach Pacowski and when he found out Chandler, Artie, and Trent were the ones who threw those bombs at us, he was going to drag them to his office. But, Lincoln then saw Chandler, Trent, and Artie trying to get away, and we ran after them at full speed and we grabbed them and brought the stinkers straight to Coach Pacowski, who dragged their butts to Principal Huggins, and when he saw the footage of what they did, he called the cops on Chandler, Artie, and Trent, and those three got arrested and put in jail for five weeks.

We cheered wildly.

Nico: Whoa, what started out as a dodgeball match in gym turned into attempted murder from those three.

Me: That makes me glad Dark Chandler bit the dust and Trent and Artie got sent to a military school after we stopped them and the dodgeball goons of that unibrow bully brat, Becky, and Lincoln gave them a horrible curse.

Lincoln: Yeah, and when the Dark World Goth Girls and the other Guardian Angels found out, they were extremely furious at those three and Anthony McCann, and this one time, they put ten skunks in Chandler, Trent, and Artie's lockers and when they opened their lockers, they got sprayed big time and they stunk really bad.

FOGHORN SOUND!

Nico: P.U.!

Nicholette Torrington: Yeah, it was gross, and they were kept out of school for three weeks to get the skunk smell off them.

Crash Bandicoot: But, those three had it coming, and what did you do to Anthony McCann after your skunk prank on Chandler and his goons?

Giselle Harrington: We didn't resort to pranks for him, instead we just told the cops, and he also got another Life Sentence added to his many other Life Sentences.

Nico: Asshole's lucky we didn't kill him long ago.

FLASHBACK ENDS

Zs'Skayr: Wow that is a story.

Hex: It sure was amazing though.

Zs'Skayr: Anthony McCann is a glutton for punishment.

Dora Santiago: I think that's putting it mildly.

Ghostfreak: Yeah it sure is.

Zs'Skayr: But he had it coming. Lets do it!

Edd used the Core Medals for Zs'Skayr, Captain Frightbeard and Evil Blast Man and blasted him with bombs and ghost energy and smashed him all over.

He fired ghost blasts and smashed him all over.

**Zofis** (ゾフィス, *Zofisu*, sometimes translated as " **Zophise** ") and **Koko** (ココ *Koko* ) are characters in the manga and anime series *Zatch Bell!*, known in Japan as *Konjiki no Gash Bell!* . They are the main villains in the Ancient Mamodo Arc, as well as the first major villain team in the story. While Zofis is tremendously skilled in various non-verbal magic like controlling people's hearts, his main type of magic is **Explosion Magic**, attacking enemies with explosive energy.

Their initial appearance is during one of Sherry's flashbacks, but they make their first in-person appearance in the Ancient Mamodo Arc, as the main antagonists. Zofis is a heartless, intelligent, powerful, and dangerous Mamodo who wants to become king at any cost, and takes joy in the suffering of others, as seen when he tortured Sherry with her dark past with Koko's actions. Due to his hidden fear of him, Zofis is obsessed with becoming stronger than Brago, even if he has to cheat in the battle.

Koko is a teenager who always was discriminated against by other people for being poor. Sherry has become her best friend because she saved the rich teenager from death and gave her a reason to keep living while they were children. However, when Zofis manipulated Koko's heart to help him on the Mamodo Battle, Sherry entered the battle with the sole intention of rescuing her.

Zofis first met Koko at her village, right before the day that her acceptance letter to a local, prestigious university arrived. He told her about the battle for Mamodo King and offered the book to her as his partner, but she refused his offer, as she wasn't interested in power or glory. Zofis then used her hidden pain and suffering to brainwash her and turn her into the ideal partner for him: one that enjoyed others' pain as much as he did. Together, they burned down Koko's village, drawing Sherry's attention. She immediately blamed Zofis for the change in her best friend's behavior, but Zofis explained that all he did was free her heart and allow the misery she always felt to surface, permitting Koko to take pleasure in others' pain and that it wasn't difficult to do with his powers. He also explained that was trying to become king of the Mamodo World and that he needed Koko for the battle, which he explained to Sherry. After that, they tried to eliminate her by launching a Radom spell at her, then fled while ignoring the immediate arrival of Brago.

Months after the aforementioned incident, Zofis appeared again, under the alias of a Mamodo named **Milordo-Z** (Lord in the Japanese version) and was collecting mysterious Stone Tablets from around the world with the help of a new subordinate of his: the frog Mamodo Byonko. He had received word of a powerful team, Zatch Bell and Kiyo Takamine, and figured that they could be of use to him. So he set up a masquerade ball and hypnotized Suzy into delivering the invitation/ At the ball, he tried to recruit Zatch (whom Zofis referred to as "Lightning Blonde") and Kiyo as their allies by lying to them, saying that they too believed that the Mamodo who won the battle and became king should be good and noble of heart, but Zatch and Kiyo refused the offer upon seeing that the Mamodo and partners that were with him were being manipulated, just as Suzy was when she offered the invitation. After seeing that they wouldn't help and assuming that they had overestimated them, Zofis fled and attempted to get rid of Zatch and Kiyo, but failed (This part is Anime-exclusive).

Later, Byonko introduced Penny to Zofis after her battle with Zatch, and she was told the truth behind Zofis' scheme. The stone tablets held within them the candidates of the battle for Mamodo King from one thousand years ago, who were defeated and left imprisoned in the tablets up until the current point in time. He explained that he researched each of the battles and learned that all of the Mamodo were defeated by the same opponent (Goren of the Stone) with the same spell without their books being burned, and that they were still alive despite being trapped. After being questioned by Penny, he also explained that because they were trapped for so long, unable to die, live in the human world, or return to the Mamodo World for a thousand years, they were obviously angry and willing to vent that anger and hatred on any Mamodo they were told to as retribution for their imprisonment Zofis told Penny he had brought her there because Zofis was looking for current Mamodo comrades that could relay his orders to the Ancient Mamodo and keep them in line, and Penny and Byonko fit the description. With everything said, he used his special creation - The Moonlight Stone, a stone crafted with magical properties that emitted a glow similar to the human world's moonlight - to free the Ancient Mamodo from their stone prisons, and Penny accepted his offer.

Following their release, Zofis learned the names and birthplaces of the Ancient Mamodos' original human partners and sent Byonko to their homelands in order to locate their descendants. Zofis captured every person he could find that the spellbooks reacted to and locked them away, then experimented on their hearts. However, he discovered that even though they were descendants, they couldn't read the books because the wavelengths of their hearts and the spellbooks were incompatible. To remedy this, Zofis used his manipulative powers to alter their hearts and minds until they matched the spellbooks and erased all of the humans' emotions except for their anger and will to fight, turning them into perfect fighting machines that could make full use of the power the Ancient Mamodo needed to release their hate.

Koko

**Koko** is an 18-year old poor girl and the Book Keeper of the Mamodo Zofis. Koko is a warm-hearted person and has been Sherry Belmont's best friend since childhood.

Early Life " *If you die now, what'll happen to your happiness when you're older!? It may be painful right now… it might feel like the inside of a pitch black tunnel… but you must keep walking and look for the light! Isn't that right? Every tunnel has an exit, right? That's why as long as you keep trying, you'll eventually find the light! That's why you can't die; if you die now, you won't be able to find that happiness when you're older!* " -Koko telling Sherry not to give up on life.

When Sherry suffered heavy abuse from her strict mother and attempted suicide because of it by jumping off a bridge during a rainstorm, Koko saved her life by jumping into the river and pulling Sherry out. Koko then gave Sherry the will to live on when she told her to not throw her life away. She explained that if she died when times were harsh, she would never find the happiness waiting for her when she got older, and that there was always light at the end of the darkness. From then on, the two were each other's best friends, vowing that someday they would both find happiness in life.

Koko and Sherry managed to maintain to their friendship over the years, even with the respective trials they faced lives. However, throughout her life, Koko was the target of immensely harsh treatment from her fellow villagers due to her financial status; Because they were poor, her family was forced to steal in order to gain the little food and comfort they had, and Koko herself was labeled as a thief because of it, even though she was innocent. Realizing that she would never be worthy in their eyes, Koko chose not to give in to despair and focus all of her energy into her work and studying for school.

When Koko's efforts were finally recognized and she was granted entry into a prestigious college, Zofis appeared before her. He told her about the battle for Mamodo King and offered to help her get revenge on the city where she suffered in return for her assistance in the battle. However, Koko, being the gentle person she was, refused to join Zofis in battle, as she was incapable of hurting others. With this, Zofis unleashed his manipulative powers in order to control Koko's mind by bringing all of her painful memories to the forefront and transform her once warm heart into a cold one; With this, the once-kind Koko unwittingly teamed up with Zofis, now just as cruel as him.

Koko's first act of evil was using her spellbook to take revenge on everyone who has ever been cruel to her by destroying her own village. In the early stage of Zofis' control over Koko, Koko displayed a degree of insanity, as she could do nothing but smile and laugh over her newly acquired "power" and at the destruction of her town. The only thing her mind was focused on was avenging herself for all the cruelty she suffered throughout her life.

When Sherry appeared before her and tried talking with her, Koko stated that as long as she had the power Zofis gave her, her old dreams of a better life no longer mattered, as she could now take the happiness she wanted by eliminating those who mocked her. She warned Sherry that if she stood in her way, she would share the same fate. After a failed attempt on Sherry's life, Zofis took Koko with him to aid him in his plot to become Mamodo King. From then on, Sherry's main purpose for fighting was to find Koko and defeat Zofis, so Koko could be released from Zofis' mind control and turn back into the friend that Sherry once knew.

Koko appeared again months after she received the spellbook, along with Zofis (disguised as Milordo-Z), collecting the stone tablets that held the Ancient Mamodo, as well as present-day Mamodo to lead them. At this time, Koko appeared to act more in control compared to when she was first brainwashed, but because Zofis' control on her was still in effect, Koko was completely cold-hearted; She continuously supported Zofis in his plot to use the Ancient Mamodo to eliminate the remaining competitors in the present-day battle for king, usually by hiding in the shadows while unleashing Zofis' spells on their enemies. She also received new clothes that reflected the lavish lifestyle she wished to lead.

Eventually, she came face-to-face with Sherry again, and explained that Zofis wasn't controlling her heart in order to make her do bad things, but instead she performed those cruel actions of her own free will and that she enjoyed being with Zofis, because he gave her a chance to change and become the person she really was. Koko revealed to Sherry that for all the time they knew each other, no bond of friendship ever existed between the two of them, that Koko always hated Sherry because of their opposing positions in life - Koko being poor and Sherry being rich. To compensate for this, Koko continuously sought out her own special talent, something that she could always beat Sherry at, but Sherry always proved to be better than Koko in whatever activity they performed, further increasing Koko's hatred of Sherry and her life. Koko then claims that during Sherry's tenth birthday party, in an attempt to make Sherry miserable, she stole a priceless heirloom necklace and left a clue - Sherry's handkerchief - to make it look like Sherry was responsible; the scheme worked, as the police viewed Sherry as the only suspect, believing her actions to be stemmed from rebellion against her overbearingly strict parents. Sherry, at first, refuses to believe Koko to be responsible for the theft, as the real Koko was incapable of something so evil, but it is proven true when Koko show the necklace, leaving Sherry's spirit broken and Sherry herself unable to cast spells, giving Zofis the advantage.

Sherry continuously tries to deny that Koko stole the necklace and that she had carried a grudge against her for all the time they knew each other but finds herself less convinced with every second, not knowing what basis she has to say it's a lie. (Zofis is surprised, and mentally reviews the forged necklace to try and remember where he might have erred in its creation.) As she cries, her tears land on one of her rings, cracking it; this allows her to faintly hear Koko's voice and remember back to her tenth birthday party. Koko gave the ring to Sherry as a present telling her that there is an old legend stating that when people are going through hard times, it was the work of unseeable evil spirits playing tricks on them. The rings, which were carved out of wood and painted, could chase away those evil spirits because it was said that wood had the power to repel them, and the sun and the moon symbols painted on them represented the light of the real sun and moon that would shine on and protect them during hard times. Sherry then realizes that when Koko showed her the necklace, she actually wanted Sherry to look at the earrings she wore, which were created and decorated in the same style as Sherry's rings, the sun, and the moon symbols crafted just the same. Sherry then hears the voice of the real Koko, begging Sherry to save her; with this, Sherry becomes free of her doubts and vows to save Koko once again. Despite Koko's harsh words, Sherry is convinced of the real Koko's kindness and eventually wins the battle.

With Zofis' defeat, Koko is reduced to a temporary comatose state, but Zofis laughs, explaining that for his final revenge on Sherry and Brago, Koko will never find happiness. He explained that he implanted strong darkness in Koko's heart that, when mixed with her painful memories, resulted in the creation of an alternate, fiendish personality for Koko, the one that assisted him for so long. The evil Koko would disappear when Zofis' book was burned, and Koko would return to her original, kind-hearted self; however, because Koko received a special form of mind control that allowed her to retain her free will, she would also retain the memories of her evil self and all the numerous crimes she committed along with Zofis. Because Koko was a gentle person, it was inevitable that when she remembered everything, Koko would be so overcome with guilt that she would eventually lose the will to live on, but after Brago called Zofis out on being afraid of him and threatening to hunt him for the rest of his life, Zofis submitted to Sherry's demands and erased Koko's memories of the battle for Mamodo King.

Koko was then taken to a general hospital in France; after awakening, she was told a cover-up story: that when her village was attacked by an evil person, she fainted from shock and was left unconscious for several months. Sherry then met with her, and after telling Koko that she submitted a leave of absence and that Koko could go to college when she got out of the hospital, and that the evil person that attacked her village was gone forever, Koko confronted Sherry, asking if Sherry had saved her again. Koko admits that even though she didn't remember anything, she knew that Sherry saved her from the evil one because she had always saved her and helped her through hard times even though Sherry was suffering a great deal more. Koko thanks Sherry for this, and the two friends tearfully embrace each other.

Koko is not seen or mentioned again for the remainder of the series in both the anime and manga, but it is assumed that she is now in college and beginning her new life.

Zofis is seen again in either series; in the Manga, in spite of everything Zatch and the others put him through, he is seen helping him in the final confrontation with Clear Note, proving he puts his own survival before anything else. His last appearance is when he is seen nervously lingering in the doorway of a school in the Mamodo World after seeing that his classmate is Brago. In the Anime, however, he is seen in Ted's flashback, having destroyed Cherish's home, severely hurt her parents, and framed Ted for it out of sheer malice after seeing the two of them, Ted and Cherish, so happy together.

Then, they attacked her with their massive greatswords and they left painful scars on her, and because of the purity of the attacks, it burned her badly, and the wounds she suffered would never heal. Then, they slashed off Queen Chrysalis' wings and Lincoln binds her with a binding circle so she couldn't escape, and Lincoln grabbed her by the horn and he sucked out and absorbed all of her hatred and powers and he and the rest of us made them our own, and when Lincoln was done, Queen Chrysalis was weakened to such a degree she couldn't even stand.

This allowed Layla, Cassie Excelsion, Fluttershy, and Lincoln to finish Queen Chrysalis off by firing powerful energy beams and they overwhelmed Queen Chrysalis and they exploded with incredible power, killing her for good. We cheered wildly for what Layla, Cassie Excelsion, Fluttershy, and Lincoln did to Queen Chrysalis as they holster their massive greatswords on their backs and power down, and the new bodies, clothes, weapons, jewelry, and massive angel wings of Aisha, Cassie Excelsion, and Fluttershy are permanent.

Then, as Queen Chrysalis's spirit appeared, the cutie marks of The Mane 9 on the massive Celtic Cross cutie mark tattoo on Lincoln's wider and more muscular back glowed, along with the cutie marks of The Mane 12 and the Elements of Harmony on my sword, and Nightmare Moon's spirit was surrounded by a magic circle with the cutie marks of The Mane 12 that formed on the ground, and she was chained up by chains of magic and rainbow energy, and the energy images of The Mane 12 appeared from the cutie marks on the circle, and they found her guilty of her crimes, and the energy images of The Mane 12 aimed their horns at Nightmare Moon and Lincoln aimed his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds at Queen Chrysalis.

Lincoln: Queen Chrysalis, for the multitude of crimes that you've committed against Equestria and all ponies, you have been found guilty, and the punishment for your multitude of crimes is death.

This horrified Queen Chrysalis, as she soon saw that her days of havoc and chaos are about to end.

Lincoln: MANE 12 HARMONIOUS CUTIE MARK FINAL JUDGEMENT!

Lincoln fires a very powerful barrage of rainbow energy beams with

Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels from his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds and the energy images of The Mane 12 fired colored magic energy beams from their horns, and as they hit Queen Chrysalis' spirit, they exploded with incredible power and her spirit was then condemned to The Black Gates, and her spirit was erased from existence by the spirits of those she's hurt a thousand years ago.

Cassie Excelsion: Aw yeah, Queen Chrysalis, you have failed all of Equestria!

Layla: She's had it coming for a long time.

Fluttershy: She certainly did. And thank you for helping us take down and destroy Queen Chrysalis, Linky.

Lincoln: (Smiles Warmly) You're welcome, Fluttershy.

Suddenly, Fluttershy wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Fluttershy's face, they kissed passionately as Fluttershy's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Alicorn, and Angel flying in the air, and we saw a herd of Buffalo running across the field, along with elemental forces and plants growing around them and we cheered wildly.

Butterfly Rose: Alright, way to go, Mom and Dad.

Mirage Daffodil and Butterfly Rose cheered for their parents, and so did Sapphire Lilly, Emerald Oracle, Ruby Wind, and Golden Bunny.

Nico: Alright, that's the second of The Doomsday 23 put down, and 21 more to go.

Lincoln: Yep, and tomorrow, we're heading to the world of Solid Snake for Irma's special mission.

Irma: You said it, and I can't wait to see Snake again.

Me: And take down one of their big bad enemies.

Nico: Along with another member of The Doomsday 23.

Ness: Yeah, you said it. (To the viewers) We've finally gotten rid of Giygas once and for all, and he'll never hurt anyone ever again.

Lucas: (To the viewers) And we also got rid of Queen Chrysalis, another of The Doomsday 23, but we got 21 more members to go, and the fight to save the world from their wrath and The Church of Necrom's final revenge is still on.

Me: That is for sure.

Nico: Yep. But great job today everyone. This makes number 2 of the Doomsday 23 down. Lets go home guys.

We went back home and enjoyed the rest of the day and went to sleep.

Meanwhile in the Aleutian Islands of Alaska, Snake and Quiet were getting ready for our arrival and we were getting ready to help them destroy one of their enemies.

Snake: This is gonna be awesome. I can't wait to see Irma again.

Quiet: Me too Snake. It's gonna be awesome to help her and the team out.

Snake: It sure is. Lets get ready.

They locked and loaded and were ready.

TO BE CONTINUED!

She is Nico's friend from skateboarding and dirtbiking and she is a really awesome champion at it. She knows how to shred the rails and more. The match-up scene is for Irma Lair, and she, Helen Anderson, Applejack, and Lincoln are going to destroy The Storm King, the third member of The Doomsday 23 For Lincoln's rescue tomorrow, Lincoln and his group are heading to The Casagrandes' apartment, and we're in for one supernatural rescue: there's a ghost chicken haunting The Casagrandes and it's wrecking the place, and we're going to find out that this ghost chicken, Alfredo, has a nasty grudge against Sergio because that parrot did a ton of terrible things to him back when he was alive: Sergio pooped on his car, ruined his birthday party, and he even stole his wallet, but the worst thing ever is that Sergio stole his sunglasses and that's exactly what led to Alfredo dying and he came back from the dead as a ghost to get his sunglasses, and that's exactly what we're going to do: help Alfredo get his sunglasses back from Sergio so he can cross into The Afterlife, and Sergio's also in for one nasty swatting to the butt with a Chancla. We're also going to destroy three old enemies of Spyro, they're none other than Ripto, Crush, and Gulp, and we're sending that wuss and his henchmen to The Black Gates. And we're going to meet a Charizard Gene-Slammer named Athena Drákosfotiás who's not only Lincoln's classmate in gym, but she's also one of the most loyal Guardian Angels from Greece. Her last name Drákosfotiás means Fire Dragon in Greek. She also taken interest in being a doctor and was able to help Lincoln heal from even his worst injuries. She also hates bullies as well, when she found out that Chandler and his goons as well as Lynn were bullying Lincoln, she beat the crap out of them and when she was done with them, their legs, their arms and their teeth were broken and she even turned them into a massive human pretzel. To show thanks to Athena, Lincoln kissed her on the lips. She's also the cousin of one of Lincoln's many future wives, Shizuka Marikawa, and she hates both Chandler and Lynn with a burning passion. The next chapter is to commemorate the 2nd Anniversary of the War with The Royal Defenders on August 21st, 2020. It's going to be a great reminiscing adventure as we recap what happened. Also we're still going to have Helen Anderson battle the Storm King but afterwards.

See you all tomorrow.

Also Sh'Lainn Blaze and Nick Logan were with us because Sh'Lainn believes that her former people are causing trouble.

Me: So the next rescue is in Ireland. I always love coming here.

Camie: Ireland is so beautiful.

Lola: It sure is.

Himiko: This is a really awesome place to go to.

Nico: It sure is.

Qin: Ireland is one of my favorite places to visit because of all the history and culture.

Ochaco: It's always awesome to come here.

Black Widow: It sure is and I think Ireland is so pretty too.

Ibara: It's so awesome and they don't call it the Emerald Isle for nothing.

Sirius: No they sure don't.

Himiko: I have a feeling this is gonna be an awesome adventure in this one.

Laney: Me too. And I love Ireland because of the dancing and the music.

Lincoln: I love Ireland because of the castles and the culture as well as the food.

Nico: (LAUGHS) I know what Poromon would like about Ireland. The Mascots would love Ireland because of the beer.

We laughed at that remark.

Me: That is true and Ireland is the birth place of Guinness Beer. For over 250 years that beer has been popular here.

Nico: That's a definite fact.

Sheila (D&D): It sure is and I love Ireland because of all the history behind it and the fact that it's full of magic.

Me: And it's also where I stopped a tremendous war between Fairies and Leprechauns that threatened the delicate balance of nature.

Camie: Wow! When was this?

Me: Back when I was 3 years old. Me and my family were here in Ireland for vacation and I helped bring an end to a huge fight.

Camie: Wow that is so awesome! You were saving the world ever since you were young? That is amazing.

Tsuyu: Boy it sure is.

Black Widow: We all were amazed about that when we heard about it when we went to the Moonlands for the first time.

Applejack: That was an amazing adventure.

Nico: Thanks for coming with me, Natasha.

Black Widow: It's my pleasure Nico. It's going to be an awesome honor to be part of your rescue.

Nico: I'm glad you are gonna have a good time.

Laney: We all are.

Nico: Is it true that there's another like you named Yelena Belova?

Black Widow: Yes there is. She is my successor.

Me: Wow.

Nico: You think we could get her to join us one day?

Black Widow: It's possible. And she would make a great addition to both S.H.I.E.L.D. and to Team Loud Phoenix Storm.

Me: She sure would and you both were trained under the same spymasters.

Qin: That's right.

Black Widow: Yes we sure were. But Nico, everyone I can't thank you guys enough for finding my sister Leia.

Me: It was our pleasure Natasha. We were really surprised she was turned into one of Ball Weevil's kind.

Nico: Yeah no kidding.

Camie: That was strange.

Kaina Tsutsumi: It sure was.

Camie: Yeah.

Black Widow: But I'm so happy to have her back.

Me: We all are.

Camie: What does S.H.I.E.L.D. stand for again?

Me: It stands for Strategic Hazard Intervention Espionage Logistics Directorate.

Camie: Right! That is a great acronym.

Nico: Are you guys glad Ness and Lucas are with us?

Me: You bet we are. And we have almost every Super Smash Brothers Character with us. Lets see. We meet Snake and Quiet tomorrow after the big anniversary. I hope one day we go to the world of Fire Emblem later on this year.

Nico: That I can arrange. I also hope we meet the Ice Climbers later on this year. Sometime this winter might sound good.

Me: That is gonna be cool!

Nicole: Yeah it sure is. That was a game made back in 1985.

Nico: Yep.

Me: But I love all the Super Smash Brothers Characters.

Nico: It sucks that Giygas couldn't talk though. He couldn't even make us stronger by saying how he hated us!

Me: I know. What a rip! But there are some bad guys that won't speak. Remember the Vortex Queen from when we met Ecco?

Nico: Oh right! That one didn't speak at all.

Rarity: But that was a great adventure though.

Varie: That's true.

Qin: Yeah.

Nick Logan: We should be getting close.

Sh'Lainn Blaze: (Irish Accent) It's just up ahead.

Me: I'm really looking forward to this one. I'll never forget facing the Banshees when we were here on Saint Patricks Day.

Nico: I remember that. That was so fun.

Nico: Like I said before, back and forth banter between us and scumbags is the best part of every mission.

Me: Yes it sure is. And nothing is more fun than exchanging witty banter. But it's NOT fun when the bad guy doesn't respond back to you.

Qin: Yeah that is not fun at all.

Black Widow: No it sure isn't.

Sougo: These Banshees have sonic powers, don't they?

Me: They sure do. They can fly, fire energy blasts, produce ear-shattering shrieks, teleportation, telepathy, and they even have the ability to see into the future.

Sougo: Wow! That is intense.

Qin: It sure is.

Nico: Yeah.

Sh'Lainn: Yes. My people are that dangerous.

Me: Yeah but they are very formidable creatures.

Nico: Yep.

Camie: Wow.

Black Widow: This is gonna be a big fight.

Eli: It sure is.

Kaito: How do you know when a Banshee is near?

We heard a shriek.

Me: Like that.

Kaito: Oh.

We walked over and in a ruin we saw a bunch of banshees shrieking.

Nico: There they are.

Me: And they know we're here.

Kaito: What? How?

Me: They are telepathic remember?

Kaito: Oh right.

Me: Here they come.

We saw them flying.

Me: Time for action! (GOES SUPER ANGEL ETERNAL CELESTIAL XELNAGA) (Divine Echoing Cosmic Elemental Voice of Hope, Love, Friendship and Justice) **This is gonna get ugly.**

Nico: Lets get them!

Nico went Super Saiyan and we went at them.

Me: **Hello Banshees! Remember us?**

Queen Mab: (Irish Accent) YOU! You killed me.

Me: **Nice to see you remember us after all this time.**

Queen Mab: You have changed a lot J.D.

Me: **Can't say the same for you Queen Mab. I've gotten stronger and far more powerful than ever since the last time we fought.**

Queen Mab: So I see. Your death is now going to happen right now!

She fired waves of energy and I deflected the blasts away.

Me: **Wrong!**

Kaito and Zocks: Zenkaiju gear!

They donned their Zenkaiju forms!

Rarity: Oh this is gonna be fun!

But then a light appeared and it landed in Rarity's hands and it was The Kiramager Grand Zi-O Ridewatch!

Rarity: (Gasp) My own Ridewatch for Kiramagers! Now it's time for me to sparkle!

She activated it!

Rarity: HENSHIN!

The spirits of the Kiramagers and their Mashin's and Yodonna appeared and then she got an awesome and wicked badass dark blue armor with the symbols of the Kiramagers on it and she had dark blue angel wings that looked like Yodonna's! She had turned into KAMEN RIDER KIRAMAGER GRAND ZI-O!

Me: **WHOA! Rarity you look incredible!**

Lincoln: WOW!

Woz: REJOICE! The ultimate Knightess of Jewels and Sparkle who reaches over Fashions and Gems of the past and the future. Her name is Grand Kiramager Zi-O! We have entered the second chapter of the Super Sentai history!

Qin: Wow! Rarity you look awesome!

Lincoln: Wow! Rares this is amazing!

Applejack: YEEHAW! Way to go Rarity.

Me: **And it's perfect for you because the Kiramagers were your ambassador mission.**

Rarity: I do look absolutely amazing darlings! Lets see what it can do.

She tapped the Blue Kiramager symbol and got A SAPPHIRE CRYSTAL SWORD! She flew and slashed the Banshees all over the place.

Nicole: That is so awesome!

Maria: Let's get more faces in here!

Maria pulled out the M.O.E. Zenkai Cannon.

Maria: (TURNS DIAL) ANIMAL FORCE FURY!

She summoned Leap Frog, Grizzly, Yost Rhino, Black Scorpion, Black Spider, Manspider, Dark Phoenix, Carmen Dillo, El Oso, Biowulf, Skalamander, Samon Shakekisutanchin, Ryugu Tamatebacco, Gorizilla, Slobster, Slash and Repteel!

Nico: AWESOME!

Qin: So we have Slobster, Slash, Repteel and Gorizilla in the M.O.E. now! That is amazing!

Slobster: Yeah it sure is.

Albedo turned into Negative Wildmutt and growled.

Nico: Lets get them!

We fired waves of energy and they blasted the Banshees all over the place.

The Banshee's emitted an ear-shattering shriek and fired waves of energy and we dodged them and fiery explosions were blasting off all over the area.

MASSIVE FIERY EXPLOSIONS!

Me: Take this! (Activate's Tiamat's Ridewatch.

(THE MYSTIC'S DREAM BY LOREENA MCKENNITT PLAYS)

Me: (SINGING DIVINELY AS FIRE, LIGHTNING, ICE, POISON AND ACID SWIRLS AROUND ME)

**A clouded dream on an earthly night**

**Hangs upon the crescent moon**

**A voiceless song in an ageless light**

**Sings at the coming dawn**

**Birds in flight are calling there**

**Where the heart moves the stones**

**It's there that my heart is calling**

**All for the love of you**

**A painting hangs on an ivy wall**

**Nestled in the emerald moss**

**The eyes declare a truce of trust**

**And then it draws me far away**

**Where deep in the desert twilight**

**Sand melts in pools of the sky**

**When darkness lays her crimson cloak**

**Your lamps will call me home**

**And so it's there my homage's due**

**Clutched by the still of the night**

**And now I feel you move**

**Every breath is full**

**So it's there my homage's due**

**Clutched by the still of the night**

**Even the distance feels so near**

**All for the love of you**

**A clouded dream on an earthly night**

**Hangs upon the crescent moon**

**A voiceless song in an ageless light**

**Sings at the coming dawn**

**Birds in flight are calling there**

**Where the heart moves the stones**

**It's there that my heart is calling**

**All for the love of you**

I fired waves of said elements and they hit some of the banshees and destroyed some of them.

Qin: Take that!

Negative Wildmutt ripped some of the banshees to shreds.

Sougo: If Rarity can do it, so can I!

Rider Time! Kamen Rider Zi-O! Grand Time! (Orchestral rock music) Kuuga, Agito, Ryuki, Faiz, Bla~de! Hibiki, Kabuto, Den-O, Kiva, Deca~de! W! OOO! Fourze~! Wizard, Gaim, Drive~!

Ghost! Ex-Aid! Build~! Iwae! Kamen Rider~! Grand Zi-O~!

Geiz: Save some for me!

Rider Time! Kamen Rider Geiz! Re-vi-i-ve Goretsu~! Goretsu!

Me: **YEAH!**

He tapped the statue for Faiz and the year 2004 formed a portal and out came Takumi and he bashed the banshees and blasted them all over with his Faiz Blaster and blew them apart.

Qin: Take that!

Me: **And this too!** (Activate's Lady Flamicorn's Ridewatch) (Speaking In Korean) 당신은 당신이 한 모든 일에 대한 대가를 치르게 될 것이고 나는 천 개의 성난 태양의 힘으로 당신을 불태울 것입니다**!** (You will pay for everything you did and I'm going to burn you with the power of a thousand angry suns!)

Nico: Whoa that is hot!

I fired waves of intense fire and burned the banshees all over into dust.

Maria: Take that!

Nico: YEAH!

All that was left was Queen Mab!

Sh'Lainn: I'll deal with her myself.

Nico: Go for it.

She went up to her.

Queen Mab: You were always weak Sh'Lainn. You can still kill these weak humans.

Sh'Lainn: No. You were wrong about everything. The Humans are great people and J.D., Team Loud Phoenix Storm and everyone even Nick saved us all from doom many times.

Queen Mab: Then you too shall die.

Me: **You have no honor Mab. Sh'Lainn is one of you and you tossed her aside like garbage. That shows that your soul is as black as night. Just like most of your people.**

Sh'Lainn's eyes glowed powerful red and she fired waves of energy at Mab and blasted her all over.

Queen Mab: How could you let these humans poison your mind with lies!? They destroyed us and killed us!

Queen Mab blasted at her!

Sh'Lainn dodged the blasts.

Sh'Lainn: No! You killed them! You were made for one purpose Mab, To Kill! Your fate was sealed the day we came to this planet!

She kicked her down.

Queen Mab: The humans are our mortal enemies. They must die at any cost.

Sh'Lainn: No! YOU are the one that will die!

Nico: She's already made her choice!

Me: **And her home is Earth and we are her family! And you ARE NOT WELCOME HERE!**

Sh'Lainn blasted Mab's head clean off the moment I said that and she was dead and I banished her and the Banshees to the Black Gates.

Qin: Good riddance.

Me: **You did great Sh'Lainn.**

Qin: Yeah.

Nick Logan: We're proud of you Sh'Lainn.

Sh'Lainn: Thank you. All of you.

Nico: We're not done yet.

Then we heard a roar and then we saw a figure come out and it was a black Vulpimancer! It was ANOTHER WILDMUTT!

Me: **Another Wildmutt!**

Nico: I didn't expect this one.

Laney: Wow!

It roared.

But then I heard a voice inside my head.

?: J.D. can you hear me?

Me: **Huh? Wait I know that voice.**

I saw that it was coming from the Another Wildmutt.

Another Wildmutt: (Speaking to me Telepathically) (In a girls voice) That's right J.D. Been a while.

Me: **Iris Donnavan? Wow.**

Another Wildmutt: Its been a while J.D.

Me: **Yeah you are looking awesome.**

Nico: J.D. who are you talking to?

Me: **The Another Vulpimancer. Her name is Iris Donnavan and she is a girl that I know. She doesn't speak however. She can only speak telepathically.**

Zocks: Was she born that way?

Me: **Yeah she was born mute. But she was also born with incredibly strong telepathic communication. It's why she only communicates through telepathy.**

Zocks: Very interesting. But I can't hear her talk.

Me: **She only talks to you inside your head.**

Zocks heard what she was said.

Zocks: Oh wow. Iris that must be hard to speak to people without talking to them physically.

Another Wildmutt: (Telepathically to Zocks) Yes Zocks. And I'm sorry I can't speak to anyone.

Zocks: It's all right.

Me: **But Iris what did Swartz promise you even though he is dead?**

Another Wildmutt: (Telepathically to me) He promised to give me the ability to talk with my mouth. But I used my mind reading powers and knew he was lying from minute one.

Me: **Not even manipulative liars are a match for mind-reading powers.**

Qin: What did she say?

Me: **She said Swartz promised to give her the ability to talk with her mouth but she used her mind reading powers and knew he was lying from minute one.**

Nico: Whether you want us to grant that wish is up to you. But regular Vulpimancers can't exactly talk to anyone physically either.

Me: **Their evolved counterparts can but not the regular ones.**

Nico: True.

Another Wildmutt: (Telepathically to Nico) Yes that's right. But thank you for that Nico.

Nico: You're welcome.

Me: **Iris I'm sorry we have to fight you but it's the best way to**

**get you back to normal.**

Another Wildmutt: I understand J.D. Hit me with your best shot!

Me: **You got it!**

I powered down.

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico: (activates Billy Numerous' Ridewatch) I'm not kidding about us being able to grant that wish.

Me: We actually do have that kind of power.

Nico made 310 clones of himself!

310 Nicos: (In Unison) Think about it. We can make you talk.

Another Wildmutt: (Telepathically to Nico) And I know you have that kind of power. But I'll make my decision on that after you save me.

310 Nicos: Fair Enough.

(RIVERDANCE MUSIC PLAYS)

They danced to Cry of The Celts and blasted her all over with waves of green energy and smashed her all over.

Me: Love the Riverdance! My turn!

I activated Gansley's Ridewatch.

Me: Time for some sea shanties.

(SAILING OVER THE DOGGER BANK PLAYS)

Me: (SINGING DIVINELY AS WATER SWIRLS AROUND ME)

List of songs

"Sailing Over the Dogger Bank" is a traditional sea shanty dating back to at least 1890, although it was undoubtedly composed well before then. A version of it was sung in the title card of the episode "Sailor Mouth," performed by Brian Douglas Gulland, Tim Laycock, Robin Jefferey, and Robert Alexander White.

Lyrics

Sailin' over the Dogger Bank: Oh, wasn't it a treat?

Wind a-blowing east-nor'-east, we had to give a sheet!

You ought to see us runnin' the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby.

Watch out, twigger, she's a proper ju-be-ju.

Give 'er a sheet and let her rip we're the boys to pull her through!

You ought to see us runnin', the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby!

Our captain he's a Shanghai roush, he loves a pint of good ale.

Our mate he is a road stone-inspector, been seen in many's a jail.

Our third mate he's a bush ranger, he comes from the African Isle.

And take a look at our old cook it gets the bugger wild!

Watch out, twigger, she's a proper ju-be-ju.

Give 'er a sheet and let her rip we're the boys to pull her through!

You ought to see us runnin', the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby!

Watch out, twigger, as down the street she came.

High heels and painted toes, Jenny is on the game.

Jenny is one of your flash girls, can't she cut a shine?

She can do the double shuffle on the Knickerbocker line!

Watch out, twigger, she's a proper ju-be-ju.

Give 'er a sheet and let her rip we're the boys to pull her through!

You ought to see us runnin', the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby!

We are the boys to make a noise when we come home from sea.

We get right drunk, we roll on the floor, we have a jubilee- Eee!

We get right drunk and full of beer, we roll all over the floor,

And when our rent it is all spent we go to sea for more.

Watch out, twigger, she's a proper ju-be-ju.

Give 'er a sheet and let her rip we're the boys to pull her through!

You ought to see us runnin', the wind a-blowin' free,

On a passage from the Dogger Bank to gray Grimsby!

I danced and fired waves of water and smashed her all over.

Black Widow: My turn.

She activated Shade's Ridewatch and Russian Dance Music played.

She fired waves of lightning and darkness and smashed Another Wildmutt down.

Nico: OH YEAH!

Eli: WOOHOO! Watch this one. (ACTIVATE'S CAMULA'S RIDEWATCH)

(TRANSYLVANIAN ORGAN MUSIC PLAYS)

Eli turned into a vampire and fired waves of darkness and blasted Another Wildmutt all over.

Me: WHOA! Nice job bro!

Maria: Oh, and did I mention there are no usual battles planned for today?

Nico: Yes you mentioned that earlier this morning because of the Anniversary today.

Me: And I called Snake and told them that we would be coming tomorrow. He understood because today is the big Anniversary of the War with The Royal Defenders.

Qin: Yeah that's right!

Camie: We'll have to hear about all that later.

Nico: Yep.

But then we heard a Motorcycle?

Nico: What the?

Then we saw a purple motorcycle with no one driving it!?

Me: A transformer?

Me: No wait.

It morphed and turned into a Dragon Pokemon! It was MIRAIDON!

Me: Whoa so that's Miraidon!

Nico: So awesome!

Miraidon: (In a girls voice) Awesome to see you again Nico.

Nico: Emily Imperion! Wow!

She reverted back and was a girl with purple hair and yellow highlights and she had all purple clothes.

Emily Imperion: I got this for you guys.

She fired waves of energy and blasted Another Wildmutt down and I caught the Ridewatch and purified it and I went over to Iris and picked her up. She was an orange hair girl in purple clothes and she had orange eyes. She looked at me and smiled.

Me: You'll be all right Iris.

I picked her up and carried her over.

Iris Donnavan: (Telepathically to Nico) Nico I want to talk with my mouth.

Nico: Awesome.

Nico snapped his fingers and then Iris said her first words.

Iris Donnavan: (Out loud) Wow that was strange. (GASP) Hey! I can talk! Wow!

Nico: See? Any false promises Swartz has made will be made true by us.

Me: Yeah. How do you feel now that you can talk out loud Iris?

Iris Donnavan: I can't wait to tell my mom and dad. They are going to flip.

Nico: Boy no kidding.

Twilight Sparkle: That is so cool you can talk now.

Iris Donnavan: It sure is! Wow!

Emily Imperion: But I'm really happy for you Iris.

Me: But we never saw that happen before. A Pokemon that can turn into a really awesome and boss motorcycle? That's really amazing.

Emily Imperion: It sure is.

Black Widow: What's your favorite memory of Nico?

Emily Imperion: I'm an awesome skateboarding champion and so is Nico. Me and Nico were in the X Games and we won.

Me: Get outta town! You were in the X-Games!?

Nico: Yep. Me and Emily won and we dominated the whole competition.

May: That is so cool Nico!

Lincoln: Wow! That sure is!

Me: Wow!

Nico: Yep. Good times.

Emily Imperion: Those were good times.

Nico and Emily hugged.

Nico: I've missed you Emily.

Emily Imperion: Me too Nico.

Rainbow Dash: Your motorcycle form is awesome Emily.

Fluttershy: Um do you think I can ride you sometime Emily?

Emily turned into her Miraidon Motorcycle form.

Emily Imperion: Sure Fluttershy. Hop on.

May: Don't worry about us. We'll just fly home.

Fluttershy got on and she and Emily drove off and it was fun and then we all flew home 20 minutes later after they came back.

We told everyone everything and it was awesome.

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, The Demon Slayer Corps, Great-Grandma Harriet, and Samus are heading to The Casagrandes' apartment, and not only is Lincoln going to rescue the three girls here, but we're in for one supernatural mission: there's a ghost chicken haunting The Casagrandes and it's wrecking the place, and we're going to find out that this ghost chicken, Alfredo, has a nasty grudge against Sergio because that parrot did a ton of terrible things to him back when he was alive: Sergio pooped on his car, ruined his birthday party, and he even stole his wallet, but the worst thing ever is that Sergio stole his sunglasses and that's exactly what led to Alfredo dying and he came back from the dead as a ghost to get his sunglasses, and that's exactly what we're going to do: help Alfredo get his sunglasses back from Sergio so he can cross into The Afterlife, and Sergio's also in for one nasty swatting to the butt with a Chancla. We also got word that three old enemies of Spyro, Ripto, Crush, and Gulp, are here, and after we stop the haunting, we're sending that wuss and his henchmen to The Black Gates.

Lincoln: Wow, we're here in Great Lakes City and heading to The Casagrandes' apartment, and I know what we're going to do here, not only am I going to rescue the three girls here, but we're in for one supernatural mission: there's a ghost chicken haunting The Casagrandes and it's wrecking the place.

Me: Whoa, a ghost chicken? This is something Ed will love.

Nico: Combining his love for chickens and the supernatural, but this ghost is wrecking the place.

Ronnie Anne: Bobby sent a picture of what this ghost is doing, take a look.

Ronnie Anne showed us the picture of what that ghost was doing: levitating objects and throwing eggs at them.

Lincoln: Whoa, this is one serious haunting. AARGH Cadet Lincoln Loud is ready to take on this ghost, and I want to thank you and Great-Grandma Harriet for joining us, Samus.

Samus: You're welcome, Lincoln.

Great-Grandma Harriet: I've seen your rescues from the afterlife, and now, it's an honor to join you on your rescue.

Samus: And it was great seeing Ness and Lucas again.

Lincoln: Same here, and we took down Giygas and Queen Chrysalis as well. And I've got a feeling that the next of The Doomsday 23 is going to be The Storm King, which means Helen Anderson is going to face him.

Applejack: The Champion of Honesty VS. The Tyrannical Storm Monarch, this is going to be one wild storm of a match.

Lincoln: Especially since we're also joining her in the match, A.J. And today's the 2nd Anniversary of The War With The Royal Defenders.

TLPS Mr. Wolf: That war happened two years ago, but this was due to Sindri Myr's foul hand.

Lincoln: That's right, and our Royal Defenders counterparts were traumatized by what they've done and in that monster's name. But, Sindri Myr paid the price when I sent his soul to The Black Gates on my rescue before we went after the barbarian tribes in the Badlands in the world of Warhammer.

Nico: Yep, you got that right. Now, let's go bust that ghost chicken.

We got inside The Casagrandes' apartment, and that ghost chicken was already causing tons of chaos there by levitating and throwing objects, throwing eggs, and it sent Sergio flying into a wall with one of the couch pillows.

Frida Casagrande: (Shrieks) (Spanish Accent) We're good people. (Shedding Tears) Why are you haunting us?!

Then, some feathers formed an arrow, and it was pointing at Sergio.

Me: Hey, that arrow's pointing at Sergio.

Nico: Sergio Casagrande, what did you do?! And do you know this chicken?!

Sergio: I had a chicken roommate in Flight School, but he moved to a farm, never heard from him again. (Recognizes the ghost) Ooh, Alfredo, is that you?

Then, the arrow of feathers formed into a mallet and hits Sergio on the head and he crashed onto the floor.

Sergio: Yep, that's him.

Lincoln: Ghosts don't stick around in the world of the living unless they have unfinished business with the person they believed has wronged them.

Rosa Casagrande: (Spanish Accent) Sergio, did you wrong this chicken?

Great-Grandma Harriet: Allow us to converse with him.

Great-Grandma Harriet, Lincoln, Lucy Loud, and Luna Anderson conversed with Alfredo, and when she brought up what did Sergio do to him, he showed them just what that parrot did to him: Sergio pooped on the windshield of his car, he sprayed the car and Alfredo with a hose and it caused him to crash into his own birthday cake and ruined his birthday party, and Sergio stole his wallet. But, when Alfredo then showed them the visit Sergio made to the hospital, they saw Sergio take his sunglasses and that last act ultimately led to Alfredo's death.

When he was finished, they turned to us.

Lincoln: We just finished out conversation with our ghost, and we found out why he's haunting The Casagrandes: his name is Alfredo, and he's really angry at Sergio for a lot of wrongdoings. First, Sergio pooped on the windshield of his car.

Luna Anderson: Then, he sprayed the car and Alfredo with a hose and it caused him to crash into his own birthday cake and ruined his birthday party.

Lucy Loud: He then also stole Alfredo's wallet and all of his money.

Great-Grandma Harriet: But, the worst wrongdoing Sergio has committed against Alfredo was when he visited Alfredo in the hospital: Sergio stole Alfredo's sunglasses and that last act ultimately led to Alfredo's death.

We gasped in pure shock, including The Casagrandes.

Sergio: Oh, that's where I got these sunglasses.

Lincoln: And because of you wearing them, this led to Alfredo coming back from the dead as a ghost, and he wants his sunglasses back, so that way, he can cross over to the afterlife.

Sergio: But, they look so good on me.

Lincoln: Girls.

Lincoln's harem pounced on Sergio and this caused Sergio to lose the sunglasses and Lincoln caught them just in time, and he handed them to Alfredo, and when he put them on, he struck a few poses and then, he faded away.

Me: Whew, we did it.

Lincoln: Yep, but we're not done yet. Sergio, because of what you did, there's only one punishment for you. Girls, if you would?

Lincoln's harem each took out a Chancla, and when Sergio saw it, he freaked out and he was about to fly off, but Luna Anderson made a wall of dark blue fire to keep him from getting away. Lincoln covers Fluttershy's eyes with his large left hand. Then, they pounced on him and he was getting one nasty swatting to his butt with a Chancla. When they were done, Sergio had a nasty case of baboon butt, and he was put in his cage for the remainder of the day, and we left the apartment, but not before we were given a big family group hug by The Casagrandes.

Nico: Looks like Karma came back and bit that parrot hard on the butt.

Lincoln: Big time. Now, to take care of Ripto, Crush, and Gulp.

Spyro: That wuss and his goons are going to get it big time.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of three girls calling for help, along with the sound of maniacal laughter in the air. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the three girls, but they've been cornered by Ripto, Gulp, and Crush, and they're going to kill them.

Lincoln: Let's get over there at once, guys, I found the three girls, but they've been cornered by Ripto, Gulp, and Crush, and they're going to kill them.

?: (Girl's voice) (Greek Accent) That miserable pint-sized tyrannical dinosaur, let's get him!

Suddenly, we saw Charizard appear before us.

Nico: Charizard, but how?!

Lincoln: This wasn't Ash's doing again, and I'd recognize that Greek accent from anywhere, I knew it was you, Athena Drákosfotiás, but we'll talk later, we've got three more of Spyro's moronic enemies to take care of.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Ripto, Crush, and Gulp, and that allowed the three girls to get to safety and were in an energy field put up by Lincoln to protect them from Ripto, Crush, and Gulp. When Ripto and his minions saw us, he was enraged, especially when he saw

Spyro again. Suddenly, Lincoln's massive white angel wings turned orange, but the stars and orange and aurora-colored tips on the feathers remain the same.

Spyro: Should've known you'd come back again, Ripto.

Ripto: Shut up, you little twerp, you ruined my plans to rule all of Avalar.

Crash Bandicoot: He had every right to stop your plans dead in its tracks, Ripto. Plus, I still owe you a beating for long ago when you teamed up with Cortex and Uka-Uka and tried to conquer both my home and Spyro's home.

Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Sword of Elemental Justice from his wider and more muscular back and he'd transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will. Suddenly, we saw Crash Bandicoot's massive Skylands' Elemental Wolf Sword of Elemental Justice and the swords that he'd gotten in the treasure battles began merging and the sword was surrounded by a kaleidoscope of rainbow energy and the elemental forces of the Skylands, and when it emerged, it was transformed into Skylands' Elemental Wolf Greatsword of Elemental Justice and Eternal Bravery, it's a brand-new large greatsword with a 7'0" massive, wide, double-edged crimson red blade with the symbols of Fire, Air, Water, Earth, Life, Light, Dark, Undead, Tech, and Magic etched on it in rows, two large crimson wolf heads for the crossguard, large rainbow gem embedded in the rainguard, longer black handle, four large crimson wolf heads with rainbow gems for eyes and in their open mouths and a large rainbow gem below the wolf heads for the pommel.

Crash Bandicoot: (Divine Echoing Cosmic Voice of The Elemental Bandicoot and Elemental Skylands Bravery) **Lincoln, let me and Spyro give him and his thugs welcome back beating, then you guys can join in and we'll send them to the grave.**

Lincoln: Okay.

Crash Bandicoot and Spyro went after Ripto, Crush, and Gulp, and they brutally attacked them, Spyro fired fireballs at them and Crash Bandicoot slashed at them with his massive new greatsword, and he fired powerful blasts of rainbow energy, fire, earth, darkness, wind, water, gears, bones, light, magic, and plants at them, and he also shattered Ripto's magic scepter.

Lincoln: Aha, that's the signal. Come on, gang, let's join in.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, Lincoln's sisters transformed into their Super Angel Eternity Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Samus, Great-Grandma Harriet, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their weapons, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went after Ripto, Crush, and Gulp and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, and mythological animals, and they exploded with incredible power as they hit them.

Then, Lincoln fired three powerful orange energy beams, which hits

Ripto, Gulp, and Crush, and the blasts destroyed them, and when their spirits appeared, Lincoln drew a kanji on their foreheads and they were erased by The Black Gates forever. We cheered wildly as we holstered our weapons and powered down and Lincoln's massive angel wings changed back from orange to white.

Lincoln: That's it for Ripto, Crush, and Gulp, and they'll never return to terrorize anyone again. (To Athena Drákosfotiás) And it's so good to see you again, Athena Drákosfotiás.

Athena Drákosfotiás reverted back to normal, and she's a beautiful girl with long flowing yellow hair, blue eyes, fair skin, she's tall at 6'5" in height, she has the voluptous body of a goddess, she has massive beautiful orange angel wings, and she reigned in the power of Charizard, and she's dressed in an orange two-piece bikini, orange sandals, and long sleeveless orange trenchcoat with flames on the coattails, and Charizard on the back, and holstered on her back a large Charizard-themed greatsword with Charizard etched on the 7'0" massive, wide, double-edged orange blade, Charizard's wings for the crossguard, large orange gem embedded in the rainguard, longer black handle, and a large orange gem surrounded by angel wings for the pommel.

Athena Drákosfotiás: (Greek Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Athena Drákosfotiás and they hugged, and Athena Drákosfotiás was very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his massive white angel wings with stars on the feathers and orange and aurora-colored tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were fifteen, and as you can see, I really grew a lot since then.

Athena Drákosfotiás: (Greek Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive white angel wings. (Seductively and rubs her right hand on Lincoln's massive and wide right pec) I could get used to it, big, tall, muscular, and handsome.

Nico: Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Athena Drákosfotiás, she's not only my classmate in gym, but she's also one of my most loyal Guardian Angels from Greece. Her last name Drákosfotiás means Fire Dragon in Greek. I also found out that she's the cousin of Shizuka Marikawa, and like her, she's also taken interest in being a doctor and was able to help me heal from even my worst injuries. She also hates bullies as well, when she found out that Chandler and his goons as well as Lynn were bullying me, she beat the crap out of them and when she was done with them, their legs, their arms and their teeth were broken and she even turned them into a massive human pretzel.

Athena Drakosfotias showed us the picture of Chandler, Artie, Trent, and Lynn turned into a massive human pretzel.

Nico: (Winces) Ooh, now that's really brutal.

Lincoln: Big time, and when Lori saw it, she knew what'll happen if she continued with her heartless act, and to show thanks to Athena, I kissed her on the lips.

Me: Now, that's really sweet.

Lincoln: Yep, and it's a good thing Lynn's not among the group today, because, Athena hates Lynn and Chandler with a burning passion.

Eli: After what you told us about her hating bullies, I wouldn't be surprised.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Athena Drákosfotiás' neck with orange gems on the gold thunderbolt links and orange crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Athena Drákosfotiás: (Greek Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means that just like your cousin, you're part of my harem and one of my many future wives, Athena.

Athena Drákosfotiás had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Athena Drákosfotiás' waist and Athena Drákosfotiás wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the three girls, and when Lincoln saw them, he recognized them immediately. The three girls are Chiho Kagari, Non Katagiri, and Irie Konagi from My Sweet Tyrant.

Lincoln: Oh wow, it's Chiho Kagari, Non Katagiri, and Irie Konagi from My Sweet Tyrant.

Nico: Awesome.

Lincoln: Are you girls okay?

Chiho Kagari: Yes, we're okay, thanks to you.

Then, when Chiho Kagari and the other two girls saw who it was that saved them from Ripto, Crush, and Gulp, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird

He had his massive Hinon's Cosmic Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace, Talisman Cards of The Universe and Talisman Cards of Elemental Harmony on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation and embedded Jewel of Gelel on the back of his massive left hand, large weighted gold bands on his massive biceps and thighs with

Chiho Kagari: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made two clones of himself, and he and the two clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Chiho Kagari: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, three Thunderbird Necklaces of Eternal Love appeared on the necks of Chiho Kagari, Non Katagiri, and Irie Konagi with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened at The Casagrandes' apartment and they were glad that Alfredo got his sunglasses back from Sergio, and that loud-beaked parrot got the swatting of a lifetime with Chanclas from Lincoln's harem, and they were shocked when they found out the villains we went after were Ripto, Crush, and Gulp, three old enemies of Spyro, and the one who brought them back was The Storm King.

But, when Lincoln showed what we did in sending those three to The Black Gates, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Athena Drákosfotiás have a lot of catching up to do, now that she's back in town.

Maria: I can't believe The Storm King was the one who brought those three Jurassic morons back from the dead.

Spyro: I didn't want to believe it either, but Lincoln's massive white angel wings changing colors was a big red flag warning us about them.

Lincoln: Yep, but don't worry, The Storm King will get what he deserves later on today.

Nico: Yeah, and Helen Anderson will make sure that monster never returns to terrorize Equestria ever again.

Just then, Lynn came in, and when she saw Athena Drákosfotiás, her skin turned pale as the memory of her, Chandler, and his goons getting turned into a massive human pretzel came back to her, and as soon as Athena saw Lynn, she glared with fury at Lynn.

Athena Drákosfotiás: (Greek Accent) Lynn, I can never forget what you, that sewage bastard, and his goons did to your little brother, but I'm going to look past it, when your brother told me he got rid of the demon that was inside you.

Lynn breathed a sigh of relief, but we were in for quite a tale later on.

---

After solving the haunting at The Casagrandes' apartment and helping Alfredo get his sunglasses back from Sergio and destroying Ripto, Gulp, and Crush, we were training intensely in the gym, this time, doing 200,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Athena Drákosfotiás saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Athena Drákosfotiás: (Greek Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful

teachers, J.D. and Nico included, Athena, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Athena Drákosfotiás: (Greek Accent) That's incredible.

Nico: It sure is. So, Athena, can you tell us why you hated Lynn and Chandler with a burning passion?

Athena Drákosfotiás: (Greek Accent) You're not going to like it one bit. One day, I was walking to the cafeteria for lunch, but then, I heard the sounds of painful screaming coming from the cafeteria, and I ran inside and I saw who it was that made that scream: it was Lincoln, and he was getting beaten up badly by Lynn, and helping her was Chandler. It turns out Lynn made an alliance with Chandler to kill Lincoln. I was extremely angry at those bastards, I ran at them and I brutally pummeled them into the dirt and I threw Lynn into a trash can and Chandler into the school's dumpster. Then, I went to Lincoln and with the medical knowledge I'd gained, I healed Lincoln's injuries. But, then, he broke down and he hugged me, and I hugged him back to comfort him. I then told Mr. and Mrs. Loud of what happened to Lincoln, and I pointed out that Lynn and Chandler were the ones who did it, and that stubborn jackass said that she was tired of Lincoln continuing to live, so she made an alliance with Chandler to kill him once and for all, and she meant it in cold blood. The other sisters were really furious with Lynn and they wanted to give her the same treatment she and Chandler gave Lincoln, but the parents beat them to it, and they sent Lynn to jail for three weeks, and she had a bad time in jail, and Chandler was also thrown in jail for a month by his mother.

We were shocked.

Eli: I can't believe Lynn made an alliance with Chandler to kill Lincoln, that's like making a deal with The Devil.

Lincoln: And I was so mad, I wanted to turn into a vampire and drain Lynn and Chandler dry of blood, but, I didn't.

Nico: You took control of the vampire inside you, Linc, and that was really awesome. Plus, you do have many powers thanks to the blood of some of your fellow Guardian Angels, along with self-defense tactics, martial arts, and many others.

Lincoln: That's true, but Lynn was a very brutal monster who wanted blood and Chandler was an evil conniving and murderous psychopath who had access to dangerous weapons, thanks to his evil dad, and those two in a deadly team-up would mean that I'd still be dead even if I fought back.

Me: Jeez.

Nico: Either way, you were outmatched by Lynn's brand of violence and Chandler's murderous desire to kill. But, I'm really glad Athena saved you from those two, and Lynn, what the hell were you even thinking making an alliance with Chandler?

Lynn: That bitch just wanted me to put Lincoln in his place or even worse kill him, she saw him as a threat to her existence.

Lincoln: On that day, I swore I wasn't going to let Lori, Lynn, Lola, Lisa, Luan, or any of my enemies do that to me or to my family, friends, and Guardian Angels again. I then began training even more and practicing even more with my powers, and I'd also started working out a lot with help from my fellow Guardian Angels and I had help to keep it a secret: Leni, Luna, Laney, Lucy, Lana, Lily, Mom, Dad, and my friends, and they kept Lori, Lynn, Lola, Lisa, and Luan very much in the dark.

Luna: He was really serious, dude. He wasn't going to let those five get away with doing that to him or to all those close to him, and if he had kids in the future, he was going to protect them from Lori, Lynn, Lola, Lisa, Luan, and his enemies.

Thunder Sparkle: So, that's why Dad's been working out and training with his powers long before any of us met and even before Team Loud Phoenix Storm was formed.

Nico: Now, I really understand now. Even before any of us met and way before Team Loud Phoenix Storm was formed, Lincoln wanted to get stronger, so that way, he can not only defend himself, but also protect all those close to him from his enemies including the five mean sisters of his own family.

Me: What Lynn and Chandler did really crossed a big line and Lincoln made a big goal for that one.

Lincoln: Yes, and that goal has remained ever since, but I also added in that I also wanted to push myself past my physical and mental limits and go beyond them.

Nico: And that's where we all came into the picture, and you were quite surprised at the changes that your man's gone through, Athena.

Athena Drákosfotiás: (Greek Accent) Definitely.

Nicholette Torrington: We all were.

Clara St. Clarice: To see the boy that we knew from long ago grow up into a very strong man, but still remain who he was long ago, we were really happy.

Lincoln smiled warmly, and he made of himself and they went up to the girls in his harem, and they wrap their abnormally massive and powerful muscular arms around the girls and the girls wrapped their arms around the thick muscular necks of Lincoln and his clones, and they shared a romantic kiss and we all cheered for them, and his clones disappear and he went back to working out.

Luna: To have that many Guardian Angels looking after him, that really gets you in the heart, dude.

Nico: And your little brother's also done the same by protecting them not only from his enemies, but also from the five mean sisters in the family, Luna.

We got a shower afterwards, but then, a bright light descended on The World Tree Estate and we had to cover our eyes. Then, the lights faded and we uncovered our eyes, and we also saw three figures in the World Tree Estate, and Lincoln saw who they were, the male is Iruma Suzuki and his two girlfriends, Azazel Ameri and Valac Clara from Welcome to Demon School! Iruma-kun.

Lincoln: (Gasps) It's Iruma Suzuki and his two girlfriends, Azazel Ameri and Valac Clara from Welcome to Demon School! Iruma-kun.

Nico: Then, this means his world was the one that just merged with ours. Plus, what his parents did to him was despicable, they were a bunch of deadbeats and even worse, they abused him, and you know I hate abusive bad parents.

Lincoln: If we see them, we're going to arrest them and put them in prison.

Suddenly, Iruma Suzuki, Azazel Ameri, and Valac Clara came to, and they eventually saw us.

Iruma Suzuki: Oh, no way, Team Loud Phoenix Storm?!

Lincoln: Yep.

Valac Clara: Wow, you guys are well-known legends in the world we came from.

Azazel Ameri: Yes, and currently, you all are doing battle with The Doomsday 23 who've been brought back by The Church of Necrom's contingency plan since the other day.

Nico: That's right, and so far, we've taken down Nightmare Moon and Queen Chrysalis, the next one to take down is The Storm King.

Iruma Suzuki: I've heard about The Church of Necrom, word gets around in The Demon World really quickly.

Lincoln: Wow.

Iruma Suzuki: And I hope you don't mind me asking, but…

Lincoln: (Smiles) Say no more, Iruma, you and your girlfriends are more than welcome to join the team.

Valac Clara: Yes!

Nico: (Smiles) And if we see your deadbeat parents, we'll have them thrown in the slammer for what they've done to you.

Iruma Suzuki: Thank you.

We welcome Iruma Suzuki, Azazel Ameri, and Valac Clara into Team Loud Phoenix Storm.

Lincoln: And we also got to get ready, guys, today's the 2nd Anniversary of The War with The Royal Defenders.

Nico: Oh, that's right. Plus, we still got The Storm King to deal with, but he'll show up later on today.

Helen Anderson: That's right, and I'm going to make him pay for this, that low-down side-winding monster of storms.

Applejack: You got that right, and I hope you don't mind me and Linky joining in, Helen.

Helen Anderson: Not at all, Applejack.

Lincoln: We'll make him pay for the crimes he's wrought against Equestria.

Nico: Yeah, you guys will raise a storm of honesty and blow him away.

Me: Straight into The Black Gates.

Lincoln: That sidewinding overgrown snake in the grass is looking at a one-way trip to the Black Gate hoosegow.

Applejack: (Snickers) Was that cowboy talk I just heard, Linky?

Lincoln's eyes went wide when he heard what he just said, and then, Applejack went right up to him and she kissed him on the lips as his eyes really went wide and his long wild white hair stood up and his blush turned atomic red and his whole body turned atomic red, and when she separated, steam whistled out of his ears and he had a goofy smile on his face.

Pinkie Pie: Aw, ain't he cute?

We laughed for a bit.

Nico: Uh, A.J., you do realize Lincoln's going to get you back?

Suddenly, Lincoln wrapped his abnormally massive and powerful arms around Applejack's waist and he brought her real close to his massive and extremely muscular body, and he leaned down to her face and he kissed her on the lips and her face had an atomic red blush on her face, and she wraps her arms around Lincoln's thick muscular neck and when he separated, she had a lovestruck look on her face.

Applejack: HOOOOWEEEE!

Nico: Yep, I should've seen that one coming.

---

In the park we were getting everything set up for the big barbecue for the 2nd Anniversary of the War with The Royal Defenders. The Masters of Evil were bringing in some of their awesome foods for us and we made meat trees filled with our favorite meats and more for the barbecue and Mary, Varya, Autumn and Lynn Sr. made awesome New Orleans and international foods for us to eat too.

Me: This is gonna be an awesome barbecue and meal.

Qin: It sure is. Everyone all over the city is coming too.

Lola: Wow! This is gonna be an awesome party.

Maria: Roxy, you and Tsukasa are up for bonding time.

Roxy: Awesome! Looking forward to this one.

Me: Sorry we didn't use Ridecards for the rescue Tsukasa.

Tsukasa: No worries. We can still use them tomorrow for the battle with one of Snake's enemies.

Lisa Loud: Indeed we can.

Tsukasa: Roxy, meeting you was one of the best days of my life.

Roxy: That was so awesome and really fun. We had a lot of fun battling some of the monsters you faced.

Tsukasa: We sure did.

Lola: Those were all awesome.

Camie: Yeah they sure were.

Roxy: Not to mention that you're one of the anniversary Riders.

Tsukasa: Yep. To commemorate 10 years of riders during the Heisei Era.

Qin: That's right. But Fourze is commemorate 40 years of Kamen Riders all together.

Gentaro: She's right on that.

Tsukasa: That's true.

Maria: And ever since Apollo Geist's demise, you always use your Rider Cards whenever the Megaforce Rangers Morph.

Tsukasa: That's true and so does Sougo for the Ridewatches.

Sougo: No arguments on that one.

Maria: Yeah.

Roxy: Still so awesome.

Homer brought his Hive Smoker and it was awesome.

Camie: That is so awesome that you have a barbecuer in the shape of a beehive Homer.

Homer: Yep. It sure is awesome.

Marge: I think it's a great barbecuer.

Lola: I do too.

Tsukasa: Roxy what was your favorite monster we took down?

Roxy: That's a really tough one. But they were all deadly.

Me: I liked facing the Worms. I got to take off my heavy jacket and show how fast I am without it on.

Tsukasa: That is awesome.

Nico: I liked facing all of them.

Me: What can I say? Nico can't just pick one. It's awesome.

Nico: Yep and it's true.

Tsukasa: That was awesome still.

Me: In fact the 17 Kamen Rider Missions we had in July and August were all awesome and the best ever.

Qin: Those were so awesome.

Camie: They sure were.

Me: And Tsukasa you were the first of the 13 days of Riders.

Tsukasa: That's right we sure were.

Daiki: So awesome.

Tsukasa: Now, we just have to recruit Agito, Dragon Knight, Faiz, Blade, and Revice next year.

Me: Boy that will be so awesome. Darn shame Ryuki is not gonna be with us though.

Nnico: Yeah no kidding.

Lana: But I loved all the Kamen Rider Missions.

Varie: They all were so much fun.

Himiko: Yeah they sure were.

Misty Tredwell: I loved all of them. Especially the Saber mission.

Me: That was my favorite Misty because of the Wonder Ride Books.

Laney: Those were awesome.

Roxy: Sure, the Ryuki Riders won't be with us. But their American counterparts will be.

Me: That's considered the next best thing. Cool.

Nico: Yeah.

Tsukasa: Yeah. I can't wait to see who gets bonding time next.

Me: Well it's gonna be W next so Nuju and Philip & Shotaro next.

Nico: You're catching on J.D.

Hunter: (German Accent) Oh ja. Und I'm really looking forward to this too.

Me: Yeah we all are Hunter.

We got all of the food ready and everyone then came.

Maria: Looks like everyone's here.

Me: Yep they sure are.

Camie: This is gonna be awesome.

Qin: The 2nd Anniversary of the War With The Royal Defenders.

RD Me: Hard to believe its been 2 years since you guys stopped my friends in our universe.

Ed Cowart: It sure has been that long hasn't it.

RD Lincoln: No kidding there.

Dark Spicer: It all started when J.D. was looking online.

Me: Yep. I was looking up stories on the internet when I stumbled onto the Royal Defenders.

FLASHBACK CHAPTER 1129.

At the estate, I was looking up stories on the internet and I was looking at something really interesting. It was a story about the Loud House in a parallel universe and as I read I thought it was very interesting. But as I continued to read, what I saw was shocking! The Loud Kids on that universe were in every way like The Justice Lords and they were demoralizing heroes at a rapid level and robbing them of their reputations and dignity. But they weren't called Team Loud Phoenix Storm. Instead they were called the Royal Defenders and me, Nico and most of us were not affiliated with them.

Me: HOLY SHIT! GUYS! Take a look at this.

Nico: What is it?

Me: Read this.

Nico and everyone read what I saw and they were shocked and enraged and horrified.

Nico: WHOA! We better call the Masters of Evil about this.

Me: Yeah.

---

20 minutes later, the Masters of Evil were all called into the estate.

Dark Spicer: Can you guys tell us why you called us here? It sounded urgent.

Harley Quinn: Darky, it's plenty urgent.

Me: Look at this guys.

They all looked at the screen and they saw a fanfiction written by heavy5comando and what they saw made their blood boil.

Dark Spicer: The fuck is this?!

Me: A window into a parallel universe where an alternate version of us hates heroes and disgraces them.

Firefly: You sure? Because there are alternate versions of Optimus and Ben fighting alongside those versions of Lincoln and the others.

Me: I'm dead serious. Keep reading.

They kept reading and they saw that I was right.

They saw that the Louds called all the heroes big disgraceful freaks and they have no hope of becoming true heroes like themselves and are the worst ever so called heroes ever.

Electro: Those versions of Webhead, Optimus, and Ben are helping those Royal Defenders in their Regime?!

Me: Yeah.

Vypra: How cruel can those versions of you get!?

Carly Carmine: Terrible! Those versions of you are not heroes!

Misty Tredwell: They are more like disgusting jerks!

Me: You said it.

Zs'Skayr: (to Ben) I guess there's one version of you that's fallen from grace.

Ben: Yeah.

Laney: That version of my family gives heroes everywhere a really bad name.

Vexen: Show us one hero they've demoralized.

Me: They demoralized Ben, Optimus Prime, the Kids Next Door, Luke Skywalker and countless others.

I showed them all. It was a really long list of heroes.

Lana: WHOA!

Nico: That's a lot of heroes!

Xaldin: But Ben and Optimus eventually joined their twisted cause.

Me: They did and It's despicable. These versions of the Louds are tarnishing the name of good heroes everywhere.

Nico: Yeah we need to go stop them.

Greiger: How about we wait until your forces have increased?

Me: Good thinking Greiger. They have a huge force and we're gonna need a lot of help. We need to expand our forces exponentially.

Devon: (to Vypra) Can't believe I'm saying this but I hope you bring back Blaze and Roxy's robot clones for this.

Vypra: I will.

Steel: Heck, even Evox would be useful for this.

Nate: That's not a good idea. Evox would destroy both sides.

Me: I agree. Evox would destroy us all with any chance he got. Same with Venjix even though they are one in the same.

Will Vandom: Of course, if you bring back Robo Blaze and Robo Roxy before we confront the Royal Defenders, we'll need to find archenemies for them.

Vypra: Okay.

Shiv: (trying to lighten the mood) At least we know what you guys look like as tyrants.

Me: I guess this is what Justice Lord Superman was talking about and what would've happened if we did what he and the Justice League did.

Superman: Deja Vu.

Captain Cold: Looks like their Luna and Lincoln are the ringleaders.

Luna: Harsh!

Lincoln: I can't believe I would become like that.

Hydro Man: And all because of that bad luck incident in their world.

Me: Oh shit. Their version for Lynn really went too far.

Lynn: I can't believe I would let it get out of hand like that.

Luna: I know I can be protective of Lincoln. But to go this far?

Lynn: And I was the catalyst that put their world into oppression.

Shiv: (Pats Lynn on the back) Luckily it didn't happen here. That nightmare you had really set you straight.

Lynn: That's not enough! What if you really do go back to how I used to be and cause what happened there on this world? (sighs) It's best if you guys stay away from me from now on.

Me: Lynn don't say that! What happened in that universe didn't happen in this universe because of your love towards your siblings and Lightning.

Lightning: That's right babe. You are the best thing that's ever happened to your family and you are a strong spirited girl with the power to achieve awesomeness. Sha-Blam!

Lynn: You're right. Thanks guys.

Optimus Prime: They even had their version of me kill humans. All because that version was betrayed by the humans of his world as well as the temporary deaths of his Autobots.

Me: Like in Transformers The Last Knight.

Nico: Huge Deja Vu.

Lori: And then there's literally about what's going to happen to their version of Aunt Ruth!

Me: She went from a sweet old lady to a rampaging tyrannosaurus. I know it doesn't make sense but that was the best I could think of.

Lori: True. But that is literally a good way to put it.

Lola: And then there's the fact that the bad version of Luna's going to take her soul at the end of July on their world!

Luna: I would never do that!

Hydro Man: I'm glad you won't.

Me: No kidding.

Lord Drakkon: What the Loud Kids are doing in their world makes Lord Zedd and Rita Repulsa look like saints.

Me: Good comparison.

Vert: Even Krytus would be disgusted. And he was out to conquer the multiverse!

Lana: I can tell.

Stanford: Maybe we should go to their world when the time comes and Hakai every last one of them!

Me: No Stanford. Those versions of the Loud's are kids and it goes against our code. So we'll lock them up in the S.H.I.E.L.D. Prison system after we strip them of their powers.

Zoom: Besides, if we stop to Hakai one of them, the others will gang up on us and kill us easily.

Me: That's right. Our best chance is to gather them all in one spot and strip them all of their powers in one fell swoop.

Yusei: There's also there other powerful allies. Like that Hollow guy.

Me: Yep. And they have many more in their forces. We're gonna need all the heavy fire power and help we can get.

Numbuh 1: They probably don't have the Kids Next Door helping them in their world. We all saw that their Lincoln threatened them when they tried to make him their new leader.

Me: Not cool. The Kids Next Door in their universe are gonna need the help of the Kids Next Door with us.

Numbuh 1: I can do that.

Me: The Adult Villains would hate the Loud Kids for this. We can't let their oppression go unpunished.

Maria: What's next? Are they gonna take out their Static and Lyoko Warriors as well?!

Me: Lets see here. I hope not.

Dante Vale: I think we may have to consider that those versions of you are past the point of no return.

Lincoln: I agree!

Lisa Loud: They are monsters.

Me: Yep.

Carmen: Sis, I'm scared. What if those jerks come here?

Maria: I don't think they will Carmen.

Me: It says that they don't even know about us.

Captain Cold: But we know about them now. They even roughhoused a kid named Penn Zero all because he accidentally took over the other Lincoln's body for a few minutes. Poor kid.

Me: Yeah. Poor kid.

Cornelia: It even shows Rusty (blushes) accidentally slapping Girl Jordan's butt after a routine dodgeball victory.

Girl Jordan: What!? (Growls at Rusty)

She kicked him in the crotch!

Me: (Winces) OOOHH!

Duncan: Right in the kiwis!

Irma: And then after, it shows Rusty accidentally slipping pulling off Linka's shirt by mistake.

Linka: He did WHAT!?

Linka then jumped him and smashed his brains out in a brutal fight cloud!

Skywarp: But that was in that universe. I know Rusty wouldn't do that! (to Rusty) Right, Rusty?

But Rusty was extremely mangled up

Skywarp: Rusty, please nod your head yes or shake your head no to my question.

He nodded.

Me: Holy Shit! Linka thrashed him into pulp!

Sakura Haruno: And I thought I was that vicious whenever Naruto did something pervy.

Lincoln: That's nothing. When Lady Hokage caught Master Jiraiya peeking on her, she totally went ballistic and pulverized his brains out.

Me: It's true. She just wailed on him like a thousand stampeding bulls.

Thundercracker: Think that's bad? Lincoln in that universe beat that version of Rusty up so harshly!

Me: Geez! So it's not just the girls that hate Rusty.

Lincoln: But I would never do that to one of my friends. Especially to someone I know like a brother.

Electro: Is this how they treat their teammates if one of them steps out of line for even a second?!

Me: Yep. In that universe, we aren't there to keep them in line like me, Nico and everyone else.

Aerrow: There's only those Neil, Gyro, Jack Cyber, and Hollow guys that keep encouraging this behavior!

Me: Looks like we have to kill them. But I do have some ideas on how we can ruin them. We can Incriminate them to make the public see them as villains and cut ties with them. Create an Ultron virus and destroy their technology. Use the God of Death to defeat their demons, his name is Greg. He has absolute rule over the living and dead no matter what universe. He hates it when people disrupts his balance of life and death. Or Use the opposite element on the elemental characters. What do you guys think?

Iron Man: There's no way Ultron would willingly give us a virus to use.

Me: Okay so that's out.

Stewie: But I should be able create a virus that can destroy their technology anyway.

Me: Okay. It says here that they have advanced technology and we can't let them see us coming.

Bane: (Spanish Accent) Good plan amigo.

Valon: (Australian Accent) Right on mate.

Vexen: They also don't seem to have powered up angel forms.

Me: So their power is substantially weaker than ours. Good. It'll be easy.

Leonard: They don't even have wings at all.

Me: They might have jetpacks.

Star Butterfly: That could be the case.

Marco Diaz: Yeah.

Me: It also says that their version of Lincoln has Girl Jordan as hus girlfriend.

Laney: Really?

Me: Yep. G.J. do you have a crush on Lincoln?

Girl Jordan: (Blushes) Yes I do.

Me: Aww.

Hydro Man: Sure their Luna also has a Luna Frost form. But that and demonic powers are all she has.

Me: Terrible mix.

Luna: Yeah dude.

Firefly: You sure I can't kill her? Because I can easily melt her with my heat lasers. Plus, they might not have any code against killing kids.

Me: No Garfield. They may not have our code but we will NOT resort to killing kids ever.

Firefly: (Grumbles)

Vexen: Can I at least make her suffer before knocking her out?

Me: That you can still do.

Vexen: Good.

Hound: Vypra, plaese tell me you have those contingency plans for the Loud Kids in case they go rogue!

Vypra: We sure do.

Dark Spicer: I think that will be it for now. I need to go drinking to deal with what I just learned.

Me: We have plenty of soda In the fridge.

Dark Spicer: Thanks, man.

Dark Spicer went to go get one.

Me: (Eyes glow red) Look out Royal Defenders, your days of torture are numbered.

Drag Strip: Yeah! (concentrates)

Nico: What are you doing?

Drag Strip: Trying to make my eyes glow red with righteous fury as well.

Nico: I think only J.D.'s able to do that.

Me: Yeah. I only have that kind of power.

FLASHBACK ENDS

Nico: I remember that. That was intense.

Homer: Yeah it sure was.

Varie: And that was when we decided to declare war on the Royal Defenders.

RD Lincoln: So it all started with you guys finding out about us online?

Me: Yep.

Qin: Crazy huh?

Miku Yuuki: It sure is.

Robo Roxy: Me and Robo Blaze ended up being involved after our debut.

Me: You sure did.

Varie: That was during my Detective Story. It was during the Case of The Pink Eyecrust Apple Crumble.

Numbuh 2: UCH! That was disgusting.

Vypra: That was cool though.

Nico: It sure was. And Varie did a great job in that one.

Qin: Yep.

Me: But we did a lot before the war began. And I had to get a lot of advice from tons of people. But the one that really helped us the most was Amanda Waller.

Ms. Waller: It's true. J.D. was under a lot of pressure. So I helped him out to help you out.

Nico: That's true.

Me: Also it was during the battles we had with the Shadow Riders that we got the secret on how to stop the Royal Defenders. It was all right here in Professor Banner's Book, the Emerald Tablet.

Waller: Me and Ed made some countermeasures against the Royal Defenders.

Ed Cowart: We sure did and they were all really helpful.

Me: And it was so amazing that they worked very perfectly.

Vince: The scariest part was where we learned that we had to fly through the Warp in order to get to the universe of the Royal Defenders.

Camie: That is really scary.

Lola: It sure was.

Eli: That is amazing.

Me: But it was awful that we found out some things that lead up to many adventures where we had future missions with you guys.

Twilight Sparkle: Yeah no kidding there.

Penn Zero: That is crazy.

Phineas: Yeah.

Red X: Me, Eccentro, Atomic Skull, Skulker, Beautiful Gorgeous, and Ghost were involved as well.

Me: You sure were. That was so awesome though.

Nico: Yes it was. In fact many of you that haven't joined the Masters of Evil weren't with us when the War broke out.

Ryugu Tamatebacco: Hey yeah that's right!

Count Nocturne: Boy lots of things happened back then.

Me: But the shocking part of all that was that the Royal Defenders recruited Bill Cipher into their ranks.

RD Me: Yeah and to be honest I was completely against that and that is what lead to me being locked in a power neutralizer crystal prison.

Nico: Wow.

Me: That's intense.

Nico: When it was time for the war, we wasted no time kicking butt.

Me: No we sure didn't. The battle got underway that very second and we really let all hell loose.

Nico: It was really epic.

Me: I counted 61 battles altogether in that entire war.

Qin: Yeah.

Himiko: Wow! 61 Battles!?

Kaina Tsutsumi: That is incredible.

Misty Tredwell: It was awesome.

Evil Koko: That is amazing you all went through all that.

Wendy Sapphira: Yeah that was intense.

Laney: It was Wendy.

Dark Spicer: Me and Eddy displayed good teamwork in days before the war. But our teamwork REALLY shined on that day.

Eddy: But when me and Dark fought RD Leni, we found out something… shocking.

Dark Spicer: We found out that the Royal Defenders put servitude chips on Twilight's friends in that universe.

Sunset Shimmer: Oh man! I heard about that!

Qin: That was insane!

RD Lincoln: And looking back we were really stupid to do that.

Xenia: Boy no kidding.

Fu: Yeah.

Robo Blaze: Me and Sora faced Bill Cipher from the RD World.

Sora: We sure did and we banished him to the Warp.

Me: That was awesome and the most amazing out of all those battles.

Qin: Thank goodness he's gone.

Me: But there is a possibility that Bill Cipher will return. And if he does we'll give him the black gates.

Sora: We sure will.

Discord: But that was really amazing that you all destroyed him.

Nico: It sure was.

Camie: What is Bill Cipher?

Me: He's a living Illuminati.

I pulled out my wallet and showed a dollar bill and the pyramid on it.

Me: He looks like that. He was a living Illuminati and he was a deity of evil.

Camie: Oh. I get it.

Kairi: Me and Dr. Light faced the Disk Wars heroes from the RD world.

Dr. Light: We sure did.

Me: I just can't believe that the Royal Defenders had the gall to condemn the use of the DISKS.

RD Lincoln: No kidding. We were completely wrong about them.

RD Me: Yeah. I thought they all were amazing.

Me: Glad you and I agree on that.

King Hiss: Me and Leni fought RD Randy.

Leni: That was totes fun.

Me: All of us fought really well against all the Royal Defenders. But the greatest act of selflessness we've seen was when the RD version of Ben turned into Alien X to make the Ultimate Sacrifice and reset the entirety of that universe at the cost of his and everyone's memories of the Royal Defenders.

Ben: That version of me is a hero.

Me: A true hero.

RD Me: And thanks to that act of sacrifice I was set free. Then I later came to this universe to help you.

Nico: You sure did. And we later found out that the Royal Defenders were all under the poisonous influence of Sindri Myr.

Vypra: That was so strange.

Hunter: Ja. Und you all saved the Royal Defenders.

RD Lincoln: I can't believe we were like that.

Laney: No kidding. At least I wasn't in the Royal Defenders.

Me: Yeah. But AFTER the War we met the recruits of the Royal Defenders and now they are all part of the team.

Nico: That is true.

Maria: From that point, we visited our versions of those controlled.

Me: We sure did.

Eli: I think it's so awesome. We met the heroes of Remnant, Twilight and friends, The Superdudes, The Disk Wars heroes and so many more. That is so awesome.

Twilight Sparkle: That is so amazing.

Me: It sure is. And we took down numbers of their major enemies.

Ruby Rose: And became part of the greatest force in the universe.

Qin: And Lincoln has many awesome and great girls with him too.

Sunset Shimmer: That's true.

Tracer: (British Accent) Don't forget my team and Randy's.

Me: And Penn Zero, Phineas and Ferb and so many others as well.

Phineas: Yeah that is cool.

Nico: Overall, that war was one of our most unforgettable.

Me: That's true. And in less than a month we're soon going into another war.

Qin: Yeah with Evil Starlight Glimmer.

Me: Yep. And later on we're going to face The Storm King for Number 3 of the Guardians of Harmony.

Lola: Yeah.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was in the vision: the figure was none other than The Storm King, and after he'd seen what we did to Ripto, Crush, and Gulp, he's furious, and now, he's coming here to get revenge on us. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is The Storm King on the move?

Lincoln: You guessed it, Nico, and he's furious that his plan to get rid of us when he brought back Ripto, Crush, and Gulp was foiled, and now, he's coming here himself to get revenge on us.

Helen Anderson: So, the third of The Doomsday 23 is none other than The Storm King, the monster who terrorized Equestria. We'll make him pay for his crimes for terrorizing all of Equestria.

Tempest Shadow: And there's no doubt he also still wants revenge on me for turning my back on him. But, I severed my ties with him long ago and rebuilt my friendship with Twilight.

Twilight Sparkle: That's right, and Helen, Applejack, Lincoln, I only have this to say to you three: show that monster no mercy whatsoever.

Applejack: Don't you worry, Twilight, we won't show him any mercy whatsoever.

Lincoln: Yeah, we'll show him the true fury of the storm of honesty.

Nico: Yeah, that's what I like to hear. Alright, gang, let's go put an end to The Storm King once and for all.

We went out to finally confront The Storm King and put an end to him once and for all.

At a meadow we waited.

?: I will make every last one of you ponies pay for ruining my plans to terrorize all of Equestria!

Twilight Sparkle: I should've known there's no mistaking that voice from anywhere. You can come out now, Storm King.

A figure came out, and it was none other than The Storm King, the monster who terrorized all of Equestria, and he has his own Staff of Sacanas.

Tempest Shadow: I should've known you'd one day return, you power-hungry monster.

Storm King: I have no words to even say to you, traitor. Storm Creatures, bring me their heads!

The Storm King's army of storm creatures went after us, but Lincoln summoned a powerful storm and it rained down powerful rainbow super lightning which electrocuted the storm creatures and Lincoln absorbed them and he gained a massive power boost and the lightning also electrocuted The Storm King. This angered him and he fired a blast of lightning from his staff, but Helen Anderson blocked it with her gold Elemental Shield of Harmony.

Storm King: Who do you think you are, mortal, to stand in my way?!

Helen Anderson: Someone who refuses to stand here and let you hurt my friends. (Orange Energy aura flares up) I am Helen Anderson, The Champion of Applejack, The Alicorn Princess of Honesty and one of the 27 girls chosen by The Elements of Harmony to be The Element of Honesty.

This horrified The Storm King greatly.

Storm King: Impossible, The Champions of Harmony have returned?!

Helen Anderson: That's right, and I've had it up to hear with you to last an eternity.

Suddenly, Helen Anderson's green eyes turned neon green, and she was surrounded by an orange energy aura with Earth, Alicorns, Magic, and Apples, she unholstered her massive Sword of The Champion of Harmony from her back, and as she approached The Storm King, she left orange energy, Earth, Alicorns, Magic, and Apples with every step.

Helen Anderson: Storm King, I will never forgive you for what you've done for the terror and havoc you've caused to Equestria and to all ponies in your path, and what you did to Twilight Sparkle and her friends and to Tempest Shadow, that's crossed a serious line, and as The Champion of Honesty, I hereby sentence you to death for the crimes that you've committed!

Suddenly, Helen Anderson was surrounded by a massive vortex of orange energy with Earth and apples surrounding it, there's an Alicorn flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Helen Anderson emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Helen Anderson grew to 6'11" in height, she has the body of a goddess, she has apple red highlights in the bangs of her long blonde hair and her cowboy hat with apple buckle on it, she has neon green eyes and an orange energy aura with Alicorns, Magic, Earth, and Apples surrounding her, she has an Alicorn with the Earth Kanji and an Apple on its horn emblazoned on her forehead, she has on Alicorn earrings with green gems for eyes and holding the Earth and Eternity Kanjis in its hooves on her ears, she has on her Crystal Necklace of The Buddha with orange gems on the gold apple-shaped links and green crystal links and an orange Alicorn-shaped Element of Harmony and on the bottom of The Element of Harmony is an Alicorn with orange gems for eyes and holding the Earth and Eternity Kanjis in its horn for the pendant. Helen Anderson has on a sleeveless open blue vest, sleeveless orange closed blouse, orange skirt, orange pants, brown knee-high boots, and long orange sleeveless trenchcoat with Earth and Apples on the coattails, and on the back is an Alicorn surrounded by Earth and Apples and right on top of its horn is The Elements of Harmony. Suddenly, Helen Anderson felt a sharp pain on her back, and then, massive blonde angel wings with orange tips on the feathers, grew and sprouted out from her back. Helen Anderson has on her Ring of the Phoenix with large orange gem on her left ring finger and Green Lantern ring on her right ring finger.

Suddenly, Helen Anderson's massive Sword of The Champion of Harmony and all of the swords she'd gotten began merging together, and they were surrounded by a kaleidoscope of orange energy, apples, earth, Alicorns, and magic, and when it emerged, it was transformed into Applejack's Alicorn Greatsword of Earth Honesty and Apple Justice, it's a brand-new massive greatsword with a 7'0" massive, wide, double-edged orange blade with the cutie mark of Applejack, apples, and Earth etched on the blade, large yellow Alicorn heads for the crossguard, large orange gem embedded in the rainguard, longer black handle, and large yellow Alicorn heads with orange gems for eyes and a large red gem on the bottom of the heads for the pommel, she has on her large gold cuff Bracelets of The Champions of The Universe with green gems on her wrists, her new Belt of Elemental Bravery with an Alicorn for the belt buckle and green gems for the eyes and a large green gem in its collar for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a yellow kanji below the Alicorn that says, "Helen Anderson, Champion of Applejack, The Champion of Honesty, Apple Farmer from Texas, One of The Twenty-Seven Champions of Harmony, Destroyer of The Storm King and The Doomsday 23, Defender of Equestria, Ponyville, and Canterlot, Member of The Knights of The Friendship Table, and Master of The Powers of Earth, Apples, Magic, and Honesty"

ヘレン・アンダーソン、アップルジャックのチャンピオン、誠実さ

Helen Anderson has transformed into SUPER ANGEL-ALICORN ETERNITY INFINITY APPLE ORCHARD ALICORN ANGEL OF ETERNAL HONESTY AND ETERNAL APPLE LOVE!

We were amazed by Helen Anderson's Super Angel-Alicorn Eternity Infinity transformation, but when The Storm King saw it, he flew further into a rage, but before he could attack, Helen fired a powerful orange energy blast with earth, apples, magic, and Alicorns, and it hit him and he hit back first into a wall, but he wasn't out.

Nico: Whoa, now Helen Anderson's transformed, awesome!

Ken Knudson: Now, the third Champion of Harmony's transformed, awesome.

Helen Anderson: (Divine Echoing Cosmic Voice of The Apple Earth Alicorn and Divine Honesty Love) You guessed it, Ken. Applejack, Lincoln, you guys ready?

Applejack: We're ready, Helen.

Lincoln: Let's get him.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, Applejack transformed into Super Angel-Alicorn Eternity Infinity Apple Orchard Alicorn Angel of Eternal Honesty and Eternal Apple Love and she unholstered her massive Applejack's Alicorn Greatsword of Honest Apple Bravery, and they joined Helen Anderson.

Applejack: (Divine Echoing Cosmic Voice of The Apple Earth Alicorn and Divine Honesty Love) Your days of terrorizing all of Equestria are over, Storm King.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Because, we're going to make you pay for everything you've done.

Helen Anderson, Applejack, and Lincoln went after The Storm King, and they fired powerful blasts of rainbow energy, orange energy, apples, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at The Storm King, and they exploded with incredible power as they hit him, and he was being burned badly by The Magic of Friendship. Then, they attacked him with their massive greatswords and they left painful scars on him, and because of the purity of the attacks, it burned him badly, and the wounds he suffered would never heal.

Then, Lincoln disarmed The Storm King of his Staff of Sacanas, and suddenly, the large rainbow gem embedded in his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds glowed and it absorbed The Storm King's Staff of Sacanas, and it gave Lincoln's massive greatsword new powers and abilities, and Lincoln fired a powerful barrage of extremely powerful bolts of rainbow super lightning from swings of his massive greatsword at The Storm King and they electrocuted him with extreme fury and it completely fried The Storm King's nervous system.

Nico: Whoa, that barrage of rainbow super lightning completely fried The Storm King's nervous system.

Me: Alright.

That allowed Helen Anderson, Applejack, and Lincoln to finish The Storm King off by firing powerful energy beams and they overwhelmed The Storm King and they exploded with incredible power, killing her for good. We cheered wildly for what Helen Anderson, Applejack, and Lincoln did to The Storm King as they holster their massive greatswords on their backs and power down, and Helen Anderson's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Then, as The Storm King's spirit appeared, the cutie marks of The Mane 9 on the massive Celtic Cross cutie mark tattoo on Lincoln's wider and more muscular back glowed, along with the cutie marks of The Mane 12 and the Elements of Harmony on my sword, and The Storm King's spirit was surrounded by a magic circle with the cutie marks of The Mane 12 that formed on the ground, and he was chained up by chains of magic and rainbow energy, and the energy images of The Mane 12 appeared from the cutie marks on the circle, and they found him guilty of him crimes, and the energy images of The Mane 12 aimed their horns at The Storm King and Lincoln aimed his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds at The Storm King.

Lincoln: Storm King, for the multitude of crimes that you've committed against Equestria and all ponies, you have been found guilty, and the punishment for your multitude of crimes is death.

This horrified The Storm King, as he soon saw his days of havoc and chaos are about to end.

Lincoln: MANE 12 HARMONIOUS CUTIE MARK FINAL JUDGEMENT!

Lincoln fires a very powerful barrage of rainbow energy beams with Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels from his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds and the energy images of The Mane 12 fired colored magic energy beams from their horns, and as they hit The Storm King's spirit, they exploded with incredible power and his spirit was then condemned to The Black Gates, and his spirit was erased from existence by the spirits of those he's hurt.

Helen Anderson: YEEHAW! Storm King, you have failed all of Equestria!

Applejack: He's been asking for this for a very long time. And thank you for helping us take down and destroy The Storm King, Linky.

Lincoln: (Smiles Warmly) You're welcome, Applejack.

Suddenly, Applejack wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Applejack's face, they kissed passionately as Applejack's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Alicorn, and Angel flying in the air, and we saw a herd of Buffalo running across the field, along with elemental forces and apple trees growing around them and we all cheered wildly.

Me: And that's the third of The Doomsday 23 put down for good, and we've got 20 more to go, and now, we're heading to the world of Solid Snake for Irma's special mission.

Irma: You said it, and I can't wait to see Snake again.

Me: And take down one of their big bad enemies.

Lincoln: Along with another member of The Doomsday 23, and if I may take a guess, the next member of The Doomsday 23 will be The Diamond Dogs.

Rarity: Those greedy dogs will no doubt want to kidnap me again and get more jewels.

Celine Giachi Lorres: They sure are greedy alright.

Lincoln: If those mutts lay so much as one paw on Rarity, I'll break their necks and drain them dry of every last drop of blood. (Deep

Sapphire Blue Eyes Turn Blood Red) (Roars)

Nico: Uh oh, those Diamond Dogs now have a shadow of death looming over them tomorrow.

Me: And their names are Celine Giachi Lorres, Rarity, and Lincoln Loud.

Maria: Nico, which Gene Slammer do you think you'll meet next?

Nico: I was wondering when you were gonna ask that. I'll do one for Lady Ninja Yae.

Yae: Wow my Duel Monster counterpart. That's a good idea.

Nico: It sure is.

Qin: I like it.

Nico: Yep. Now we can get ready for seeing Snake and Quiet.

We later enjoyed the rest of the day and went to sleep.

It was gonna be so awesome and cool.

Me: The next rescue is in the world of Chrono Trigger. Awesome.

Camie: Wow! Lucca your home world is absolutely incredible.

Lucca: It sure is. I think it's really awesome to be back home too. Especially after everything we went through with Lavos and

everything.

Camie: Who is Lavos?

Me: A Parasitic Extraterrestrial Cataclysmic Monster.

I went over his history and it was horrible.

---

Lavos (in Japanese: ラヴォス Ravosu) is the main antagonist of Chrono Trigger. It is an alien parasite which crash landed in the year 65,000,000 B.C.

It was named "Lavos" by Ayla, a word she made up from the root words "La" meaning "fire" and "Vos" "big" in the Iokan language. Lavos' true name (if it even had one) is unknown.

Lavos has three different forms. The first form is the outer shell, which resembles the Peluda, a mythical beast in French mythology. The second form consists of a large humanoid form with two arms. The third and final form is Lavos Core, consisting of three parts: a humanoid center, and two floating 'bits'. Apparently, the absolute core of Lavos is one of these bits, since it can revive its other parts and destroying it defeats Lavos.

After its defeat, the original timeline Lavos is cast into the Darkness Beyond Time, where it merges with Schala to become the Dream Devourer. This merged entity would later mature to become the Time Devourer, the true overarching threat of Chrono Cross as it sought to consume all of spacetime and thus end the multiverse. Balthasar manipulated events in such a way to allow for Searge and his friends to obtain the titular Chrono Cross and finally kill Lavos.

Lavos felt on Earth in the year 65,000,000 B.C., quickly digging its way through Earth's subsoil. There it resided in order to store power, until in 1999 A.D., it raised to the surface and released all of his power, destroying the planet completely. Then it started spawning its offspring, who would continue the cycle.

Lavos came to Earth with the intention of draining its energy so that it could produce genetically enhanced spawn, which would then continue the cycle on other planets. In the North American version of the game, it is claimed once in the series that Lavos directly influenced all technology and life on the planet, evolving the planet's life forms to cultivate it, and make itself stronger. However, the line is absent in the Japanese version. In the original timeline, Lavos slept for millions of years, gaining power until 1999 AD, when it emerged and put the world into an apocalyptic state. However, because of the interference of many of the characters, he was summoned at two other points in time-12000 BC and 600 AD. While traveling in 2300 AD, Chrono, Marle and Lucca see a video of the Day of Lavos which occurred in 1999 AD, and decide to prevent it somehow. Magus is also after Lavos for destroying his home era of 12000 BC.

While the natural "dreamstone" is a substance responsible for the first evolution of human beings from animal apes to sentient creatures, it is revealed in Chrono Cross that Lavos is responsible for the creation and advancement of the actual modern human species. Upon impact, a splinter of Lavos's shell broke off. This becomes the focal point of Chrono Cross, the Frozen Flame. Lavos is also the final boss in Chrono Cross, except in the form of the Time Devourer, the result of the defeated Lavos assimilating Schala in the darkness beyond time. Using the eponymous Chrono Cross, Serge successfully separated Schala from Lavos, and destroyed the parasite once and for all.

Overview

Lavos has an outer shell that resembles a cross between an ant and a sea urchin. This shell is incredibly tough, and considerable force must be used to crack it open. The shell is capable of projecting plasma beams, and can store enough energy to cause a nuclear winter. In the middle of the shell is an eye, where Inside the shell is a cave-like structure that emits faint green light. At the core, there is a creature resembling an astronaut at a desk, which presumably is spawned along with the rest of the body and lives its entire life within the outer shell; this is the true Lavos. Despite its appearance, it is incredibly potent in combat, capable of projecting potent laser beams from turrets in the ceiling as a defense mechanism.

Lavos burrows into the core of a world once it lands on it. It continues to absorb the planet's energy and direct evolution to the point where the inhabitants can create massive power plants, such as nuclear reactors. With this jump-start, it kills all or most of the inhabitants by making the world uninhabitable. It then moves to a point on the surface closest to space, and churns out babies, much like a female rabbit or gerbil (only asexually). These young Lavos can move through space without any mechanical assistance; although the species appears to already be biomechanical by nature.

When I was done everyone that hadn't heard about it was shocked and horrified.

Camie: That is terrible!

Laney: We were shocked ourselves.

Applejack: No kidding there. That was awful!

Qin: Yeah.

Lucca: You got that right.

Nico: Thanks for coming with me, Lucca.

Lucca: Anytime Nico. It's so awesome to go with you on a rescue. First I went with J.D. and now you.

Qin: This is gonna be so awesome having the rescue in the world of Chrono Trigger.

Me: But you guys don't have to worry about Lavos. I used my power to banish him to the Black Gates.

Eli: Thank goodness.

Qin: Good riddance. But wasn't he banished to the Warp?

Me: Yes. But now he's in the Black Gates.

Qin: Good.

Nico: Lucca, when we first met you, I thought you were a boy.

Lucca: (GIGGLES) I get that a lot but yeah I do look like one. I assure you I am not a boy.

Nico: Yeah.

Me: But Lucca your building and inventive capabilities are absolutely incredible.

Lucca: They sure are. I love to build stuff.

Me: And your mastery over Fire is awesome.

Lucca: It sure is.

Nico: I'm sorry. It's just that your name doesn't sound feminine.

Lucca: I know. But Lucca is for either gender.

Nico: Good.

Me: Yeah. And to think that this whole adventure with you started when Marle got accidentally sent 400 years ago into the past.

Qin: No kidding and then it evolved into a powerful Adventure to save the world from a Cataclysmic Apocalyptic Catastrophe.

Lucca: That's true. Hard to imagine and it was crazy how it would take us back and forth through the Space Time Continuum.

Camie: That is awesome.

Nico: And the ship you have is really cool. The Epoch. I like that name.

Lucca: It's really cool.

Me: A Time Machine Ship. That is so awesome.

Nico: We had a great party yesterday.

Me: We sure did.

Lucca: That war was a really intense one and it was an epic battle from what we heard.

Eli: It sure was.

Twilight Sparkle: Boy no kidding. I'm so glad that the Royal Defenders were saved from Sindri Myr's influence.

Camie: Me too. And so was so many people in that universe from his evil and the monsters he turned the Royal Defenders into.

Xenia: No kidding there.

Lola: Yeah. Thank goodness.

Varie: That was one of the most unforgettable battles we've ever had.

May: Yeah it sure was.

Nico: And it was all thanks to the Internet.

Me: Yep. It opened up a window into Universe 23 and showed us what was going on.

Qin: That's right. It sure did.

Starlight Glimmer: That is still so incredible that you all did all that back then.

Lola: No kidding Starlight.

Lana: Yeah.

Nico: We'll never forget that war.

Me: Nope. Never will.

Eli: That was awesome. (Senses Something) Uh oh. We got company.

Nico: What is it?

A figure came out of the forest and then we saw that it was AGENT ALPHA!

---

Alpha is the main antagonist of the 1997 TV series Men in Black: The Series. He was originally a founder of MiB and the former mentor of Agent K (one of the main protagonists of the MIB franchise), later becoming the arch-nemesis of Agent K and Agent J (the other main protagonist of the franchise).

He was voiced by the late David Warner, who also portrayed Ra's al Ghul in Batman: The Animated Series, Spicer Lovejoy in Titanic, The Evil Genius in Time Bandits, The Lobe in Freakazoid, Jon Irenicus in Baldur's Gate 2, Dr. Erasmus Pea in The League of Gentlemen's Apocalypse, Ed Dillinger, Sark and the MCP in Tron, and Nergal in The Grim Adventures of Billy & Mandy.

Between the 1950's and 1960's, Alpha helped form the organization MiB to monitor and police extraterrestrial activity on Earth, and has recruited many other agents, including Kay, to the cause. As the first Chief of MiB, he showed the ways to Kay. However, as time passes by, Alpha became corrupt and greedy, stealing a Cosmic Integrator, which was forbidden to be used in Earth for another thousand years according to MiB policy. He tried to get Kay to go with him, but Kay refuses to reject everything he taught him. Angered, Alpha shoots Kay, leaving him for dead.

For unknown reasons, Kay has survived being left for dead by Alpha, but this trauma has changed him into becoming the grouchy and humorless man he is. When this act of treachery became public to the MiB, Alpha was ousted from the MiB for his actions, leaving Zed to take over as the new Chief.

Branded as a criminal by his own organization, Alpha then goes into exile in outer space to avoid incarceration, and he spent 20 years searching the cosmos for the best alien parts. He would then use the Cosmic Integrator to put these body parts onto himself against the aliens' will. After these 20 years, Alpha came back, with only one thing in mind: revenge against the MiB.

First appearing in "The Alpha Syndrome", Alpha returned to Earth, and stole a Sintillian Heart from an alien at a Hotel. He stayed there disguised as a MIB Agent, meets Jay (claims to be Agent A), after telling Jay several things he asked him as he noticed he was K's partner if he was still Mr. Happy, Jay commented as if A was being sarcastic. MiB soon catches on of his presence, and despite Zed's warning, Kay and Jay go to confront him. They find him with the heart, and he reveals his new form. After this there is a long fight, in which Alpha shoots the heart, and then disappears. Alpha later kidnaps the same Sintillian which he stole the heart, intending to use the other heart.

Kay finds Alpha alone, while Jay and Elle try to find them both, with the help of Jeebs. Using technology from Jeebs, Kay sees a flashback of Kay and Alpha finding the Cosmic Integrator off of some dead aliens. After watching, Jay knows that Alpha is back where he was in the flashback. Once again, Alpha is trying to get Kay to join him, again to no avail. Kay then attempts to release gas that would only kill him and Alpha, while the Sintillian, on the other hand, can breathe through it. However, he is forced to relent when Jay and Elle arrive, unwilling to sacrifice their lives. Alpha takes Jay hostage, and Elle and Kay run away. While trying to get Jay to join him, Jay melts, revealing to be a Quick Clone, leaving behind a bomb. The distraction allows Kay to rescue the Sintillian before the bomb sets off, destroying the while building. Alpha then disappears, leaving the agents wondering about him.

In "The Heads You Lose Syndrome", Alpha was weakening horribly and his's alien attachments were falling apart. Alpha then forced Jack Jeebs to locate new replacement parts for him. After his attempt to steal a Gravalax arm, Jeebs told Alpha about Troy the Symbiote and how it could help him heal him and his attachment. After Jeebs gave MiB a "anonymous call", Alpha then separated Jay and Troy from Kay. Alpha then split Troy from Jay and then made Troy join him. Alpha and his attachments were then healed and he escaped to his secret lair. Alpha was then called by Jeebs about a special alien ship. When alpha got there he inspected the ship, but found out that it was trap by Kay and Elle, who are waiting for him.

Alpha then locked Kay and Elle in the ship and then glued Jeebs to the ship. Alpha then had the ship plot a crash course at Mount Rushmore. After the ship took off, Alpha then left. Alpha was confronted by Jay and Troy's mother.

Jay and Alpha fought each other. Just as Alpha was about to finish of Jay and Troy's mother, Troy started to become one with Alpha. Troy's mother then joined with Alpha, but when she did, not only was Alpha was losing control of his body, but the alien attachments are being healed and grown of new bodies. As a result of this reaction, Alpha and his alien attachments then exploded, leaving the aliens to finally regain control of their bodies. Jay then merges back with Troy and his mother to save them while the former alien attachments could catch Alpha and make him pay for what he did to them, only to find out that he has disappeared. Though Alpha lost most of his attachments, he was able to get new parts starting with a Gravalax arm.

Alpha then returned in "The Quick Clone Syndrome", where Kay and Jay found him in the sewers when Bobo the Squat found something that did not belong there. Alpha was in a alien cocoon. Alpha's appearance had become larger than before. Kay tried to neutralize Alpha, but was subdue by him. Jay then pulled out his noisy cricket, but was then revealed to be a quick clone. After it melted Alpha escaped. Alpha then returned and picked up what remained of the quick clone. In a secret lair, Alpha used one of his alien offspring and mixed it with what remained of the Jay quick clone. Alpha then sent the rogue Jay quick clone to retrieve "intelligence" from MiB. The rogue Jay quick clone returns with Zed's still alive brain in a jar.

Alpha tried to access information from Zed, but could only get his memories of *Old Yeller* . Alpha then took Zed to a museum to look at Artwork that contained alien secrets. Kay and Jay then arrived. While Jay battle his rogue quick clone, Kay took on Alpha. During their fight, Alpha almost dropped Zed brain jar. Fortunately, Jay was able to catch it. Alpha then cut Jay in half and tried to get Zed's brain. Jay was then revealed to be another quick clone. Alpha is then surrounded by a army of Jay quick clones. Alpha then escaped once again.

In "The Blackguard Syndrome", Alpha, working with Jeebs' brother, Dak, tried to take the MiB Blackguard Satellite. Alpha and Dak failed in this attempt and Alpha went down plummeting to earth.

In "The Cold Sweat Syndrome", Alpha merged with Dak and the two tried to raise an ancient alien ship out of the Arctic.

In "The Out to Pasture Syndrome", Alpha returned with more power, but is later beaten down by Jay, who finally destroys his ultimate body, leaving Alpha as a frail old man. Having lost his power, Alpha demands to be finished off, but the MiB refused to do so and instead have Alpha arrested and locked up in a detainment cell for life.

In "The Opening Gambit Syndrome", Alpha was asked how he stopped Vangus from destroying Earth 30 years ago. He provided Agent J of several clues regarding to the invasion that was prevented 30 years ago, but this was all part of a plan of manipulation, which lead to Alpha escaping from MiB custody and possessing cybernetic parts for his frail body, becoming a cyborg before reuniting with Vangus. It is later revealed that Alpha convinced Vangus to delay the attack on Earth for the next 30 years before he was kicked out from MiB. In the end, Vangus got caught by MiB, but Alpha escaped.

In *The Endgame Syndrome* (Parts 1 and 2), the series finale of the animated series, Alpha arranges for Vangus to escape from MiB custody and plots with him to take over the Earth of its oil supplies. Due to the threat of this takeover and the destruction of the United Nations building as a result, the MIB then decides to reveal themselves to the world in order for the governments and their alien allies a good chance to fight back. Alpha has now used the cosmic integrator to the max, not even resembling his human self. He now is massive, and has alien and robotic parts attached. In the final battle, Jay and Kay try to intervene by infiltrating into Vangus' mother-ship, but are captured. Vangus, frustrated with the difficulty involved in conquering Earth, elects to simply destroy it and plunder its oil resources. This leads to a fight between Alpha (who wanted to *rule* the world, not destroy it) and Vangus, who later sets a missile to destroy the Earth before escaping.

Jay and Kay realize that they cannot stop the missile and that Alpha is the only one who has a chance to stop it. Still wanting to rule the

Earth, Alpha agrees to disarm the missile to save the Earth using his cybernetic parts, taking on the thought of what happens if the MiB are to be living under his rule. He climbs down to the missile, but as he is working on disarming it, it launches towards Earth with Alpha still on it. Realizing that it's too late, Alpha accepts the fate that he and the Earth will ponder, stating that at least no one else will try to rule it. Fortunately, Jay and Kay shoot the missile just above the atmosphere, which causes it to detonate, finally destroying Alpha for good and saving the Earth.

Me: Alpha!

Eli: Not you again!

Alpha: Hello J.D., everyone.

Me: Been about a year since we saw each other.

Alpha: Indeed. How has the team been? I heard that Nico is now the new leader of the team.

Nico: That's right. Got promoted.

Camie: Who is he?

Me: He's Agent Alpha. He was the founder of Men In Black until he went mad with power and went rogue.

Alpha: I see you got some new recruits with you. I was around quite a bit and I returned after 20 years.

Nico: Lot of things have changed since then.

Camie: So what brings you here?

Alpha: That's right, you wouldn't know. I've done some personal re-modelings since me and K parted company and since me and the team first battled. These days…

Alpha took off his black tuxedo and tie and we saw a horrible and gross transformation! He had 6 limbs come out of his back. Two of those limbs were the heads of aliens and the rest were tentacles. His neck grew longer and his arms had spikes on them and he had 3 more alien hands and 3 alien mouth arms and 4 more tentacles come out of his chest! He was a grotesque mutant monstrosity!

Alpha: I'm fully loaded!

Many of us that hadn't seen what he became were shocked and horrified in horror!

Camie: What in the 9 Fucking Levels of Hells have you turned yourself into!?

Me: That was my first reaction when I first saw him become like this. We first faced him like this on Thanksgiving in 2019.

Kaina Tsutsumi: He's a total freak!

Tsuyu: This guy has really gone off the deep end!

Alpha: Deep space. I've spent 20 years traveling the cosmos handpicking alien anatomies surgically enhancing myself. Becoming more powerful than any one alien. Or human.

Me: Tell us something we don't already know. He has over 12,000 different aliens from all over the universe woven into him and he became like this through a powerful device called a Cosmic Integrator.

Camie: Geez!

Me: I know. But that's nothing compared to the number of aliens that the Thing had. It had over 10,000,000 aliens inside it.

Qin: Yeah.

Alpha: That is true.

Me: What brings you to the world of Chrono Trigger anyway? Preventing us from getting to something that you don't want us to get to?

Alpha: That is correct. There is a trial going on with Marle's father the king and I was sent to stop you from getting to it.

Me: I see. But just so you know we all have gotten stronger and more powerful than ever before.

I went Super Angel Eternal Celestial Xelnaga!

Me: (Divine Echoing Cosmic Elemental Voice of Hope, Friendship, Love, Valor and Justice) **What do you think?**

Alpha: Very impressive. You have achieved the Eternal Celestial Xelnaga form. I've heard many great stories about this form.

Me: **With your knowledge of space and the planets it doesn't surprise me one bit.**

Nico: Yeah.

Kaito: (gets out Abaranger gear) Doesn't matter what you've done to yourself.

Zocks: (gets out Dekaranger gear) Because you're under arrest!

Kaito got the Tyranno Staff and Zocks got an SPD Blaster.

Nico: Lets get him!

We powered up to the extreme and went at Alpha. I punched him in the face and he sent a Jamdabian Mouth at me and I dodged it and fired a powerful blast of energy and it hit it and blew it apart. But to our shock it regenerated back and I kicked him in the face and knocked him down. He sent two Linwistian Tentacles at me and Nico and we grabbed them and channelled electricity into them and electrocuted Alpha. Lincoln fired a powerful blast of lightning at Alpha and it hit him and electrocuted him. Laney and Lola fired a powerful blast of fire and burned him all over and Lana fired a powerful blast of ice lightning and froze some of his limbs off. Alpha fired a powerful blast of Exteremian Lightning at Lincoln from a mouth in his hand and it packed a 800 Quadrillion Volt wallop and he deflected it back and it hit Alpha and exploded. Himiko fired a powerful blast of lava at Alpha and it slammed into him and burned him all over. Nico took the Noisy Cricket and fired a powerful blast of energy and it hit Alpha's arm and blew it off. But the powerful recoil blew him into the air and he was flying. He stopped and used his strength to brace himself and fired multiple blasts and they it Alpha all over and blew him open. Alpha then went invisible. But I used my infrared vision and flushed him out and I punched him in the head and kicked him in the stomach and Alpha grew a Cryoxmanian Dragon and it fired a powerful blast of ice water at me and I fired a powerful blast of fire and the blasts collided and exploded. Eli slashed him with his Lightsaber and Alpha fired a powerful blast of light energy from a Fexporm Hand mouth. I deflected the blast back with my scythe and it hit Alpha and blew him into a rock. He splattered all over the place. But he regenerated and pulled himself back together. We were blasting him and smashing him all over the place with incredible power.

Camie blew an illusion and trapped him in an illusion of the Aurora and she punched and kicked him all over the place.

Sougo: (gets out Zi O II Ridewatch) Don't leave us out!

Geiz: (Gets out Vulcan Ridewatch) He can't regenerate forever!

Rider Time! (Sytheziser tone) Kamen Rider~! (Rider~!) Zi-O! (Zi-O!) Zi-O~! II!

Sougo got Zi O II armor while Geiz got Vulcan Armor.

Alpha: I see you guys have the Kamen Riders with you all. Very popular show from back in 1971.

Me: **They were also the Catalyst that sparked the Super Sentai Series back in 1975.**

Nico: That's right.

Alpha: I see. I also heard that you guys have been battling many unique frenemies.

Me: Yes we have. Why? Do you want to be part of the action?

Alpha: Only if you defeat me and lock me up in a Containment Card.

Me: **All right then.**

I fired waves of energy and blasted him all over.

Nico: Now for this! SPD MORPHER! JUDGEMENT MODE!

Nico pressed a button and a timer came on. 15 seconds later the Red X came on.

Nico: GUILTY!

Me: **Top this! DELTA BLASTER!**

I fired a wave of energy and it him and he exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was locked in a card.

Nico: Just as fun.

I picked up the card.

Me: **He'll make an awesome addition to the M.O.E.**

Lucca: Yeah it was. But we got to get to the castle!

Nico: Right! Lets go!

We ran to the castle!

We arrived at the castle.

Maria: Here we are.

We went in and went to the courtroom and saw it was guarded.

Lucca: We'll have to find another way in. Follow me!

We followed Lucca and we went around to the stained glass window.

Lucca: Okay here we are.

Me: **STOP IT!**

We then jumped and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the stained glass wall and a phoenix cry was heard and we landed in the courtroom.

Me: **This whole trial is a setup!**

Lucca: You tried this stupid plan before Chancellor!

Nicole: Yeah! Your little scheme has failed!

Nico: We know it's you and you can drop the act YAKRA XIII!

Yakra XIII: So you figured it out. Well if I can't avenge my ancestors the easy way I'll do it here and now-THE HARD WAY!

He got ready.

Yakra XIII: SUPER, ULTRA, PRESTO, TRANSFORM-O!

He was enveloped in energy and he revealed himself to be YAKRA XIII!

Yakra XIII (ヤクラ13世 Yakura Jūsansei?) is a boss in Chrono Trigger that appears in Guardia Castle in Present. He is the descendant of Yakra and wishes to get revenge for the defeat of his ancestor Yakra. He impersonates the Chancellor, much like his ancestor did.

Me: **Time for battle!**

I powered down!

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Nico went Super Saiyan 5 and Eli transformed!

Me: Your majesty, everyone, get somewhere safe! This is gonna get really ugly!

Lucca: Yeah! We don't want you getting caught in the fight.

The king agreed and so did everyone.

Me: It's over Yakra!

I fired waves of blue fire and blasted him all over.

Maria: You're dead meat!

Maria fired waves of water and blasted him all over.

Me and Nico: COSMIC WOLF FIRESTORM!

We fired a powerful blast of blue fire and energy and it hit Yakra XIII and burned him all over!

He then used Needle Spin Version XIII and I deflected the blasts back and they hit him and hurt him all over.

Lucca: Here we go! Eli this is gonna be awesome.

Eli: (Nods)

Lucca and Eli: COSMIC FLAME VORTEX!

Eli and Lucca fired waves of fire and they spun Yakra XIII in a massive and powerful tornado of fire and burned him all over.

Yakra XIII fired a powerful Miasma blast.

Me: Not this time!

I fired a wave of poison fire and the blasts collided and my blast overtook his and it hit him and poisoned him all over! It confused him! Then he used Needle Spin Version XIII and then it hit himself! OUCH!

May: That's gotta hurt!

Nico: No kidding there.

Me: Try this on! WOLF MOON FIRE STYLE NINJA ART: DEMONFIRE WOLF PACK!

I fired a wave of blue fire and it had the fires of hell in it and it formed into a wolf pack of fire and it hit Yakra XIII and burned him all over the place!

Qin: YEAH!

Camie: Top this one! AURORA STYLE NINJA ART: NORTHERN LIGHTS BLADE STORM!

She fired waves of energy blades made of the Aurora and slashed him all over the place.

Maria: How'd you like that?!

Yakra XIII roared ferociously!

He was charging and we jumped out of the way and fired waves of fire and energy and blasted him all over.

Carol: You make me sick Yakra!

She fired 2016 Godzilla's Focused Atomic Beam attack and it hit him and slashed him all over and burned him incredibly bad!

Then he was down to his last legs and then he exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead in a powerful fiery explosion!

Me: That will teach him never to underestimate our power.

Nico: Good riddance. But was the power of the Kaiju that did him in.

Lucca: All of us did it.

Nico: But we're not finished yet.

Lucca: Not yet.

Then a spiderweb shot at us and down it came a black version of an Evolved Arachnichimp! It was ANOTHER ULTIMATE SPIDERMONKEY!

Me: Whoa! Another Ultimate Spidermonkey!

Albedo: Now we're talking!

Qin: This is gonna be big.

Albedo turned into Negative Spidermonkey and then into Negative Ultimate Spidermonkey.

Negative Ultimate Spidermonkey: Didn't expect to fight the Evolved version first.

Me: Me neither. But who are you?

Another Ultimate Spidermonkey: (In a girls voice) (Seductive tone) You know me really well J.D.

Me: Ooh (PURRS) I know that voice. Sakura Valencia. Been a long time.

Nico: She must be a hot girl.

Me: Oh she is. Her name is Sakura Valencia and she is A girl who can turn into a Succubus

Nico: Wow! That is cool!

Me: Oh yeah. It sure is.

Nico: Whatever Swartz promised you, we can grant it.

Another Ultimate Spidermonkey: It was to bring my evil parents to justice for making me into a Succubus. But I don't mind it because I get to be with J.D. My parents used in a Satanic Ritual that turned me into a Succubus.

Me: That's crazy! I remember that! I brought your so-called parents to justice for that.

Nico: What did they do?

Me: Her mom and dad were Satanists and they sacrificed a neighbor girl to the Devil to turn Sakura into a Succubus.

Nico: WHAT!? Those monsters!

Lucca: How can they do that!?

Me: They are pure evil. But I had them arrested and sent to prison. They were sentenced to death for capital murder and executed the following week.

Nico: Good riddance.

Me: Yeah. Sorry about this Sakura. But we have to save you from this awful power Swartz gave you.

Another Ultimate Spidermonkey: I understand. But lets do it!

Nico: (takes out Titanium Toenail's Ridewatch) So, Swartz's offer was useless anyway.

Another Ultimate Spidermonkey: Yeah.

Me: It was for the best anyway. Your parents in the end got what they deserved.

Another Ultimate Spidermonkey: That's true.

Me: Satanic Devil-Worshiping Motherfuckers.

Lucca: Yeah.

Nico activated Titanium Toenail's Ridewatch.

(THE LAST DANCE BY WITHIN TEMPTATION PLAYS)

Nico: (DANCING AND SINGING DIVINELY AS SILVER BLADES SWIRLED AROUND HIM)

She sang for you last night, she heard you were calling
Yearning in tears a thousand times
Your spirit was floating, your spirit was searching
On a cloud of dreams
A moonbeam shines bright in the city of angels
Guiding the dreamers back to life
And they'll do the same every tomorrow
Till the pain subsides
Don't be scared now, close your eyes
She holds guard tonight
Go on forward, no remorse
Life will take its course
She danced with you last night so you will remember
All you have shared, the lifetime
The angels were watching and death will be waiting
Until the time is right
Don't be scared now, close your eyes
She holds guard tonight
Go on forward, no remorse
Life will take its course
Hold on to memories
See what lies ahead

Life will go on and we are one

With every step you take

Nico fired blades of metal and smashed Another Ultimate Spidermonkey down.

Lola: Nice one! Now for me. (Activate's Firefly's Ridewatch.

(THE HIGHWAYMAN BY LOREENA MCKENNITT PLAYS)

Lola: (SINGING DIVINELY AS FIRE SWIRLS AROUND HER)

The wind was a torrent of darkness among the gusty trees

The moon was a ghostly galleon tossed upon the cloudy seas

The road was a ribbon of moonlight over the purple moor

And the highwayman came riding

Riding, riding

The highwayman came riding up to the old inn-door

He'd a French cocked-hat on his forehead, a bunch of lace at his chin

A coat of claret velvet and breeches of brown doe-skin

They fitted with never a wrinkle, his boots were up to the thigh

And he rode with a jewelled twinkle

His pistol butts a-twinkle

His rapier hilt a-twinkle under the jewelled sky

And over cobbles he clattered and clashed in the dark inn yard

And he tapped with his whip on the shutters, but all was locked and barred

He whistled a tune to the window, and who should be waiting there

But the landlord's black-eyed daughter

Bess, the landlord's daughter

Plaiting a dark red love-knot into her long black hair

"One kiss, my bonny sweetheart, I'm after a prize tonight

But I shall be back with the yellow gold before the morning light

Yet if they press me sharply and harry me through the day

Then look for me by the moonlight

Watch for me by the moonlight

I'll come to thee by the moonlight, though hell should bar the way"

He rose upright in the stirrups, he scarce could reach her hand

But she loosened her hair i' the casement, his face burnt like a brand

As the black cascade of perfume came tumbling over his breast

And he kissed its waves in the moonlight

Oh, sweet waves in the moonlight

He tugged at his rein in the moonlight and galloped away to the west

He did not come at the dawning, he did not come at noon

And out of the tawny sunset, before the rise o' the moon

When the road was a gypsy's ribbon, looping the purple moor

A red-coat troop came marching

Marching, marching

King George's men came marching up to the old inn-door

They said no word to the landlord, they drank his ale instead

But they gagged his daughter and bound her to the foot of her narrow bed

Two of them knelt at the casement with muskets at their side

There was death at every window

Hell at one dark window

For Bess could see through the casement

The road that he would ride

They had tied her up to attention with many a snickering jest

They had bound a musket beside her with the barrel beneath her breast

"Now keep good watch", and they kissed her

She heard the dead man say

"Look for me by the moonlight

Watch for me by the moonlight

I'll come to thee by the moonlight, though hell should bar the way"

She twisted her hands behind her, but all the knots held good

But she writhed her hands till her fingers were wet with sweat or blood

They stretched and strained in the darkness and the hours crawled by like years

Till, now, on the stroke of midnight

Cold on the stroke of midnight

The tip of one finger touched it

The trigger, at least, was hers

Tlot-tlot! Had they heard it? The horse's hooves ring clear

Tlot-tlot, in the distance! Were they deaf they did not hear?

Down the ribbon of moonlight, over the brow of the hill

The highwayman came riding

Riding, riding

The red-coats looked to their priming

She stood up straight and still

Tlot in the frosty silence! Tlot, in the echoing night

Nearer came and nearer, her face was like a light

Her eyes grew wide for a moment, she drew one last deep breath

Then her finger moved in the moonlight

Her musket shattered the moonlight

Shattered her breast in the moonlight and warned him with her death

He turned, he spurred to the west, he did not know she stood

Bowed with her head o'er the musket, drenched with her own red blood

Not till the dawn he heard it, his face grew grey to hear

How Bess, the landlord's daughter

The landlord's black-eyed daughter

Had watched for her love in the moonlight and died in the darkness there

And back, he spurred like a madman, shrieking a curse to the sky

With a white road smoking behind him, and his rapier brandished high

Blood-red were the spurs i' the golden noon, wine-red was his velvet coat

When they shot him down on the highway

Down like a dog on the highway

And he lay in his blood on the highway with a bunch of lace at his throat

Still on a winter's night, they say, when the wind is in the trees

When the moon is a ghostly galleon tossed upon the cloudy seas

When the road is a ribbon of moonlight over the purple moor

A highwayman comes riding

Riding, riding

A highwayman comes riding up to the old inn-door

Lola fired waves of fire and blasted Another Ultimate Spidermonkey down.

Another Ultimate Spidermonkey: Wow! That was awesome!

Lola: Thanks. We had lots of Karaoke sessions and practiced a lot.

Lucca: My turn! (Activates The Rowdyruff Boys Ridewatch)

(10'S BY PANTERA PLAYS)

Lucca: (SINGING DIVINELY AS FIRE AND ENERGY SWIRLS AROUND HER)

My skin is cold
Transfusion with somebody
Morose and old
Drop into fruitless dying
It was tempting and bared
The whoring angel rising
Now burning prayers
My silent time of losing
My foes, they can't destroy my body
Colliding slow, like life itself
Long for the blur
We cannot dry much longer
Cement to dirt
Disgusted with my cheapness
My foes they can't destroy my body
Colliding slow, like life itself
My foes, my foes they can't destroy my body
Colliding slow, like life itself
My foes they can't destroy my body
Colliding slow, like life itself
My foes, my foes they can't destroy my body
Colliding slow, like life itself, like life itself

She fired waves of energy and fire and blasted Another Ultimate Spidermonkey Down all over.

Nico: YEAH!

Me: Love that song by Pantera.

Girl Jordan: That was a cool one!

Camie: Yeah!

Laney: That was great!

Another Ultimate Spidermonkey: You guys have a lot of awesome talent.

Qin: We get that a lot.

Maria: Let's keep going!

Girl Jordan: You got that right! (ACTIVATES FLARIZAMON'S RIDEWATCH)

(LETS KICK IT UP BY PAUL GORDON PLAYS)

I realize,

what's on the surface,

ain't picture perfect,

but that don't mean a thing.

One thing I know,

is there's a purpose,

and like the circus,

we're hanging from the rings.

Let's kick it up,

and show them all the things,

that we can do!

Let's kick it up!

There's not that much tomorrow.

Let's kick it up,

cause they ain't seen the last,

of me and you!

Let's kick it up!

Together!

Together!

Nananana! Yeah! Nananana! Yeah! Nananana!

One, Two, Three! Four!

(Instrumental break)

If we take our time,

and we stick together,

everything we do,

will go our way.

I have no doubt,

in this situation,

and then we'll enjoy,

another day.

Let's kick it up,

and show them all the things,

that we can do!

Let's kick it up!

Another notch tommorow!

Let's kick it up,

of me and you!

Let's kick it up!

Together!

Together!

She danced and fired waves of the elements and they blasted Another Ultimate Spidermonkey all over.

Nico: YEAH!

Qin: That was great!

Lucca: WOOHOO! Love that song!

Laney: That is awesome!

Nico: We shouldn't stop now!

But then…

SLASHSLASHSLASHSLASHSLASH SLASH SLASH SLASH!

Slashes appeared and knocked down Another Ultimate Spidermonkey and then we saw a figure appear and it was Lady Ninja Yae!

Me: Lady Ninja Yae!

Lady Ninja Yae: (Japanese Accent) Looks like I got here just in time.

She reverted back a nd it was a girl with green hair and had purple clothes.

Nico: Amy Yae! I had a feeling it would be you!

I caught the ridewatch and purified it and went over to Sakura and she was a voluptuous girl and she was in a pink 2 piece bikini and had neon pink hair and had blue eyes and she had bat wings.

Sakura Valencia: (Groans) What a huge headache.

Me: At least you're okay.

I picked her up and she hugged my neck and then kissed me on the lips and I kissed her back and it was awesome.

Me: Oohoho that was awesome.

Amy Yae: That was a great battle.

Lucca: What's your favorite memory of Nico?

Amy Yae: I have a lot of them. But my favorite was when I helped

Nico pulverize a gang of street bullies and got them sent to the police.

Nicole: That is awesome. What bullies were they?

Amy Yae: The 666 Bully Club.

Nicole gasped and pulled out a wanted poster.

Nicole: Wow you saved me a huge favor on that one. That was a ruthless bully club that I was trying to bust a long time ago. They were bad to the bone asshole bullies that hate everyone and everything. They did all kinds of horrible crimes including murder. You and Nico deserve the bounty for them.

Nico and Amy saw the bounty on them and it was worth $582,333,333,333,333,333,444,444,444,444,444.00.

Amy Yae: WHOA! That is a lot of money!

Nico: Nicole is a Bounty Hunter for Bullies.

Lucca: It's true.

Amy Yae: Wow that is good money though.

Nico: It sure is.

Nico and Amy hugged.

Nico: I've missed you Amy.

Amy Yae: Me too Nico. Me too. I saw your battles and those were so awesome.

Me: They sure were.

May: Yeah. Sakura I love your hair and bikini.

Sakura Valencia: Thanks May.

May: It goes great with your hair.

Lucca: But why are you in just a bikini?

Me: It was the only thing she had on and is only allowed to wear. The ritual she had used on her won't let her wear anything else.

Nico: Wow.

Me: Besides I don't mind her being like this.

Maria: Sorry, Nicole. But thanks to her parents, it's completely out of our hands.

Nicole: No worries.

Nico: (LAUGHS) That's okay. Lets go home.

We went back home.

We told everyone everything that happened and it was awesome and amazing.

Count Nefaria.

Lincoln: Wow, we're here in New Jersey and I know what we're going to do here, not only am I going to rescue the five girls here, but we're also going to take down Count Luchino Nefaria A.K.A. Count Nefaria.

Nico: That's right, and we're going to put him in The Masters of Evil's prison, but we also need to strip him of his powers.

Me: That's just what I was thinking, since he's one of The Avengers' most powerful and dangerous villains.

Lincoln: Plus, I just know that The Diamond Dogs have a hand in this as well, those gem-greedy mutts. And thanks for joining us, Wheeler.

Wheeler: You're welcome, Lincoln.

Suddenly, Lincoln's massive white angel wings turn purple for Rarity's hair, but the stars and orange and aurora-colored tips on the feathers remain the same.

Me: Your wings turned purple!

Rarity: Just like what happened with Nightmare Moon, Queen Chrysalis, and The Storm King, your angel wings have changed to the color of my hair, Linky.

Lincoln: This proves I was right that The Diamond Dogs have approached Count Nefaria. But, what could those gem-greedy mutts promise him?

Me: There's only one way for you to find out, Linc.

Nico: Ooh, Linc's going to work his vampiric magic.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of five girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the five girls, but they've been cornered by Count Nefaria, and he's going to attack them.

Lincoln: Let's get over there at once, guys, I found the five girls, but they've been cornered by Count Nefaria, and he's going to attack them.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Count Nefaria and that allowed the five girls to get to safety and Lincoln put up an energy field to protect them from Count Nefaria. When Count Nefaria saw us, he was furious.

Count Nefaria: Team Loud Phoenix Storm?! But, how…?

Lincoln: Sadly, you're not getting the answer to that one, and you're looking at a one-way trip back to prison.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Greatsword of Elemental Justice and Eternal Bravery from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Chris Taylor, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their weapons, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went after Count

Nefaria, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him.

Then, Lincoln bit him on the neck with his fangs and he sucked out Count Nefaria's blood and he also assimilated all of his powers and abilities, and it rendered Count Nefaria weak. Suddenly, we saw a shadow strike at Count Nefaria and knocked him out and tied him up in chains, and then, we saw the figure, it was a Greninja. We then beamed Count Nefaria to The Masters of Evil's prison, we cheered wildly as we holster our weapons and power down.

Nico: Whoa, that Greninja came out of nowhere and struck hard and fast.

Me: Yeah, and it was really silent, like the Shinobi we know and the ninjas of 16th century Japan.

Lincoln: Wait, I know of one ninja who knows how to be silent and strikes hard and fast. I knew it was you, Aimi Shinobikaeru.

Aimi Shinobikaeru reverted back to normal, and she's a beautiful girl with long aqua blue hair tied up in a bun, aqua blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful aqua blue angel wings, and she reigned in the power of Greninja, and she's dressed in a pink scarf, pink bracers on her forearms, blue heels, sleeveless yellow midriff top, pink pants, and long sleeveless aqua blue trenchcoat with water on the coattails, and Greninja on the back, and holstered on her back are two ninja swords and a large Greninja-themed greatsword with Greninja etched on the 7'0" massive, wide, double-edged aqua blue blade, pink angel wings for the crossguard, large pink gem embedded in the rainguard, longer black handle, and a large aqua blue gem surrounded by angel wings for the pommel.

Lincoln: I knew it was you because there's only one person I know who knows how to be silent and strikes hard and fast, nice ambush on Count Nefaria, Aimi, and it's so good to see you again.

Aimi Shinobikaeru: (Japanese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Aimi Shinobikaeru and they hugged, and Aimi Shinobikaeru was very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his massive white angel wings with stars on the feathers and orange and aurora-colored tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were thirteen, and as you can see, I really grew a lot since then.

Aimi Shinobikaeru: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive white angel wings. (Seductively and rubs her right hand on Lincoln's massive and wide right pec) I could get used to it, big, tall, muscular, and handsome.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Aimi Shinobikaeru, who happens to be one of the fastest and silent of my Guardian Angels from Japan, and also, my classmate in poetry. Her last name, Shinobikaeru, means Shinobi Frog in Japanese. Aimi and I would often swim underwater in lakes, and it was Aimi that taught me how to walk on water without Chakra, as well as teaching him how to be silent and striking hard and fast.

Me: Wait, what?! That's how you were able to walk on water without Chakra?!

Lincoln: Yep.

Nico: I'm going to guess you surprised the Shinobi of The Hidden

Leaf with that?

Lincoln: You guessed it, Nico, and they were stunned. Plus, I made Aimi a beautiful shinobi outfit in her favorite color, while Aimi made me a shinobi outfit in my favorite color.

Lincoln snapped his fingers and he was in an orange shinobi outfit, and we were amazed.

Eli: Wow.

Lincoln snapped his fingers and he was back in his original outfit.

Lincoln: Plus, after training, we actually kissed while while underwater under the moonlight.

Nico: A moonlight kiss underwater, now that's really romantic.

Lincoln: And you're also in for a big surprise: she's also the cousin of Mai Shiranui.

CLANG CLANG!

My jaw and Nico's dropped to the floor.

Me: Whoa, that's really awesome.

Nico: You said it.

Mai Shiranui: Yep, and it's so good to see you again, Aimi.

Aimi Shinobikaeru: You too, Mai.

Lincoln: Plus, Aimi hates Lori, Luan and Lisa with a burning passion, and it's a good thing they're not in the group today, because Aimi still hasn't forgiven them for what they did long ago.

Me: Uh oh, I'm not going to like hearing this.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Aimi Shinobikaeru's neck with aqua blue gems on the gold thunderbolt links and pink crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental

Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Aimi Shinobikaeru: (Japanese Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means that just like your cousin, you're part of my harem and one of my many future wives, Aimi.

Aimi Shinobikaeru had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Aimi Shinobikaeru's waist and Aimi Shinobikaeru wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the five girls, and when Lincoln saw them, he recognized them immediately. The five girls are Mia, Emma, Andrea, Olivia, and Stephanie from Lego Friends.

Lincoln: Oh wow, it's Mia, Emma, Andrea, Olivia, and Stephanie from Lego Friends.

Nico: Awesome.

Lincoln: Are you girls okay?

Mia (Lego Friends): Yes, we're okay, thanks to you.

Then, when Mia and her friends saw who it was that saved them from Count Nefaria, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

He had his massive Hinon's Cosmic Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds holstered on his wider and muscular back, his large orange Crystal Saber, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace, Talisman Cards of The Universe and Talisman Cards of Elemental Harmony on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation and embedded Jewel of Gelel on the back of his massive left hand, large weighted gold bands on his massive biceps and thighs with silver phoenixes on them, large gold cuff Bracelets of The Champions of the Universe with large orange gems on his large

wrists, massive and indestructible white angel wings with stars and orange and aurora-colored tips on the large white feathers, and he was dressed in an orange version of He-Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, Angels, and Buffalo on them which were glowing neon orange and they also had intense powerful rainbow hot flames coming off them and hanging mini silver lightning bolts on the coattails held up by his large gold Belt of Elemental Bravery with a large golden buffalo head with orange gems for eyes and a large orange gem in its mouth for the belt buckle on his waist, large royal blue pants with multicolored lightning bolts on the thighs with the orange kanji on the left leg that said, "Savior of The Loud House, True Hero, Amazing and Powerful Student of Numerous Amazing and Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, Founder of Team Loud Phoenix Storm, Dodgeball Angel King of Gotham Royal York, The Unifier of The Three Kingdoms, and Destroyer of The House of Damaskinos", and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and orange crystals from his merged large Crystal Necklace of The Buddha with a large Element of Harmony deep sapphire blue gem in the shape of a Thunderbird and a large silver Buffalo head with the Thunderbird and Eternity Kanji on its head for the pendant on his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, large Orange Buffalo Animal Spirit Ring which merged with his Ring of The Phoenix on his left ring finger, large Blue Lantern ring on his right ring finger, he had nine large multi-colored orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Mia (Lego Friends): Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Mia (Lego Friends): (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, five Thunderbird Necklaces of Eternal Love appeared on the necks of Mia, Emma, Andrea, Olivia, and Stephanie with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villain we went after was Count Luchino Nefaria A.K.A. Count Nefaria.

But, when Lincoln showed what we all did to him, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Aimi Shinobikaeru have a lot of catching up to do, now that she's back in town.

Maria: I can't believe those gem-greedy mutts had some nerve to approach Count Nefaria.

Lincoln: Whatever they offered him, that deal probably fell right through the floor.

Rarity: Those gem-greedy dogs are going to pay for this later on today.

Lincoln: They sure will, Rares.

Just then, Lori, Luan, and Lisa came in, and when they saw Aimi, their faces turn pale, and when Aimi saw them, she ran fast and had her two blades at their throats.

Aimi Shinobikaeru: (Japanese Accent) Lori, Luan, Lisa, I cannot forget what you three monsters have done to me and your brother long ago. But, I'll let it go after Lincoln told me the monsters inside you were gone for good.

Aimi holsters her blades, but that still wasn't enough as Lori, Luan, and Lisa were still extremely pale with fright.

Me: Uh oh.

Nico: I wonder what they did to her and Lincoln to get her that pissed off at them.

Lynn: Trust me, you're not going to like it one bit, guys.

Lincoln: Lynn's right, what Lori, Luan, and Lisa did was beyond horrible and that caused Aimi's hatred for them.

---

After throwing Count Nefaria in The Masters of Evil's prison, we were training intensely in the gym, this time, doing 500,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Aimi Shinobikaeru saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Aimi Shinobikaeru: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Aimi, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Aimi Shinobikaeru: (Japanese Accent) That's incredible.

Nico: It sure is. So, Aimi, what's the story on why you hate Lori, Luan, and Lisa with a burning passion?

Aimi Shinobikaeru: (Japanese Accent) You're not going to like this one bit, Nico. One day, Lincoln and I were at the forest and we were busy with our lesson on how to be silent and also, striking hard and fast. But, as we were still continuing on with our lesson, Lincoln heard the sound of a gun firing, and I dodged a bullet heading for me. Then, we saw three figures come out of the bushes, they were none other than three of the five meanest sisters in The Loud Family: Lori, Luan, and Lisa, and they had guns in their hands, their eyes were red with hatred and murderous insanity, and demonic grins on their faces. But then, they aimed their guns at Lincoln, and I got in between him and them, and still driven by the desire to kill me and make Lincoln suffer, they pulled the triggers and I got hit in the stomach, arms, and legs. Lincoln saw it, and he was horrified, and he ran over to me. They laughed cruelly, and then, they were about to fire again and kill Lincoln, but Lincoln struck first and he fired three blasts of light and disarmed them of their guns, and then, in a fit of anger, he pounced on them and he proceeded to pulverize them badly. Then, he chained them to trees with shadow chains, and then, he went over to me and he bit me on the neck, and he not only fed on my blood, but it also caused the bullets to be pushed out of my body, and my blood wound up back in my body. I was so thankful to Lincoln for what he did to save my life, but we weren't done yet: we then saw Vanzilla arrive, and Mr. and Mrs. Loud, along with Leni, Luna, Lynn, Laney, Lucy, Lana, Lola, and Lily arrive at our location. We then told them of what Lori, Luan, and Lisa did to me, and Lincoln filled in the rest, and when we were done, they were all really horrified.

We gasped in shock.

Nico: What?! They shot you multiple times, that's just evil!

Lincoln: Beyond evil, Nico. Leni, Luna, Lynn, Laney, Lucy, Lana, Lola, and Lily were extremely furious at them, and they wanted to beat them up badly. But, Mom and Dad decided on a better punishment for them: the three of them were sent to jail and were put in The Scared Straight Program for five weeks, and it showed them what awaited them if they didn't clean up their act.

Lynn: Of all the evil things they've done, that was the worst, and because of it, Aimi hated Lori, Luan, and Lisa with a burning passion, and if they cross her again, she'll kill them, and that's a big mistake to cross someone who's trained in the art of ninjutsu.

Luna: Yeah, and after they got back from jail, Leni and I kicked Lori and Luan out of our rooms and told them to go sleep in the basement, we were still mad at them, and Lisa was forced to go sleep in her bunker, because if she tried to sleep in hers and Lily's room, she'll spray her with onion water.

Lily: And I had a lot of onion water saved for her, in case she tried anything stupid.

We got a shower afterwards, and then, Lincoln and his harem got ready to go to Seaside Hill in Sonic's World.

Lincoln snapped his fingers, and the 7'5" tall, handsome, and extremely muscular man was dressed in large orange swim briefs with elemental forces, stars, and mythological animals on them, orange sandals, his jewelry, and he also had his weapons holstered in case of trouble, and his harem were dressed in two-piece bikinis, sandals, jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, are we ready?

Girl Jordan: We're ready, Linky.

Lincoln and the girls head for Seaside Hill in Sonic's World, and it's really amazing.

Lincoln: Ah, we're here in beautiful Seaside Hill.

Mai Shiranui: This is perfect, and it's before our mission to meet Snake and Quiet and take down FOXHOUND, and of course, taking down The Diamond Dogs.

Rarity: Those dogs are going to get it big time, but I don't want them dead and sent to The Black Gates.

Lincoln: That's exactly what I was thinking, Rarity, and the others thought the same thing, but I'm going to put the Hinon's Vengeance Curse on them after we pulverize them. Shall we dive in?

Lincoln and his harem dived right into the waters and they were swimming in the clear waters and they also saw the sea creatures and plants that live there, they also had a game of volleyball and the girls got a massive deep atomic red blush when they saw Lincoln lift up a 900,000,000,000,000-lb barbell he summoned. Then, they also had some lunch on the sand, and then, as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls in his harem, and they wrapped the girls in their abnormally massive and powerful muscular arms and the girls wrap their left arms around the thick muscular necks of Lincoln and his clones, and they place their right hands on the massive wide and muscular left pecs of Lincoln and his clones, and as the sun turned orange, Lincoln and the girls shared a passionate and romantic kiss and then, they came back home to The World Tree Estate and were back in their original clothes.

Me: Hey, guys, how was your date?

Lincoln: It was awesome, J.D., we went to Seaside Hill in Sonic's World., and we had fun there.

Me: Awesome, and we've been getting ready to meet Snake and Quiet and take down FOXHOUND and The Diamond Dogs.

Nico: And Linc, I hope that…

Lincoln: Actually, Rares and I were talking about the fate of The Diamond Dogs, so we decided to put them in The Masters of Evil's Prison, but they're also getting the Hinon's Vengeance Curse, because if they pull one double-cross, the curse will claim their lives and they'll be sent to The Black Gates.

Nico: Wow, you guys really thought ahead for that one, awesome.

Lincoln: Yeah, and I'll save the draining of blood for the next of The

Doomsday 23, which'll be Mean Rainbow Dash tomorrow. That Element of Treachery will pay for her crimes and for ruining the REAL Rainbow Dash's name.

Rainbow Dash: You said it, Lincoln.

---

Later at the skate park we were there for some fun and some bonding time for Nuju and Philip & Shotaro.

Stacy did a rail grind and then did a half pipe jump.

Stacy Bolton: RADICAL!

Philip: Woohoo! Go Stacy!

Nico: YEAH!

Sakura Valencia: WOOHOO! That is awesome!

Qin: Yeah it is!

Otto Rocket and Reggie were shredding the pipe and ramps and Stacy was doing all sorts of awesome moves.

Mr. Krabs: (Laughs) Those are some great moves lads.

Qin: They sure are Mr. Krabs. (Eats a Krabby Patty) Mmm! Delicious.

Mr. Krabs: Nuju, you, Philip, and Shotaro are up for bonding time today.

Nuju: Awesome!

Philip: This is gonna be so awesome having Bonding Time.

Shotaro: It sure will be awesome.

Qin: Yeah it will.

Sakura Valencia: (Eats an Ultimeatum) Mmm! This is delicious J.D.

Me: It's one of our favorite foods Sakura.

Varie: Yep.

Nuju, Philip and Shotaro were sitting on a bench.

Nuju: Meeting you two was the best moment of my life.

Shotaro: That was so awesome.

Me: And the coolest part is how you guys battle all those Doponts.

Nico: That is so awesome.

Philip: Yep.

Bridget Branley: And now five of us elementals have 5 amazing Doponts as our archenemies.

Philip: That is true. And you girls learned so much from them too.

Bridget Branley: We sure did.

Nico: Oh speaking of which, Varie how is Katsumi doing?

Varie: He is now fully engrafted with his new heart and he was discharged and is now in the M.O.E. HQ.

Nico: Thank goodness!

Larry the Lobster: I'm not gonna lie. Those Dopants that you faced were very fascinating.

Philip: They sure were.

Me: And most of them are all wanted criminals.

Eli: Yeah those guys were all menaces to the Japanese Society.

Lola: Yeah.

Me: Yeah and the Gaia Memories they used were all amazing.

Nico: They sure were. And J.D. you need to use them again in our missions.

Me: Sure thing.

Maria: One of these days, Philip, you should show us the Gaia Library in your mind.

Me: I remember seeing that. That was incredible.

Philip: I'll be happy to do that.

Me: It's a darn shame you guys can't fight separately as 2 Kamen Riders.

Shotaro: I know.

Nico: But it's still awesome that you guys fought together.

Qin: Yep.

Maria: (sees something) You've gotta be shitting me!

Me: What is it?

We saw a figure come and it was a scary version of an Orange AkaRed Ranger! It was ANOTHER DAIDAIORANGE!

Me: Whoa! This one is new! Another DaidaiOrange!

Nico: Man that is such a disappointment! Over the last 45+ Years there have been hardly any Orange Rangers.

Me: Man what a ripoff! SPD, ToQger, Kyuranger and Battle Fever J are the only teams that have Orange Rangers. Oh there's also Mighty Morphin Orange, Solar Ranger and Beast Morphers Orange too. Mighty Morphin Orange and Solar Ranger are in the comic books and Beast Morphers Orange was for the Make A Wish Foundation.

Nico: Right! I remember that. Man what a rip.

Another DaidaiOrange: (In a Girls Voice) That is a ripoff.

Me: That voice.

She reverted back and it was a girl with orange hair and orange clothes and had the kanji for orange on her forehead.

Me: Maxxine Murakami!

Vina Murakami: Sister! You too are a secret weapon?

Maxxine Murakami: Yes I sure am.

Nico: Swartz picked a very limited version of AkaRed.

Me: Yeah no kidding.

Runamuck: You know Swartz is dead, right?

Maxxine Kuramami: Yes I do know that and I'm so glad he is.

Me: We all are and so is the entire world.

Qin: Yep.

Me: Shame we have to fight. But lets do it. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Me: YEAH! Lets see here.

I pulled out my Gaia Memory Sword.

I used the Gaia Memories for the Dark Signers, Loki, Vypra and Diabolico.

Me: DEMONIC SPECTRUM RAINBOW!

I got a powerful rainbow flame sword!

Nico: WHOA!

Me: YEAH!

Maxxine turned back into Another DaidaiOrange and she had an orange blade sword imbued with all the powers of the Thunder Duel Monsters!

Nico: Cool sword.

Another DaidaiOrange: Thanks. Watch this. (Echoing) CERULEAN SKYFIRE!

She fired a massive blast of lightning with the powers of Hamon, Lord of Striking Thunder and I deflected the blast back and it hit her.

Me: WHOA! That sword has all the powers of the Thunder Duel Monsters! That's awesome!

Qin: It sure is.

Me: That was powerful too!

Cybertron Red Alert: That's not gonna stop us!

Me: No it's not!

I fired a wave of rainbow fire and lightning and blasted her down.

Me: Now lets try this out.

I used the Gaia Memories of the Zodiarts! All 13 of them!

Me: Lisa made some upgrades so I can use up to 13 of them.

Nico: Nice!

I then got a really awesome Celestial Zodiac Sword with a blade made of stars and the constellations of the Celestial Zodiac were in the blade.

Me: CELESTIAL ZODIAC STARSTORM!

Nico: That is an awesome team name!

Me: It sure is!

Another DaidaiOrange got up.

Another DaidaiOrange: That is awesome!

Me: Boy it sure is. Lets see what it can do.

I fired waves of stars and energy and they hit Another DaidaiOrange and she exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down and I caught the Ridewatch and purified it and then I went over and picked up Maxxine.

Maxxine Murakami: (Groans) What a terrible headache.

Me: But you're back to normal now Maxxine.

Maxxine's sisters came and they hugged her.

Me: I got the feeling that there are more Another Rangers for the colors that weren't popular.

Nico: Me too.

I picked up the Thunder Sword and it was awesome.

Tornado Man: Also, I hope you two are truly okay with Ryubei Sonozaki being in the Masters of Evil.

Philip: Yes we are.

Shotaro: Yeah he deserves a better life and job in it.

Qin: That's true.

Nico: Anyway it's time for our big mission. We're going to meet Snake and Quiet.

We cheered!

Sakura Valencia: I'm really looking forward to this one.

Qin: We all are.

Nico: Yep.

Then Biowulf, Johnny 13, Zexion, Zs'Skayr, Mojo, Hydros, Seadramon, Fireor, Count Nocturne, and Oculous appeared.

Biowulf: Can me, Johnny 13, Zexion, Zs'Skayr, Mojo, Hydros, Seadramon, Fireor, Count Nocturne, and Oculous go with you guys?

Nico: You guys sure can.

Hydros: It's gonna be awesome taking down one of Snake's enemies.

Irma: It sure is.

Laney: I have a feeling I know who it is.

Demolishor: Boss, which girl do you think you'll meet next rescue?

Nico: Hmm. Lets see here. How about one for Faluzure?

We gasped in shock!

Me: WHOA! That will be a scary one! The Dragon God of Decay and Undeath as a gene-slammer.

Nico: Yeah no kidding.

Sheila (D&D): No kidding there. That will be scary.

Qin: Yeah.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed three dark energy signals with his eyes and the Force, and he saw who the figures were in the vision: the three figures were none other than The Diamond Dogs, Equestria's gem-greedy dogs, and after they'd seen what we did to Count Nefaria, they're furious, and now, they're coming here to get revenge on us and kidnap Rarity. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, are The Diamond Dogs on the move?

Lincoln: You guessed it, Nico, and they're furious that their plan to get revenge on us and capture Rarity with the help of Count Nefaria has failed, and now, they're coming here to get revenge on us and kidnap Rarity to get more jewels.

Celine Giachi Florres: So, the fourth member of The Doomsday 23, The Diamond Dogs, are on the move to try and kidnap Rarity to get more jewels. Those three are going to pay for what they did to her.

Emerald Shine and Topaz Flare: If those greedy mutts think about trying to kidnap Mom to get more jewels, we'll skin them all alive!

Sweetie Belle: If those mutts so much as lay one hand on my sister, I'll blast them to smithereens.

Even Ruby Flame, Citrine Storm, Kunzite Lotus, and Dioptase Grass booed at those Diamond Dogs and they blew raspberries at them.

Lincoln: Now, now, kids, remember what I talked about with your mom and sister, we're not going to destroy them, we're going to put them in The Masters of Evil's prison, but with the Hinon's Vengeance Curse on them.

Sweetie Belle: Oh, okay.

Nico: Wow, Linc, you handled that situation quite well.

Lincoln: Well, I've been thinking of what J.D. said, and I think it's time I let go of my hatred for that loon, Crocker. We've already gotten rid of him and sent him to The Black Gates, and Jorgen didn't know about the faulty wire in the Memory Wiper.

Luan: What?! How can you let go of what Crocker did, Lincoln, especially what that…?!

Lincoln: Luan, I made that choice to let go of that hatred I had towards that fairy-hunting loon after considering J.D.'s words, and besides, Crocker's in The Black Gates forever.

Aimi Shinobikaeru: (Japanese Accent) And if I were you, I'd honor your brother's choice, Luan.

Aimi glared fiercely at Luan, and that got her to nod her head.

Nico: Yikes, even now, she's still on Lori, Luan, and Lisa even after you told them that Dark Lori, Dark Luan, and Dark Lisa were sent to The Black Gates.

Lincoln: After what they did to her, I don't blame her. Getting shot at multiple times by Lori, Luan, and Lisa is something that can never be forgotten. Even if it was to defend me, I can't forget the sight of Aimi's blood being spilled when they shot her multiple times.

Nico: I don't blame you either, Linc. What they did cross a very big line, but you saved Aimi and you taught Lori, Luan, and Lisa a nasty lesson. Alright, gang, let's lock and load, it's time to meet Snake and Quiet.

Lincoln: And take down FOXHOUND for good, and Diamond Dogs, you better be ready, you're not getting your paws on my future wife ever again. I'll have you three mangled up, broken physically and mentally, and see you three begging to be put out of your misery! (Deep Sapphire Blue Eyes turn blood red and vampire fangs grew longer)

Nico: Uh oh, he's let the vampire out, and the fury of the undead is going to be really terrible for The Diamond Dogs.

With that we were off to the Aleutian Islands in Alaska.

---

We arrived and we saw them fighting more of FOXHOUND's men.

Johnny 13: Is that them?

Me: Yep and they are fighting members of FOXHOUND.

Nico: Lets get them!

We went over.

They were blasting FOXHOUND all over the place.

Then massive blasts of fire blasted the members of FOXHOUND and incinerated them. We fired numerous fireballs and blew them apart in massive fiery explosions.

KRABBBBBBOOOOOOOOOOOOMMMMMM!
KRABBBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOMMMM!

They were dead!

We landed.

Me: Are we too late to join the party?

Snake: Nope. You all made it.

Quiet: Glad you all came.

N: We want to thank you for helping against Eve.

Snake: Not a problem.

Lola: That was awesome.

Quiet: It sure ewas.

Irma: Has FOXHOUND made its move?

Quiet: Yes it has.

Mojo: Can we see your base?

Snake: Sure.

We went to their base and it was an amazing and awesome underground headquarters.

Snake: Welcome to World Marshall Inc. Headquarters.

Nico: Wow!

Nicole: Just like what we saw in the video games.

Quiet: Yep. It's a nice place.

Blot: Is that an MK23SOCOM?

Snake: Yep.

Me: Wow!

Nico: Nice.

Qin: It sure is an awesome weapon,

Lola: Yep.

Me: Lots of awesome weapons here.

Otacon, Colonel and Mei Ling then came.

Seadramon: You guys must be Otacon, Colonel, and Mei Ling.

Otacon: That's right. An honor to meet the famous Team Loud Phoenix Storm.

Colonel: Yes indeed.

Mei Ling: We heard so much about all your achievements and they are great.

Me: We don't like to brag.

Qin: Yeah.

Poromon got out 3 beer bottles.

Snake: Are those-

Poromon: 3 bottles of beer!

Elec Man: At least Snake drinks beer.

Snake: And I could use one.

Quiet: I prefer tea however.

Me: That's all right.

Snake took it and drank it.

Snake: Ahh. Needed that.

Oculous: Can I add some of these weapons to my Arsenal?

Snake: Sure. We're going to need all the help we can get if we're going to take down Big Boss.

Me: Before we do so, we're going to need to know more about him. What can you tell us about him?

Snake: Well he is my big enemy.

He told us all about him.

---

Big Boss is the code name given to John, a FOXHOUND and legendary soldier, serving as the central character of the Metal Gear series of video games, as well as the series' initial protagonist, chronologically speaking. He is the main antagonist of the original Metal Gear and Metal Gear 2: Solid Snake and later the protagonist of the prequels, from Metal Gear Solid 3: Snake Eater to Metal Gear Solid V: Ground Zeroes. He also made a guest appearance at the end of Metal Gear Solid 4: Guns of the Patriots, and is a pivotal character in Metal Gear Solid V: The Phantom Pain.

He was voiced by David Hayter in the prequels, excluding Metal Gear Solid V, where he was voiced and motion captured by Kiefer Sutherland (who also played David in The Lost Boys, John Merrill in Stand By Me, Freddie Lee Cobb in A Time to Kill, Bob Wolverton in Freeway, The Caller in Phonebooth, and Senator Quintas Corvus in Pompeii). In Metal Gear Solid 4, he was voiced by Richard Doyle, who also voiced The Fury in Metal Gear Solid 3. In Japanese, he was voiced in the prequels by Akio Ōtsuka, who also voiced his "son" Solidus Snake in Metal Gear Solid 2, as well as Blackbeard in One Piece and Thorkell in Vinland Saga. In Metal Gear Solid 4 he was voiced by the late Chikao Ōtsuka, who voiced Dr. Robotnik in Sonic the Hedgehog.

Big Boss was originally depicted in Metal Gear as the leader of FOXHOUND, and the commander of Solid Snake, before revealing he was actually also the leader of Outer Heaven, and the game's main antagonist. (It would later be revealed the final boss of the game was actually his "phantom", Venom Snake.) While presumed dead at the the end of the game, a post credits sequence revealed his survival, and he returns as the main antagonist of Metal Gear 2: Solid Snake. Here, he lays out his motivations to create a world of perpetual warfare, but is defeated and seemingly killed by Snake.

As revealed in the Metal Gear Solid series, it is revealed that his DNA was forcefully cloned by the Patriots to create the ultimate soldier. These sons include Solid Snake, Liquid Snake, and Solidus Snake. Both Liquid and Solidus attempted to carry out Big Boss' will (Liquid out of being scorned, Solidus out of respect). Zero's response to Big Boss' departure of his organization is still viewing Big Boss as an irreplaceable friend.

In a collection of prequels, starting with Metal Gear 3: Snake Eater, and continuing with Metal Gear: Portable Ops, Metal Gear Solid: Peace Walker and Metal Gear Solid V, Big Boss serves as the protagonist, and his slow slide into villainy is depicted. While depicted heroically in Metal Gear 3: Snake Eater and Metal Gear: Portable Ops, while serving under the codename Naked Snake, he begins taking darker methods throughout the events of Metal Gear: Peace Walker, and Metal Gear Solid V has him solidify his turn to darkness. This led to the creation of Outer Heaven and FOXHOUND, which also led to the beginning of the Metal Gear series.

It is revealed that he wanted to create a world where soldiers are not treated like political tools, and actually valued, being The Boss' aforementioned vision. Big Boss' motives behind his actions initially stemmed from a strong guilt after learning that his killing of The Boss was the direct result of a fake defection gone awry, and then learning that her death had in fact been orchestrated from the beginning. However, he refused to understand her selflessness, seeing her as just as a soldier rather than a person, and believing she betrayed herself and him, rejected her.

Big Boss built a cult of personality around himself, beginning with Revolver Ocelot, who spent his entire life in love with him. He continued with the members of MSF, not least Kazuhira Miller, who he forcibly enlisted into his army to be used and later discarded, with everyone around him being blinded by hero worship. This came to its peak when he agreed to use Venom Snake, a "memetic clone" to act as his proxy, making him just as bad as the US government who sacrificed the Boss all those years ago. After the Outer Heaven Resistance were betrayed by NATO, Big Boss "saved" them and the war orphans, and recruited them into Zanzibar Land, where he planned to create a world of eternal war for his soldiers, which included the children.

John (nicknamed Jack) was born in 1935, and joined the military in the 1950s, fighting in the Korean War. Jack met The Boss, becoming her protégé and disciple, and she taught him extensive combat, weaponry, survival, espionage, destruction, psychology, and foreign languages. In addition, Jack and The Boss later developed CQC (close quarter combat), which became a famous combat style.

Through the experience, Jack hold The Boss in high regard, viewing her as a mentor and parental figure in his life. In 1954, Jack was involved in the Bikini Atoll test of the first airborne detonation of the hydrogen bomb, and didn't develop the symptoms like his most of his friends, but was rendered sterile. On June 12, 1959, Jack and The Boss parted ways, and would meet again years later in *Metal Gear Solid 3: Snake Eater* .

In 1961, John was sent on covert operations during the early stages of the Vietnam War, and met and befriended Python. He later stated that Python was one of the few soldiers he could rely on during battles, and the two played poker together. The two were later involved in a mission where Python was shot and presumed dead.

Before 1964, John served in the Green Berets for several years, and became an experienced sniper in urban and marine environments. Also, John would eat snakes during previous survival training exercises, which would became useful during his future missions.

Around this time, John was awarded various medals and commendations, including the Army Achievement Ribbon, the Good Conduct Ribbon, Defense Distinguished Service Ribbon, Korean Service Ribbon, the Distinguished Service Cross Ribbon, possibly the Vietnam Service Ribbon, and many others.

### *Metal Gear Solid 3: Snake Eater*

As revealed *Metal Gear Solid 3: Snake Eater*, Jack was originally a young FOX (a subdivision of the CIA) soldier and spy under the codename **Naked Snake**, as assigned by his commander Major Zero. He was sent to assassinate his former mentor and spiritual mother, The Boss, in order to prevent nuclear conflict between Russia and the United States. In reality, Snake was unknowningly assigned to retrieve the Philosopher's Legacy, a massive amount of money that the Boss gave to him after he defeated her. After executing said task, as well as single-handedly taking down Colonel Volgin and the Cobra Unit, he was left cold, unpatriotic, and bitter, especially finding out that the Boss's supposed defection to the USSR was faked, having intense guilt.

### *Metal Gear Solid: Portable Ops*

Naked Snake continued to use his original codename instead of "Big Boss", and FOX was considered rogue due to several members starting a revolt in San Hieronymo. Snake was branded a traitor by the Department of Defense, and was imprisoned since they believed he led the revolt. He managed to escape with the assistance of the Green Beret, Roy Campbell, and fought against the revolt alongside Para-Medic and Donald Anderson. Snake also met Frank Jaeger, who would become a close ally of his, and battled his old friend Python. During the course of his operations, Naked Snake defeated Gene, and managed to clear his name while learning that Boss's death was planned. Snake also came to believe that, rather than Gene's "Army's Heaven", soldiers would want something better.

### The Patriots

After Snake formed FOXHOUND as a successor to the FOX Unit, he was invited to join Major Zero's new organisation funded by the Philosopher's Legacy, the Patriots, along with Revolver Ocelot, Para-Medic and Sigint. This organization was dedicated to uniting the world in honour of the Boss's will, and Snake was chosen to be an icon for the group. Around this time, Big Boss participated in a mission to rescue EVA from Hanoi in 1971, who later joined Zero's organization herself. Stories about Big Boss, riddled with exaggeration and misrepresentation, were disseminated by Zero among the masses, elevating him to the status of an idol; a symbol to control the people. Friction developed between the two as Big Boss resented being Zero's puppet, and the two disagreed on what the Boss truly wanted.

In 1972, afraid of losing Big Boss, Zero planned to finish up a secret project called Les Enfants Terribles wherein Big Boss's DNA was used to create genetically enhanced soldiers. The project would result in the creation of three boys that were Big Boss's genetic clones, his "sons". Big Boss eventually found out about the project, which became the last straw for him. Utterly disgusted at being manipulated, Big Boss abandoned the Patriots and his sons, and became a wandering soldier for hire.

*Metal Gear Solid: Peace Walker*

Naked Snake formed Militaires Sans Frontières ("Soldiers Without Borders"), a mercenary group that he stationed at the Coast of Columbia, where he met Ramon Galvez Mena and Paz Ortega Andrade. Ramon wanted Snake to stop the invasion of Peace Sentinel, but boss initially refused until he heard the Boss's voice from a message. Naked Snake started to work with Amanda Valenciano Libre to fight against Peace Sentinel, and recruited the mechanical engineer, Huey Emmerich, into the MSF. During his operations, Snake learned that the Boss's voice was actually a AI program, and that Ramon used him so the Soviet Union could conquer Central America. When Hot Coldman launched Peace Walker after the machine made it to Nicaragua, Snake was forced to stop it to prevent a nuclear war.

After stopping Peace Walker, Snake believed that this demonstrated that the Boss abandoned him and her ideals by "putting down her gun", and thus decided to take the title of "Big Boss". While Metal Gear ZEKE was being completed from salvaged AI parts, Big Boss deduced that there was a spy within the MSF, and learned that Paz was secretly an agent of Cipher. She was stopped from using ZEKE to start war by launching a missile on the East Coast, but Big Boss believed she survived. Afterward, Kaz confessed to being a partner of Cipher, but Big Boss forgave him and allowed him to hold his position in MSF.

*Metal Gear Solid V Metal Gear Solid V: Ground Zeroes*

Still leading MSF, Big Boss became suspicious of Paz's survival, which was confirmed after Paz was revealed to be imprisoned in Camp Omega. Boss originally wanted to eliminate Paz due to her of knowledge of MSF, but had to change his plan after Chico was captured and revealed their location. Big Boss decided to infiltrate the camp with only the assistance of Morpho and his combat medic, and managed to rescue Chico before focusing on finding Paz. After finding her, Boss returned to the chopper and had his medic perform surgery to remove a bomb in her abdomen.

Returning to Mother Base, Big Boss found it under attack by XOF forces, and helped Kaz and several soldiers extract on helicopters. Escaping from the base, Big Boss witnessed Kaz attempt to interrogate Paz before she jumped out of the helicopter since she had a second bomb in her abdomen. When the bomb exploded in mid air, Big Boss and the medic were blown back, and the helicopter crashed into another.

Coma

Big Boss suffered little injuries due to the medic taking most of the blast, and they and Kaz were the only survivors of the incident. They were taken to a Colombian hospital where they were treated by doctors and nurses. Big Boss fell into a coma due to his injuries while Kaz were able to recover, but the medic was placed into a artificially induced coma.

Once the two men were stable enough to be moved, Zero had EVA move both Big Boss and the medic to Dhekelia SBA Memorial Hospital in Cyprus in order to be hidden, to receive medical treatment, and to be looked after while they are in their comas. In 1977 Zero, having been poisoned by Skull Face, made a final visit to Jack, where he said goodbye to him, saying he was going to be hidden where not even Big Boss could find him.

*Metal Gear Solid V: The Phantom Pain*

After awakening in 1984, Big Boss was briefed on how the world changed in his absence. After discovering the plan to create a duplicate of him to act as a decoy, and take his place of the world stage until he was ready, Boss agreed to this plan. On 11th March, weeks after "Ahab" had awakened, and XOF beginning their attack on the hospital, Big Boss made his move. Posing as "Ishmael", he saved Ahab from a female assassin, and claimed to be an ally who had "watched over him for the last nine years". During the escape Ishmael and Ahab encountered Tretij Rebenok and the Man on Fire. The hospital was then raided by a XOF strike force, and Ishmael saved Ahab from the XOF soldiers. While hiding among dead doctors and patients, they were caught by a XOF squad who were distracted and killed by the Man on Fire. Ishmael realized the Man on Fire's weakness, and shot the sprinklers, causing him to disappear. Ishmael and Ahab recovered firearms from the dead XOF soldiers, and fought their way through the hospital.

Making their way to the entrance hall, Ishmael separated from Ahab to distract the soldiers, allowing Ahab to escape. After making it outside, Ishmael commandeered an ambulance and used it to run over the Man on Fire to save Ahab. Ishmael drove Ahab in the ambulance, evading XOF soldiers, but he was knocked unconscious after taking a shot from a helicopter. Subsequently crashing into a river bank, Ishmael recovered first and was pulled from the vehicle by Ocelot, leaving the unconscious Ahab. Ocelot returned to the base area to meet with Big Boss, who discarded the Ishmael role, and received a motorcycle from his ally. Ocelot then gave Big Boss a U.S. passport and told him to go by the name in said passport and advised him to change his face, so he could secretly return to the US. Big Boss mused on the medic being his "phantom", before Ocelot assured him Ahab could handle it. After parting ways, Big Boss began his long term plan to create his new military nation: Outer Heaven. He used Venom Snake and his mercenary company Diamond Dogs to further the legend of his own name while working in secret. Sometime after Venom Snake regained his memories, Big Boss sent a cassette tape to Venom Snake, labelled "From the Man

Who Sold the World," which revealed the truth, thanking Venom for his part in the deception.

## Outer Heaven and FOXHOUND

In the years after 1984, Big Boss built up Outer Heaven in South Africa, while his phantom built up their legend. At some point, while operating in the Mozambique Civil War, he rescued Frank Jeager from severe torture, winning his loyalty. Big Boss later took both Jaeger and his foster sister, Naomi Hunter, to the United States to establish a new life. Big Boss and Jaeger eventually returned to Africa to continue fighting, leaving Naomi behind in America. At some point, Big Boss also rescued the young Sniper Wolf, who he raised as a soldier. In the early 1990s Big Boss retook command of FOXHOUND, while leaving Venom Snake in charge of Outer Heaven. Here, he met a young soldier called David, who he realised was one of his sons. Giving him the codename Solid Snake, Big Boss trained him in CQC and the will to survive on the battlefield. He also secretly told Snake that he was his son to engender loyalty in him.

## *Metal Gear*

In 1995, the USA learned of Metal Gear's development in Outer Heaven As the leader of FOXHOUND with Venom Snake leading Outer Heaven, Big Boss commissioned FOXHOUND to infiltrate Outer Heaven and destroy the weapon before anyone else so he could buy Venom Snake time to finish the TX-55 Metal Gear. Big Boss sent rookie agent Solid Snake to save Gray Fox from Outer Heaven, and destroy the Metal Gear. Big Boss acted as intel for Snake during this mission, but Snake proved to be far more competent than he realised, leading him to feed Snake false information. Approaching the end of the journey, Snake discovered that Big Boss was secretly the leader of the very group who triggered the mission. He killed Venom Snake, unaware that this was Big Boss's "phantom", and destroyed the Metal Gear, with Outer Heaven being destroyed by self destruct. Big Boss used Venom Snake's death to fool the world into believing he was dead, and vowed revenge on Solid Snake.

## Zanzibar Land

When NATO began bombing Outer Heaven's area, Big Boss rescued the survivors, including including refugees, orphans, and those who were part of the Outer Heaven Resistance. The Resistance members, such as Kyle Schneider, believed he was showing them mercy, and became loyal to him after their betrayal by the western world. Big Boss himself, on the other hand, only saved them with the intention of having them serve as his soldiers on the battlefield. He later fled with the survivors to Central Asia.

In 1997, Big Boss and his forces fought in the Mercenary War, taking over the fledgeling nation Zanzibar Land. With Big Boss as it's president, Zanzbar Land became his military nation, with war orphans from across the Third World and raising them as soldiers. The children saw Big Boss as a father figure, which only made them easier to indoctrinate. Gray Fox, who was already embittered towards the West, was recruited by Big Boss to serve as his lieutenant, and Big Boss also planned to construct a new Metal Gear.

*Metal Gear 2: Solid Snake*

In December 1999, Zanzibar Land kidnapped Dr. Kio Marv to hold the world hostage without his OILIX formula. Big Boss had to contend with Solid Snake, who had been sent to rescue Marv and OILIX. After CIA agent Holly White was captured by Zanzibar Land forces and imprisoned, Big Boss, anticipating the likelihood of Snake rescuing her, had one of the children posted near her cell to report whether he was nearby, as Holly denied Snake's presence. Though Big Boss had the advantage against Solid Snake, Gray Fox was defeated and Metal Gear D was ultimately destroyed, leading to Big Boss personally confronting Snake in the underground base.

Big Boss laid out his rationale for a world of perpetual warfare to Snake, appealing to the part of him that craved war. Having spent his entire life on the battlefield, Big Boss could not conceive of a world without war, and stated that the best soldiers were otherwise dead weight and useless when removed from the battlefield. After Snake rejected his beliefs, Big Boss paraphrased the final words of his own mentor, before challenging his unarmed subordinate to one final battle. During the intense battle, Big Boss fought long and hard, but was eventually defeated when Snake pieced together a flamethrower (with advice from Big Boss's former XO, Miller). While engulfed in flames, Big Boss still refused to concede the battle, screaming "It's not over yet", before he eventually collapsed from severe burns.

## Legacy

Big Boss's clone, Liquid Snake, became bitter towards his "brother" Solid, as Liquid wanted to personally get revenge on their "father". He would become the leader of FOXHOUND and launched an insurrection at Shadow Moses, as he was convinced by Revolver Ocelot to do so. During the incident, Liquid revealed to Solid Snake that they were clones of Big Boss, and that he wants to get revenge on his "brother" for taking his chance to kill the legendary hero. Solid Snake managed to defeat Liquid, who succumbed to the FOXDIE virus.

As eventually revealed in *Metal Gear Solid 4: Guns of the Patriots*, While Big Boss was left all-but dead, the Patriots revived him with nanomachines, leaving him in a comatose state, as they followed Zero's direction to have Big Boss act as an icon. Big Boss's DNA and biometric data was used for the Patriots' ID recognition system, the use of which allowed access to their AI network.

### *Metal Gear Solid 4: Guns of the Patriots*

Around 2014, Big Boss was put back together with some of Solidus Snake's body parts, and awoke from his coma upon the destruction of the Patriots' system. After awakening, Big Boss decided to hunt down Major Zero, as the last surviving Patriot, and retrieved his hidden location in the JD AI. When Big Boss found him, however, Zero had been reduced to a vegetative state. Seeing that the Patriots was at an end, Big Boss traveled to the Boss's grave at Arlington cemetery along with Zero, where he saw the aged Solid Snake attempting to commit suicide. Big Boss revealed himself to Snake, and after a brief confrontation, assured him that he no longer felt any hatred towards him.

Big Boss explained how he returned and the situation revolving around the Liquid Ocelot ruse. He then elaborated on the history of the Patriots, and what happened between him and Zero. Feeling deep pity for what had come between them, Big Boss mercy killed his old friend by turning off his life support. Feeling the symptoms of FOXDIE, which he knowingly contracted from Snake, he assured him that he would not die of the infection. Big Boss, after reflecting he was metaphorically dead ever since he killed the Boss, apologised to her grave, admitting that he was wrong about her will, saluting her one last time. After sharing one last smoke, and telling David that he should spend what time he had living in peace, John peacefully passed away besides the Boss's grave.

---

When he was done we were shocked.

Nico: Whoa man!

Qin: He is pure evil!

Camie: Yeah. What a monster.

Laney: We're not going to let him get away with this.

Me: So he's a Rogue member of your group.

Snake: That's right.

G1 Venom: Who was once a respected soldier is now a terrorist.

Me: Yep. And that makes him a traitor. Now he will pay for his crimes.

Qin: Yeah.

Varie: He needs to be destroyed.

Laney: We're not going to let him get away with all his crimes.

Lola: So many people died all because of him.

Snake: (to Nico) Still on Ambassador mission break, huh?

Nico: I don't like it. But it's needed.

Count Nocturne: At least until the Dino Fury Rangers finish up.

Me: Yeah. We've been going at it for 6 months. But patience is a virtue.

Qin: We just got to wait a little while longer.

Eli: Yeah.

Papillon: Well, we can always start them again in November.

Nico: Yeah we could.

Qin: Yeah.

Quiet: Don't give up hope guys. Besides you can hold out till they finish.

Lincoln: Yeah we can.

Sakura Valencia: I believe in all of you.

Me: Thanks Sakura.

Sakura Valencia was on my lap and so was Misty Tredwell with Camie sitting by me.

Snake: (sees Sakura Valencia's attire) Um…

Fireor: Don't ask.

Me: Long story.

Quiet: I think she looks amazing.

Qin: I do too.

Me: But it was because of the Satanic Curse her evil parents put on her. But I don't mind this one bit.

Nicole: This is something I can live with too. Dad always had a charm. As long as it's not like Jiraiya.

Snake: Oh.

Snake: Did you try using your powers to get her clothes back on her?

Nico: That's the first thing I tried!

Ring Man: Nico snapped his fingers at least 24 times when he got home!

Me: Watch.

I snapped my fingers and gave her new clothes. But they bursted into dark flames and were destroyed.

Me: See?

Snake: Oh.

Me: The Curse's power is far too strong.

Qin: Geez.

Twilight Sparkle: Yeah.

Me: I don't know what kind of dark magic her parents used on her but this is unlike anything we've ever seen.

Nico: Yeah.

Hydros: So, yeah. If you think our powers can fix EVERYTHING, now, it's sometimes an exaggeration!

Snake: I think we get the point.

Me: Yeah. There are some things we CAN'T fix. But cut us some slack we're only human.

Snake: We know.

Qin: Yeah.

Laney: But the curse doesn't affect weapons and fashion accessories thank goodness.

Quiet: At least that accounts for something.

Nico: Yeah. Lets stay focused on the task at hand. We need to worry about taking down Big Boss.

Sakura Valencia: I agree too.

Camie: Same with me.

Runabout: Now, he can't use Metal Gear Rex.

Me: No he can't. But that was so awesome facing him. We.

Irma: It sure was.

Me: But no reason WE can't use Metal Gear Rex.

Lola: Yeah he makes an awesome tool.

Lisa Loud: Indeed.

Qin: Yeah.

Zs'Skayr: Snake, if you thought the Super Smash Bros tournaments were hot, wait until you see the usual battles.

Me: They are the most fun of all the battles we have.

Snake: I heard so much about those.

Me: Yep. And Quiet you are going to love your archenemy. She is one of Sailor Moon's enemies.

Sailor Moon: Oh I have a feeling this will be awesome.

Qin: Yep.

Snake: Lets head to the training yard for you all to show us.

Me: Awesome.

We went to the training yards for the organization.

We arrived and then Vortex, Cad Bane, Loki, Trickster, Molten Man, Gearhead, Ghost, Whiteout, Plastique, and Firefly appeared.

Nico: Vortex, Cad Bane, Loki, Trickster, Molten Man, Gearhead, Ghost, Whiteout, Plastique, and Firefly.

Vortex: Looks like the Super Smash Bros gang is almost back together, huh?

Snake: Sure looks like it.

Cad Bane: I really do hope you guys recruit the Ice Climbers in the future.

Loki: I'm hoping for that as well.

Me: We just have a couple more games to cover and then the entire Super Smash Roster will be added to the team.

Nico: Yep.

Trickster: (to Nico) Heard you fought Yakra XIII.

Nico: We sure did.

Molten Man: Was he really that tough?

Me: Nah. He was a walk in the park for us.

Eli: He was no match for all of us.

Qin: That's for sure.

?: That is cool.

A figure came out and it was SAPPHIRE WORLD from episode 46 of Zenkaigers!

---

He was on top of the building where he used his Kira Mace to fired his Sapphire Eye, causing victims hit by the beam to go crazy for different kinds of jewelery.

During the chaos, the Zenkaigers showed up to stop the World as they confront Sapphire World where he is almost mistaken him as Diamond World. With this Sapphire World used his Kira Mace and fired the beam at Magine, Vroon, Gaon and Juran making them go crazy for jewellery, leaving Kaito to fight Sapphire World on his own as Super Zenkaizer.

After dealing some damage towards Sapphire World, he was then destroyed by the Super Zenkai Super Buster, thus reversing the effects of the Sapphire Eye and causing everyone to return back to normal.

---

Kaito: Sapphire World!

Sapphire World: Yep. That was my doing.

Qin: Wow!

Raimundo: Her name is Aimi Shinobikaeru and she is the cousin of Mai Shiranui.

Fluttershy: She taught Lincoln some shinobi movies and that is really cool.

Tornado Bolt: Boy it sure is. Her story is awesome too.

* * *

Aimi Shinobikaeru: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Aimi, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Aimi Shinobikaeru: (Japanese Accent) That's incredible.

Nico: It sure is. So, Aimi, what's the story on why you hate Lori, Luan, and Lisa with a burning passion?

Aimi Shinobikaeru: (Japanese Accent) You're not going to like this one bit, Nico. One day, Lincoln and I were at the forest and we were busy with our lesson on how to be silent and also, striking hard and fast. But, as we were still continuing on with our lesson, Lincoln heard the sound of a gun firing, and I dodged a bullet heading for me. Then, we saw three figures come out of the bushes, they were none other than three of the five meanest sisters in The Loud Family: Lori, Luan, and Lisa, and they had guns in their hands, their eyes were red with hatred and murderous insanity, and demonic grins on their faces. But then, they aimed their guns at Lincoln, and I got in between him and them, and still driven by the desire to kill me and make Lincoln suffer, they pulled the triggers and I got hit in the stomach, arms, and legs. Lincoln saw it, and he was horrified, and he ran over to me. They laughed cruelly, and then, they were about to fire again and kill Lincoln, but Lincoln struck first and he fired three blasts of light and disarmed them of their guns, and then, in a fit of anger, he pounced on them and he proceeded to pulverize them badly. Then, he chained them to trees with shadow chains, and then, he went over to me and he bit me on the neck, and he not only fed on my blood, but it also caused the bullets to be pushed out of my body, and my blood wound up back in my body. I was so thankful to Lincoln for what he did to save my life, but we weren't done yet: we then saw Vanzilla arrive, and Mr. and Mrs. Loud, along with Leni, Luna, Lynn, Laney, Lucy, Lana, Lola, and Lily arrive at our location. We then told them of what Lori, Luan, and Lisa did to me, and Lincoln filled in the rest, and when we were done, they were all really horrified.

We gasped in shock.

Nico: What?! They shot you multiple times, that's just evil!

Lincoln: Beyond evil, Nico. Leni, Luna, Lynn, Laney, Lucy, Lana, Lola, and Lily were extremely furious at them, and they wanted to beat them up badly. But, Mom and Dad decided on a better punishment for them: the three of them were sent to jail and were put in The Scared Straight Program for five weeks, and it showed them what awaited them if they didn't clean up their act.

Lynn: Of all the evil things they've done, that was the worst, and because of it, Aimi hated Lori, Luan, and Lisa with a burning passion, and if they cross her again, she'll kill them, and that's a big mistake to cross someone who's trained in the art of ninjutsu.

Luna: Yeah, and after they got back from jail, Leni and I kicked Lori and Luan out of our rooms and told them to go sleep in the basement, we were still mad at them, and Lisa was forced to go sleep in her bunker, because if she tried to sleep in hers and Lily's room, she'll spray her with onion water.

Lily: And I had a lot of onion water saved for her, in case she tried anything stupid.

FLASHBACK ENDS

Trickster: Oh my goodness! Lori, Luan and Lisa shot her all over! Those dark sides of theirs!

Stealth Elf: Yeah no kidding. They were evil incarnate.

Agent Alpha: As J.D. knows, I've done some personal re-modelings since me and K parted company and since me and the team first battled. These days…

Alpha took off his black tuxedo and tie and she saw a horrible and gross transformation! He had 6 limbs come out of his back. Two of those limbs were the heads of aliens and the rest were tentacles. His neck grew longer and his arms had spikes on them and he had 3 more alien hands and 3 alien mouth arms and 4 more tentacles come out of his chest! He was a grotesque mutant monstrosity!

Alpha: I'm fully loaded!

Elaine Sustrai was shocked and horrified!

Elaine Sustrai: WHAT IN THE NINE FUCKING LEVELS OF HELL HAVE YOU TURNED YOURSELF INTO!?

Me: That was my first reaction when we saw him like this.

Elaine Sustrai: This guy has really gone off the deep end!

Me: We get that a lot.

Qin: Yeah.

Lea: Now, let's go find Big Boss!

Me: You read my mind.

Zexion: Where is he right now?

Eli: He's over in a hidden island underwater off the coast of the Mount Cleveland Volcano.

Qin: Wow. That's not far from here.

Nico: No it's not.

Snake: Then we need to get ready and lock and load.

We got our weapons and locked and loaded and we were ready.

Nico: All set?

We nodded.

Me: We're ready.

Nico: Get ready Big Boss and FOXHOUND, (Eyes Glow Red) You are going to pay for everything you did!

We were off to the underwater lair of FOXHOUND!

---

We were underwater in our stealth submarine.

Demyx then appeared with us.

Maria: Thanks for coming, Demyx.

Demyx: Not a problem. This is gonna be so awesome and fun.

Qin: It sure is.

Me: I have a plan. First will be Demyx's talk and then Sakura will show her sex appeal. You'll love this one.

We arrived at his lair and got out and hid.

Demyx went up to Big Boss.

Big Boss: So, the slacker of Organization XIII confronts me? You don't look that tough.

Demyx: (grins, remembering his second fight with Sora) You shouldn't judge anyone by appearence.

Big Boss: We'll see.

Demyx: Then maybe you need a good show before the big fight. (WHISTLES)

Then seductive music played and walking in seductively was Sakura Valencia and she was really showing off.

Sakura Valencia: (Seductive tone) Hello big boys. (Shows off) Like what you see?

Then she showed off and then many of the men got hearts in their eyes and then blasted off with powerful nosebleeds and it was so funny!

CRASH!

Some of them smashed their skulls on the walls and killed themselves. Then the spirits of the military appeared and then swirled around Big Boss and then converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above them and fireballs rained down and blasted the soldiers all over and then a phoenix cry was heard and we came out.

Me: Big Boss your reign of terror ends now!

Big Boss: Team Loud Phoenix Storm!?

Qin: That's right!

Snake: You will pay for everything.

Big Boss: We'll see. That's quite a sexy woman you got there J.D.

Me: Sakura has always had that amazing charm.

Misty Tredwell: And she is awesome.

Big Boss: Indeed but You idiots think you can stop me? By the time I'm done, the whole world will be in endless war.

Me: Fat chance motherfucker!

Nico: Pal, you're either crazy or delusional. Or even both!

Me: I would say both! That's why we came to kill you.

He then pulled out a machine gun and fired it and using lightning fast speed and power I grabbed all his bullet slugs and he ran out of ammo. I dropped them onto the ground.

Me: I believe these are yours.

Qin: Nice one.

Lucca: Fast isn't he?

Big Boss: Batlings!

An army of Batlings appeared.

Erica Haddock: Battlings!

Me: Now we're talking!

Nico: Yep.

Erica Haddock: I got these guys.

Erica went at them and like what she did with Cyclopter's battle she pulverized and smashed and bashed them all down and destroyed them in an instant with incredible martial arts moves. It was incredible and awesome. Big Boss was angry and infuriated. She was really going at them and blasting and bashing and ripping them apart. When it was done 45 minutes later she came back.

Erica Haddock: How was that?

Me: That was great Erica!

Nico: Yeah it was!

Big Boss: That was very impressive fighting. You have some amazing skills. But that was just an appetizer. HERE COMES THE MAIN COURSE!

He summoned an EVEN LARGER MASSIVE ARMY OFO BATTLINGS!

Nico: WHOA MAN!

The Batlings jumped them and Snake and his friends lay defeated at the hands of the Batlings.

Big Boss: (chuckles evilly) You should've just stuck with doing things alone, Solid Snake. Because now, your friends get to die with you.

POW!

I punched Big Boss in the face.

Me: You make me sick Big Boss!

Aligned Sideswipe: (slashes a Batling) I'm up to any suggestions if you guys have any!

Irma then got an idea.

Irma: (to everyone watching) Everyone out there! Lend Snake and his friends your strength! They get stronger with your support! When I go "1,2", shout "It's Showtime"! Okay? 1,2…

All: IT'S SHOWTIME!

Irma: One more time! 1,2…

All: IT'S SHOWTIME!

Irma: Louder! 1,2…

All: IT'S SHOWTIME!

Jamesdean5842: IT'S SHOWTIME!

At this, Snake found the strength to get up.

Snake: I don't regret having my friends help me, Big Boss. And you're about to find out why!

Snake then tossed a grenade at a Batling and it exploded, destroying it.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion destroyed it and many Batlings.

Big Boss: WHAT!?

POW!

I kicked him in the face and kicked him all over.

Snake: Thanks for the help, everyone.

Quiet: I didn't think we'd be that popular.

Gustava Heffner: Neither did I.

Nicole: You've been very popular since July 7th, 1987.

Irma Lair: That's it, I've had it up to hear with you to last an eternity, Big Boss.

Suddenly, Irma Lair's greenish-blue eyes turned greenish-blue, and she was surrounded by a pink energy aura with water, quintessence, life energy, and angels, she unholstered her massive Sword of Kandrakar from her back, and as she approached Big

Boss, she left pink energy, water, quintessence, life energy, and angels with every step.

Irma Lair: You really make me sick, Big Boss, you've not only caused more than enough problems for Snake and his team, but you and all of FOXHOUND have also been causing nothing but mayhem and chaos to the entire world. As The Kandrakar Guardian of Water and member of Team Loud Phoenix Storm, I will make you pay for the suffering that you've caused.

Suddenly, Irma Lair was surrounded by a massive vortex of pink energy with water, quintessence, life energy, and angels surrounding it, there's an angel flying around the vortex, and in the vortex is an orange phoenix. Then, as the vortex faded, Irma Lair emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Irma Lair grew to 6'5" in height, she has the body of a goddess, she has aqua blue highlights in the bangs of her long shoulder length light-brown and slightly wavy hair, she has neon greenish-blue eyes and a pink energy aura with water, quintessence, life energy, and angels surrounding her, she has a phoenix with the Water Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with aqua blue gems for eyes and the Water Kanji in its claws and her Crystal Necklace of the Buddha with aqua blue crystal links and a phoenix with aqua blue gems for eyes and holding the Water Kanji in its claws for the pendant, she has on a long-sleeved pink blouse with aqua blue phoenix on it, pink skirt with life energy on it, pink pants, pink high heels, and a pink long sleeveless trenchcoat with phoenixes and water waves on the coattails and on the back is a phoenix with water surrounding it. Suddenly, Irma Lair felt a sharp pain on her back, and then, massive brown angel wings with aqua blue tips on the large brown feathers, grew and sprouted out from her back. Irma Lair has on a Ring of The Phoenix with black-blue gem and heart shaped gem embedded in it on her right ring finger and White Lantern ring on her left ring finger.

Suddenly, Irma Lair's massive Sword of Kandrakar and the other swords she's gotten throughout the treasure battles began merging together, and they were surrounded by a kaleidoscope of pink energy, water, life energy, quintessence, and angels, and when it emerged, it's transformed into Kandrakar's Water Quintessence Greatsword of Maelstrom Magical Justice, it's a brand-new greatsword with the symbol of Water and the symbol of Kandrakar etched on the 7'0" massive, wide, double-edged pink blade, large fairy wings for the crossguard, large aqua blue gem embedded in the rainguard, longer black handle, and large blue gem surrounded by angel wings for the pommel, she has on her new Bracelets of the Champions of The Universe with large aqua blue gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with aqua blue gems for eyes and large blue gem in its beak for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and her Eater of Sins revolver holstered on her left hip. There's an orange kanji below the phoenix that said, "Irma Lair, Guardian of Water, Loving Daughter of Tom Lair, Friend of Hay Lin, Taranee Cook, Will Vandom, and Cornelia Hale, Destroyer of Dark Nerissa and Phobos, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Friend to Many, Amazing and Powerful Student of Amazing and Powerful Teachers, Amazing Member of Team Loud Phoenix Storm, and Master of Water, Quintessence, and Life Energy"

Rarity: I knew there was no mistaking those repulsive voices from anywhere. You can come out now, Diamond Dogs.

Three canine figures came rushing at us and tried to grab Rarity, but Lincoln sent them flying with three punches and sent them crashing into the ground, and we saw them get up, and the canine figures were none other than The Diamond Dogs, Equestria's gem-greedy mutts.

Nico: The Diamond Dogs, Equestria's gem-greedy mutts, I should've known you three would show up again.

Diamond Dog: And now, we'll take our gem catcher and go!

The Diamond Dogs were about to grab Rarity again, but Lincoln fired three blasts of rainbow energy with rainbow super lightning and electrocuted them badly. This angered them and they were about to attack, but Lincoln's deep sapphire blue eyes turned blood red with slit pupils and his vampire fangs grew longer.

Lincoln: If you mongrels so much as lay one hair on my future wife, I will drain you three dry of every last drop of blood and have your hides nailed to the wall!

This really frightened The Diamond Dogs badly and their fur turned white as a ghost.

Irma Lair: Whoa, way to frighten them, Lincoln, and he's right, you mutts aren't going to lay one paw on Rarity again.

Suddenly, Irma Lair's greenish-blue eyes turned greenish-blue, and she was surrounded by a pink energy aura with water, quintessence, life energy, and angels, she unholstered her massive

Sword of Kandrakar from her back, and as she approached The Diamond Dogs, she left pink energy, water, quintessence, life energy, and angels with every step.

Irma Lair: I should've known you mutts would return yet again to kidnap Rarity to get more jewels to satisfy your greed, but that's not going to happen ever again, Diamond Dogs. You're not getting your filthy paws on Rarity again, and I'm going to see to it that you three are put in the doghouse of shame forever!

Suddenly, Irma Lair was surrounded by a massive vortex of pink energy with water, quintessence, life energy, and angels surrounding it, there's an angel flying around the vortex, and in the vortex is an orange phoenix. Then, as the vortex faded, Irma Lair emerged, but she was changed forever.

Irma Lair has on a Ring of The Phoenix with black-blue gem and heart shaped gem embedded in it on her right ring finger and White Lantern ring on her left ring finger.

Suddenly, Irma Lair's massive Kandrakar's Water Quintessence Greatsword was surrounded by a kaleidoscope of pink energy, water, life energy, quintessence, and angels, and when it emerged, it's transformed into Kandrakar's Water Quintessence Broadsword of Maelstrom Magical Justice, it's a brand-new massive broadsword with the symbol of Water and the symbol of Kandrakar etched on the 7'0" massive, wide, double-edged pink blade, large fairy wings for the crossguard, large aqua blue gem embedded in the rainguard, longer black handle, and large blue gem surrounded by angel wings for the pommel, she has on her new Bracelets of the Champions of The Universe with large aqua blue gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with aqua blue gems for eyes and large blue gem in its beak for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace on her right hip and her Eater of Sins revolver holstered on her left hip. Irma Lair has transformed into SUPER ANGEL ETERNITY INFINITY MAELSTROM KANDRAKAR QUINTESSANCE HEAVENLY PHOENIX ANGEL OF OCEANIC QUINTESSENCE LIFE AND WATER KANDRAKAR JUSTICE!

We were amazed by Irma Lair's Super Angel Eternity Infinity transformation, but when The Diamond Dogs saw it, they howled with rage and tried to attack her, but Irma Lair fired three powerful pink energy blasts with quintessence, life energy, water, angels, and phoenixes, and they hit The Diamond Dogs and sent them flying into a wall, but they're not out yet.

Nico: Wow, Irma's transformed, awesome.

The Diamond Dogs tried to attack again, but Celine Giachi Florres fired dark blue energy blasts at The Diamond Dogs.

Diamond Dogs: Hey, who do you think you are to get in our way, girlie?!

Celine Giachi Florres: Someone who refuses to stand here and let you hurt my friends, you repulsive apes. (Blue energy aura flares up) I am Celine Giachi Florres, The Champion of Rarity, The Alicorn Princess of Generosity and one of the 27 girls chosen by The Elements of Harmony to be The Element of Generosity.

This horrified The Diamond Dogs badly.

Diamond Dogs: Impossible, The Champions of Harmony have returned?!

Suddenly, Celine Giachi Florres' blue eyes turned neon blue, and she was surrounded by a purple energy aura with Alicorns, water, magic, and jewels, she unholstered her Sword of The Champion of Harmony from her back, and as she approached The Diamond Dogs, she left purple energy, Alicorns, water, magic, and jewels with every step.

Celine Giachi Florres: Diamond Dogs, I will never forgive you for what you've done in using Rarity to get jewels, you took advantage of Rarity's generosity and turned her into your slave, and that's an unforgivable act that warrants the administration of a severe punishment for you, gem-greedy mutts of Equestria.

Suddenly, Celine Giachi Florres was surrounded by a massive vortex of blue energy with gems, water, and magic surrounding it, there's an Alicorn flying around the vortex, and ocean waves were crashing behind the vortex, and in the vortex is a white phoenix. Then, as the vortex faded, Celine Giachi Florres emerged, but she was changed forever.

Celine Giachi Florres has on a short-sleeved aqua blue blouse, short-sleeved aqua blue dress top, light blue skirt with purple designs, light blue pants, dark blue high heels with fur, and sleeveless long aqua blue trenchcoat with jewels and ocean waves on the coattails, and an Alicorn on the back surrounded by jewels and water waves and on top of its horn is the Elements of Harmony. Suddenly, Celine Giachi Florres felt a sharp pain on her back, and then, massive aqua blue angel wings with white and purple tips on the large aqua blue feathers, grew and sprouted out from her back, with water and jewels falling from the tips. Celine Giachi Florres has on her Ring of the Phoenix with large blue gem and heart-shaped gem embedded in it on her right ring finger and Blue Lantern Corps ring on her left ring finger, and she has her cutie mark on her right shoulder.

Suddenly, Celine Giachi Florres' massive Sword of The Champion of Harmony and all of the swords she'd gotten began merging together, and they were surrounded by a kaleidoscope of aqua blue energy, water, jewels, and magic, and when it emerged, it was transformed into Rarity's Alicorn Greatsword of Water Generosity and Jewel Generosity, it's a brand-new massive greatsword with a

7'0" massive, wide, double-edged white blade with the cutie mark of Rarity and jewels etched on the blade, large yellow Alicorn heads for the crossguard, large purple gem embedded in the rainguard, longer black handle, and large yellow Alicorn heads with aqua blue gems for eyes and a large purple gem on the bottom of the heads for the pommel, she has on her large gold cuff Bracelets of The Champions of The Universe with light blue gems on her wrists, her Belt of Elemental Bravery with an Alicorn for the belt buckle and purple gems for the eyes and a large blue gem in its collar for the belt buckle on her waist, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a purple kanji below the Alicorn that said, "Celine Giachi Florres, Champion of Rarity, The Champion of Generosity, One of The Twenty-Seven Champions of Harmony, Destroyer of The Diamond Dogs and The Doomsday 23, Defender of Equestria, Ponyville, and Canterlot, Member of The Knights of The Friendship Table, and Master of The Powers of Water, Jewels, Magic, and Generosity"

セリーヌ・ジアチ・フローレス、レアリティのチャンピオン、寛大さのチャンピオン、ハーモニーの27人のチャンピオンの1人、ダイアモンドの犬とドゥームズデイ23の破壊者、エクエストリア、ポニービル、カンタロットの擁護者、フレンドシップ テーブルの騎士団のメンバー、そして水、宝石、魔法、そして寛大さの力のマスター

Celine Giachi Florres has transformed into SUPER ANGEL-ALICORN ETERNITY INFINITY MAELSTROM GENEROSITY ALICORN ANGEL OF WATER GEM GENEROSITY AND DIVINE GENEROSITY GEM LOVE!

We were amazed by Celine Giachi Florres' Super Angel Eternity Infinity transformation, but when The Diamond Dogs saw it, they went barking mad and tried to attack, but Celine fired powerful aqua blue energy blasts with gems, water, Alicorns, and magic, and it hits them and drenched them.

Me: P.U., wet dog!

Nico: Yuck!

Ken Knudson: And now, Celine Giachi Florres has transformed, awesome.

Celine Giachi Florres: (Divine Echoing Cosmic Voice of The Generosity Gem Alicorn and Divine Water Love) **That's right, Ken, now there's just two more who have to join in.**

Rarity: That's our cue, Linky. You ready?

Lincoln: Ready, my Alicorn Princess of Water Generosity.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and Rarity unholstered her massive Rarity's Alicorn Sword of Magical Generosity and Water Justice from her back and transformed into Super Angel-Alicorn Eternity Infinity Maelstrom Gem Alicorn Angel of Water Generosity and Divine Gem Love, and they joined Irma Lair and Celine Giachi Florres.

Rarity: (Divine Echoing Cosmic Voice of The Generosity Alicorn and Divine Water Love) **You Diamond Dogs better be ready.**

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Because, we're coming for you, and no mercy shall be shown to any of you.**

Irma Lair, Celine Giachi Florres, Rarity, and Lincoln went after The Diamond Dogs, and they fired powerful blasts of rainbow energy, purple and white energy, blue energy, pink energy, life energy, quintessence, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at The Diamond Dogs, and they exploded with incredible power as they hit them, and they were being burned badly by The Magic of

Friendship. Then, they attacked them with their massive greatswords and they left painful scars on them, and because of the purity of the attacks, it burned them badly, and the wounds they suffered would never heal. Then, they tied them up in rainbow energy straitjackets and rainbow energy chains, so they couldn't escape.

Irma Lair, Celine Giachi Florres, Rarity, and Lincoln holstered their massive swords on their backs and powered down, and Irma Lair and Celine Giachi Florres' new bodies, clothes, weapons, jewelry, and massive angel wings are permanent.

Diamond Dogs: Fine, so you got us? Go ahead and get it over with.

Lincoln: You really think we're going to kill you? Oh no, you three aren't getting off that easily. Instead of getting killed, I have a better punishment for you: you three are condemned to eternal servitude in The Masters of Evil, and to make sure you three don't pull one dirty double-cross on Vypra.

Lincoln spreads his massive white angel wings with stars and orange and aurora-colored tips on the feathers and fired deep blue energy blasts with lightning and rainbow super lightning, which hits The Diamond Dogs and the Thunderbird tattoo appears on their backs.

Lincoln: If you three so much as pull one double-cross on Vypra, the Thunderbirds on your backs will spread and once they reach your hearts, you will die and be sent to The Black Gates for good. Now, to send you off to prison.

Lincoln beamed them to The Masters of Evil's prison where they'll remain there for a very long time.

Nico: Alright, we did it, we got rid of Big Boss and FOXHOUND's been terminated for good, and we also defeated The Diamond Dogs and Lincoln condemned them to eternal servitude in The Masters of Evil, but also, gave them The Hinon's Vengeance Curse.

Me: Because, as he said, one double-cross and it's The Black Gates for them. And we've completed our 2022 Ambassador Missions.

Lincoln: Awesome. But, the battle against The Doomsday 23 is still going, but so far, we've taken down Nightmare Moon, Queen Chrysalis, and The Storm King, and now, we've taken down The Diamond Dogs.

Nico: Which means tomorrow, Athena Wendolla's going to transform, and it'll be against Mean Rainbow Dash, The Element of Treachery.

Athena Wendolla: I'll make that treacherous Pegasus pay with her life.

Rainbow Dash: Ruin my name, will she? She's going to get it big time, and I'll probably serve her to Linky as a snack.

Nico: (Gasps) Throwing your Mean self to Lincoln?! Ooh, I wouldn't be surprised if he drains her dry of all her powers and blood.

Lincoln: That treacherous Pegasus doesn't deserve to live a single second further, what she did in trying to ruin my future wife's good name and in the service of that hate-filled bug, Queen Chrysalis, proves that she deserves only death.

Me: Yeah.

Nico: You got that right.

Gearhead: Well, that's gonna be the last big mission for the year for a while.

Ghost: At least until Dino Fury.

Me: Yep. It's the Semi-final mission as we called it and we closed it out with a bang.

Whiteout: But on the bright side, the Super Smash Bros Roster is nearly complete.

Plastique: Got that right.

Me: Yep.

Firefly: Where should we celebrate? In Snake's base or in the Estate?

Nico: Lets celebrate at the Estate.

Firefly: Good idea!

Qin: Yeah!

Nico: But great job everyone! We did great today.

Quiet: (To the viewers) This was an awesome adventure. Hope you all liked this one.

Qin: We all did.

Nico: Yep. Lets go hiome.

We went back home and partied and enjoyed the rest of the day and then went to sleep.

THE END

Flying through the voids of space was Nico, The Ripping Friends, Jimmy (Ed, Edd N Eddy), Woz, Bai Tza, Sabrina Lorelai the Despair from The Dark Gene-Slammer, Albedo, The 1983 D&D Gang, Irina Krafla the Granity Gene-slammer, Kora Lexxington, Olivia Houou, Nataša Marečková, Nalanie Nanthavong The Vorash Gene-Slammer, Daring Do, Lizzie Strong the Great Blue Windrunner Gene-slammer, Emam Reynolds the Living Tsunami Gene-slammer, Wendy Sapphira, Reggie Hjorleifsstræti the Five Headed Dragon Gene-Slammer, Qin, Miku Yuuki, Granity, Rei Miyamoto, Saya Tekagi, Saeko Busujima, Shizuka Marimoto, Hibiki Riders, Kabuto Riders, Den-O, Kiva, Decade, W, OOO, Fourze, Wizard Riders, Gaim Riders, Drive Riders, Ghost Riders, Ex-Aid Riders, Build Riders, Zi-O Riders, Zero-One Riders, Granity, Changeman, Jetman, Dairangers, Zenkaigers, Chloe Bourgeois, Rita Loud, The Goths of Darkness, Zarya Moonwolf, Applejack, Apple Bloom, Twilight Sparkle & Friends, Rachel Stavenport, Carol Pusateri, Kia, Jenna, Lina, May, Kaalia of The Vast, Maria, Varie, Sakura Valencia, me, Xenia the Xerneas, Bhavna Radhakrishnan the Xerneas Gene-Slammer, Bridgette, Eli, Arrietty, Aylene Carter, Gabrielle, Littlefoot and friends, Fu, Nicole Knudson, Kaina Tsutsumi, Nick Logan, Sh'Lainn Blaze, Camie, Kaoruko Awata, Himiko, Ibara, Toru, Sirius, Tsuyu, Ochaco, Momo, Girl Jordan, Earth, Vinyl Scratch, Lincoln, Laney, Lana, Lola, Lisa and Lily and we were heading to yet another awesome and amazing planet. But this one wasn't a food planet. It was a jewel planet and we won't know what this planet will be until we get there.

Nico: I have a feeling this planet is gonna be a really awesome and amazing one.

Qin: I do too.

Lola: I hope this jewel planet is gonna be as awesome as the one we were at before.

Rarity: I hope so too darlings. And you know how much I love using gems.

Nico: That's for sure Rarity.

Camie: Yeah.

Nico: Thanks for coming with me, Jimmy.

EENE Jimmy: It's no problem Nico. It's gonna be so awesome going with you guys on a great rescue.

Miku Yuuki: It sure is Jimmy.

Sakura Valencia: I agree too.

Laney: After all the crazy and funny shenanigans you went through it'll be fun for you.

Nico: Jimmy, I don't think you're puny at all.

Jimmy: Not at all. Thanks Nico.

Nico: No problem.

Camie: How did Jimmy get that retainer?

Me: The Eds did a scam for desserts and Jimmy bit into a bowling pin disguised as a Cream Horn and it broke all his teeth.

Camie: OUCH!

Qin: Yikes!

Laney: Yeah that must've hurt.

Lola: No kidding there.

Eli: Yeah and Sarah was going to kill the Eds for what they did.

Lana: Yeah.

Jimmy: That was before the Vengeance Express broke out.

Nico: But I know you're a kindhearted soul. Except for that one time.

Jimmy: Yeah. That's true.

Qin: Yeah.

Nico: But still all those funny adventures you did were awesome.

Camie: They sure were.

Lola: Yeah.

Maria: And you, Jonny and Rolf and Carmen being in the Urban Rangers is awesome.

Jimmy: It sure is.

Nico: (sadly sighs) Can't believe yesterday is the last big mission for a while.

Me: I know man but it'll be all right. Besides we just have to wait for the Dino Fury Rangers to finish up.

Qin: Yeah Nico it's not the end of the world.

Sakura Valencia: There will be plenty of time till then too.

Camie: I agree too.

Lola: Yeah.

Jimmy: The girls and J.D. are right Nico. We just have to wait patiently for it.

Nico: You're right. But I guarantee that the first big mission for 2023 will either involve Kamen Rider Dragon Knight or Egon's old students.

Me: That one I'm looking forward to.

Qin: Me too.

Sakura Valencia: Me too.

Girl Jordan: That is gonna be so awesome.

Nico: We're here.

We arrived at the planet and we saw that it was a beautiful blue planet and it looked like an ocean world from space.

Camie: Wow! This planet is beautiful.

Nico: It looks like an ocean planet from space.

Qin: It sure does.

Aylene C.: Yeah.

We flew down to the planet and we landed and too our amazement we saw that it was a planet made of blue diamonds and sapphire jewels! There were tons and tons of blue diamond and sapphires as far as the eye can see!

Me: WHOA!

Eli: Wow! Look at this!

Me: It's a planet of Blue Diamonds and Sapphires!

Qin: This is incredible!

Nico: You can go crazy now, Rarity.

Rarity: Oh this world is beautiful!

She dove into a pile of jewels and she was in heaven!

Rarity: Oh this is amazing darlings!

Lola: Wow! Look at all this.

Lana: This is awesome.

Rainbow Dash: Wow! First a world of diamonds and now this.

Twilight Sparkle: I know what Spike would do. He would eat as many gems here as possible.

Nico: Knowing him and how much he loves to eat jewels that would be awesome for him.

Jimmy: Boy this is amazing.

Twilight looked at some of the jewels and they were all internally flawless and perfect.

Twilight Sparkle: Wow these are all flawless and perfect.

Nico: Boy these would be awesome for jewelers everywhere.

Me: Wow.

Woz: Do not be sad, Lord Nico. These are not the end of the Ambassador and Big missions.

Nico: Oh I know it's not the end. But this entire year has been one awesome and amazingly fun series of adventures.

Me: I agree there.

May: It was so awesome.

Eli: Yeah. (Sees something) Huh?

Eli saw what looked like blood on the ground.

Eli: Hmm. Is this blood?

Eli was about to touch it but it moved and it almost grabbed him.

Eli: Whoa! Guys we got a problem!

We came over.

Me: What is it bro?

Eli: This blood here is alive.

I looked at it.

Me: Hmm. (Gasp) That's not blood! That's Symbiote Matter. This can only mean one thing: Carnage is here!

Kaito: (gets out Boukenger gear) We're in for a tough fight!

Zocks: (gets out Magiranger gear) Let's see how it likes magic.

Me: Wait we don't even know where he is.

Eli: Well we got to… Wait! I sense it's not just one Carnage.

Qin: Not just one? What do you mean?

Eli: I sense that there are hundreds! No THOUSANDS of them!

We gasped!

Me: Oh fuck me sideways!

Nico: Oh boy! This is gonna be a nightmare!

Varie: Wait look!

We saw a huge army of red coming over the hill and it was THOUSANDS OF CARNAGE SYMBIOTES! ALL WITHOUT A HOST!

Me: OH SHIT!

Eli: This is gonna be rough!

Kaito then got a Drive Lance and Zocks got a MagiStaff.

Me: Wait what's Girl Jordan doing?

We saw her going up to them.

Me: Oh no. She's about to do what I think she is going to do!

Sougo: (gets out Operation Overdrive Ridewatch) We should still get ready anyway!

Geiz: (gets out GeizRevive Ridewatch) No matter how pissed she's about to get!

Rider Time! Kamen Rider Geiz! Re-vi-i-ve Goretsu~! Goretsu!

Sougo got Operation OverdriveArmor while Geiz got GeizRevive Goretsu armor.

Me: This is gonna get ugly!

Girl Jordan then walked over to all the Carnage Army and she had a look of rage on her face.

Girl Jordan: I've had just about enough of you, you sick, good for nothing, pieces of fucking crap!

Suddenly, something within Girl Jordan's mind completely snapped, as her eyes turned neon ocean blue and she's surrounded by an ocean blue energy aura with sea dragons, ocean waves, sea animals, and snow, she unholstered her massive Ler's Sea Dragon Sword of Ocean Justice from her back, and as she approached Carnage (2021), she left ocean blue energy, blue fire, mermaids, ice, sea dragons, ocean waves, water, and sea animals with every step.

Girl Jordan: You really make me fucking sick, and you absolutely just don't even know when to quit, do you?! You ruined the lives of so many innocent people just to satisfy your endless thirst for blood. (Getting Very Pissed Off) But, what you did in forcing my mother to disown me when I got my powers and you've continued doing that to so many of the other kids… , YOU'VE CROSSED ONE FUCKING LINE TOO MANY, YOU FUCKED-UP AND COMPLETELY SCREWED UP PIECE OF CRAP! AND NOW, I WILL DESTROY YOU AND YOUR ENTIRE EXISTENCE IN THE MOST GRUESOME FASHION POSSIBLE, AND I WILL NOT STOP UNTIL I SEE YOU FINALLY LYING DEAD IN A POOL OF YOUR OWN FUCKING BLOOD AND BURN IN THE ENDLESS VOIDS OF DARKNESS FOREVER!

We gasped at the sudden and extremely ferocious anger coming from Girl Jordan.

Nico: (Stunned) Holy Crap!

Me: Oh boy.

Sakura Valencia: Can someone tell me why Girl Jordan's really that mad at Carnage?

Me: It's because when she got her powers from Ler long ago, Cletus Kasady A.K.A. Carnage had gotten her disowned by her mother, and he did to many of our friends, and all for his own sick and very twisted amusement. We killed him long ago, but Girl Jordan forever has an eternal hatred for him and she won't stop until he lies dead in a pool of blood and is forever erased from existence for good.

Eli: And based on what we just heard from her, she's going to make that come true.

Nico: And in her words, in the bloodiest and most gruesome fashion possible! HIT THE DECK!

We ran for cover behind a crystal cluster, and then, Girl Jordan let out a scream of insane rage and fury and then…

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of energy exploded out around her as she was screaming like a madwoman and the ground shook like crazy! Lightning struck all over the place with incredible power!

Nico: (GASP) IT'S UNREAL!

Me: WHAT POWER!

Sakura Valencia: UNBELIEVABLE!

Nico: HOLY SHIT! THAT IS INTENSE!

Eli: HOLY MACKEREL!

Laney: This is it.

Camie: Her power is incredible!

She screamed maniacally as she was surrounded by a massive vortex of ocean blue energy with ocean waves, sea animals, sea dragons, and snow and ice surrounding it, there's a sea dragon swimming around the vortex, and in the vortex is a yellow vortex. Then, as the vortex faded, Girl Jordan emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Girl Jordan grew from 6'11" to 7'5" in height, she had the body of a goddess, she has neon blue eyes and a neon blue energy aura with ocean waves, sea dragons, sea animals, snow, and ice surrounding her, she has a sea dragon with the Water Kanji on its tail emblazoned on her forehead, she has ocean blue highlights in the bangs of her long light brown hair and in her braided ponytail, and her massive light brown angel wings with ocean blue tips on the feathers and water dripping from them grew much bigger for her new body, she has on sea dragon earrings with ocean blue gems for eyes and the Water and Eternity Kanjis in its claws and her merged Thunderbird Necklace of Eternal Love with ocean blue crystal links and a sea dragon Element of Harmony with a golden Thunderbird and a sea dragon with ocean blue gems for eyes and the Water and Eternity Kanji in its claws for the pendants, she has on a yellow sleeveless blouse, sleeveless yellow midriff top with ocean blue phoenix on it, blue skirt with ocean waves, ocean blue leather combat boots, ocean blue weighted bands with silver phoenixes on her biceps and thighs and eight large ocean blue orbs orbiting around her legs, and a long sleeveless ocean blue trenchcoat with sea dragons, sea animals, ice, and ocean waves on the coattails, and a sea dragon surrounded by ocean waves on the back. The massive, wide, double-edged ocean blue blade of Girl Jordan's massive Ler's Sea Dragon Sword of Ocean Justice grew from 6'10" to 7'2" in length with the image of the Celtic God of the Sea, Ler, etched on it, and he was surrounded by a Celtic Knot circle, large ocean blue sea dragon heads for the crossguard, large yellow gem embedded in the rainguard, longer blue handle decorated with ocean blue dragon scales, four sea dragon dragon heads with ocean blue gems in its mouths and a large ocean blue gem below the sea dragon heads for the pommel. There's a yellow kanji right below the sea dragon that said, "Girl Jordan, Loving Daughter of Her Loving Parents, Athletic Dodgeball Angel Queen of Gotham Royal York, Loving Future Wife of Lincoln Loud, Eternal Xelnaga Destroyer of Bloodthirsty Serial Killers, Destroyer of Cletus Kasady A.K.A. Carnage, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, Emissary of Ler, Member of The Neptune Crusaders, and Master of Water, Mermaids, Ocean Dragons, The Sea, Snow, and Ice."

Girl Jordan has transformed has transformed into SUPER ANGEL XELNAGA ETERNITY INFINITY ATHLETIC MAELSTROM ARCTIC SEA DRAGON ANGEL OF MAELSTROM JUSTICE AND OCEANIC CELTIC LOVE!

We were amazed by Girl Jordan's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when all the Carnage Army saw it, the screwed up symbiote army laughed insanely like a bunch of fucked up lunatics and tried to kill her, but Girl Jordan fired a powerful ocean blue energy blast with ocean waves, sea dragons, mermaids, sea animals, snow, and ice surrounding it, and it hits the crazed symbiotes and obliterated many of them. Then, she fired powerful blasts of ocean blue fire at him, and really burned him badly.

Me: WHOA! She transformed!

Lincoln: We're not letting her do this on her own.

Nico: You're right. Come on, gang, let's get all those fucked-up psychopaths and put them all down for good!

Me: This time Carnage DIES!

We went to help her out!

We transformed and went after the Carnage army, who tried to attack us, but we dodged them, and we fired powerful blasts of fire, which really burned them all badly. Then, we fired soundwaves at them, and it really gave them all an earsplitting headache. Then, Lincoln fired waves of Anti-Venom symbiote slime at the Carnage Army and it really hurt them all badly.

Me: We've all had enough of you Carnage fuckups to last a million fucking eternities!

Girl Jordan: (Divine Echoing Cosmic Elemental Voice of The Celtic Sea Dragon, Mermaids and Oceanic Celtic Love) **You're going to die in a pool of your own blood. Now, it's your turn to suffer, Carnage Fuckers!**

Sougo: (to Girl Jordan) I hope you're still ok with Ultimate Alliance Carnage and Super Hero Squad Carnage still being with us.

Girl Jordan: **Those I can handle. But these? NO FUCKING WAY IN A MILLION HELLS!**

Nico: That we can agree on!

I fired waves of fire and blasted the Carnage Army all over!

Out in Space, The U.S.S. Valorous Phoenix was coming to the planet and they saw the explosions blasting off on the planet.

Vince: Whoa! There's a massive battle going on!

Celica: Whoa man! I wonder what it is.

Naruto: I hope bro is all right.

Vince: Lets get down there.

The ship was flying to the planet.

Aylene C.: Top this you freaks! (Activate's Pyros's Ridewatch)

Aylene danced and fired waves of fire at the Carnage Army ferociously and blasted and incinerated them all over and destroyed them all over.

The portal to the Black Gates was sucking them all in by the boatload.

Albedo turned into Negative Overflow.

Negative Overflow: Hope you don't mind competition, G.J.!

Girl Jordan: Not at all!

She and Negative Overflow blasted the Carnage Army with water and Nico fired waves of lightning and the water and lightning hit the Carnage Army and obliterated them with intense lightning.

But then proton torpedo bombs hit the Carnage Army and massive explosions all blasted the Carnage Army all over the place with incredible power!

MASSIVE FIERY EXPLOSIONS!

The rest of the entire Carnage Army was completely obliterated and banished to the Black Gates forever!

Nico: The entire team came!

Me: I called them to get the jewels here.

Nico: Awesome.

Until only one Carnage was left and it was the Carnage that we killed the First time in chapter 310!

Me: I know this Carnage! This is the Carnage we killed the first time!

Nico: This one doesn't want to be friends does he?

Ultimate Carnage: **FRIENDS!? CARNAGE IS CHAAAAAAOOOOSSSS!**

Me: This is the most fucked up version of Carnage ever!

He laughed like a completely fucked up lunatic!

Lincoln: Let's end him once and for all, Girl Jordan.

Girl Jordan: **Right. And now, this is where you fucking die, Carnage, and this time, may you never ever come back!**

Girl Jordan and Lincoln: BLACK GATES DRAGON FIST!

Girl Jordan and Lincoln fired dragons from their fists, which turned black thanks to the energy of The Black Gates, and the black dragons pierced through Carnage and he screamed in excruciating pain, and the energy of The Black Gates erased Ultimate Carnage forever!

Everyone came out of the ship as it landed and Girl Jordan holstered her massive Ler's Sea Dragon Sword of Ocean Justice on her back and powered down, and Girl Jordan's brand-new body, clothes, weapons, jewelry, and massive angel wings are permanent. Suddenly, Girl Jordan wrapped her arms right around Lincoln's waist, and her chest was pressed against Lincoln's massive and wide muscular pecs, which brought an atomic red blush to Lincoln's face, and when he felt tears on his bare chest, he knew what it was: she was crying really hard, and Lincoln wrapped his abnormally massive and powerful muscular arms around Girl Jordan's waist and he brought her into a tight embrace, and they didn't let go.

Lincoln: (Soothing Voice) Shh, it's okay, Girl Jordan, it's all over.

Girl Jordan: (Crying Really Hard) Oh, Linky.

This really really hurt us in our hearts, and we all had tears in our eyes.

Sakura Valencia: Poor Girl Jordan. Even though my heart is a demons I still am human and I feel bad for her.

Nico: Carnage really destroyed Girl Jordan's life really badly, I can't believe that someone could be that evil as Carnage and Cletus Kasady. Lincoln and Girl Jordan made the choice to give them The Black Gates for good.

Me: Yeah, they deserve to be forgotten for good. Same with all the other fucked up monsters of Carnage.

Then, we also joined in the group hug, and we comforted Girl Jordan.

Girl Jordan's Mom: Sweetie, what happened to you because of Carnage and Cletus Kasady, I'm so sorry that I…

Girl Jordan: This wasn't your fault, Mom, nor is it anyone else's.

Lincoln: What that monster did proved just what kind of despicable cretin that he really is, and he deserved to die and this time, he deserves to be erased from existence forever.

Nico: You're right about that, Lincoln. Carnage and Cletus Kasady are the worst monsters in the history of the world, and they've killed and harmed so many innocent people for the last time, and they deserve to die.

Then, as Lincoln leans down to Girl Jordan's face, they kissed passionately as Girl Jordan wraps her left arm around Lincoln's wider and muscular back, and she placed her left hand on Lincoln's massive and wide right pec, and right behind them was a

Thunderbird, Phoenix, and Angel flying in the air, along with a Sea Dragon behind them surrounded by ocean waves, and we also saw a herd of Buffalo running across the field, and the display of the elemental forces behind them, and we cheered for them.

Rarity: That monster deserved to die, and the damage he did to Girl Jordan may have left a scar on her and her family, but the scars will eventually heal now that Carnage is finally gone.

Nico: You may be right, Rarity, but those scars that he inflicted on her many years ago were so deep, it left her with anger and rage towards that monster, and she wanted to destroy him and make him suffer for everything he's done.

Me: But, now, those scars will finally begin to heal.

Everyone agreed, including Girl Jordan and her parents.

Nico: But we're not done yet. Vince, you and all the team get as many jewels as you can onto the ship.

Vince: You got it.

Geiz: But you're still okay with UA Carnage and SHS Carnage, right?

Girl Jordan: Yeah I am.

Me: But at least we're finally rid of Carnage forever.

Eli: Thank goodness. But if any of Cletus Kasady returns, Girl Jordan, let me and bro handle it.

Girl Jordan: Okay.

Me: Good.

Sakura Valencia: Boy Girl Jordan's hatred towards Cletus Kasady and Carnage must be really bad.

Me: That is a massive understatement Sakura. G.J.'s hatred and vengeance toward Cletus Kasady and Carnage is so powerful and intense that it completely dwarfs the hatred of the Evil Sasuke's.

Nico: Yeah.

Sakura Valencia: Whoa! That is brutal.

Qin: Yeah.

?: That is intense hate!

We saw a Black Cascan appear and it was ANOTHER OVERFLOW!

Me: Another Overflow!

Another Overflow: (In a girls voice) Man I saw the battle and that was incredible.

Me: I know that voice and I had a feeling it was you Cassidy Vallance.

Nico: You know her J.D.?

Me: I sure do. Her name is Cassidy Valiance and she is an Environmentalist. She is a member of Greenpeace.

Nico: Cool!

Me: Yep. She did all kinds of things that were totally justified. She destroyed tons of coal power plants because their smoke was poisoning the air.

Qin: Wow!

Me: And she destroyed numerous Chum Factories because they were killing animals. Uh sorry Fluttershy.

Fluttershy: Oh no worries. But thanks for apologizing for that.

Me: You're welcome. Also she destroyed lots of logging companies for chopping down the rainforests and jungles. She is a true environmental extremist.

Another Overflow: Good times.

Nico: That's incredible.

Me: Yep.

Nico: Did Swartz promise you anything?

Another Overflow: Just to help me bring an end to Pollution and save the world from all the stuff that is hurting the Earth.

Me: Swartz is already too late on that. We already did all that stuff and healed the planet and made it better than ever. It was during our most Charitable Week ever back in April of 2019.

I told her everything that happened from April 15h to the 22nd, 2019 and it was incredible and how we destroyed all the Ecovillains and even replaced the pollution producing plants with Water, Solar and Wind Power Plants as well as clean the oceans and the air and so much more and even picked up all the garbage and all that.

Another Overflow: Wow! You guys have been really doing a lot of Environmental Organizations a huge favor.

Earth: We sure have.

Me: Yeah.

Another Overflow: I knew Swartz was lying to me but I didn't know you guys already did all that stuff.

Me: Yep. We were really busy.

Another Overflow: Wow!

Sakura Valencia: That is amazing you guys did that.

Lola: It sure is.

Laney: We call those 8 Days the 8 Days of Planet Love.

Qin: Cool title.

Nico: Yep.

Laney: It was the first name I could come up with.

Me: But it still fits. Sorry we have to fight like this Cassidy.

Another Overflow: It'll be all right.

Me: Good. KIBAL LETS HOWL!

My steps will echo there from sand to stone
I Will never let my eyelids close on empty spaces
My dreams will find the void with tales unknown
Know the mighty infinite obscures the far horizon
The whispered road I take will never bend
Alone
And will the wind return my story to its promise
Or will my story chase me to my end

(THE SIRENS SONG FROM SAMURAI JACK PLAYS)

Sakura sang divinely with the power of the song of the sirens and then she fired waves of fire, wind and earth and blasted Another Overflow all over as she was singing. But her song was heard all over the universe as hordes of numerous alien criminals from all over came by the billions and then they dropped off all their treasure to us and then they turned themselves in and went into the Null Void, The Warp and the Black Gates all over the place!

We were absolutely amazed!

Qin: WHOA!

When the song was done we were floored!

Me: WOW! Sakura that was incredible!

Maria: Let's keep it up! But that was a massive bonus. Sakura saved us all the trouble of having to go after all those guys.

Me: Made all our jobs so much easier.

Qin: It sure did.

Laney: Yeah.

But then powerful blasts of fire hit Another Overflow and exploded all over the place.

MASSIVE FIERY EXPLOSIONS!

Me: WHOA! That was powerful!

We then saw The Night Dragon!

Me: The Night Dragon!

Night Dragon: (In a girls voice) Been a long time Nico.

Nico: Allora Faluzure! Wow!

She reverted back and she was a goth girl with black hair, pitch black angel wings, black clothes and she had a crimson red crescent moon emblazoned in the middle of her forehead.

Qin: Allora!

Allora: Qin!

They hugged.

Qin: Awesome to see you again.

Allora: You too Qin. I got this.

She fired waves of black energy and it hit Another Overflow and smashed her down and I caught the Ridewatch and purified it.

I went over to Cassidy and she was a girl with green hair and green clothes with the Earth on them and I picked her up.

Cassidy: (GROANS) What a headache.

Me: Are you okay Cassidy?

Cassidy: Yeah. Thanks to you guys.

Me: You're welcome.

I picked her up.

Allora: That was amazing though.

Jimmy: What's your favorite memory of Nico?

Allora: I have a lot of them but my favorite is when me and Nico used the forces of the dead and destroyed numerous crime organizations. As the Incarnation of Faluzure I have all of his incredible powers of Necromancy.

Qin: That's right I remember that.

Me: That's incredible!

Brittney: Wow! You would make an awesome addition to the Goths of Darkness.

Allora: I sure would.

Nico and Allora hugged.

Nico: I've missed you.

Allora: Me too Nico.

We later went back home and got tons and tons and tons of treasure and jewels and as a bonus we destroyed Carnage and even brought numerous criminals all over the universe to justice. And we also got many of their ships, weapons and technology and their weapons too.

Jonny 2x4: Plank and I are going with Lincoln next!

Nico: If you want.

Jonny 2x4: Woohoo! We get to go with Lincoln Plank!

Qin: You sure do.

Lola: Yep.

* * *

After Nico's rescue, Lincoln, Me, Ken Knudson, Nico, Eli, Nicole Knudson, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lisa, Lily, Lincoln's harem, Sherlock Hound, Noctis Lucis Caelum, Gladiolus Amicitia, Ignis Scientia, Prompto Argentum, Stella Nox Fleuret, Ravus Nox Fleuret, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, The Dynasty Warriors, The Samurai Warriors, Crash Bandicoot, Coco Bandicoot, Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, The Demon Slayer Corps, and Jonny 2x4 are heading to The Castle of The Two Sisters in Equestria, and not only is Lincoln going to rescue the five girls here, but we're also going to destroy Evil Celestia, the evil version of Princess Celestia.

Lincoln: Wow, we're here in the ruins of The Castle of The Two Sisters, and I know what we're going to do here, not only am I going to rescue the five girls here, but we're also going to destroy Evil Celestia, the evil version of Princess Celestia.

Twilight Sparkle: That's right, Linky, and luckily it's in the daytime, and not at night.

Applejack: Yeah, I regretted making that dare in the first place.

Me: What was the dare about, if you don't mind us asking?

Rainbow Dash: We made a dare as to who can stay the longest in The Castle of The Two Sisters and who can last the night.

Applejack: And when I was just a filly, Granny Smith told me of an ancient legend. When Nightmare Moon was banished to the moon, not every last bit of her dark magic went with her. Granny used to say, when night falls on the castle, that magic takes the form of… The Pony of Shadows!

We gasped in fright.

Lincoln: Whoa, now that's really scary.

Just then, Princess Celestia, Princess Luna, and Princess Cadence appeared.

Lincoln: Princesses Celestia, Luna, and Cadence, this is a surprise to see you here.

Princess Celestia: Sorry about the unexpected arrival, Lincoln, but as soon as we heard that my evil self was here, we had to come here.

Princess Luna: Yes, and I'm not going to let that monster ruin my sister's good name any longer.

Lincoln: Just like with Evil Luna and Solar Flare when we've been going after The Church of Necrom, and I want to thank you three and Jonny 2x4 for joining us.

Jonny 2x4: No problem, Lincoln.

Princess Luna: And we heard Girl Jordan transformed into her Super Angel Eternity Infinity Xelnaga form and destroyed the Carnages from all the universes that you all took down.

Lincoln: That's right, and we sent them all to The Black Gates forever.

Girl Jordan: And my deep scars will eventually heal, and I want to thank all of you for helping me out with this.

Nico: No problem, Girl Jordan, and now, we're rid of that monster for good.

Suddenly, Lincoln's massive white angel wings turn blue for Rainbow Dash, but the stars and orange and aurora-colored tips on the feathers remain the same.

Rainbow Dash: Just like what happened with Nightmare Moon, Queen Chrysalis, The Storm King, and The Diamond Dogs, your angel wings have changed to blue, Linky.

Lincoln: This means that Mean Rainbow Dash was here, and she was the one who brought Evil Celestia here, that rotten Element of Treachery, she'll get her just desserts.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of five girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the five girls, but they've been cornered by Evil Celestia, and she's going to kill them.

Lincoln: Let's get over there at once, guys, I found the five girls, but they've been cornered by Evil Celestia, and she's going to kill them.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Evil Celestia and that allowed the five girls to get to safety and Lincoln put up an energy field to protect them from Evil Celestia. When Evil Celestia saw us, she was furious.

Evil Celestia: Who do all of you think you are to stand in my way?!

Lincoln: Someone who's not going to let you get away with ruining my sister's good name any longer!

This caused Princesses Celestia, Luna, and Cadence to smile.

Nico: That's really sweet that he called you three his sisters.

Twilight Sparkle: It sure is. Come on, gang, let's get that imposter.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Greatsword of Elemental Justice and Eternal Bravery from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Jonny 2x4, Princess Celestia, Princess Luna, Princess Cadence, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their weapons, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went after Evil Celestia, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit her.

Then, Lincoln bit her on the neck with his fangs and he sucked out every last drop of Evil Celestia's blood and he also assimilated all of her powers and abilities, and it rendered her completely weak. Suddenly, we saw a shadow strike Evil Celestia with a sphere of aura energy and killed her, and we banished her to The Black Gates. We cheered wildly as we holstered our weapons and powered down.

Then, we saw the figure approach us, it was Lucario.

Nico: Whoa, that's a Lucario. Thanks for helping us take down Evil Celestia.

Lucario: (Girl's voice) (Chinese Accent) You're welcome.

We were stunned.

Nico: Whoa!

Lincoln: Lucario is known for its mastery of aura, but when we heard it speak, a girl's voice came out and it was in a Chinese Accent, and I know of another person who's capable of seeing other people by their auras and speaking in a Chinese Accent, I knew it was you, Mulan Zhèngyìdòushì.

Mulan Zhèngyìdòushì reverted back to normal, and she's a beautiful girl with long dark blue hair tied up in a ponytail, dark blue eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess and the Aura Kanji tattooed on her forehead, she has massive beautiful dark blue angel wings, and she reigned in the power of Lucario, and she's dressed in a sleeveless dark blue open blouse, sleeveless dark blue top, dark blue skirt, dark blue pants, dark blue legwarmers, dark blue sneakers, and long sleeveless dark blue trenchcoat with aura and Earth on the coattails, and Lucario on the back, and holstered on her back is a large Lucario-themed greatsword with Lucario etched on the 7'0" massive, wide, double-edged dark blue blade, dark blue angel wings for the crossguard, large dark blue gem embedded in the rainguard, longer black handle, and a large dark blue gem surrounded by angel wings for the pommel.

Lincoln: I knew it was you, only you were able to sense her aura and take her down, nice one, Mulan, and it's so good to see you again.

Mulan Zhèngyìdòushì: (Chinese Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Mulan Zhèngyìdòushì and they hugged, and Mulan Zhèngyìdòushì is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his massive white angel wings with stars on the feathers and orange and aurora-colored tips on the feathers via her aura sight.

Lincoln: It sure has, I haven't seen you when you were thirteen, and as you felt, I really grew a lot since then.

Mulan Zhèngyìdòushì: (Chinese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive white angel wings, that's amazing.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Mulan Zhèngyìdòushì, who's not only my Guardian Angel from China, but also, my classmate in English. But, she was also born blind and she's surprisingly an Earthbender with the ability of Seismic Sense, and she can see other people by their aura and she's an incredible martial artist.

Nico: Whoa. Wait a second, born blind and an Earthbender with the gift of Seismic Sense?! Lincoln, is Mulan…?

Lincoln: Yep, you guessed it, she's also the cousin of one of my future wives, Toph Bei Fong.

My jaw really hit the floor.

CLANG!

Me: Yowzers, that's really awesome.

Lincoln: It sure is, and her last name, Zhèngyìdòushì, means Justice Fighter in Chinese. Mulan would often protect me from bullies, especially Chandler and Lynn. We would often walk through the park and feed the birds, and we'd even go into the forest and hunt for food together. One night, while hunting for food in the forest all the while in our underwear as not to risk getting their clothes dirty, we kissed while under the moonlight.

Princess Luna: That's really sweet.

Lincoln: Yep, and she hates Flip and Scoots with a burning passion.

Mulan Zhèngyìdòushì: (Chinese Accent) Plus, I heard Scoots is dead and gone for good.

Lincoln: Yep, the Gessius Flores Vengeance Curse I put on her would've made sure she'd die next year, but we sped up the clock and sent her to Hell for good.

Mulan Zhèngyìdòushì: (Chinese Accent) Good, she's scum. And I heard that Toph is now able to see, thanks to you, Lincoln. Can you?

Lincoln: (Smiles) Say no more, I'm already on it.

Lincoln snapped his fingers, and he gave Mulan Zhèngyìdòushì the ability to see forever, and when she really saw Lincoln, her atomic red blush went even deeper atomic red when she saw him.

Mulan Zhèngyìdòushì: (Chinese Accent) Whoa, oh man, you're really changed alright, Lincoln! I have really been away for a very long time. (Seductively and rubs her right hand on Lincoln's massive and wide right pec) But, this means, I've got a lot catching up to do with you, big, tall, muscular, and handsome.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Mulan Zhèngyìdòushì's neck with dark blue gems on the gold thunderbolt links and dark blue crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Mulan Zhèngyìdòushì: (Chinese Accent) (Surprised) Lincoln, is this…?

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means that just like your cousin, you're part of my harem and one of my many future wives, Mulan.

Mulan Zhèngyìdòushì had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Mulan Zhèngyìdòushì's waist and Mulan Zhèngyìdòushì wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the five girls, and when Lincoln saw them, he recognized them immediately. The five girls are Nova, Pulsar, Comet, Galaxia, and Duchess from Megas XLR.

Lincoln: Oh wow, it's Nova, Pulsar, Comet, Galaxia, and Duchess from Megas XLR.

Nico: (Gasps) Coop and his friends are in for one big reunion when they see them again.

Lincoln: You said it, Nico. Are you girls okay?

Duchess: Yes, we're okay, thanks to you.

Then, when Nova and the other four girls saw who it was that saved them from Evil Celestia, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man

With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Nova: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made four clones of himself, and he and the four clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Nova: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, five Thunderbird Necklaces of Eternal Love appeared on the necks of Nova, Pulsar, Comet, Galaxia, and Duchess with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villain we went after was Evil Celestia.

But, when Lincoln showed what we did to Evil Celestia and sent her to The Black Gates for good, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Mulan Zhèngyìdòushì have a lot of catching up to do, now that she's back in town, along with Toph.

Maria: I can't believe that Mean Rainbow Dash had the nerve to get Evil Celestia involved, that evil Element of Treachery's going to pay for this big time later on today.

Lincoln: You said it.

Me: I'm willing to bet that she's also the reason why we saw those thousands of Carnages from all the universes on the jewel planet on Nico's rescue.

Nico: If that's true, then she just signed her own death warrant, and her executioners will meet out her death sentence.

Athena Wendolla: That's right.

Rainbow Dash: That monster's going to pay big time!

Lincoln: Yeah.

---

After getting rid of Evil Celestia, we were training intensely in the gym, this time, doing 500,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Mulan Zhèngyìdòushì saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Mulan Zhèngyìdòushì: (Chinese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Mulan, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Mulan Zhèngyìdòushì: (Chinese Accent) That's incredible.

Nico: It sure is. So, Mulan, what memories did you have with Lincoln?

Mulan Zhèngyìdòushì: (Chinese Accent) There's one that's not good, Nico. One day, I was walking with Lincoln into the forest to hunt for some food and feed the birds there, but then, I sensed two dark auras filled with evil, and I knew who would have those auras: it was Lynn and Chandler, and they were going to kill us. But, I was ready for them and I used my earthbending and trapped those two in mounds of Earth, and we told Mr. and Mrs. Loud when Lincoln called his parents, and Lynn got grounded for five weeks and Chandler got sent to jail for a month.

We cheered wildly for what Mulan did.

Me: That was really awesome!

Nico: Dang, you were quick to put a stop to those two.

Lincoln: Just like Toph, her Seismic Sense caught Chandler and Lynn dead in their tracks and they both got caught red-handed and got their just desserts.

Rainbow Dash: I wonder what Lynn did to cause her to make an alliance with Chandler, Linky?

Lincoln: I think I know, I had a day planned with Mulan and Lynn wanted me to be her "sparring" partner, in other words, beat me up and make me cry while she laughed at my pain. But, I told her no, I was busy, and if she got caught doing this to me one more time, I'd tell Mom and Dad, and she'd be grounded for four months and she'll be temporarily banned from her sports teams at school.

Me: Ouch.

Nico: And that ultimately set her off and she did the absolute worst thing ever: make an alliance with Chandler to get revenge on you and kill you. That really makes me sick, even if you stand up to one of your mean sisters, Linc, they'll find a way to get revenge on you, it's like they don't care about you at all.

Lincoln: Those heartless dark sides were to blame for it, Nico, and I hated them with all my heart, but I'm so glad they've all been erased by The Black Gates after I sent Dark Lynn's superstition-obsessed butt there.

We got a shower afterwards, but then, the alarm sounded and Lincoln checked the computer, and when he checked to see, he saw who it was that sounded the alarm: it was Ender, one of the S-Force's greatest enemies, and he's causing havoc.

Duchess: (Gasps) It's Ender.

Coop: Oh boy, and it looks like he's here to destroy Earth again.

Lincoln: That good-for-nothing piece of scrap metal, I'm not letting him destroy Earth and its' people, and if I find out Mean Rainbow Dash is behind this as well, she's just going to make her own death a lot more painful. Let's go, gang, let's take him down.

We flew out of the World Tree Estate, and Lincoln fired rainbow energy balls and elemental forces at Ender, and when he saw us, he was enraged.

Ender: So, the famous Team Loud Phoenix Storm has arrived, now I'll finally destroy you all and rule the entire universe.

Duchess: That's never going to happen, Ender.

Lincoln: Yeah, your days of universal domination are about to end here and now, together with your miserable life.

Suddenly, Duchess' green eyes turned neon green, and she was surrounded by a pink energy aura with panthers, robots, and flames, and as she approached Ender, she left pink energy, panthers, robots, and flames with every step. Suddenly, Duchess was surrounded by a massive vortex of pink energy with flames surrounding it, there's a panther running around the vortex and a robot flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Duchess emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Duchess has on her pink and white armor suit and long sleeveless pink trenchcoat with panthers and flames on the coattails, and on the back is a panther with fire surrounding it. Amalthea has a brand-new massive greatsword in her hand called Panther Zorp's Pink Firestorm Greatsword of Firestorm Robot Justice, it's a brand-new massive greatsword with the pink Panther Zorp etched on the 7'0" massive, wide, double-edged pink blade, large pink panther heads for the crossguard, large blue gem embedded in the rainguard, longer black handle, four large pink panther heads and on the bottom of the heads is a large blue gem for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with pink gems on her wrists, new large gold Belt of Elemental Bravery with a gold panther's head with pink gems for eyes and large blue gem in its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the panther that said, "Duchess, Virtuous Member of The S-Force, Friend of Coop and His Friends, Team Member of Argo, Mac, Sloen, Jax, and Targon, Destroyer of Ender, Loving Future Wife of Lincoln Loud, Defender of the Universe, Pilot of the Pink Panther Zorp, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Pink Fire, Panthers, and Robots"

Duchess has transformed into SUPER ANGEL ETERNITY INFINITY PINK FIRESTORM PANTHER ANGEL OF DIVINE PINK FIRE JUSTICE AND DIVINE PANTHER ROBOT LOVE!

We were amazed by Duchess' Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Ender saw it, he fell into a rage and tried to attack her, but Duchess fired a powerful pink energy blast with pink fire, panthers, and robots and it hit him and sent him into the dirt, but he's not out yet.

Nico: Whoa, Duchess has transformed, so awesome!

Me: This is going to be one awesome fight against that murderous robot.

Lincoln: You said it, and Duchess, you look beautiful. How do you feel?

Duchess: (Divine Echoing Cosmic Voice of The Pink Firestorm Panther and Divine Tech Love) **I feel so incredible, Linky. Now, shall we take care of that rusty bucket of bolts** ?

Lincoln: (Smiles) With pleasure, Duchess.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Amalthea.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to pay for everything you've done, Ender.**

Duchess and Lincoln went after Ender, and they fired powerful blasts of rainbow energy, pink energy, pink fire, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Panthers, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at Ender, and they exploded with incredible power as they hit him. Then, they attacked him with their massive greatswords, leaving tears and scars on him, and they were deep, and then, they fired powerful beams of energy, and he exploded into pieces and he was dead for good. Then, they sent him to The Black Gates forever as his spirit appears. We cheered wildly for what Duchess and Lincoln did as they holstered their massive greatswords on their backs and powered down, and Duchess' new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Duchess: We did it, The S-Force's greatest enemy is gone forever. Thank you for helping me take down and destroy Ender for good, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Duchess.

Suddenly, Duchess wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Duchess' face, they kissed passionately as Duchess' left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Robot, and Angel flying in the air, and we saw a herd of Buffalo and panthers running across the field, along with elemental forces and pink flames raging around them, and we cheered wildly and they came back to us.

Nico: Whoo, that was one awesome fight!

Nova: And now, we're rid of one of our greatest enemies ever.

Lincoln: You said it, Nova, and I did find out something: it seems that Ender has made a deal with Mean Rainbow Dash. But, his desire to destroy everything has nullified that deal.

We gasped in shock.

Nico: I should've known that treacherous Pegasus was behind this, but that deal fell flat because of Ender's desire to destroy everything.

Me: Yep, and Mean Rainbow Dash is just making her death even more painful, it's pathetic.

Athena Wendolla: Either way, she's going to die when we get after her later on today.

Rainbow Dash: We'll make her regret ever messing with us.

Lincoln: She'll be begging for death by the time we get through with her.

We headed back to The World Tree Estate, and we're rid of Ender for good, but we still got Mean Rainbow Dash to deal with later on today.

---

At our park we were there for another bonding time session.

Qin: This is so awesome.

Clayface: Eiji, you and Will are up for bonding time now.

Eiji: Awesome!

Will: This is gonna be so awesome.

Me: It sure is.

Eiji: Yep.

We were excited for this one.

Twilight Sparkle: By the way Violet how are you guys liking living in Olaf's house now?

Violet Beaudelaire: It's much better than the lifestyle we had before.

Me: I'm glad you like it and the Rainbooms are also your roommates too.

Rainbow Dash: Now that is so awesome.

Violet Beaudelaire: It sure is.

Eiji: Will, you're the best sister I've ever had.

Will: That means so much to me.

Me: Aww.

Eiji: By the way Will, I never met your mom.

Will: My mom is a great woman.

Me: We met Will's mom a while back. Man we haven't seen Susan in a long time. I hope she is doing okay.

Nico: Me too.

Eli: Yeah.

Emily Shunoros: Will, did you tell your mom about Eiji yet?

Will: Not yet. But I still talk to her via texts.

Qin: That's good you do.

Nico: Irma your mission was one of the best ever.

Irma: It sure was.

Qin: Yeah it was.

Will: That was so awesome. Now we just have to wait for Cornelia's mission.

Me: We already have done 7 missions for W.I.T.C.H.J.E.M.M.L.

Qin: We sure have. Cornelia is all that's left and then all of W.I.T.C.H. will be officially covered.

Will: Yep.

Maria: Don't worry, Eiji. Susan knows about the whole Guardians thing.

Will: I know. We've done so much all over the universe. But I'm not sure how she'll take meeting Eiji.

Qin: Susan will love him.

Lola: Yeah. You have us for support. Tom Lair already met Snake.

Qin: Yeah.

?: So Will has someone that views her as a sister.

We saw Susan Vandom.

Me: Oh Hello Mrs. Vandom.

Susan Vandom: Nice to see you all. This is an amazing place you all have here.

Me: Yeah it sure is. Things have changed tremendously.

Susan Vandom: I can see that. But you must be Eiji.

Eiji: That's right ma'am. It's a pleasure to meet you.

Me: Eiji is the leader of the OOO Kamen Riders.

Susan Vandom: Wow!

Motormaster: Sorry we haven't seen you in a long time, Mrs. Vandom.

Susan Vandom: Oh no worries. I know how busy you all are and I'm so proud of Will for doing her best to help you all.

Will: Thanks mom.

Me: I'm sure you're wondering how Will met Eiji here. It's part of a special Ambassador Mission. It's a special diplomatic mission program we made where we go visit and help out people for future missions that we have to help them combat their enemies.

Nico: It was an idea that I came up with after what happened during the 20 Days of Darkness. It was an experiment I wanted to test out for the Aligned Universe. And it worked really perfectly.

Susan Vandom: Ah I see and Will's one of the Ambassadors?

Me: That's right. Her missions were over in Japan and she met the OOO Kamen Riders.

Will: That's right.

Susan Vandom: That's amazing. I take it many of you had missions like that.

Me: We sure did.

We told her all about what went down in the weeks up to today and it was awesome.

Susan Vandom: Wow that is amazing.

Rodimus: Cornelia still has to unlock hers though.

Me: So far we covered The Toa Nuva, Toa Metru, Winx Club, Mysticons and the Mane 10 and 7 out of 8 of the Guardians of Candrakar.

Susan Vandom: Wow that is amazing.

Me: It sure is

Nico: I don't care if it's September, October, November, or December. One way or another, we're recruiting the Dino Fury Rangers before the year ends.

Me: And we will.

Qin: We just got to wait a little bit longer.

Flash Man: Wonder what's next.

Me: Well so far things have been…

(ALARM GOES OFF)

Me: Uh oh!

We went to the computer and then we saw that the new Weather Control Space Station called The Dutch Boy has been highjacked by terrorists and they are going to use it as a weapon to destroy the planet!

We gasped!

Me: Oh no!

Nico: The Dutch Boy? That weather controlling space station that was just built?

Me: Yeah that's it. It was highjacked by terrorists and they are going to use it to destroy the world! But I know one person that's behind all this.

I typed in a name and it showed a picture of Leonard Dekkom!

Me: Leonard Dekkom.

---

Leonard Dekkom is the main antagonist of the 2017 American sci-fi film Geostorm. He is a U.S. Secretary of State who plans to use the Dutch Boy satellite network to decimate the other elected officials in America's line of succession, giving him the chance to dominate the world while destroying Earth's major cities.

He was portrayed by Ed Harris, who also played Wilford in Snowpiercer, Christof in The Truman Show, Blair Sullivan in Just Cause, Mitch Wilkinson in National Treasure: Book of Secrets, General Hummel in The Rock, and Carl Fogarty in A History of Violence.

Biography

Leonard Dekkom is the Secretary of State whom Max Lawson works under. When a system of climate-controlling satellites called "Dutch Boy" are created connected to the International Climate Space Station that can manipulate weather, Dekkom has the idea of using Dutch Boy as a weapon to destroy America's rivals.

Dekkom manipulates Duncan Taylor, a software engineer for Dutch Boy into implanting a virus into the system, blaming it all on faulty error. One Indian engineer on the ICSS tries to copy data from the satellites onto a hard drive, only to be launched into space. Afterwards, Dutch Boy freezes the Registan Desert and creates a heatwave in Hong Kong, causing gas explosions that nearly kill Cheng Long, the head of Dutch Boy's Hong Kong department. During Jake Lawson's efforts to examine the malfunctioning satellites, he obtains the hard drive, but hides it for he suspects a traitor, believing it to be President Andrew Palma. He plans to eliminate the virus by knocking them offline with replacement satellites, but only Palma holds the kill code.

Cheng tells Max of a cataclysm known as a Geostorm if the malfunction continues. In Washington, D.C., Cheng is ambushed by Dekkom's agents, causing him to be killed in a car crash, but not before mentioning Project Zeus, which is a stimulation of extreme weather patterns to create a Geostorm. Max discovers the next target is the Moxley Arena in Orlando, which is where Palma is to have a Democratic National Convention.

Meanwhile, as the ICSS team lose control of the station, Jake discovers Duncan as the traitor, only for Duncan to accidentally eject himself into space. Max tries to tell Dekkom about the Geostorm, only to be attacked by Dekkom's men, unveiling himself as the saboteur. Max and Sarah capture Palma and drive away from the arena just before it is destroyed by lightning. They manage to outsmart Dekkom's mercenaries on the road and restrain Dekkom as he is arrested for his villainous actions. Dekkom is forced to explain his intentions for using Dutch Boy to destroy America's enemies and the other elected officials, so that he could take over himself. Despite his statement that the Geostorm will happen regardless, Jake manages to input the kill code to terminate the virus and shut down Dutch Boy at the last second.

While it is unknown what has happened to Dekkom afterwards, it is possible that he will be executed for his crimes against humanity.

---

Nico: WHOA MAN! I've heard about him. He wants to make America the most powerful country ever.

Me: Yep and he wants to use the Dutch Boy to destroy all the major cities in the world by using the Dutch Boy to do it.

Nico: That's insane!

Eli: We got to stop him fast.

Varie: Or billions of innocent people are going to die.

Then Gearhead, Vortex, Cad Bane, Loki, Trickster, Molten Man, Ghost, Whiteout, Plastique, and Firefly appeared.

Gearhead: Can me, Vortex, Cad Bane, Loki, Trickster, Molten Man, Ghost, Whiteout, Plastique, and Firefly go with you guys? And what vehicle can I use?

Nico: We got tons of new alien spacecrafts you can use that we got from my rescue.

Gearhead: Cool.

Nico: And yes you can come with. But we got to save the world first before we have the usual battles. We'll have them after.

Vortex: What's going on?

I told them everything and it was horrifying!

Vortex: That monster! No one controls the weather for evil but me!

Nico: Yeah!

Donna Diego: Nico, which Gene Slammer do you think you'll meet next time?

Nico: I'm hoping to do one for Spiketail Drake from MTG.

Me: Ooh a dragon like that. That will be awesome.

Nico: It sure will.

Qin: Yeah!

Lola: Looking forward to that one.

Nico: Me too. Lets get moving! The fate of the world depends on us!

We were off to the Dutch Boy! And we didn't have to go very far because the main station was only 500 miles above us.

Cad Bane: That wasn't very far.

Nico: Nope. Entrance time!

We went at the station.

Dekkon was smirking as he saw the world. But then the spirits of weather appeared and swirled around him and Duncan Taylor and then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above them and a phoenix cry was heard and then we came out.

Me: No one tries to conquer the Earth without a fight from us!

Nico: Yeah! Leonard Dekkon you're under arrest!

Leonard Dekkon: You will never take me alive!

Sakura Valencia: That can be arraged.

Sakura punched him in the face and kicked him in the stomach and punched him in the face hard and knocked out some of his teeth.

Sakura Valencia: How did you like that?

He got up and he had blood dripping from his mouth.

Me: We won't let you take over the world Dekkon!

Tarantulas: Let's still be cautious. He might still have backup.

Leonard Dekkon: And you're right! GET THEM!

NUMEROUS TERRORISTS OF THE TEN RINGS CAME!

Me: The Ten Rings! Oh man!

Nico: I thought they were done for!

Me: He must've recruited many of them!

Nico: Lets get them! ATTACK!

We went at the terrorists and kicked and slashed and pulverized them and Sakura went at Dekkon some more and pulverized him all over.

Trickster: Time for some fun!

Trickster punched and kicked some of the terrorists all over.

Nico: Take this!

He fired lasers and blasted their heads off.

Qin fired waves of fire and blasted them into ashes.

Waspinator: WASPINATOR TERRORIZE!

He transformed and fired his stinger blaster and blew them apart.

Scorponok: This is gonna hurt! Scorponok, TERRORIZE!

He transformed and fired missions at the terrorists and blew them to pieces.

Lola fired waves of fire and Varie blasted them with water.

Mewtwo: Time to suffer!

Mewtwo used his psychic powers and crushed numerous men into dust.

Sakura Valencia was really smashing Leonard all over.

Sakura Valencia: Why do you want to use the Dutch Boy for World Domination?

POW BIFF BAM!

Leonard Dekkon: For power! So that America can rule the world!

Sakura Valencia: Not on our watch!

Eli fired waves of Force Lightning and electrocuted the Terrorists into nothing!

Whiteout: Wanna know what the power of rotating thunderstorms feels like?!

Terrorists: Huh?

Me: Watch!

I spun them around in a powerful cyclone and then they exploded and splattered their blood and guts all over the place! YUCK!

Hotlink: Let's keep it up!

Me: YEAH! Time to show these douchebags what a Megatsunami can do!

I activated the Another Overflow Ridewatch and fired a massive wave of water and smashed them into the wall and splattered their guts and blood all over.

Qin: NICE!

I then saw Duncan Taylor making a run for it and I teleported and grabbed him.

Me: Ah ah ah. Not trying to get away are you?

Firefly: He still might have backup!

Camie and the MHA Heroes came back.

Camie: We took care of them. We tied them all up and knocked them out.

Himiko: Yeah we sure did.

Firefly: Wow. Good work.

Nico: Lets take care of these guys before taking care of Dekkon.

Me: Right!

Nico: J.D. kill Duncan Taylor.

Me: Right.

SICKENING CRUNCH!

I snapped his neck!

Ground Man: Nice work!

Me: Thanks.

Lincoln extracted the information from his body and then went to the computer to enter the kill code and he shut down the entire station.

Nico: Nice job! Reboot the whole station Lincoln and install a firewall that doesn't let any other outside branch but us and the government through.

Lincoln: You got it.

Lincoln did so.

Dekkon: NO!

POW!

Sakura punched him in the face and broke his nose!

Me: Sakura we'll need him alive so he can face trial for his crimes.

Sakura Valencia: Okay.

Plastique: We can still rough him up, right?

Me: Absolutely!

Plastique: Yeah!

Nico: Lets take him down!

We punched and pulverized all the terrorists he hired!

Sly: These guys are not taking the world.

Sly was swiping their jewels and coins.

Inspector Fox was blasting them with her shock pistol!

ZAAAPPP ZAPPP! ZAAAAP!

Inspector Fox: (Spanish Accent) No they aren't!

Maria: Oh. Perfect.

Nico: Awesome job Lincoln.

Laney: Smart thinking bro.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was: it was none other than Mean Rainbow Dash, The Element of Treachery, and she's furious that the thousands of Carnages, Evil Celestia, and Ender have been destroyed and they failed to destroy us, and now, she's heading here to destroy us all and get her revenge. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is Mean Rainbow Dash on the move?

Lincoln: You guessed it, Nico, and that treacherous Pegasus is absolutely furious that the thousands of Carnages, Evil Celestia, and Ender have all been destroyed and they failed to destroy us, and now, she's heading here to destroy us all and get her revenge.

Me: Aha, I should've known that treacherous Pegasus was the one who brought back the thousands of Carnages!

Ann Takamaki: What she did proved that she's nothing but a monster whose heart is black as the night.

Rainbow Dash: My thoughts exactly, Ann. And has there been anything about Madarame, Kaneshiro, or Shido?

Ren Amamiya: I'm afraid they've gone into hiding.

Morgana: Now that The Doomsday 23 are back, they've decided to go into hiding, but they'll come out once we've gotten rid of The Doomsday 23. We've already gotten rid of Kamoshida.

Dante Dalmatian: What he did to Shiho and Ann proves that he's a pervert, but I heard he was also physically abusive to the other students.

Lincoln: You got that right, and so many have been brutally injured by him.

Dylan Dalmatian: (Growls) That just makes me absolutely mad. How can someone like him do that to the students, physically abuse the male students and sexually harass the female students of Shujin Academy?!

Ryuji Sakamoto: I get what you're saying, Dylan, and I don't blame you for getting mad at him. But, we'll worry about the others later.

Yusuke Kitagawa: He's right, we need to concentrate on getting rid of The Doomsday 23, and then, we can move on to Madarame, Kaneshiro, and Shido.

Haru Okumura: He's right.

Futaba Sakura: Alright, I think it's time to get to work. Nico, if you would?

Nico: Thanks, Futaba. Alright, gang, let's get going, we got word of strange weather phenomenon happening, and we need to find out who's causing this.

Lincoln: Whoever's behind this is a traitor and he needs to be brought to justice. And Mean Rainbow Dash, you better be ready, your days of treachery are about to be brought to a brutal end.

Nico: Have fun rotting in prison for the rest of your life, Duncan Taylor.

Me: That'll teach you, traitor. And speaking of treachery, we've still got Mean Rainbow Dash to deal with and she should be arriving… right now!

?: You fools are going to pay for ruining my plans to get rid of you!

Rainbow Dash: I should've known there's no mistaking that voice from anywhere. You can come out now, Mean Rainbow Dash.

A figure was really heading straight for us with rage in her eyes, but Rainbow Dash kicked the figure away, and we saw who the figure was: it was none other than Mean Rainbow Dash.

Rainbow Dash: You! I should've known you'd show up here!

Mean Rainbow Dash: You all have ruined everything, I could've finally gotten rid of all of you, but no, those idiots were far too weak to do anything! Must I do everything myself?!

Mean Rainbow Dash flew right at us again, but Lincoln grabbed her by the neck and he tossed her into a nearby wall with his immense and brute superhuman strength. She got out, but she was really mad.

Rainbow Dash: Oh man, looks like you've made her really mad now, Linky.

Mean Rainbow Dash flew at us again, but she was shield bashed in the head by Athena Wendolla who had her Elemental Shield of Harmony.

Mean Rainbow Dash: Hey, who do you think you are to get in our way, girlie?!

Athena Wendolla: Someone who refuses to stand here and let you hurt my friends, you treacherous sore loser. (Rainbow energy aura flares up) I am Athena Wendolla, the Champion of Rainbow Dash, the Alicorn Princess of Loyalty and one of the 27 girls chosen by The Elements of Harmony to be The Element of Loyalty.

This horrified Mean Rainbow Dash badly.

Mean Rainbow Dash: Impossible, The Champions of Harmony have returned?!

Suddenly, Athena Wendolla's pink eyes turned neon pink and she was surrounded by a rainbow energy aura with rainbow lightning, rainbow flames, magic, and Alicorns, she unholstered her Sword of

The Champion of Harmony, and as she approached Mean Rainbow Dash, she left rainbow energy, rainbow lightning, rainbow flames, magic, and Alicorns with every step.

Athena Wendolla: Mean Rainbow Dash, I will never forgive you for the crimes that you've committed against Equestria in the name of that bug, Queen Chrysalis, and for trying to ruin Rainbow Dash's name. You are nothing more than an Element of Treachery, and I will see to it that you receive the ultimate punishment for your crimes: death!

Suddenly, Athena Wendolla was was surrounded by a massive vortex of rainbow energy with rainbow fire and rainbow lightning and magic surrounding it, there's an Alicorn flying around the vortex, and inside the vortex is a pink phoenix. Then, as the vortex faded, Athena Wendolla emerged, but she was changed forever.

We were amazed by Athena Wendolla's Super Angel-Alicorn Eternity Infinity transformation, but when Mean Rainbow Dash saw it, she fell into a rage and went charging at her to kill her, but Athena Wendolla dodged her and she fired powerful pink and rainbow energy blasts with rainbow fire, rainbow lightning, magic, and Alicorns, and it hit her and sent her into another lamp post, and it got her really infuriated.

Rainbow Dash: That… was… AWESOME! You really sent that treacherous Pegasus flying, Athena.

Athena Wendolla: (Divine Echoing Cosmic Voice of The Loyal Rainbow Alicorn and Divine Athlete Love) Thanks, Rainbow Dash, and I believe it's your turn.

Rainbow Dash: Yep.

Suddenly, Rainbow Dash's eyes turned neon purple, and she was surrounded by a rainbow energy aura with rainbow lightning, rainbow flames, magic, and Alicorns, she unholstered her massive Rainbow Sword of Loyal Friendship, and as she approached Mean Rainbow Dash, she left rainbow energy, rainbow lightning, rainbow flames, magic, and Alicorns with every step.

Rainbow Dash: You really make me sick to my stomach, you treacherous Pegasus. You've caused so much trouble to practically all of Equestria and tried to ruin my good name in the process, well that ends here and now, you're going to die here once again, and this time, stay dead.

Suddenly, Rainbow Dash was surrounded by a massive vortex of rainbow energy with rainbow fire, rainbow lightning, and magic surrounding it, there's an Alicorn flying around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Rainbow Dash emerged, but she was changed forever.

Rainbow Dash has transformed into SUPER ANGEL-ALICORN ETERNITY INFINITY ATHETIC ALICORN RAINBOW LIGHTNING ANGEL OF AWESOME LOYALTY AND DIVINE RAINBOW ATHLETIC LOVE!

We were amazed by Rainbow Dash's Super Angel-Alicorn Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Mean Rainbow Dash saw it, she fell into a rage again and she tried to kill her, but Rainbow Dash dodged her and she fired a powerful rainbow energy blast with rainbow lightning, rainbow fire, magic, and Alicorns, and it hit her and sent her flying into another lamp post, and it really pissed her off now.

Nico: Wow, now Rainbow Dash has transformed, so awesome!

Me: And she sent Mean Rainbow Dash crashing into another lamp post, brutal.

Rainbow Dash: (Divine Echoing Cosmic Voice of The Loyal Rainbow Alicorn and Divine Athletic Love) **She's going to be in even more pain for everything she's done. Linky, you ready?**

Lincoln: Ready, my Alicorn Princess of Loyalty.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Rainbow Dash and Athena Wendolla.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time for you to pay for everything that you've done, Mean Rainbow Dash, and you're not getting a single shred of mercy from us whatsoever!**

Me: Yeah, let that treacherous Pegasus have it, guys.

Nico: Make her suffer for what she's done, guys.

Rainbow Dash: **With Pleasure.**

Athena Wendolla, Rainbow Dash, and Lincoln went after Mean Rainbow Dash, and they fired powerful blasts of rainbow energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, rainbow lighting, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at Mean Rainbow Dash, and they exploded with incredible power as they hit her, and she was being burned badly by The Magic of Friendship. Then, they attacked her with their massive greatswords and they left painful scars on her, and because of the purity of the attacks, it burned her badly, and the wounds she suffered would never heal. Then, they slashed off Mean Rainbow Dash's wings and Lincoln binds her with a binding circle so she couldn't escape, and Lincoln grabbed her by the neck and he sucked out and absorbed all of her hatred and powers and he and the rest of us made them our own, and when Lincoln was done, Mean Rainbow Dash was weakened to such a degree she couldn't even stand.

This allowed Athena Wendolla, Rainbow Dash, and Lincoln to finish Mean Rainbow Dash off by firing powerful energy beams and they overwhelmed Mean Rainbow Dash and they exploded with incredible power, killing her for good. We cheered wildly for what Athena Wendolla, Rainbow Dash, and Lincoln did to Queen Chrysalis as they holster their massive greatswords on their backs and power down, and the new bodies, clothes, weapons, jewelry, and massive angel wings of Athena Wendolla and Rainbow Dash are permanent.

Then, as Mean Rainbow Dash's spirit appeared, the cutie marks of The Mane 9 on the massive Celtic Cross cutie mark tattoo on Lincoln's wider and more muscular back glowed, along with the cutie marks of The Mane 12 and the Elements of Harmony on my sword, and Mean Rainbow Dash's spirit was surrounded by a magic circle with the cutie marks of The Mane 12 that formed on the ground, and she was chained up by chains of magic and rainbow energy, and the energy images of The Mane 12 appeared from the cutie marks on the circle, and they found her guilty of her crimes, and the energy images of The Mane 12 aimed their horns at Mean Rainbow Dash and Lincoln aimed his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds at Mean Rainbow Dash.

Lincoln: Mean Rainbow Dash, for the crimes that you've committed against Equestria and all ponies, you have been found guilty, and the punishment for your crimes is death.

This horrified Mean Rainbow Dash, as she soon saw her days of havoc and chaos are about to end.

Lincoln: MANE 12 HARMONIOUS CUTIE MARK FINAL JUDGEMENT!

Lincoln fires a very powerful barrage of rainbow energy beams with Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, rainbow super lightning, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels from his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds and the energy images of The Mane 12 fired colored magic energy beams from their horns, and as they hit Mean Rainbow Dash's spirit, they exploded with incredible power and her spirit was condemned to The Black Gates, and her spirit was erased from existence by the spirits of those she's hurt.

Athena Wendolla: Aw yeah, Mean Rainbow Dash, you have failed all of Equestria!

Rainbow Dash: She's had it coming for a very long time. Thanks for helping us get rid of Mean Rainbow Dash, Linky.

Lincoln: (Smiles Warmly) You're welcome, Rainbow Dash.

Suddenly, Rainbow Dash wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Rainbow Dash's face, they kissed passionately as Rainbow Dash's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Alicorn, and Angel flying in the air, and a herd of Buffalo running across the field, along with elemental forces and a rainbow behind them and we cheered wildly.

Storm Rainbow: Alright, way to go, Mom and Dad.

Nico: Alright, that's the fifth member of The Doomsday 23 put down for good, and only 17 more to go.

Lincoln: Which means, the next member of The Doomsday 23 to take down tomorrow is Mean Pinkie, the Element of Insanity.

Pinkie Pie: That insane monster party-pooper, she has to be stopped.

Laura Diane Pyenington: And that's exactly what we're going to do to her tomorrow, Pinkie, all three of us are going to make the Element of Insanity pay for her crimes.

Me: Just watch it with her, guys, they don't call her The Element of Insanity for nothing.

Nico: Yeah.

Lincoln: If she's as insane as they say she is, we'll need to be prepared, because there's no telling what she'll do.

Nico: But great job today guys. We saved the world. Lets bring this monster over to the Proper authorities and head to Lynn's Table to Celebrate.

We cheered.

We teleported back to Earth and went and brought Dekkon to the police and arrested him.

* * *

We later went to Lynn's Table for a victory meal and then Dark Spicer, Evil Green Ranger, Arbormon, Springfield Bullies, Jack O Lantern, Pied Piper, Kaos, Mr. Fizz, Technus, and Dr. Viktor appeared.

Nico: Dark Spicer, Evil Green Ranger, Arbormon, Springfield Bullies, Jack O Lantern, Pied Piper, Kaos, Mr. Fizz, Technus, and Dr. Viktor.

Evil Green Ranger: Two new Grand Zi O Ridewatches this time?!

Maria: You better believe it!

Arbormon: Oh, we believe it!

Jimbo: (to Nico) Heard you took Carnage out.

Nico: But not the one on Naruto or the ones in your ranks.

Jack O Lantern: I honestly forgot that Naruto has his own Carnage symbiote.

Me: Also it wasn't just one Carnage it was a MASSIVE ARMY of them. It was all many versions of Carnage that didn't have hosts. Really strange and Girl Jordan here unleashed her ultimate power.

Jack O Lantern: Wow! That's amazing!

Dark Spicer: (to Nico) Here's your warning: Your ass is about to be kicked!

Nico: Bring it on Tuna Chewer!

Me: But facing an army of Carnage was fun.

?: That is something.

A figure came out and it was TWIN MAN from episode 38 of Season 1 of Mighty Morphin!

---

The Twin Man is created by Finster and sent by Rita to Earth. The plan is to frame the Rangers as evil and turn the public against the Rangers. To do this, they will attack the city whilst the Rangers are indisposed and either take over the city or at least ruin their public reputation. Twin Man comes to Angel Grove with four Putties transformed into four of the Power Rangers' human identities while he transforms into Jason. Twin Man and his henchmen arrive at Angel Grove High School and sabotaged the fountain with shampoo before bullying Mr. Caplan. The Principal gives the real Rangers detention so Twin Man turns into the Red Ranger and leads the other evil Rangers in an attack on the city itself. Eventually though, Zordon, Alpha and the heroes realize that it is part of their plan and the five escape detention to stop the villains.

The real Rangers come to stop the fake Rangers just before the

Twin Man can execute a woman with a duplicate Power Sword and the fight. Twin Man fights Jason to a near stalemate but the other Rangers quickly defeat their doppelgängers. Meanwhile, Jason strikes down Twin Man with a nasty jump kick to his chest and the monster returns to his real look. Twin Man uses a baton in battle, which he uses like a whip to hit the Rangers and knock them down. They recover but he creates a dimension similar to a kaleidoscope around himself and the Rangers before shaking the ground under them and blasting them down. He then charges at the downed Rangers but takes a nasty hit from the Blade Blaster Tower Formation, disarming him and causing an apparent critical wound. With the monster unarmed and badly injured, the Rangers destroy Twin Man with the Power Blaster who is knocked flat on his back and explodes in an eruption of blue-white mirror energy.

---

Me: Twin Man!

Jason: Not him again!

Me: I remember you all too well! You turned into a bad clone of Jason and had Putties form into the evil rangers which was really awesome! And you were trying to make the rangers look bad!

Twin Man: That's right J.D.

Me: I guess Rita went with that strategy: Beat them at Their Own Game. Fight Fire with Fire.

Twin Man: Exactly.

William: Is it possible for you to turn into other Rangers besides Jason?

Twin Man: I haven't gotten that far ahead honestly.

Me: Well plenty of time to try it out.

Dark Spicer: And I have 2 new predator aliens for you all to see.

He turned into a green version of Buglizard but it had grasshopper legs and wings.

Locustmodo: Meet… Locustmodo!

Shanan: A Hybrid version of a Buglizard. Awesome.

Roxy: You're still just as ferocious as the original Buglizard.

Locustmodo: Why, thank you. (spews huge cloud of fog at Roxy)

I blew the fog cloud back.

Me: That was cool though.

Dark Spicer: And this one.

He turned into a Zerg Worm version of Slamworm! He was orange and had an ugly Mongolian Death Worm mouth.

Tremorterror: I call this one… Tremorterror!

Shanan: Wow! A Hybrid version of Slamworm!

Anakin: It's a miracle you can even fit in here.

Tremorterror: I know, right? (fires wave of acid at Anakin)

Anakin used the force and sent the Acid back and smashed him down.

Me: That was the scariest version of Slamworm I've ever seen.

Kearney: Wow! That is cool!

Starlight Glimmer: Yep it sure is.

Cozy Glow: And her story is awesome as well.

---

Mulan Zhèngyìdòushì: (Chinese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Mulan, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Mulan Zhèngyìdòushì: (Chinese Accent) That's incredible.

Nico: It sure is. So, Mulan, what memories did you have with Lincoln?

Mulan Zhèngyìdòushì: (Chinese Accent) There's one that's not good, Nico. One day, I was walking with Lincoln into the forest to hunt for some food and feed the birds there, but then, I sensed two dark auras filled with evil, and I knew who would have those auras: it was Lynn and Chandler, and they were going to kill us. But, I was ready for them and I used my earthbending and trapped those two in mounds of Earth, and we told Mr. and Mrs. Loud when Lincoln called his parents, and Lynn got grounded for five weeks and Chandler got sent to jail for a month.

We cheered wildly for what Mulan did.

Me: That was really awesome!

Nico: Dang, you were quick to put a stop to those two.

Lincoln: Just like Toph, her Seismic Sense caught Chandler and Lynn dead in their tracks and they both got caught red-handed and got their just desserts.

Rainbow Dash: I wonder what Lynn did to cause her to make an alliance with Chandler, Linky?

Lincoln: I think I know, I had a day planned with Mulan and Lynn wanted me to be her "sparring" partner, in other words, beat me up and make me cry while she laughed at my pain. But, I told her no, I was busy, and if she got caught doing this to me one more time, I'd tell Mom and Dad, and she'd be grounded for four months and she'll be temporarily banned from her sports teams at school.

Me: Ouch.

Nico: And that ultimately set her off and she did the absolute worst thing ever: make an alliance with Chandler to get revenge on you and kill you. That really makes me sick, even if you stand up to one of your mean sisters, Linc, they'll find a way to get revenge on you, it's like they don't care about you at all.

Lincoln: Those heartless dark sides were to blame for it, Nico, and I hated them with all my heart, but I'm so glad they've all been erased by The Black Gates after I sent Dark Lynn's superstition-obsessed butt there.

But this was gonna be a wicked awesome one.

---

Due to the decay of its ozone layer millions of years ago, the once lush green MorOtesi has long since become dangerously irradiated by a constant powerful barrage of ultraviolet light.

MorOtesi is a planet filled with purple crystals. Its landscape is now barren and rocky and its original native inhabitants have largely become extinct. However, one particular species adapted to the perilously high levels of electromagnetic radiation and has managed to thrive here over the millennia despite the planet's seemingly inhospitable atmosphere: Crystalsapiens evolved unique attributes to take advantage of their irradiated environment and went on to create a complex and sophisticated society on modern MorOtesi.

---

Me: Wow! So this is the planet MorOtesi. I always thought that this was the home planet of Chromastone.

Laney: But now we know that Crystalsapiens actually come from the planet Petropia.

Nico: Yeah this is really amazing.

Sakura Valencia: But this is awesome that we're here.

Camie: No kidding.

Nikiya: Boy no kidding. It's so awesome.

Nico: Thanks for coming with me, Nikiya.

Nikiya: Not a problem Bokrua. It's awesome going with you on a cool rescue.

Sakura Valencia: Bokrua?

Me: That's Nico's Saiyan name. Vegeta calls him Bokrua.

Sakura Valencia: Oh I get it.

Nico: Nikiya, I think you should know that Diaboromon's on this planet as well.

Nikiya: You're right Bokrua. I sense his evil energy.

Qin: Diaboromon? Whoa Yolei told me all about him.

Me: Yeah he was the very Digimon that Willis from where I used to live made on the internet. And then it got corrupted by a virus and mutated into Diaboromon.

Eli: Not a very smart idea.

Me: No it wasn't.

Camie: What do you know about him?

Me: Diaboromon is one badass Digimon to the Nth degree.

I told them everything about him.

---

Diaboromon is a mega-level virus Digimon like creature and one of the antagonists from the original Digimon Adventure franchise. Born on the internet rather than the Digital World, Diaboromon made his debut in Our War Game. He returned in the sequel Revenge of Diaboromon. In both films, he (and his other digivolution forms) serve as the central antagonist.

For Digimon: The Movie (where Our War Game was combined with Digimon Adventure and Digimon Adventure 02: Hurricane Landing) however, Diaboromon was the second of three antagonists to face the Digi-Destined. The others were Parrotmon and Kokomon, with Diaboromon being indirectly responsible for the latter's fall to darkness in the third act.

Outside of the movies, Diaboromon is a minor antagonist in the third season of Digimon Fusion and the most powerful Virus-type Digimon in Digimon World 2.

Although Diaboromon does not speak in Our War Game, for Digimon: The Movie he is voiced by Paul St. Peter, who also voiced fellow Digimon villain Apocalymon, Wormmon in Digimon Adventure 02, Cherubimon in Digimon Frontier and Xemnas in the Kingdom Hearts series.

The egg that would hatch into Diaboromon was first discovered by the Digi-Destined of Knowledge, Izzy Izumi. Having returned to the human world following the defeat of Apocalymon, Izzy was innocently browsing the internet, when he discovered a Digi-Egg one day. Created from several different viruses merging together, the egg, much to Izzy's astonishment, hatched into a little Digimon named Kuramon.

Shocked by his discovery, Izzy raced over to the house of fellow Digi-Destined and group leader, Taichi Kamiya (the Digi-Destined of Courage). As the two teenagers wondered what to do, Kuramon suddenly digivolved into its In-Training form of Tsumemon. It was here that the little Digimon went from a harmless peculiarity to a major threat. Sending a message to the Digi-Destined saying that he was hungry, the creature began to eat computer data, causing the internet to crash and causing havoc throughout Japan, such as food prices skyrocketing to abnormal levels due to the sabotage of their barcodes and other related technology. Fortunately, Tai and Izzy were then contacted by Gennai, who sent along their partners Agumon and Tentomon to help deal with the threat.

By the time Tai and Izzy managed to track the creature down, he had become Keramon, his Rookie form. Uploaded onto the Internet by Gennai, Agumon and Tentomon found the creature chomping on yet more data, and unaware of their arrival to the site. Sneaking up on him, Agumon and Tentomon tried to eliminate Keramon by attacking him from behind using a sneak attack, but the virus Digimon was not hurt. Now alerted to the danger, Keramon retaliated, sending an email to taunt Tai and Izzy, causing them to get an uneasy feeling, prompting Agumon and Tentomon to become Greymon and Kabuterimon respectively. Though Keramon fired a couple of Bug Blaster shots at them as he tried to flee, and Kabuterimon fired several Electro Shockers that barely missed Keramon, Greymon nailed Keramon with a well-aimed Nova Blast. Despite the increased fire power, this did not work either as instead of destroying him, Keramon (who had apparently absorbed enough data) digivolved to Infermon.

Watched by Tai, Izzy, and many other people over the Internet, Infermon proceeded to mop the floor with the two Champions. He was not only larger, but faster and more heavily armored than either Greymon or Kabuterimon as none of their attacks fazed Infermon, and he easily nailed them with several salvos of his Spider Shooter. Seeing this, Izzy realized that Infermon had absorbed enough data for him to bypass the Champion level, meaning that they were in fact facing an Ultimate level Digimon. The two Digi-Destined tried to even the playing field by having Greymon and Kabuterimon digivolve to MetalGreymon and MegaKabuterimon, but Infermon attacked the partners in the middle of their evolutions with another barrage of Spider Shooter salvos, knocking them out of the fight and reducing them back to their Rookie forms.

Victorious, Infermon made his escape, cackling viciously, then used his power to infect the entire city's NTT network as he war-dialed every phone number in Japan, causing everyone to answer their phones simultaneously. He even took an opportunity to call Tai and Izzy to taunt them with this message:

" *Hello, did you program me? (cackles)* „ ~ Infermon

This temporarily cut the Internet and telephone connections, allowing him free-reign to continue his rampage with the Digi-Destined cut off from Internet access. Whilst Izzy dealt with the Internet problem using a military uplink to bypass the NTT connection, Tai tried to contact the rest of the Digi-Destined for reinforcements. Unfortunately, most of them did not respond due to various commitments or issues, with Sora Takenouchi, the Digi-Destined of Love, nearly knocking on the door to Tai's to offer her assistance, but refused at the last second, still upset at Tai over his birthday gift to her and she stormed off in a huff. In the end, they were only able to reach the two brothers Matt Ishida and T.K. (Takeru Takashi), the Digi-Destined of Friendship and Hope respectively. As Agumon and Tentomon prepared for round two, they were joined by fellow Digimon Gabumon and Patamon.

By the time the four Digimon tracked down Infermon, he had left Japan and traveled overseas to the United States of America, possibly using the military uplink Izzy used to regain Internet access for him and Tai. Although they had no idea why Infermon would do this, the Digi-Destined decided not to take any more chances. Tai and Matt had Agumon and Gabumon become WarGreymon and MetalGarurumon respectively. The two Mega Digimon proceeded to attack Infermon and whilst they managed to briefly stun him, the virus Digimon quickly brushed it off. Looking up, Infermon noticed that Patamon was also about to digivolve. Perhaps sensing the danger facing an angel Digimon like Angemon or MagnaAngemon, the Ultimate leapt towards him and digivolved into his true/final Mega form: Diaboromon. As the Digi-Destined gawked at yet another digivolution, Diaboromon used his new powers to attack Patamon and Tentomon with his Cable Crushers, pinning the two Rookies against some metal structures. Tentomon was unhurt, but Patamon was knocked out. WarGreymon and MetalGarurumon came to their friends' rescue, allowing Tentomon (via Tai's instructions) to safely extract Patamon. The two Rookies would play no further role in the fight and from that point on, the battle would be a clash of the Megas.

No longer holding back WarGreymon and MetalGarurumon, unleashed their full might against the evil Digimon. MetalGarurumon's long range attacks with his Ice Wolf Bite had limited success, as Diaboromon was able to use his superior agility to dodge most of them and retaliate with a Web Wrecker shot. In contrast, WarGreymon managed to land a number of solid hits upon Diaboromon, albeit at the cost of his Dramon Destroyers as Diaboromon took those out first, knowing the threat they posed to him. With the Digi-Destined and their Megas holding the upper hand, it looked as if the villain would soon be defeated.

Then suddenly, the two Megas started to slow down, allowing Diaboromon time to not only recover, but retaliate, dodging an attempt by WarGreymon and MetalGarurumon to finish him off with a combined Terra Force/Metal Claw strike. Izzy later realized that this was because Diaboromon had sent out his email address to all of the observers, allowing them to contact the Digi-Destined directly. Many of the children watching sent messages to the group, imploring them to defeat the Virus Digimon, but with their Internet connection already crippled by losing the NTT uplink and relying on the military uplink, the sheer volume of emails started to overwhelm the system, affecting the processing speed of the friendly Mega Digimon. Worse still, Tai accidentally crashed his computer system in a fit of anger, forcing Izzy to reboot it, taking some time to also tell Tai off regarding the earlier incident between Tai and Sora, forcing Tai to confess to why Sora was mad at him now to Izzy after the words stung Tai hard enough to get him to calm down and come to his senses. By the time they returned, Diaboromon (who had been unaffected) had incapacitated WarGreymon and MetalGarurumon, before once again escaping. As if to further twist the knife, as Tai blamed himself for what happened, Izzy scornfully told him his Digimon was a loser and that WarGreymon quit like a coward. Tai became enraged and was about to attack Izzy before Izzy revealed it was an email he was reading from someone who voiced their contempt about WarGreymon. Tai only let Izzy go and grumbled, "Stupid email…", after Matt told him to get a hold of himself as they still had to stop Diaboromon.

Victorious, Diaboromon hacked into an American military computer system at the Pentagon, headquarters for the United States Department of Defense, where he grabbed a red clock, his own personal Doomsday Clock. He then contacted the Digi-Desitined with another message. In the original version, it read "Which one has the clock?", in the Dub, he said "Who can count backwards from ten?" With that, Diaboromon launched a LGM-118 Peacekeeper nuclear intercontinental ballistic missile (ICBM) at Japan, which would strike the area where Tai and Izzy were located. At the same time, the evil Mega started to create copies of himself, each one matching him in both strength and power. The USA and other countries, including Japan, tried to intercept the Peacekeeper with their interceptor missiles, but Diaboromon had infected all of their systems and prevented their attempts to do so, wanting to intentionally ignite World War III for its own sadistic pleasure.

With their lives at stake, Izzy quickly concluded that their only hope now was to kill the Diaboromon carrying the clock (i.e. the original). This was a daunting and seemingly impossible task, as within minutes, Diaboromon had already created over 75,000 copies of himself. Yet even so, the weaken WarGreymon and MetalGarurumon promised to try.

Unfortunately, by the time they reached Diaboromon's location, they found that the evil monster had already created over a million versions of himself, all of them taunting the wounded Mega Digimon with "Don't interfere" as they scampered all over the site. Before his opponents could do anything, Diaboromon and his duplicates unleashed a rain of fire down upon their adversaries. MetalGarurumon and WarGreymon tried their best to evade, but were weakened by their injuries and still hampered by the incoming emails (despite Izzy's best efforts to stop the latter). As such, the pair took a number of solid hits and after only a few seconds, Diaboromon stopped his assault. When the smoke cleared, the Digi-Destined saw their partners floating lifelessly in the void.

With their partners at death's door, Tai and Matt due to the strong bond they shared with their partners, managed to enter the network. There they comforted their Digimon and pleaded with them not to give up. Tapping into their partners strength and the hopes of the spectators, Wargreymon and MetalGaraurumon managed to fuse into a new Digimon: the mighty and all-powerful Omnimon. Sensing his opponent's power, Diaboromon attacked once again, ordering all his duplicates to open fire with another barrage of Web Wrecker shots from all angles. However, Omnimon managed used his new found strength to decisively turn the tables on his enemy. First, he used his Transcendent Sword to deflect the incoming barrage and send it back to sender, destroying a number of clones. As the Diaboromon went into a panic upon this happening, Omnimon used his Supreme Cannon to unleash an energy blast of his own. With a number of strategically placed shots, he managed to destroy all of the remaining clones in a matter of seconds.

When the smoke cleared, a single Diaboromon remained, the original and the one that held the clock, and he was furious at having been ousted with all his clones destroyed. With time running out, the Digi-Destined ordered Omnimon to finish him off. Knowing that he could not take on Omnimon or survive another hit, Diaboromon decided to use the only weapon/advantage he had left, his great speed. He leapt aimlessly all over the place, trying to keep his opponents distracted long enough to prevent them from disabling the missile. Sure enough, it appeared to work. Every time Omnimon or his companions locked onto him, Diaboromon would simply jump somewhere else. As the timer passed the one minute mark, the Digi-Destined began to realize the situation looked desperate.

Then, thinking fast, Izzy suddenly realized that there was a way for them to turn Diaboromon's own strategy against him. Since

Diaboromon had been contacting them through the Internet, it meant that he had an email address. Recognizing that he could redirect the still incoming emails to that address, the Digi-Destined of Knowledge realized that doing so would slow Diaboromon down just like it did them, thus giving Tai and the others their opportunity.

Oblivious to the danger, Diaboromon kept on darting all over the place. Following another successful landing, the evil Digimon prepared to leap for another vantage point, but at that moment Izzy pressed the Enter key. Flinching visibly, Diaboromon's movements were slowed down to the point that he could barely stretch his head, let alone move. Realizing what was about to happen, the Mega turned his head slowly. To his horror, he saw that Tai, Matt and Omnimon had located him. As Diaboromon's eyes widened in horror, the Royal Knight charged.

By this point, there were only ten seconds left on the clock's timer before the Peacekeeper's nuclear trigger would be activated and wipe out Odaiba and the surrounding area of metro Tokyo in a nuclear explosion more powerful than the Hiroshima and Nagasaki atomic bombs. At the five second marker, the emails ran out allowing Diaboromon freedom of movement again. Cornered, Diaboromon prepared to try and shoot Omnimon again with his Web Wrecker, but it was already too late. Closing the distance, Omnimon stabbed the virus Digimon in the head, killing him instantly and disabling the missile's systems with one microsecond to spare. Diaboromon's body disintegrated and all that was left was his broken Doomsday Clock, with Omnimon's Transcendent Sword having stopped the three hands from striking 12 by jamming itself between them so they couldn't budge. With the Peacekeeper deactivated and disarmed from detonating its deadly payload thanks to Diaboromon's death and the Pentagon regaining control of its systems to activate the missile's failsafes, it splashed harmlessly into Tokyo Bay, with the water it sent up coming back down as a short downpour that knocked the missile, pointed crookedly out of the water by its tail, fully into the bay on its side as many people looked on. Tai and Izzy can only watch from the balcony of Tai's apartment, trying to catch their breath after how close they came to nuclear annihilation only moments earlier.

## Differences between the adaptations

Following the release of *Digimon Our War Game,* Diaboromon would return as an antagonist of the English adaptation *Digimon The Movie.* There were a number of differences between this version of Diaboromon and his original counterpart.

In the original version, Diaboromon's egg was created from a number of computer virus' merging together. In the dub, it was later revealed to have been created by the American Digi-Destined Willis, but was attacked by a virus before it could hatch. In Our War Game, Diaboromon and his other forms did not speak. Instead, he "spoke" to the Digi-Destined through his emails. In the English version however, he could speak fluently. In the English version, Diaboromon was searching the internet for his creator Willis, for an unknown purpose. For *Our War Game* however, he cut off the phone and internet connections in order to stop the Digi-Destined from pursuing him. In Our War Game, the number of clones he created is never specified. In the original film, Diaboromon only launched one missile, but in the dub he launched two. One to target Tai and Izzy, the other Willis. Following his defeat in the original movie, Diaboromon played no further role in the story until his return in *The Revenge of Diaboromon* . For the english adaptation however, the virus that had infected him escaped from the internet and infected Willis' partner Kokomon shortly afterwards. *Digimon Adventure* (PSP)

In the PSP adaptation of *Digimon Adventure*, Diaboromon is the final boss of the *Our War Game* arc and arguably the final boss of the main game.

## *Digimon Adventures 02*

Later in the sequel, *Digimon Adventure 02: Revenge Of Diaboromon*, Diaboromon survived and returned for revenge. He did this by creating an army of his offspring; Kuramon. After he was defeated for the second time by Omnimon, this time supported by Angemon and Angewomon and their partners, the Digi-Destined of Hope and Light in T.K. and Kari Kamiya, his offspring merged together with Diaboromon's data and became Armageddemon. He easily defeated Omnimon, and Imperialdramon. But When Omnimon fused with Imperialdramon Fighter Mode and became his Paladin Mode, he was granted enough strength to destroy Diaboromon once and for all.

When I was done everyone was horrified!

Qin: WHOA MAN!

Laney: He tried to blow up Japan and Colorado with nukes!? That's horrible!

Nico: Yeah. Yolei told me all about what happened during that time and it was incredible. I saw WarGreymon and MetalGarurumon DNA Digivolve into Omnimon and his power was incredible. Diaboromon was no match for a Super Ultimate Level Digimon.

Me: Yeah that is awesome.

Eli: Wow!

Nikiya: It's hard to imagine that Diaboromon came that close to destroying Japan and Colorado. Tai and everyone stopped him just in time.

Nico: Yeah no kidding there.

Camie: That was crazy.

Nico: Considering that you archenemy is BlackWarGreymon and you're as powerful as me, you can see why I brought you with me.

Nikiya: Yeah I know.

Camie: Nikiya I heard you are the sister of Broly the Legendary Super Saiyan. What was Broly like in his full history?

Nikiya: Well you guys do have a right to know. It's not something I'm very fond of talking about but you do have a right to hear about it. My brother Broly was not normal from day one. Broly was born with an abnormally high power level of 10,000. Which is completely unheard of for a Saiyan Infant.

Camie: Wow! 10,000 at birth?

May: We were shocked at first.

Me: Yeah.

Nikiya: Yeah. But Broly was a monster from the very minute he was born.

Nikiya told everyone that hadn't heard it about Broly and what he did and why he became the way he was.

Broly is a character who appears in several Dragon Ball Z films. He serves as the main antagonist in the films Broly - The Legendary Super Saiyan and Broly - Second Coming, while a clone appears in Bio-Broly as the main antagonist. Like Goku and Vegeta, Broly is a member of the Saiyan race and a Super Saiyan, however, he has a form unique to himself, the Legendary Super Saiyan form.

He was voiced by Bin Shimada in Japanese, and Vic Mignogna in English.

Broly first appears in the eighth *Dragon Ball Z* movie *Broly - The Legendary Super Saiyan* . In it, during the ten days before the Cell Games, a mysterious Saiyan named Paragas approaches Vegeta, and requests that he come and be the ruler of the newly established New Vegeta, a planet for any Saiyans who survived Planet Vegeta's destruction. Paragas then tells him, in order to persuade him, that he needs his help fighting the Legendary Super Saiyan, who had been destroying several planets in the South Galaxy. Vegeta agrees and leaves along with Son Gohan, Trunks, Krillin, Master Roshi and Oolong.

A young Broly causing havoc.

Once on New Vegeta, Paragas tells them that there has been another attack by the Legendary Super Saiyan, and Vegeta, along with Paragus' son Broly, go to investigate. Meanwhile, Son Goku, who was just told of the destruction in South Galaxy by Kaio, goes to a planet that was attacked, and can sense that a great power was just there. Goku then goes to Planet Vegeta. He meets Broly, who at the very sight of Goku starts powering up, but Paragas soon uses a mind control device to stop his son. Paragas tells Goku of Broly's birth, and how he started out with a power level of 10,000, a level which is considered to be elite among adult Saiyans. Goku, who was in the bed next to Broly, constantly messes Broly's mind by crying, preventing him from sleeping and creating an everlasting hatred in the newborn child.

Later, Broly attacks Goku as a restrained Super Saiyan, and is able to best Goku, forcing the hero to flee. Goku then realizes that it was Broly who was the Legendary Super Saiyan all along. Paragas barely manages to get his son under control, and reveals that he wants to make Saiyans the rulers of the Universe, using Earth as their home planet. Broly then goes after Goku, but Vegeta jumps in and tries to fight him. After not even scratching him, the Saiyan prince uses his most powerful attack, the Big Bang Attack. However, even this proves useless against Broly and after the attack, he breaks free of Paragas and turns into a Legendary Super Saiyan. Vegeta falls down in fear, acknowledging Broly's power. Paragas tells the heroes that King Vegeta had betrayed them and ordered the death of Broly as an infant, fearing that Broly would eventually overthrow him. When Paragas asked the tyrant to reconsider, King Vegeta ruthlessly blasted him. Broly was stabbed and he, along with his father were thrown into a hole in the ground. This caused insanity in the young Saiyan. When Planet Vegeta was destroyed by Frieza, Broly was able to protect them with his energy, and Paragas began to plot against the last surviving member of the Saiyan royal family, Prince Vegeta.

Broly continues his rampage, and Goku, realizing he is no match, turns Super Saiyan, along with Trunks and Gohan. Even with their combined forces however, they cannot hold their own. Broly quickly takes out Trunks and Goku. Broly then turns his eyes on Gohan, but Piccolo appears and saves him. Meanwhile, Paragustries to escape in a space pod, hoping his son will die when a nearby comet hits the planet, but Broly confronts him, having found out about his father's attempt to escape. Paragas tries to bluff his way out of the situation, saying that he is trying to prepare the space pod so both of them can escape the explosion, but Broly knew that the space pod is only built for one person. Having discovered Paragas' intentions and desiring revenge against his father for brainwashing and using him, Broly crushes the space pod and kills Paragas, before effortlessly flinging the crushed space pod into the comet. Piccolo tells everyone to give Goku their power, saying that it would be enough to defeat Broly. Everyone does so quickly, all except Vegeta, whose pride disallows him to help Goku. After Goku is being beaten around by Broly, almost to death, Vegeta finally gives his rival his power. Goku rushes at the Legendary Super Saiyan and strikes him in the gut with a Miracle Blow, puncturing his abdomen. As a result, Broly cries out in pain and astonishment before exploding. He is presumed dead after this.

*Dragon Ball Z: Broly - Second Coming*

Broly in Second Coming (in his Super Saiyan form).

Broly reappears in the tenth *Dragon Ball Z* Movie: *Broly - Second Coming* . In the beginning of the movie, Broly is shown exiting a space pod onto earth, and then freezing. The story starts off with Son Goten, Trunks, and Videl searching for the Dragon Balls. In a small quarrel, Videl slaps Goten, who pretends to cry, which, sounding much like his father, awakened Broly. At night, Videl hears the sounds of explosions, and explores to find Broly. She tries to attack him, but Broly easily knocks her unconscious with one punch. Goten and Trunks come, and Broly, upon seeing Goten, goes mad, mistaking him for Goku.

Trunks and Goten go Super Saiyan to fight Broly, but are no match. As Goten is fighting, he sees the last Dragon Ball. He gets it and hides behind a waterfall. He tries to summon Shenron, but nothing happens. Luckily for them, Son Gohan arrives to help them fight. Gohan informs Goten and Trunks of who Broly is after they see he is familiar with him. They watch as Gohan fights Broly, notices them and blasts them. Gohan turns into a Super Saiyan 2 and begins fighting Broly. But Broly turns into his Legendary Super Saiyan form and quickly outmatches him. Gohan then throws Broly into a pit of lava that had been created in the fight, but the Legendary Super Saiyan emerges, and begins to mercilessly beat Gohan. Videl distracts Broly for a second, and Gohan breaks free, then becomes Super Saiyan again.

Broly is destroyed as he is hurled into the sun.

Gohan then fires a Super Kamehameha wave at Broly, who fires his Omega Blaster back at him. Gohan is unable to break through the energy ball, and Goten jumps in with a Kamehameha wave to help him. Even with their combined powers, Broly still pushes them back, and Gohan makes a silent wish that his father could be there. Just at that moment, Son Goku arrives in spirit form, and helps them with his own Kamehameha wave. Broly still has the upper hand, though, until Trunks fires a Ki blast at Broly's Omega Blaster, preventing him from powering up the attack. The Son family is then able to shatter the ball of energy with their Family Kamehameha, knocking Broly into the sun and obliterating him. When Gohan and Goten turn around, their father is gone.

*Raging Blast 2: Third Coming*

Broly returns to Earth.

Broly was stated to have returned one more time in *Raging Blast* 2's bio for Legendary Super Saiyan 3 Broly, it states that he survived being thrown into the sun and received a huge Zenkai, obtaining not only a Legendary Super Saiyan 2 form, but a Legendary Super Saiyan 3 form beyond that. Broly returned to Earth but was defeated by the Z Warriors, presumably by all the Saiyans at once.

*Dragon Ball Z: Bio-Broly Main article: Bio-Broly*

A clone of Broly appears in the *Dragon Ball Z* movie: *Bio-Broly* . In it, a wealthy man named Jaguar uses his money to create powerful bio-warriors, which he wants to use to reveal that Mr. Satan is a fraud. So he sets up a tournament, however, the Z Warriors intervene, and are able to defeat his warriors. So, he reveals his most powerful weapon, a clone of Broly himself. Jagaur was able to create him through a frozen blood sample provided by a village priest near where the original Broly was last fought. Trunks and Goten try to destroy the clone before he is released, however, Bio Broly escapes, and becomes mutated by a bio culture liquid.

Bio-Broly

Bio Broly tries to kill Mr. Satan, but Android 18, Goten and Trunks try to prevent it, and in the process, both get beaten down. Trunks manages to get Broly between some chemical tanks, and destroys the tanks, hoping to destroy him. However, this only serves to make Broly even stronger. They escape the factory, and discover that sea water causes the bio fluid to turn to stone, so they use a Kamehameha wave to blast the sea water at Broly and he falls into the water. He starts to rise, but becomes stone as he does. Trunks and Goten then blast Bio-Broly, obliterating him once again.

Bio-Broly is briefly mentioned at the end of the film. Where he is believed to be causing trouble in Hell. And Goku and Pikkon are sent to stop him. He is again presumably defeated and imprisoned in Hell.

When she was done everyone that hadn't heard about it was horrified.

Camie: He destroyed the entire South Galaxy!? That's pure evil!

Nico: Yeah it was.

Nikiya: Yeah. But like my brother, I too was born with an abnormally high power level. So was Bokrua.

Tsuyu: What was your power Nikiya?

Nikiya: I was born with a power level of 30,000.

Nico: And I was born with a power level of 100,000.

Sakura Valencia: Wow! That is incredible!

May: Yeah it sure was.

Nikiya: Yeah. We easily had that much power at birth. But King Vegeta feared that we would become too great a threat to his power and he ordered for us to be executed. But Nico's mother sealed me inside Broly's mind and I hated it. I hated my brother for everything he did. Bokrua was very lucky to have made an awesome new home on Earth.

Lola: He sure did.

Nikiya: Yeah. But I'm glad that Broly is gone for good and given the Black Gates.

Varie: We all are.

Nico: Thank goodness.

Kaito: How's our new satellite?

Me: It's working awesomely. We got drought ravaged areas drenched with rain.

Qin: Great!

Laney: Yeah.

Vroon: And it's in safe hands, right?

Lincoln: Yep. It now has a special firewall that prevents all terroristic organizations from getting in and only we can use it now.

Qin: Awesome.

Vroon: That's great.

Me: Yep.

Nico: Good. And I'm glad they pumped Dekkon's guts full of lead.

Varie: And buried him in an unmarked grave and we gave him the black gates.

Nico: Yep.

Sakura Valencia: Good riddance.

Nico: Makes you wonder if there are others like it.

Me: Yeah it sure does.

Eli: Yeah.

Qin: We'll have to see if we can find anything like that in the future.

Nico: Do you like it here, Rarity?

Rarity: Well the gems and crystal are not like what we saw on the diamond and sapphire planets.

Nico: Yeah they aren't that beautiful aren't they.

Qin: Yeah.

Nikiya: I sense that Diaboromon is close.

Nico: I feel it.

Me: Me too.

Qin: Where is he?

Nico: Hmm.

Nico concentrated and then sensed something and then fired an energy blast and it hit a rock and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Out of the explosion came DIABOROMON!

Me: There he is!

Juran: Heh. You don't look that tough.

Nico: Don't let his appearance deceive you Juran. He may not look that powerful but he was able to give WarGreymon and MetalGarurumon a really hard time and he put them on Death's

Door until Tai and Matt helped out.

Juran: Oh man.

Diaboromon: (Echoing) WEB WRECKER!

He fired a powerful pink energy blast from his chest and Nico deflected the blast back and it hit him and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: Taste this! (Echoing) SUPREME CANNON!

I fired a powerful energy blast from my hand and it hit Diaboromon and exploded with incredible power!

EXTREMELY MASSIVE AND POWERFUL FIERY EXPLOSION!

Diaboromon popped out of the explosion and we went at him and I kicked him in the face and smashed him down.

Diaboromon: (Echoing) CABLE CRUSHER!

He stretched his hands and claws and I slashed them all over and grabbed them and pulled him towards me and I kicked him in the face and smashed him down.

Nico: WOO! YEAH!

Kaito: (gets out Gekiranger gear) He's going down all the same!

Zocks: (gets out Go Onger gear) He doesn't know how strong we are.

Nico: Lets get him!

(LETS KICK IT UP BY PAUL GORDON PLAYS)

We went at him and blasted and smashed and pulverized him all over with incredible power.

Me: Take this! (Echoing) TERRA FORCE!

I formed a powerful and huge energy ball!

Nico: (Echoing) TERRA DESTROYER!

Nico formed a huge and powerful energy ball and we both fired them and they hit Diaboromon and exploded with incredible power!

**EXTREMELY MASSIVE AND UNBELIEVABLE EXPLOSION!**

The explosion knocked him down. But he was far from done!

Zocks and Kaito activated the gears they took out.

Zocks got a Road Saber and Kaito got a Jungle Fury Staff!

Nico: We will not let you finish what you started!

Diaboromon: (Laughs)

Me: What's so funny!?

Diaboromon: DIABOROMON DIGIVOLVE TO…

He turned into his most powerful form ever!

He turned into…

Armageddemon: ARMAGEDDEMON!

Me: WHOA MAN!

Nico: Armageddemon!

Qin: He's a huge spider!

Nico: And his power is equal to that of a Super Ultimate Level Digimon!

Sougo: (gets out Ex Aid Ridewatch) If he can power up, so can we!

Geiz: (gets out Cross Z Ridewatch) Took the words right out of my mouth!

Armor Time! (Retro video game-themed music) Level Up! Ex-Aid!

(Right-hand Ridewatch's announcement)! Armor Time! Wake up burning! Cross-Z!

Sougo got Ex AidArmor and Geiz got Cross ZArmor.

Nico: This is gonna get ugly!

Nikiya: Lets see how he likes this. GIGA TYRANT BLAST!

She fired a blue energy blast and it hit Armageddemon and exploded with incredible power!

INCREDIBLY MASSIVE AND POWERFUL EXPLOSION OF INCREDIBLE POWER!

The blast hurt him bad.

Armageddemon: (Echoing) DESTINY DESTROYER!

He fired a powerful energy blast from his mouth and Nikiya dodged it and the blast hit a mountain and exploded with incredible power!

The explosion was incredibly unbelievable and it destroyed the entire mountain in an instant in a massive and powerful fiery blast! When the smoke cleared, all that was left of the mountain was a huge crater!

Nico: WHOA! What power!

Maria: This just got serious!

Nico: We need a miracle here!

But then a powerful beam of light shined down on me and I floated up and then I saw a powerful sword appear in front of me. And it was the SWORD OF OMNIMON!

Me: WHOA!

Nico: That sword! It's the Sword of Omnimon! Use it J.D.!

Me: Right!

I took the sword and then I felt the incredibly awesome power boost and it was immensely powerful!

Me: WHOA! All the strength, power and hope of everyone from all over the world is surging through me!

Qin: INCREDIBLE!

Varie: WOW!

Me: Nico if from what I remember, when Imperialdramon used this sword it caused Armageddemon to split into millions of Kuramon. When I yell now, send all those Kuramon to the Black Gates!

Nico: Right! You heard him! Get ready!

I went at Armageddemon!

Me: (Echoing) OMNI SWORD!

I stabbed him in his head and then he shattered into millions of Kuramon.

Me: NOW!

Nico opened a portal to the Black Gates and sucked in all the Kuramon like a vacuum and banished them all into the Black Gates forever!

Qin: YEAH! He did it!

Sakura Valencia: Way to go J.D.!

Nico: That's it for him.

Me: Now he will never return.

Qin: Good riddance.

Nikiya: That's for sure. But we're not done yet.

Eli: I sense another figure coming.

Rarity: Is it another Digimon?

Eli: No it's Another Omnitrix Alien.

Then a figure came out and landed in front of us and it was a black version of Jury Rigg! It was ANOTHER JURY RIGG!

Me: Whoa! Another Jury Rigg!

Another Jury Rigg: (In a girls voice) I saw your battle and that was so awesome.

Me: I had a feeling it was you Olivia Newton.

Nico: You know her J.D.?

Me: Yep and her name is Olivia Newton and she is A girl who's good at biomedical engineering.

Nico: Whoa that is really powerful and smart stuff.

Another Jury Rigg: It sure is.

Nico: Did Swartz promise you anything?

Another Jury Rigg: Just to be the greatest Biomedical Engineer ever.

Me: You're already good at that yourself.

Another Jury Rigg: That's true. But I knew he was lying. And then I turned into this.

Me: But we'll save you from this. KIBAL LETS HOWL!

Far beyond their nations' borders

There's an army on the march

For religion king and glory

In the name of Christ their enemies chastise

Taking orders from the heavens

Through hostile fire they will march

Unaffected by the volleys

Facing death their faith will keep their fear at bay

Into battle facing the fire Lord thy will be done

Into battle walk in a line

See the white in their eyes Caroleans are marching on

Put their lives in God's hand for their kingdom and fatherland

See the white in their eyes Caroleans are marching on

Morale and discipline unites them

A common faith to keep them strong

Always on their way to heaven

She floated into the air and images of the Scanian War from 1674 to 1679 appeared and she fired waves of ice and blasted down Another Jury Rigg!

Me: Wow! Awesome!

Applejack: YEEHAW! That was great Apple Bloom!

Me: That was awesome Apple Bloom! That was the Scanian War from 1674 to 1679.

Nico: (takes out Wrecking Crew's Ridewatch) Time to wreck it!

Nico activated it.

WRECKING BALL BY MILEY CYRUS PLAYS!

Nico: (SINGING DIVINELY AS EXPLOSIONS AND ROCK SWIRLED AROUND HIM)

We clawed, we chained, our hearts in vain

We jumped, never asking why

We kissed, I fell under your spell

A love no one could deny

Don't you ever say I just walked away

I will always want you

I can't live a lie, running for my life

I will always want you

I came in like a wrecking ball

I never hit so hard in love

All I wanted was to break your walls

All you ever did was wreck me

Yeah, you, you wreck me

I put you high up in the sky

And now, you're not coming down

It slowly turned, you let me burn

And now, we're ashes on the ground

Don't you ever say I just walked away

I will always want you

I can't live a lie, running for my life

I will always want you

I came in like a wrecking ball

I never hit so hard in love

All I wanted was to break your walls

All you ever did was wreck me

I came in like a wrecking ball

Yeah, I just closed my eyes and swung

Left me crashing in a blazing fall

All you ever did was wreck me

Yeah, you, you wreck me

I never meant to start a war

I just wanted you to let me in

And instead of using force

I guess I should've let you win

I never meant to start a war

I just wanted you to let me in

I guess I should've let you win

Don't you ever say I just walked away

I will always want you

I came in like a wrecking ball

I never hit so hard in love

All I wanted was to break your walls

All you ever did was wreck me

I came in like a wrecking ball

Yeah, I just closed my eyes and swung

Left me crashing in a blazing fall

All you ever did was wreck me

Yeah, you, you wreck me

Yeah, you, you wreck me

Nico fired waves of explosions and rock and smashed her down with the force of a wrecking ball.

Nico: OH YEAH!

Me: Love that song from Miley Cyrus!

Laney: YEAH!

Albedo turned into Negative Jury Rigg.

Negative Jury Rigg: Someone give me something to break!

Me: Here!

I pulled out a scroll and unsealed a Type 92 Beam Tank.

Negative Jury Rigg: Perfect!

He disassembled it and then put it all back together in the form of awesome Maser Beam Blaster Rifles for all of us!

Me: These are cool Albedo!

Negative Jury Rigg: Yeah they are. These are Maser Beam Rifles. Powerful enough to kill a Highbreed Alien on contact.

Me: Wow! That is awesome! Lets see.

I fired it and it fired a laser blast and it hit a mountain and it exploded into a pile of pebbles!

MASSIVE AND POWERFUL EXPLOSION!

Qin: WHOA!

Nico: That is awesome!

Laney: Powerful!

Negative Jury Rigg: (sheepishly) Although, a few months after my first defeat, Ben convinced the Highbreed to change their ways.

Me: I heard all about that. That was amazing.

Nico: Now they are powerful allies.

Qin: Yeah.

Me: But still these are very handy Albedo. Well done.

Negative Jury Rigg: Thank you.

Another Jury Rigg: That is really awesome.

Me: It sure is.

Nico: Yep.

Nico: Awesome for us. But not for you!

Me: But we'll save these for a really awesome mission Nico has planned for all of us.

Nico: Good idea. Lets get back to using our Ridewatches.

Laney: I got one. (ACTIVATES MXYZPTLK'S RIDEWATCH)

Using Mxyzptlk's powers she had a banana appear and it slipped Another Jury Rigg and knocked her down.

Me: The old Banana Slip gag. A Classic.

Nikiya: My turn!

She activated BlackWarGreymon's Ridewatch.

(SCARBOROUGH FAIR BY SIMON AND GARFUNKEL PLAYS)

Nikiya: (SINGING DIVINELY AS FIRE SWIRLS AROUND HER)

Are you going to Scarborough Fair?

Parsley, sage, rosemary, and thyme

Remember me to one who lives there

She once was a true love of mine

Tell her to make me a cambric shirt (in the deep forest green)

Parsley, sage, rosemary, and thyme

(Tracing of sparrow on snow-crested ground)

Without no seams nor needle work

(Bedclothes the child of the mountain)

Then she'll be a true love of mine

(Sleeps unaware of the clarion call)

Tell her to find me an acre of land

(A sprinkling of leaves)

Parsley, sage, rosemary and thyme

(Washes the grave with silvery tears)

Between the salt water and the sea strands

(And polishes a gun)

Then she'll be a true love of mine

Tell her to reap it with a sickle of leather

(Blazing in scarlet battalions)

Parsley, sage, rosemary, and thyme

(Generals order their soldiers to kill)

And gather it all in a bunch of heather

(A cause they've long ago forgotten)

Then she'll be a true love of mine

Are you going to Scarborough Fair?

Parsley, sage, rosemary, and thyme

Remember me to one who lives there

She once was a true love of mine

She fired waves of fire and energy and smashed Another Jury Rigg down.

Maria: Let's keep it up!

Me: YEAH!

But then a roar was heard and then out came A SPIKETAIL DRAKE!

Me: A Spiketail Drake!

Nico: Wow!

Spiketail Drake: (In a Girls voice) (Spanish Accent) Looks like the fun has just begun.

Nico: Jeanne Salazar! Wow!

She reverted back and Jeanne was a blue hair girl with blue clothes.

Jeanne Salazar: I got this.

She fired waves of blue fire and blasted down Another Jury Rigg. I caught the Ridewatch and purified it and I went over to Olivia. She had orange hair and orange clothes and blue eyes.

Me: Olivia are you okay?

Olivia Newton: Yeah. (GROANS) What a headache.

Me: At least you're all right.

I picked her up.

Jeanne Salazar: That was awesome though.

Nico: It sure was. Awesome to see you again Jeanne.

Jeanne Salazar: Gracias Nico.

Qin: Jeanne!

Jeanne Salazar: Qin!

She and Jeanne hugged.

Qin: It's awesome to see you again.

Nico: Jeanne is from Honduras and she is known for making the hottest and spiciest food ever known.

Me: Wow I love spicy food.

Lincoln: Me too.

Nikiya: What's your favorite memory of Nico?

Jeanne Salazar: I have so many buena memories. My favorite was when Nico and I had my famous Diablo Reaper Burritos. They are burritos made with my spiciest hot sauce and Nico and I loved them. But we saw some bullies beating up some kids and then me and Nico did a prank on him and we spiked the bully's soup with my deadliest hot sauce and he was put in the hospital for a long time. He was expelled for what he was doing and sent to prison. His voice box was completely destroyed by the Hot Sauce.

Nico: Good riddance.

We laughed.

Me: That is funny!

Nico: So awesome.

Nicole: That was awesome.

Nico and Jeanne hugged.

Nico: I've really missed you.

Jeanne Salazar: Me too Nico.

Qin: That was still a great prank though.

Varie: Yeah he had it coming.

Eli: No kidding.

We later went back home.

Lincoln: Wow, we're here in Manehattan and I know what we're going to do here, not only am I going to rescue the seven girls here, but we got word our old enemy, Lord Aragon, the evil dragon ghost, has come back from the dead and he's causing havoc in Manehattan.

Me: Should've known that tyrant would one day come back to get revenge, but we're ready for him now.

Nico: He'll no doubt still want to destroy you for humiliating him, J.D., and he's still full of hate. But, I've been thinking about what to do with him.

Lincoln: Say no more, Nico, we'll condemn him to Eternal Servitude in The Masters of Evil, but we should have him thrown in an ectoranium cell in The Masters of Evil's Prison.

Nico: (Smiles) Lincoln, you really are The Man With A Plan. That's a perfect punishment for him.

Eli: Awesome.

Lincoln: And thanks for joining us, Kara.

Supergirl: You're welcome, Lincoln, plus, this is our first time in Manehattan. And from the looks of it, it's a pony version of Manhattan, New York.

Me: I was just about to point that out, Kara.

Nico: Yeah, some of the places here in Equestria are inspired by some of the real cities in The United States, and it's really awesome.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of seven girls calling for help.

With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the seven girls, but they've been cornered by Lord Aragon, and that heartless evil dragon ghost is going to kill them.

Lincoln: Let's get over there at once, guys, I found the seven girls, but they've been cornered by Lord Aragon, and that heartless evil dragon ghost is going to kill them.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Aragon, and it allowed the seven girls to get to safety and Lincoln put up an energy field to protect them from Aragon. When Aragon saw us, especially me, he turned into his true dragon form in a fit of pure rage.

Aragon: You miserable little whelp, how dare you show your face to me?!

Lincoln: Yep, he's still pissed. But, either way, we should've known you'd show up again, Aragon, but we're not the same ones who kicked your scaly butt years ago.

Suddenly, Lincoln's massive white angel wings turned pink for Pinkie Pie, but the stars and orange and aurora-colored tips on the feathers remain the same.

Lincoln: And you also had the nerve to make a deal with Mean Pinkie, The Element of Insanity. Well, let me give you a little welcome back gift.

Lincoln tossed confetti bombs and they exploded when they hit Aragon, and it obscured his vision. Then, Lincoln fired balloon bombs which exploded with incredible power as they hit him.

Pinkie Pie: Ooh, balloon bombs and confetti bombs, amazing!

Twilight Sparkle: He's known each of our powers all too well. Come on, gang, let's get him.

Lincoln: Right.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds unholstered from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, TLPS Mr. Wolf transformed into his Super Angel Eternity Infinity form and the rest of The TLPS Bad Guys Gang transformed into their Super Angel Eternity Infinity forms and they unholster their massive swords, The Dynasty Warriors and Samurai Warriors got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholstered their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transformed, Sherlock Hound transformed into Super Angel Eternity Infinity Stellar Darkness Demon Hound of Dark Compassion and Demonic Justice, and he unholstered his massive Sparda's Demon Fang of The Demon Hound sword from his wider and more muscular back, Crash Bandicoot unholstered his massive Skylands' Elemental Wolf Greatsword of Elemental Justice and Eternal Bravery from his wider and more muscular back and transformed into Super Angel Eternity Infinity Elemental Skylander Bandicoot Knight Angel of Elemental Bravery and Elemental Will, Supergirl, The Demon Slayer Corps, The Ghostforce, The Louds' Ancestors, The L-ementals, Noctis, Prompto, Ignis, Gladio, Stella Nox Fleuret, and Ravus Nox Fleuret got out their weapons, Rayman unholstered his massive Celtic Dream Glade's Greatsword of Celtic Dream Justice from his wider and more muscular back and transformed into Super Angel Eternity Infinity Celtic Dream Glade Angel of Moonlight Justice and Celtic Dream Hope, and Me, Ken, Nico, Nicole, and Eli unholstered our massive swords and we transformed, and we went after Prince Aragon, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, steel orbs, throwing axes, elemental forces, and mythological animals, and they exploded with incredible power as they hit him.

Then, Lincoln grabbed Aragon by the neck and he sucked out the evil dragon ghost's hatred, and he'd gained a massive power boost and it was extremely powerful. Then, an Incineroar appeared and it'd viciously mauled Aragon and he was forced to change back to normal form, and Lincoln then chained Aragon up with ectoranium cuffs and tossed him in an ectoranium cell in The Masters of Evil's prison. We cheered wildly as we holster our weapons and powered down, and Lincoln snapped his fingers and extinguished Aragon's flames and the city was back to normal again.

Nico: Sheesh, even after all this time, Aragon is still that angry and pissed off at what we did to him years ago. Well, time in prison will cool his temper.

Incineroar: (Girl's voice) (Japanese Accent) Or he'll be even more pissed off even more.

Lincoln: Wait a second, that Japanese accent, Akako Moerutora, I knew it was you.

Akako Moerutora reverted back to normal, and she's a beautiful girl with long crimson red hair tied up in a ponytail, crimson red eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful crimson red angel wings, and she reigned in the power of Incineroar, and she's dressed in a sleeveless orange and pink vest, sleeveless crimson red top with designs, crimson red skirt, red pants, red shoes, and long sleeveless crimson red trenchcoat with fire on the coattails, and Incineroar on the back, and holstered on her back is a large Incineroar-themed greatsword with Incineroar etched on the 7'0" massive, wide, double-edged crimson red blade, crimson red angel wings for the crossguard, large orange gem embedded in the rainguard, longer black handle, and a large crimson red gem surrounded by angel wings for the pommel.

Lincoln: Aha, I knew it was you, that was one awesome beatdown you gave Aragon, and it's so good to see you again.

Akako Moerutora: (Japanese Accent) You too, Lincoln, it's been a long time, Rabbit Cutie.

Lincoln went up to Akako Moerutora and they hugged, and Akako Moerutora is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his massive white angel wings with stars on the feathers and orange and aurora-colored tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were thirteen, and as you can see, I really grew a lot since then.

Akako Moerutora: (Japanese Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive white angel wings, that's amazing.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Akako Moerutora, she's not only one of my fiercest Guardian Angels from Japan, but also, my classmate in English and a powerful fire psychic. Her last name, Moerutora, means Blazing Tiger in Japanese. We would often head to hot springs only they know where to have fun in their underwear. She also absolutely hates bullies, in fact, when she found Lynn and Chandler bullying me, she outright wrecked them and left their arms and legs broken, their teeth broken and their noses broken and bleeding.

Me: Yeesh, that's really brutal.

Lincoln: It sure is, and to show how grateful I was to Akako, while at the hot springs, I gave Akako a massive bouquet of flowers and kissed her on the lips. Akako often flirt with me and nicknamed me Rabbit Cutie because of my hair. I also found out she's also the cousin of Tatsumaki and she hates Lynn and Chandler with a burning passion.

Nico: Whoa, so she's the cousin of Tatsumaki, that's really awesome.

Tatsumaki: Indeed, and it's been a long time since last we met, Akako.

Akako Moerutora: (Japanese Accent) You too, Tatsumaki.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Akako Moerutora's neck with crimson red gems on the gold thunderbolt links and crimson red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Akako Moerutora: (Japanese Accent)(Surprised) Lincoln, is this…?

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means that just like your cousin, you're part of my harem and one of my many future wives, Akako.

Akako Moerutora had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Akako Moerutora's waist and Akako Moerutora wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the seven girls, and when Lincoln saw them, he recognized them immediately. The seven girls are Touko Murasame from The Betrayal Knows My Name, Io Nitta, Airi Ban, Fumi Kanno, Hinako Kujou, Makoto Sako, and Otome Yanagiya from Devil Survivor 2: The Animation.

Lincoln: Oh wow, it's Touko Murasame from The Betrayal Knows My Name and Io Nitta, Airi Ban, Fumi Kanno, Hinako Kujou, Makoto Sako, and Otome Yanagiya from Devil Survivor 2: The Animation.

Nico: Awesome.

Lincoln: Are you girls okay?

Touko Murasame: Yes, we're okay, thanks to you.

Then, when Touko Murasame and the other six girls saw who it was that saved them from Aragon, their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Touko Murasame: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made six clones of himself, and he and the six clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Touko Murasame: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seven Thunderbird Necklaces of Eternal Love appeared on the necks of Touko Murasame, Io Nitta, Airi Ban, Fumi Kanno, Hinako Kujou, Makoto Sako, and Otome Yanagiya with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villain we went after was Aragon, the evil dragon ghost who came back from the dead and he wanted revenge on us for killing him long ago.

But, when Lincoln showed what we did in beating him up and throwing him in The Masters of Evil's prison, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Akako Moerutora have a lot of catching up to do now that she's back in town.

Maria: I can't believe Mean Pinkie had the nerve to make a deal with that monster, Aragon, she sure is known as The Element of Insanity.

Pinkie Pie: Yeah, she's a party pooper, and Linky showed us what he did to Aragon when he used my powers.

Sunset Shimmer: He had confetti in his eyes and it really made him mad, but the big part was when Lincoln made those balloon bombs and threw them at Aragon. Aragon's eardrums were ringing when they exploded.

Just then, Lynn came in, and when she saw Akako here, her blood ran cold and her face turned pale, and Akako glared at Lynn.

Akako Moerutora: (Japanese Accent) Lynn Loud Jr., I cannot forget what you did to your brother long ago, but I'm going to look past it, after he told me he got rid of that monster you had in you.

Lynn gulped nervously.

Nico: Uh oh, I'd hate to find out what Lynn did to Lincoln that caused Akako to get pissed off and almost burn her.

Lincoln: Trust me, you're not going to like it one bit.

---

After putting a stop to Prince Aragon and throwing him in The Masters of Evil's prison, we were training intensely in the gym, this time, doing 500,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Akako Moerutora saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Akako Moerutora: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Akako, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Akako Moerutora: (Japanese Accent) That's incredible.

Nico: It sure is. So, Akako, what's the story on why you hated Lynn with a burning passion, along with Chandler?

Akako Moerutora: (Japanese Accent) You're not going to like it one bit. One day, Lincoln and I were heading to the hot springs that only we knew about, but then, I heard the sound of thundering feet along with the smell of unwashed gym clothes, and there's only one people who matched that very descriptions: it was Lynn, and that pig wanted to kill Lincoln again. I wasn't going to let that pig get away with it, so I pounced on her and pulverized her. But, then, I realized she wasn't alone, she also had help from Chandler, who tried to rush at Lincoln and stab him with a knife, but Lincoln grabbed Chandler by the arm and gripped it so tight, it caused Chandler to drop his knife, and then, Lincoln delivered a hard kick to Chandler's head and sent him flying into a tree and he was knocked down, and it pissed Lynn off badly, but then, they got back and up and before they tried again to kill us, I outright wrecked them and broke both their arms and legs, broke their teeth, and broke their noses badly it caused them to bleed. Lincoln tied them up in ropes made of light, and after he called Lori and told her what Lynn and Chandler tried to do, she came over and dragged Lynn's butt home to face judgement, and as for Chandler, he was dragged off to jail again when the cops also came.

We gasped in shock.

Nico: Jeez, Lynn made another alliance with Chandler to kill you again, Lincoln?!

Lincoln: Yep, and to show how grateful I was to Akako, I gave her a massive bouquet of flowers while we were at the hot springs and I kissed her on the lips.

Me: That was awesome and romantic. So, what happened with Lynn and Chandler?

Luna: After Lori came back and told us what Lynn and Chandler tried to do to Lincoln, I was so mad at that stubborn moron, I so wanted to smash my cymbals in her ears, but Akako already did some major damage by breaking Lynn's arms, legs, teeth, and nose. We eventually dragged her butt off to the hospital and she was also grounded for six months, and Chandler got put in jail for seven months for that.

Eli: That'll teach her.

Nico: You said it, and Luna, I'm surprised you called Lynn a stubborn moron after Lori dragged her in the house. Usually, Lynn would've broken your arms and legs for calling her that.

Luna: Ever since I wasn't going to be manipulated by Lori, Lynn, Lola, Lisa, and Luan ever again, I've stood my ground against them, and I went that far as to throw some insults at them, which really got them steaming mad. But, I warned them, if they cross just one more line and try to hurt Lincoln and all those close to him, I'm going to give them the biggest headache of their lives.

Me: Yeah, and she meant it big time.

Nico: Yikes, you're threatening to break the sound barrier if they so much as one more line and try to hurt Lincoln and all those close to him?! You sure have earned your role as Lincoln's Guardian.

We got a shower afterwards, but then, the alarm sounded and Lincoln checked the computer, and when he checked to see, he saw who it was that sounded the alarm: it was Magnanimous, yet another of the S-Force's greatest enemies, and he's causing havoc.

Coop (Megas XLR): (Gasps) It's Magnanimous, and it looks like he's here to destroy Earth again.

Lincoln: That M.O.D.O.K. Knock-Off, I'm not letting him do as he pleases here, and if I find out Mean Pinkie is behind this as well, that lunatic's just going to make her own death a lot more painful. Let's go, gang, let's take him down.

We flew out of the World Tree Estate, and Lincoln fired rainbow energy balls and elemental forces at Magnanimous, and when he saw us, he was enraged.

Magnanimous: So, the famous Team Loud Phoenix Storm has arrived, now I'll finally destroy you all and get my revenge on Coop.

Lincoln: Ain't happening, you M.O.D.O.K. Knock-Off!

Nova (Megas XLR): That's right, and you're going to pay for your crimes with your life.

Suddenly, Nova's dark blue eyes turned neon dark blue and she was surrounded by a red, pink, and yellow energy aura with hearts, fire, and angels, and as she approached Magnanimous, she left red, pink, and yellow energy, hearts, fire, and angels with every step. Suddenly, Nova was surrounded by a massive vortex of red, pink, and yellow energy with fire and hearts surrounding it, there's an angel flying around the vortex, and in the vortex is a dark blue phoenix. Then, as the vortex faded, Nova emerged, but she was changed forever.

Nova grew to 6'11" in height, she has the body of a goddess, she has pink highlights in the bangs of her long yellow hair tied up in pigtails, she has neon dark blue eyes and a red, pink, and yellow energy aura with hearts, fire, and angels surrounding her, she has an angel with a heart in its hands emblazoned on her forehead, she has on angel earrings with red gems for eyes and holding the Fire and Eternity Kanjis in its paws, she also has an angel with red gems for eyes and the Fire and Eternity Kanjis in its paws for the second pendant on the bottom of her red angel-shaped Element of Harmony, along with the gold Thunderbird pendant of her Thunderbird Necklace of Eternal Love necklace with pink crystal links from her merged Crystal Necklace of the Buddha and red gems on the gold lightning bolts, and she also has on her new Elemental Thunderbird Choker Necklace of Eternal Love. Suddenly, Nova (Megas XLR) felt a sharp pain on her back, and then, massive yellow angel wings with pink and red tips on the feathers, grew and sprouted out from her back, she has on a Ring of The Phoenix with red gem and heart shaped gem embedded in it on her right ring finger and Star Sapphire ring on her left ring finger.

Nova (Megas XLR) has a brand-new massive greatsword in her hand called Ultra-Cadet's Pink and Red Firestorm Greatsword of Firestorm Robot Justice, it's a brand-new massive greatsword with the symbol of The Ultra-Cadets etched on the 7'0" massive, wide, double-edged pink and red blade, large red angel heads for the crossguard, large pink gem embedded in the rainguard, longer black handle, four large angel heads and on the bottom of the heads is a large red gem for the pommel, she has on her new brand-new large gold cuff Bracelets of the Champions of The Universe with red gems on her wrists, new large gold Belt of Elemental Bravery with a gold angel's head with pink gems for eyes and large red gem in its open mouth for the belt buckle, large rainbow-colored leather and gold metal bound Elemental Spellbook of Harmonious Justice, Eternal Harmony, and Equestrian Peace and Talisman Cards of The Universe and Talisman Cards of Eternal Elemental Harmony on her right hip and Eater of Sins revolver holstered on her left hip. There's a gold kanji below the angel that said, "Nova, Leader of The Ultra-Cadets, Friend of Coop and His Friends, Team Member of Galaxia, Comet, and Pulsar, Loving Future Wife of Lincoln Loud, Defender of the Universe, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing and Powerful Student of Amazing and Powerful Teachers, and Master of Fire, Hearts, and Angels"

ノヴァ、ウルトラカデッツのリーダー、コープとその仲間たちの友、ギャラクシア、コメット、パルサーのチームメンバー、リンカーン・ラウドの愛する未来の妻、宇宙の擁護者、悪のスレイヤー、錯乱、殺人、無慈悲、サディスティックろくでなし、素晴らしく強力な教師の素晴らしく強力な生徒、そして火、心、そして天使の達人

Nova (Megas XLR) has transformed into SUPER ANGEL

ETERNITY INFINITY PINK HEART FIRESTORM ANGEL OF DIVINE PINK FIRE HEART JUSTICE AND DIVINE FIRE HEART ANGEL LOVE!

We were amazed by Nova's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Magnanimous saw it, he summoned some robots to destroy her, but Nova fired pink, red, and yellow energy blasts with fire, hearts, and angels and destroyed them and another blast hit Magnanimous and sent him flying into a wall, but he's not out yet.

Galaxia: Wow, Nova's transformed, this is going to be good.

Lincoln: You said it, Galaxia, and Nova, you look beautiful. How do you feel?

Nova (Megas XLR): (Divine Echoing Cosmic Voice of The Firestorm Heart Angel and Divine Fire Heart Love) **I feel incredible, Linky. Now, shall we take care of Magnanimous for good?**

Lincoln: (Smiles) With pleasure, Nova.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Amalthea.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to pay for everything you've done, Magnanimous.**

Nova (Megas XLR) and Lincoln went after Magnanimous, and they fired powerful blasts of rainbow energy, pink, red, and yellow energy, hearts, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Panthers, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at Magnanimous, and they exploded with incredible power as they hit him. Then, they attacked him with their massive greatswords, leaving tears and scars on him, and they were deep, and then, they fired powerful beams of energy, and they exploded with incredible power, killing him. Then, they sent him to The Black Gates forever as his spirit appears. We cheered wildly for what Nova and Lincoln did as they holstered their massive greatswords on their backs and powered down, and Nova's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Nova (Megas XLR): That'll teach that robot-wrecking criminal. Thank you for helping me take down and destroy Magnanimous, Linky.

Lincoln: (Smiles Warmly) You're welcome, Nova.

Suddenly, Nova wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Nova's face, they kissed passionately as Nova's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we saw a herd of Buffalo and panthers running across the field, along with elemental forces and pink, red, and yellow flames raging around them, and we cheered wildly and they sucked in absorbed the flames and they came back to us.

Nico: Whoo, that was one awesome fight!

Nova: And now, we're rid of another one of Coop's enemies.

Lincoln: You said it, Nova, and I did find out something: it seems that Magnanimous tried to make a deal with Mean Pinkie, but The Element of Insanity double-crossed him and tried to get rid of him with some of her insane tricks, but he got away.

We gasped in shock.

Nico: I should've known, but she tried to do away with Magnanimous, but she failed and look at what happened.

Laura Diane Pyenington: Yep, and Mean Pinkie's going to get her just desserts later on today.

Lincoln: That's right, Laura, and I also sense Pinkie's also going to transform as well.

Rainbow Dash: Oh, this is going to be good.

We headed back to The World Tree Estate, and we're rid of Magnanimous for good, but we still got Mean Pinkie Pie to deal with later on today.

---

Later we were over at the Park for another awesome Bonding time session.

Strut: Gentaro, you and Whenua are up for bonding time.

Gentaro: Awesome!

Whenua: Yeah this is gonna be so awesome.

Qin: Yeah it sure will be.

Whenua: Yep.

Jeanne then gave me a plate with a really awesome burrito and it had a glowing neon blue hot sauce on it.

Jeanne Salazar: This is my super spicy burrito. The Diablo Reaper Burrito.

Me: Boy it looks delicious Jeanne.

Jeanne Salazar: Gracias.

I took a bite and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I exploded into a massive pillar of blue fire of Chernobyl Strength and it was intense! When it faded I was stronger and more powerful from the intense spice!

Me: WHOA! That is really delicious!

Jeanne Salazar: Glad you like it.

Nico: Wow! That is awesome.

Laney, Lincoln, me and Nico got some of her awesome chili and it was glowing neon blue because of the intense spice and it was incredible. We tried some and man was it delicious but we exploded into intense blue flames and man was it powerful!

Laney: Whoa! That is delicious!

Nico: (Wheezes) SO HOT!

Lincoln: Boy I love it. You make really awesome chili Jeanne.

Jeanne: Just like the old days right Nico?

Nico: You got that right.

Whenua: Gentaro, I'll never regret meeting you.

Gentaro: Me neither Whenua.

Me: It was so awesome how you guys took on the Zodiarts like that and they are all monsters for the Constellations.

Gentaro: Yeah it sure is.

Melanie Cygnus: To be honest I love being the Cygnus Zodiart.

Sonnya Polumesyats: And I love the Apus constellation.

Valeria Logan: And I like the Phoenix the Firebird Constellation.

Aqua Eridanus: And I like Eridanus the River.

Camillia Exator: And don't forget me. I'm for Camelopardalis the

Giraffe.

Cynthia Hato: And me too. I'm for Columba the Dove.

Hailey Lunala: And me for Corvus the Crow

Bonnie Lunala: And me for Grus the Crane.

Nico: Yep.

Gentaro: That's true.

Whenua: And we have just begun with the constellations.

Littlefoot: Gamou actually was a nice guy.

Me: He sure is Littlefoot.

Aylene C.: I agree.

Qin: And the Constellation of Sagittarius is awesome too.

Gentaro: I know.

Me: But also the Astroswitches you guys use are really awesome.

Gentaro: Boy they sure are. And it was so awesome how you guys beat Another Fourze and Meteor to get core and non-core M.O.E. Switches.

Qin: That is so awesome.

Maria: Another Fourze was one of the first Another Riders to be defeated.

Me: Yes he was. And we had no idea that when they were defeated that we would all get Legend Items for all the Rangers, Kamen Riders and Super Sentai Teams.

Gentaro: That is really cool.

Me: I still thought it was fun battling all those Another Riders and Rangers.

Nico: It all was really fun.

Gentaro: And is it true that my team celebrates 40 years of Kamen Riders?

Me: Yes it does. Your series came out on September 4th, 2011 and that marked the 40th Anniversary of the entire series. Kamen Rider first came out in 1971 on April 3rd.

Gentaro: Wow that is awesome!

Me: Yep and Revise commemorates 50 years of Kamen Riders.

Nico: Yep.

Eli: Wow that is awesome! Darn shame we couldn't meet the Revise Riders this year. That would have been awesome if we did.

Qin: It sure would.

Gentaro: Yeah.

Sougo: Well, me and Tsukasa's team makes up for it.

Me: That's true. And the best part is we got rid of Swartz and all your major enemies once and for all.

Sougo: That's right.

Me: Yep.

Nico: Yeah.

Eli then senses something.

Eli: We got company.

A figure came out and it was a new Zodiarts!

Dead End: Oh, great. Another Zodiarts.

Me: Whoa!

This one looked like a princess. It was called ANDROMEDA ZODIARTS!

I saw the constellation for Andromeda the Princess on it.

Me: This one's for Andromeda the Princess, a constellation for the Northern Hemisphere this time.

Andromeda Zodiarts: (In a girls voice) That's right J.D.

Me: That voice.

She reverted back and it was a girl with beautiful purple hair and a purple outfit with the constellation of Andromeda on the skirt and on her shirt was the Andromeda Galaxy and she had a tattoo of the symbol for Andromeda on her arm.

Me: Andrea Andromeda.

Andrea Andromeda: It's great to see you again J.D.

Me: Same here. Last time we saw each other was back when we were in space camp.

Andrea Andromeda: That's right.

Nico: You know her J.D.?

Me: I sure do. Andrea is one of my friends from Space Camp. We studied all kinds of galaxies there together. We saw numerous galaxies through a very powerful Kit Peak National Observatory Style Telescope and photographed them with the precision and detail like that of the James Webb Space Telescope that's now in orbit.

Andrea Andromeda: That's right and it was so awesome.

Nico: That is so awesome that you all discovered so many incredible galaxies.

Eli: It sure is guys.

Andrea Andromeda: Yeah those were fun times.

Me: They sure were.

Kup: Looks like we're gonna have to fight.

Me: Yep.

Andrea Andromeda: Yeah. Sorry about this.

She turned into the Andromeda Zodiarts!

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Me: By the way Andrea, I'm sure you know about this already but in the next 4 and a half to 7 billion years the Andromeda Galaxy and our galaxy the Milky Way are going to merge together with the process of Galactic Cannibalism.

Andromeda Zodiarts: That's right and yes I do know all about that. It's a really scary process because of gravity.

Me: I know. Professor Stephen Hawking discovered that the galaxies were going to merge.

Nico: He sure did.

Me: Lets see here.

I used flicked the Astroswitches for Aquarius Zodiarts, New Wave and Evil Bai Tza!

Me: NEPTUNE AQUARIUS SLASH!

I fired waves of water from my scythe and they hit the Andromeda Zodiarts and drenched her and cut her.

Nico: Awesome!

Maria: Time for my own water!

Maria fired her own wave of water and blasted down Andromeda Zodiarts.

Nico: Yeah!

Me: Try this on!

I Flicked Virgo Zodiarts, Dark Himiko and Yost Living Laser's Astroswitches and fired waves of light and darkness and the blasts hit Andromeda Zodiarts and she exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

She was down and I caught the Zodiart Switch and purified it and made it into an awesome Andromeda Sword and I picked up Andrea.

Me: Are you okay Andrea?

Andrea Andromeda: What a headache.

Me: At least you're back to normal.

* * *

Later back at the estate we were getting ready for our next mission.

Sea Clamp: To prepare for the next mission, we're going to watch a movie.

Nico: Yep and it's going to be Mortal Engines from 2018 and it's based on a book.

Qin: Cool! I love that movie.

Eli: Boy me too.

Camie: That is gonna be awesome.

Lola: Yeah it sure is!

Sakura Valencia: I can't wait to see what our mission is for.

Nico: It's gonna be a good one.

Then Dr. Viktor, Dark Spicer, Evil Green Ranger, Arbormon, Springfield Bullies, Jack O Lantern, Pied Piper, Kaos, Mr. Fizz, and Technus appeared.

Dr. Viktor: Can me, Dark Spicer, Evil Green Ranger, Arbormon, Springfield Bullies, Jack O Lantern, Pied Piper, Kaos, Mr. Fizz, and Technus go with you guys?

Nico: Yes you all can. First we're going to watch the movie for Mortal Engines.

Evil Green Ranger: Awesome!

Qin: Yep.

We got to watching the movie.

Set more than a thousand years in the future following a cataclysmic conflict known as the Sixty Minute War, the remnants of mankind regroup and form mobile cities, called "Traction Cities". Under a philosophy known as "Municipal Darwinism", larger "predator" cities hunt and absorb smaller settlements in the "Great Hunting Ground", which includes Great Britain and Continental Europe. In opposition, settlements of the "Anti-Traction League" have developed an alternative civilization consisting of "static settlements" (traditional, non-mobile cities) in Asia led by Shan Guo (formerly China), protected by the "Shield Wall". Relics of 21st-century technology such as toasters, computers, and smartphones are valued by historians as "Old-Tech."

The city of London captures a small Bavarian mining town called Salzhaken, absorbing its population and resources, under orders of Lord Mayor Magnus Crome. Tom Natsworthy, an apprentice historian, arrives at London's "Gut" to collect Salzhaken's Old-Tech for London's Museum. Hester Shaw, a masked twenty-something woman among the Salzhakens, attempts to assassinate Thaddeus Valentine, Head of the Guild of Historians, but Tom intervenes, pursuing Hester to a chute. Hester escapes, but not before telling him that Valentine murdered her mother and scarred her face. When Tom informs Valentine of this, he pushes Tom down the chute.

Tom and Hester are forced to work together to traverse the Hunting Ground, surviving Southies, Scavs on a night hunt, and finding refuge in a vehicle called Scuttlebug, but the owners lock them in a cell, intending to sell them as slaves. Hester confides that Valentine killed her archaeologist mother Pandora after stealing a piece of Old-Tech she found in a dig in the Dead Continent of the Americas, while young Hester escaped with a necklace her mother gave her. Meanwhile, Valentine frees Shrike, a reanimated cyborg known as a "Stalker", from the offshore walking prison Sharkmoor, to find and kill Hester. At the slave market of Rustwater in the Outlands, Tom and Hester are rescued by Anti-Traction League agent Anna Fang. During the chaos, they are pursued by Shrike, whom Hester reveals she knows. Hester explains that Shrike had found and raised her after escaping Valentine, and Hester promised to let him turn her into a Stalker like himself, but she left after discovering that London had entered the Great Hunting Ground, giving her a chance to kill Valentine. In London, Valentine's good-natured daughter Katherine grows estranged from her father, especially after Apprentice Engineer Bevis Pod informs her that Valentine pushed Tom down the chute, and they learn Valentine's energy project in the re-purposed St Paul's Cathedral is more than it seems.

Hester and Tom travel on Anna's airship, the Jenny Haniver, to the airborne city Airhaven, meeting other Anti-Traction League members. After questioning Hester, Tom realizes Pandora discovered a computer core for MEDUSA, a quantum energy-based superweapon used by the belligerents during the Sixty Minute War to instantly destroy entire cities, albeit shattering the Earth's crust into a thousand pieces that have rearranged the former continents. The Guild of Engineers has stolen the remaining components from Tom's museum workshop and built a MEDUSA under Valentine's orders. Shrike catches up with them, resulting in a fierce skirmish that critically wounds him and destroys Airhaven. Realizing that Hester is in love with Tom, he spares Tom and frees her of her promise before perishing. As Hester, Tom, and Anna travel to the Shield Wall of Batmunkh Gompa with the surviving Anti-Tractionists, Valentine kills Crome in a coup and musters support from Londoners by vowing to destroy the Shield Wall with MEDUSA and lead them to a new Hunting Ground in Asia. Anna convinces Shan Guo's Governor Kwan to launch the Anti-Tractionist airship fleet against London, but MEDUSA destroys the fleet and blasts a hole through the Shield Wall. After coming upon a stone carving of Medusa, Hester discovers that her mother's necklace hides a "crash drive", a kill switch for MEDUSA. Hester, Tom, Anna, and the remaining Anti-Tractionists lead a raid against London, braving the city's anti-aircraft guns.

Hester and Anna infiltrate St Paul's, and though Valentine mortally wounds Anna during a sword duel, Hester destroys MEDUSA with the crash drive. In a last-ditch attempt to destroy the Shield Wall, the now insane Valentine has his henchmen kill the city's control crew and put the city on full throttle on a collision course with the Wall. With Katherine's help, Tom uses the Jenny Haniver to destroy London's engine. Hester catches and fights Valentine aboard his airship, where he reveals that he is her father. Tom rescues Hester and shoots down Valentine's ship, which is crushed by London's slowing tracks, killing Valentine. With London stopped, Hester laughs victoriously while lying down. The surviving Londoners, now led by Katherine, make peace with the Anti-Tractionists of Shan Guo. As Governor Kwan welcomes the Londoners, Tom and Hester embrace each other and leave in the Jenny Haniver together to see the world.

The movie was really awesome and cool and it showed awesome Mortal Engines and more. When it was done we cheered wildly!

Me: That was so awesome!

Nico: Yep. So our mission is this. We're going to kill Thaddeus Valentine.

Qin: Wow!

Nico: Yep.

Laney: Yeah.

Sakura Valencia: What does it say about Valentine?

Me: You will not like this guy at all.

I pulled up his history.

---

Thaddeus Valentine is the main antagonist of the 2001 young-adult science fiction fantasy novel Mortal Engines by Philip Reeve, and its 2018 film adaptation of the same name.

He is the Head of the Guild of Historians who is also Katherine Valentine's father and Tom Natsworthy's former mentor, serving as the latter's father figure, as well as Hester Shaw's arch-nemesis before later being revealed to be her biological father. Appearing on both adaptations of the story as an obsessed leader who aspired to rule everything all over, Thaddeus sought to find a very important book in his quest to completely rule London and all of the world altogether; this involves trying to kill Hester, who takes it upon herself to eliminate Valentine at all costs.

He was portrayed by Hugo Weaving, who also played Agent Smith in The Matrix, Megatron in the Transformers series, David Melrose in Patrick Melrose, V in Vendetta, and Red Skull in the Marvel Cinematic Universe.

In the past, Thaddeus Valentine was the lover of an archaeologist who loves to travel across the world, Pandora. He was also the father of Pandora's daughter, who was also the film's main protagonist known as Hester Shaw. Initially portrayed as a caring family man, he reveals his true nature once Pandora found an ancient technology that was found in a Dead Continent of America - which resulted in him murdering her; when Hester saw Thaddeus's atrocities, he ended up scarring her face before she eventually escaped from his wrath and would later get herself a necklace that her mother relinquished to her.

In the first parts of the film, he was introduced at first observing the mobile city of London devouring a small mining town known as Salzhaken (Salthook in the novel). Once said city is devoured, Thaddeus seemingly welcoming the citizens of Salzhaken and promises that they will be given a good hospitality. Not only that, he also seemingly has a cordial relationship with the apprentice of Guild of Historians, Tom Nasworthy, and his daughter, Katherine Valentine.

However, one of the Salzhaken citizens, the aforementioned Hester Shaw, has the intent to murder Thaddeus, but once she tries stabbing him in the chest (which injures him, but he survives), Tom catches her, and she runs away from the scene and escaped using the chute. Before she escapes, she told Tom that Valentine murdered her mother and scarred her face. Confused, Tom gives the information to Valentine, and while initially Valentine accepts the information, he proceeds to push Tom down the chute.

Later, in the final battle, Thaddeus Valentine destroyed the ATL airfleet. He was then challenged by Anna Fang. They fought fiercely in one-on-one combat, which ends with Thaddeus Valentine mortally stabbing Anna Fang with his knife. In that moment, however, Hester Shaw managed to shut down the M.E.D.U.S.A. Machine much to Valentine's shock. He could only watch in horror to see that Hester Shaw has shut it down, before Anna Fang urges her to flee; as Hester Shaw does flee, Anna Fang dies after tauntingly telling Valentine that his plans for world domination are over - shortly before she herself falls to her death.

Back in London, Thaddeus Valentine was confronted by Kathrine - who had just discovered the truth about her father's evil nature. She disowns him before leaving to help the others, whilst Thaddeus decides to leave her behind and escape. However, he was finally confronted by Hester Shaw moments later. By then, Hester Shaw was now prepared to kill Thaddeus Valentine and avenge her mother's death in the final battle. Dismissing her intent, Thaddeus reveals to Hester that he is her father before they engage in one-on-one combat. Thaddeus Valentine initially has the upper hand and prepares to kill Hester Shaw, but she ultimately defeats him by slashing his face in the same manner as he did to her.

Thaddeus Valentine subsequently dares Hester Shaw to kill him so they can both "die together". However, in that moment, Hester Shaw decides not to go through with it and instead taunts her father by declaring that "she is gonna live" whereas he will not. Thereupon Tom appears in his ship, and helps Hester Shaw escape in it before her father can attack again. Tom then shoots out Thaddeus' ship, which ends up crashing onto the ground and kills all of Thaddeus' remaining men. Thaddeus Valentine himself survives, albeit critically injured, and is about to escape when he sees London's tracks slowing towards him and his broken ship. Thaddeus Valentine could only watch in horror as London's slowing tracks run over his ship with him still inside it, thus crushing Thaddeus Valentine to death. Because of this, Thaddeus Valentine's reign of terror was over at last.

---

When it was done we were shocked and enraged that he was that evil!

Nico: He is a monster of evil!

Qin: Yeah!

Camie: Wow! What year does Mortal Engines take place?

Me: It said it takes place in the year 3119 A.D.

Eli: Wow! That's 1,097 years from now!

Me: Yep.

Nico: This is gonna be so awesome and epic.

Me: And it takes place in an Apocalyptic World.

Kate Lloyd: At least it's not Zombies this time.

Sakura Valencia: No kidding.

Ace: Nico, which Gene Slammer do you think you'll meet next?

Nico: Lets see. I'm hoping to go for a gene-slammer for Errant Libitus.

Me: Ooh that's an awesome idea from the world of MTG.

Qin: Yeah.

Luna Loud: That's a great idea dude.

Nico: Yep.

Me: And I have an awesome surprise for you guys. You're going to love this.

I went to the computer and pressed a button and a scanning pad came on and I put my hand on it and it scanned it and opened key box and I got a key and a key control console popped out of the floor and I put the key in the starter and turned the key and then the city rumbled and then transformed into an awesome and huge and ginormous fortress floating hover city! It was a massive and huge mortal engine!

Nico: WHOA!

Qin: What just happened?

Me: Look at this.

I showed the Gotham Royal York Mortal Engine on a hologram globe.

Computer: GOTHAM ROYAL YORK MORTAL ENGINE ONLINE.

There was a picture of it and it was incredible!

Qin: WHOA!

Lola: Wow that is amazing!

Me: It's our new hover Mortal Engine.

Nico: This is absolutely incredible!

Me: I'll tell you how it works as we go to the world of Mortal Engines.

Nico: Cool! Lets head out.

Suddenly, Lincoln's deep sapphire blue eyes and the rainbow colored iris of Lincoln's Third Eye glowed even more, as he sensed a dark energy signal with his eyes and the Force, and he saw who the figure was: it was none other than Mean Pinkie Pie, The Element of Insanity, and she's really furious that Diaboromon, Aragon, and Magnanimous have been put down and they failed to destroy us, and now, she's heading here to destroy us all and get her revenge. When we saw it, we knew it meant trouble.

Nico: Uh oh, I know those glowing eyes from anywhere. Lincoln, is Mean Pinkie on the move?

Lincoln: You guessed it, Nico, and that insane pony is really furious that Diaboromon, Aragon, and Magnanimous have been put down and they failed to destroy us, and now, she's heading here to destroy us all and get her revenge.

Nico: Why, that insane party pooper.

Pinkie Pie: So, that insane party-pooping knock off is finally on the move. Perfect, we're going to take her down for good.

Nico: You said it, Pinkie, and we're going to like this mission. Lincoln, remember when you destroyed Thaddeus Valentine in the world of Mortal Engines on your rescue last year?

Lincoln: Uh oh, don't tell me that Thaddeus Valentine's back.

Nico: Yep, he's back from the dead, and he's pissed off at you big time for ruining his reign of terror last year.

Lincoln: I should've known.

Sun Shang Xiang: The world of Mortal Engines, hey, that's where we found Ina and our friends from Japan on Lincoln's rescue last year.

Me: You guessed it, Shang Xiang, and that's where we're finally going to put an end to that monster's reign of terror once and for all.

Laura Diane Pyenington: Along with Evil Pinkie.

Nico: You got that right, Laura. Alright, gang, let's go help Hester Shaw put an end to Thaddeus Valentine for good.

Lincoln: You and I have some unfinished business to take care of, Thaddeus Valentine, and Mean Pinkie, don't think you're getting out of this later on today. Both of you are looking at a one-way trip to The Black Gates for good.

I drove the giant mortal engine through a portal and we were off.

## APOCALYPTIC WORLD OF MORTAL ENGINES - 3119 A.D.

Green Ranger: We're heading to New York, right?

Me: Nope. We're going to the future. We're going to the year 3119 A.D.

Nico: Wow! How did you built this J.D.

Me: It took a really long time.

I told everyone that I got the idea for it after we went to the world of Mortal Engines on Lincoln's Rescue the first time and decided to up the ante by turning all of Gotham Royal York into a ginormous and huge mortal engine city that doesn't use traction and uses a hovercraft style form of transportation. And it uses a good version of a dark orb that I found called a Light Orb. It's as big as a house and it's invincible and indestructible. And like the London it's equipped with a powerful superlaser cannon and it's more powerful than the MEDUSA.

Nico: WHOA! That is incredible!

Varie: Wow! You have been busy!

Evil Green Ranger: This is so awesome J.D.!

M.J.: Yeah!

We arrived.

Me: Here we are guys.

Nico: My god.

We saw the world completely ravaged and ruined. No major cities. It was all a ruined world.

Nico: What the hell happened here?

Me: Nuclear Holocaust. War between America and China.

Leslie Gesneria: It's worse then we thought. Much worse!

Finn: It's like what happened with the Great Mushroom War that made the land of Ooo.

Nico: Yeah. Except the humans haven't gone extinct.

Laney: This is a nightmare.

Qin: I can't believe all this happened.

Nico: No shit. We got to find Hester.

Me: I think she found us!

We saw Hester and Tom being chased by war planes and they were blasting at her.

Me: Watch this guys.

I pressed some buttons and laser cannons popped out of the tree and the plant Empire State Building and I fired at the war planes and blasted them out of the sky.

Nico: WHOA!

Laney: That was awesome!

Me: Yep. Lets get Hester and Tom inside.

Eli: Right.

They went to the docking bay and signaled for Hester and Tom to land inside and they did so and came in.

Nico: Thank goodness you're safe.

Hester Shaw: Thanks you guys.

Tom Natsworthy: We owe you guys.

Nico: No problem.

Hester Shaw: Wow you're Nico Chan and you're all Team Loud Phoenix Storm!

Eli: That's right.

Tom Natsworthy: Wow it's an honor.

Nico: We'll explain on the bridge.

They went to the bridge.

Jimbo: This place is a Hellhole!

Dolph: You said it!

Me: No kidding.

Hester Shaw: It's an honor to meet you all Team Loud Phoenix Storm.

Me: You too Hester.

Qin: We are honored to meet you.

Hester Shaw: How did you guys build a massive mortal engine like this one?

Me: It was my doing actually. This whole place is Gotham Royal York. It's a fortress.

Qin: Yep.

Hester showed her face and her scar was very potent.

Varie: Yikes.

Me: Boy that scar is deep.

Hester Shaw: I know.

Eli: Boy Valentine sure left his mark on you bad.

Hester Shaw: Because he killed my mother.

Xenia: That monster.

Blade Man: Only we can leave marks on people!

Kearney: That scar looks bad.

Hester Shaw: I know.

Me: You aren't the only one.

I showed my scar.

Me: I got this from a Yautja Attack.

Laney showed her scar on her neck.

Laney: I accidentally slashed my neck while I was doing a juggling trick with mom's plates.

Hailey Timaeus: Lisa slashed my eye out as I was defending Lincoln.

Brittney: I have something to show you.

Brittney revealed her scar on her right elbow and it was a really bad burn scar.

Brittney: I got this while I was on a volcano planet and I got burned by lava.

Nico: Yikes!

Ben: I got a scar on my body in the shape of New Jersey

Pied Piper: Okay, that's too much information!

Me: Ouch.

Qin: Yeah.

Me: Lets talk about something else though. But Hester we think you're an awesome leader of rebels against Valentine.

Hester Shaw: You really think so?

Katniss: We sure do. I too am the leader of a group of Rebels myself. You have what it takes to be a great leader too.

Hester Shaw: Thank you so much.

Me: And Hester you have our condolences on what happened to your mother. That's why we're here. We're going to help you kill Valentine.

Hester Shaw: Thank you guys.

Me: You're welcome.

We drove on.

Nebula: My former father Thanos would be happy to see this world.

Me: He sure would. Thank goodness he is dead.

Nico: Yeah.

Me: Our goal is to find the London.

Qin: It's gonna be heavily fortified though.

Yondu: But we're ready for it.

Me: Yep.

Kaos: Does it have guards?

Hester Shaw: Hundreds of them.

Me: We're going to be in for one helluva fight. But there's lots of us too.

Qin: Yeah.

Me: Nico while we're searching for the London you can learn more about the Gotham Royal York in the new manual I put together for it. It's in that compartment underneath your feet.

Nico looked and saw a big book and then he pulled it out and it was a huge 3000 page thick manual and he got to reading!

Nico: Whoa this is awesome. I'll get to reading it.

Nico did so and learned about it all over and Gotham Royal York was equipped with everything.

Retrax: What did you just read, boss?

Nico: The entire manual for the entire Mortal Engine of Gotham Royal York. It's equipped with so much.

It was equipped with lasers, guns, force fields, superlaser cannons, homes, advanced technology and more.

Qin: Wow that is awesome.

Hester Shaw: You guys came fully prepared.

Tom Natsworthy: But it's good you guys have come prepared for all this.

Me: That's one of our most important rules is be prepared.

Dr. Viktor: Does it have a cloaking device too?

Nico: It sure does.

Me: Yep.

Qin: Cool.

Camie: The London won't see us coming.

Me: Yep and it can fire even while cloaked.

Qin: Wicked.

Laney: It sure is.

Lucy Loud: Perfect for sneak attacks.

Leanbow: If we run into anymore people, they're welcome.

Hester Shaw: So far we haven't met anyone else.

Me: So it's just you and Tom?

Hester Shaw: Yes.

Me: You have us too.

Qin: Yeah.

Nico: We should be getting close to the London.

Mr. Fizz: Anyone want soda on the way?

Nico: Sure!

Me: Good thing we got cup holders in here.

I got some soda and Drank it.

Qin: (Slurp) Delicious.

Nico: Yep.

Lisa Loud was watching the radar for anything.

Chef Pepperjack: I even made food for the road.

Nico: Great!

We had Chef Pepperjack made spicy burgers for us and they were tasty.

Qin: Yummy.

Laney: Delicious.

Lana: Yeah.

Lisa Loud: I have a radar signature.

Eli: Is it the London?

Lisa Loud: Affirmative.

Me: We're getting close.

Nico: Here we go.

Me: Cloak engaged.

I engaged the cloaking device.

Technus: (smirks) I, Technus, will go into their security!

Nico: Go for it.

He went invisible and disabled the security.

Beast Wars Inferno: Time for these guards to burn!

Me: Yep. Lets see how they like this.

I pressed some buttons and fired proton torpedoes and blew the guards all over and blasted them with lasers.

Nico: Yeah!

Me: Watch this.

I then fired a tractor beam and pulled the Mortal Engine into our base and with that we went down and then got ready.

Nico: Very clever. Lets go. Prepare for battle!

We went down and faced all of the Mortal Engine of London and we went in and slashed and neutralized all the guards and burned them all over.

Valentine was infuriated that his plans were stopped. But then the spirits of the worlds of the Apocalypse appeared and swirled around him and then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted off above him and a phoenix cry was heard and we came out.

Me: Thaddeus Valentine, you will pay for everything you did!

Qin: Yeah!

Jack O Lantern: Trick or treat, motherfucker!

He threw a pumpkin and it hit him and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!

Hester used the smoke as a cover and then slashed Valentine in the face!

Hester Shaw: That was for my mother!

Nico: You are a monster Valentine!

Eli: You make me Sick!

Ember McLain: Now would be a good time for a Grand Zi O Ridewatch!

Derpy Hooves: I have a feeling it will be a good one.

Then a white light appeared and it landed in Derpy's hands and then revealed itself. It was a Grand Zi-O Ridewatch for Kamen Rider Revice!

Derpy Hooves: Whoa! The Revice Grand Zi-O Ridewatch Now it's my turn!

She activated it!

Derpy Hooves: HENSHIN!

She transformed and the spirits of the Kamen Rider Revice team appeared and she donned really awesome Revice Armor with all the powers of the Revice Team in it. She had became KAMEN RIDER GRAND REVICE ZI-O!

Rainbow Dash: That is Awesome!

Derpy Hooves: This is so awesome and cool!

Qin: Yeah it sure is!

Arbormon: Derpy, try and use a Vistamp.

Derpy Hooves: Here we go.

She used the Vistamp for Cheese Monster and fired waves of cheese and drenched some of the guards in cheese sauce and Nico licked them all over.

Nico: Yummy.

Me: If only we had some bags of chips to go with it.

Derpy then used a Vistamp for Wimpy's archenemy the Evil Burger and she fired waves of burgers and blasted down more guards!

Nico: Awesome!

Dark Spicer turned into Rock Eat.

Rock Eat: (to Valentine) Here's your warning: Your Ass is about to be kicked!

Valentine: Try me!

He ate some rocks given to him by Tara and the fired laser blasts and blasted Valentine all over.

Qin: Take that!

Homer: WHY YOU LITTLE!

He then strangled Valentine all over.

Then Whiplash, Drakkon, Vulture, Robo Blaze, Whiger, Griffin, Beetle, Brain Freezer, Mercurymon, and Villamax appeared.

Nico: Whiplash, Drakkon, Vulture, Robo Blaze, Whiger, Griffin, Beetle, Brain Freezer, Mercurymon, and Villamax.

Whiplash: Boy, this whole planet went to hell, didn't it?

Maria: That's putting it mildly.

Drakkon: After Valentine's finished, the survivors should come to our world.

Vulture: They deserve better lives.

Mr: Good idea.

Robo Blaze: (to Nico) Heard you offed Diaboromon.

Nico: We sure did.

Whiger: He was that tough, wasn't he?

Me: Yes he was.

Qin: Ugly too.

Laney: Yeah.

Turkey Jerk then appeared for another round.

Me: Turkey Jerk. Here for another round I see. You sure are a glutton for punishment.

Turkey Jerk: Yeah I sure am.

Turkey Jerk: There's also the fact that Thanksgiving isn't THAT far away.

Me: No it sure isn't. 3 more months to go.

Qin: Yeah.

Lola: Awesome.

Princess Celestia: She sure is. And she broke Lynn and Chandler's arms and legs.

King Solar: You're not kidding there.

Amber Morning: It was intense.

---

Akako Moerutora: (Japanese Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Akako, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Akako Moerutora: (Japanese Accent) That's incredible.

Nico: It sure is. So, Akako, what's the story on why you hated Lynn with a burning passion, along with Chandler?

Akako Moerutora: (Japanese Accent) You're not going to like it one bit. One day, Lincoln and I were heading to the hot springs that only we knew about, but then, I heard the sound of thundering feet along with the smell of unwashed gym clothes, and there's only one people who matched that very descriptions: it was Lynn, and that pig wanted to kill Lincoln again. I wasn't going to let that pig get away with it, so I pounced on her and pulverized her. But, then, I realized she wasn't alone, she also had help from Chandler, who tried to rush at Lincoln and stab him with a knife, but Lincoln grabbed Chandler by the arm and gripped it so tight, it caused Chandler to drop his knife, and then, Lincoln delivered a hard kick to Chandler's head and sent him flying into a tree and he was knocked down, and it pissed Lynn off badly, but then, they got back and up and before they tried again to kill us, I outright wrecked them and broke both their arms and legs, broke their teeth, and broke their noses badly it caused them to bleed. Lincoln tied them up in ropes made of light, and after he called Lori and told her what Lynn and Chandler tried to do, she came over and dragged Lynn's butt home to face judgement, and as for Chandler, he was dragged off to jail again when the cops also came.

We gasped in shock.

Nico: Jeez, Lynn made another alliance with Chandler to kill you again, Lincoln?!

Lincoln: Yep, and to show how grateful I was to Akako, I gave her a massive bouquet of flowers while we were at the hot springs and I kissed her on the lips.

Me: That was awesome and romantic. So, what happened with Lynn and Chandler?

Luna: After Lori came back and told us what Lynn and Chandler tried to do to Lincoln, I was so mad at that stubborn moron, I so wanted to smash my cymbals in her ears, but Akako already did some major damage by breaking Lynn's arms, legs, teeth, and nose. We eventually dragged her butt off to the hospital and she was also grounded for six months, and Chandler got put in jail for seven months for that.

Eli: That'll teach her.

Nico: You said it, and Luna, I'm surprised you called Lynn a stubborn moron after Lori dragged her in the house. Usually, Lynn would've broken your arms and legs for calling her that.

Luna: Ever since I wasn't going to be manipulated by Lori, Lynn, Lola, Lisa, and Luan ever again, I've stood my ground against them, and I went that far as to throw some insults at them, which really got them steaming mad. But, I warned them, if they cross just one more line and try to hurt Lincoln and all those close to him, I'm going to give them the biggest headache of their lives.

Me: Yeah, and she meant it big time.

Nico: Yikes, you're threatening to break the sound barrier if they so much as one more line and try to hurt Lincoln and all those close to him?! You sure have earned your role as Lincoln's Guardian.

Pinkie Pie: I should've known there's no mistaking that voice from anywhere. You can come out now, Mean Pinkie.

A figure was really heading straight for us with rage in her eyes, but Pinkie Pie kicked the figure away, and we saw who the figure was: it was none other than Mean Pinkie Pie.

Pinkie Pie: You! I should've known you'd show up here!

Mean Pinkie Pie: You all have ruined everything, I could've finally gotten rid of all of you, but no, those idiots were far too weak to do anything! Must I do everything myself?!

Mean Pinkie went charging at us again, but Lincoln grabbed her by the neck and he tossed her into a nearby lamp post with his immense and brute superhuman strength. She got out, but she was really mad.

Pinkie Pie: Uh oh, looks like you've made her really mad now, Linky.

Mean Pinkie went after us again, but she was shield bashed in the head by Laura Diane Pyenington who had her Elemental Shield of Harmony.

Mean Pinkie: Hey, who do you think you are to get in my way?!

Laura Diane Pyenington: Someone who refuses to stand here and let you hurt my friends, you insane lunatic. (Pink and blue energy aura flares up) I am Laura Diane Pyenington, the Champion of Pinkie Pie, The Alicorn Princess of Laughter and one of the 27 girls chosen by The Elements of Harmony to be The Champion of Laughter.

This horrified Mean Pinkie badly.

Mean Pinkie: Impossible, The Champions of Harmony have returned?!

Suddenly, Laura Diane Pyenington's light blue eyes turned neon light blue and she was surrounded by a pink and blue energy aura with confetti, balloons, magic, and Alicorns, she unholstered her Sword of The Champion of Harmony, and as she approached Mean Pinkie, she left pink and blue energy, confetti, balloons, magic, and Alicorns with every step.

Laura Diane Pyenington: Mean Pinkie, I will never forgive you for the crimes that you've committed against Equestria in the name of that bug, Queen Chrysalis, and for trying to ruin Pinkie Pie's name. You are nothing more than an Element of Insanity, and I will see to it that you receive the ultimate punishment for your crimes: death!

Suddenly, Laura Diane Pyenington was surrounded by a massive vortex of pink and blue with confetti, balloons, and magic surrounding it, there's an Alicorn flying around the vortex, and inside the vortex is a light blue phoenix. Then, as the vortex faded, Laura Diane Pyenington emerged, but she was changed forever.

Pinkie Pie: Wow, that was incredible, you sent Mean Pinkie flying, Laura.

Laura Diane Pyenington: (Divine Echoing Cosmic Voice of The Hilarious Alicorn and Divine Laughter Love) **Thanks, Pinkie, and now, it's your turn.**

Pinkie Pie: Oh, right.

Suddenly, Pinkie Pie's light blue eyes turned neon light blue and she was surrounded by a pink energy aura with confetti, balloons, magic, and Alicorns, she unholstered her massive Pinkie Pie's Alicorn Sword of Magical Laughter and Tech Justice, and as she approached Mean Pinkie Pie, she left behind pink energy, balloons, confetti, magic, and Alicorns with every step.

Pinkie Pie has transformed into SUPER ANGEL-ALICORN ETERNITY INFINITY HILARITY TECH ALICORN ANGEL OF DIVINE LAUGHTER TECH JUSTICE AND DIVINE LAUGHTER LOVE!

We were amazed by Pinkie Pie's Super Angel-Alicorn Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Mean Pinkie saw it, she fell into a rage again and she tried to kill her, but Pinkie Pie dodged her and she fired a powerful pink and blue energy blast with confetti, balloons, magic, and Alicorns, and it hit her and sent her flying into another wall, and it really pissed her off now.

Nico: Wow, now Pinkie Pie's transformed, so awesome!

Me: And she sent Mean Pinkie Pie crashing into another wall, brutal.

Pinkie Pie: (Divine Echoing Cosmic Voice of The Hilarious Alicorn and Divine Laughter Tech Love) **She's going to be in even more**

**pain for everything she's done. Linky, you ready?**

Lincoln: Ready, my Alicorn Princess of Laughter.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Pinkie Pie and Laura Diane Pyenington.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time for you to pay for everything that you've done, Mean Pinkie Pie, and you're not getting a single shred of mercy from us whatsoever!**

Me: Yeah, let that insane party-pooper have it, guys.

Nico: Make her suffer for what she's done, guys.

Laura Diane Pyenington, Pinkie Pie, and Lincoln went after Mean Pinkie, and they fired powerful blasts of rainbow energy, pink and blue energy, confetti, balloons, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, rainbow lighting, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at Mean Pinkie Pie, and they exploded with incredible power as they hit her, and she was being burned badly by The Magic of Friendship. Then, they attacked her with their massive greatswords and they left painful scars on her, and because of the purity of the attacks, it burned her badly, and the wounds she suffered would never heal. Then, Lincoln binds her with a binding circle so she couldn't escape, and Lincoln grabbed her by the neck and he sucked out and absorbed all of her hatred and powers and he and the rest of us made them our own, and when Lincoln was done, Mean Pinkie Pie was weakened to such a degree she couldn't even stand.

This allowed Laura Diane Pyenington, Pinkie Pie, and Lincoln to finish Mean Pinkie Pie off by firing powerful energy beams and they overwhelmed Mean Pinkie Pie and they exploded with incredible power, killing her for good. We cheered wildly for what Laura Diane Pyenington, Pinkie Pie, and Lincoln did to Mean Pinkie Pie as they holster their massive greatswords on their backs and power down, and the new bodies, clothes, weapons, jewelry, and massive angel wings of Laura Diane Pyenington and Pinkie Pie are permanent.

Then, as Mean Pinkie Pie's spirit appeared, the cutie marks of The Mane 9 on the massive Celtic Cross cutie mark tattoo on Lincoln's wider and more muscular back glowed, along with the cutie marks of The Mane 12 and the Elements of Harmony on my massive greatsword, and Mean Pinkie Pie's spirit was surrounded by a magic circle with the cutie marks of The Mane 12 that formed on the ground, and she was chained up by chains of magic and rainbow energy, and the energy images of The Mane 12 appeared from the cutie marks on the circle, and they found her guilty of her crimes, and the energy images of The Mane 12 aimed their horns at Mean Pinkie Pie and Lincoln aimed his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds at Mean Pinkie Pie.

Lincoln: Mean Pinkie Pie, for the crimes that you've committed against Equestria and all ponies, you have been found guilty, and the punishment for your crimes is death.

This horrified Mean Pinkie Pie, as she soon saw her days of havoc and chaos are about to end.

Lincoln: MANE 12 HARMONIOUS CUTIE MARK FINAL JUDGEMENT!

Lincoln fires a very powerful barrage of rainbow energy beams with Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, rainbow super lightning, Vampires, Buffalo, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels from his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds and the energy images of The Mane 12 fired colored magic energy beams from their horns, and as they hit

Mean Pinkie Pie's spirit, they exploded with incredible power and her spirit was condemned to The Black Gates, and her spirit was erased from existence by the spirits of those she's hurt.

Laura Diane Pyenington: Aw yeah, Mean Pinkie Pie, you have failed all of Equestria!

Pinkie Pie: She's had it coming for a very long time. Thanks for helping us get rid of Mean Pinkie Pie, Linky.

Lincoln: (Smiles Warmly) You're welcome, Pinkie.

Suddenly, Pinkie Pie wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Pinkie Pie's face, they kissed passionately as Pinkie Pie's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Alicorn, and Angel flying in the air, and a herd of Buffalo running across the field, along with elemental forces and balloons and confetti in the air behind them and we cheered wildly.

Little Cheese: Alright, way to go, Mom and Dad.

Nico: Alright, that's the sixth member of The Doomsday 23 put down for good, and only 16 more to go.

Lincoln: Which means, the next member of The Doomsday 23 to take down tomorrow is the demon that tormented Sunset Shimmer thanks to Grogar's dark magic, Demon Shimmer.

Sunset Shimmer: She's been asking for this for a very long time, she twisted me and turned me into a power-hungry, sadistic monster and turned me against my friend, and Grogar is also to blame for it as well.

Tarra Taiyou: She doesn't deserve to be forgiven for what she's done to Sunset Shimmer. Tomorrow, The Fires of Forgiveness will extinguish The Demon Sun of Equestria for good.

Sunset Shimmer and Lincoln: Yeah!

Me: Zarya and I had seen what that demon is capable of ever since The Ridonculous Race we had last year when The Midnight 13 showed up.

Lincoln: But, we stopped her last year in The Maldives and when The April 12th War came, we put an end to her for good.

Sunset Shimmer: And tomorrow, we'll make sure that demon pays with her life once and for all, and she will pay for everything she's done.

Nico: You said it, Sunset.

Griffin: On one hand, Valentine's done for.

Beetle: But on the other hand, the damage to this world has already been done.

Brain Freezer: But still, it's not all bad.

Mercurymon: Hester has her mom back.

Villamax: And the survivors will find a new home on our world.

Me: After we find them.

Qin: Yeah.

Nico: Lets get searching then. And J.D. your new Gotham Royal York Mortal Engine is really awesome!

Lola: I'll say!

Qin: Boy this is so awesome that you made this.

Me: Thanks. But this is just the beginning of my biggest plan soon to come. Oh Nico?

I beckoned him and whispered in his ear.

Me: (Whispers) We need to have a meeting in the briefing room for Vince's birthday tomorrow.

Nico: Oh. (Winks at me) Lets go find the survivors. But great job today everyone. But lets find the survivors.

We went to find them.

We went all over the Apocalyptic World and found Survivors all over. But we found hundreds of millions of people. They were given a new home in our Earth and we put our Mortal Engine back. We had the city back where it was.

Me: This was so awesome.

Hester Shaw: It sure was! Thank you all so much for helping us.

Me: Anytime Hester.

Nico: This was so awesome.

Starlight Glimmer: It sure was. (To the viewers) Mortal Engines was a great story and it was an amazing movie too. Hope you all liked this one.

Nico: I know we did. But great job everyone. Lets get ready for bed.

We enjoyed the rest of the day and went to sleep.

THE END.

It was Rosa who taught Lincoln how to wield swords efficiently while Lincoln taught Rosa how to use Chakra, and he discovered that She has Earth, Fire, and Lightning Chakra Natures. She also would protect Lincoln from bullies, especially Chandler and his goons. In fact, when she was done with them, they were left with broken teeth, broken noses and broken arms and legs. To show thanks to Rosa, Lincoln kissed Rosa on the lips during their one of their training sessions. She's also the cousin of Tyris Flare, and she hates chandler with a blazing passion. Tomorrow is Vince's Birthday and Wedding Anniversary so we're going to make this chapter as an awesome birthday present for him. It's going to be for Hiyao Miyazaki's movie Howl's Moving Castle and we're going to stop a war that was caused for a stupid reason.

See you all tomorrow.

In the briefing room I had Carol, Vypra, Dark, Nico, Pinkie Pie and Cheese Sandwich with us.

Me: Thank you all for coming guys. I know it's late but I wanted to get this meeting done before we hit the hay. Tomorrow is Vince's birthday and Carol's Wedding Anniversary or Wedding-Birthiversary as I like to call it and we need to give them the best birthday wedding party ever.

Vypra: Oh wow! I'm so happy for them.

Dark Spicer: Yeah me too.

Nico: We all are.

Me: Okay here's what we need to do. While Pinkie Pie and Cheese gets everything all set up Carol will get Vince out of the city on a mission while we get everything set up. Manaphy and Horsea will help out too.

Carol: You can count on me J.D.

Me: Awesome.

Pinkie Pie: And I'll make a shadow clone to go with you guys on the rescue tomorrow.

Me: Awesome.

Vypra: Cool!

Nico: Yep.

Me: Okay so you guys know what to do. Lets get some sleep. This meeting is adjourned.

BANGS GAVAL

We went to bed.

Myotismon and Poromon, the Digidestined and Poliwag were with us too.

Me: Nico are you sure you want to do this? I know that the Digimon Emperor has caused you so much trouble but are you sure you want to do this?

Nico: I know and I'm ready. After what MaloMyotismon has done and caused me nothing but pain and suffering, I'm ready to confront and erase my past for good.

Qin: We're with you all the way Nico.

Myotismon: We're not letting that monster that hurt you get away with it.

Laney: Yeah!

Nico: Also I want to get some answers out of Oikawa himself on why he made Ken do what he did and for what reason.

Laney: It's going to be a big battle.

Qin: Yeah.

Me: But we're ready for him.

Nico: Thanks for coming with me, Erza.

Erza: Not a problem Nico. It's gonna be awesome helping you out on your rescue.

Nico: It sure is.

Sakura Valencia: So why does Nico have a bad history with Oikawa?

Me: It's because Nico snapped and he killed Ken Ichijouji and his parents called him a murderer and he was haunted by it for over 10 years because of it.

Kari Kamiya: Yeah it was awful.

T.K.: Nico went through a terrible past.

Laney: Yeah and we have been trying to help him ever since he joined us and the 20 Days of Darkness added fuel to the Fire.

Nico: Yeah.

Erza: This time we're going to nip this problem in the bud before it gets worse and face the source.

Nico: Erza, remember when we met you and the rest of Fairy Tail?

Erza: I sure do and that was so awesome how you guys met us. It was also during the mission we went after McLeach for the first time.

Nico: That's right.

Me: Yeah that was awesome. And we found out Erza that you have just as an identical background as my brother Naruto.

Erza: That's right I sure do.

Lola: Yeah that was awful.

Me: But it's so awesome that you guys go on awesome jobs to help Fairy Tail out. But Earth is so much different than Fiore.

Erza Scarlet: It is. But it still gets the job done with you guys.

Nico: And there was a slight issue with Gray not having clothes on.

Kaito: Men peeping on women I can understand Nicole having an issue with. But why would she take offense to women peeping on men? Unlike women, naked male bodies have nothing interesting to see.

Nicole: You're right on that Kaito but it's women that I have the most to protect. Ever since my incident with someone peeping on me when I was taking a bath I have always been very ferociously diligent in trying to protect the safety of the dignity of women everywhere. It's part of why I hate perverts with a vengeance.

Maria: I feel the same way hence why I always where a one piece swimsuit.

Me: Besides Grey told me himself that he likes to run around in his underwear because it makes him more free and gives him more stuff to do. And that is something that I can relate to with a certain white-haired comic book loving kid that I have known for 6 and a half years. Right Lincoln?

Lincoln: You're right on that J.D.

Gaon: Why are Salem, Poromon, Poliwag, and Myotismon with us here?

Poromon: Because I'm Nico's Digimon partner. And Poliwag is a package deal with me.

Myotismon: And I AM Nico's archenemy. Not to mention that MaloMyotismon IS a hated form of mine.

Salem: And I'm here because Nico needs some support just in case. I am his guardian angel after all.

Me: Those are all good reasons.

Erza: They sure are. I'm glad we have so many supporters with Nico.

Me: Yeah that's true. Also I have Nikiya and BlackWarGreymon coming shortly. They'll be here to help us out.

Qin: Awesome.

Kari: I also have Arbormon coming.

Me: Awesome.

Lola: I wish all of us had Digimon as archenemies too. That will be just as fun.

Me: Yeah.

Juran: What about Manaphy and Horsea?

Maria: They're preparing things for Vince's party.

Me: Carol is keeping Vince busy while we get everything set up. I have them on a special mission to stop a terrorist organization over in Nigeria.

Nico: Awesome thinking.

Me: Yep and Pinkie Pie made a Shadow Clone to help get the party set up too with Cheese Sandwich.

Nico: Awesome.

Lana: And it's gonna be awesome having Vince's birthday with some awesome bonding time too for Haruto and Elyon as well.

Haruto: I'm really looking forward to that.

Nico: Yep.

Sakura Valencia: But I just can't believe that Oikawa would cause so much trouble for you Nico.

Nico: Yeah and now I'm going to get some answers. It's time for me to know the truth on why Ken was the perfect pawn and why I was poisoned with so much grief and darkness haunting me for so long.

Qin: At least Oikawa doesn't have Arukenimon and Mummymon with him this time.

Nico: Thank goodness.

We then saw the grave of Grandpa Poromon.

Poromon: (sadly) Rest in peace, Grandpa Poromon.

Nico: It'll be all right Poromon.

Qin: Yeah.

Varie: I'm sorry.

Nico: Yeah.

We continued on.

Me: I think they are up ahead.

We saw a man in a purple coat and he had black hair and with him was a lot of children.

Nico: That's them.

Eli: I've got a really bad feeling about this.

Me: Me too.

Nico: Okay here we go.

We went up to them.

Nico: Oikawa!

He saw us.

Oikawa: Well who are you?

Nico: Don't you recognize me? I'm the little boy with the monkey tail that killed your precious Digimon Emperor 13 years ago.

Oikawa gasped!

Oikawa: Nico Chan!? You've really grown!

Nico: That's right.

Juran: To quote Demoman, they're gonna have to glue you back together. In Hell!

Nico: Oikawa we didn't come here to reminisce, I came here to get some answers.

Me: Yeah!

Nico: But first is Ken here.

Ken Ichijouji: Why me!? Why did you have to go and pick me!?

Oikawa: I always knew that you were Digidestined. And I knew that you were the most vulnerable one. Overwhelmed by darkness yourself you were the perfect tool.

Me: His brothers death! That was the catalyst!

Oikawa: That's right.

Eli: You took advantage of his grief and brainwashed him into the merciless tyrant known as the Digimon Emperor!

Ken Ichijouji: But Nico killed me!

Qin: That's right!

Laney: And Another thing, what are the Dark Towers that Ken told us about?

Oikawa: A present from the Dark Ocean to keep the Digidestined Busy. They proved to be quite fortuitous. Now I suppose you want to know their purpose well they were to change the Borders of the Digital World.

Me: They were to disrupt the boundaries between our world and the Digital World!

Izzy: And just what did you hope to accomplish by changing the Borders?

Oikawa: Simple really, because I wanted to weaken the Digital World's Defenses!

Myotismon: But why!?

Oikawa: I could always open a gate to the Digital World but there was one little problem, its defenses always prevented me from entering. So I created Arukenimon and Mummymon by turning my DNA into Data and sent them into the Digital World in my place.

Nico: So that's why they were there.

Oikawa: When I saw them there it only made me wanted to go there more so I used you Ken to build the Control Spires.

Me: And you turned him into the brainwashed tyrant that haunted Nico for over a decade!

Oikawa: Yes. But all the Digidestined and you Nico ruined that plan so I had to come up with another one. If I couldn't alter the barrier between the worlds from inside the Digital World, I'd do it inside the real one and that's when I came up with the idea for the Dark Spores, each of them feeding on the innocence that enables a child to enter the Digital World and converting it to the power I needed to go there myself.

Me: All this just so you could go to the Digital World!?

Nico: How deluded are you!?

Laney: Yeah!

Sakura Valencia: You are crazy!

Oikawa: My only dream, my lifelong goal is almost within my grasp thanks to these deluded children. (Crying) I've waited so long for this!

Sento: We have you surrounded, Oikawa. Give up while you still can.

Oikawa: Oh Hiroki how I wish you could have been here with me!

Me: So you were Cody's dads best friend. We already know that.

Nico: Yeah.

But then Oikawa held up his laptop and then Nico fired a beam of energy and destroyed it!

Nico: Sorry but your trip to the Digital World has been cancelled!

Me: Kids don't listen to a word he is saying he is lying to you!

Nico: That's right Oikawa! Or should I say MYOTISMON!

Then Oikawa clutched his head!

Kaito: (gets out GoGoV gear) Get ready!

Zocks: (gets out Timeranger gear) It's time for battle!

Then Oikawa had a ghostly glowing blue form explode out of his mouth and then it formed into a SECOND OIKAWA!? WHAT THE FUCK!

Nico: I'm getting a strong sense of Deja Vu here!

Me: Varie help Oikawa quick!

Varie: Right!

Varie teleported and got him safe.

Myotismon 2: What's the matter are you seeing double? Sorry, Gatomon got your tongue?

Me: It's like looking at himself in the mirror!

Myotismon 2: Oh and by the way about the Dark Spores opening a door between the worlds, they're really just the batteries that will finally allow me to be reborn.

The kids screamed.

Myotismon 2: Please don't worry I won't destroy you yet, I first need to harvest the dark flowers growing inside of you.

Nico: (GOES SUPER SAIYAN) LIKE HELL YOU WILL!

Nico teleported and punched Myotismon 2 down.

Nico: J.D., Lisa get the Dark Spores out of the kids quick!

Me: Right!

Me and Lisa used a Matrix wave and the Dark Spores were expelled from the kids and their eyes reverted back and the Dark Spores were destroyed!

Nico: YEAH!

Myotismon 2: NO!

Nico: I think it's time you revealed your true self buddy!

Myotismon 2: You wretch! I'll make you pay for this!

Then he changed!

Cody: He's changing!

T.K.: But into Myotismon or VenomMyotismon!?

He revealed himself!

MaloMyotismon: Actually you can call me MALOMYOTISMON!

He was now

**MALOMYOTISMON - ULTIMATE HARBINGER OF DIGITAL AND REAL ARMAGEDDON!**

---

A form that he assumed after leaving the body of Yukio Oikawa and absorbing the Dark Spores, the newly reborn MaloMyotismon tests his new powers out by torturing and killing his own minion Arukenimon, followed by the vengeful Mummymon.

Though the DigiDestined are initially too cowed to fight MaloMyotismon, their courage is restored when Davis and ExVeemon attack. However, MaloMyotismon tries to end the fight by subjecting the humans to a Mental Illusion, entrapping each DigiDestined in a personal prison of their desires. Davis, whose desire is to defeat MaloMyotismon, is able to tap into the powers of the dream dimension, freeing his friends and showing them how to simultaneously manifest the different Digivolution forms of their partners at the same time. Eventually the fight moves to the Digital World, where Myotismon uses its darkness to grow larger.

Just as all hope seems lost, DigiDestined from all over the world use the light from their Digivices to empower their Digimon partners in the Digital World, before joining their partners and focusing their

Digivices on MaloMyotismon.

Though he attempts to undo the damage using the Dark Spore children's thoughts of despair, MaloMyotismon ends up losing his physical form when the main DigiDestined are able to help the Dark Spore children overcome their negative emotions and embrace their dreams, allowing them to become DigiDestined with their own partners and Digivices. From there, empowered by the Digivices, Imperialdramon Fighter Mode uses a fully-powered Giga Crusher to completely destroy Myotismon's essence, obliterating him for good.

---

Eli: Oh man!

Me: He's ugly!

Qin: And hideous!

Me: And he is now a Super Ultimate Level Digimon!

Izzy: This is not good!

Kaito and Zocks activated their gears.

Kaito got a V-Lancer and Thermo Blaster and Zocks got a Chrono Saber!

Nico: I've had it with you MaloMyotismon!

Nico then flared up his power to the extreme at Super Saiyan 5 and then he powered up even further!

Nico: This is for making my life hell!

He then powered up incredibly strong and was screaming like a maniac as his power level was rising exponentially! It was incredible!

Me: UNBELIEVABLE!

Nico's power was rising so fast that it was unbelievable and it was caused his aura to turn dark blue and his hair grew longer and dark blue. The ground and all the world was shaking extremely violently and black lightning struck all over and clouds and fire, darkness, water, light, wind and earth was being absorbed into him at an accelerated rate as his power was rising incredibly fast!

Me: IT'S UNREAL!

Laney: How is Nico generating that much power!

Nico then released a massive scream and then in a massive flash of light Nico emerged forever changed! Nico had longer dark blue and black hair and his aura was dark blue and his eyes were blood red and his sclera were pitch black and his power was incredible as black lightning struck and arched all over him! He had become A SUPER SAIYAN 7!

Me: UNBELIEVABLE!

Qin: Nico wow!

Laney: Nico ascended more!

Varie: Incredible!

Me: WHOA! Nico is that you?

Nico: (Deep manly voice) You will pay for everything you have done MaloMyotismon!

May and Nico's future wives had hearts swirling around them and in their eyes!

Nico: Now this is the kind of power you should be afraid of if I were you.

Me: Wow! Nico how do you feel?

Nico: I feel amazing J.D. This form is what I call Super Saiyan 7.

Me: Unbelievable!

Qin: Wow! He bypassed Super Saiyan 6!

Lana: That is amazing!

Eli: Wow!

Twilight Sparkle: That is incredible!

Laney: Wow!

May: Nico you are just incredible!

Reggie Hjorleifsstræti: (Icelandic Accent) You sure are Nico!

Wendy Sapphira: He sure is!

Me: MaloMyotismon pissed off Nico BIG TIME!

Sougo: (gets out W CycloneJokerXtreme Ridewatch) I'll attack with this first!

Armor Time! Kyuukyoku kyokugen W! Xtre~me! Xtreme!

Sougo got WCycloneJokerXtremeArmor.

He was ready!

MaloMyotismon: Fear me!

Nico: I don't think so!

Nico teleported and kicked him in the stomach with devastating force and it was so powerful that it smashed the wind out of MaloMyotismon with intense force!

Nico punched him in the face with incredible power!

MaloMyotismon was badly mangled!

MaloMyotismon: YOU WRETCHED MONSTER!

Nico: Says the pot calling the kettle black!

MaloMyotismon: (Echoing) SCREAMING DARKNESS!

He fired a massive blast of dark energy from his shoulder mouths named Sodom and Gomorrah after the 2 cities in the Book of Genesis that God destroyed in the Bible and Nico deflected them back and smashed him all over the place with incredible force!

Varie: WHOA! Incredible!

Noriko (Digimon): Amazing!

Sougo blasted MaloMyotismon all over the place with incredible power.

Sougo: Geiz, Woz, now that I attacked him with my Armour for the day, it's time to fuse! (gets out Zi O Trinity Ridewatch)

Zi-O! Geiz! Woz! (Right-hand Ridewatch's announcement)! Trinity Time! Mittsu no chikara! Kamen Rider Zi-O! Geiz! Woz! T-rin-i-ty~! Trinity!

Eli: Yeah!

Me: Time for my trump card!

I held up my hands!

Eli: The Spirit Bomb!

Qin: Good idea!

Me: EVERYONE SHARE YOUR ENERGY WITH ME!

Nico: Good idea J.D.!

(GOKU'S SPIRIT BOMB THEME PLAYS)

I formed a Spirit Bomb and energy was pouring into it at an incredible level and the Spirit Bomb was getting massive and huge!

It was getting bigger and bigger and bigger and bigger by the second!

Eli: WHOA!

Nico bashed and pulverized MaloMyotismon all over with incredible power and smashed him into dust with incredible fury!

Me: MaloMyotismon! This is all the energy of every single Digimon and human being here on Earth that has suffered at the hands of evil monsters like you!

MaloMyotismon: THIS CAN'T BE HAPPENING!

Nico: It is!

He kicked him high into the air!

Me: Take this!

MaloMyotismon: No! This can't be happening! Those paltry children can't make me disappear! I won't allow it!

I threw the Spirit Bomb and it enveloped MaloMyotismon and completely obliterated him in an instant and banished him to the Black Gates for all eternity and undid all the damage he has done and saved both worlds from ultimate destruction and the Spirit Bomb went out into space and exploded with incredible power!

**EXTREMELY MASSIVE AND UNFATHOMABLY UNBELIEVABLE EXPLOSION OF INCREDIBLE POWER!**

When the smoke cleared it was finally over!

MALOMYOTISMON, THE TERROR OF THE DIGITAL WORLD AND THE SOURCE OF NICO'S PAIN AND DESPAIR HAD FINALLY BEEN SILENCED FOR ALL ETERNITY! HE WAS BANISHED TO THE BLACK GATES!

Nico powered down.

Nico: At long last.

Geiz: Me and Woz are still staying fused to Sougo for the duration of the rescue.

Nico: But my pain and despair is gone for good. Thank you guys.

Thank you.

Me: You're welcome Nico.

May: But that was so cool.

Noriko (Digimon): That was so awesome and epic!

Qin: Yeah it was!

Lola: Yep.

?: Boy that was so awesome!

A black Psycholeopterran then appeared.

Me: Whoa man! It's a Black Psycholeopterran.

Nico: No it's Another Hypnotick!

Me: A Predator Alien this time! Whoa!

Laney: Swartz did the Predator Aliens too!?

Lana: Wow!

Albedo turned into Negative Hypnotick.

Negative Hypnotick: That's right. I can use Predators too.

Nico: Nice!

Me: But who is our Necrofriggian Predator friend?

Another Hypnotick: (In a girls voice) You know me.

Me: (Gasp) I know that voice. Elise Lenoir Sallenkova.

Another Hypnotick: Yep. Awesome to see you again J.D.

Me: You too.

Nico: You know her?

Me: Yep. Her name is Elise Lenoir Sallenkova and she is from A girl who can turn half ghost after an accident.

Nico: WHOA!

Laney: Just like what happened with Danny Phantom!

Sakura Valencia: That is so awesome and crazy.

Me: Yep. Except there is something different about her uniform when she became like that.

Nico: I have a feeling it's like what happened with Sakura.

Sakura Valencia: I wonder what it is.

Me: You'll see.

Nico: We can grant whatever Swartz promised you.

Another Hypnotick: He promised to make me like Danny Phantom but I knew he was lying from minute one.

Qin: Well you already are half ghost and already have a vast majority of his powers and know so much about them.

Another Hypnotick: That's true.

Me: Sorry we have to fight like this. KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Erza: That is awesome. Now for this! REQUIP!

She enveloped herself in magic and donned her awesome HEAVEN'S WHEEL ARMOR!

Nico: OH YEAH!

Me: Awesome!

Sakura Valencia: I don't have a sword of my own yet.

Erza: Here.

She gave her one of her Heaven's Wheel Swords.

Erza: You can keep that sword.

Sakura Valencia: Thanks Erza!

Nico: Awesome!

Me: Yeah! Lets dance!

Nico: (takes out Ben Ravencroft's Ridewatch) Time for some magic!

Haruto: YEAH!

Me: And I think I'll get in on the fun too.

I used Xigbar's Ring and activated it. I got Xigbar's guns.

Nico activated Ben Ravencroft's Ridewatch.

(QUESTION OF LUST BY DEPECHE MODE PLAYS)

Nico: (SINGING DIVINELY AS STARS SWIRLED AROUND HIM)

Fragile, like a baby in your arms

Be gentle with me, I'd never willingly do you harm

Apologies are all you seem to get from me

But just like a child, you make me smile when you care for me

And you know

It's a question of lust, it's a question of trust

It's a question of not letting what we've built up crumble to dust

It is all of these things and more

That keep us together

Independence is still important for us though

(We realise)

It's easy to make the stupid mistake of letting go

(Do you know what I mean?)

My weaknesses, you know each and every one

(It frightens me)

But I need to drink more than you seem to think before I'm anyone's

And you know

It's a question of lust, it's a question of trust

It's a question of not letting what we've built up crumble to dust

It is all of these things and more

That keep us together

Kiss me goodbye when I'm on my own

But you know that I'd rather be home

It's a question of lust, it's a question of trust

It's a question of not letting what we've built up crumble to dust

It is all of these things and more

That keep us together

It's a question of lust, it's a question of trust

It's a question of not letting what we've built up crumble to dust

It is all of these things and more

That keep us together

It's a question of lust, it's a question of trust

It's a question of not letting what we've built up crumble to dust

It is all of these things and more

That keep us together

It's a question of lust, it's a question of trust

It's a question of not letting what we've built up crumble to dust

It is all of these things and more

That keep us together

Nico fired waves of stars and smashed Another Hypnotick down.

I fired waves of stars and space and blasted Another Hypnotick all over the place.

Qin: Oh yeah!

Sougo: Geiz, Woz, let's show her what Zi O Trinity can do!

Woz: Lets go for it!

They fired waves of energy and blasted Another Hypnotick all over.

Me: YEAH! Varie how is Oikawa doing?

Varie: He'll be all right. But he's going to be in rough shape for a while.

Nico: Poor guy.

Qin: Yeah.

Me: Lets see here. I know!

I activated Angel's ridewatch.

(DREAMS TO DREAM BY SARAH LASKO PLAYS)

Me: (SINGING DIVINELY AS LIGHT SWIRLS AROUND ME)

I lose my way, no one cares

The words I say, no one hears

My life it seems is a world of dreams

Deep in the night, you'll find me

Dream and you're right behind me

Stay, if you will stay

We'll dream the night away

Dreams to dream in the dark of the night

When the world goes wrong

I can still make it right

I can see so far in my dreams

I'll follow my dreams until they come true

There is a star waiting to guide us

Shining inside us when we close our eyes

Come with me, you will see what I mean

There's a world inside no one else ever sees

You will go so far in my dreams

Somewhere in my dreams

Your dreams will come true

Dont let go, if you stay close to me

In my dreams tonight, you will see what I see

Dreams to dream, as near as can be

Inside you and me that always come true

Inside you and me that always come true

I floated into the air and then fired waves of light and blasted Another Hypnotick all over.

Qin: YEAH!

Maria: Let's keep going!

Myotismon: (Echoing) CRIMSON LIGHTNING!

He fired a stream of blood red lightning and blasted Another Hypnotick down.

Qin: YEAH!

Nico: Awesome!

?: Let me get in some action!

A figure flew in and it was an Errant Libitus!

Me: An Errant Libitus!

Errant Libitus: And it looks like I got here just in time.

Nico: Nina Echoton! Wow!

Errant Libitus: Awesome to see you again Nico.

She reverted back and it was a girl with orange hair and orange clothes and no shoes and she had rainbow angel wings.

Nina Echoton: I got this.

She fired a wave of energy and it hit Another Hypnotick and knocked her down and she was back to normal and I got the ridewatch and purified it and I went over to Elise and she was a girl with black hair and green eyes and she was in a black 2 piece bikini and had pitch black angel wings.

I picked her up.

Me: Elise are you okay?

Elise Lenoir Sallenkova: (Groans) What a headache. But I'm okay. Thanks to you guys.

Nico: Oh that's what you meant.

Me: Yeah she was in a bikini when she transformed into half ghost by accident. Like Sakura she is not allowed to wear anything else.

Sakura Valencia: Wow. That is crazy.

Erza: It sure is. But I hope Nicole doesn't kill you.

Nicole: Nah I won't.

Poromon: Not even a jumpsuit?

Me: Nope.

Nina Echoton: But Poromon and Poliwag it's awesome to see you.

Poliwag jumped into her arms.

Poliwag: You too Nina.

Erza: But this was a great adventure.

Nico: It sure was.

Sakura Valencia: Yeah it sure was!

Noriko (Digimon): I thought it was so awesome.

Qin: Yeah.

But then a green Digimon appeared on Elise's belly.

Datirimon: I'm Glad that Yukio is going to be all right.

Me: Oh who are you little one?

Datirimon: I'm Datirimon. I'm Yukio Oikawa's partner Digimon.

Me: Wow. Awesome to meet you. Oikawa is gonna be all right but he'll be in the infirmary for a while.

Elise Lenoir Sallenkova: You are a cute little one.

Qin: Yeah.

Erza: By the way Nina what's your favorite memory of Nico?

Nina Echoton: I have a lot of them but my favorite is when me and Nico pranked a bully by using our plant powers to put poison ivy in her underwear and I put a note on her back telling everyone the full extent of her crimes. She was expelled instantly.

Nico: That was awesome.

Qin: Wow I remember that! That was awesome.

Nina Echoton: It sure was.

Nico and Nina hugged.

Nico: I've really missed you Nina.

Nina Echoton: Me too.

We later went back home.

Aku-Aku, The Quantum Masks, Alternate Tawna, Spyro, Cynder, The Ghostforce, Rayman, The Louds' Scottish Ancestors, The L-ementals, The Demon Slayer Corps, and Ulrich Stern are heading to the world of Golden Axe, and not only is Lincoln going to rescue the six girls here, but we got word that Death Adder has returned from the dead to get revenge on Lincoln for destroying him last year.

Lincoln: Wow, we're here in the world of Golden Axe and I know what we're going to do here, not only am I going to rescue the six girls here, but we got word that Death Adder's returned from the dead to get revenge on me for destroying him last year.

Me: Should've known that tyrant wouldn't stay dead for long, but this time, we'll make sure he never rises again.

Nico: Even after Lincoln Super Hakaied him, I should've guessed Death Adder wouldn't stay dead for much longer.

Suddenly, Lincoln's massive white angel wings turn light orange and the stars and orange and aurora-colored tips remained the same.

Sunset Shimmer: Oh no, if your angel wings turned light orange, this must mean… !

Lincoln: Demon Shimmer was the one who brought him back, and she was also the one who brought MaloMyotismon back from the dead as well, so she can get the Black Spores from him so she can get stronger.

We gasped.

Nico: Why, that power-hungry, sadistic, demonic monster, she's going to pay for this big time!

Lincoln: Big time, Nico, but we stopped that plan dead in its tracks when we sent MaloMyotismon and every last Black Spore to The Black Gates forever. And thanks for joining us, Ulrich.

Ulrich: You're welcome, Lincoln. This is going to be awesome.

?: HEELLLLPPPP!

Suddenly, Lincoln heard the sound of six girls calling for help. With his deep sapphire blue cyborg eyes, rainbow colored iris of his Third Eye, the Force, and his superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the six girls, but they've been cornered by Death Adder and he's going to kill them.

Lincoln: Let's get over there at once, guys, I found the six girls, but they've been cornered by Death Adder and he's going to kill them.

?: (Girl's voice) (Spanish Accent) That heartless, power-hungry, bloodthirsty warlord, let's get him!

Suddenly, we saw the Duel Monster, Crimson Blader, appear before us.

Nico: Whoa, that's the Duel Monster, Crimson Blader, awesome!

Lincoln: And I'd recognize that Spanish accent from anywhere, I knew it was you, Rosa Espada De Fuego, but we'll talk later.

Tyris Flare: He's right, it's time to get rid of Death Adder for good, and I'm finally going to transform.

We rushed on over, and Lincoln fired powerful rainbow energy balls and elemental forces at Death Adder, and that allowed the six girls to get to safety and Lincoln put up an energy field to protect them from Death Adder. When Death Adder saw us, especially Lincoln, he was beyond furious.

Death Adder: Lincoln Loud, you will pay for destroying me!

Lincoln: You deserved to be destroyed last year for the numerous crimes and atrocities that you've committed, Death Adder, and I showed no remorse for what I did to you.

Tyris Flare: That's right, and I've had about enough of you to last an eternity, Death Adder.

Suddenly, Tyris Flare's green eyes turned neon green, and she was surrounded by a red and white energy aura with flames and dragons, she unholstered her Fang of The Great Dragon large sword from her back, and as she approached Death Adder, she left red and white energy, flames, and dragons with every step.

Tyris Flare: I will never forgive you for the crimes and atrocities that you and your followers have committed, Death Adder, your cruel and remorseless crimes against mankind can never be forgiven, and for your crimes, I shall put an end to your miserable life here and now.

Then, Tyris Flare was surrounded by a massive vortex of red and white energy with red-hot flames and dragons surrounding it, there's The Great Dragon flying around the vortex, and inside the vortex was a white phoenix. Then, as the vortex faded, Tyris Flare emerged, but she was changed forever.

Tyris Flare has transformed into SUPER ANGEL ETERNITY INFINITY DRACONIC FIRESTORM AXIRIAN AMAZON ANGEL OF DIVINE DRACONIC FIRESTORM HOPE AND DIVINE FIRESTORM AMAZON LOVE!

We were amazed by Tyris Flare's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Death Adder saw it, he flew into a black rage and he tried to kill her, but Tyris Flare fired a powerful red and white energy blast with red hot flames and dragons and it burned him badly, but he's not out yet.

Nico: Whoa, Tyris Flare's transformed, this is going to be really awesome!

Lincoln: You said it, and Tyris, you look beautiful. How do you feel?

Tyris Flare: (Divine Echoing Cosmic Voice of The Firestorm Amazon and Divine Firestorm Draconic Love) **I feel incredible, Lincoln, and now, shall we take care of Death Adder for good?**

Lincoln: (Smiles) With pleasure, Tyris.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Tyris Flare.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to pay for everything you've done, Death Adder, and this time, don't you dare come back.**

Tyris Flare and Lincoln went after Death Adder, and they fired powerful blasts of rainbow energy, red and white energy, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Panthers, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at Death Adder, and they exploded with incredible power as they hit him. Then, they slashed at him with their massive greatswords leaving painful scars on him, and then, Lincoln sprouted his eleven massive, long white werewolf tails with Cell's stingers, and as he stabs them into Death Adder's arms, chest, stomach, legs, and back, he began absorbing Death Adder's bio-energy and assimilating Death Adder's immense powers and abilities. Then, as soon as Lincoln was done absorbing Death Adder, all that was left of the tyrant were his helmet and clothing. Then, an energy card formed in Lincoln's large left hand with Death Adder's soul inside it and as soon as the kanji appeared on Death Adder's forehead, he was erased by The Black Gates for good, and the same went with his minions. We cheered wildly for what Tyris Flare and Lincoln did as they holster their massive greatswords on their backs and powered down, and Tyris Flare's new body, clothes, weapons, jewelry, and massive red angel wings are permanent.

Tyris Flare: At long last, Death Adder is finally no more and all of Yuria is safe once again. Thank you for helping me destroying Death Adder for good, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Tyris.

Suddenly, Tyris Flare wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Tyris Flare's face, they kissed passionately as Tyris Flare's left arm was still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, Dragon, and Angel flying in the air, and we saw a herd of Buffalo and panthers running across the field, along with elemental forces and flames raging around them, and we cheered wildly and they sucked in and absorbed the flames and they came back to us.

Lincoln: Now, Death Adder is finally dead for good, and this time, he's never coming back from the dead to hurt anyone ever again.

Tyris Flare: Indeed, and now, the land and the people are finally freed from Death Adder's grip and they can finally live in peace.

Lincoln: You said it, Tyris. (To Rosa Espada De Fuego) And it's so good to see you again, Rosa Espada De Fuego.

Rosa Espada De Fuego reverted back to normal, and she's a beautiful girl with long flowing crimson red hair, crimson red eyes, fair skin, she's tall at 6'5" in height, she has the body of a goddess, she has massive beautiful crimson red angel wings, and she reigned in the power of Crimson Blader, and she's dressed in a sleeveless orange midriff top, orange pants, socks, orange shoes, and long sleeveless crimson red trenchcoat with fire and swords on the coattails, and Crimson Blader on the back, and holstered on her back is a large Crimson Blader-themed greatsword with Crimson Blader etched on the 7'0" massive, wide, double-edged crimson red blade, crimson red angel wings for the crossguard, large orange gem embedded in the rainguard, longer black handle, and a large crimson red gem surrounded by angel wings for the pommel.

Rosa Espada De Fuego: (Spanish Accent) You too, Lincoln, it's been a long time.

Lincoln went up to Rosa Espada De Fuego and they hugged, and Rosa Espada De Fuego is very surprised at just how much taller, more handsome, and much more muscular Lincoln's gotten since she last saw him, and she also felt just how strong he's really become, and she had an atomic red blush on her face, and the atomic red blush on her face went even deeper when she saw his vampire fangs and his massive white angel wings with stars on the feathers and orange and aurora-colored tips on the feathers.

Lincoln: It sure has, I haven't seen you when you were thirteen, and as you can see, I really grew a lot since then.

Rosa Espada De Fuego: (Spanish Accent) Whoa, you sure have really grown very big and strong like a tree, Lincoln, you've really grown a lot from the cute 11-year-old little boy into a 17-year-old and permanently 7'5" tall, very handsome, and manly teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and you also have vampire fangs and massive white angel wings, that's amazing.

Nico: Whoa, Lincoln, you know her?

Lincoln: Indeed I do, Nico, this is Rosa Espada De Fuego, she's not only my Guardian Angel from Brazil, but also, my classmate from Gym, she's also an Amazon and capable swordswoman. Her last name, Espada De Fuego means Fire Blade in Spanish. Rosa was the one who taught me how to wield swords efficiently while I taught Rosa how to use Chakra, and I discovered that she has Earth, Fire, and Lightning Chakra Natures. She also would protect me from bullies, especially Chandler and his goons. In fact, when she was done with them, they were left with broken teeth, broken noses and broken arms and legs.

Me: Wow.

Nico: That's really awesome that not only did she teach you how to use swords efficiently, you were also the one who taught her how to use Chakra, and it's awesome that she has Earth, Fire, and Lightning Chakra Natures.

Lincoln: That's right, and to show my thanks to Rosa, I kissed her on the lips during their one of their training sessions.

Me: That's awesome.

Lincoln: And not only does she hate Chandler with a blazing passion, but I found out that she's the cousin of Tyris Flare.

We gasped.

Sunset Shimmer: Wait, the clues that proves that she's Tyris' cousin is that she's an Amazon and a capable swordswoman, wow!

Tyris Flare: That's right, and it's so good to see you again, Cousin.

Rosa Espada De Fuego: (Spanish Accent) You too, Cousin.

Suddenly, an Elemental Thunderbird Necklace of Eternal Love appeared around Rosa Espada De Fuego's neck with crimson red gems on the gold thunderbolt links and crimson red crystal links from her brand-new Crystal Necklace of the Buddha which merged with her Elemental Thunderbird Necklace of Eternal Love, and her new Elemental Thunderbird Choker of Eternal Love appeared on her neck.

Rosa Espada De Fuego: (Spanish Accent)(Surprised) Lincoln, is this…?

Lincoln: Yep, that's an Elemental Thunderbird Necklace of Eternal Love and an Elemental Thunderbird Choker of Eternal Love, which means that just like your cousin, you're part of my harem and one of my many future wives, Rosa.

Rosa Espada De Fuego had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around Rosa Espada De Fuego's waist and Rosa Espada De Fuego wrapped her left arm around Lincoln's thick muscular neck, and he leaned down to her face and he kissed her passionately on the lips, and she also returned it, and we cheered for them. Then, we went up to the six girls, and when Lincoln saw them, he recognized them immediately. The six girls are Flanka Nanoca, Faury Carat, Nene Hampden, Panavia, Rafarew, and Kutanie Reygurett from Tristia of the Deep Blue Sea.

Lincoln: Oh wow, it's Flanka Nanoca, Faury Carat, Nene Hampden, Panavia, Rafarew, and Kutanie Reygurett from Tristia of the Deep Blue Sea.

Nico: Awesome.

Lincoln: Are you girls okay.

Flanka Nanoca: Yes, we're okay, thanks to you.

Then, when Flanka Nanoca and the other five girls saw who it was that saved them from Death Adder,their faces turned atomic red upon seeing the 17-year-old permanently 7'5" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long wild white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead with a Third Eye of the Buddha on his forehead with rainbow iris, rows of straight teeth with vampire fangs, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide left pec and it's surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top is the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, Angel, and Buffalo, and right below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, The Elemental Forces, The Cosmos, and The Universe, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", he has deep sapphire blue eyes, a tattoo of a pepper with fire surrounding it and a kanji that read "Spiciest Man of The Loud House" on his broader and muscular left shoulder, and Mark of Manhood tattoo of a male bodybuilder with a barbell raised above his head and around him are elemental forces and an orange kanji that read, "Lincoln Landon Loud, Strongest, Bravest, Resilient, Courageous, Handsomest, and Manliest Warrior of The Loud Family" on his massive left muscular forearm.

Then, Lincoln made five clones of himself, and he and the five clones went up to the girls, and they hugged their waists in their abnormally massive and powerful muscular arms, and they leaned down and kissed the girls on the lips, which they returned with equally intense passion, as they wrapped their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Flanka Nanoca: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, six Thunderbird Necklaces of Eternal Love appeared on the necks of Flanka Nanoca, Faury Carat, Nene Hampden, Panavia, Rafarew, and Kutanie Reygurett with colored gems on the gold lightning bolts and crystals links from their merged Crystal Necklaces of The Buddha, and they also have on their new Elemental Thunderbird Chokers of Eternal Love on their necks too. We returned to the World Tree Estate and we told everyone what happened, and they were shocked when they found out the villain we went after was Death Adder, who's come back from the dead to get revenge on Lincoln for destroying him last year.

But, when Lincoln showed what he and Tyris Flare, who transformed, did to that barbarian warlord, everyone cheered for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Rosa Espada De Fuego have a lot of catching up to do now that she's back in town, and when Lincoln told everyone that the one who brought Death Adder back from the dead was Demon Shimmer, they were horrified.

Maria: I can't believe Demon Shimmer was the one who brought back Death Adder.

Lincoln: And she's also the one who brought back MaloMyotismon.

Maria: Why, that miserable, little… !

Sunset Shimmer: Don't worry, she'll get her just desserts when we get after her later on today.

After destroying Death Adder and this time for good, we were training intensely in the gym, this time, doing 500,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Rosa Espada De Fuego saw Lincoln working out like crazy, she had an atomic red blush on her face, hearts in her eyes, and her nose was bleeding.

Rosa Espada De Fuego: (Spanish Accent) Whoa, I was right that Lincoln's really grown to be a 17-year-old permanently 7'5" tall, really big, handsome, and really strong man, just look at those abnormally massive and powerful upper and lower body muscles and his eight-pack abs hard at work, and really working out with those 9,500-lb barbells and he's not even getting tired, incredible, and he also got one awesome tan.

Lincoln: Yep, and I've also trained a lot under some very powerful teachers, J.D. and Nico included, Rosa, and I can still defend myself, and in addition to getting stronger, I've also gotten smarter as well.

Rosa Espada De Fuego: (Spanish Accent) That's incredible.

Nico: It sure is. So, Rosa, what's the story on why you hate Chandler with a blazing passion?

Rosa Espada De Fuego: (Spanish Accent) You're not going to like this one bit. One day, Lincoln and I were training with wooden swords at my house, but then, Lincoln caught the stench of sewage in the air, and we then saw who it was that had the stench of sewage: it was Chandler and his goons, and they were here to kill Lincoln again. But, using what he's learned from our training sessions and from what the other Guardian Angels have taught him, he fought back and he knocked down Chandler's goons, and then, all that was left was Chandler, and he was boiling mad, and he ran at Lincoln hoping to kill him. But, Lincoln fought him with the wooden sword and Chandler got bruises all over him, and he got knocked down by Lincoln, but they were now extremely pissed off big time, but then, I jumped in and left them with broken teeth, broken noses, and broken arms and legs. We called the cops and told them everything, and Chandler and his goons were taken to the hospital, and then, straight to jail, and his mom and sister were really mad at him this time. Chandler and his goons got grounded for two months, and then, during our training sessions, Lincoln kissed me on the lips to show his thanks to me.

We cheered wildly for what they did to Chandler and his goons.

Nico: Chandler and his goons should've known better than to mess with someone who's the cousin of Tyris Flare.

Me: Yep, but that bloodthirsty murderous prick, Dark Chandler, refused to give up.

Lincoln: You got that right, J.D., Dark Chandler's a monster who doesn't care about anyone except for himself, and if anyone gets in his way, he'll kill them. He's just like the Evil Sasukes we've killed over the years.

Nico: Yeah, that's true, Linc.

We got a shower afterwards, but then, the alarm sounded and Lincoln checked the computer, and when he checked to see, he saw who it was that sounded the alarm: it was Kurdock, another one of Coop's enemies, but a personal enemy of Jamie, and he's causing havoc.

Jamie (Megas XLR): (Gasps) Oh, not good, it's Kurdock.

Coop (Megas XLR): This means, Jamie didn't defeat him for good, and Kurdock fell into the volcano, but he's emerged and even stronger than ever.

Lincoln: Jamie, don't be discouraged, this time, we're going to destroy him for good.

Jamie (Megas XLR): Thanks, Lincoln. Oh, I should tell you, this beast gets even stronger thanks to volcanic heat.

Nico: So, the only weakness for this beast is water.

Comet: And I have power over water and Lincoln also has water powers, let's get that monster.

Lincoln: Yeah.

We flew out of the World Tree Estate and Lincoln fired powerful rainbow energy balls and elemental forces at Kurdock, and when it saw us, it roared in anger and fury.

Comet: Roar all you want, you monster, you're not getting out of this alive.

Suddenly, Comet's light grey eyes turned neon light grey and she was surrounded by an aqua blue energy aura with hearts, water, ocean waves, and angels, and as she approached Kurdock, she left aqua blue energy, hearts, water, ocean waves, and angels with every step. Suddenly, Comet was surrounded by a massive vortex of aqua blue energy with water and hearts surrounding it, there's an angel flying around the vortex, and in the vortex is an aqua blue phoenix. Then, as the vortex faded, Comet emerged, but she was changed forever.

Comet has transformed into SUPER ANGEL ETERNITY INFINITY

PINK HEART MAELSTROM ANGEL OF DIVINE PINK WATER HEART JUSTICE AND DIVINE WATER HEART ANGEL LOVE!

We were amazed by Comet's Super Angel Eternity Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes, and his nose was bleeding. But, when Kurdock saw it, it roared in rage and tried to attack her, but she fired powerful blue energy blasts with water, hearts, and angels, and as it hits Kurdock, it roared in pain and we saw steam coming off him: and we knew that water was indeed his weakness, but it pissed him off even more.

Nova: Whoa, now Comet's transformed, this is going to be really awesome.

Lincoln: You said it, Nova, and Comet, you look beautiful. How do you feel?

Comet: (Divine Echoing Cosmic Voice of The Maelstrom Heart Angel and Divine Water Heart Love) **I feel incredible, Linky. Now, shall we take care of Kurdock once and for all?**

Lincoln: (Smiles) With pleasure, Comet.

Lincoln unholstered his massive Hinon's Cosmic Storm Greatsword of Universal Hope, Elemental Bravery, and Unbreakable Eternal Bonds from his wider and muscular back, and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Comet.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's cool this hothead down.**

Comet and Lincoln went after Kurdock, and they fired powerful blasts of rainbow energy, aqua blue energy, hearts, Fire, Ice, Water, Wind, Lightning, Earth, Lava, Light, Darkness, Crystals, Wood, Stars, Time, Nature, Gravity, Blood, Magic, Moonlight, rainbow flames, rainbow crystals, Vampires, Buffalo, Panthers, Thunderbirds, Phoenixes, Dragons, Werewolves, Demons, Banshees, Spirits, Zombies, Elemental Angels, Alicorns, and Angels at Magnanimous, and they exploded with incredible power as they hit him. Then, they attacked him with their massive greatswords, leaving tears and scars on him, and they were deep, along with water which was really weakening him, and then, they fired powerful beams of energy, and they exploded with incredible power, killing him. Then, they sent him to The Black Gates forever as his spirit appears. We cheered wildly for what Comet and Lincoln did as they holstered their massive greatswords on their backs and powered down, and Comet's new body, clothes, weapons, jewelry, and massive angel wings are permanent.

Comet: That'll teach that monster. Thanks for helping me take down and destroy Kurdock, Linky.

Lincoln: (Smiles Warmly) You're welcome, Comet.

Suddenly, Comet wrapped her arms around Lincoln's thick muscular neck, as her chest pressed against Lincoln's massive and wide muscular pecs, which'd brought an atomic red blush to Lincoln's face, and he wrapped his abnormally massive and powerful muscular arms around her waist, which took her by surprise and brought an atomic red blush to her face. Then, as Lincoln leaned his face down to Comet's face, they kissed passionately as Comet's left arm is still wrapped around Lincoln's thick muscular neck, but she moved her right arm and her right hand onto Lincoln's massive and wide muscular right pec, and behind them was a Thunderbird, Phoenix, and Angel flying in the air, and we saw a herd of Buffalo across the field, along with elemental forces and waves of water crashing behind them, and we cheered wildly and they sucked in absorbed the water and they came back to us.

Nico: Whoo, that was one awesome fight!

Nova: And now, we're rid of another one of Coop's enemies.

Lincoln: You said it, Nova, and I did find out something: it seems that Demon Shimmer was the one who sent Kurdock here to destroy us.

We gasped in shock.

Me: Why, that miserable, heartless, sadistic demon.

Sunset Shimmer: She's just going to make her death even more painful when we get after her later on today.

Lincoln: And that's what you, Tarra Taiyou, and I are going to do to her, Sunset: make her death even more painful than ever.

Then, Lincoln went up to Sunset Shimmer, and he leaned down and kissed her forehead, which made her blush.

Lincoln: And I swear to you, I'm going to make her pay infinite-fold for what she's forced you to do, and what she turned you into. No one does this to one of my future wives and gets away with it.

This caused Sunset Shimmer's blush to deepen even more and she had a smile on her face.

Sunset Shimmer: Lincoln.

Nico: He's already made a promise to you, Sunset, and he always fulfills his promises.

Me: You got that right, and he's had about enough of Demon Shimmer's evil to last an eternity.

Sunset Shimmer: You're right, and of course, I've got a bit of a reward for Linky when we get through with Demon Shimmer.

We headed back to The World Tree Estate, and we're rid of Kurdock, but we still got Demon Shimmer to deal with later on today, but Tarra Taiyou, Sunset Shimmer, and Lincoln are going to make sure that The Demon Sun of Equestria is extinguished forever for what she's done.

At the park we got everything all set up for Vince's awesome birthday-wedding anniversary. Or Wedding-Birthiversary as it will be called.

Ghost of Abraham Lincoln: Elyon, you and Haruto are up for bonding time.

Ghost of George Washington: And it's Vince's birthday.

Elyon: Awesome! But lets wait till they get here first.

Qin: Good idea. We got everything all set up.

Laney: Awesome.

Lana: Here they come!

Nico: Places people!

We hid.

Carol had Vince's eyes covered with her hands.

Vince: So what's going to happen at the park?

Carol: You'll see honey.

They got into the park and Carol uncovered his eyes.

Then…

All of us: SURPRISE! HAPPY WEDDING-BIRTHIVERSARY VINCE!

Vince: (GASP) Oh my goodness! You guys are so awesome!

Nico: Happy Birthday Vince.

Evelyn Pusateri: Happy birthday and Wedding Anniversary Mom and dad!

Vince: You guys are so awesome! Thank you so much!

Me: Happy 27th Birthday Vince.

Vince: Thanks partner! This is so awesome.

Haruto: And we got lots of party stuff planned.

Qin: Yeah we do!

Vince: Then lets get this party started!

We cheered!

We got to playing awesome party games and Elyon and Haruto were playing Cheese Wheel Roll on a nacho cheese pool!

Nico: YEAH!

Elyon banged a bell on a tower!

DING!

Haruto: Nice one sis!

Elyon: Haruto, you're the best brother ever. And an improvement over my last one.

Haruto: Thanks Elyon. Phobos was a totally honorless and undeserving to be your brother after everything he did.

Elyon: That is an absolute understatement.

We later got to having all sorts of awesome food for the party. We had pizza, cake and Louisiana food and more. The best cake we've had was a white chocolate caramel Amaretto Mint

Cake made by Mary.

It was an awesome 7 decker layer cake. So awesome!

Me: (Eating the cake) Mmm! So delicious!

Nico: This is really good cake!

Vera: You're actually the Harry Potter of all the Kamen Riders.

Haruto: (LAUGHS) That's true and I like that.

Harry Potter: (British Accent) That's very flattering and I like that.

Qin: I do too.

Camie: But this is awesome that Vince had his wedding with Carol on his Birthday too.

Himiko: Yeah it sure is. A Double Whammy Celebration.

Me: It sure is.

Nico: That was so awesome that all that happened.

Eli: It sure is.

We later gave him all sorts of awesome presents.

We gave Vince clothes, weapons, books and so much more.

Manaphy: Do you like your gifts, Vince?

Vince: You bet I do Manaphy! This is so awesome!

Eli: Well it's going to have a lot more fun. I sense a guest coming!

We saw a figure come and it was another Zodiart! I recognized the star pattern on it and it was for Volans the Flying Fish.

Me: The Zodiarts for Volans the Flying Fish, another Southern Hemisphere Constellation.

Volans Zodiarts: (In a girls voice) That's right J.D.

She reverted back and it was another one of my Space Camp friends. It was a girl with aqua blue hair and she had blue shorts, blue shirt and a blue vest and she had the symbol for Volans the Flying Fish on her right arm and the Star Pattern for Volans on her shorts.

Me: Vayra Volans! Awesome to see you again.

Vayra: You too J.D.

Nico: You know her?

Me: I sure do. Me and Vayra went to Space Camp and we studied all about the moons and storms of Saturn. We learned so much about the Polar Vortex on the North Pole of Saturn and even that huge hurricane on the South Pole.

Nico: Wow! I heard a lot about all that. The Cassini Satellite showed us so many awesome pictures of all those.

Me: Yep.

Vayra: Yeah the storms on Saturn are amazing and I heard you guys had that awesome race last year around Saturn.

Me: One of our most unforgettable races.

Vayra: Yeah.

Me: Sorry we have to fight like this but we'll save you from this.

Vayra: I understand.

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

I turned into WOLF MOON 🌙!

Vayra turned into the Volans Zodiarts!

Me: And since it's your birthday and wedding anniversary we'll let you have a shot at her first Vince and Carol.

Carol: Thanks J.D.!

Runabout: Go ahead and start things off!

Vince: You got it! (Activates Yuck's Ridewatch)

(COTTON EYE JOE BY REDNEX PLAYS)

Vince: (SINGING DIVINELY AS CRYSTAL SWIRLS AROUND HIM)

If it hadn't been for Cotton-Eye Joe

I'd been married long time ago

Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
He came to town like a midwinter storm
He rode through the fields, so handsome and strong
His eyes was his tools and his smile was his gun
But all he had come for was having some fun
If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?

If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
He brought disaster wherever he went
The hearts of the girls was to Hell, broken, sent
They all ran away so nobody would know
And left only men 'cause of Cotton-Eye Joe
If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
If it hadn't been for Cotton-Eye Joe
I'd been married long time ago
Where did you come from, where did you go?
Where did you come from, Cotton-Eye Joe?
If it hadn't been for Cotton-Eye Joe
I'd been married long time ago

Where did you come from, where did you go?

Where did you come from, Cotton-Eye Joe?

If it hadn't been for Cotton-Eye Joe

I'd been married long time ago

Where did you come from, where did you go?

Where did you come from, Cotton-Eye Joe?

He danced and fired crystals and blasted Volans Zodiarts all over.

Carol: AWESOME! Now for this one! (Activates Saix's Ridewatch)

She danced and fired waves of moons and blasted down the Volans Zodiarts!

Qin: OH YEAH!

Me: Love that song!

Carl Carlson: That was awesome Carol!

Carol: Thanks.

Maria: You're doing great, Carol!

Carol: Thanks sis!

Volans Zodiarts: Wow! Is Maria really your sister!?

Carol: Not by blood. We have known each other since we were in kindergarten and we have been like sisters since then.

Volans Zodiarts: That is awesome.
